The Board of Directors of Audeo Charter School, Inc. hereby adopts this Independent Study Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School, and Sweetwater Secondary School, all hereafter collectively referred to as “Charter School.” Audeo shall offer independent study to meet the educational needs of pupils enrolled in the Charter School Independent study is an optional educational alternative in which no pupil may be required to participate and is designed to teach knowledge and skills of the core curriculum. The Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully. The following written policies have been adopted by the TCS Board of Directors for implementation at Charter School:

1. For students in all grades and programs offered by the Charter School (K through 12) the maximum length of time that may elapse between the date an assignment is made and the date that assignment is due shall be **20 school days**.
2. The Executive Director or designee shall conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:
  - a. When any student in grades K-12 misses **two or more** assignments during any period of **20 school days**.
  - b. In the event a student’s educational progress falls below satisfactory levels as determined by the Charter School’s Multi-Tiered System of Supports (MTSS), which considers ALL the following indicators:
    - i. The pupil’s achievement and engagement in the independent study program, as indicated by the pupil’s performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
    - ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
    - iii. Learning required concepts, as determined by the supervising teacher.
    - iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

Teachers and certificated staff use MTSS to enhance student comprehension of content by providing remediation strategies. MTSS that focuses on aligning initiatives and resources to address the needs of all students. It is a comprehensive framework that aligns academic, behavioral, and social-emotional learning in a fully integrated system of support for the benefit of all students. MTSS offers the potential to create systematic change through intentional integration of services and supports to quickly identify and meet the needs of all students. The Charter School utilizes a Response to Intervention (RTI2) Model to determine how individual students are responding to strategies, interventions, and supports within the multi-tiered system. In an RTI2 Model, instructional staff identify at-risk students, regularly monitor student learning, provide research-based interventions, and utilize a systematic approach to ensuring academic success for all students. This problem-solving approach continually examines student response and adjusts based on data and a documented feedback system.

A written record of the findings of any evaluation made pursuant to this subdivision shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

3. The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as credible under the A-G admissions criteria.
4. The Charter School has adopted tiered reengagement strategies for the following pupils:
  - a. all pupils who are not generating attendance for more than 10 percent of required minimum instructional time over four continuous weeks of the Charter School's approved instructional calendar;

- b. Notification to parents or guardians of lack of participation within one school day of the recording of a non-attendance day or lack of participation;
- c. A plan for outreach from the Charter School to determine pupil needs including connection with health and social services as necessary. The Charter School

developed trauma informed crisis response systems which are sensitive to the emotional needs of students and family members. A key component of the crisis response system is forging strong school-to-home relationships, centered on trust and two-way communication. Charter School staff, including administrators, teachers, education specialists, counselors, nurses and school psychologists remain connected with students and their families through in-person meetings, home visits, secure texts, emails, video conferences, and phone calls to conduct informal conversations focused on health and social-emotional needs.
