## **AUDEO CHARTER SCHOOL CORPORATION**

### **COLLABORATION AND COORDINATION FOR SELECTING SUCCESSOR CEO POLICY**

Student Success Programs (“SSP”) and Audeo Charter School Corp. (“Audeo”) (herein collectively referred to as the “Organizations”) share a common specific purpose “to support and benefit and carry out the purposes of ... public charter schools ... to provide public education based on the educational and teaching concepts, methods, models, techniques” common to both schools, called the “Altus Model.” SSP and Audeo collaborate and coordinate at a high level to gain economies of scale that best serve their students, further their respective educational goals, provide educational services, and otherwise serve their collective stakeholders. The Organizations share, among other things, personnel, facilities and intellectual property to achieve their common goals. This collaboration and coordination between the Organizations, which is at the core of their success, is facilitated by their shared Chief Executive Officer (“CEO”).

The shared CEO is vital to the synergy of the Organizations, and thus upon the approval of this policy by both SSP and Audeo, it is the position of the SSP and Audeo Boards that SSP and Audeo shall be required to collaborate and coordinate on the hiring of any successor CEO, which should include the interviewing and selecting of a potential candidate. A successor CEO must be approved by *both* Organizations. Such collaboration and coordination align with how the Organizations have previously operated and shall be the way the Organizations continue to operate at a high level.

Any successor CEO will oversee and manage the affairs of both SSP *and* Audeo and take any action necessary to effectuate the Organizations’ charitable purposes, policies, and educational philosophies, including the Altus Model. The Altus Model shapes the philosophies, systems, practices, procedures, and cultures that comprise these Organizations by supporting an innovative approach to personalized education, the professional development of employees, and data-informed change. Such an approach creates sustainable schools and organizations. The Organizations must continue to share the same CEO to properly maintain this unique Model.

## **AUDEO CHARTER SCHOOL CORPORATION**

### **FOCUS ON ACADEMICS AND LEARNING POLICY**

Audeo Charter School II (“Audeo II”), Audeo Charter School III (“Audeo III”), Audeo Valley Charter School (“Audeo Valley”), Grossmont Secondary School (“GSS”), Mirus Secondary School (“Mirus”), and Sweetwater Secondary School (“SSS”) which are operated by Audeo Charter School corporation (“Audeo corp.”), are solely academic in nature. The schools consist of re-directive programs designed for all students seeking a learning approach better suited to their learning style. The development, growth, and expansion of the schools primarily involve the creation of instructional environments. These instructional environments support an individualized and personalized educational template that motivates and engages students. Extracurricular activities, such as sports, proms or other school sponsored dances, yearbooks, class rings, or anything unrelated to academics are not a part of the schools’ operational design.

The schools’ sole focus on academics and devotion to nurturing the intrinsic value and confidence gained by students successfully meeting academic goals that they once thought were beyond their reach, has resulted in notable academic achievements. Such achievements include but are not limited to: exceeding the one-year DASS graduation rates of San Diego County Dashboard Alternative School Status (“DASS”)<sup>1</sup> schools and California DASS schools, outperforming comparable DASS schools in California assessments, maintaining a low one-year dropout rate (below 5%), and increasing student confidence within 90 days of enrollment. The confidence gained by working directly with the schools’ instructional staff, coupled with the support of family and community, leaves students better equipped to make good life decisions as they pursue self-sufficiency, productivity, and positive social relationships, and it is for these reasons that it is the prerogative of the Board to retain the sole focus on academics. Partners of the Audeo corp. schools support this vision and help collaborate to prepare students to better deal with and overcome the personal and social constraints that influence their lives. This model has been sufficiently proven effective and may be replicated.

<sup>1</sup> DASS schools have at least 70% of the school’s total enrollment comprised of unduplicated high-risk groups such as: those who have been expelled, credit deficient, highly transient, homeless, pregnant and/or parenting, have gaps in enrollment, recovered dropouts, and/or those who are habitually truant.

### RESEARCH DEVELOPMENT AND SHARING POLICY

#### Research Development and Sharing Policy

The Charter Schools Act of 1992 created charter schools, in part, to be laboratories for research and development to improve public education. The Legislature provides that charter schools “provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently” to: (1) “improve pupil learning”; (2) “increase learning opportunities for all pupils”; (3) “encourage the use of different and innovative teaching methods”; (4) “create new professional opportunities for teachers”; (5) “provide parents and pupils with expanded choices”; (6) and to “provide vigorous competition within the public school system to stimulate continual improvement in all public schools.” (Ed. Code sec. 47601.)

Research, learning, and sharing are at the core of Altus Schools’ success. Within the life of the Altus community exists a school within the school. The school within a school concept has been a part of Altus Schools’ culture for almost 20 years. The high-level training, study, and research takes place -to improve the systems and processes of all the Altus Schools, to support employees at all levels, to create new and better ways of teaching and learning, and to inform those within the schools and community interested in improving America’s public educational system. The Altus Schools focus on teaching teachers and staff how to grow, improve, and gain mastery in the art of teaching and supporting students. The Audeo Charter School, Inc.’s (“Audeo”) Board believes that the learnings derived from this intricate system of teaching and learning is essential to a future that sustains a highly professional and committed educational organization that is vibrantly connected to Audeo’s vision, mission, and charitable trust.

The Chief Executive Officer (“CEO”) (and if applicable, the CEO Emeritus) is encouraged to engage in the preparations of publications, including, but not limited to, high-level manuals, guides, report, books, or digital media on topics such as those relating to memorializing the organization’s historical development, training and on-boarding of employees, professional development training for work within high performance organizations, leadership, preparation for upward positional mobility, or other topics as determined by the CEO (or CEO Emeritus) as needed for Altus Schools. The Board fully supports the broad work that is necessary to fulfill these goals including data analysis, interviews, travel, and other forms of research. The CEO or CEO

Emeritus (if applicable), and appointed Leadership Staff will annually report upon key projects, research and/or findings relating to educational improvement and reform.

Publications that are of a high caliber and which reinforce the high standards of the Altus Schools may be selected by the CEO (or CEO Emeritus) to be formally printed and disseminated both internally and externally. A guide or manual for example, may be sent out for publication. More sophisticated, deeper writings may require a third party to support this work. The Board strongly approves of this effort and the engagement of third parties for continual improvement of Altus Schools. If the final products merits book binding or publication, the Board authorizes the CEO (or CEO Emeritus if applicable) to publish the product for internal use or external sales naming Audeo as the publisher which allows Audeo to utilize the publication(s) for the use and benefit of Audeo's schools as well other educational organizations.

Publication will be considered to be a means of promoting the Altus Schools by sharing its thinking for the good work of educating students, fostering high-performing organizations, developing and expanding culture and a strong sense of pride in the Altus Schools, and further taking actions to locally and nationally promote charter schools and influence the improvement of public education consistent with the intent of the Charter Schools Act.

## **BACKGROUND**

The California State Board of Education approved a charter for Sweetwater Secondary School on July 13, 2017, after the Charter School’s petition was denied by Sweetwater Union High School District. The Charter School was approved for a five-year term from 2017-2022. The charter term was thereafter extended by two years pursuant to Education Code Section 47604.4.

Sweetwater Secondary School is operated by Audeo Charter School corporation. The Audeo corporation is organized and operated exclusively for educational and charitable purposes to and within the meaning of §501(c)(3) of the Internal Revenue Code.

On April 27, 2023 the Audeo Charter School Corporation approved the resolution to effectuate the Restated Articles of Incorporation to change the corporation name to **Altus Schools Southern California (“Altus Schools”)** and change the names of the charter schools operated by the Corporation (**Appendix F**).

Sweetwater Secondary School is now named **Altus Schools South Bay (“ASSB”, or “Sweetwater Secondary School”, or “Charter School”)**.

ASSB<sup>iii</sup> is an independent study, academic intervention program serving grades 7 through 12. Every ASSB student enjoys the benefits of a custom-built course plan, one-on-one attention from teachers, individualized college and career planning, and a flexible schedule that meets their academic and personal needs. ASSB teachers are committed to partnering with parents to provide a personalized and rigorous academic experience for each student.

ASSB serves a unique student population. Students choose to enroll at ASSB because they have not been successful in the traditional school system or are looking for a personalized educational environment. Approximately 45 percent of ASSB students are credit deficient upon enrollment, about 75 percent are socio-economically disadvantaged, and 95 percent represent a minority student population. Additionally, approximately 25 percent have been identified as Special Education students.

The focus of ASSB is to improve student learning, offer a safe learning environment, and provide high quality faculty and staff to an often times high-risk student population. ASSB students will be offered access to specially trained teachers who are held directly accountable for their students’ progress. This infuses high expectations for each student and helps teachers become partners in the process of transforming the lives of students.

Since 2017, ASSB has been a popular option for families in the Sweetwater Union High School District.

ASSB seeks to create a fluid relationship between its program and SUHSD schools. The re-directive nature of ASSB offers a unique intervention, which provides complementary assessment and instruction centered on assisting students in the completion of instructional objectives. The number of students redirected back to SUHSD schools each year can be found in **Figure 2** above. ASSB has redirected back to SUHSD approximately 190 unduplicated students since 2017.

**Solid Financial Plan**

The five-year period from July 1, 2017, through June 30, 2022, has shown steady growth in Sweetwater Secondary School’s reserve, from \$1,201,921 as of June 30, 2018, to \$4,042,544 as of June 30, 2022. This represents an average contribution to the Charter School’s reserve of \$568,125 per year. Looking forward, the four-year budget prepared by Altus Schools South Bay’s experienced financial team is fiscally sound with very conservative revenue assumptions and a healthy reserve contribution of \$363,568 in FY 2024-25, \$368,736 in FY 2025-26, \$371,068 in FY 2026-27 and \$371,887 in FY 2027-28.

The budgetary and financial results, which reflect its value of using business principles to manage the organization, demonstrate a fiscally sound charter school. It provides the resources to support a highly engaged staff and meet the educational needs of students. The revenues all trend favorably from FY 2017-18 through FY 2021-22. The Charter School maintains financial stability through prudent monitoring of budgeted expenses and forecasted revenues to ensure adequate reserves are built and maintained when closing a fiscal year.

The Charter School prepares cash flow of financial resources with a focus on the annual operating budget and current liabilities. The Board of Directors and Senior Leaders compare the actual revenues and expenditures with the adopted budget three times a year. Tracking costs and resources allows the Charter School to make effective decisions and to ensure fiscal solvency. Altus Schools South Bay develops a budget that supports the goals of the Charter School. When developing the annual budget, factors such as student populations, past years’ experience and trends, need for new services,

expansion and curtailment of existing services, estimated revenues and proposed expenditures, as well as strategic initiatives are considered. The budget is monitored and revised through the fiscal year to ensure that it depicts the financial operations, current obligations and goals are met.

In addition, since the beginning of the operation of the Sweetwater Secondary School in 2017, the operation and financial audits have been consistently clean with no audit findings.

### **ACCOMPLISHMENTS OF THE PRIOR CHARTER TERM**

Some of Sweetwater Secondary School’s accomplishments over the prior charter term include:

- In the last five years, almost 400 Sweetwater Secondary students (the majority not on track to graduate upon enrollment) have completed their high school requirements by receiving a diploma or passing one of the California CDE approved equivalency certificates (General Equivalency Diploma (“GED”), High School Equivalency Test (“HiSET”) or California High School Proficiency Exam (“CHSPE”))

- ASSB has consistently been in good standing with its authorizer and the CDE has determined that ASSB is in compliance with the ASSB charter petition and the MOU between the California State Board of Education and ASSB each year since its establishment in 2017.
- ASSB has consistently Met all Local Indicators on the Dashboard **(Figure 11)**.
- ASSB outperformed comparable DASS schools (schools students may otherwise attend in the district or communities served) in the CAASPP SBA Assessments in English Language Arts/Literacy and Mathematics in both Distance from Standard and proficiency rates **(Figures 3-10)**.
- ASSB exceeds the San Diego County DASS schools average and the state DASS schools average for the Academic Indicators in ELA and Math **(Figures 3-10)**.

- One of the greatest accomplishments for ASSB over the preceding five years has been raising the DASS Graduation Rate for All Students (17.6%), Hispanic students (22.5%), and SED students (16.6%) **(Figure 16)**.

- As a DASS school, Sweetwater Secondary has maintained a low One-Year Dropout Rate below 5.0%. This is an outstanding achievement given that the majority of ASSB students who enroll are behind in credits, not on track to graduate within 4 years, 1-2 grade levels behind in English, and 2-3 grade levels behind in math. **(Figure 17)**.
- Over the last five years, ASSB has exceeded the 84% participation target rate for All Students every year and in 2022 All significant subgroups **(Figure 18)**.
- ASSB continues to provide a safe and supportive learning environment for all the students it serves. ASSB’ educational setting allows students to focus on academics and learn positive behaviors as reflected by ASSB’s nearly 0% suspension and 0% expulsion rates over the last five years **(Figures 19-20)**.
- Over the last five years Sweetwater Secondary students expressed double digit increases in self-confidence after just 90 days of enrollment versus how they felt prior to enrolling. **(Figures 23-24)**.
- Increases in student confidence, as shown in the charts below, apply to their ability and skills to succeed, receiving support from their teacher, prioritizing their education and outlook that their education at ASSB will improve their future.

- ASSB annually surveys its parents and students as one of many ways to gather feedback on their experience at ASSB. Overwhelmingly, ASSB students and parents continue to indicate their satisfaction with ASSB (**Figure 26**).

- In 2022 ASSB achieved a 9.4% Chronic Absenteeism rate. This was 17.8% lower than the San Diego County DASS Schools Average and 46.5% lower than the State DASS average. **(Figure 22)**
- In 2022 ASSB Dashboard result for English Learner Progress was 9% higher than the county DASS average and 9.4% higher than the state DASS average. **(Figure 21)**
- Over the past five years ASSB has maintained stellar Safety Satisfaction rates among students who rated their safety satisfaction at or above 97.5% **(Figure 25)**
- Over the past five years ASSB has maintained stellar Safety Satisfaction rates among parents who rated their safety satisfaction at or above 95% **(Figures 26)**
- In June 2020, ASSBS received a 6-year “Clear” Western Association of Schools and Colleges (“WASC”) term. This is the highest term granted by WASC **(Appendix N)**.
- ASSB has a fully approved set of University of California (“UC”) A-G courses. UC has approved several new and revised GSS courses during the current charter term **(Appendix O)**.
- ASSB has 8 fully developed CTE Career Pathways with 3 more under development which includes the following:

### **JUSTIFICATION FOR RENEWAL AS A DASHBOARD ALTERNATIVE SCHOOL STATUS (DASS) CHARTER SCHOOL**

Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607.2, by Assembly Bill 1505 (2019), at the time of charter renewal, a chartering authority shall consider the performance of the charter school on the state and local indicators reported on the California School Dashboard (“Dashboard”), and, in some circumstances, the performance of the charter school on assessments deemed to be verified data.

In addition to the shift toward assessing Dashboard data, Assembly Bill 1505 also created a three-tiered system of evaluating charter schools’ performance, plus a separate category for Dashboard Alternative School Status schools. Each of the three tiers has unique qualifying criteria.

The three performance categories are as follows:

- High Performing – Presumptive renewal if the charter school meets the established renewal criteria—Education Code Section 47607(c)(2).
- Low Performing – Presumptive non-renewal if the charter school meets the non-renewal criteria, unless the chartering authority makes a finding to approve for a two-year term — Education Code Section 47607.2(a).
- Middle Performing – Renewal unless closure is in the best interest of students, evaluated using the California School Dashboard (the “Dashboard”) and Education Code Section 47607.2(b).

Due to the suspension of the Dashboard in 2020 and 2021 for the COVID-19 pandemic, charter schools cannot be placed into performance categories as contemplated by AB 1505.

The CDE can only display the most current year of data (also known as Status) on the 2022 Dashboard. Therefore, compared to prior Dashboards, the use of colors, or performance levels, using two years of data will not be reported. The 2022 Dashboard will use one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for all state indicators based on the 2021–22 school year data.

The state indicators include the following:

- Chronic Absenteeism: kindergarten through grade eight
- Suspension Rate: K through grade twelve
- English Learner Progress: grades one through twelve
- Graduation Rate: high school only
- College/Career: high school only (Note: The College/Career Indicator will not be reported on the 2022 Dashboard)
- Academic: grades three through eight and grade eleven – English language arts/literacy and Mathematics

***Dashboard Alternative Status School Renewal Criteria***

ASSB has been approved for the Dashboard Alternative School Status (DASS) program and shall comply with all applicable requirements under the state accountability system, including the California School Dashboard. ASSB has been a DASS Active School for the 2018, 2019, 2020, 2021 and 2022 Dashboards. ASSB is currently listed as a DASS Active School by the California Department of Education (**Appendix K**).

The three performance categories described above do not apply to charter schools like ASSB, which have been approved as Dashboard Alternative Status Schools, though the law does require a review of Dashboard data. Rather, according to Education Code Section 47607(c)(7):

In determining whether to grant a charter renewal for such a charter school, the chartering authority shall consider, in addition to the charter school’s performance on the state and local indicators included in the evaluation rubrics adopted pursuant to subdivision (c) of Section 52064.5, the charter school’s performance on alternative metrics applicable to the charter school based on the pupil population served. The chartering authority shall meet with the charter school during the first year of the charter school’s term to mutually agree to discuss alternative metrics to be considered pursuant to this paragraph and shall notify the charter school of the alternative metrics to be used.

The chartering authority may deny a charter renewal pursuant to this paragraph only upon making written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of pupils.

ASSB’s greatest achievements are those of its students. As detailed in the “DASS Charter School Renewal MOU Criteria” below, ASSB has shown increases in pupil academic achievement across several indicators. These metrics include state and local indicators on the Dashboard as well as alternative metrics. Pursuant to Education Code section 47607, in preparation for charter renewals of DASS schools, ASSB collaborated with the Authorizer and developed mutually agreed upon indicators and alternative metrics to be used for renewal criteria (**Appendix L**). These metrics are identified within the “DASS Charter School Renewal MOU Criteria” below. ASSB has demonstrated based on its overall academic achievement outcomes that the school is a high-performing DASS school compared to similar DASS schools in the district and communities it serves. ASSB also exceeds county DASS schools averages as well as the state DASS schools averages for several indicators as demonstrated in the section below.

In accordance with the criteria identified in the ASSB' DASS Renewal MOU addressing results on the CAASPP SBA English Language Arts (ELA) assessments Distance from Standard (DFS) for students enrolled as of CBEDS the schools' target is to either exceed the county DASS schools Average or exceed the state DASS schools' average. ASSB calculates its results against the San Diego County average for DASS schools as well as the State average for DASS schools utilizing the CDE's Dashboard Data Files on the California School Dashboard and System of Support website. ASSB received a -15.2 DFS for all students on the 2022 Dashboard Academic Indicator in ELA. With the three-year gap between the release of the 2019 and 2022 Dashboard this represents ASSB new baseline for status and change which will resume for the 2023 Dashboard. ASSB's 2022 ELA DFS result on the Dashboard was over 75 pts higher than the San Diego County DASS average and almost 100 pts higher than the DASS state average (**Figure 3**). This result also outperforms the other comparable DASS schools serving the same region, such as MAAC Charter, Alta Vista Academy, Palomar High, and Sweetwater Community Day.

The target identified in the Sweetwater Secondary's DASS Renewal MOU Criteria addressing results on the CAASPP SBA Mathematics assessments Distance from Standard (DFS) is for students enrolled as of CBEDS to either exceed the county DASS schools Average or exceed the state DASS schools' average. ASSB calculates its results against the San Diego County average for DASS schools as well as the State average for DASS schools utilizing the CDE's Dashboard Data Files on the California School Dashboard and System of Support website. CAASPP SBA results are published by the CDE on the CAASPP Results website. These results include all students who were enrolled on the first day of testing versus continuously enrolled students accounted for in the Distance from Standard calculations. Students are proficient if they receive a performance level of Standard Met or Standard Exceeded. The target identified in the Sweetwater Secondary’s DASS Renewal MOU addressing results on the CAASPP SBA ELA assessments proficiency results in English Language Arts (ELA) is for students enrolled as of the first day of the school CAASPP window to either exceed the county DASS schools’ Average proficiency in ELA or exceed the state DASS schools’ average proficiency in ELA. ASSB calculates its results for all students and subgroups against the San Diego County and statewide DASS school’s average proficiency rates utilizing the CDE’s CAASPP Research files and the CAASPP Results website.

For the three years with school and county/state data (*unavailable due to COVID for 2019-2020—NO State Testing or 2020-2021 –very limited state testing*) ASSB exceeded both the San Diego County and statewide DASS averages in ELA proficiency % for CAASPP ELA Standard Met each year (**Figure 5**).

ASSB's DASS Renewal MOU also addresses results on the CAASPP SBA ELA and Math for the significant subgroups that ASSB serves. The two significant subgroups on the CA Dashboard for ASSB are Hispanic and Socioeconomically Disadvantaged (SED).

In ELA, the percentages (45%--48%) of Hispanic students who met or exceeded the ELA standard, was more than double the San Diego County DASS percentages for proficiency on ELA each year (**Figure 7**). For SED students, the ASSB percent standard met were between 19% and 29% higher than the San Diego County DASS percentages for proficiency on ELA each year (**Figure 8**). ASSB also overwhelmingly outperforms DASS schools that students may otherwise attend in the in the South Bay community in ELA for all students and for significant student groups.

In Math the percentages (6.77%--16.0%) of Hispanic students who met or exceeded the Math standard, was more than double the San Diego County DASS percentages for proficiency on Math in 2019 and 2022 (**Figure 9**). For SED students, the ASSB percent standard met and higher (5.66% to 14.81%) also more than doubled the San Diego County DASS percentages for proficiency for SED students in Math in 2019 and 2022 (**Figure 10**). ASSB also outperformed the other DASS schools in Math in the South Bay community for all students and for significant student groups.

Included in ASSB's DASS Charter School Renewal Criteria is to Meet all Local Indicators on the Dashboard as reflected by receiving Standard Met. As demonstrated above, ASSB met standards for all local indicators in 2018, 2019, and 2022. *The CDE Suspended Reporting of Local Indicators in 2020 in response to COVID and for 2021, LEAs reported to the CDE but no Standard Met/Not Met were released by the CDE.*

<i>DASS Charter School Renewal MOU Criteria #7</i>	
<b>State and Local Measure</b>	NWEA MAP Results
<b>The target has been</b>	PARTIALLY MET

In addition to the mandated state assessments in ELA and math, ASSB utilizes the NWEA Measures of Academic Progress (“MAP”) as a local assessment to evaluate student growth and performance in Reading, Language Usage and Mathematics. Once students are enrolled, the initial MAP survey assessment is administered to students to identify initial grade level proficiency. Over the last five years, on average, students are entering ASSB 1-2 grade levels behind in reading and 2-3 grade levels behind in math.

**Figure 12. NWEA MAP Growth (Reading, Language Usage, and Mathematics)**

Source: NWEA MAP Growth Reports (2017-2023)

Each year, ASSB administers the MAP Growth assessments in Reading, Language Usage, and Mathematics in the fall and spring semesters. Each year ASSB serves a new group of students making year-to-year comparisons, a one-year outcome as opposed to a longitudinal comparison. Students’ fall assessment results are used to set growth targets and identify areas for improvement. These targets and areas are also used to plan and differentiate instruction throughout the year. Students are assessed again in the spring to determine students’ growth from the Fall. ASSB’s target for MAP growth as identified in the Charter School’s DASS Renewal MOU is that 60% of students will meet their MAP growth target. ASSB has surpassed this target in Reading, Language Usage, and Mathematics each of the past five years (excluding 2019-20 when spring administration was cancelled due to COVID).

**Figure 13. NWEA MAP Growth (Reading)**

Source: NWEA MAP Growth Reports (2017-2022)

MAP Growth results are also disaggregated by student group and results utilized to apply differentiated strategies for significant student populations at ASSB. Overall, from 2017-2018 through 2021-2022, 15 of 16 (94%) of significant student groups over the past five years met or exceeded the 60% growth target in Reading. Hispanic, Socioeconomically Disadvantaged, and Students with Disabilities exceeded the growth target each of those years in Reading while English Learners exceeded the growth target in 3 of 4 years. (Figure 13).

Figure 14. NWEA MAP Growth (Language Usage)

Over the past five years, 14 of 16 (88%) of all significant student groups at ASSB met or exceeded the 60% DASS Renewal MOU growth target in Language (**Figure 14**). Hispanic, Students with Disabilities, and Socioeconomically Disadvantaged student groups exceeded the growth target each year.

**Figure 15. NWEA MAP Growth (Mathematics)**

Over the past five years 14/16 (88%) of significant student groups at ASSB have met or exceeded the 60% growth target in Mathematics. From 2017-2018 through 2021-2022 both Hispanic and Socioeconomically Disadvantaged student groups all Met or Exceeded the 60% DASS Renewal MOU growth target in Mathematics each year while both Students with Disabilities and English Learners each met the growth target in 3 of 4 years (**Figure 15**).

The DASS Graduation Rate is one of the DASS Schools Renewal MOU Criteria for ASSB. The Charter school may meet this in one of two ways: Exceed the county DASS Schools average or exceed the state DASS schools’ average. For the past five consecutive years, ASSB has exceeded both the county and state DASS averages on the DASS Graduation rate (**Figure 16**).

ASSB enrolls a significant number of students who are not on track to complete graduation requirements within the confines of four-years of High School. Despite 57% of ASSB’ students enrolling credit deficient (*one or more semesters behind*) and an average of one-to-three grade levels behind in reading and math, the Charter School has maintained a One-Year Dropout Rate below 5% each of the last five years (**Figure 17**).

The Annual Adjusted Grade 9-12 Dropout Rate (One-Year Dropout Rate) is a key measure in demonstrating positive student outcomes. Formerly the One-year Dropout Rate was reported by the CDE annually. The last CDE release of the Annual Adjusted Grade 9-12 Dropout rate was for 2016-

2017. ASSB has continued to internally monitor the annual adjusted dropout rates using the same methodology and Data from CALPADS Fall 1 Submission data (Figure 17).

ASSB measures Participation Rates for students as an evaluation of student engagement and progress. ASSB’s target for participation as part of its DASS Renewal MOU Criteria is 84% schoolwide and for significant student groups. Over the last five years, ASSB has exceeded the 84% participation target rate for All Students every year and for the majority (25 of 30, 83%) of student groups (Figure 18). In 2022, the Renewal MOU participation rate was exceeded by ALL student groups.

ASSB's resource centers provide students with an innovative and engaging educational setting that differs from a traditional environment. ASSB's resource centers and instructional model allow students to focus on academics and insulate students from behavioral triggers and distractions that may occur in a larger comprehensive environment. ASSB's MOU target is to maintain a Suspension rate of 1.5% or less. Over the last five years, ASSB has maintained a near perfect 0% suspension rate, well below the DASS Renewal MOU Criteria targets (**Figure 19**). These results also outperform the DASS schools in both San Diego County and across California.

Figure 21. Sweetwater Secondary English Learner Progress Indicator (ELPI)

The English Learner Progress Indicator (ELPI) debuted on the 2019 California Dashboard. Due to COVID, to date the only years with ELPI results are 2019 and 2022. The ELPI is calculated based on a student’s performance on the English Language Proficiency Assessment for California (“ELPAC”). In the DASS Renewal MOU Criteria, the school may meet the ELPI target by either exceeding the San Diego County DASS Schools average or the state DASS school’s average. ASSB’s exceeded the ELPI MOU target each year (Figure 21).

On the California School Dashboard, schools that serve kindergarten (K) through grade eight students receive a Chronic Absenteeism Indicator. This indicator represents the percentage of students who were absent for 10 percent or more of the instructional days they were enrolled to attend. In ASSB’s DASS Renewal MOU Criteria, ASSB may meet the target by either exceeding the San Diego County DASS Schools average or the state DASS school’s average. *For most state indicators, the desired outcome is to have a high percentage of performance. However, for the Chronic Absenteeism Indicator, the desired outcome is reversed, and the goal is to achieve a low chronic absenteeism rate.* There was no Chronic Absenteeism rate in 2019-2020 due to COVID. **ASSB exceeded the MOU renewal criteria by having a lower Chronic Absenteeism rate than both the county and state DASS schools averages for the last five years.**

High-risk students often lack the academic confidence needed to successfully engage in school. ASSB is committed to monitoring its effectiveness at immediately engaging high-risk students. New students at ASSB take a Confidence Survey when they first enroll to gauge their confidence levels regarding their academic skills and abilities. After 90 days, these students are surveyed again to determine if their confidence levels have increased to be academically successful in school. This measure is used to demonstrate student engagement for new students. The DASS Renewal MOU target is that new students will achieve a 90% or higher rating on Confidence Survey questions after 90 days of enrollment at ASSB. Overall, the results in 90 days yield an average 11% increase in confidence from when students first enroll at ASSB. On average, 90% of students have reported increased confidence in their ability and skills to learn and succeed in school (**Figures 23-24**).

For the past five years, ASSB’s overall student safety satisfaction results indicate that on average 98% of enrolled students feel safe and supported at ASSB (Figure 25).

Providing a safe environment and supportive school culture is a key requirement from parents. Parent Safety is one of the elements in the DASS Renewal MOU Criteria with target is to reach a 90% or higher rating on safety satisfaction rating from Parents. Overall, parent safety satisfaction survey results for the past five years indicate that over 98% of ASSB’ parents reported feeling that their child is learning in a safe and supportive environment **(Figure 26)**.

<i>DASS Charter School Renewal MOU Criteria #18</i>	
<b>State and Local Measure</b>	College Persistence and Completion
<b>The target has been</b>	Not Applicable

Due to lack of participation among other DASS schools in San Diego County and the state, data is not available at this time for the college persistence and completion rates. During the development of the DASS renewal MOU with ASSB’s authorizer, it was understood that this metric may not be available during this renewal process and would continue to be developed over time.

**Conclusion**

In accordance with Education Code Section 47607(c)(7), the default outcome is for the chartering authority to approve a charter renewal petition for a DASS school. The chartering authority can only deny a charter renewal if it makes written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of pupils.

As demonstrated by the data above, ASSB students have been performing better than students in other DASS schools within the county and/or state, and ASSB students and parents have been also satisfied with their experiences at ASSB.

**Thus, Altus Schools South Bay requests a 5-year renewal term, from July 1, 2024 to June 30, 2029.**

## Element A: Educational Program

---

### **Governing Law:**

*The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21<sup>st</sup> century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners. Education Code Section 47605(c)(5)(A)(i).*

*The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals. Education Code Section 47605(c)(5)(A)(ii).*

*If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements. Education Code Section 47605(c)(5)(A)(iii).*

### **OVERVIEW OF EDUCATION PROGRAM**

The primary purpose of ASSB's instructional design centers on the need to motivate and inspire students who are academically at-risk. ASSB's efforts focus on helping students to become re-engaged in an instructional setting or in completing their course of study. Students can meet high school completion requirements by earning a diploma, passing a high school equivalency exam such as the General Equivalency Diploma (GED) and High School Equivalency Test (HiSET), or passing the California High School Proficiency Exam (CHSPE).

As an intervention program, the Charter School will be challenged by environmental expectations that are generally applied to comprehensive school sites. ASSB holds its Vision and Mission as an overarching mandate to put students first by implementing their personalized educational plan. The Charter School's leadership shall continue to communicate this important commitment.

The Charter School acts as an intervention for students at risk of not graduating. This intervention function strongly fulfills the original intent of the Charter Schools Act.

ASSB provides an instructional program for students in grades 7-12 through an individualized, independent study instructional model. ASSB is open to all students and enrolls students throughout the year.

Students study the core curriculum while earning credits toward their course of study. At the time of enrollment, professionals will review student reading, writing, math skills, and school records. Each student will receive a personal education plan that can include one-on-one tutoring, tutoring, online course options, field trips, supervised study, and assistance accessing community and government agency services.

ASSB is fully accredited by the Western Association of Schools and Colleges (**Appendix N**). The Charter School issues its own diplomas based on a course of study consistent with California State Standards, including the Common Core State Standards (“CCSS”), Next Generation Science Standards (“NGSS”), History-Social Science Framework, English Language Development (“ELD”) Standards, and any other applicable state content standards and frameworks (hereinafter, collectively “State Standards”), and requirements for graduation. The Charter School’s courses are approved by the University of California and the NCAA (**Appendix O and Appendix P**). The Altus Schools Southern California Board of Directors is responsible for monitoring and approving both the course of study and graduation requirements. The Charter School affirms that college-bound students wishing to attend California colleges and universities will have the opportunity to take A-G courses.

ASSB issues its own diplomas based on a course of study consistent with California Common Core State Standards and requirements for graduation. The Altus Schools Southern California Board of Directors is responsible for monitoring and approving both the course of study and graduation requirements. ASSB has received accreditation from the Western Association of Schools and Colleges (**Appendix N**) and has University of California A-G course approval (**Appendix O**).

Altus Schools South Bay participates in the Dashboard Alternative School Status program and is currently listed in the Dashboard Alternative School Status program and is currently listed on the California Department of Education’s Active DASS schools list (**Appendix K**).

## **EDUCATIONAL METHODS**

ASSB is a nonclassroom-based program that primarily uses an independent study instructional model using textbook-based and online course offerings. Students are able to engage in a blended learning environment where they utilize both traditional, independent study, and online learning opportunities.

ASSB is an independent study program that transforms students into self-motivated, self-disciplined, and accountable learners. ASSB offers students an alternative to the traditional school setting. Credentialed teachers actively engage with and support students along the way, providing enrichment and one-on-one tutoring as needed. Each teacher maintains a roster of no more than 40 students, allowing for individualization of course planning and student-centered instructional strategies.

Resource Centers provide a safe and supportive environment that is focused on teaching and conducive to learning, a flexible schedule, and an around-the-year calendar to better serve student needs.

To maximize student focus and ensure mastery of content while studying an academically rigorous curriculum, ASSB students engage in a university model in which they are assigned only one or two courses per learning period. Students are expected to spend a minimum of thirty hours per week engaged in their coursework and complete one course each month.

Students have the option to select from expert teacher-created textbook-based curriculum, online Edgenuity courses, or a blended program, depending on the student's needs and learning style. Students engage virtually with their teacher throughout the week (video conferencing, shared online tools/documents, telephonic communication) and attend appointments in-person at the Resource Center on average twice per week for additional support. This additional support may include one-on-one tutoring with the teacher, strategic small-group instructional tutoring sessions based on students' skill level or standard mastery, writing conferences, presentations, guest speakers, field trips, literacy circles, work with a 3D printer or virtual reality headset, special education support services, and/or feedback on the assignments previously submitted. The student's Pathways Personalized Education Plan ("PPEP") drives each student's academic goals and course planning while promoting real-time adjustments to curriculum and instructional strategies based on data results. The PPEP is a dynamic process that is constantly refined and updated to best meet each student's individual needs.

## **EDUCATIONAL VISION**

ASSB's vision is to move students forward by developing literate, educated thinkers and achievers who understand their political and social culture; can use mathematics and scientific methods to solve daily problems and contribute to society; and develop positive values.

ASSB's philosophy:

- Innovate: Seek change leading to positive outcomes.
- Maintain a professional staff complement.
- Encourage and promote academic competency.
- Model and support teamwork and cooperation.
- Provide student-based education tailored to the specific and unique needs of each student.
- Be accountable for outcomes.
- Provide on-going professional development.
- Forge partnerships with parents and community organizations.

To achieve ASSB's overarching objectives, it will:

- Promote students' leadership experiences and skill building opportunities.
- Increase awareness/scope of career options, including non-traditional careers.
- Encourage and promote opportunities to achieve academic success: mentoring, tutoring, field trips, and other forms of academic enrichment.
- Acknowledge and accommodate individual learning styles.
- Develop/encourage parental involvement.
- Introduce and strengthen digital literacy and skills.

Students at ASSB will develop important skills that include the abilities to read, write, compute, speak, ask questions, listen, problem-solve, work independently and in teams, use technology, manage time, accept personal responsibility, stay healthy, and comfortably relate with others. ASSB will promote curiosity, integrity, social responsibility and self-esteem. ASSB will incorporate these maxims into its daily operations. In short, ASSB will equip its students to become motivated and self-disciplined, productive, socially competent, academically competent, self-sustaining learners, and contributing citizens.

ASSB is committed to developing curriculum that is rigorous, relevant, and aligned to the California Common Core State Standards (CCSS) and Next Generation Science Standards (NSSS). Curriculum will be designed to foster career and college readiness, skill development, and citizenship in a global society.

ASSB's curriculum departments are led by appropriately credentialed teachers and guided and directed by the Curriculum and Professional Development Administrator. ASSB uses state-adopted texts and other materials aligned to California Common Core State Standards (CCSS). Textbooks are specifically selected utilizing criteria developed from educational partner input. Teachers use a variety of research-based instructional practices to teach diverse student populations, including technology-based learning. Many of ASSB's students take online courses and engage in blended (independent study/online) learning opportunities. ASSB's instructional staff are Leading Edge Certified (LEC). Created by an Alliance of nonprofits, universities, and educational agencies, LEC is the first national certification program of its kind and is platform and vendor neutral. This national online teacher certification guides educators through rigorous and engaging curriculum based on the International Association for K-12 Online Learning (iNACOL) National Standards for Online Teaching. This certification gives assurance that LEC Online Teachers will not only have the skills to effectively facilitate online courses but will also have a solid understanding of how to enhance learning opportunities for all students.

ASSB students demonstrate progress by producing daily work, which demonstrates learning consistent with the CCSS, successfully passing end of course exams, meeting growth targets set by Northwest Evaluation Association (NWEA) Measurement of Academic Progress (MAP) semester assessments,

state assessments, and other formative assessments as developed by the teacher and/or the school.

ASSB provides an educational option to students and parents in the community who are disengaged and are seeking an academic intervention. ASSB seeks to create a fluid relationship between its program and the comprehensive sites of the District. The re-directive nature of ASSB offers a unique intervention, which provides complementary assessment and instruction centered on assisting students in the completion of instructional objectives. Students shall be redirected to an appropriate instructional setting or successfully graduate from ASSB.

Many students coming to ASSB are initially identified from referrals by the District’s middle and high school counselors. ASSB is able to meet the needs of all students (e.g., EL, GATE, or Special Education) through a personalized education plan. This plan shall include formative and summative

testing data, which may include, but is not limited to, the California Assessment of Student Performance and Progress (CAASPP), English Language Proficiency Assessments for California (ELPAC), PSAT, SAT, ACT, the California Alternate Assessments (CAA), CMA, Northwest Education Association (NWEA) Measures of Academic Progress (MAPs) pre/post local assessment, end-of-course exams, unit exams, Naviance career and learning styles assessments, portfolios, and exhibitions. This data helps to establish student need. Based on student need and in collaboration with the parent, student, and teacher, a set of instructional goals will be developed. These goals will be achieved through a variety of strategies, including one-on-one tutoring, online courses, projects, seminars, field trips, guest speakers, and supervised study.

The District has a broad and diverse student population. Significant outreach efforts are made to ensure that the student body of ASSB reflects the diverse characteristics of the territorial jurisdiction of the District, as demonstrated in the following table. The Charter School's outreach efforts are further described in **Element G** of this charter petition.

## **COMMUNITY INTEREST**

Over the last four years, there has been a continued interest from the South Bay community in attending Altus Schools South Bay (**Appendix Z and AA**). The number of students served from

the Sweetwater Union High School District (“SUHSD”) each year is displayed in **Figure 29**. ASSB has served an increasing number of students from SUHSD from 2017-2023.

This demonstrates the community’s interest in seeking an alternative educational option. ASSB differs from DASS schools in SUHSD and the communities it serves due to its unique instructional model and innovative, safe and non-traditional academic environment. Based on its overall academic achievement and engagement outcomes for all students ASSB demonstrates it is a high-performing DASS school across the state and in San Diego County (**Figures 3-26**). These outcomes demonstrate the continued need for a high-performing, quality option within the South Bay community.

## **HOW LEARNING BEST OCCURS**

ASSB believes that learning best occurs when:

- Children feel safe, cared about, respected, and are encouraged to be themselves and to explore their individual talents to the fullest extent possible.
- Children are provided with a supportive environment, positive attitudes, high expectations, and fairness.
- Parents are taught how to help children with their schoolwork and participate in their student's education.
- Teachers are highly motivated and committed and love their work.
- Students are offered an exciting, challenging, and comprehensive curriculum supported with individual and small group tutoring sessions.
- Lessons are designed to appeal to all learning styles.
- All disciplines including the arts, academics, and technology are interrelated as they are in life, thus producing a well-rounded individual.
- Assignments present challenging problems that apply to real world situations and promote inquiry and discovery.
- Assessment of what a student knows and can do is measured by a variety of methods, especially performance assessment and self-assessment.

### **WHAT IT MEANS TO BE AN EDUCATED PERSON IN THE 21<sup>ST</sup> CENTURY**

ASSB helps students acquire the skills to survive and prosper in the 21<sup>st</sup> century. These skills include the ability to read, write, compute, speak, ask questions, listen, problem solve, work independently and in teams, use technology, manage time, accept personal responsibility, stay healthy, and to comfortably relate to others. ASSB promotes curiosity, integrity, social responsibility, and self-esteem.

### **DESCRIPTION OF THE EDUCATIONAL PROGRAM**

It is the philosophy of ASSB that every child is a born achiever. It is the challenge of the Charter School to help each child realize his or her talents.

The premise relating to the uniqueness of ASSB's education program centers on two key elements:

1. Many students can benefit from flexible scheduling and personalized education that incorporates focused teaching and support.
2. The collaboration of teachers and parents in each student's academic goals is critical to a successful transformation of all students' academic careers.

The ASSB educational program is based on the following elements of success:

- A vision, mission, and operational business plan that puts students first.
- Academically rigorous, well-focused, basic core subject curricula.

- Creation of a personalized education plan based on the student’s academic level, learning style, strengths, interests, and goals.
- Professional development that puts skills into a context consistent with the overall Charter School mission.
- Autonomy that allows the ASSB to develop and implement a process of change tied to high standards as described in the International Society for Technology in Education (“ISTE”) and is responsive to technological innovations.
- Parent and community involvement in, and support for, the ASSB programs.
- Regular data analysis to measure progress toward achieving both student and staff performance goals.
- An online community communication process detailing student and School performance.
- An effective and efficient business process that ensures maximum utilization of private and public resources, both human and financial.

The Charter School provides an education that allows each student, grades 7-12, to meet State Standards by: (1) using State Standards-based textbooks, resources, and instructional materials; (2) providing State Standards-based instruction; (3) utilizing course descriptions that are aligned with the State Standards; (4) developing and improving social skills by building self-esteem through achievement and discipline; and (5) learning in an environment that promotes achievement. The Charter School offers a menu of learning opportunities for students that includes independent study, home study, blended (independent study/online), and online learning, along with other creative modes of instructional delivery developed by staff in partnership with the community.

The Charter School serves a large population of students who are achieving below grade level and/or course content levels. This critical mass of students who are deemed “high risk,” and many with special needs, benefit from a personalized educational program that provides strong tutorial support.

After completion of enrollment, students are assessed and immediately engaged with a rigorous, technology-enhanced curriculum that is customized to meet their specific academic needs. The parent and teacher build custom plans to meet the individual goals, strengths, and interests of each child. Students in grades 7-12 take one to two courses at a time, allowing them to focus on mastering the State Standards of one course before moving onto the next. Teachers utilize a variety of instructional modes of delivery to target student engagement and increase achievement. Independent study, online, and blended learning options provide a range of student learning opportunities based on learning styles and pathways. In addition, each student’s pathways personalized education plan is enhanced with one-on-one and small group tutoring, field trips, volunteer opportunities, cultural events, guest speakers, career days, a wide variety of elective course options, and work experience customized to student interest and pathway choice. Each teacher has the support of a Certificated Teacher Resource who supports the delivery of curriculum.

To ensure the instructional strategies and engagement activities are providing a successful path for individual students, a variety of data is integrated into the pathways personalized education plan. Teachers use instructional software tools such as Naviance, ASSB’s college and career software. Teachers also utilize NWEA MAP assessment software, School Pathways Student Information System (“SIS”), and Illuminate’s Data and Assessment platform to view real time student achievement data. Naviance, MAP, SIS, and Illuminate data are integrated into the Charter School’s instructional data

monitoring system. The data is systematically reviewed and analyzed by teachers and Charter School leaders to ensure that the instructional strategies used are truly effective for each student. Based on the instructional data, teachers can immediately reconcile and adjust the student's instruction, methods of delivery, and resources. Because the Charter School has purposely designed its program so that teachers work with only a few students at a time, teachers are able to communicate frequently with the family and get to know each student's academic strengths and social needs. The largest differentiator for ASSB's program is the ability to go well beyond traditional methods to transform the lives of all students. Teachers and staff conduct home visits, perform and track appropriate interventions, and refer students and families to specific community resources and partnerships.

ASSB has an established Multi-Tiered System of Supports ("MTSS"), which is a comprehensive framework that integrates State Standards, core instruction, differentiated learning, student-centered learning, individualized student needs, and the alignment of systems necessary for all students' academic, behavioral, and social success. These include the personalized education planning process, social-emotional learning programs, community-based partnerships, a Healthy Youth Program to provide mental health services, interventions for high-risk students, supports for Special Education, services for English Learners ("ELs"), and programs for Gifted and Talented Education ("GATE"). ASSB has a systematic and integrated process for instructional support and interventions.

The teachers at ASSB engage in professional learning on a monthly basis that is focused on standards-based instructional and engagement strategies for diverse student populations. Monthly Instructional Meetings cater to the best practices offered by the Instructional, Curriculum, and Assessment Teams.

Additionally, teachers attend a variety of trainings that include guest speakers from law enforcement agencies, community-based organizations, Child Protective Services, and other supportive agencies in order to assist the teachers in servicing the students' needs. The School Coordinator meets weekly with the Counselors to discuss student outcomes and possible interventions that need to take place or be instituted to assist the teachers or the students. The instructional team utilizes the personalized education planning process to monitor student progress and identify services to support student achievement.

### **Independent Study Assurances**

ASSB shall comply with all applicable independent study laws including, but not limited to, Education Code Sections 51745 *et seq.*, 47612.5, 47634.2; and Title 5, California Code of Regulations, Sections 11700-11705 and 19850-19854. These laws require, among other things, that ASSB shall operate pursuant to an adopted independent study Board policy; each student will have a master agreement; and ASSB must file for a funding determination as a condition of funding. The Charter School shall maintain written contemporaneous records that document all student attendance. An annual, independent audit of student records shall be conducted by a state-approved certified public accountant, which needs to be free of exceptions or qualifications. These records shall be made available for audit and inspection.

### **Parent/ Teacher/ Student Master Agreement**

For all students participating in independent study, pursuant to Education Code Section 51747, an agreement shall be signed by: (1) the parent, guardian, or caregiver of each charter school pupil; (2)

the student; (3) the certificated charter school employee who has been designated as having responsibility for the general supervision of independent study; and (4) all persons who have direct responsibility for providing assistance to the pupil. This agreement shall include all of the elements described in Education Code Section 51747(c).

Parents of ASSB students are expected to commit to the following principles to ensure a better education for their children:

- Understand the educational plan of the Charter School, the Charter School's operation, and the roles, rights, and responsibilities of parents and their children.
- After admission, attend a mandatory orientation meeting to learn about charter schools, the Charter School's educational program, the Parent/Teacher/Student Master Agreement, and ways in which parents can contribute to the success of both their child and ASSB.
- Complete and return all forms, questionnaires, and other requests for information that may be required by the Charter School as approved by the Board of Directors.
- Ensure the completion of homework and class projects.
- Reinforce the importance of education on a daily basis and discuss with each student what was taught at school.
- Assure that each student arrives at school on time, dressed appropriately, and ready to learn.
- Understand and reinforce the Student Conduct Code.
- Attend Open House and Senior Exit Orientations (if applicable) each year.
- Keep informed about the Charter School through communication with the classroom staff and by materials regularly distributed to students and/or their families.

### **School Calendar**

ASSB is committed to ensuring that the legally required minimum number of annual instructional minutes and annual school days are offered as required by Education Code Section 47612.5 and Title 5, California Code of Regulations, Section 11960. Thus, the Charter School for each fiscal year will offer at a minimum the following number of minutes of instruction supervised by a certificated teacher:

1. To students in grades 4 to 8, inclusive, 54,000 minutes.
2. To students in grades 9 to 12, inclusive, 64,800 minutes.

Please see ASSB's 2024-2025 Pupil Calendar (**Appendix X**).

### **CURRICULUM**

A summary of ASSB's curriculum is provided below. As the State Standards develop and evolve, the curriculum may change to maximize learning.

ASSB's academic program focuses on academic improvement and high caliber teaching in safe and supportive learning environments. The Charter School's curriculum is rigorous, relevant, student and teacher driven. The opportunities offered at ASSB prepare students for their roles as learners, future

employees, and contributing citizens in an ever-changing global society. The Charter School is committed to developing curriculum and assessments that measure the extent to which students possess college, career, and citizen-ready skills and knowledge of the State Standards. ASSB fosters the natural talents and skills of the instructional team to ensure that all learners find success.

ASSB's curriculum departments are led by well-qualified teachers and, under the guidance of the Curriculum and Professional Development and Accreditation Administrator, design and create the subject matter curriculum using the State Standards as their guides. The textbooks and other resource materials, as identified either from the state adopted textbook list for TK-8 or 9-12 recommended lists, are used to complete the courses. The textbooks are further reviewed for application for independent study students. The teachers use a wide variety of teaching techniques to engage all learning modalities, including technology-based learning. Because ASSB students have the option to take online and blended learning (independent study/online) courses, the Charter School encourages its instructional staff to become Leading Edge Certified. This national online teacher certification guides educators through rigorous and engaging curriculum based on the Quality Matters Standards for Online Teaching. Upon successful completion, the certification gives schools, districts, and other prospective employers assurance that Leading Edge Certified Online Teachers not only have the skills to effectively facilitate online courses, but also have a solid understanding of how to enhance the learning opportunities for all students enrolled in their courses.

ASSB's grade 7-12 course catalogs and course descriptions (**Appendix V**) are reviewed and revised as necessary on an annual basis to ensure that the optimal academic outcomes are met. ASSB ensures that all of its core courses, foreign language, visual & performing arts, and some electives are listed on the approved UC A-G and NCAA lists (**Appendix O and P**).

### English/Language Arts

English courses require students to be immersed in information about the world around them if they are to develop the strong general knowledge and vocabulary, they need to become successful readers and be prepared for college, career, and life. Students are engaged in increasingly complex tasks of decoding, analyzing, and synthesizing materials that include many cross-curricular texts, playing an important part in building students' content knowledge. It is vital for students to have extensive opportunities to build knowledge through texts so they can learn independently. Throughout the Language Arts and English courses, students participate in various text types that explore text to text, text to self, and text to world items. They conduct research and create various forms of writings that demonstrate a high level of competency in each of the genres found in English/Language Arts. The students that demand a greater or more rigorous academic challenge will have the ability to take AP courses. Advanced Placement exams are offered and administered in the spring semester for students who have taken and passed the AP courses. All courses will also provide for remediation and/or scaffolding for students with disabilities or English Learners. ASSB has UC A-G and NCAA approval for all core high school English/Language Arts courses.

## Mathematics

Students use a focused and coherent curriculum that is aligned to the State Standards and that builds solid conceptual understanding through a focus on problem solving. Following the concrete to pictorial to abstract instructional sequence, students develop deep conceptual understandings and are well prepared for the challenge of higher levels of mathematics encountered in middle and high school. The students are provided a rigorous mathematical educational experience incorporating the mathematical shifts demanded by the State Standards of greater focus of the depth of a topic, coherence among topics and grade levels, and the rigorous authentic command of the mathematical concepts. ASSB ensures that all 9-12 grade math courses are UC A-G and NCAA approved. ASSB offers a traditional textbook, blended (independent study/online), and online learning option for the college preparatory math courses listed below where applicable. All of the math courses allow the students to demonstrate concepts based on real world problems while preparing the students to graduate from the Charter School as college and career ready citizens.

All science courses are aligned to the State Standards. All science courses have wet and virtual labs embedded throughout the course. The science curriculum encourages scientific inquiry, group activities, and real-world applications. Additionally, students are provided with curriculum that is progressively sequenced, builds upon what they already know, and helps them construct a deeper understanding of science and how their knowledge and skills can be used. Middle school students are introduced to Life Science, Physical Science, and Earth Science. They are engaged with hands-on experiences as well as virtual and wet labs throughout their courses. The 9<sup>th</sup>-12<sup>th</sup> grade students are required to take two years of Science within the subjects of Earth and Space Science, Physics, Chemistry, or Biology. All of these science courses are UC A-G and NCAA approved. ### **Post High School Pathways**

Once a student is enrolled at ASSB, the student completes personality and career interest surveys on Naviance. Naviance is a comprehensive college and career readiness web-based tool for middle and high schools that helps align student strengths and interests to post-secondary goals and improves student outcomes. The parent/guardian, student, and teacher meet to discuss the results. The results

demonstrate the student’s learning style as well as career interests. Based on the career interests, the teacher assists the student with creating a post- high school plan. ASSB’s students are placed in one of four post-high school pathways: four-year college/university; two-year college, school-to-work/Career Technical Education, or the military. The courses identified above satisfy the post-high school pathways for college bound students. In addition to the college preparatory coursework, ASSB offers courses that are specifically designed for students in grades 9-12 who have expressed an interest in specific career pathways.

### Career Technical Education

ASSB offers 28 Career Technical Education (“CTE”) courses for students who have expressed an interest in a specific industry sector. Courses such as Photoshop 1, 2 can lead to certification once the student completes the course.

### **ACCREDITATION, TRANSFERABILITY OF COURSES, AND NOTICE TO PARENTS**

At the time that a parent submits an application to enroll their student in ASSB, the Charter School will provide written information to parents of students in grades 9-12 regarding the transferability of courses to other public high schools and the eligibility of the courses to meet college entrance admissions requirements.

ASSB has received accreditation from the Western Association of Schools and Colleges (WASC).

ASSB has received approval of ‘a-g’ courses from the University of California.

### **CHARTER SCHOOL GOALS AND ACTIONS TO ACHIEVE THE EIGHT STATE PRIORITIES**

Please see the section “Goals, Actions and Measurable Outcomes Aligned with the Eight State Priorities” in **Element B** of the charter for a description of ASSB’s annual goals to be achieved in the Eight State Priorities schoolwide and for all pupil subgroups, as described in Education Code Section 52060(d), and specific annual actions to achieve those goals in accordance with Education Code Section 47605(c)(5)(A)(ii).

## **PLAN FOR STUDENTS ACHIEVING BELOW GRADE LEVEL**

ASSB's **Multi-Tiered System of Supports ("MTSS")** engages high-risk students in participating and excelling in school. **(Appendix DD)** ASSB identifies students who are below grade level immediately upon enrollment. At the first student appointment, ASSB staff administer the NWEA MAP English Language Arts and Math surveys. Counselors review these academic proficiency results along with academic history and records to assess student overall achievement levels and inform the creation of the **Pathways Personalized Education Plan (PPEP)** and the initiation of MTSS. ASSB's goals in implementing the tiered system of support are to increase student engagement and increase student achievement for students who are achieving below grade level. The following components of tiered supports are targeted towards high-risk students:

**Core Instruction:** Research-based instructional strategies are integrated into all core content curricular areas. Content area teachers are trained in research-based instructional strategies: Universal Design for Learning ("UDL"), embedded literacy instruction across curricular area, blended (independent study/online) learning, differentiation, scaffolding, and formative assessments. Courses are adjusted based on student instructional level, interests, and Pathway. Students also participate in small-group and individual tutoring sessions.

### **Social Emotional Learning Program:**

- Employing Trauma Informed Practices for Schools ("TIPS") in teacher engagement strategies: Teachers lead communications through a trauma-informed lens.
- Resilience in Students and Education ("RISE") is a social-emotional learning series of live, interactive, video broadcasts for students. RISE sessions are aligned to Social and Emotional Core Competencies in order to enhance a student's capacity to integrate skills, attitudes, and behaviors which effectively and ethically deal with daily tasks and challenges.
- Healthy Youth Program ("HYP") and Crisis Support: ASSB understands how important it is to meet the needs of each student and family and to attend to the social and emotional needs that arise during times of crisis and challenge. ASSB provides individual counseling and small group social-emotional learning sessions that are essential to mental health and wellness.

**Professional Learning Communities:** Instructional Leaders provide training, resources, structure, and guidance to teachers to engage in frequent collaboration, analyze assessments, and implement best practices to increase student achievement.

**Data Collection, Monitoring, and Reporting:** Curriculum, instructional, and professional development decisions are made based on close analysis of student achievement and engagement data.

**Parent Trainings:** Research-based parent trainings are held on topics relevant to current family issues and trends.

**Intervention:** Intensive intervention process is designed to identify all areas of concern, causal factors, and personalized plan to address challenges.

**High School Completion Options:** Multiple paths to successful completion, including preparation for GED or HiSET, are available to students who enroll significantly behind grade level in skills and

high school credits.

**Student and Family Services and Supports through partnerships:** Established partnerships that are community-based and free or reduced cost are provided to students as part of their personalized intervention plan. The counselors facilitate appropriate referrals and resources for each student.

Student progress is monitored through the systematic Pathways Personalized Education Plan (“PPEP”) process that requires analysis of student achievement measures at least three times throughout the school year. The instructional team, including the parent(s), determines the supports and services that are most effective for each student and identifies any additional curricular and instructional resources necessary to support student achievement.

### **PLAN FOR STUDENTS ACHIEVING ABOVE GRADE LEVEL**

Through the **Multi-Tiered System of Support (Appendix DD)**, ASSB systematically addresses support for all students, including gifted students and high achievers. Students who demonstrate the ability, through a variety of assessments, to perform above grade level have a PPEP that reflects their strengths and interests through course selection and planning, differentiation of instruction, opportunities for acceleration, and curriculum enrichment and extension. The instructional team, including parents, teacher, counselor, and student, collaborate to select appropriate courses including Honors, Advanced Placement, Dual Enrollment and Articulated courses. Following a course of study aligned to ASSB’s instructional framework, students are able to demonstrate mastery of subject matter standards at their own pace, giving students with advanced skills the option to complete courses in less time. The Charter School provides opportunities for students to be concurrently or dual enrolled in community college courses (**Appendix EE**) and to consult regularly with one of ASSB’s college counselors. Additionally, teachers participate in monthly professional development that focuses on instructional strategies and engagement techniques for a diverse student population.

ASSB recognizes that each student is a unique individual with his/her own interests, strengths, and challenges. The Charter School’s goal is to identify and celebrate the unique gifts and talents of every student. “Giftedness” occurs along a continuum. Strategies that work for one gifted student will not necessarily work for all gifted students. ASSB pairs the principles of personalized learning with research-based strategies for gifted students to maximize the academic, social, and personal successes of **Gifted and Talented** students.

At ASSB, GATE students are offered an **Individualized GATE Plan (“IGP”)**. The IGP is created by the student, parent(s), and teachers, to plan the services and program options that address the unique needs of each gifted student based on their needs, interests, and abilities.

Each IGP incorporates essential elements of gifted education:

- Differentiated learning experiences including Acceleration and Enrichment
- Differentiated curriculum responsive to the needs, interests, and abilities of students that utilizes a variety of teaching and learning platforms
- Learning environments that inspire creativity, flexibility, and autonomy
- Small group instruction

- Opportunities for independent study, community-based learning, and project-based learning
- Postsecondary Education

Students receive individualized instruction with a **GATE Certified teacher** one-on-one and in small groups. Students are encouraged to enroll in Honors courses, Advanced Placement courses, and Accelerated courses. Curriculum is compacted based on standards mastery. Whenever possible, courses incorporate project-based learning, community-based learning, and student choice and voice in topics and subject matter to master key concepts and skills.

Please see ASSB's GATE Plan (**Appendix R**).

### **PLAN FOR ENGLISH LEARNERS**

ASSB meets the applicable legal requirements for English Learners, including long-term English Learners or English Learners at risk of becoming long-term English Learners, pertaining to annual notification to parents, student identification, placement, program options, designated and integrated English Language Development (ELD) instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, standardized testing requirements, and parent/family engagement. ASSB implements policies to assure appropriate placement, evaluation, and communication regarding ELs and the rights of students and parents. ASSB fully implements a specially designed English Learner Plan that addresses the needs of the high-risk/at-promise student population served and:

- Outlines consistent practices in the development, implementation, and evaluation of English Learner programs and services.
- Provides specific procedural guidelines for the identification, instruction, assessment, and reclassification of students.
- Aligns to the principles of the California English Learner Roadmap.
- Articulates the English Language Development program and options for ELs, including equitable access to rigorous course of study and high-quality instruction.
- Describes the formation and functions of the English Learner Advisory Committee ("ELAC").

Please see ASSB's English Learner Plan (**Appendix S**).

### **English Learner Identification**

The **Home Language Survey ("HLS")** is administered upon a student's initial enrollment into the Charter School (on enrollment forms). The HLS is used to identify whether the primary or native language of the student is a language other than English. The Charter School uses the HLS to verify data in CALPADS and to capture survey information for students enrolling for the first time in California or the United States.

Using the HLS, students who have been identified to have their primary or native language be a

language other than English, and have not been previously assessed, are given the Initial English Language Proficiency Assessments for California (ELPAC). If a student does not demonstrate proficiency, the student will qualify as an English Learner.

### **English Learner Assessment**

All students who indicate that their home language is other than English are assessed with the state-approved assessment of language proficiency (ELPAC Initial Assessment) within 30 days of initial enrollment and at least annually (ELPAC Summative Assessment) thereafter until re-designated as fluent English proficient.

The Charter School notifies all parents of its responsibility for ELPAC testing and of ELPAC results within 30 days of receiving results from the publisher. The ELPAC is used to fulfill the requirements under Every Student Succeeds Act for annual English proficiency testing and progress reporting.

Results of each student’s assessment are sent to parents or guardians in their primary language. These results are also included in the PPEP for instructional planning.

For students who enroll with previous ELPAC results, the ELPAC is administered annually based on the ELPAC summative assessment window until students are reclassified as fluent English proficient. Students with disabilities who are also identified as ELs will be assessed based on designated supports or accommodations according to their Individualized Education Programs (“IEP”) or 504 plans or by an alternate assessment as determined by the IEP or 504 team.

The Charter School notifies all parent/guardians annually, in writing, and in the student’s home language, when possible, of the ELPAC assessment administration, the reasons their child is identified as an EL, and of ELPAC results.

Additionally, ASSB assesses all students upon enrollment and at the beginning and end of each school year using a standards-based assessment, NWEA MAP in reading, language usage, and math. MAP assessments provide detailed, actionable data on student’s present skill levels in relation to state standards to inform the creation of the PPEP upon enrollment. MAP pre- and post-assessments provide student growth data for the school year to inform the adjustment of the PPEP as necessary for student achievement. MAP data provides specific information about student reading skills in the areas of word recognition, word structure, vocabulary, reading literature, and reading informational text skills for comprehension and fluency.

### **English Learner Reclassification**

Reclassification is the process in which an English Learner is reclassified as a Fluent English Proficient (“RFEP”) student after meeting various linguistic and academic criteria. ASSB has developed student reclassification procedures based on criteria set forth by CDE guidelines. Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

**Criteria A.** Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.

ELPAC results should demonstrate English proficiency in all domain areas with an ELPAC Overall Performance Level (PL): 4 or Alternate ELPAC Overall PL 3.

**Criteria B.** Comparison of the pupil’s performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

Demonstration of “basic skills” in English from an objective assessment that is also given to English proficient students of the same age.

- MAP: Reading scores must fall within the student’s grade level range; or,
- Smarter Balanced ELA Summative Assessment scores will meet or exceed the standard.
- For students who take the Alternate ELPAC: Teacher Form of the Vineland Adaptive Behavior Scale Score of Adequate, Moderately Low or higher in the Communication Domain.

**Criteria C.** Participation of the pupil’s teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil’s curriculum mastery.

#### Teacher Input for Reclassification Form

- Teachers evaluate EL student use of English while engaging in grade-appropriate academic content learning. The form evaluates the student’s proficiency in oral and written language supported by academic qualitative and quantitative performance data.
- For students who take the Alternate ELPAC, instructional staff will use the student’s classroom and academic performance based on the student’s IEP goals for academic performance and ELD.

**Criteria D.** Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents’ opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

#### Parent Consultation

- Parents are consulted and engaged in the Reclassification determination process, inclusive of IEP team members.

### Monitoring Reclassified Fluent English Proficient Learners

ASSB implements a systematic process to monitor the academic progress of all Reclassified Fluent English Proficient students for four years from the year of reclassification, as required by state and federal guidelines. RFEP students are expected to meet grade-level content standards and the requirements for high school graduation. Parents are notified of ongoing progress after reclassification

during parent-teacher meetings each semester. Each year, through the PPEP process and the use of Ellevation, an EL program monitoring system, the instructional team is able to leverage the integration of student data and efficient processes to determine an informed and strategic instructional approach for each student. Teachers complete an RFEP Student Monitoring Form to report on academic performance and ELD skills and make a recommendation for next steps. For students not meeting proficiency targets, staff analyzes student assessment data and creates an instructional intervention plan. Assessment data that is monitored includes:

- ELPAC scores
- MAP Reading scores
- MAP Language Usage scores
- Curriculum Embedded Assessments
- CAASPP scores
- Participation Rates
- Credit Completion Rates
- Teacher and parent/guardian observation

The instructional team, through the PPEP, collaborates to determine the effectiveness of the program for each student. When students have not made adequate progress, the Multi-tiered System of Supports (MTSS) is utilized to determine and apply interventions. These interventions can include ELD instruction, instructional aids and supports, and/or family and community support services to support the academic, behavior, and socio-emotional needs of students.

Intervention measures may include:

- Conference with student and parent/guardian
- Referrals and resources given to student and family
- Specialized reading and/or writing tutoring sessions
- Placement in ELD and/or Literature and Comprehension courses
- Customized curriculum with literacy supports, scaffolds, and learning resources

### **Comprehensive English Language Development Program**

ASSB's goal for English Learner programs is to support the development of ELs' fluency in English and proficiency in the core curriculum. Through a Structured English Immersion (SEI) Program designed for independent study and flexible learning models, English Learners at ASSB receive nearly all instruction in English, with curriculum and instruction designed to provide access to the standards-based curriculum for pupils who are learning English. Students participate in a comprehensive ELD program with **Designated ELD** to support academic language proficiency, and **Integrated ELD** to provide access to grade level academic subject matter content. Program participation and program effectiveness are monitored using assessment data. Programs are customized as needed based on information from assessments and instructional team input.

ELs have full access to the Charter School's educational program through **Integrated English Language Development**. Teachers use the California English Language Development Standards in tandem with the State Standards for ELA/Literacy and other content standards.

Teachers are specifically trained on ELD standards and research-based instructional strategies including Specially Designed Academic Instruction in English (SDAIE), the Sheltered Instruction Observation Protocol (SIOP) Model to make content comprehensible for English Learners and Writing Redesigned for Innovative Teaching and Equity (WRITE). Instructional strategies that are commonly embedded into curriculum and utilized in tutoring sessions include: building on prior knowledge, primary language and culture, explicitly teaching comprehension strategies, academic vocabulary, text and language features, sequencing texts and tasks, rereading, structuring discussions, and utilizing supportive tools such as graphic organizers, charts, diagrams, and outlines.

Achieve 3000 is an online literacy tool that provides differentiated instruction based on individual student reading levels. The program allows students to build literacy and content-area knowledge simultaneously. Embedded scaffolds and supports, including Spanish language support, accelerate student learning gains within the school year.

MyPath Reading is a supplemental reading intervention program that provides differentiated instruction based on individual student reading levels. The program helps students improve reading comprehension, vocabulary, and fluency.

The Charter School utilizes a web-based comprehensive English language learning program (BrainPOP ELL) that uses highly engaging animated visuals and provides explicit instruction of grammar concepts and academic vocabulary.

The Charter School offers EL students blended learning opportunities. Online courses (Edgenuity) offer many supports for EL students including audio translation of text, explicit instruction of academic vocabulary, Closed captioning of instruction, and close reading of text.

**Designated ELD** is structured as a highly individualized curriculum based on CA ELD standards. Students are enrolled in culturally responsive, grade level courses that are aligned to the CA ELD standards in order to develop critical language ELs need in Reading, Writing, Speaking and Listening for content learning in English. These language development courses are enhanced with individualized tutoring sessions and literacy instruction, in person or virtually, that utilize systematic, focused, and highly engaging teaching materials that prepare students for success with the Common Core State standards. The courses engage students in blended **weekly synchronous** and **daily asynchronous** learning, may utilize literacy circles with grade level, standards-based curriculum resources, and provide opportunities for daily live interaction with teachers and instructional support staff.

Students are identified to participate in appropriate Designated ELD courses based on their language proficiency according to their ELPAC results. The instructional team, including parents/guardians, set proficiency goals for students with measures and benchmarks for achievement.

### **Access to Honors, Advanced/AP Classes, Early College Credit and Special Education**

English learners have the same access to the education programs and services as native English-speaking students. At ASSB, a lack of proficiency in English is not a barrier to enrollment in courses meeting the a–g requirements or in AP/Honors classes in subject areas other than English. English Learners also have access to the Early College Credit program, in which they can earn college credits

through dual enrollment and by completing articulated coursework. Students will be placed in these courses according to the PPEP, teacher recommendation, and the approval of the Learning Lead and Counselor.

English learners have equitable access to the same education programs and services as native English-speaking students, including special education services. In making the determination of eligibility for special education services, English proficiency is not a determining factor for establishing that a child has a disability.

## **PLAN FOR STUDENTS WITH DISABILITIES**

### **General Overview**

ASSB shall comply with all applicable state and federal laws in serving students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act (“Section 504”), the Americans with Disabilities Act (“ADA”) and the Individuals with Disabilities Education Act (“IDEA”).

ASSB is an independent local educational agency (“LEA”) member of the El Dorado County Charter Special Education Local Plan Area (“SELPA”) in conformity with Education Code Section 47641(a). Altus Schools is one of the founding partners of the El Dorado County Charter SELPA and is in good standing (**Appendix XX**).

ASSB shall comply with all state and federal laws related to the provision of special education instruction and related services and all SELPA policies and procedures; and shall utilize appropriate SELPA forms.

ASSB shall be solely responsible for its compliance with Section 504 and the ADA. The facilities utilized by ASSB shall be accessible for all students with disabilities.

ASSB is strongly committed to serving the needs of all students enrolled in its program. Students with an IEP are welcomed and supported. ASSB works closely with the El Dorado County Charter SELPA in order to coordinate services locally. ASSB representatives attend El Dorado County Charter SELPA organizational meetings on a monthly basis. These meetings are designed to ensure compliance in the administration of the program, delivery of service, and fiscal management. Fully credentialed Education Specialists and Resource Specialists are hired locally and, as direct ASSB employees, they provide Specialized Academic Instruction (“SAP”) to students who have been identified as requiring the service as part of their Free and Appropriate Public Education (“FAPE”). Special Education related services are contracted locally. Related services include, and are not limited to, Speech and Language services, Occupational Therapy, Physical Therapy, Educationally Related Mental Health Services, Vision Therapy, and Social Work services. These services are provided by CDE-certified Non-public Agencies (“NPA”) and Non-public Schools. Contracts with these providers will assure adherence to all federal, state, and local requirements for special education compliance during the term of the agreement. El Dorado County Charter SELPA training and professional development for special education staff will be conducted in San Diego County. Facilities will be compliant with IDEA requirements.

ASSB will exercise the flexibility to design a program based on the inclusive model that incorporates serving students with disabilities. ASSB will engage the SELPA in the IEP placement of students who are identified as requiring an education placement that ASSB is unable to provide.

### **Section 504 of the Rehabilitation Act**

ASSB recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. A student who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment, is eligible for protections under Section 504.

A 504 team shall be assembled by the School Coordinator and shall include the parent/guardian, the student (where appropriate) and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team shall review the student's existing records; including academic, social and behavioral records, and is responsible for making a determination as to whether an evaluation for 504 services is appropriate. If the student has already been evaluated under the IDEA but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the 504 team, which will evaluate the nature of the student's disability and the impact upon the student's education. This evaluation will include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.
- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.
- Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not be identified as a person with a disability is made by the 504 team in writing and notice is given in writing to the parent or guardian of the student in their primary language along with the procedural safeguards available to them. If during the evaluation, the 504 team obtains information indicating possible eligibility of the student for special education per the IDEA, a referral for assessment under the IDEA will be made by the 504 team.

If the student is found by the 504 team to have a disability under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free and appropriate public education ("FAPE"). In developing the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the Charter School's

professional staff.

The 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary.

All 504 team participants, parents, guardians, teachers and any other participants in the student's education, including substitutes and tutors, must have a copy of each student's 504 Plan. The School Coordinator will ensure that teachers include 504 Plans with instructional planning for short-term substitutes and that he/she review the 504 Plan with a long-term substitute. A copy of the 504 Plan shall be maintained in the student's file. Each student's 504 Plan will be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

### **Services for Students under the "IDEA"**

ASSB shall represent itself at all SELPA meetings.

**Funding**

ASSB is subject to the allocation plan of the SELPA.

## Element B: Measurable Pupil Outcomes

---

**Governing Law:** *The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school. Education Code Section 47605(c)(5)(B).*

As a public charter school, ASSB recognizes and accepts a heightened level of accountability for reaching ambitious standards for student achievement. The Charter School has developed clearly defined schoolwide and student outcome goals in compliance with Education Code Sections 47605(c)(5)(B) and 52060(d).

ASSB will continue to examine and refine its list of student outcomes over time to reflect the Charter School's mission and any changes to state or local standards that support this mission.

### **STUDENT OUTCOMES**

ASSB, by teaching a challenging and clearly defined core of shared content, grade by grade, will raise students' academic achievements and abilities across a wide range of subject matters and skills.

It is a goal of ASSB for graduates to demonstrate appropriate age or grade-level mastery of the following core academic skills:

**English/Language Arts** Students will demonstrate strong reading, writing, listening, speaking and presentation skills, with communication skills appropriate to the setting and audience. They will comprehend and critically interpret multiple forms of expression, including literature from various time periods and cultures.

**Mathematics** Students will develop abilities to reason logically and to understand and apply mathematical processes and concepts, including those within arithmetic, algebra, geometry, and other mathematical subjects aligned with the state standards.

**Science** Students will successfully utilize scientific research and inquiry methods to understand and apply the major concepts underlying various branches of science, which may include physics, chemistry, biology, astronomy, and earth sciences.

**History and Social Studies** Students will understand and apply civic, historical, and geographical knowledge in order to serve as citizens in today’s world of diverse cultures.

**World Language** Students will be given the opportunity to gain proficiency in speaking, reading,

writing, and listening comprehension in at least one language in addition to their native tongue. Students will understand key aspects of the culture, both past and present, of the second language.

**Visual and Performing Arts** Students will study the various arts disciplines and careers related to those disciplines. Classes will demonstrate the influence of the arts across the curriculum and generate in the students an appreciation for visual and performing arts in their daily lives.

**Physical Education** Students will be offered courses that are consistent with the expectations established under charter law and each student's personalized education plan.

Underlying and utilized throughout each of the subject areas will be other core skills such as:

- Critical thinking skills, e.g., problem-solving, analyzing, and applying knowledge.
- The ability to effectively use technology consistent with the International Society for Technology in Education.
- Knowledge of pertinent issues of health and the development of physical fitness.
- Life-long learning skills: study skills and habits, planning, initiating and completing a project, and the ability to reflect and evaluate one's own learning.
- Social skills: citizenship and leadership as demonstrated by the planning and implementing of community service, conflict resolution as demonstrated by the responsible and compassionate interaction with peers, and the ability to work effectively with others in cooperative groups.
- Life skills: financial management, job readiness and career development, higher education continuance skills and appreciation for the arts.

In addition to attaining specific content area and grade/skill-level standards, students will also demonstrate their overall progress toward graduation readiness through a series of performance measurements at various points throughout their experience at ASSB.

### **CHARTER SCHOOL GOALS, ACTIONS, AND MEASURABLE OUTCOMES THAT ALIGN WITH THE EIGHT STATE PRIORITIES**

Pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), the Charter School has established goals, actions, and measurable outcomes both schoolwide and for each subgroup of pupils, which address and align with the Eight State Priorities identified in Education Code Section 52060(d). Each of these goals addresses the unique needs of all student subgroups who will attend the Charter School, including low-income students, English Learners, and foster youth. The metrics associated with these goals will help ASSB to ensure that these specific subgroups are making satisfactory progress and are provided with necessary additional supports made possible by additional funds from the Local Control Funding Formula. Each of the Charter School's goals, actions, and measurable outcomes are listed below, along with the specific metrics that will be used to monitor progress toward achieving these goals.

## Element C: Methods of Assessment and Other Uses of Data

---

**Governing Law:** *The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. Education Code Section 47605(c)(5)(C).*

### OVERVIEW

Altus Schools South Bay (“ASSB” or “Charter School”) will meet all statewide standards and conduct pupil state assessments required pursuant to Education Code Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools.

ASSB will utilize methods of assessments in its educational program, which are aligned to the Eight State Priorities and demonstrate multiple measures for each subject area. Charter School affirms that its methods for measuring pupil outcomes for the Eight State Priorities, as described in **Element B**, shall be consistent with the way information is reported on a school accountability report card as required by Education Code Section 47605(c)(5)(C).

### ASSESSMENT OF STUDENT AND SCHOOL OUTCOMES

A comprehensive assessment program is imperative to measure student performance outcomes and maintain the vision of ASSB. No single assessment or data indicator can provide all the information needed to make informed decisions about every student’s learning. A collection of measures that is focused on academic standards mastery and promotes positive student outcomes can provide meaningful insights about each student’s achievement and the Charter School’s effectiveness.

ASSB utilizes a variety of assessments, both formative and summative, and key indicators to demonstrate achievement of academic standards and schoolwide learning outcomes. These measures are utilized to demonstrate student achievement and engagement as it aligns to the Eight State Priorities. These will include, but will not be limited to:

#### **State-Mandated Assessments**

- CAASPP assessment system (e.g., the Smarter Balanced Summative Assessments in ELA and Mathematics, California Science Test (“CAST”), and the California Alternate Assessments)
- ELPAC – Initial and Summative Assessments, including Alternate Assessments
- Physical Fitness Test – (“PFT”)

#### **Local Assessments**

- NWEA MAP Growth Assessments (Reading, Language Usage, and Mathematics) – Grades 7-12
- CAASPP Smarter Balanced Interim Assessments in English Language Arts/Literacy and Mathematics
- End-of-course examinations aligned to State Standards

- Unit tests, quizzes and learning checks
- Lexile scores
- Portfolios
- Exhibitions
- Oral presentations
- Rubrics
- Student/parent/mentor observations
- Performance-based and skill demonstrations
- Surveys

#### **Other Key Performance Measures**

- Course Completions (including UC a-g and CTE completions)
- Academic Grade Point Averages
- Suspension and expulsion rates
- Participation Rate (Attendance)
- Chronic Absenteeism (k-8)
- Dropout Rate (1 year)
- Graduation Rate (1-year DASS)

#### **Optional Assessments**

- PSAT
- ACT
- SAT
- AP
- CHSPE
- HiSET

ASSB is an active DASS School and complies with all applicable requirements under the state accountability system, including the California School Dashboard. Due to the special target population that the Charter School serves, the focus is reengaging and motivating students to continue towards the achievement of their PPEP which focuses on positive student outcomes.

The evaluation and analysis of the assessments and measures above are embedded in each student's PPEP. Student performance and progress on state mandated assessments, including the SBA in ELA and Math, the CAST, Alternative Assessments (as applicable), and the Summative ELPAC are measured annually. Local assessments (MAP Growth and Smarter Balanced Interim Assessments) are used throughout the year to determine progress towards standards mastery. End-of-course exams, unit tests and learning checks on State Standards, portfolios, exhibitions, surveys and other measures are monitored daily, weekly and/or monthly through the student's PPEP in order to individualize and target each student's learning needs based on strengths and deficiencies. As part of the PPEP, students complete surveys through Naviance that teachers can utilize to enhance engagement opportunities to keep students on track towards their post-high school plans. Optional assessment results through the PSAT, SAT, ACT and APs are also evaluated to demonstrate performance and proficiency towards a student's post-high school pathway.

The School Coordinator meets with teachers three times throughout the school year to conduct a

thorough analysis of individual student progress on key measures aligned to State Priorities. These progress reviews are shared with the student and parent(s) to determine any additional curricular and instructional supports and services that are necessary to support positive student outcomes. In addition, students' self-reflection on strengths and challenges are a valuable tool that guides teachers' instructional decisions. When students are asked to reflect on their own performance, they become empowered to recognize their progress and become responsible for their own learning.

## **USE AND REPORTING OF DATA**

Use of assessment data and measures of academic outcomes allow teachers to differentiate instruction based on students' strengths, interests, and talent to set goals and plans for students. Assessment data and key measures allow ASSB to evaluate programs for continuous improvement and instructional strategies implemented to increase student outcomes. Data is also used to target professional development for teachers.

ASSB uses a systematic process whereby numerous data points pertaining to student performance are measured, monitored, evaluated, and reported. Data is made available through the SIS known as School Pathways. School Pathways contains data on student achievement, programs, student history, enrollment, demographics, and attendance. Support staff have broad access to School Pathways' SIS and teachers have access to student data. The system generates reports that are circulated to the administration, faculty, support staff, students, and parents. Many of these reports can be found in The Storybook. The Storybook is a tool used to report data monthly and annually on key performance measures aligned to the State Priorities. ASSB publishes the Storybook for the purpose of evaluating student outcomes and informing instructional teams and curricular departments. Teachers and Instructional Leaders evaluate data including school participation (attendance), credit completion rates, MAPs scores, dropout rates, graduation rates, CAASPP results, ELPAC results and other measures of student achievement and engagement during monthly instructional meetings to improve the instructional and operational programs within the Charter School. Data is also disaggregated by student groups and special populations to closely monitor the progress of socioeconomically disadvantaged students, EL students, homeless and foster youth, and students in special education programs. At the end of the year, each monthly Storybook is compiled into an Annual Storybook document used to demonstrate success and identify areas of improvement for each school year. Teachers also utilize Illuminate's Data and Assessment platform to review learning checks and unit assessments to identify continued areas of growth to assist students with standards mastery. End of course exam data in Illuminate is used to evaluate instructional strategies and curriculum for any revision or enhancement needs.

## **PARENT INVOLVEMENT IN GOVERNANCE**

A central tenet of ASSB's philosophy is that students are best able to reach their full potential when there is a high level of involvement by their parents in their education. Moreover, research has shown that educational partner involvement is important to the success of a program and to the satisfaction of the participants. The means for encouraging parent involvement include:

- Student/Parent/Teacher Master Agreement (See **Element A: Educational Program**)
- Regular and frequent verbal, print, and electronic communication
- Home School Compact in the form of Acknowledgement of Responsibilities
- Sharing of positive student outcomes and accomplishments
- Teachers receive professional development oriented to the engagement of parents in student learning

Accordingly, part of ASSB's educational plan is an agreement between parents and ASSB known as the Parent/Teacher/Student Master Agreement that is intended to encourage parental involvement and cooperation that ensures success of ASSB's educational program. Such a contract is designed to empower parents with respect to their children's education by strengthening the partnership among parents, students, and teachers.

ASSB's philosophy is that parents choose to send their children to ASSB because they have high expectations of ASSB and the benefits that they and their children will receive. In turn, ASSB has high expectations of parents to contribute to the team effort needed to fulfill all expectations. Excellence in a charter school cannot be accomplished nor maintained without the active participation of the parents of enrolled students. Parent participation may include weekly meetings with their student's teacher, regularly scheduled open houses, and field trips. ASSB will encourage, but will not require, volunteer parent participation in the school.

### C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

#### 1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and the student's parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and the student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(j)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

## **2. Notice to Parents/Guardians**

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by email, by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

## **3. Suspension Time Limits/Recommendation for Expulsion**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

#### 4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

#### D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Altus Schools Southern California ("Altus Schools") Board of Directors following a hearing before it, or by the Altus Schools' Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the Charter School's Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

#### E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Altus Schools' Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student.

The notice shall include:

- g. The opportunity to confront and question all witnesses who testify at the hearing;
- h. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

#### **F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or

other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **G. Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **H. Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board, or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

### **I. Expulsion Decision**

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students,

including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

#### **J. Written Notice to Expel**

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or student's parent/guardian. This notice shall also include the following: Notice of the specific offense committed by the student; and Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School.

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the chartering authority. This notice shall include the following: a) The student's name b) The specific expellable offense committed by the student.

Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

#### **N. Rehabilitation Plans**

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to Charter School for readmission.

#### **O. Readmission or Admission of Previously Expelled Student**

The decision to readmit a pupil after the end of the pupil's expulsion term or to admit a previously expelled student from another school district or charter school who has not been

readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding the School Coordinator's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or seeks admission to the Charter School.

#### **P. Notice to Teachers**

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]"

#### **R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities**

##### **1. Notification of SELPA**

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

##### **2. Services During Suspension**

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP

would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

### **3. Procedural Safeguards/Manifestation Determination**

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parent/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

### **4. Due Process Appeals**

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited

administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent/guardian and Charter School agree otherwise.

In accordance with 20 USC Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

## **5. Special Circumstances**

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

## **6. Interim Alternative Educational Setting**

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

## **7. Procedures for Students Not Yet Eligible for Special Education Services**

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted

under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

In the event that the District Board of Education believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, the Charter School requests that this shall be noted in the written dispute statement, although it recognizes it cannot legally bind the District to do so. However, participation in the dispute resolution procedures outlined in this section shall not be interpreted to impede or act as a pre-requisite to the District’s ability to proceed with revocation in accordance with Education Code Section 47607.

ASSB will complete and file any annual reports required pursuant to Education Code section 47604.33.

## BACKGROUND

The California State Board of Education approved a charter for Grossmont Secondary School (“GSS”) on May 11, 2017, after the Charter School’s petition was denied by Grossmont Union High School District. The Charter School was approved for a five-year term from 2017-2022. The Charter was thereafter extended by two years pursuant to Education Code Section 47604.4.

Grossmont Secondary School is operated by Audeo Charter School corporation. The Audeo corporation is organized and operated exclusively for educational and charitable purposes to and within the meaning of §501(c)(3) of the Internal Revenue Code.

On April 27, 2023 the Audeo Charter School Corporation approved the resolution to effectuate the Restated Articles of Incorporation to change the corporation name to **Altus Schools Southern California (“Altus Schools”)** and change the names of the charter schools operated by the Corporation. **(Appendix F)**

Grossmont Secondary School is now named **Altus Schools East County (“ASEC”, or “Grossmont Secondary School”, or “Charter School”)**.

ASEC<sup>iii</sup> is an independent study, academic intervention program serving grades 7 through 12. Every ASEC student enjoys the benefits of a custom-built course plan, one-on-one attention from teachers, individualized college and career planning, and a flexible schedule that meets their academic and personal needs. ASEC teachers are committed to partnering with parents to provide a personalized and rigorous academic experience for each student.

ASEC serves a unique student population. Students choose to enroll at ASEC because they have not been successful in the traditional school system or are looking for a personalized educational environment. Approximately 60 percent of ASEC students are credit deficient upon enrollment, about 70 percent are socio-economically disadvantaged, and 79 percent represent a minority student population. Additionally, approximately 22 percent have been identified as Special Education students.

The focus of ASEC is to improve student learning, offer a safe learning environment, and provide highly qualified faculty and staff to an often times high-risk student population. ASEC students will be offered access to specially trained teachers who are held directly accountable for their students’ progress. This infuses high expectations for each student and helps teachers become partners in the process of transforming the lives of students.

Since 2017, ASEC has been a popular option for families in the Grossmont Union High School District.

ASEC seeks to create a fluid relationship between its program and GUHSD schools. The re-directive nature of ASEC offers a unique intervention, which provides complementary assessment and instruction centered on assisting students in the completion of instructional objectives. The number of students redirected back to GUHSD schools each year can be found in **Figure 2** above. ASEC has redirected back to GUHSD approximately 193 unduplicated students since 2017.

### Solid Financial Plan

The five-year period from July 1, 2017, through June 30, 2022, has shown steady growth in Grossmont Secondary School's reserve, from \$1,460,318 as of June 30, 2018, to \$4,842,467 as of June 30, 2022. This represents an average contribution to the Charter School's reserve of \$676,430 per year. Looking forward, the four-year budget prepared by Altus Schools East County's experienced financial team is fiscally sound with very conservative revenue assumptions and a healthy reserve contribution of \$277,512 in FY 2024-25, \$287,342 in FY 2025-26, \$290,958 in FY 2026-27 and \$293,466 in FY 2027-28.

The budgetary and financial results, which reflect its value of using business principles to manage the organization, demonstrate a fiscally sound charter school. It provides the resources to support a highly engaged staff and meet the educational needs of students. The revenues all trend favorably from FY 2017-18 through FY 2021-22. The Charter School maintains financial stability through prudent monitoring of budgeted expenses and forecasted revenues to ensure adequate reserves are built and maintained when closing a fiscal year.

The Charter School prepares cash flow of financial resources with a focus on the annual operating budget and current liabilities. The Board of Directors and Senior Leaders compare the actual revenues and expenditures with the adopted budget three times a year. Tracking costs and resources allows the Charter School to make effective decisions and to ensure fiscal solvency. Altus Schools East County develops a budget that supports the goals of the Charter School. When developing the annual budget, factors such as

student populations, past years' experience and trends, need for new services, expansion and curtailment of existing services, estimated revenues and proposed expenditures, as well as strategic initiatives are considered. The budget is monitored and revised through the fiscal year to ensure that it depicts the financial operations, current obligations and goals are met.

In addition, since the beginning of the operation of the Grossmont Secondary School in 2017, the operation and financial audits have been consistently clean with no audit findings.

## ACCOMPLISHMENTS OF THE PRIOR CHARTER TERM

Some of Grossmont Secondary's accomplishments over the prior charter term include:

- In the last five years, nearly 500 GSS students (the majority not on track to graduate upon enrollment) have completed their high school requirements by receiving a diploma or passing one of the California CDE approved equivalency certificates (General Equivalency Diploma ("GED"), High School Equivalency Test ("HiSET") or California High School Proficiency Exam ("CHSPE"))

- ASEC has consistently been in good standing with its authorizer and the CDE has determined that ASEC is in compliance with the ASEC charter petition and the MOU between the California State Board of Education and ASEC each year since its establishment in 2017.
- ASEC has consistently Met all Local Indicators on the Dashboard (**Figure 11**).
- ASEC outperformed comparable DASS schools (school's students may otherwise attend in the District or communities served) in the CAASPP SBA Assessments in English Language Arts/Literacy and Mathematics in both Distance From Standard and proficiency rates (**Figures 3-10**).
- ASEC exceeds the San Diego County DASS schools average and the state DASS schools average for the Academic Indicators in ELA and Math (**Figures 3-10**).
- One of the greatest accomplishments for ASEC over the preceding five years has been raising the DASS Graduation Rate for All Students (29.7%), Hispanic students (33.8%), SED students (39%) and Students with Disabilities (43.8%) (**Figure 16**).

- As a DASS school, Grossmont Secondary School has maintained a low One-Year Dropout Rate below 5.0%. This is an outstanding achievement given that the majority of ASEC students enroll behind in credits, not on track to graduate within 4 years, 1-2 grade levels behind in English, and 2-3 grade levels behind in math. **(Figure 17)**.
- Over the last five years, ASEC has exceeded the 84% participation target rate for All Students every year and in 2022 for All significant subgroups **(Figure 18)**.
- ASEC continues to provide a safe and supportive learning environment for all the students it serves. ASEC’ educational setting allows students to focus on academics and learn positive behaviors as reflected by ASEC’ perfect 0% suspension and 0% expulsion rates over the last five years **(Figures 19-20)**.
- Over the last five years Grossmont Secondary School students expressed double digit increases in self-confidence after just 90 days of enrollment versus how they felt prior to enrolling. **(Figure 23-24)**.
- Increases in confidence apply to their ability and skills to succeed, receiving support from their teacher, prioritizing their education and outlook that their education at ASEC will improve their future.

- ASEC annually surveys its parents and students as one of many ways to gather feedback on their experience at ASEC. Overwhelmingly, ASEC students and parents continue to indicate their satisfaction with ASEC (**Figures 25-26**).

- In 2022 ASEC achieved a 6.4% Chronic Absenteeism rate. This was 20.8% lower than the San Diego County DASS Schools Average and 49.5% lower than the State DASS average. **(Figure 22)**
- In 2022. ASEC Dashboard result for English Learner Progress was 15% higher than the county DASS average and 15.4% higher than the state DASS average. **(Figure 21)**
- Over the past five years, ASEC has maintained stellar Safety Satisfaction rates among students who rated their safety satisfaction at or above 97% **(Figure 25)**
- Over the past five years, ASEC has maintained stellar Safety Satisfaction rates among parents who rated their safety satisfaction at or above 95% **(Figures 26)**
- In June 2020, Grossmont Secondary School received a 6-year “Clear” Western Association of Schools and Colleges (“WASC”) term. This is the highest term granted by WASC **(Appendix N)**.

### **JUSTIFICATION FOR RENEWAL AS A DASHBOARD ALTERNATIVE SCHOOL STATUS (DASS) CHARTER SCHOOL**

Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607.2, by Assembly Bill 1505 (2019), at the time of charter renewal, a chartering authority shall consider the performance of the charter school on the state and local indicators reported on the California School Dashboard (“Dashboard”), and, in some circumstances, the performance of the charter school on assessments deemed to be verified data.

In addition to the shift toward assessing Dashboard data, Assembly Bill 1505 also created a three-tiered system of evaluating charter schools' performance, plus a separate category for Dashboard Alternative School Status schools. Each of the three tiers has unique qualifying criteria.

The three performance categories are as follows:

- High Performing – Presumptive renewal if the charter school meets the established renewal criteria—Education Code Section 47607(c)(2).
- Low Performing – Presumptive non-renewal if the charter school meets the non-renewal criteria, unless the chartering authority makes a finding to approve for a two-year term —Education Code Section 47607.2(a).
- Middle Performing – Renewal unless closure is in the best interest of students, evaluated using the California School Dashboard (the “Dashboard”) and Education Code Section 47607.2(b).

Due to the suspension of the Dashboard in 2020 and 2021 for the COVID-19 pandemic, charter schools cannot be placed into performance categories as contemplated by AB 1505.

The CDE can only display the most current year of data (also known as Status) on the 2022 Dashboard. Therefore, compared to prior Dashboards, the use of colors, or performance levels, using two years of data will not be reported. The 2022 Dashboard will use one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for all state indicators based on the 2021–22 school year data.

The state indicators include the following:

- Chronic Absenteeism: kindergarten through grade eight
- Suspension Rate: K through grade twelve

- English Learner Progress: grades one through twelve
- Graduation Rate: high school only
- College/Career: high school only (Note: The College/Career Indicator will not be reported on the 2022 Dashboard)
- Academic: grades three through eight and grade eleven – English language arts/literacy and Mathematics

### Dashboard Alternative Status School Renewal Criteria

ASEC has been approved for the Dashboard Alternative School Status (DASS) program and shall comply with all applicable requirements under the state accountability system, including the California School Dashboard. ASEC has been a DASS Active School for the 2018, 2019, 2020, 2021 and 2022 Dashboards. ASEC is currently listed as a DASS Active School (**Appendix K**).

The three performance categories described above do not apply to charter schools like ASEC, which have been approved as Dashboard Alternative Status Schools, though the law does require a review of Dashboard data. Rather, according to Education Code Section 47607(c)(7)

In determining whether to grant a charter renewal for such a charter school, the chartering authority shall consider, in addition to the charter school's performance on the state and local indicators included in the evaluation rubrics adopted pursuant to subdivision (c) of Section 52064.5, the charter school's performance on alternative metrics applicable to the charter school based on the pupil population served. The chartering authority shall meet with the charter school during the first year of the charter school's term to mutually agree to discuss alternative metrics to be considered pursuant to this paragraph and shall notify the charter

school of the alternative metrics to be used.

The chartering authority may deny a charter renewal pursuant to this paragraph only upon making written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of pupils.

ASEC’s greatest achievements are those of its students. As detailed in the “DASS Charter School Renewal MOU Criteria” below, ASEC has shown increases in pupil academic achievement across several indicators. These metrics include state and local indicators on the Dashboard as well as alternative metrics. Pursuant to Education Code section 47607, in preparation for charter renewals of DASS schools, ASEC collaborated with the Authorizer and developed mutually agreed upon indicators and alternative metrics to be used for renewal criteria (**Appendix L**). These metrics are identified within the “DASS Charter School Renewal MOU Criteria” below. ASEC has demonstrated based on its overall academic achievement outcomes that the school is a high-performing DASS school compared to similar DASS schools in the district and communities it serves. ASEC also exceeds county DASS schools averages as well as the state DASS schools averages for several indicators as demonstrated in the section below.

In accordance with the criteria identified in the ASEC DASS Renewal MOU addressing results on the CAASPP SBA English Language Arts (ELA) assessments Distance from Standard (DFS) for students enrolled as of CBEDS the schools’ target is to either exceed the county DASS schools Average or exceed the state DASS schools’ average. ASEC calculates its results against the San Diego County average for DASS schools as well as the State average for DASS schools utilizing the CDE’s Dashboard Data Files on the California School Dashboard and System of Support website. ASEC received a -8.5 DFS for all students on the 2022 Dashboard Academic Indicator in ELA. With the three-year gap between the release of the 2019 and 2022 Dashboard this represents ASEC new baseline for status and change which will resume for the 2023 Dashboard. ASEC’s 2022 ELA DFS result on the Dashboard was over 80 pts higher than the San Diego County DASS average and over 100 pts higher than the DASS state average (**Figure 3**). This result also outperforms the other comparable DASS schools serving the same region, such as MERIT Academy,

Chapparal, and Diego Valley East.

The target identified in the Grossmont Secondary School’s DASS Renewal MOU addressing results on the CAASPP SBA Mathematics assessments Distance from Standard (DFS) is for students enrolled as of CBEDS to either exceed the county DASS schools Average or exceed the state DASS schools’ average. GSS calculates its results against the San Diego County average for DASS schools as well as the State average for DASS schools utilizing the CDE’s Dashboard Data Files on the California School Dashboard and System of Support website. ASEC received a -107 DFS for all students on the 2022 Dashboard Academic Indicator in Mathematics. With the three-year gap between the release of the 2019 and 2022 Dashboards, this represents ASEC new baseline for status and change which will resume for the 2023 Dashboard. GSS’s Math DFS result on the Dashboard was over 50 pts higher than the San Diego County DASS average and over 57 pts higher than the statewide DASS average (**Figure 4**). CAASPP SBA results are published by the CDE on the CAASPP Results website. These results include all students who were enrolled on the first day of testing versus continuously enrolled students accounted for in the Distance from Standard calculations. Students are proficient if they receive a performance level of Standard Met or Standard Exceeded. The target identified in the Grossmont Secondary’s DASS Renewal MOU addressing results on the CAASPP SBA ELA assessments proficiency results in English Language Arts (ELA) is for students enrolled as of the first day of the school CAASPP window to either exceed the county DASS schools’ Average proficiency in ELA or exceed the state DASS schools’ average proficiency in ELA. ASEC calculates its results for all students and subgroups against the San Diego County and statewide DASS school’s average proficiency rates utilizing the CDE’s CAASPP Research files and the CAASPP Results website.

For the three years with school and county/state data (*unavailable due to COVID for 2019-2020—NO State Testing or 2020-2021—very limited state testing*) ASEC exceeded both the San Diego County and statewide DASS averages in ELA proficiency % for CAASPP ELA Standard Met **(Figure 5)**.

CAASPP SBA results are published by the CDE on the CAASPP Results website. These results include all students who were enrolled on the first day of testing versus continuously enrolled students accounted for in the Distance from Standard calculations. Students are proficient if they receive a performance level of Standard Met or Standard Exceeded. In 2022, San Diego County DASS schools’ average proficiency rate for Mathematics was 8.24% and statewide the rate was 9.91%. GSS’s Math Proficiency rate in 2022 was 15.63 %, much higher than either the County or Statewide result.

The target identified in the Grossmont Secondary School’s DASS Renewal MOU addressing results on the CAASPP SBA Mathematics assessments proficiency results is for students enrolled as of the first day of the school CAASPP window to either exceed the county DASS schools’ Average proficiency in ELA or exceed the state DASS schools’ average proficiency in Math. For the three years with school and county/state data (unavailable due to COVID for 2019-2020—NO State Testing or 2020-2021 –very limited state testing) ASEC exceeded both the San Diego County and statewide DASS averages in Math proficiency % for CAASPP Math Standard Met (Figure 6).

ASEC’s DASS Renewal MOU also addresses results on the CAASPP SBA ELA and Math for the significant subgroups that ASEC serves. The two significant subgroups on the CA Dashboard for GSS are Hispanic and Socioeconomically Disadvantaged (SED).

In ELA, the percentages (44%--51%) of Hispanic students who met or exceeded the ELA standard, was more than double the San Diego County DASS percentages for proficiency on ELA each year (**Figure 7**). For SED students, the ASEC percent standard met and higher also more than doubled the San Diego County DASS percentages for proficiency on ELA (**Figure 8**). ASEC also overwhelmingly outperforms DASS schools that students may otherwise attend in the in the East County community in ELA for all students (**Figure 5**) and for significant student groups.

In Math the percentages (8.6%--14.1%) of Hispanic students who met or exceeded the Math standard, was more than double the San Diego County DASS percentages for proficiency on Math each year (**Figure 9**). For SED students, the ASEC percent standard met and higher (6.8% to 19.5%) also more than doubled the San Diego County DASS percentages for proficiency for SED students in Math (**Figure 10**). GSS also outperformed the other DASS schools in Math in the East County community for all students (**Figure 6**) and for significant student groups.

Included in ASEC’s DASS Charter School Renewal Criteria is to Meet all Local Indicators on the Dashboard as reflected by receiving Standard Met. As demonstrated above, ASEC met standards for all local indicators in 2018, 2019, and 2022. *The CDE Suspended Reporting of Local Indicators in 2020 in response to COVID and for 2021, LEA’s reported to the CDE but no Standard Met/Not Met were released by the CDE.*

**State and Local Measure** NWEA MAP Results

**The target has been** PARTIALLY MET

In addition to the mandated state assessments in ELA and math, ASEC utilizes the NWEA Measures of Academic Progress (“MAP”) as a local assessment to evaluate student growth and performance in Reading, Language Usage and Mathematics. Once students are enrolled, the initial MAP survey assessment is administered to students to identify initial grade level proficiency. Over the last five years, on average, students are entering ASEC 1-2 grade levels behind in reading and 2-3 grade levels behind in math.

**Figure 12. NWEA MAP Growth (Reading, Language Usage, and Mathematics)**

Source: NWEA MAP Growth Reports (2017-2022)

Each year, ASEC administers the MAP Growth assessments in Reading, Language Usage, and Mathematics in the fall and spring semesters. Each year ASEC serves a new group of students making year-to-year comparisons, a one-year outcome as opposed to a longitudinal comparison. Students’ fall assessment results are used to set growth targets and identify areas for improvement. These targets and areas are also used to plan and differentiate instruction throughout the year. Students are assessed again in the spring to determine students’ growth from the Fall. ASEC’s target for MAP growth as identified in the Charter School’s DASS Renewal MOU is that 60% of students will meet their MAP growth target. GSS has surpassed this target in Reading, Language Usage, and Mathematics each of the past five years (excluding 2019-20 when spring administration was cancelled due to COVID).

**Figure 13. NWEA MAP Growth (Reading)**

Source: NWEA MAP Growth Reports (2017-2022)

MAP Growth results are also disaggregated by student group and results utilized to apply differentiated strategies for significant student populations at ASEC. Overall, from 2017-2018 through 2021-2022, 15 of 16 (94%) of significant student groups over the past five years met or exceeded the 60% growth target in Reading. Hispanic, Socioeconomically Disadvantaged, and English Learners exceeded the growth target each of those years in Reading while Students with Disabilities exceeded the growth target in 3 of 4 years. (Figure 13).

Figure 14. NWEA MAP Growth (Language Usage)

Source: NWEA MAP Growth Reports (2023)

Over the past five years, 15 of 17 (88%) of all significant student groups at ASEC met or exceeded the 60% MOU growth target in Language. **(Figure 14)**. Hispanic, English Learner, and Socioeconomically Disadvantaged student groups exceeded the growth target each year.

**Figure 15. NWEA MAP Growth (Mathematics)**

Over the past five years 17 of 19 (89%) of significant student groups at GSS have met or exceeded the 60% growth target in Mathematics. From 2017-2018 through 2021-2022 Hispanic, English Learners and Socioeconomically Disadvantaged student groups all met or exceeded the 60% MOU growth target in Mathematics each year **(Figure 15)**.

**Figure 16. Multi-year DASS Graduation Rate –County/State DASS Schools Averages Comparison**

Source: California Dashboard Data Files (2022); <https://www.cde.ca.gov/ta/ac/cm/graddatafiles.asp>

The DASS Graduation Rate is one of the DASS Renewal MOU Criteria for ASEC. The Charter school may meet this in one of two ways: Exceed the county DASS Schools average or exceed the state DASS schools’ average. For the past four consecutive years, GSS has exceeded both the county and state DASS averages on the DASS Graduation rate (Figure 16).

ASEC enrolls a significant number of students who are not on track to complete graduation requirements within the confines of four-years of High School. Despite 62% of ASEC’s students enrolling credit deficient and an average of one-to-three grade levels behind in reading and math, the Charter School has maintained a One-Year Dropout Rate below 5% each of the last five years (Figure 17).

The Annual Adjusted Grade 9-12 Dropout Rate (One-Year Dropout Rate) is a key measure in demonstrating positive student outcomes. Formerly the One-year Dropout Rate was reported by the CDE annually. The last CDE release of the Annual Adjusted Grade 9-12 Dropout rate was for 2016-2017. ASEC has continued to internally monitor the annual adjusted dropout rates using the same methodology and Data from

CALPADS Fall 1 Submission data (Figure 17).

The target has PARTIALLY MET been

Figure 18. Grossmont Secondary Participation Rate (All Students and Student Groups)

ASEC measures Participation Rates for students as an evaluation of student engagement and progress. ASEC’s target for participation as part of its DASS Charter School Renewal Criteria is 84% schoolwide and for significant student groups. Over the last five years, ASEC has exceeded the 84% participation target rate for All Students every year and for the majority (26 of 30, 87%) of student groups (Figure 18). In 2022, the Renewal MOU participation rate was exceeded by ALL student groups.

ASEC's resource centers provide students with an innovative and engaging educational setting that differs from a traditional environment. ASEC's resource centers and instructional model allow students to focus on academics and insulate students from behavioral triggers and distractions that may occur in a larger comprehensive environment. ASEC' MOU target is to maintain a Suspension rate of 1.5% or less. Over the last five years, ASEC has maintained a perfect 0% suspension rate, well below the DASS Renewal MOU Criteria targets (**Figure 19**). These results also outperform the DASS schools in both San Diego County and across California.

State and Local Measure English Learner Progress Indicator

The target has been MET

Figure 21. ASEC English Learner Progress Indicator (ELPI)

The English Learner Progress Indicator (ELPI) debuted on the 2019 California Dashboard. Due to COVID, to date the only years with ELPI results are 2019 and 2022. The ELPI is calculated based on a student’s performance on the English Language Proficiency Assessment for California (“ELPAC”). In the Renewal MOU Criteria, the school may meet the ELPI target by either exceeding the San Diego County DASS Schools average or the state DASS school’s average. ASEC’s exceeded the ELPI MOU target each year (Figure 21).

State and Local Measure Chronic Absenteeism

The target has been PARTIALLY MET

Figure 22. ASEC Chronic Absenteeism

Sources: California School Dashboard (2022) <https://www.caschooldashboard.org/> and CDE DataQuest (2023) <https://dq.cde.ca.gov/dataquest/>

On the California School Dashboard, schools that serve kindergarten (K) through grade eight students receive a Chronic Absenteeism Indicator. This indicator represents the percentage of students who were absent for 10 percent or more of the instructional days they were enrolled to attend. In Grossmont Secondary’s DASS Renewal MOU Criteria, ASEC may meet the target by either exceeding the San Diego County DASS Schools average or the state DASS school’s average. *For most state indicators, the desired outcome is to have a high percentage of performance. However, for the Chronic Absenteeism Indicator, the desired outcome is reversed, and the goal is to achieve a low chronic absenteeism rate.* There was no Chronic Absenteeism rate in 2019-2020 due to COVID. For the years 2017-2018, 2020-2021 and 2021-2022, **ASEC exceeded the MOU renewal criteria by having a lower Chronic Absenteeism rate than either the county or state DASS averages.** This target was **Met** in 3 of 4 (75%) of years with available data.

**State and Local Measure** Confidence Survey Results

Figure 24. ASEC Confidence Survey – Skills to Learn and Succeed

Source: Naviance (2017-2022)

High-risk students often lack the academic confidence needed to successfully engage in school. ASEC is committed to monitoring its effectiveness at immediately engaging high-risk students. New students at ASEC take a Confidence Survey when they first enroll to gauge their confidence levels regarding their academic skills and abilities. After 90 days, these students are surveyed again to determine if their confidence levels have increased to be academically successful in school. This measure is used to demonstrate student engagement for new students. The MOU target is that new students will achieve a 90% or higher rating on Confidence Survey questions after 90 days of enrollment at ASEC. Overall, the results in 90 days yield an average 15% increase in confidence from when students first enroll at ASEC. On average, 92% of students have reported increased confidence in their ability and skills to learn and succeed in school (**Figures 23-24**).

**State and Local Measure** Student Safety Satisfaction Survey Results

The target has MET been

*Figure 25. Student Engagement Survey – Safety Satisfaction*

Source: Survey Monkey (2018-2022)

Providing a safe environment and supportive school culture is a key requirement of students at ASEC. Student Safety is one of the elements in the Renewal MOU with the target to maintain a 90% or higher rating on safety satisfaction rating from students. For the past five years, ASEC’s overall student safety satisfaction results indicate that on average 98% of enrolled students feel safe and supported at ASEC (Figure 25).

**DASS Charter School Renewal MOU Criteria #17**

**State and Local Measure** Parent Safety Satisfaction Survey Results

The target has MET been

*Figure 26. Parent Engagement Survey – Safety Satisfaction*

Source: Survey Monkey (2018-2022)

Providing a safe environment and supportive school culture is a key requirement from parents. Parent Safety is one of the elements in the Renewal MOU with target is to reach a 90% or higher rating on safety satisfaction rating from Parents. Overall, parent safety satisfaction survey results for the past five years indicate that 98% of ASEC’s parents reported feeling that their child is learning in a safe and supportive environment (**Figure 26**).

**DASS Charter School Renewal MOU Criteria #18**

**State and Local Measure** College Persistence and Completion

**The target has been** NOT APPLICABLE

Due to the lack of participation among other DASS schools in San Diego County and the state, data is not available at this time for the college persistence and completion rates. During the development of the DASS renewal MOU with ASEC’s authorizer, it was understood that this metric may not be available during this renewal process and would continue to be developed over time.

**Conclusion**

In accordance with Education Code Section 47607(c)(7), the default outcome is for the chartering authority to approve a charter renewal petition for a DASS school. The chartering authority can only deny a charter renewal if it makes written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interests of pupils.

As demonstrated by the data above, ASEC students have been performing better than students in other DASS schools within the county and/or state, and ASEC students and parents have been also satisfied with their experiences at ASEC.

**Thus, Altus Schools East County requests a 5-year renewal term, from July 1, 2024 to June 30, 2029.**

## Element A: Educational Program

---

### **Governing Law:**

*The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21<sup>st</sup> century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners. Education Code Section 47605(c)(5)(A)(i).*

*The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals. Education Code Section 47605(c)(5)(A)(ii).*

*If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements. Education Code Section 47605(c)(5)(A)(iii).*

### **OVERVIEW OF EDUCATION PROGRAM**

The primary purpose of ASEC's instructional design centers on the need to motivate and inspire students who are academically at-risk. ASEC's efforts focus on helping students to become re- engaged in an instructional setting or in completing their course of study. Students can meet high school completion requirements by earning a diploma, passing a high school equivalency exam such as the General Equivalency Diploma (GED) and High School Equivalency Test (HiSET), or passing the California High School Proficiency Exam (CHSPE).

As an intervention program, the Charter School will be challenged by environmental expectations that are generally applied to comprehensive school sites. ASEC holds its Vision and Mission as an over-arching mandate to put students first by implementing their personalized educational plan. The Charter School leadership shall continue to communicate this important commitment.

The Charter School acts as an intervention for students at risk of not graduating. This intervention function strongly fulfills the original intent of the Charter Schools Act.

ASEC provides an instructional program for students in grades 7-12 through an individualized, independent study instructional model. ASEC is open to all students and enrolls students throughout the

year.

Students will study the core curriculum while earning credits toward their course of study. At the time of enrollment, professionals will review student reading, writing, math skills, and school records. Each student will receive a personal education plan that can include one-on-one tutoring, tutoring, online course options, field trips, supervised study, and assistance accessing community and government agency services.

ASEC is fully accredited by the Western Association of Schools and Colleges (**Appendix N**). The Charter School issues its own diplomas based on a course of study consistent with California State Standards, including the Common Core State Standards (“CCSS”), Next Generation Science Standards (“NGSS”), History-Social Science Framework, English Language Development (“ELD”) Standards, and any other applicable state content standards and frameworks (hereinafter, collectively “State Standards”), and requirements for graduation. The Charter School’s courses are approved by the University of California and the NCAA (**Appendix O and Appendix P**). The Altus Schools Southern California Board of Directors is responsible for monitoring and approving both the course of study and graduation requirements. The Charter School affirms that college-bound students wishing to attend California colleges and universities will have the opportunity to take A-G courses

ASEC issues its own diplomas based on a course of study consistent with California Common Core State Standards and requirements for graduation. The Altus Schools Southern Board of Directors is responsible for monitoring and approving both the course of study and graduation requirements. ASEC has received accreditation from the Western Association of Schools and Colleges (**Appendix N**) and has University of California A-G course approval (**Appendix O**).

Altus Schools East County participates in the Dashboard Alternative School Status program and is currently listed in the Dashboard Alternative School Status program and is currently listed on the California Department of Education’s Active DASS schools list (**Appendix K**).

## EDUCATIONAL METHODS

ASEC is a nonclassroom-based program that primarily uses an independent study instructional model using textbook-based and online course offerings. Students are able to engage in a blended learning environment where they utilize both traditional, independent study, and online learning opportunities

ASEC is an independent study program that transforms students into self-motivated, self-disciplined, and accountable learners. ASEC offers students an alternative to the traditional school setting. Credentialed teachers actively engage with and support students along the way, providing enrichment and one-on-one tutoring as needed. Each teacher maintains a roster of no more than 40 students, allowing for individualization of course planning and student-centered instructional strategies. Resource Centers provide a safe and supportive environment that is focused on teaching and conducive to learning, a flexible schedule, and an around-the-year calendar to better serve student needs.

To maximize student focus and ensure mastery of content while studying an academically rigorous curriculum, ASEC students engage in a university model in which they are assigned only one or two courses per learning period. Students are expected to spend a minimum of thirty hours per week engaged in their coursework and complete one course each month.

Students have the option to select from expert teacher-created textbook-based curriculum, online Edgenuity courses, or a blended program, depending on the student's needs and learning style. Students engage virtually with their teacher throughout the week (video conferencing, shared online tools/documents, telephonic communication) and attend appointments in-person at the Resource Center on average twice per week for additional support. This additional support may include one-on-one tutoring with the teacher, strategic small group instructional tutoring sessions based on students' skill level or standard mastery, writing conferences, presentations, guest speakers, field trips, literacy circles, work with a 3D printer or virtual reality headset, special education support services, and/or feedback on the assignments previously submitted. The student's Pathways Personalized Education Plan ("PPEP") drives each student's academic goals and course planning while promoting real-time adjustments to curriculum and instructional strategies based on data results. The PPEP is a dynamic process that is constantly refined and updated to best meet each student's individual needs.

## EDUCATIONAL VISION

ASEC's vision is to move students forward by developing literate, educated thinkers and achievers who understand their political and social culture; can use mathematics and scientific methods to solve daily problems and contribute to society; and develop positive values.

ASEC's philosophy:

- Innovate: Seek change leading to positive outcomes.
- Maintain a professional staff complement.
- Encourage and promote academic competency.
- Model and support teamwork and cooperation.
- Provide student-based education tailored to the specific and unique needs of each student.
- Be accountable for outcomes.
- Provide on-going professional development.
- Forge partnerships with parents and community organizations.

To achieve ASEC's overarching objectives, it will:

- Promote students' leadership experiences and skill building opportunities.
- Increase awareness/scope of career options, including non-traditional careers.
- Encourage and promote opportunities to achieve academic success: mentoring, tutoring, field trips, and other forms of academic enrichment.
- Acknowledge and accommodate individual learning styles.
- Develop/encourage parental involvement.
- Introduce and strengthen digital literacy and skills.

Students at ASEC will develop important skills that include the abilities to read, write, compute, speak, ask questions, listen, problem-solve, work independently and in teams, use technology, manage time, accept personal responsibility, stay healthy, and comfortably relate with others. ASEC will promote curiosity, integrity, social responsibility and self-esteem. ASEC will incorporate these maxims into its daily operations. In short, ASEC will equip its students to become motivated and self-disciplined, productive, socially competent, academically competent, self-sustaining learners, and contributing citizens.

ASEC is committed to developing curriculum that is rigorous, relevant, and aligned to the California

Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS). Curriculum will be designed to foster career and college readiness, skill development, and citizenship in a global society.

ASEC's curriculum departments are led by appropriately credentialed teachers and guided and directed by the Curriculum and Professional Development Coordinator. ASEC uses state adopted texts and other materials aligned to California Common Core State Standards (CCSS). Textbooks are specifically selected utilizing criteria developed from educational partner input. Teachers use a variety of research-based instructional practices to teach diverse student populations, including technology-based learning. Many of ASEC's students take online courses and engage in blended (independent study/online) learning opportunities. ASEC's instructional staff are Leading Edge Certified (LEC). Created by an Alliance of nonprofits, universities, and educational agencies, LEC is the first national certification program of its kind and is platform and vendor neutral. This national online teacher certification guides educators through rigorous and engaging curriculum based on the International Association for K-12 Online Learning (iNACOL) National Standards for Online Teaching. This certification gives assurance that LEC Online Teachers will not only have the skills to effectively facilitate online courses but will also have a solid understanding of how to enhance learning opportunities for all students.

ASEC students demonstrate progress by producing daily work, which demonstrates learning consistent with the CCSS, successfully passing end of course exams, meeting growth targets set by Northwest Evaluation Association (NWEA) Measurement of Academic Progress (MAP) semester assessments, state assessments, and other formative assessments as developed by the teacher and/or the school.

As a result of the ASEC educational experience, successful students will be able, among other outcomes, to do the following commensurate with their age and grade level:

ASEC provides an educational option to students and parents in the community who are disengaged and are seeking an academic intervention. ASEC seeks to create a fluid relationship between its program and the comprehensive sites of the District. The re-directive nature of ASEC offers a unique intervention, which provides complementary assessment and instruction centered on assisting students in the completion of instructional objectives. Students shall be redirected to an appropriate instructional setting or successfully graduate from ASEC.

Many students coming to ASEC are initially identified from referrals by the District’s middle and high

school counselors. ASEC is able to meet the needs of all students (e.g., EL, GATE, or Special Education) through a personalized education plan. This plan shall include formative and summative testing data, which may include, but is not limited to, the California Assessment of Student Performance and Progress (CAASPP), English Language Proficiency Assessments for California (ELPAC), PSAT, SAT, ACT, the California Alternate Assessments (CAA), CMA, Northwest Education Association (NWEA) Measures of Academic Progress (MAPs) pre/post local assessment, end-of-course exams, unit exams, Naviance career and learning styles assessments, portfolios, and exhibitions. This data helps to establish student need. Based on this student need and in collaboration with the parent, student, and teacher, a set of instructional goals will be developed. These goals will be achieved through a variety of strategies, including one-on-one tutoring, online courses, projects, seminars, field trips, guest speakers, and supervised study.

The District has a broad and diverse student population. Significant outreach efforts are made to ensure that the student body of ASEC reflects the diverse characteristics of the territorial jurisdiction of the District, as demonstrated in the following table. The Charter School’s outreach efforts are further described in **Element G** of this charter petition.

## COMMUNITY INTEREST

Over the last four years, there has been a continued interest from the East County community to attend Altus Schools East County (**Appendix Z and AA**). The number of students served from the Grossmont Union High School District (“GUHSD”) each year is displayed in **Figure 28**. ASEC has consistently served

from 300-500 from GUHSD annually from 2017-2023.

This demonstrates the community’s interest in seeking an alternative educational option. ASEC differs from DASS schools in GUHSD and the communities it serves due to its unique instructional model and innovative, safe and non-traditional academic environment. Based on its overall academic achievement and engagement outcomes for all students ASEC demonstrates it is a high-performing DASS school across the state and in San Diego County (**Figures 1-30**). These outcomes demonstrate the continued need for a high-performing, quality option within the East County community.

**HOW LEARNING BEST OCCURS**

ASEC believes that learning best occurs when:

- Children feel safe, cared about, respected, and are encouraged to be themselves and to explore their individual talents to the fullest extent possible.
- Children are provided with a supportive environment, positive attitudes, high expectations, and fairness.
- Parents are taught how to help children with their schoolwork and participate in their student's education.
- Teachers are highly motivated and committed and love their work.
- Students are offered an exciting, challenging, and comprehensive curriculum supported with individual tutoring sessions.
- Lessons are designed to appeal to all learning styles.
- All disciplines including the arts, academics, and technology are interrelated as they are in life, thus producing a well-rounded individual.
- Assignments present challenging problems that apply to real world situations and promote inquiry and discovery.
- Assessment of what a student knows and can do is measured by a variety of methods, especially performance assessment and self-assessment.

## **WHAT IT MEANS TO BE AN EDUCATED PERSON IN THE 21<sup>ST</sup> CENTURY**

ASEC helps students acquire the skills to survive and prosper in the 21<sup>st</sup> century. These skills include the ability to read, write, compute, speak, ask questions, listen, problem solve, work independently and in teams, use technology, manage time, accept personal responsibility, stay healthy, and to comfortably relate to others. ASEC promotes curiosity, integrity, social responsibility, and self-esteem.

## **DESCRIPTION OF THE EDUCATIONAL PROGRAM**

It is the philosophy of ASEC that every child is a born achiever. It is the challenge of ASEC to help each child realize his or her talents.

The premise relating to the uniqueness of ASEC's education program centers on two key elements:

1. Many students can benefit from flexible scheduling and personalized education that incorporates focused teaching and support.
2. The collaboration of teachers and parents in their students' academic goals is critical to a successful transformation of students' academic careers.

The ASEC educational program is based on the following elements of success:

- A vision, mission and operational business plan that puts students first.

- Academically rigorous, well-focused, basic core subject curricula.
- Creation of a personalized education plan based on the student’s academic level, learning style, strengths, interests, and goals.
- Professional development that puts skills into a context consistent with the overall Charter School mission.
- Autonomy that allows ASEC to develop and implement a process of change tied to high standards as described in the International Society for Technology in Education (ITSE) and is responsive to technological innovations.
- Parent and community involvement in, and support for, ASEC programs.
- Regular data analysis to measure progress toward achieving both student and staff performance goals.
- An online community communication process detailing student and ASEC performance.
- An effective and efficient business process that ensures maximum utilization of private and public resources, both human and financial.

The Charter School provides an education that allows each student, grades 7-12, to meet California Common Core State Standards by: (1) using standards-based textbooks, resources and instructional materials; (2) providing content standards-based instruction; (3) utilizing course descriptions that are aligned with the State Standards; (4) developing and improving social skills by building self-esteem through achievement and discipline; and (5) learning in an environment that promotes achievement. ASEC offers a menu of learning opportunities for students that includes independent study, home study, blended (independent study/online), and online learning, along with other creative modes of instructional delivery developed by staff in partnership with the community.

The Charter School serves a large population of students who are achieving below grade level and/or course content levels. This critical mass of students who are deemed “high risk,” and many with special needs will benefit from a personalized educational program that provides strong tutorial support.

After completion of enrollment, students are assessed and immediately engaged with a rigorous, technology-enhanced curriculum that is customized to meet their specific academic needs. The parent and teacher build custom plans to meet the individual goals, strengths, and interests of each child. Students in grades 7- 12 take one to two courses at a time, allowing them to focus on mastering the State Standards of one course before moving on to the next. Teachers utilize a variety of instructional modes of delivery to target student engagement and increase achievement. Independent study, online, home school, and blended learning options provide a range of student learning opportunities based on learning styles and pathways. In addition, each student’s pathways personalized education plan is enhanced with one-on-one and small group tutoring, field trips, volunteer opportunities, cultural events, guest speakers, career days, a wide variety of elective course options, and work experience customized to student interest and pathway choice. Each teacher has the support of a Certificated Teacher Resource who supports the delivery of curriculum.

To ensure the instructional strategies and engagement activities are providing a successful path for individual

students, a variety of data will be integrated into the pathways personalized education plan. Teachers use instructional software tools such as Naviance, ASEC’s college and career software. Teachers also utilize NWEA MAP assessment software School Pathways Student Information System (SIS), and Illuminate’s Data and Assessment platform to view real time student achievement data. Naviance, MAP, SIS and Illuminate data are integrated into the Charter School’s instructional data monitoring system. The data is systematically reviewed and analyzed by teachers and Charter School leaders to ensure that the instructional strategies used are truly effective for each student. Based on the instructional data, teachers can immediately reconcile and adjust the student’s instruction, methods of delivery and resources. Because the Charter School has purposely designed its program so that teachers work with only a few students at a time, teachers are able to communicate frequently with the family and get to know each student’s academic strengths and social needs. The largest differentiator for ASEC’s program is the ability to go well beyond traditional methods to transform the lives of all students. Teachers and staff conduct home visits, perform and track appropriate interventions, and refer students and families to specific community resources and partnerships.

ASEC has an established Multi-Tiered System of Supports (“MTSS”), which is a comprehensive framework that integrates State Standards, core instruction, differentiated learning, student-centered learning, individualized student needs, and the alignment of systems necessary for all students’ academic, behavioral, and social success. These include the personalized education planning process, social-emotional learning programs, community-based partnerships, a Healthy Youth Program to provide mental health services, interventions for high-risk students, supports for Special Education, services for English Learners (“ELs”), and programs for Gifted and Talented Education (“GATE”). ASEC has a systematic and integrated process for instructional support and interventions.

The teachers at ASEC engage in professional learning on a monthly basis that is focused on standards-based instructional and engagement strategies for diverse student populations. Monthly Instructional Meetings cater to the best practices offered by the Instructional, Curriculum, and Assessment Teams.

Additionally, teachers attend a variety of trainings that include guest speakers from law enforcement agencies, community-based organizations, Child Protective Services, and other supportive agencies in order to assist the teachers in servicing the students’ needs. The School Coordinator meets weekly with the Counselors to discuss student outcomes and possible interventions that need to take place or be instituted to assist the teachers or the students. The instructional team utilizes the personalized education planning process to monitor student progress and identify services to support student achievement.

### **Independent Study Assurances**

ASEC shall comply with all applicable independent study laws including, but not limited to, Education Code Sections 51745 *et seq.*, 47612.5, 47634.2; and Title 5, California Code of Regulations, Sections 11700-11705. These laws require, among other things, that ASEC shall operate pursuant to an adopted independent study Board policy; each student will have a master agreement; and ASEC must file for a funding determination as a condition of funding. The Charter School shall maintain written contemporaneous records that document all student attendance. An annual, independent audit of student records shall be conducted by a state-approved certified public accountant and needs to be free of exceptions or qualifications. These records shall be made available for audit and inspection.

### **Parent/ Teacher/ Student Master Agreement**

For all students participating in independent study, pursuant to Education Code Section 51747, an agreement

shall be signed by: (1) the parent, guardian, or caregiver of each charter school pupil; (2) the student; (3) the certificated charter school employee who has been designated as having responsibility for the general supervision of independent study; and (4) all persons who have direct responsibility for providing assistance to the pupil. This agreement shall include all of the elements described in Education Code Section 51747(c).

Parents of ASEC students are expected to commit to the following principles to ensure a better education for their children:

- Understand the educational plan of the Charter School, the Charter School's operation, and the roles, rights, and responsibilities of parents and their children.
- After admission, attend a mandatory orientation meeting to learn about charter schools, the Charter School's educational program, the Student/Parent/Teacher Master Agreement, and ways in which parents can contribute to the success of both their child and ASEC.
- Complete and return all forms, questionnaires, and other requests for information that may be required by the Charter School as approved by the Board of Directors.
- Ensure the completion of homework and class projects.
- Reinforce the importance of education on a daily basis and discuss with each student what was taught at school.
- Assure that each student arrives at school on time, dressed appropriately, and ready to learn.
- Understand and reinforce the Student Conduct Code.
- Attend Open House and Senior Exit Orientation (if applicable) each year.
- Keep informed about the Charter School through communication with the classroom staff and by materials regularly distributed to students and/or their families.

### School Calendar

ASEC is committed to ensuring that the legally required minimum number of annual instructional minutes and annual school days are offered as required by Education Code Section 47612.5 and Title 5, California Code of Regulations, Section 11960. Thus, ASEC for each fiscal year will offer at a minimum the following number of minutes of instruction supervised by a certificated teacher:

1. To students in grades 4 to 8, inclusive, 54,000 minutes.
2. To students in grades 9 to 12, inclusive, 64,800 minutes.

Please see ASEC's 2024-2025 Pupil Calendar **Appendix X**.

### CURRICULUM

A summary of ASEC's curriculum is provided below. As the State Standards develop and evolve, the curriculum may change to maximize learning.

ASEC’s academic program focuses on academic improvement and high caliber teaching in safe and supportive learning environments. The Charter School’s curriculum is rigorous, relevant, student and teacher driven. The opportunities offered at ASEC prepare students for their roles as learners, future employees, and contributing citizens in an ever-changing global society. The Charter School is committed to developing curriculum and assessments that measure the extent to which students possess college, career and citizen-ready skills and knowledge State Standards. ASEC fosters the natural talents and skills of the instructional team to ensure that all learners find success.

ASEC’s curriculum departments are led by well-qualified teachers and, under the guidance of the Curriculum and Professional Development and Accreditation Administrator, design and create the subject matter curriculum using the State Standards as their guides. The textbooks and other resource materials, as identified either from the state adopted textbook list for TK-8 or 9-12 recommended lists, are used to complete the courses. The textbooks are further reviewed for application for independent study students. The teachers use a wide variety of teaching techniques to engage all learning modalities, including technology-based learning. Because ASEC students have the option to take online and blended learning (independent study/online) courses, the Charter School encourages its instructional staff to become Leading Edge Certified. This national online teacher certification guides educators through rigorous and engaging curriculum based on the Quality Matters Standards for Online Teaching. Upon successful completion, the certification gives schools, districts, and other prospective employers assurance that Leading Edge Certified Online Teachers not only have the skills to effectively facilitate online courses, but also have a solid understanding of how to enhance the learning opportunities for all students enrolled in their courses.

ASEC’s grade 7-12 course catalogs and course descriptions (**Appendix V**) are reviewed and revised as necessary on an annual basis to ensure that the optimal academic outcomes are met. ASEC ensures that all of its core courses, foreign language, visual & performing arts, and some electives are listed on the approved UC A-G and NCAA lists (**Appendix O and P**).

### **English/Language Arts**

English courses require students to be immersed in information about the world around them if they are to develop the strong general knowledge and vocabulary, they need to become successful readers and be prepared for college, career, and life. Students are engaged in increasingly complex tasks of decoding, analyzing, and synthesizing materials that include many cross-curricular texts, playing an important part in building students’ content knowledge. It is vital for students to have extensive opportunities to build knowledge through texts so they can learn independently. Throughout the Language Arts and English courses, students participate in various text types that explore text to text, text to self, and text to world items. They conduct research and create various forms of writings that demonstrate a high level of competency in each of the genres found in English/Language Arts. The students that demand a greater or more rigorous academic challenge will have the ability to take AP courses. Advanced Placement exams are offered and administered in the spring semester for students who have taken and passed the AP courses. All courses will also provide for remediation and/or scaffolding for students with disabilities or English Learners. ASEC has UC A-G and NCAA approval for all core high school English/Language Arts courses.

### **Post High School Pathways**

Once a student is enrolled at ASEC, the student completes personality and career interest surveys on Naviance. Naviance is a comprehensive college and career readiness web-based tool for middle and high schools that helps align student strengths and interests to post-secondary goals and improves student outcomes. The parent/guardian, student, and teacher meet to discuss the results. The results demonstrate the student's learning style as well as career interests. Based on the career interests, the teacher assists the student with creating a post- high school plan. ASEC's students are placed in one of four post-high school pathways: four-year college/university; two-year college, school-to-work/Career Technical Education, or the military. The courses identified above satisfy the post-high school pathways for college bound students. In addition to the college preparatory coursework, ASEC offers courses that are specifically designed for students in grades 9-12 who have expressed an interest in specific career pathways.

### ACCREDITATION, TRANSFERABILITY OF COURSES, AND NOTICE TO PARENTS

At the time that a parent submits an application to enroll his/her student in ASEC, the Charter School shall provide written information to parents of students in grades 9-12 regarding the transferability of courses to other public high schools and the eligibility of the courses to meet college entrance admissions requirements.

ASEC has received accreditation from the Western Association of Schools and Colleges (WASC).

ASEC has received approval of 'a-g' courses from the University of California.

### CHARTER SCHOOL GOALS AND ACTIONS TO ACHIEVE THE EIGHT STATE PRIORITIES

Please see the section “Goals, Actions and Measurable Outcomes Aligned with the Eight State Priorities” in **Element B** of the charter for a description of ASEC’s annual goals to be achieved in the Eight State Priorities schoolwide and for all pupil subgroups, as described in Education Code Section 52060(d), and specific annual actions to achieve those goals, in accordance with Education Code Section 47605(c)(5)(A)(ii).

### PLAN FOR STUDENTS ACHIEVING BELOW GRADE LEVEL

ASEC’s **Multi-tiered System of Support (MTSS)** engages at-risk students in participating and excelling in school. (**Appendix DD**) ASEC identifies students who are below grade level immediately upon enrollment. At the first student appointment, ASEC staff administer the NWEA MAP English Language Arts and Math surveys. Counselors will review these academic assessment results along with academic history and records to assess student overall achievement levels and inform the creation of the **Pathways Personalized Education Plan (PPEP)** and the initiation of MTSS. ASEC’s goals in implementing the tiered system of support are to increase student engagement and increase student achievement for students who are achieving below grade level. The following components of tiered supports will be targeted towards high-risk students:

**Core Instruction:** Research-based instructional strategies will be integrated into all core content curricular areas. Content area teachers are trained in research-based instructional strategies: Universal Design for Learning (“UDL”), embedded literacy instruction across curricular area, blended (independent study/online) learning, differentiation, scaffolding, and formative assessments. Courses are adjusted based on student instructional level, interests, and Pathway. Students will participate in small-group and individual tutoring sessions.

#### **Social Emotional Learning Program:**

- Employing Trauma Informed Practices (TIPS) in teacher engagement strategies: Teachers lead communications through a trauma-informed lens.
- Resilience in Students and education (“RISE”) is a social-emotional learning series of live, interactive, video broadcasts for students. RISE sessions are aligned to Social and Emotional Core Competencies in order to enhance a student’s capacity to integrate skills, attitudes, and behaviors which effectively and ethically deal with daily tasks and challenges.
- Healthy Youth Program (“HYP”) and Crisis Support: ASEC understands how important it is to meet the needs of each student and family and to attend to the social and emotional needs that arise during times of crisis and challenge. ASEC provides individual counseling and small group social-emotional

learning sessions that are essential to mental health and wellness.

**Professional Learning Communities:** Instructional Leaders provide training, resources, structure, and guidance to teachers to engage in frequent collaboration, analyze assessments, and implement best practices to increase student achievement.

**Data Collection, Monitoring, and Reporting:** Curriculum, instructional, and professional development decisions are made based on close analysis of student achievement and engagement data.

**Parent Trainings:** Research-based parent trainings are held on topics relevant to current family issues and trends.

**Intervention:** Intensive intervention process is designed to identify all areas of concern, causal factors, and personalized plan to address challenges.

**High School Completion Options:** Multiple paths to successful completion will include preparation for GED or HiSET are available to students who enroll significantly behind grade level in skills and high school credits.

**Student and Family Services and Supports through partnerships:** Established partnerships that are community based and free or reduced cost are provided to students as part of their personalized intervention plan. The counselors facilitate appropriate referrals and resources for each student.

Student progress is monitored through the systematic Pathways Personalized Educational Plan (“PPEP”) process that requires analysis of student achievement measures at least three times throughout the school year. The instructional team, including the parent(s), determines the supports and services that are most effective for each student and identifies any additional curricular and instructional supports necessary to support student achievement.

## **PLAN FOR STUDENTS ACHIEVING ABOVE GRADE LEVEL**

Through the **Multi-tiered System of Support (MTSS)**, ASEC systematically addresses support for all students, including gifted students and high achievers. Students who demonstrate the ability, through a variety of assessments, to perform above grade level have a PPEP that reflects their strengths and interests through course selection and planning, differentiation of instruction, opportunities for acceleration, and curriculum enrichment and extension. The instructional team, including parents, teacher, counselor and student, will collaborate to select appropriate courses including Honors, Advanced Placement, Dual enrollment and Articulated courses. Following a course of study aligned to ASEC’s instructional framework, students are able to demonstrate mastery of subject matter standards at their own pace, giving students with advanced skills the option to complete courses in less time. ASEC provides the opportunity for students to be concurrently enrolled in community college courses (**Appendix EE**) and to consult regularly with one of ASEC’s college counselors. Additionally, teachers will participate in monthly professional development that focuses on instructional strategies and engagement techniques for a diverse student population.

ASEC recognizes that each student is a unique individual with his/her own interests, strengths, and challenges. The Charter School’s goal is to identify and celebrate the unique gifts and talents of every student. “Giftedness” occurs along a continuum. Strategies that work for one gifted student will not necessarily work

for all gifted students. ASEC pairs the principles of personalized learning with research-based strategies for gifted students to maximize the academic, social, and personal successes of **Gifted and Talented** students.

At ASEC, GATE students are offered an **Individualized GATE Plan (“IGP”)**. The IGP is created by the student, parent(s), and teachers, to plan the services and program options that address the unique needs of each gifted student based on their needs, interests, and abilities.

Each IGP incorporates essential elements of gifted education:

- Differentiated learning experiences including Acceleration and Enrichment
- Differentiated curriculum responsive to the needs, interests, and abilities of students that utilizes a variety of teaching and learning platforms
- Learning environments that inspire creativity, flexibility, and autonomy
- Small group instruction
- Opportunities for independent study, community-based learning, and project-based learning
- Postsecondary Education

Students receive individualized instruction with a **GATE Certified teacher** one-on-one and in small groups. Students are encouraged to enroll in Honors courses, Advanced Placement courses, and Accelerated courses. Curriculum is compacted based on standards mastery. Whenever possible, courses incorporate project-based learning, community-based learning, and student choice and voice in topics and subject matter to master key concepts and skills.

Please see ASEC’s GATE Plan (**Appendix R**).

## **PLAN FOR ENGLISH LEARNERS**

ASEC meets the applicable legal requirements for English Learners, including long-term English Learners or English Learners at risk of becoming long-term English Learners, pertaining to annual notification to parents, student identification, placement, program options, designated and integrated English Language Development (ELD) instruction, teacher qualifications and training, re-classification to fluent English proficient status, monitoring and evaluating program effectiveness, standardized testing requirements, and parent/family engagement. ASEC implements policies to assure appropriate placement, evaluation, and communication regarding ELs and the rights of students and parents. ASEC fully implements a specially designed English Learner Plan that addresses the needs of the high-risk/at-promise student population served and:

- Outlines consistent practices in the development, implementation, and evaluation of English Learner programs and services.
- Provides specific procedural guidelines for the identification, instruction, assessment, and reclassification of students.
- Aligns to the principles of the California English Learner Roadmap.
- Articulates the English Language Development program and options for ELs, including equitable access to rigorous course of study and high-quality instruction.
- Describes the formation and functions of the English Learner Advisory Committee (“ELAC”).

Please see ASEC’s English Learner Plan (**Appendix S**).

## English Learner Identification

The **Home Language Survey (“HLS”)** is administered upon a student’s initial enrollment into the Charter School (on enrollment forms). The HLS is used to identify whether the primary or native language of the student is a language other than English. The Charter School uses the HLS to verify data in CALPADS and to capture survey information for students enrolling for the first time in California or the United States.

Using the HLS, students who have been identified to have their primary or native language be a language other than English, and have not been previously assessed, are given the Initial English Language Proficiency Assessments for California (ELPAC). If a student does not demonstrate proficiency, the student will qualify as an English Learner.

## English Learner Assessment

All students who indicate that their home language is other than English are assessed with the state-approved assessment of language proficiency (ELPAC Initial Assessment) within 30 days of initial enrollment and at least annually (ELPAC Summative Assessment) thereafter until re-designated as fluent English proficient.

The Charter School notifies all parents of its responsibility for ELPAC testing and of ELPAC results within 30 days of receiving results from the publisher. The ELPAC is used to fulfill the requirements under Every Student Succeeds Act for annual English proficiency testing and progress reporting.

Results of each student’s assessment are sent to parents or guardians in their primary language. These results are also included in the PPEP for instructional planning.

For students who enroll with previous ELPAC results, the ELPAC is administered annually based on the ELPAC summative assessment window until students are reclassified as fluent English proficient. Students with disabilities who are also identified as ELs will be assessed based on designated supports or accommodations according to their Individualized Education Programs (“IEP”) or 504 plans or by an alternate assessment as determined by the IEP or 504 team.

The Charter School notifies all parent/guardians annually, in writing, and in the student’s home language, when possible, of the ELPAC assessment administration, the reasons their child is identified as an EL, and of ELPAC results.

Additionally, ASEC assesses all students upon enrollment and at the beginning and end of each school year using a standards-based assessment, NWEA MAP in reading, language usage, and math. MAP assessments provide detailed, actionable data on student’s present skill levels in relation to state standards to inform the creation of the PPEP upon enrollment. MAP pre- and post-assessments provide student growth data for the school year to inform the adjustment of the PPEP as necessary for student achievement. MAP data provides specific information about student reading skills in the areas of word recognition, word structure, vocabulary, reading literature, and reading informational text skills for comprehension and fluency.

## English Learner Reclassification

Reclassification is the process in which an English Learner is reclassified as a Fluent English Proficient (“RFEP”) student after meeting various linguistic and academic criteria. ASEC has developed student

reclassification procedures based on criteria set forth by CDE guidelines. Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

**Criteria A.** Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.

ELPAC results should demonstrate English proficiency in all domain areas with an ELPAC Overall Performance Level (PL): 4 or Alternate ELPAC Overall PL 3.

**Criteria B.** Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

Demonstration of "basic skills" in English from an objective assessment that is also given to English proficient students of the same age.

- MAP: Reading scores must fall within the student's grade level range; or,
- Smarter Balanced ELA Summative Assessment scores will meet or exceed the standard.
- For students who take the Alternate ELPAC: Teacher Form of the Vineland Adaptive Behavior Scale Score of Adequate, Moderately Low or higher in the Communication Domain.

**Criteria C.** Participation of the pupil's teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil's curriculum mastery.

Teacher Input for Reclassification Form

- Teachers evaluate EL student use of English while engaging in grade-appropriate academic content learning. The form evaluates the student's proficiency in oral and written language supported by academic qualitative and quantitative performance data.
- For students who take the Alternate ELPAC, instructional staff will use the student's classroom and academic performance based on the student's IEP goals for academic performance and ELD.

**Criteria D.** Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents' opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

Parent Consultation

- Parents are consulted and engaged in the Reclassification determination process, inclusive of IEP team members.

### **Monitoring Reclassified Fluent English Proficient Learners**

ASEC implements a systematic process to monitor the academic progress of all Reclassified Fluent English

Proficient students for four years from the year of reclassification, as required by state and federal guidelines. RFEP students are expected to meet grade-level content standards and the requirements for high school graduation. Parents are notified of ongoing progress after reclassification during parent-teacher meetings each semester. Each year, through the PPEP process and the use of Ellevation, an EL program monitoring system, the instructional team is able to leverage the integration of student data and efficient processes to determine an informed and strategic instructional approach for each student. Teachers complete an RFEP Student Monitoring Form to report on academic performance and ELD skills and make a recommendation for next steps. For students not meeting proficiency targets, staff analyzes student assessment data and creates an instructional intervention plan. Assessment data that is monitored includes:

- ELPAC scores
- MAP Reading scores
- MAP Language Usage scores
- Curriculum Embedded Assessments
- CAASPP scores
- Participation Rates
- Credit Completion Rates
- Teacher and parent/guardian observation

The instructional team, through the PPEP, collaborates to determine the effectiveness of the program for each student. When students have not made adequate progress, the Multi-tiered System of Supports (MTSS) is utilized to determine and apply interventions. These interventions can include ELD instruction, instructional aids and supports, and/or family and community support services to support the academic, behavior, and socio-emotional needs of students.

Intervention measures may include:

- Conference with student and parent/guardian
- Referrals and resources given to student and family
- Specialized reading and/or writing tutoring sessions
- Placement in ELD and/or Literature and Comprehension courses
- Customized curriculum with literacy supports, scaffolds, and learning resources

### **Comprehensive English Language Development Program**

ASEC's goal for English Learner programs is to support the development of ELs' fluency in English and proficiency in the core curriculum. Through a Structured English Immersion (SEI) Program designed for independent study and flexible learning models, English Learners at ASEC receive nearly all instruction in English, with curriculum and instruction designed to provide access to the standards-based curriculum for pupils who are learning English. Students participate in a comprehensive ELD program with **Designated ELD** to support academic language proficiency, and **Integrated ELD** to provide access to grade level academic subject matter content. Program participation and program effectiveness are monitored using assessment data. Programs are customized as needed based on information from assessments and instructional team input.

ELs have full access to the Charter School's educational program through **Integrated English Language Development**. Teachers use the California English Language Development Standards in tandem with the

State Standards for ELA/Literacy and other content standards.

Teachers are specifically trained on ELD standards and research-based instructional strategies including Specially Designed Academic Instruction in English (SDAIE), the Sheltered Instruction Observation Protocol (SIOP) Model to make content comprehensible for English Learners and Writing Redesigned for Innovative Teaching and Equity (WRITE). Instructional strategies that are commonly embedded into curriculum and utilized in tutoring sessions include: building on prior knowledge, primary language and culture, explicitly teaching comprehension strategies, academic vocabulary, text and language features, sequencing texts and tasks, rereading, structuring discussions, and utilizing supportive tools such as graphic organizers, charts, diagrams, and outlines.

Achieve 3000 is an online literacy tool that provides differentiated instruction based on individual student reading levels. The program allows students to build literacy and content-area knowledge simultaneously. Embedded scaffolds and supports, including Spanish language support, accelerate student learning gains within the school year.

MyPath Reading is a supplemental reading intervention program that provides differentiated instruction based on individual student reading levels. The program helps students improve reading comprehension, vocabulary, and fluency.

The Charter School utilizes a web-based comprehensive English language learning program (BrainPOP ELL) that uses highly engaging animated visuals and provides explicit instruction of grammar concepts and academic vocabulary.

The Charter School offers EL students blended learning opportunities. Online courses (Edgenuity) offer many supports for EL students including audio translation of text, explicit instruction of academic vocabulary, Closed captioning of instruction, and close reading of text.

**Designated ELD** is structured as a highly individualized curriculum based on CA ELD standards. Students are enrolled in culturally responsive, grade level courses that are aligned to the CA ELD standards in order to develop critical language ELs need in Reading, Writing, Speaking and Listening for content learning in English. These language development courses are enhanced with individualized tutoring sessions and literacy instruction, in person or virtually, that utilize systematic, focused, and highly engaging teaching materials that prepare students for success with the Common Core State standards. The courses engage students in blended **weekly synchronous** and **daily asynchronous** learning, may utilize literacy circles with grade level, standards-based curriculum resources, and provide opportunities for daily live interaction with teachers and instructional support staff.

Students are identified to participate in appropriate Designated ELD courses based on their language proficiency according to their ELPAC results. The instructional team, including parents/guardians, set proficiency goals for students with measures and benchmarks for achievement.

### **Access to Honors, Advanced/AP Classes, Early College Credit and Special Education**

English learners have the same access to the education programs and services as native English-speaking students. At ASEC, a lack of proficiency in English is not a barrier to enrollment in courses meeting the a–g requirements or in AP/Honors classes in subject areas other than English. English Learners also have access to the Early College Credit program, in which they can earn college credits through dual enrollment

and by completing articulated coursework. Students will be placed in these courses according to the PPEP, teacher recommendation, and the approval of the Learning Lead and Counselor.

English learners have equitable access to the same education programs and services as native English-speaking students, including special education services. In making the determination of eligibility for special education services, English proficiency is not a determining factor for establishing that a child has a disability.

## **PLAN FOR STUDENTS WITH DISABILITIES**

### **General Overview**

ASEC shall comply with all applicable state and federal laws in serving students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act (“Section 504”), the Americans with Disabilities Act (“ADA”) and the Individuals with Disabilities Education Act (“IDEA”).

ASEC is an independent local educational agency (“LEA”) member of the El Dorado County Charter Special Education Local Plan Area (“SELPA”) in conformity with Education Code Section 47641(a). Altus Schools is one of the founding partners of the El Dorado County Charter SELPA and is in good standing.

ASEC shall comply with all state and federal laws related to the provision of special education instruction and related services and all SELPA policies and procedures; and shall utilize appropriate SELPA forms.

ASEC shall be solely responsible for its compliance with Section 504 and the ADA. The facilities utilized by ASEC shall be accessible for all students with disabilities.

ASEC is strongly committed to serving the needs of all students enrolled in its program. Students with an IEP are welcomed and supported. ASEC works closely with the El Dorado County Charter SELPA in order to coordinate services locally. ASEC representatives attend El Dorado County Charter SELPA organizational meetings on a monthly basis. These meetings are designed to ensure compliance in the administration of the program, delivery of service, and fiscal management. Fully credentialed Education Specialists and Resource Specialists are hired locally and, as direct ASEC employees, they provide Specialized Academic Instruction (“SAI”) to students who have been identified as requiring the service as part of their Free and Appropriate Public Education (“FAPE”). Special Education related services are contracted locally. Related services include, and are not limited to, Speech and Language services, Occupational Therapy, Physical Therapy, Educationally Related Mental Health Services, Vision Therapy, and Social Work services. These services are provided by CDE-certified Non-public Agencies (“NPA”) and Non-public Schools. Contracts with these providers will assure adherence to all federal, state, and local requirements for special education compliance during the term of the agreement. El Dorado County Charter SELPA training and professional development for special education staff will be conducted in San Diego County. Facilities will be compliant with IDEA requirements.

ASEC will exercise the flexibility to design a program based on the inclusive model that incorporates serving students with disabilities. ASEC will engage the SELPA in the IEP placement of students who are identified as requiring an education placement that ASEC is unable to provide.

### **Section 504 of the Rehabilitation Act**

ASEC recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis

of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. A student who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment, is eligible for protections under Section 504.

A 504 team shall be assembled by the School Coordinator and shall include the parent/guardian, the student (where appropriate) and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team shall review the student's existing records; including academic, social and behavioral records, and is responsible for making a determination as to whether an evaluation for 504 services is appropriate. If the student has already been evaluated under the IDEA but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the 504 team, which will evaluate the nature of the student's disability and the impact upon the student's education. This evaluation will include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.
- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.
- Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not be identified as a person with a disability is made by the 504 team in writing and notice is given in writing to the parent or guardian of the student in their primary language along with the procedural safeguards available to them. If during the evaluation, the 504 team obtains information indicating possible eligibility of the student for special education per the IDEA, a referral for assessment under the IDEA will be made by the 504 team.

If the student is found by the 504 team to have a disability under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free and appropriate public education ("FAPE"). In developing the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the Charter School's professional staff.

The 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary.

All 504 team participants, parents, guardians, teachers and any other participants in the student's education, including substitutes and tutors, must have a copy of each student's 504 Plan. The School Coordinator will ensure that teachers include 504 Plans with instructional planning for short-term substitutes and that he/she review the 504 Plan with a long-term substitute. A copy of the 504 Plan shall be maintained in the student's file. Each student's 504 Plan will be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

## Element C: Methods of Assessment and Other Uses of Data

---

**Governing Law:** *The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. Education Code Section 47605(c)(5)(C).*

### OVERVIEW

Altus Schools East County (“ASEC” or “Charter School”) shall meet all statewide standards and conduct pupil state assessments required pursuant to Education Code Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools.

ASEC will utilize methods of assessments in its educational program, which are aligned to the Eight State Priorities and demonstrate multiple measures for each subject area. Charter School affirms that its methods for measuring pupil outcomes for the Eight State Priorities, as described in **Element B**, shall be consistent with the way information is reported on a school accountability report card as required by Education Code Section 47605(c)(5)(C).

### ASSESSMENT OF STUDENT AND SCHOOL OUTCOMES

A comprehensive assessment program is imperative to measure student performance outcomes and maintain the vision of ASEC. No single assessment can provide all the information needed to make informed decisions about every student’s learning. A collection of measures aligned to academic standards will provide meaningful insights about each student’s achievement and the Charter School’s effectiveness.

ASEC utilizes a variety of assessments, both formative and summative, and key indicators to demonstrate achievement of academic standards and schoolwide learning outcomes. These measures are utilized to demonstrate student achievement and engagement as it aligns to the Eight State Priorities. These will include, but will not be limited to:

#### State-Mandated Tests

- CAASPP assessment system (e.g., the Smarter Balanced Summative Assessments in ELA and Mathematics, California Science Test (“CAST”), and the California Alternate Assessments)
- ELPAC – Initial and Summative Assessments, including Alternate Assessments
- Physical Fitness Test – (“PFT”)

#### Local Assessments

- NWEA MAP Growth Assessments (Reading, Language Usage, and Mathematics) – Grades 7-12
- CAASPP Smarter Balanced Interim Assessments in English Language Arts/Literacy and Mathematics
- End-of-course examinations aligned to State Standards
- Unit tests, quizzes and learning checks
- Lexile scores
- Portfolios
- Exhibitions
- Oral presentations

- Rubrics
- Student/parent/mentor observations
- Performance-based and skill demonstrations
- Surveys

### **Other Key Performance Measures**

- Course Completions (including UC a-g and CTE completions)
- Academic Grade Point Averages
- Suspension and expulsion rates
- Participation Rate (Attendance)
- Chronic Absenteeism (k-8)
- Dropout Rate (1 year)
- Graduation Rate (1-year DASS)

### **Optional Assessments**

- PSAT
- ACT
- SAT
- AP
- CHSPE
- HiSET

ASEC is an active DASS School and complies with all applicable requirements under the state accountability system, including the California School Dashboard. Due to the special target population that the Charter School serves, the focus is reengaging and motivating students to continue towards the achievement of their PPEP which focuses on positive student outcomes.

The evaluation and analysis of the assessments and measures above are embedded in each student's PPEP. Student performance and progress on state mandated assessments, including the SBA in ELA and Math, the CAST, Alternative Assessments (as applicable), and the Summative ELPAC are measured annually. Local assessments (MAP Growth and Smarter Balanced Interim Assessments) are used throughout the year to determine progress towards standards mastery. End-of-course exams, unit tests and learning checks on State Standards, portfolios, exhibitions, surveys and other measures are monitored daily, weekly and/or monthly through the student's PPEP in order to individualize and target each student's learning needs based on strengths and deficiencies. As part of the PPEP, students complete surveys through Naviance that teachers can utilize to enhance engagement opportunities to keep students on track towards their post-high school plans. Optional assessment results through the PSAT, SAT, ACT and APs are also evaluated to demonstrate performance and proficiency towards a student's post-high school pathway.

The School Coordinator meets with teachers three times throughout the school year to conduct a thorough analysis of individual student progress on key measures aligned to State Priorities. These progress reviews are shared with the student and parent(s) to determine any additional curricular and instructional supports and services that are necessary to support positive student outcomes. In addition, students' self-reflection on strengths and challenges are a valuable tool that guides teachers' instructional decisions. When students are asked to reflect on their own performance, they become empowered to recognize their progress and become responsible for their own learning.

## USE AND REPORTING OF DATA

Use of assessment data and measures of academic outcomes allow teachers to differentiate instruction based on students strengths, interests, and talents; and set goals and plans for students. Assessment data and key measures allow ACEC to evaluate programs for continuous improvement and instructional strategies implemented to increase student outcomes. Data will also be used to target professional development for teachers.

ASEC uses a systematic process whereby numerous data points pertaining to student performance are measured, monitored, evaluated, and reported. Data is made available through the SIS known as School Pathways. School Pathways contains data on student achievement, programs, student history, enrollment, demographics, and attendance. Support staff have broad access to School Pathways' SIS and teachers have access to student data. The system generates reports that are circulated to the administration, faculty, support staff, students, and parents. Many of these reports can be found in The Storybook. The Storybook is a tool used to report data monthly and annually on key performance measures aligned to the State Priorities. ASEC publishes the Storybook for the purpose of evaluating student outcomes and informing instructional teams and curricular departments. Teachers and Instructional Leaders evaluate data including school participation (attendance), credit completion rates, MAPs scores, dropout rates, graduation rates, CAASPP results, ELPAC results and other measures of student achievement and engagement during monthly instructional meetings to improve the instructional and operational programs within the Charter School. Data is also disaggregated by student groups and special populations to closely monitor the progress of socioeconomically disadvantaged students, EL students, homeless and foster youth, and students in special education programs. At the end of the year, each monthly Storybook is compiled into an Annual Storybook document used to demonstrate success and identify areas of improvement for each school year. Teachers also utilize Illuminate's Data and Assessment platform to review learning checks and unit assessments to identify continued areas of growth to assist students with standards mastery. End of course exam data in Illuminate is used to evaluate instructional strategies and curriculum for any revision or enhancement needs.

Information on the educational performance and progress of students is regularly provided to all educational partners. Data is shared with parents and other community partners in a variety of ways. Parents receive ongoing updates through the PPEP process from the resource center teacher in the form of phone calls, progress reports, letters, home visits, e-mails, intervention meetings, and Master Agreement signings. Formal assessment results are shared on the Charter School's website, at parent trainings, during Open House, and at ELAC meetings. Results are also sent home to inform parents and students of their performance on assessments such as CAASPP, ELPAC and PFT. Parents and the community have access to the Charter School's California School Dashboard outcomes, the annual School Accountability Report Card ("SARC") posted on the ASEC website, the CDE's DataQuest system, and Board of Director meetings.

### SARC and LCAP

ASEC complies with state mandated requirements applicable to charter schools regarding the SARC and LCAP each year. Outcomes on assessments and key measures above are aligned to State Priorities and are reported annually in the SARC and the LCAP Annual Update.

- Sharing of positive student outcomes and accomplishments
- Teachers receive professional development oriented to the engagement of parents in student learning

Accordingly, part of ASEC's educational plan is an agreement between parents and ASEC known as the Parent/Teacher/Student Master Agreement that is intended to encourage parental involvement and cooperation that ensures success of ASEC's educational program. Such a contract is designed to empower parents with respect to their children's education by strengthening the partnership among parents, students, and teachers.

ASEC's philosophy is that parents choose to send their children to ASEC because they have high expectations of ASEC and the benefits that they and their children will receive. In turn, ASEC has high expectations of parents to contribute to the team effort needed to fulfill all expectations. Excellence in a charter school cannot be accomplished nor maintained without the active participation of the parents of enrolled students. The Suspension and Expulsion Policy and Procedures have been established by the Board of Directors in order to promote learning and protect the safety and well-being of all students at Altus Schools East County. In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at the non-charter schools may be suspended or expelled and the procedures governing those suspensions, and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook and will clearly describe the discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities, for whom Charter School has a basis of knowledge of a suspected disability, or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian requests a hearing, the pupil's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. #### **3. Suspension Time Limits/Recommendation for Expulsion**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the

student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

#### **4. Homework Assignments During Suspension**

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

#### **D. Authority to Expel**

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Altus Schools Southern California ("Altus Schools") Board of Directors following a hearing before it, or by the Altus Schools' Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the Charter School's Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

#### **E. Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Altus Schools' Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under Family Educational Rights and Privacy Act (FERPA) unless the

student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student.

The notice shall include:

- a. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
- b. A copy of Charter School's disciplinary rules which relate to the alleged violation;
- c. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
- d. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
- e. The right to inspect and obtain copies of all documents to be used at the hearing;
- f. The opportunity to confront and question all witnesses who testify at the hearing;
- g. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

#### **F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

## **G. Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

## **H. Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board, or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

## **I. Expulsion Decision**

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

## **J. Written Notice to Expel**

The School Coordinator or designee following a decision of the Board to expel shall send written notice

of the decision to expel, including the Board's adopted findings of fact, to the student or student's parent/guardian. This notice shall also include the following: Notice of the specific offense committed by the student; and Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School.

#### **N. Rehabilitation Plans**

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to Charter School for readmission.

#### **O. Readmission or Admission of Previously Expelled Student**

The decision to readmit a pupil after the end of the pupil's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding the School Coordinator's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or seeks admission to the Charter School.

## **R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities**

### **1. Notification of SELPA**

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

### **2. Services During Suspension**

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

### **3. Procedural Safeguards/Manifestation Determination**

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parent/guardian to determine:

child's disability; or

- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

#### **4. Due Process Appeals**

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent/guardian and Charter School agree otherwise.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

## 5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

## 7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

**Governing Law:** *The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to the provisions of the charter. Education Code Section 47605(c)(5)(N).*

### DISPUTES BETWEEN ALTUS SCHOOLS EAST COUNTY AND THE DISTRICT

The staff and Board of Directors of Altus Schools East County (“ASEC” or “Charter School”) and the District agree to attempt to resolve all disputes regarding this charter pursuant to the terms of this section. The intent of this dispute resolution process is to (1) resolve disputes within ASEC pursuant to the school’s policies, (2) minimize the oversight burden on the District, and (3) ensure a fair and timely resolution to disputes.

The Charter School and the District are encouraged to attempt to resolve any disputes amicably and reasonably without resorting to formal procedures.

In the event of a dispute between the Charter School and the District regarding the terms of this charter or any other issue regarding ASEC and the District’s relationship, ASEC staff, employees and Board members and the District agree to first frame the issue in written format (“dispute statement”) and to refer the issue to the District Superintendent or designee and the ASEC School Coordinator, or their respective designees. In the event that the District believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, the Charter School requests that this shall be noted in the written dispute statement, although it recognizes it cannot legally bind the District to do so. However, participation in the dispute resolution procedures outlined in this section shall not be interpreted to impede or act as a pre-requisite to the District’s ability to proceed with revocation in accordance with Education Code Section 47607.

The ASEC School Coordinator or designee and District Superintendent or designee shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than five (5) business days from receipt of the dispute statement. In the event that this informal meeting fails to resolve the dispute, both parties shall identify two Board members from their respective boards who shall jointly meet with the District Superintendent or Designee and the School Coordinator or designee, and attempt to resolve the dispute within fifteen (15) business days from receipt of the dispute statement.

If this joint meeting fails to resolve the dispute, the District Superintendent or designee and School Coordinator or designee shall meet to jointly identify a neutral third party mediator to engage the parties in a mediation session designed to facilitate resolution of the dispute. The format of the mediation session shall be developed jointly by the District Superintendent or designee and the School Coordinator or designee. Mediation shall be held within sixty (60) business days of receipt of the dispute statement. If mediation does not resolve the dispute either party may pursue any other remedy available under the law. All timelines and procedures in this section

may be revised upon mutual written agreement of the District and ASEC.

### INTERNAL DISPUTES

Disputes arising from within the Charter School, including all disputes among and between students, staff,

Closure of Altus Schools East County (“ASEC” or “Charter School”) shall be documented by official action of the Board of Directors. The action will identify the reason for closure. The official action will also identify the Chief Business Officer as the person responsible for closure-related activities. The Closure Action shall be deemed to have been automatically made if any of the following occur: The Charter is revoked or non-renewed, the ASEC School Board votes to close ASEC, or the Charter lapses. In the event of a Closure Action, the Charter School shall implement the following steps:

The Charter School will promptly (within 72 hours of the Closure Action) notify parents and students of ASEC, the District, the San Diego County Office of Education, ASEC’s SELPA, the retirement systems in which the Charter School’s employees participate (e.g., State Teachers’ Retirement System, and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils’ school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

The Charter School will ensure that the notification to the parents and students of ASEC of the closure provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Board’s decision to close ASEC.

The Charter School will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils’ districts of residence, which they will provide to the entity responsible for closure-related activities.

As applicable, the Charter School will provide parents, students and the District with copies of all appropriate student records and will otherwise assist students in transferring to their next school. All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act (“FERPA”) 20 U.S.C. § 1232(g). ASEC will ask the District to store original records of ASEC students. All student records of ASEC shall then be transferred to the District upon school closure. If the District will not or cannot store the records, ASEC shall work with the San Diego County Office of Education to determine a suitable alternative location for storage.

All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

As soon as reasonably practical, the Charter School will prepare final financial records. The Charter School will also have an independent audit completed within six months after closure. The Charter School will pay for the final audit. The audit will be prepared by a qualified Certified Public Accountant selected by ASEC

and will be provided to the District promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to ASEC.

ASEC will complete and file any annual reports required pursuant to Education Code section 47604.33.

Notwithstanding any rule, regulation, Charter provision, corporate Bylaw or document to the contrary, on closure of the Charter School, all assets of the Charter School – including but not limited to all leaseholds, personal property, intellectual property, and all ADA apportionments and other revenues generated by students attending the Charter School – which have been determined to have been generated exclusively through state and federal apportionment funds for Charter School students, after payment of all debts and liabilities and refunds to applicable agencies, shall be distributed to a California public school or school district that satisfies the requirements of paragraphs (a) through (e) of section III.A. of Notice 2015-07 issued by the Internal Revenue Service and the Treasury Department entitled “Relief for Certain Participants in §141(d) Plans” or any financial regulations implementing 26 U.S.C. §414(d) or to a State, political subdivision of a State, or agency or instrumentality thereof. Any assets acquired from the District or District property will be promptly returned upon school closure to the District. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, Altus Schools Southern California (“Altus Schools”) corporation shall remain solely responsible for all liabilities arising from the operation of ASEC.

As ASEC is operated by Altus Schools, a non-profit public benefit corporation, should the corporation dissolve with the closure of ASEC, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

ASEC will utilize all net asset balances to undertake any expenses associated with the closure procedures identified above.

## Miscellaneous Charter Provisions

#### 5.3 California Fair Political Practices Commission Statements of Economic Interests – Form 700 Annual Filing

Every elected official and public employee who makes or influences governmental decisions is required to submit a Statement of Economic Interest, also known as the Form 700. The Form 700 provides transparency and ensures accountability in two ways:

1. It provides necessary information to the public about an official's personal financial interests to ensure that officials are making decisions in the best interest of the public and not enhancing their personal finances.
2. It serves as a reminder to the public official of potential conflicts of interest so the official can abstain from making or participating in governmental decisions that are deemed conflicts of interest.

The Board Members are reminded that the Form 700 must be filed by April 3, 2023.

#### **5.4 President's Report**

##### **5.4.1 Governing for Greatness Presentation by Corey Loomis, Director, Charter Schools Unit for Riverside County Office of Education**

##### **5.4.2 Parent Square Presentation by Elizabeth Short**

The Board thanked Elizabeth Short for her presentation on Parent Square, our school to home communication platform.

##### **5.4.3 Strategic Planning**

Bixby reported that the Team has been working since January, on taking on another look of the overarching goals in our Strategic Plan. We are very strong in our process for strategic planning. The annual initiatives that staff develops along with the Champion for each initiative, needs to be a direct connection to the overarching goals, so that we are sure that we are cascading throughout the organization in terms of what we are looking to accomplish on behalf of students. We are just flushing out those overarching goals just a little more and with more clarity. We have a system for overarching goals and initiatives which includes not only people and timelines but also resources identified for achieving our goals and initiatives over the short and long term. We had a two day Spring Retreat, which is the midpoint when we look at our goals which of course we are always reporting back to the Board on the achievement of those goals. The evaluation of the success or failure of the Leadership Team, the Senior leaders rests on the accomplishment of the initiatives for the year. The workforce as a whole goes back to their department, they consider how the initiatives are integrated with other departments to deliver the results in terms of the initiatives and then they break out individually with their supervisors so that every employee in our organization has a scorecard that reverts right back to initiative, which reverts right back to the overarching goals, which reverts back to our report back system and evaluation for the Board. I wanted to bring that in now as it is so closely aligned with the concepts that Dr. Loomis is sharing, it is a perfect melding.

Bixby noted that she has been working with the leadership team on Innovation which is very much part of our persona. There has been a real focus on innovation and the kinds of innovation we have been doing. There are four different categories:

- Incremental innovation which is improving within your organization.
- Adjacent innovation which taking for example, technology or programs, things that are working well for you that you expand out further.
- You have disruptive innovations which affect your sectors. Our schools particularly with their long history, have greatly impacted the charter movement, greatly impacted hybrid learning, greatly impacting the sector not only in California but nationally and we can document that impact.
- Radical Innovation which we have had over thirty years (our anchor School in 2024), and all of our Schools will be celebrating the fact there have been tremendous examples of innovation at the most radical level.

#### ***Prohibited Unlawful Harassment***

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal

movement, or interfering with work because of sex, race or any other protected basis;

- Retaliation for reporting or threatening to report harassment; or
- Disparate treatment based on any of the protected classes above.

#### ***Prohibited Unlawful Sexual Harassment***

AUDEO is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when:

- (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual’s employment;
- (2) an employment decision is based upon an individual’s acceptance or rejection of that conduct; (3) that conduct interferes with an individual’s work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive two (2) hours of sexual harassment prevention training within six (6) months of their hire or their assumption of a supervisory position and every two (2) years thereafter. All other employees will receive one (1) hour of sexual harassment prevention training every two (2) years thereafter. AUDEO will also provide sexual harassment prevention training to temporary or seasonal employees within thirty (30) days after the hire date or within one hundred (100) hours worked if the employee work for less than six (6) months. Such training will address all legally required topics, including information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well

as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment. Other staff will receive sexual harassment prevention training as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Executive Director. See **Appendix A** for the "Harassment / Discrimination / Retaliation Complaint Form." See **Appendix B** for the general "Internal Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
- Rape, sexual battery, molestation or attempts to commit these assaults and
- Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.
- Unwanted sexual advances, propositions or other sexual comments, such as:
- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of

preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.

- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.
- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work;
- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate AUDEO policy.

### **At-Will Employment Relationship**

While AUDEO expects the employment relationship to be mutually beneficial, employment is entered into voluntarily and the employment relationship is considered at-will. Given the at-will employment relationship, either AUDEO or the employee may terminate the employment relationship at any time with or

without cause, with or without notice, at the party's sole and unreviewable discretion.

Without impacting the at-will nature of the employment relationship, AUDEO may attempt to remedy and address issues of unsatisfactory performance with the employee.

No employee has the authority to enter into any agreement for employment or employment for a specified period of time, or to make an agreement or contract contrary to the at-will employment relationship stated above. The only exception to this would be an employment relationship stated in a written contract signed by both the employee and the Executive Director or Board of Director's Chairperson.

### **Child Abuse and Neglect Reporting**

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

AUDEO will provide annual training on the mandated reporting requirements, using the online training module provided by the State Department of Social Services, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one thousand dollars (\$1,000), or by both that imprisonment and fine.

All employees required to receive mandated

reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of that employee's employment.

By acknowledging receipt of this Manual, employees acknowledge they are child care custodians and are certifying that they have knowledge of California Penal Code section 11166 and will comply with its provisions.

### **Code of Ethics**

Workforce members should always conduct themselves in a manner that reflects high standards of professionalism. The AUDEO professional educator strives to create a learning environment that nurtures to fulfillment the potential of all students. He or she acts with conscientious effort to exemplify the highest ethical standards.

The Code of Ethics contains four basic principles relating to the rights of students and educators; ethical conduct toward students, ethical conduct toward practices and performances, ethical conduct toward professional colleagues, and ethical conduct toward parents and the community. A document containing the Code of Ethics and Integrity Statement is signed by all workforce members annually.

### **Integrity Statement**

AUDEO is committed to servicing students and families in a manner which demonstrates integrity and honesty. This can be accomplished by leading our students and each other to success through being truthful, taking responsibility for one's actions, and knowing and working within the laws and regulations relevant to our daily work both in letter and spirit.

Please understand the high level of trust placed on all employees at AUDEO. Commit yourself to the creation of a work and learning environment infused with integrity and respect.

### **FOCUS ON ACADEMICS AND LEARNING POLICY**

[Audeo Charter School II \("Audeo II"\), Audeo](#)

Charter School III (“Audeo III”), Audeo Valley Charter School (“Audeo Valley”), Grossmont Secondary School (“GSS”), Mirus Secondary School (“Mirus”), and Sweetwater Secondary School (“SSS”) which are operated by Audeo Charter School corporation (“Audeo corp.”), are solely academic in nature. The schools consist of re-directive programs designed for all students seeking a learning approach better suited to their learning style. The development, growth, and expansion of the schools primarily involve the creation of instructional environments. These instructional environments support an individualized and personalized educational template that motivates and engages students. Extracurricular activities, such as sports, proms or other school sponsored dances, yearbooks, class rings, or anything unrelated to academics are not a part of the schools’ operational design.

The schools’ sole focus on academics and devotion to nurturing the intrinsic value and confidence gained by students successfully meeting academic goals that they once thought were beyond their reach, has resulted in notable academic achievements. Such achievements include but are not limited to: exceeding the one-year DASS graduation rates of San Diego County Dashboard Alternative School Status (“DASS”)<sup>1</sup> schools and California DASS schools, outperforming comparable DASS schools in California assessments, maintaining a low one-year dropout rate (below 5%), and increasing student confidence within 90 days of enrollment. The confidence gained by working directly with the schools’ instructional staff, coupled with the support of family and community, leaves students better equipped to make good life decisions as they pursue self-sufficiency, productivity, and positive social relationships, and it is for these reasons that it is the prerogative of the Board to retain the sole focus on academics. Partners of the Audeo corp. schools support this vision and help collaborate to prepare students to better deal with and overcome the personal and social constraints that influence their lives. This model has been sufficiently proven effective and may be replicated.

<sup>1</sup> DASS schools have at least 70% of the school’s total enrollment comprised of unduplicated high-risk groups such as: those who have been expelled, credit deficient, highly transient, homeless,

## **Confidential Information**

Our students and parents entrust AUDEO with important and sensitive personal information. The nature of this relationship requires a high level of confidentiality. In maintaining and safeguarding the information received, AUDEO earns the respect and further trust of our students and families.

Your employment with AUDEO assumes an obligation to maintain confidentiality, even after you leave our employ. Any violation of confidentiality seriously injures AUDEO’s reputation and effectiveness. Therefore, please do not discuss school business with anyone who does not work for AUDEO and never discuss transactions with anyone who does not have a direct association with the transaction. Even casual remarks can be misinterpreted and repeated, so develop the personal discipline necessary to maintain confidentiality. If you hear, see, or become aware of anyone else breaking this trust, consider what he or she might do with information they receive from you.

If someone outside AUDEO questions you, and you are concerned about the appropriateness of giving them certain information, remember that you are not required to answer and that we do not wish you to do so. Instead, as politely as possible, refer the request to your supervisor or one of the leadership team members.

No one is permitted to remove or make copies of any AUDEO or school records, reports, or documents without prior approval by the President/CEO or designee.

Because of its seriousness, disclosure of confidential information as described above could lead to discipline, up to and including immediate termination.

## **Credentials**

To meet the requirements of the State of California, teachers generally must possess a

pregnant and/or parenting, have gaps in enrollment, recovered dropouts, and/or those who are habitually truant.

current teaching credential or credential appropriate to their position. AUDEO supports teachers in their effort to obtain and renew teaching credentials. AUDEO will facilitate evaluation of credentials by working closely with universities, county and state credentialing offices.

Instructional employees who begin work holding an emergency permit or intern certificate assume the responsibility to meet the requirements to maintain this credential and/or transition to a regular teaching credential.

It is the responsibility of instructional employees to maintain the required credential for their position as a condition of continued employment. Failure to maintain the required credential may result in suspension without pay or termination of employment.

Any changes of credential status related to their position must be reported to the Human Resources Department immediately.

### **Driver's License, Insurance Liability Minimums, & Driving Record**

Employees whose work requires operation of a motor vehicle must maintain a valid driver's license, at least minimum private vehicle liability insurance, and an acceptable driving record. All Resource Center employees are required to have transportation available to carry out their duties. Employees must submit a copy of driver's license, and proof of insurance annually. Employees may also be asked to submit a copy of their driving record. Any changes must be reported to the Human Resources Department immediately. Failure to do so may result in disciplinary action, including possible dismissal.

### **Drug and Alcohol-Free Workplace**

AUDEO is committed to providing a drug- and alcohol-free workplace and to promoting safety in the workplace, employee health and well-being, customer confidence and a work environment that is conducive to attaining high work standards. The use of drugs and alcohol by employees, whether on or off the job,

jeopardizes these goals, since it adversely affects health and safety, security, productivity, and public confidence and trust. Drug or alcohol use in the workplace or during the performance of job duties is extremely harmful to workers and to other AUDEO stakeholders.

The bringing to the workplace, possession or use of intoxicating beverages or drugs on any School premises or during the performance of work duties is prohibited and will result in disciplinary action up to and including termination.

### **Equal Employment Opportunity**

AUDEO is an equal opportunity employer. It is the policy of AUDEO to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race (including traits historically associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists);
- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned);
- Sex (including reproductive health decision making, pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;
- Age (forty (40) and over);
- National origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law);
- Physical or mental disability (including HIV and AIDS); Medical condition (including cancer

and genetic characteristics);

- Taking of a leave of absence pursuant to the Family Medical Leave Act (“FMLA”), Pregnancy Disability Leave (“PDL”) law, Americans with Disabilities Act (“ADA”), California Family Rights Act (“CFRA”), or the Fair Employment and Housing Act (“FEHA”) or laws related to domestic violence, sexual assault and stalking;
- Genetic information;
- Sexual orientation;
- Military and veteran status; or
- Any other consideration made unlawful by federal, state, or local laws.

This policy extends to all job applicants and employees and to all aspects of the employment relationship, including the hiring of new employees and the training, transfer, promotion, discipline, termination, compensation and benefits of existing employees.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, AUDEO will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any applicant or employee who requires an accommodation in order to perform the essential functions of the job should contact a School representative with day-to-day personnel responsibilities and request such an accommodation. The individual with the disability should specify what accommodation he or she needs to perform the job. AUDEO then will conduct an investigation to identify the barriers that interfere with the equal opportunity of the applicant or employee to perform his or her job. AUDEO will identify possible accommodations, if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, AUDEO will make the accommodation.

## Introductory Period

For full-time employees only, your first sixty (60) actual workdays) of employment are considered an Introductory Period. This Introductory Period will be a time to get to know your fellow employees, your supervisor and the tasks involved in your position, as well as becoming familiar with AUDEO’s program and services. The Leadership Team will work closely with you to help you understand the needs and processes, and expectations of your job.

During the Introductory Period, a member of the Leadership Team and/or your supervisor will discuss your job performance with you. This review will be similar to a performance review that is held for regular full-time or part-time employees. During the course of the discussion, you are encouraged to give your comments and ideas as well.

During this Introductory Period, AUDEO will evaluate your suitability for employment, and you can evaluate AUDEO as well. At any time during this introductory period, you may resign without any detriment to your record. If, during this period, your work habits, attitude, attendance or performance do not measure up to our standards, we may release you. If you take approved time off in excess of five (5) workdays during the Introductory Period, the Introductory Period may be extended by that length of time.

Please understand that completion of the Introductory Period does not guarantee continued employment for any specified period of time, nor does it require that an employee be discharged only for “cause.” **Successful completion of the Introductory Period does not alter your status as an “at-will” employee of AUDEO.**

A former regular employee who has been rehired after a separation from AUDEO of more than one (1) year is considered an introductory employee during his or her first sixty (60) days following rehire; however, the President/CEO may reduce or waive the Introductory Period based on prior satisfactory work, length of separation, and school need.

## Job Descriptions and Responsibilities

We maintain a job description for each position in AUDEO. If you wish to see a copy of your job description which was provided to you upon hire with your employment agreement, please ask your supervisor or the Human Resources Department.

### **Criminal Background Checks**

As required by law, all individuals working or volunteering at AUDEO will be required to submit to a criminal background investigation. No condition or activity will be permitted that may compromise AUDEO's commitment to the safety and the well-being of students takes precedence over all other considerations. Conditions that preclude working at AUDEO include conviction of a controlled substance or sex offense, or a serious or violent felony. Additionally, should an employee, AUDEO, be arrested for, charged with or convicted of any offense during his/her employment with the School, the employee must immediately report as much to the Human Resources Administrator.

### **Tuberculosis Testing**

All employees of AUDEO must submit written proof from a physician or NP of a risk assessment examination for tuberculosis (TB) within the last sixty (60) days. If TB risk factors are identified, a physician must conduct an examination to determine whether the employee is free of infectious TB. The examination for TB consists of an approved TB test, which, if positive, will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years. Volunteers may be required to undergo a TB examination as necessary. The TB risk assessment and, if indicated, the examination is a condition of initial employment with AUDEO and the cost of the exam will be borne by the applicant.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the

office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator. Any entity providing student services to AUDEO will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB prior to conducting work with AUDEO students.

### **Immigration Compliance**

AUDEO will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of his or her identity and legal authority to work in the United States. However, AUDEO will not check the employment authorization status of current employees or applicants who were not offered positions with AUDEO unless required to do so by law.

AUDEO shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (e.g., threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law. Further, AUDEO shall not discriminate against any individual because he or she holds or presents a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally- authorized presence in the United States. Finally, in compliance with the Immigrant Worker Protection Act, the School shall not allow a federal immigration enforcement agent to enter any nonpublic areas of the School without a judicial warrant, or voluntarily give consent to an agent to access, review or obtain employee records without a subpoena or judicial warrant.

### **Professional Boundaries: Staff/Student Interaction Policy**

AUDEO recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning- conducive

environment possible.

### **Corporal Punishment**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of AUDEO personnel:

- A. Examples of PERMITTED actions (NOT corporal punishment)
  1. Stopping a student from fighting with another student;
  2. Preventing a pupil from committing an act of vandalism;
  3. Defending yourself from physical injury or assault by a student;
  4. Forcing a pupil to give up a weapon or dangerous object;
  5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
  6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.
- B. Examples of PROHIBITED actions (corporal punishment)
  1. Hitting, shoving, pushing, or physically restraining a student as a means of control;
  2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
  3. Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

This policy is intended to guide all AUDEO faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust. Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### ***Duty to Report Suspected Misconduct***

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to Human Resources Administrator. a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

### ***Examples of Specific Behaviors***

The following examples are not an exhaustive list:

### ***Unacceptable Staff/Student Behaviors (Violations of this Policy)***

- (a) Giving gifts to an individual student that are of a personal and intimate nature.
- (b) Kissing of any kind.
- (c) Any type of unnecessary physical contact with a student in a private situation.
- (d) Intentionally being alone with a student away from AUDEO.

### **Process for Support and Remediation of Instructional Staff Performance Indicators**

The objective of this process is to assist the instructional staff in improving productivity indicators. Success for students and staff is AUDEO's primary goal. Data distributed to all instructional employees that reflects the status of individual and group performance indicators, i.e., participation, academic credit indicators (ratio and averages), records audit, test participation, pre- and post-test results, etc.

The following is a range of opportunities designed to assist staff in improving performance indicators. AUDEO has no obligation to go through each step, and reserves the right to determine the appropriate steps for each employee given the nature of the situation. Further, neither this policy nor any action taken pursuant thereto alters the "at-will" nature of employment with AUDEO.

**Notice of Concern.** The supervisor will send a written notice of concern to an employee whose performance indicator(s) are below expectations.

**Deployed Assistance.** If there is no significant improvement within a specified period as

determined by members of the Leadership Team, the team may deploy staff (which may include learning leads, mentor teachers, auditors, peer coaches, or designee) to assist the employee in remediating the indicator(s) that requires improvement.

Consultation/Criteria for Improvement. If there is no significant improvement within the specified period as determined by the Leadership Team, the supervisor consults with the employee. The employee will submit an action plan with timeline to the supervisor for review and approval by the Leadership Team.

Consultant/Criteria for Continued Employment. If there is no significant improvement within the specified timeline, the employee meets with the supervisor and/or designated school administrator to set criteria for continued employment.

Non-Renewal/Dismissal. If the criteria for continued employment are not met, the Executive Director may send a written notice of non-renewal of contract or dismissal to the employee.

This process focuses on support for the remediation of performance indicators that do not meet standards. In the event that the employee engages in activities that breach the Standards of Conduct, immediate dismissal without prior notice may result.

## **Disciplinary Actions**

Unacceptable behavior, which does not lead to immediate dismissal, may be dealt with in the following manner: Verbal Warning, Written Warning, Dismissal. Written warnings will include the reasons for the supervisor's dissatisfaction and any supporting evidence. You will have an opportunity to defend your actions and rebut the opinion of your supervisor at the time the warning is issued. Disciplinary actions may also include suspensions or other measures deemed appropriate to the circumstances. All pertinent facts will be carefully reviewed, and the employee will be given a full opportunity to explain his or her conduct before any decision is reached. The President/CEO or another member of the Leadership Team will give a second opinion concerning the unacceptable behavior

before dismissal occurs.

Notwithstanding the above process, employment remains "at-will." Accordingly, either the employee or AUDEO may terminate the employment relationship at any time with or without advance notice, or with or without cause. Further, AUDEO shall retain the discretion to deviate from the applicable level of disciplinary action in its sole discretion.

## **Off-Duty Conduct**

While AUDEO does not seek to interfere with the off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with AUDEO's legitimate business interests. For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect AUDEO or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects AUDEO's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

While employed by AUDEO, employees are expected to devote their energies to their jobs with AUDEO. For this reason, second jobs are strongly discouraged. The following types of additional employment elsewhere are strictly prohibited:

- Additional employment that conflicts with an employee's work schedule, duties, and responsibilities at AUDEO.
- Additional employment that creates a conflict of interest or is incompatible with the employee's position with AUDEO.
- Additional employment that impairs or has a detrimental effect on the employee's work performance with AUDEO.
- Additional employment that requires the employee to conduct work or related activities on AUDEO's property during the employer's working hours or using AUDEO's facilities and/or equipment; and
- Additional employment that directly or indirectly competes with the business or the interests of AUDEO.

Employees who wish to engage in additional

employment that may create a real or apparent conflict of interest must submit a written request to AUDEO explaining the details of the additional employment. If the additional employment is authorized, AUDEO assumes no responsibility for it. AUDEO shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of additional employment. Authorization to engage in additional employment can be revoked at any time.

### **Resignation**

While we hope both you and AUDEO will mutually benefit from your continued employment, we realize that it may become necessary for you to leave your job. If you anticipate having to resign your position, we ask that you please submit written notification to your supervisor as early as possible and at least two (2) weeks in advance of your final workday. Your supervisor will forward the notice to the Human Resources Department. You will be given direction from the Human Resources Department on the required checkout procedure.

### **Return of School Property**

Any school property or materials issued to you, such as orientation manuals, equipment, and books, must be returned to AUDEO at the time of your separation from employment, or whenever it is requested by your supervisor or a member of the Leadership Team. You are responsible for paying for any lost or damaged items.

### **Exit Interviews**

In instances where an employee voluntarily leaves our employ, AUDEO would like to discuss your reasons for leaving and any other impressions that you may have about AUDEO. If you decide to leave, you will be asked to grant us the opportunity to conduct an exit interview. During the exit interview, you can express yourself freely and provide insights into possible improvements we can make. All information will in no way affect any reference information that AUDEO provides to prospective employers about you.

### **References**

AUDEO does not respond to oral requests for references. All requests must be in writing, on the prospective employer's official letterhead, and must include signed authorization from the employee allowing AUDEO to release employment information.

As AUDEO employees, you may not respond to any information requests for information regarding another employee unless it is part of your assigned job responsibilities. Forward the request to the Human Resources Department.

### **Reemployment of Former Employees**

Former employees who wish to be considered for re-employment must submit an application. The former employee may be required to participate in an interview and workplace survey. If hired as a new employee, fingerprint and TB evaluation requirements must be met. Employees who were involuntarily separated from AUDEO are not eligible for reemployment. Reemployment is solely within the discretion of AUDEO.

## Personnel Administration

The Human Resources Administrator is responsible for handling personnel records and related personnel administration functions at AUDEO. Questions regarding insurance, wages, and interpretation of policies may be directed to the Human Resources Department.

### Personnel File

Keeping your personnel file up-to-date can be important to you with regard to pay, deductions, benefits and other matters. If you have a change in any of the following items, please be sure to notify the Human Resources Department as soon as possible:

1. Legal name;
2. Home address;
3. Home telephone number;
4. Person to call in case of emergency;
5. Number of dependents;
6. Change of beneficiary;
7. Driving record or status of driver's license and auto insurance, if you operate any vehicle in the course of work for AUDEO;
8. Military or draft status; and
9. Exemptions on your W-4 tax form.

Coverage or benefits that you and your family may receive under your school's benefits package could be negatively affected if the information in your personnel file is incorrect.

Since AUDEO refers to your personnel file when we need to make decisions in connection with promotions, transfers, and dismissals, it is to your benefit to be sure your personnel file includes information about completion of educational or training courses, outside civic activities, and areas of interest and skills that may not be part of your current position here.

You have the right to inspect documents in your personnel file, as provided by law, in the presence of an AUDEO representative, at a mutually convenient time. You also have the right to obtain a copy of your personnel file as provided by law. Please make arrangements with the Human Resources Department when you wish to review your file.

Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator, administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

### Performance Feedback

Performance feedback is a vital part of each individual's professional development. Honest and open dialog is valued as an integral part of its success. AUDEO leadership is continuously evaluating your job performance. Day- to- day interaction between you and your supervisor/ school leadership should give you a sense of how your performance is perceived. In addition, data are distributed for instructional employees on a regular basis that reflect individual and staff performance indicators, i.e., student attendance participation, credit indicators, growth targets, records compliance audit of records, etc. Additional performance indicators may be created and current ones may be adjusted based on programmatic needs.

AUDEO will conduct a formal review of its employees at regular intervals. New employees may be reviewed more frequently. A review may also be conducted in the event of a promotion or change in duties and responsibilities.

## **Employee Reviews and Evaluations**

Each employee will receive periodic performance reviews conducted by their supervisor or designee. Performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties, or recurring performance problems.

Performance evaluations may review factors such as the quality and quantity of the work performed, knowledge of the job, initiative, work attitude, and attitude toward others. The performance evaluations are intended to make employees aware of their progress, areas for improvement, and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions. Salary increases and promotions are solely within the discretion of AUDEO and depend upon many factors in addition to performance. After the review, an employee will be required to sign the evaluation report simply to acknowledge that it has been presented to them, that they have discussed it with their supervisor or designee, and that they are aware of its contents.

Newly hired employees may have their performance goals reviewed by their supervisor or designee within the first one hundred twentieth (120) work days of employment.

Salary and potential for advancement will be based largely upon job performance. On a periodic basis, the supervisor will review employee job performance with an employee in order to establish goals for future performance and to discuss your current performance. AUDEO's evaluation system, or any failure to evaluate, will in no way alter the at-will employment relationship.

# Employment Classifications

At the time of your hire, your position is listed as certificated or classified. Your position may be full-time, part-time, or temporary. You will be paid on an hourly rate, contract-based days, or monthly salary.

## Certificated Employees

An employee that is working in a position that requires a professional credential or certificate issued by the California Commission on Teacher Credentialing (“CTC”). Positions include: Teacher, Counselor, Education Specialist, selected administrators, and Certificated Teacher Resource (“CTR”).

## Classified Employees

An employee working in the school that does not require a professional credential or certificate issued by the CTC. Employees in these positions are generally administrative, and non-instructional. Positions include: administrative assistants, clerical staff, and selected managers.

## Full-Time Employees

Except for purposes of benefits eligibility, an employee who is regularly scheduled to work at least forty (40) hours per week is considered a full-time employee.

## Part-Time Employees

An employee who is regularly scheduled to work less than a regular forty (40) hour workweek for an AUDEO school(s) is considered a part-time employee. Part-time employees are not eligible for benefits described in this manual, except to the extent required by applicable law.

## Monthly Salaried Employees

Monthly salaried employees are primarily full-time. There are selected positions that may be less than full-time to serve the needs of AUDEO. Employees in these positions are paid monthly based on their placement on AUDEO’s salary scale related to the position.

## Hourly Employees

Hourly employees are paid twice a month based on the time worked, as reported on the employee timesheet at the hourly rate designated for the position.

## Temporary Employees

From time to time, AUDEO may hire employees for specific periods of time or for the completion of a specific project. An employee hired under these conditions will be considered a temporary employee. The job assignment, work schedule and duration of the position will be determined on a case-by-case basis.

Normally, a temporary position will not exceed six (6) months in duration, unless specifically extended by a written agreement. An extension of a temporary position will be evidenced by a written agreement executed by both the temporary employee and the Executive Director or designee.

If you are a temporary employee, you are not eligible for benefits described in this manual, except to the extent required by provision of applicable law. Those temporary employees classified as “nonexempt” (see the definition that follows) who work more than eight (8) hours in one day or more than forty (40) hours during any workweek are not eligible for overtime pay.

## “Nonexempt” and “Exempt” Employees

At the time you are hired, all employees are classified as either “exempt” or “nonexempt.” By law, employees in certain types of jobs are entitled to overtime pay for hours worked in excess of eight (8) hours per day or forty hours (40) per workweek. These employees are referred to as “nonexempt” in this manual. This

means that they are not exempt from (and therefore should receive) overtime pay.

Exempt employees include directors, managers, professional staff (teachers), and others whose duties and responsibilities allow them to be “exempt” from overtime pay provisions as provided by applicable laws. If you are an exempt employee, you will be advised that you are in this classification at the time you are hired, transferred or promoted.

# Wage & Salary Policies

## Overtime Pay

From time to time, it may be necessary for you to perform overtime work (hours in excess of your regular, full-time assignment) in order to complete a job on time. **The appropriate Administrator must approve all overtime IN ADVANCE**. Failure to obtain approval in advance may result in disciplinary action. When it is necessary to work overtime, you are expected to cooperate as a condition of your employment.

If you are a “nonexempt” employee and you perform overtime work, you will be compensated one and one-half (1 1/2) times your regular hourly pay rate for time worked over eight (8) hours per day or forty (40) hours per week that you work. Employees are entitled to double time compensation for those hours worked in excess of twelve (12) hours in any one day or for any hours worked beyond the eighth (8th) hour on the seventh consecutive workday in a workweek. If, during that week, you were away from the job because of a job-related injury, paid holiday, jury duty, vacation taken in single-day increments, or paid sick time, those hours not worked will not be counted as hours worked for the purpose of computing eligibility for overtime compensation.

## Pay Period and Hours

The payroll workweek begins on Sunday at 12:01 a.m. and ends on Saturday at 12:00 midnight. The monthly employees’ pay period for the month begins at 12:01 on the first day of the month and ends on the last workday (as noted in AUDEO’s official calendar) of the month. **Non-exempt monthly employees have bi-monthly pay period wherein pay period one is between the 1<sup>st</sup> and 15<sup>th</sup> of the month and pay period two is between the 16<sup>th</sup> and the last working day of the month.** The hourly employees have bi-monthly pay periods wherein **pay** period one is between the 1<sup>st</sup> and the 15<sup>th</sup> of the month and **pay** period two is between the 16<sup>th</sup> and last working day of the month.

For **exempt** monthly employees, payday is the last workday of the month. Employees are strongly encouraged to set up direct deposit for their paycheck to their preferred banking institution.

For hourly employees, payroll checks, if not direct deposit, will be sent to the mailing address indicated on the payroll system on the 10<sup>th</sup> and 26<sup>th</sup> of each month, or the last business day preceding those dates when they fall on a weekend or holiday. It is critical that employees report address changes at least thirty (30) day prior to the payday to the Human Resources Department. **For non-exempt monthly employee, payroll checks, if not direct deposit, will be sent to the mailing address indicated on the payroll system on the 15<sup>th</sup> and last working day of the month.**

Payday date changes will be made and announced in advance whenever holidays or closings interfere with the normal payday.

## Salary Overpayment and Correction

Overpayment can result from early termination of employee contracts, delays or inaccuracies in pay-related information, system failures, and human error. Regardless of the origin of the error, there is a shared responsibility between employee and the school to correct errors and recover the funds in a timely manner.

“**Overpayment**” is defined as compensation paid to an employee in excess of the amount owed to them and to which the employee is not entitled.

“**Repayment**” is the process by which an employee or former employee returns the overpayment to AUDEO.

**Employees** are expected to review their salary payment each pay period for accuracy and promptly report any discrepancies to their supervisor and/or the Human Resources Department. When overpayments have been identified, employees must work with Finance- Payroll to promptly repay the debt to AUDEO. Failure to do so

may result in disciplinary action, up to and including dismissal from employment, and/or legal action against the employee to recover the debt owed and costs incurred in doing so.

The Human Resources Department (“HR”) is responsible for maintaining accurate employee records. HR is responsible for the timely reporting when employee separates employment or takes leave of absence. HR will fully cooperate with and assist Finance-Payroll in the effort to recover funds in a timely manner.

The Finance-Payroll Department is responsible for timely and accurate salary payments to employees. When an overpayment is identified, Payroll will review records to determine the source of error and calculate net overpayment amount, accounting for taxes and withholdings. Finance-Payroll will manage the recovery process, including: correspondence, repayment arrangements, receipt of funds, etc.

#### Notification and Repayment

Finance-Payroll will notify active and terminated employees of the overpayment as soon as it is discovered and confirmed. This notification will be in writing through email and/or letter (may be certified mail). Notification will include: amount of overpayment, dates of overpayment, reasons, and employee options for repayment.

Options for repayment may include:

- Personal check payable to AUDEO either one-time payment, or multiple payment plans established with Payroll.
- Payment plan, as agreed upon with Finance-Payroll, through a series of payroll deductions for a period not to exceed six (6) months.

Other options may be submitted in writing to Chief Financial/Business Officer for consideration.

### Salary Placement for Teachers

Placement on the salary schedule is based on review of the employee’s transcripts and employment history documents.

It is the employee’s responsibility to ensure that education and experience documents

are submitted to HR **within fifteen (15) days** from the date of signing the initial employment contract. The documents include teaching experience verification from previous school employers and original sealed coursework transcripts.

Failure to submit documents within fifteen (15) days of employment could result in the employee remaining on the initial placement (Column A, Step 1) until complete documentation is submitted, even after the employee has satisfactorily completed the Introductory Period. Note that this also delays the effective date of benefits eligibility.

If, after initial placement on the salary scale, the employee submits additional education or experience documents, adjustments will be made during the next open period described below.

#### Academic Credits Earned

We encourage our teachers’ efforts in continuing education that supports student learning and builds subject matter expertise.

Eligible employees may advance to a higher column provided that the minimum number of *qualifying units* or the advanced degree are earned and verified by official sealed transcripts submitted to HR within the designated open periods as defined below.

There are two periods open to submit salary advancement application forms and transcripts: June 1 through July 30 and January 1 through February 28.

The effective date of the advancement will be the first workday of the next month following submission and approval of education documentation. (July 1, August 1, February 1, or March 1 effective dates only)

*Example:* for documents submitted/approved in June, the effective date of the advancement will be July 1; for documents submitted/approved in July, effective date will be August 1.

Employees are encouraged to submit their application and transcripts for salary advancement as early in the

open period as possible. If the documentation submitted is incomplete, eligibility for salary advancement may be delayed to the next month or the next open period.

Employees may submit form and transcripts for evaluation only ONCE during this period.

### Qualifying Credits

Allowable academic units or credits must come from an accredited college or university. Only coursework that was taken post-bachelor's degree (i.e., graduate level) date will be accepted. Courses are reviewed for content and posted based on support of professional growth and/or advanced degree that aligns with the professional field of education. Units for salary placement refer to semester units. Quarter units are valued at two-thirds (2/3) of semester units.

### Payroll Withholdings

As required by law, AUDEO shall withhold Federal Income Tax, State Income Tax, and Social Security/Medicare (FICA), as well as the employee's contributions to STRS or PERS, as follows:

1. Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.
2. State Income Tax Withholding: The same factors which apply to federal withholdings apply to state withholdings.
3. FICA: The Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by AUDEO.
4. STRS/PERS: All eligible employees shall be enrolled in the appropriate retirement system, and AUDEO shall withhold the legally required percentage of the employee's wages representing the employee's contribution to the retirement system.

In addition to the deduction described

above, AUDEO shall also withhold any voluntary deductions (e.g., deferred compensation, disability insurance, etc.).

Every deduction from an employee's paycheck is explained on the check voucher. If an employee does not understand the deductions, he or she should ask the Human Resources Department to explain them.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to the HR Department. The office maintains a supply of these forms.

All Federal, State, and Social Security taxes will be automatically deducted from paychecks. Federal Withholding Tax deduction is determined by the employee's W-4 form. The W-4 form should be completed upon hire and it is the employee's responsibility to report any changes in filing status to the HR Department and to fill out a new W-4 form. From time to time tax law, and tax rates, change which may affect your tax returns. AUDEO recommends that all employees review their tax withholdings annually and complete a new W-4 form.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

### Wage Attachments and Garnishments

Under normal circumstances, AUDEO will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies, or judgments that require the School, by law, to withhold part of an employee's earnings in their favor.

Employees are strongly encouraged to avoid such wage attachments and garnishments. If the School is presented a second garnishment request concerning an employee, the Executive Director will discuss the situation with the

employee.

Employees may be required to submit a work year calendar to designate workdays, non-workdays, vacations, floating holidays, and professional/ personal improvement days, if applicable. Changes to this calendar are subject to the approval of your supervisor and the Executive Director.

## **Workday and Workweek**

The operating hours of the administrative offices are generally 7:30 a.m. to 4:00 p.m. Monday through Friday, but may vary based on the needs of the school and community. The hours of Resource Centers may vary according to the needs of the students as developed by the assigned teacher in consultation with the School Administrator. Some Resource Centers have been designated as extended-day sites.

Your particular hours of work and the scheduling of your lunch period will be determined by your location and the school's program needs. Full-time and hourly teachers are required to conduct business (instruction, visits to home, agencies, office, etc.) within the assigned hours, not to

## **Expense Reimbursement**

Prior to incurring an expense on behalf of your school and/or Resource Center, you must have written authorization (requisition/purchase order, etc.) from your supervisor or School Administrator.

To be reimbursed for all authorized expenses, you must submit an expense report/voucher in the proper form accompanied by signed original receipts and approved by your manager. Please submit your expense report/ voucher as you incur authorized reimbursable expenses. Failure to meet prescribed due dates and deadlines may result in rejection of your request for reimbursement.

## **Mileage Reimbursement**

Employees in elected administrative positions or persons involved in designated activities that are required to conduct school business using their personal vehicle may be reimbursed at the current Internal Revenue Service (IRS) rate per mile. Use school form Mileage Claim Form and Mileage Information Report. Claims must be submitted by the first Friday of the month for the previous month's mileage. Each claim report should terminate at the end of a month to avoid duplication in succeeding claims. Claims received after the due date will not be reimbursed.

In computing school business mileage, the starting and finishing points will be your regular workplace. For employees' mileage reimbursement claims, their first school business location for the day and their "last" is their "regular workplace".

Claims involving weekends or other non-workdays shall include a statement explaining the need to work on that day. For travel in excess of one hundred (100) miles per day, which has been pre-approved, a brief explanatory note shall be included on the mileage form.

### **Submission of Claims**

Claims should be submitted monthly. Your report is due each month on the first Friday of the month. (Example your September mileage report must be completed and submitted on the first Friday of October) If you do not submit the forms by the due date, you will not be reimbursed. Each claim report should terminate at the end of a month to avoid duplication in succeeding claims. Since SSP's fiscal year ends on June 30, claims for June mileage shall be submitted no later than employee's last workday in June. Employees should expect a reimbursement check on the 26<sup>th</sup> of each month.

#### Auditable Records

School and department internal records must be kept indicating: employee name, date of travel, and actual mileage traveled. Record of destination and/or purpose of trip are required. Include total dollar amount of requests for review by the School administrator or designee. For claiming mileage to and from the office/s, signing in and out at the front desk is required; failure to do so may result in rejection of claim. Such records shall be subject to audit, and will be retained for a period of one (1) year after close of the fiscal year during which a claim is submitted.

# Work Schedule

## Meal and Rest Periods

Nonexempt employees working at least five (5) hours are provided with a thirty (30) minute meal period, to be taken approximately in the middle of the workday, but by no later than the end of the 5<sup>th</sup> hour of work. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and AUDEO mutually consent to the waiver.

Nonexempt employees are also provided with a fifteen (15) minute rest period for every four (4) hours worked which should be scheduled towards the middle of the four (4) hour work period as practicable. An employee's supervisor must be aware of and approve scheduled meal and rest periods.

Employees are expected to observe assigned working hours and the time allowed for meal and rest periods. Employees are prohibited from combining meal and rest period time. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods.

## Attendance

You are expected to be at your work site and ready to work at the beginning of your assigned daily work hours, and you are expected to remain at your work site until the end of your assigned work hours, except for approved breaks and lunch.

Be aware that excessive time off could lead to disciplinary action.

## Absences

From time to time, it may be necessary for you to be absent from work. We are aware that emergencies, illnesses, or pressing personal business that cannot be scheduled outside your work hours may arise. Report all absences to your supervisor and email attendance at

[attendance@altusschools.net](mailto:attendance@altusschools.net).

### Planned Absences

If you know in advance that you will be absent, you are required to request this time off from your supervisor and the School Administrator *in advance and in writing* and copy your supervisor and the Human Resources Department. Email is an appropriate means of doing so. Include in your request the dates of absence and type of leave to be used (basic reason for request). If you are a Resource Center employee, include a recommendation or plan for student coverage.

Your supervisor will work with you to determine the feasibility and timing for the planned absence, and also the need for a substitute. Upon approval, the employee submits "Leave of Request/Absence Request" to the Human Resources attendance email.

Employees who plan to attend a professional development or continuing education event must request authorization from their supervisor and the School Administrator *in advance and in writing*.

### Unexpected Absences

If you are unable to report to work as scheduled, call your supervisor and the Human Resource Office at (858) 678- 2038 by 8 a.m. Leave a voice mail message if staff is unavailable to receive your call.

Report the absence due to illness or personal emergency and estimate when you expect to return. Update the Human Resources Department daily. If you are unable to make the call yourself for an absence or late arrival, for whatever reason, be sure to have someone call on your behalf.

If you expect to report to your worksite later than your scheduled time, notify your Resource Center personnel, your lead or school coordinator; all others must notify the Human Resources Department. Notifying a fellow-

employee does not fulfill this requirement.

**Absence from work for three (3) consecutive days without notifying your manager or the personnel administrator may be considered a voluntary resignation effective the close of business on the third day of absence.**

### **Record of Absence or Lateness**

Your supervisor and/or the School Administrator may require you to submit written documentation from your physician for any absence. If you are absent three (3) or more days because of illness, you may be required to provide written documentation from a doctor that you are able to resume normal work duties before you will be allowed to return to work.

AUDEO documents absence or lateness, and the reason, in personnel files. Your attendance record will be considered when evaluating requests for leaves of absence and approved time off.

### **Excessive Absenteeism or Lateness**

In general, a consistent pattern of absence will be considered excessive, and the reasons for the absences may come under question. Tardiness or leaving early is as detrimental to AUDEO as an absence. Be aware that excessive absenteeism, lateness or leaving early may lead to disciplinary action, including possible dismissal.

### **Timesheets/Records**

By law, we are obligated to keep accurate records of the time worked by “nonexempt” hourly employees.

Your timesheet is the only way the Payroll Department knows how many hours you worked and how much to pay you.

You are responsible for your timesheet, which contains your hours worked, meal periods taken, vacation or sick pay used, and other information needed by Payroll. Remember to record your time daily. The employee submits their

for approval. Employees and supervisors are expected to verify that all information entered on the timesheet is correct.

Signed or electronically signed timesheets are due to your supervisor by the last day of that reporting period. Late or incomplete timesheets can have an impact on the amount you are paid and require subsequent corrections.

No one may record hours work on another employee’s timesheet except for the immediate supervisor or designee of the employee and only with the employee’s consent. For example, if an employee has an emergency and cannot be at work to submit their timesheet when it is due, then they can contact their immediate supervisor and request that this be done on their behalf.

Tampering with another employee’s timesheet is cause for disciplinary action, including possible dismissal, of both employees. Do not falsify another person’s record, or influence anyone else to alter your record for you. In the event of an error in recording your time, please report the matter to your supervisor immediately.

# Workplace Policies

## Lactation Accommodation

In accordance with California law, we will provide employees who wish to express breast milk for nursing infants with a reasonable opportunity to take breaks for the purpose of expressing breast milk, which can be timed with the employee's regular break schedule; and reasonable access to a private location to express breast milk, other than public restrooms if possible, that is in close proximity to the employee's regular work area. Such room/location shall have electricity. Employee shall also be given access to a sink with running water and a refrigerator. Employees with private offices will be required to use their offices to express breast milk. Contact your supervisor if you have any questions or need assistance in making these arrangements.

## Board Meetings

Although some AUDEO Board meetings are held during working hours of the Schools, employees are welcome to attend such meetings. School facilities are one of the host locations for Board meetings and can accommodate the attendance of employees, parents, students, other stakeholders, and members of the public. Should an employee wish to attend a Board meeting, they must notify their supervisor at least ~~{four}~~ (4) hours in advance of the meeting, including for the purpose of ensuring appropriate student supervision is secured as applicable.

## Bulletin Boards

Bulletins and bulletin board(s) are an "official" way of keeping everyone informed about new policies, changes in procedures and special events. Information of general interest is posted regularly on the bulletin board(s). Please make it a habit of reading the bulletin board(s) regularly so that you will be familiar with the information posted on it.

Only authorized personnel are permitted to post, remove or alter any notice on the bulletin

board(s). If you want to have notices posted on bulletin board(s), see the Human Resources Department for instructions.

## Communications

Successful working conditions and relationships depend upon successful communication. Not only do you need to stay aware of changes in procedures, policies and general information, you also need to communicate your ideas, suggestions, personal goals or problems as they affect your work.

In addition to the exchanges of information and expressions of ideas and attitudes which occur daily, make certain you are aware of and utilize all school methods of communication, including this Employee Manual, bulletin boards, discussions with your supervisor and members of the Leadership Team, memoranda, meetings (faculty, department, teams), newsletters, training sessions, etc.

In addition, you may receive correspondence from AUDEO. There is no regular schedule for distribution of information. The function of each correspondence is to provide you and your family with interesting news and helpful information that will keep you up-to-date on the events here at AUDEO.

## Communications with the Press; Other Outside Agencies

From time to time, there may be events at AUDEO that invite interest from the media or other outside agencies. To maintain a coherent, centrally organized public relations policy which is consistent with the philosophy and vision for AUDEO, all requests to faculty, staff, general or advisory board members made by the media, electronic or print, must be referred to the Chief of Staff for approval and coordination.

## Computer Software (Unauthorized Copying)

AUDEO does not condone the illegal duplication of software.

The law protects the exclusive rights of the copyright holder and generally does not give users the right to copy software. Unauthorized duplication of software is a Federal crime. Penalties include fines and imprisonment. Further, employees who make, acquire or use unauthorized copies of computer software shall be disciplined as appropriate under the circumstances. Such discipline may include dismissal from employment.

Even the users of unlawful copies suffer from their own illegal actions. They receive no documentation, no customer support and no information about product updates.

AUDEO licenses the use of computer software from a variety of outside companies. AUDEO does not own this software or its related documentation and, unless authorized by the software manufacturer, does not have the right to reproduce it.

With regard to use on local area networks or on multiple machines, employees shall use the software only in accordance with the license agreement.

Employees learning of any misuse of software or related documentation within the company shall notify the department manager.

### **Dress Code/Personal Appearance**

You are expected to dress and groom yourself in accordance with accepted social and business standards. Your job involves dealing with students, parents, and the community. In many cases, you serve as a role model. You must use good judgment in determining what is a reasonable dress code appropriate to the job you perform. Clothing that exposes bare backs, midribs, and/or shoulders, T-shirts, undershirts, jeans, shorts, thongs and beach sandals are not appropriate.

A neat, tasteful appearance contributes to the

positive impression you make on our community. You are expected to be suitably attired and groomed during working hours or when representing AUDEO. A good clean appearance bolsters your own poise and self-confidence and greatly enhances our school image.

Personal appearance should be a matter of concern for each employee. If your supervisor feels your attire is inappropriate, you may be asked to leave your workplace until you are properly attired. You will not be paid for the time you are off the job for this purpose. The support team has the sole authorization to determine an appropriate dress code, and anyone who violates this standard will be subject to appropriate disciplinary action.

### **First Aid**

If you hurt yourself or become ill, please contact your manager for assistance. If you fail to report an injury, you may jeopardize your right to collect workers' compensation payments as well as health benefits. Should you have any questions or concerns, contact the Human Resources Department or your supervisor for more information.

### **First Aid and CPR Certification**

To ensure the safety of its students and employees, it is highly recommended that staff maintain a current cardio-pulmonary resuscitation ("CPR") and First Aid certification. All candidates applying for a preliminary teaching credential are required to obtain certification in CPR. The Commission on Teacher Credentialing states that CPR certification shall meet the criteria of the American Heart Association or the American Red Cross. Submit a copy of your certification to the Human Resources Department for inclusion into your personnel file.

### **Intellectual Property**

AUDEO shall own any employee-created intellectual property under the following circumstances:

1. The intellectual property was created within the scope of employment;
2. The intellectual property was created on AUDEO time with substantial use of AUDEO equipment, services or resources; or
3. The intellectual property was commissioned by AUDEO
  - Pursuant to a signed contract; or
  - Within a specific category of works considered works-for-hire under copyright law.

A copyright work is “created within the scope of employment” if it is the kind of work the employee is employed to do and the employee creates it, at least in part, for the employee’s use at work, or for use by co-workers, AUDEO, and/or the students and families AUDEO serves. Such works related to an individual’s job responsibilities, even if he or she is not specifically requested to create them, will belong to AUDEO as “works-for-hire.”

The use of personal time or other facilities to create the work will not change its basic nature if it is related to job duties as described above. Works that have nothing to do with job duties will remain the property of the employee, so long as he or she does not make substantial use of AUDEO facilities to do so. “Substantial use” is the use of resources other than those “ordinarily available” to most or all staff and/or students. Such ordinarily available resources include office space and personal office equipment, office computer, general use information resources, and the means of network access to such resources.

If an employee creates intellectual property other than a scholarly work and which may lead to commercial development, then he or she is expected to immediately notify the Leadership Team in order to provide AUDEO with sufficient information to permit it to evaluate the work, both its ownership and its commercial potential, and, if appropriate, to take steps to protect AUDEO’s intellectual property rights. If ownership rests with AUDEO, but AUDEO elects not to exercise its ownership rights, then ownership rights and responsibilities related to patenting, copyrighting and licensing shall revert

to the author(s). In such case, AUDEO shall retain a nonexclusive, royalty-free right to use the work for non-commercial purposes.

## **Research Activities**

AUDEO is committed to supporting a strong, active research component for the School. As a critical part of the ADLI (Approach, Deploy, Learn, Integrate) approach to strategic growth, professional development and innovation, AUDEO holds as an expectation that every employee’s scope of work shall include observation and exploration and sharing of instructional, educational, operational and related activity at the national, state, and local levels

The activities surrounding ADLI may include, but are not limited to attending local, state, and national conferences on a unique variety of subject areas including the charter movement, charter law, charter school development and management, personal interviews, meetings, the preparation of white papers, technical manuals, other major publications, working with consultants, and producing or coordinating projects that include the sharing of information (data, operational, or process) with other entities interested in the work relating to the Altus Model. Consistent with the organization’s charitable purpose, it is the intent of AUDEO that its involvement in active research and study not only benefits and promotes the Schools directly, but inspires and engages employees at every level in the promise of working for an entity which is oriented to process improvement, innovative non-traditional approaches, and futuristic development of programs that benefit students everywhere.

## **Personal Phone Calls**

School telephones are a vital tool in communicating with parents, community resources, and to conduct official school business. Please keep personal phone calls, using school phones or your personal cell phones, to a minimum; they must not interfere with your work.

If calls are made from a school phone to areas that incur toll or long-distance charges, the employee responsible for initiating the calls must complete the appropriate school form to report the call. Employees are responsible for payment of any fees incurred for toll or long-distance personal phone calls.

### **Personal Use of School Property**

If you want to use school equipment or tools during or after work hours for personal benefit, you must have written authorization from the School Administrator. AUDEO is not liable for personal injury incurred during the use of school property for personal projects. As an employee of AUDEO, you accept full responsibility for any and all liabilities for injuries or losses that occur, and for the malfunction of equipment. You are responsible for returning the equipment or tools in good condition, and you agree that you are required to pay for any damage that occurs while using the equipment or tools for personal projects.

### **Property and Equipment Care**

It is your responsibility to understand the equipment/ machines you need to use to perform your duties. Good care of any machine that you use during the course of your employment, as well as the conservative use of supplies, will benefit you and AUDEO. If you find that a machine and/or piece of equipment is not working properly or in any way appears unsafe, please notify your supervisor immediately so that repairs or adjustments may be made. Under no circumstances should you start or operate a machine you deem unsafe, nor should you adjust or modify the safeguards provided.

### **Responsibility for School Property**

All school equipment assigned to RC/locations is purchased and consigned to staff with the express intent that it be used in the delivery of instruction and/or services offered to students enrolled in the school.

Equipment owned by AUDEO is considered an asset and under the protection of workforce

members. Equipment such as computers, telephones, radios, laptops/ computers, televisions, etc. are to be used expressly for the purpose for which they were intended, that is, to enhance the teaching and learning that occurs in the RC and support to job functions.

Equipment, other than employee's assigned laptop, should never be removed from the site without prior written notification, twenty-four (24) hours in advance, directed to the School Administrator/Site Coordinator or designee. School property that the employee is allowed to remove from school premises becomes the liability of that employee until the employee returns it to AUDEO in good working condition.

It is the responsibility of the employee to exercise reasonable care and appropriate precautions to prevent damage to or loss/theft of school property in their care. The terms "reasonable care and appropriate precautions" may mean, at minimum:

- The property is not left unattended.
- The property is secured in a locked facility.
- When being transported the property is locked in a vehicle out-of-sight, preferably in the trunk.
- Transporting of the property is limited primarily to between school sites, on school business, and to and from work.

The employee is liable for the payment of damages whenever his/her wrongful or negligent act or omission causes loss, theft, disappearance, damage to or destruction of school property for which he/she is responsible.

In the event that school property under the employee's care is lost or stolen, it must be reported to the local police AND the School Administrator/ School Coordinator or designee immediately. A copy of police report must be sent to the School Administrator/School Coordinator or designee within two (2) working days of the loss. Failure to secure and submit a police report automatically results in the employee's liability for the replacement cost.

Within two (2) working days after notification that

school property has been lost or damaged, the employee's supervisor will interview the employee, prepare a written report, and submit it to the School Administrator for review.

The Executive Director will determine if the employee is deemed negligent, and whether or not financial liability and/or other sanctions are justified. This determination will be based on the facts established in each case. The School Administrator will inform the employee in writing as to the findings and any consequences. The employee has the option to request an appeal of the decision. The appeal must be submitted in writing, addressed to the Executive Director, within five (5) working days after the receipt of the findings.

After review, the Executive Director will convey the decision, in writing, to all concerned.

If the finding of liability is upheld, the School Administrator will be responsible for instituting the sanctions/ consequences other than financial. If there is a financial liability, the Finance Department will submit a bill to the employee requesting payment due as soon as possible AND prior to the end of the employee's contract term.

### **Safety/Fire/Earthquake Drills**

The safety of our students and employees is a priority. Drills are scheduled throughout the year. The Safety Coordinator and/or School Administrator will advise you about the requirements and expectations.

### **Safety Rules (General)**

Safety is everybody's business. Safety must be given primary importance in every aspect of planning and performing of all school activities. We want to protect you and our students from injury and illness.

Please report all injuries (no matter how slight) to your supervisor immediately, as well as anything that needs repair or is a safety hazard. Below are some general safety rules:

- Avoid overloading electrical outlets with too many appliances or machines.
- Use flammable items, such as cleaning fluids, with caution.
- Use stairs one at a time.
- Ask for assistance when lifting heavy objects or moving heavy furniture.
- Smoke only in designated smoking areas, but not on school property.
- Keep cabinet doors and file and desk drawers closed when not in use.
- Sit firmly and squarely in chairs that roll or tilt.
- Avoid "horseplay" or practical jokes.
- Keep your work area clean and orderly; keep aisles clear of obstructions.
- Stack materials only to safe heights.
- Watch out for the safety of fellow employees and students.
- Use the right tool for the job, and use it correctly.

Remember, failure to adhere to these rules will be considered a serious infraction of safety rules and will result in disciplinary actions, up to and including immediate termination.

### **Security**

Maintaining the security of school assets and buildings is every employee's responsibility. Develop habits that ensure security as a matter of course. For example:

- Always keep cash properly secured. If you are aware that cash is insecurely stored, immediately inform the person responsible and/or your supervisor. Do not keep cash in the resource center. Turn in any school cash at the end of the school day to the Finance

- Department; issue receipts.
- Know the location of all alarms and fire extinguishers, and familiarize yourself with the proper procedure for using them should the need arise.
- When you leave school's premises make sure that all entrances are properly locked and secured and that, where applicable, security alarms are set.

## **Pandemic Response Procedures**

AUDEO has developed pandemic response procedures in order to be prepared in such emergency circumstances. Viruses such as influenza are a group of highly contagious diseases that can be fatal. A pandemic differs from both seasonal influenza (flu) and other known influenza viruses in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new virus of which little is known and to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu, with a higher death rate, and can affect and be spread by young, healthy people as well as older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily by region or state to contain spread of the virus.

### ***Executive Director Actions:***

- Activate heightened surveillance of illness within school site. Gather data on symptoms of students and staff who are sick at home.
- Ensure that students and staff members who are ill stay home.
- Send sick students and staff home from school immediately.
- Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette.

- Monitor bulletins and alerts from the Department of Health and Human Services.
- Keep staff informed of developing issues.
- Assist the Department of Health and Human Services in monitoring outbreaks.
- Respond to media inquiries regarding school attendance status.
- Implement online education, if necessary, so that students can stay home.
- Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

### ***Staff and Student Actions:***

- Stay home when ill with cough or other flu-like symptoms (chills, fever, aches, cough, sore throat).
- Practice “respiratory hygiene etiquette,” including but not limited to covering your cough and sneezing with a tissue, washing hands with soap and water or a waterless hand hygiene product, and placing used tissues into a sealed bag.
- Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- Implement distance learning and online homework assignments so that students can maintain academic progress during shelter in place orders.

### ***Additional Steps for the School:***

- Identify Essential Employees (Teachers, Administrators, etc.).
- Provide modified distance learning for periods of school closure.
- Direct custodial staff to thoroughly clean and sanitize school facilities.

### ***Emergency Preparedness***

Every school must have emergency preparedness procedures readily on hand, including a list of up to date emergency contact numbers. This information should be discussed and disseminated before school starts, ideally at an all school staff meeting just when the teachers return to duty. Administrators will conduct regular trainings with staff and students to

ensure that disaster procedures will be followed in the event of an emergency.

### **Essential Employees**

Functioning critical infrastructure is imperative during the response to a public health or other emergency for the health and safety of staff and students as well as community well-being. Certain critical infrastructure industries have a special responsibility in such times to continue operations.

The Department of Homeland Security's (DHS) Cybersecurity & Infrastructure Security Agency (CISA) has prepared a list of 14 critical industry sectors. Employees that fall under these categories are referred to as "Essential Critical Infrastructure Workers" and are generally required to deliver services during an emergency. Included among these sectors are community-based government operations and essential functions. This category refers to critical government workers, as defined by the employer, and includes most staff members of AUDEO, as follows:

- Educators supporting public and private K-12 schools for purposes of facilitating distance learning or performing other essential functions, if operating under rules for social distancing.
- Administrators of public and private K-12 schools for purposes of supporting the work of educators to deliver distance learning and to perform other essential functions, if operating under rules for social distancing.

AUDEO shall designate essential employees who are required to work and provide services during any pandemic, emergency, or natural disaster.

### **Temporary Telework Policy to Address COVID-19 Remote Working Conditions**

#### **Purpose**

Audeo Charter School corporation recognizes approved teleworking as a ~~necessary~~ work arrangement that may be available to employees who work in certain positions. while the Schools are closed during the ongoing coronavirus

~~("COVID-19")~~

~~pandemic.~~ This policy details conditions and requirements which apply to all ~~temporary telework assignments in the organization. during the School's closure due to COVID-19.~~

#### **Definition**

Teleworking allows employees to work at home or in an approved remote location for all or part of their regular workweek. Teleworking is not an entitlement, nor is it a school-wide benefit. This temporary arrangement in no way alters or changes the terms and conditions of employment with the School, and the promulgation of this Policy creates no employee rights in relation to teleworking. Furthermore, the School has the right to refuse to make telework available to an employee and to terminate a telework assignment without cause at any time in its sole and unreviewable discretion.

#### **General Requirements**

Employees shall not telework unless they receive advance written approval from the School. Employees shall make arrangements with their supervisor and co-workers to address on-site job demands that arise, including returning to the work site to perform certain job duties as needed or as directed by their supervisor. Employees shall be responsible for following all School policies and procedures when teleworking. Employees shall also be solely responsible for the performance of their telework duties; assistance from third parties is strictly prohibited.

Nonexempt employees will be required to (1) record all hours worked as assigned by the School and (2) take and document applicable meal/rest periods. Nonexempt employees must also receive written approval from a supervisor prior to working additional hours or overtime. Failure to comply with timekeeping and work hours requirements may result in disciplinary action, up to and including termination from employment.

#### **Eligibility Considerations**

Consideration will be given to employees who

work in positions adaptable for telework assignments, particularly those who have demonstrated work habits and performance well-suited to successful teleworking. In the sole discretion of AUDEO and its management, the following eligibility factors will be considered:

- The employee has a position where effective communication can be accommodated electronically;
- The employee's telework assignment will not be detrimental to the productivity or work quality of other employees or the effective operation of the School;
- The employee must be able to perform work from home or an approved remote location without distractions or unnecessary risk to the security of School data, records, networks, or confidentiality generally;
- The employee's equipment and software must meet the School's guidelines/standards, and the employee's needs for Information Technology ("IT") support must be minimal;
- Telework sites must be in California unless authorized by the President/CEO or a designee;
- The employee must be effective at working independently for extended periods of time;
- The employee has demonstrated or can demonstrate effective time-management skills by completing tasks efficiently and within any required deadlines;
- The employee must maintain connections with work groups or teams from their remote work location; and
- The employee has no recent or pending corrective or disciplinary actions.
- Further, the employee acknowledges that telework is not an entitlement and such assignments are within the sole discretion of the employer. Telework assignments may be rescinded at any time without cause at the Audeo's sole discretion.

### ***Supervisor Responsibilities***

Supervisors managing employees who have been permitted to telework must effectively:

- Implement the telework policy/guidelines;
- Conduct remote supervision;

- Understand the technology and tools necessary for successful remote supervision; and
- Establish communication protocols with teleworking employees, including making continued efforts to involve teleworking employees in office department events, messages, etc. as applicable to preserve teamwork.

Supervisors will assess each employee's progress on a telework assignment periodically to ensure the employee's compliance with telework requirements, and address any work-related issues, including completing evaluations and other performance management as appropriate.

### ***Communication and Accessibility***

Employees and supervisors must determine how communication between the teleworking employee, the worksite, and/or other employees also teleworking will be handled. Employees shall keep their supervisor and as needed, their co-workers or other School stakeholders (e.g., students and/or parents), informed of their availability so these individuals know how and when to reach the employee during the employee's telework assignment. Employees must be accessible by phone and email at all times to their supervisor, co-workers, School stakeholders, and the School generally during assigned work hours. Employees must notify their supervisors if they leave their telework site during agreed upon hours, aside from applicable meal and rest periods. Employees must post their telework schedule on their calendar, including applicable meal and rest periods. Employees must also remain flexible in their scheduling, and shall be available to attend staff meetings and other meetings as required by their supervisor.

### ***Safety***

Employees are responsible for establishing and maintaining a designated, adequate workspace at their telework location. When the telework location is the employee's home, the employee is responsible for ensuring the location is safe (free from hazards and other dangers to the employee or equipment), clean, professional, and free of distractions (e.g., children, pets, electronic devices, etc.).

### ***Supplies, Equipment, and Furniture***

The Schools will determine, with information supplied by the employee and the supervisor, the appropriate equipment needs for each telework assignment on a case-by-case basis.

All necessary technology equipment will be supplied and maintained by the Schools, subject to availability. Equipment supplied by the Schools is to be used for work purposes only. Employees must sign an inventory of School property and agree to protect the items from damage or theft. Employees shall not be entitled to reimbursement for their use of School property. Employees shall be held liable to the School whenever their wrongful or negligent act or omission causes loss, theft, disappearance, damage to, or destruction of School property. Upon cessation of a telework assignment, School property must be returned to the School.

### ***Information Security and Confidentiality***

Employees must never provide any third parties access to the AUDEO network or share network access passwords, and must comply with all policies and procedures related to information security and network access.

Consistent with AUDEO's expectations of information security for employees working at the office, teleworking employees must ensure that their telework location is secure and communications provided or sensitive work performed from the telework location remain confidential, away from the presence of family members or guests. Any School materials taken home, such as confidential personnel or pupil records, must be kept in a secure space within the telework location and not be made accessible to any third parties, including the employee's family members or guests. Steps which employees may take to increase security of School materials/information include use of locked file cabinets and desks, regular password maintenance, shielding computer monitors, and any other actions appropriate for the position and the telework location.

### ***Performance Standards***

Employees must maintain the same or an improved level of productivity and work quality while teleworking. If productivity and/or work quality begin to decline, the telework assignment will be reevaluated to determine if changes can be made or termination of the telework assignment is warranted. Telework allows a high amount of flexibility for an employee to complete their work in a timely and proper manner, and it is expected that employees will not abuse this opportunity by allowing their productivity or work quality to decline.

### ***Professional Boundaries***

Employees must maintain appropriate levels of professionalism when interacting remotely with students and/or student's family members in full compliance with the AUDEO's "Professional Boundaries: Staff/Student Interaction" policy and as summarized below:

- Limit communications with students to issues involving School activities or classes only;
- Ensure professional communications with students by avoiding conversations of an overly personal, inappropriate, sexual, offensive, or indecent nature;
- Respect the privacy rights of students by ensuring communications and/or documents involving confidential pupil information are safeguarded appropriately;
- Maintain the same degree of formality as would be appropriate when working on-site, including in manner of speech, tone, method of communication, and appearance and dress, particularly when the employee may be communicating with students via video chat; and
- Continue to comply with any and all AUDEO policies, including enforcing appropriate student behavior and student discipline, child abuse and neglect reporting protocols, and prohibitions on harassment or other inappropriate conduct.

Employees who fail to demonstrate acceptable professional boundaries during a telework assignment may be subject to disciplinary action, up to and including termination from

employment.

### ***Return to Work***

Telework assignments are temporary in nature and will only continue subject to AUDEO approval. As such, employees must return to on-site work at their assigned work location when directed to do so by their supervisor. However, in limited circumstances and only upon a showing of hardship to AUDEO, employees may be permitted to continue in their telework assignment for up to an additional thirty (30) days beyond the planned termination of their telework assignment.

Any employee requesting an extension of their telework assignment must submit such request in writing to the Executive Director immediately upon being notified of the requirement to return to on-site work. The written request must explain in detail the basis for the hardship.

Upon completion of any approved extension of a telework assignment, AUDEO may allow the extension to continue, subject to demonstrable ongoing hardship experienced by the employee and the overall needs of the School. The decision as to whether to grant any initial or continuing request to extend the telework assignment remains within the sole and unreviewable discretion of AUDEO.

### ***Evaluation & Duration***

Evaluation of employee performance during the teleworking assignment may include daily interaction by video, phone and/or email between the employee and the supervisor, and weekly face-to-face and/or video meetings whenever possible to discuss work progress and problems, as needed.

AUDEO may modify or terminate telework assignments at any time, with or without cause or advance notice. Although not required, AUDEO shall endeavor to provide seven (7) days' notice of the modification or termination of any telework assignment whenever possible. All telework assignments shall be subject to termination upon resumption of regular onsite duties at the Schools unless determined by the

If an employee is absent longer than three (3) days due to illness, medical evidence of illness and/or medical certification of fitness to return to work satisfactory to AUDEO may be required. AUDEO will not tolerate abuse or misuse of sick leave privileges. If AUDEO suspects abuse of sick leave, AUDEO may require a medical certification from an employee verifying the employee's absence.

Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave depending upon the facts and circumstances of the employee's basis for leave beyond accrued sick leave. Employee requests for unpaid medical leave must be approved in advance by AUDEO.

### ***Personal Necessity Leave***

You may use not more than seven (7) days of

accumulated full-salary sick leave in any school year for personal necessity leave. Absence in excess of these limits, or in excess of full-time sick leave, must be taken as unpaid personal leave upon approval of the Executive Director or designee. Approved use of this leave includes:

- Death of a member of immediate family. Full-salary sick leave may be used after bereavement leave benefits are exhausted (see *Bereavement*). Additionally, you may use one (1) day per year of full pay sick leave for the purpose of attending the funeral of a close friend or relative not included in the definition of immediate family.
- Serious or critical illness of a member of the immediate family. You may be required to furnish a physician's statement and any other proof requested by the Executive Director.

AUDEO may request a signed statement or additional proof to substantiate the absence or personal necessity.

Employees must request personal necessity leave at least one (1) week in advance unless an emergency situation occurs. Approval shall be at the discretion of the Executive Director and shall not serve as precedent for any other request. Personal necessity leave is not vacation, does not carry over from year to year, and is not paid out upon separation from employment.

### **Transfer of Accumulated Sick Leave**

Teachers who previously worked for another

California school that participated in CalSTRS, or Classified staff who previously worked for another California school that participated in CalPERS, may transfer their accumulated sick leave to the school provided that the following conditions are met:

- (1) Employment in the previous district was for one (1) calendar year or more.
- (2) Employment with AUDEO began within one (1) year of termination from the previous school.

## Leaves of Absence

### **Bereavement**

Absence without the loss of salary may be granted to a monthly-salaried employee upon death of a member of his/her immediate family (or that of the spouse), as defined above, for a period not to exceed five (5) days. If additional time is required, the employee may request Personal Necessity Leave as described above.

For purposes of this section, immediate family includes relatives of the employee or employee's spouse: parents and step-parents, son, daughter, brother, sister, spouse, grandparents, grandchildren, son- and daughter-in-law, parents-in-law, aunt, uncle, niece, nephew, domestic partner, or any relative living in your immediate household.

### **Jury Duty**

If you receive a summons or other notice requiring you to report for Jury Duty, inform your supervisor immediately, and provide Human Resources with a copy of your notice to report for Jury Duty.

Monthly employees called for Jury Duty are granted paid leave of absence for the days actually served and are permitted to keep any jury stipend received. Employees are expected to return to work when they only serve a partial day. Employees who are placed on "telephone standby" must report to work during those days.

At the end of each day of Jury Duty, notify your Supervisor of your status. At the end of jury service submit your jury attendance documents to Human Resources.

Hourly employees called for Jury Duty may receive postponement of service or cancellation due to financial hardship. Contact the Human Resources Department if documentation of your employment status is needed.

### **Family Care and Medical Leave**

This policy explains how AUDEO complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require AUDEO to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA/CFRA leave in any twelve (12) month period for the purposes enumerated below.

#### ***Employee Eligibility Criteria***

To be eligible for FMLA/CFRA leave, the employee must have been employed by AUDEO for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of CFRA where the School must only have at least five (5) employees).

#### ***Events That May Entitle an Employee To FMLA/CFRA Leave***

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA/CFRA allowance includes any time taken (with or without pay) for any of the following reasons:

1. To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by AUDEO, they each will be entitled to a separate twelve (12) weeks of leave for this purpose, which cannot be loaned or otherwise assigned from one employee to the other.
2. Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of his or her job (other than a disability caused by pregnancy, childbirth, or

related medical conditions, which is covered by AUDEO's separate pregnancy disability policy).

twelve (12) month period to provide said care. CFRA does not provide leave specific to caring for a service member.

- a. A "serious health condition" is an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.
  - b. "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits him/her to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.
  - c. "Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.
  - d. "Continuing treatment" means ongoing medical treatment or supervision by a health care provider.
3. To care for a spouse, domestic partner, child, or parent with a serious health condition. A qualifying family member may also include a parent-in-law, grandparent, grandchild, ~~or~~ sibling, or designated person for CFRA purposes. "Designated person" refers to any individual related by blood or whose association with the employee is equivalent to a family relationship.
  4. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of additional FMLA leave in a single

5. For any “qualifying exigency” because the employee is the spouse, son, daughter, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces. For CFRA purposes, this may also include a domestic partner.

more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days AUDEO’s activities have ceased do not count against the employee’s FMLA or CFRA leave entitlement. Similarly, if an employee uses FMLA/CFRA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which

### ***Amount of FMLA/CFRA Leave Which May Be Taken***

1. FMLA/CFRA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. “Twelve workweeks” means the equivalent of twelve (12) of the employee’s normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, “twelve workweeks” means sixty (60) working and/or paid eight (8) hour days.
2. In addition to the twelve (12) workweeks of FMLA/CFRA leave that may be taken, an employee who is the spouse, son, daughter, parent, or next of kin of a covered Armed Forces service member may also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the service member.
3. The “twelve month period” in which twelve (12) weeks of FMLA and CFRA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA/ CFRA leave.
4. If a holiday falls within a week taken as FMLA/ CFRA leave, the week is nevertheless counted as a week of FMLA/CFRA leave. If, however, AUDEO’s business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or

an employee partially takes leave does not count against the employee's leave entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

### ***Pay during FMLA/CFRA Leave***

1. An employee on FMLA/CFRA leave because of his/her own serious health condition must use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA/CFRA leave, AUDEO and the employee may agree to have School- provided paid leave, such as vacation or sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law.
2. An employee on FMLA/CFRA leave for baby-bonding or to care for a qualifying family member with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave.
3. If an employee has exhausted his/her sick leave, leave taken under FMLA/CFRA shall be unpaid leave.
4. The receipt of sick leave pay or State Disability Insurance benefits will not extend the length of the FMLA or CFRA leave. Sick pay accrues during any period of unpaid FMLA or CFRA leave only until the end of the month in which unpaid leave began.

### ***Health Benefits***

The provisions of AUDEO's various employee benefit plans govern continuing eligibility during FMLA/CFRA leave, and these provisions may change from time to time. The health benefits of employees on FMLA/CFRA leave will be paid by AUDEO during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA/CFRA leave is granted, AUDEO will give the employee written confirmation of the arrangements made for the

payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of his/her group health coverage, AUDEO will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

AUDEO may recover the health benefit costs paid on behalf of an employee during his/her FMLA/CFRA leave if:

1. The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if he/she works less than thirty (30) days after returning from FMLA/ CFRA leave; and
2. The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA/CFRA leave, or other circumstances beyond the control of the employee.

### ***Seniority***

An employee on FMLA/CFRA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA/CFRA leave will return with the same seniority he/she had when the leave commenced.

### ***Medical Certifications***

1. An employee requesting FMLA/CFRA leave because of his/ her own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by AUDEO. Absent extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of AUDEO's request for certification) may result in denial of the leave request until such certification is provided.
2. AUDEO will notify the employee in writing if the certification is incomplete or

insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. AUDEO may contact the employee's health care provider to authenticate a certification as needed.

3. If AUDEO has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, AUDEO may request a second opinion by a health care provider of its choice (paid for by AUDEO). If the second opinion differs from the first one, AUDEO will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.
4. Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

#### ***Procedures for Requesting and Scheduling FMLA/CFRA Leave***

1. An employee should request FMLA/CFRA leave by completing a Request for Leave form and submitting it to the Executive Director. An employee asking for a Request for Leave form will be given a copy of AUDEO's then-current FMLA/CFRA leave policy.
2. Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or his/her qualifying family member. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA/CFRA leave was an emergency or was otherwise unforeseeable.
3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt AUDEO's operations.
4. If FMLA/CFRA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's qualifying family member, the leave may be taken intermittently or on a reduced leave schedule when medically

necessary, as determined by the health care provider of the person with the serious health condition.

5. If FMLA/CFRA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that AUDEO will grant a request for FMLA/CFRA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.
6. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.
7. AUDEO will respond to an FMLA/CFRA leave request no later than five (5) business days of receiving the request. If an FMLA/CFRA leave request is granted, AUDEO will notify the employee in writing that the leave will be counted against the employee's FMLA/CFRA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

#### ***Return to Work***

1. Upon timely return at the expiration of the FMLA/CFRA leave period, an employee is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA/CFRA leave.
2. When a request for FMLA/CFRA leave is granted to an employee, AUDEO will give the employee a written guarantee of reinstatement at the termination of the leave

(with the limitations explained above).

3. Before an employee will be permitted to return from FMLA/CFRA leave taken because of his/ her own serious health condition, the employee must obtain a certification from his/her health care provider that he/ she is able to resume work.
4. If an employee can return to work with limitations, AUDEO will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from AUDEO.

### ***Employment during Leave***

No employee, including employees on FMLA/CFRA leave, may accept employment with any other employer without AUDEO's written permission. An employee who accepts such employment without AUDEO's written permission will be deemed to have resigned from employment at AUDEO.

### **Pregnancy Disability Leave**

This policy explains how AUDEO complies with the California Pregnancy Disability Act, which requires AUDEO to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

### ***Employee Eligibility Criteria***

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

### ***Events That May Entitle an Employee to Pregnancy Disability Leave***

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

1. The employee is unable to work at all or is unable to perform any one or more of the essential functions of her job without undue risk to herself, the successful completion of her pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or
2. The employee needs to take time off for prenatal care.

### ***Duration of Pregnancy Disability Leave***

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 1/3 weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 1/3 weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for AUDEO. AUDEO is not required to provide an indefinite leave of absence as a reasonable

accommodation.

### ***Pay during Pregnancy Disability Leave***

1. An employee on pregnancy disability leave must use all accrued paid sick leave and may use any or all accrued vacation time at the beginning of any otherwise unpaid leave period.
2. The receipt of vacation pay, sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.
3. Vacation and sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.

### ***Health Benefits***

AUDEO shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12) - month period. AUDEO can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

1. The employee fails to return from leave after the designated leave period expires.
2. The employee's failure to return from leave is for a reason other than the following:
  - The employee is taking leave under the California Family Rights Act.
  - There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.
  - There is a non-pregnancy related medical condition requiring further leave.
  - Any other circumstance beyond the control of the employee.

### ***Seniority***

An employee on pregnancy disability leave remains an employee of AUDEO and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, she will return with the same seniority she

had when the leave commenced.

### ***Medical Certifications***

1. An employee requesting a pregnancy disability leave must provide medical certification from her healthcare provider on a form supplied by AUDEO.
2. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.
3. Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

### ***Requesting and Scheduling Pregnancy Disability Leave***

1. An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to the Executive Director. An employee asking for a Request for Leave form will be referred to AUDEO's then current pregnancy disability leave policy.
2. Employee should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.
3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt AUDEO's operations.
4. Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.
5. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred

temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.

6. AUDEO will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, AUDEO will notify the employee in writing and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

### ***Return to Work***

1. Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, she must be reinstated to a comparable position unless one of the following is applicable:

The employer would not have offered a comparable position to the employee if she would have been continuously at work during the pregnancy disability leave.

There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. AUDEO will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

2. When a request for pregnancy disability leave is granted to an employee, AUDEO will give the employee a written guarantee of reinstatement at the end of the leave (with

the limitations explained above).

3. In accordance with AUDEO policy, before an employee will be permitted to return from a pregnancy disability leave of three (3) days or more, the employee must obtain a certification from her healthcare provider that she is able to resume work.
4. If the employee can return to work with limitations, AUDEO will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from AUDEO.

### ***Employment during Leave***

No employee, including employees on pregnancy disability leave, may accept employment with any other employer without AUDEO's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

### **Unpaid Leave of Absence**

AUDEO recognizes that special situations may arise where an employee must leave his or her job temporarily. At its discretion, AUDEO may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by AUDEO.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

If you are currently covered, medical, and dental coverage will remain in force during a medical or worker's compensation leave of absence, provided you pay the appropriate premiums. Whether you are required to pay your own premiums will depend upon the length of your leave of absence. During a family/ medical leave, your medical and dental benefits will remain in force provided you pay the appropriate premiums. Benefits are terminated the day any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all

earned but unused vacation pay, provided that the vacation pay was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

### **Industrial Injury Leave (Workers' Compensation)**

AUDEO, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

- Medical care;
- Cash benefits, tax-free to replace lost wages; and
- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure you receive any worker's compensation benefits to which you may be entitled, you will need to:

- Immediately report any work-related injury to the Executive Director;
- Seek medical treatment and follow-up care if required;
- Complete a written Employee's Claim Form (DWC Form 1) and return it to the Executive Director; and
- Provide AUDEO with a certification from your health care provider regarding the need for workers' compensation disability leave as well as your eventual ability to return to work from the leave.

It is AUDEO's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. AUDEO, with the help of its insurance carrier has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high quality medical service and a location that is convenient to AUDEO's operation.

- If an employee is injured on the job, he/she is to go or be taken to the approved medical center for treatment. If injuries are such that

they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.

- All accidents and injuries must be reported to the Executive Director and to the individual responsible for reporting to AUDEO's insurance carrier. Failure by an employee to report a work-related injury by the end of his/her shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by his/her personal physician at his/her own expense, but he/she is still required to go to AUDEO's approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.
  - When there is a job-related injury that results in lost time, the employee must have a medical release from AUDEO's approved medical facility before returning to work.
  - Any time there is a job-related injury, AUDEO's policy requires drug/alcohol testing along with any medical treatment provided to the employee.

### **Military and Military Spousal Leave of Absence**

AUDEO shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Re-Employment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, AUDEO shall continue the employee's health benefits. For service of more than thirty (30) days, employee shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement

during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, AUDEO will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to AUDEO, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA- covered service. Exceptions to this policy will occur wherever necessary to comply with applicable laws.

AUDEO shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide AUDEO with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

### **Voting Time Off**

If an employee does not have sufficient time outside of working hours to vote in an official

state-sanctioned election, the employee may take off enough working time to vote. Such time off shall be taken at the beginning or the end of the regular working shift, whichever allows for more free time and the time taken off shall be combined with the voting time available outside of working hours to a maximum of two (2) hours combined. Under these circumstances, an employee will be allowed a maximum of two (2) hours of time off during an election day without loss of pay. When possible, an employee requesting time off to vote shall give the Executive Director at least two (2) days' notice.

### **School Appearance and Activities Leave**

As required by law, AUDEO will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of unpaid time off per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of AUDEO, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advanced notice of the planned absence. The employee must use accrued but unused paid leave (e.g., vacation or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

### **Bone Marrow and Organ Donor Leave**

As required by law, eligible employees who require time off to donate bone marrow to

another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to sixty (60) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave (“Donor Leave”), the employee must have been employed by AUDEO for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to AUDEO that he or she is a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Up to five (5) days of leave for bone marrow donation, and up to thirty (30) days of leave for organ donation, may be paid provided the employee uses five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. AUDEO may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/ CFRA Leave.

## **Victims of Abuse Leave**

AUDEO provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, stalking or other crimes. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee’s own health, safety or welfare, or that of the employee’s child or children or when a person whose immediate family member is deceased as the direct result of a crime. A crime includes a crime or public offense that would constitute a

misdemeanor or felony if the crime has been committed in California by a competent adult, an act of terrorism against a resident of California (whether or not such act occurs within the state), and regardless of whether any person is arrested for, prosecuted for, or convicted of, committing the crime. Employees may also request unpaid leave for the following purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide AUDEO with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide AUDEO one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee’s absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.
4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including but not limited to, a written statement signed by the employee, or an individual acting on the employee’s behalf, certifying that the absence is for a purpose authorized under the law.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, AUDEO will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request an accommodation under this policy, an employee should contact the Human Resources Department.

### **Returning From Leave of Absence**

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give the Executive Director thirty (30) days' notice before returning from leave. Whenever AUDEO is notified of an employee's intent to return from a leave, AUDEO will attempt to place the employee in his former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re-employment cannot always be guaranteed. If you need further information regarding Leaves of Absence, be sure to consult the Executive Director.

# Internal Complaint Review Policy

The purpose of the “Internal Complaint Review Policy” is to afford all employees of AUDEO the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the Executive Director or Board Chairperson to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the AUDEO’s “Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation.”

## We Need Your Ideas

Ask any of our employees who have worked with us for a long time and they will probably tell you of the many changes and improvements that have come about since they first joined us. We believe the person doing the job is in the best position to think of ways of doing it more easily, more efficiently, and more effectively. If you think of a better way of doing your job or the job of a fellow employee, discuss it with your supervisor, who will welcome your suggestions and ideas.

Remember, there may be areas in AUDEO’s operations that can be improved. These could be in service, programs, equipment, communications, safety, ways to reduce costs, losses, and/or waste, or other improvements you may see a need for. Please give us the benefit of your unique experience and thoughts.

## Concerns

Our goal is to maintain a comfortable working environment for everyone. We do this in several ways:

- By treating each of you as an individual and encouraging your maximum development;
- By recognizing that each of you is essential to the success and growth of the school; and
- By maintaining direct communications with all of our employees and ensuring that each and every one of you can speak directly and openly with the Leadership Team.

If something about your job is bothering you or if you feel that you have not been treated fairly or in accordance with school policy, you should discuss your concerns with your immediate

supervisor. If you still have questions after this discussion, request a meeting with the President/CEO, Executive Director, or Human Resources ~~Administator~~Administrator.- The Leadership will listen to your concerns and will attempt to provide a response as soon as possible. It may not always be possible to achieve the results you want, but if it is not, AUDEO will attempt in each case to explain why. No employee will be disciplined or otherwise penalized for raising a good faith concern.

## Employee Relations

One of AUDEO’s primary goals is to successfully meet its responsibilities to you, our employees, both as individuals, and as contributing members of AUDEO. This is accomplished by managing in such a way that you will always be treated with respect and dignity. We believe every person deserves to be treated in this manner, in any situation. We also believe this principle helps make AUDEO successful. And, in this environment, we can work together to solve any problems that may arise.

## Suggestions

We encourage all employees to bring forward their suggestions and good ideas about how the school can be made a better place to work, our programs and services improved, and our service to students, parents, and community enhanced. When you see an opportunity for improvement, please talk it over with your immediate supervisor. He or she can help you bring your idea to the attention of the people in the school who will be responsible for possibly implementing it.

All suggestions are valued and listened to. When

a suggestion from an employee has particular merit, we provide for special recognition of the individual(s) who had the idea.

### **Internal Complaints**

(Complaints by Employees Against Employees)

This section of the policy is for use when an AUDEO employee raises a complaint or concern about a co- worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Executive Director or designee:

- The complainant will bring the matter to the attention of the Executive Director as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Executive Director or designee will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Executive Director, the complainant may file his or her complaint in a signed writing to the President of AUDEO's Board of Directors, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board Chairperson or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, AUDEO values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

### **Policy for Complaints Against Employees**

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about an AUDEO employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Executive Director or Board Chairperson (if the complaint concerns the Executive Director) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Executive Director (or designee) shall abide by the following process:

- The Executive Director or designee shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Executive Director (or designee) finds that a complaint against an employee is valid, the Executive Director (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Executive Director (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Executive Director's (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors. The decision of the Board shall be final.

### ***General Requirements***

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the Executive Director) or the Executive Director or designee will investigate

complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

## About Our School

Audeo Charter School II is a public school designed for students who seek an alternative option to the traditional approach to education. Students receive a personalized and rigorous academic experience from a high-quality staff in a safe and supportive environment. As a charter school, Audeo II is a school of choice, with open enrollment policies that serve a diverse student community. The flexible scheduling and around-

the-year calendar better serves many students who seek a non-traditional environment in which to learn. Audeo II was founded in 2016 and serves students in grades K-12.

#### ***Values - How We Do Our Work***

- We create a positive, challenging environment that is centered on teaching and learning.

#### **Focus on Academic Teaching and Learning**

Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School, and Sweetwater Secondary School (“Altus Schools”) which are operated by Audeo Charter School corporation are solely academic in nature and were originally created as re-directive programs designed for all students seeking a learning approach better suited to their learning style. The development, growth, and expansion of the schools primarily involve the creation of instructional environments. These instructional environments support an individualized and personalized educational template that motivates and engages students. The Altus Schools are designed to be expanded and potentially replicated in a manner consistent with this model sufficiently proven effective.

Extracurricular activities such as sports, proms or other school sponsored dances, yearbooks, class rings, or anything unrelated to academics which may create distractions for students or staff are not a part of the operational design. The schools’ sole focus on academics and devotion to nurturing the intrinsic value and confidence gained by the students successfully meeting academic goals that they once thought were beyond their reach, has resulted in notable academic achievements. Such achievements include but are not limited to: exceeding the one-year DASS graduation rates of San Diego County Dashboard Alternative School Status

(“DASS”)<sup>1</sup> schools and California DASS schools, outperforming comparable DASS schools in California assessments, maintaining a low one-year dropout rate (below 5%), and increasing student confidence within 90 days of enrollment.

The confidence gained by committing time to working directly with Altus instructional staff, coupled with the support of family and community, leaves students better equipped to make good life decisions as they pursue positive self-sufficiency, productivity, and positive social relationships, and it is for these reasons that it is the prerogative of the Board to retain the sole focus on academics. Partners of the Altus Schools support this vision and help collaborate to prepare students to better deal with and overcome personal and social constraints that influence their lives.

## Instructional Program

Our school is accredited by the Western Association of Schools and Colleges (“WASC”). At Audeo II, students receive a rigorous curriculum based on the California Common Core standards. We provide University of California (“UC”) approved courses for those students planning to attend a UC or California State University (“CSU”) school after the completion of high school. Additionally, we offer National Collegiate Athletics Association (“NCAA”) - approved courses for students who are interested in pursuing NCAA athletic scholarships. Our “university model” is an excellent preparation for future studies.

The primary method of instruction is independent study supplemented with in-person participation at one of our Resource Centers. Each Audeo II Resource Center location provides a professional, quiet environment for one-on-one learning with a credentialed teacher who is available on-demand. Resource Centers are located at major retail centers or office buildings throughout San Diego and several include work-study employment opportunities. Guest speaker events, tutoring, and field trips are also available. These activities are a required part of the curriculum and provide opportunities for basic skills development, career exploration, higher-level thinking skills, interpersonal relationship skills, and enrichment within the core curriculum. This method of instruction is very similar to university studies in which students take one course at a time and are required to take charge of their education.

Upon enrollment, a credentialed “On-Demand” teacher is assigned to each student who, in collaboration with the student and parents, assesses the student’s current needs and goals and creates a plan for rapid

---

<sup>1</sup> DASS schools have at least 70% of the school’s total enrollment comprised of unduplicated high-risk groups such as: those who have been expelled, credit deficient, highly transient, homeless, pregnant and/or parenting, have gaps in enrollment, recovered dropouts, and/or those who are habitually truant.

advancement, focusing solely on one or two subjects at a time. Assigned to each student for a full year or more, the teacher supervises all subjects studied, and is personally held accountable to inspire and produce self-motivated and self-disciplined students who succeed not only academically, but also socially through teamwork and community service. As a result, On-Demand teachers adjust assignments to align with the goals and interests of the student and also personally act as necessary to ensure achievement. For example, if a student is late to an appointment, teachers contact either the student or the parents within minutes to identify and address any needs and teach accountability.

To further support students working on courses in core subject areas (English, mathematics, sciences, social science, and the fine and practical arts), additional certificated teachers with subject-matter expertise are available to students at their assigned Resource Center, via email or telephone within 24 hours.

Audeo II ~~offers a recently added a~~ blended learning option for its students. Blended learning is a formal educational program in which a student learns at least in part through online delivery of content with some element of student control over time, place, path, and pace. This option allows students to complete the majority of their academic coursework at home.

Upon enrollment, a Pathways Personalized Education Plan ("PPEP") is prepared by a school counselor that outlines high school graduation requirements. This PPEP is delivered to the teacher. The student, parents/guardians, and teacher complete the planning with a discussion of the student's short and long-term goals, transcripts from previous schools, learning styles, current interests, academic achievement, career interests, skills development, and standardized test scores. The PPEP is reviewed and updated by the parents, student, and teacher on a regular basis throughout the student's enrollment.

Students study one or two subjects/courses at a time and are expected to complete an average of one course every three-to-four weeks. Within these parameters students can progress at an individualized pace, receiving tutoring or enrichment as needed.

Audeo II students earn course credits and attendance by successfully completing the prescribed lessons that demonstrate mastery of the state standards.

The student's primary academic support person for student success is the teacher. The teacher becomes fully acquainted with his/her students, their families, and other factors that affect their learning and academic success. In addition to the services provided by staff, Audeo II has many partnerships and alliances to provide community resources for students and their families.

### ***Home/School Partnership***

The most important relationship we build is the one between the teacher, student, and the student's family. Audeo II encourages parent/guardian involvement through the monitoring of his/her student's regular and required attendance of Resource Center appointments, completion of high-quality work according to scheduled dates, and attendance on testing days and field trips. With parents actively involved in their student's lives, we can create a successful learning environment.

Two-way communication between all staff and parents is a building block for student success. Teachers are available for parent-student conferences, phone calls, interventions and home visits. In addition, there are scheduled opportunities throughout the year for dialogue. These opportunities include Open House nights,

master agreement signings, college information meetings, and senior meetings. A climate that continually promotes open communication and dialogue is expected and supported.

### **Parent Involvement Policy**

The Charter School aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act ("ESEA"). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success.

#### Title I Parent Involvement Policy

Board Policy #: 6010

Approved: May 6, 2008

Amended: February 22, 2018, October 20, 2021, June 22, 2023

**Commented [AA1]:** Include most recent copy of Board Policy 6010 (amended 10/20/21)

Audeo Charter School II ("Charter School") recognizes the parents/guardians are their children's first and most influential teachers and the sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Executive Director or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in school activities to support learning at home. Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

Each year the Executive Director or designee shall identify objectives of the school's parent involvement. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program .

The President or designee shall ensure that the parent involvement strategies are established and implemented.

The Title I Parent Involvement Policy was updated and developed in collaboration with parents of Title I students. Parents participated in the development process through surveys and meetings at the Resource Centers. The data collected from parents yielded important feedback on ways to successfully engage parents and improve the parent involvement practices. Parents expressed the following themes:

- Parents can provide input and receive communication from staff through various programs and activities.
- Parents feel involved in their child's education through various programs and activities.
- Parents report having frequent communication with instructional staff.
- Parents want to continue to access resources and trainings on how they can better support their children's achievement and performance at school and at home.
- Parents want to continue to have safe, supportive, and innovative Resource Centers.

These recommendations above are integrated throughout this Title I Parent Involvement Policy and reinforce the core belief that parents are our equal partners in ensuring the success of all students.

The Title I Parent Involvement Policy will be annually distributed to parents by including the policy in the handbook, making the policy available on the website and at the Resource Centers. This Policy describes the means for carrying out the following Title I parental involvement requirements.

### **Charter School Expectations and Objectives**

In establishing the Charter School's expectations and objectives for meaningful parent and family involvement, Charter School has established the following practices:

4. Charter School conducts, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the Policy in improving the academic quality at the Charter School.
  - Through regular communication with parents at each resource center, annually parent surveys, parent stakeholder meetings, school website, school publications, and social media parents

input and feedback is sought after and deemed essential by the school for improvements in academic results.

Potential barriers to parent participation are discussed at teacher meetings, resource center meetings, School Site Council meetings, and English Language Advisory meetings to ensure all parents can participate as needed.
  
6. Charter School conducts, with the meaningful involvement of parents and family members, an annual evaluation of the needs of parents and family members to assist with the learning of their children, including engaging with Charter School personnel and teachers.
  - Teachers are required to reach out to all parents in a variety of methods (in-person, phone, email, text, letters, home visits) to ensure their involvement. In addition, the school provides several Parent Involvement presentations throughout the year through Altus University.
  
7. Charter School conducts, with the meaningful involvement of parents and family members, an annual evaluation of strategies to support successful Charter School and family interactions.
  - Staff is in constant communication with parents to review all involvement and strategies. Teachers are specially trained to involve parents in a variety of ways. The school reviews monthly data on outreach efforts and compares it with academic outcomes to ensure the success of every student. Any modifications in parent outreach and involvement strategies are quickly adopted as appropriate.
  
8. Charter School uses the findings of the annual evaluation to design evidence-based strategies for more effective parental and family engagement, and to revise, if necessary, the Parent and Family Engagement Policy.
  - Monthly and annual reviews of student results allow the school to incorporate improvement and/or new parent and family engagement strategies as needed. Monthly intervention reports are published, disseminated, and reviewed to ensure the success of every student. New strategies to better engage parents are discussed in a variety of forums with parents and staff to ensure applicability.
  
9. Charter School involves parents in the activities of the Charter School to adequately represent the needs of the population.
  - All parents have the opportunity to participate as a member of the School Site Council. They also have the opportunity to provide feedback directly to school staff in the resource center meetings or through the annual LCAP development process.

**Involvement of Parents in the Title I Program**

To involve parents in the Title I program, the following practices have been established:

1. Conduct an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program.
  - In the fall, an annual meeting will be held to share with parents a description of the Title I program and its requirements.
2. Offer a flexible number of meetings for Title I parents, such as meetings in the morning or evening.
  - The Resource Centers are open from 7am-7pm daily. Teachers schedule meeting with parents based on parent availability.
3. Involve parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy. \*

- Parent emails and contacts are responded to in 24 business hours.

\*The policy must be updated periodically to meet changing needs of parents and the School. If the School has a process in place for involving parents in planning and designing the School's programs, the school may use that process if it includes adequate representation of parents of Title I children.

### **Home-School Compact**

The Home-School Compact will be distributed to parents of Title I annually. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.

- The Schools responsibility to provide high-quality curriculum and instruction to meet the challenging State academic standards.
- The ways parents will be responsible for supporting their children's learning, volunteering in the Resource Center, and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time.
- The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe Resource Center activities and ensuring regular communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.

The Home-School Compact was developed by the School Site Council and is annually updated by the School Site Council.

A copy of the Charter School's complete Policy is available on the website.

### ***Attendance, Lessons, and Course Credits***

Unlike traditional schools where attendance is measured by being physically present in a classroom, Audeo II measures attendance by completion of a work product, a student's average daily attendance ("ADA") is determined by the professional judgment of the teacher as it relates to the time spent on the successful completion of each lesson. Students are expected to complete an average of 12 courses every 12 months at an acceptable level of competency to demonstrate learning and proficiency of state standards. To meet this expectation at Audeo II, students should complete an average of 7 assignments per week and complete 1 semester course in 3-to-4 weeks.

A complete copy of Audeo II's Independent Study Policy is available on the school website.

### ***Year-round School Year***

Audeo II has a year-round school year that is designed to maximize the amount of days and time that a student is able to earn credits. (See school holiday calendar on the School's website.)

### ***Student Assessments***

Students at Audeo II are part of the public school system in the State of California. Participating in the state testing system is a requirement. All students must take state mandated assessments which include the California Assessment of Student Performance and Progress ("CAASPP"), English Language Proficiency Assessments for California ("ELPAC"), and Physical Fitness Test scheduled throughout the school year. Additionally, all students who enroll in our Audeo II program take the school mandated NWEA Measures of Academic Progress ("MAP"). These tests are very critical. They tell us how students are progressing in their learning.

Audeo II staff members are dedicated to making sure students receive the instruction they need to do well on these tests to demonstrate learning. Students are offered many opportunities for special assistance if it is needed. These opportunities include diagnostic assessment and one-to-one tutoring. Please review your student's test results and be sure he or she is working on improving his/her weak areas. It is important that we work together to help your student succeed.

If you have any questions about testing and/or a specific test you may contact your student's teacher. The table below provides basic information about the standardized tests and approximate administration dates. Additional information about state tests is posted on the California Department of Education ("CDE") website at <http://www.cde.ca.gov/ta/tg>.

### **California Assessment of Student Performance and Progress (“CAASPP”)**

The School shall annually administer required state testing to the applicable grades (e.g., the CAASPP).

Pursuant to California Education Code Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all the CAASPP assessments. This exemption does not exist for the ELPAC or Physical Fitness Test.

## NCAA Eligibility

The NCAA Eligibility Center has launched a new website at [ncaa.org/student-athletes/future](http://ncaa.org/student-athletes/future) to help high school student-athletes successfully transition to college. The enhanced online content gives student-athletes and counselors a broad look at the initial eligibility process and detailed information about common eligibility situations.

The new content is part of the NCAA Eligibility Center's continuing response to customer requests for key pieces of information student-athletes should know as they consider college. Student-athletes are guided through current and upcoming initial eligibility requirements, recruiting guidelines, and timelines for staying on track in high school. Additional webpages address initial eligibility situations unique to international, home-school and non-traditional students.

A wide range of frequently-asked questions addressing issues from academic and amateurism eligibility to high school and core-course review are easily searchable and will be expanded in the future.

To ensure your student is taking the right courses for NCAA eligibility, please contact your student's teacher/counselor.

### **Student Wellness Policy**

Board Policy: 1710

Approved: February 22, 2018

Amended: February 16, 2022, June 22, 2023

Audeo Charter School II (“Charter School”) adopts this policy to ensure its commitment to the optimal development of every student. Charter School believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year. This policy may be updated from time to time as required to be in compliance with state law, regulation, or administrative directive.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This Policy outlines Charter School’s approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this Policy establishes goals and procedures to ensure that:

- Students in the Charter School have access to healthy foods throughout the school day—and other foods available throughout the Charter School resource centers—in accordance with Federal and state nutrition standards.
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors.
- Students have opportunities to be physically active before, during and after the school day.
- The Charter School engages in nutrition and physical activity promotion and other activities that promote student wellness.
- Charter School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school.
- The community is engaged in supporting the work of the Charter School in creating continuity between Charter School and other settings for students and staff to practice lifelong healthy habits.
- The Charter School establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of this Policy and its established goals and objectives.

***Pregnant and Parenting Students***

The Charter School recognizes that pregnant and parenting students are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting student is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the student's physician, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. Suspension shall be preceded, if possible, by a conference conducted by the ~~Executive Director~~School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or AUDEO II employee who referred the student to the ~~School Coordinator~~Executive Director or designee.

The conference may be omitted if the ~~School Coordinator~~~~Executive Director~~ or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or AUDEO II personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the ~~student/pupil~~ shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the ~~student/pupil~~ waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a ~~student/pupil~~ for failure of the ~~student/pupil's~~ parent or guardian to attend a conference with AUDEO II officials. Reinstatement of the suspended ~~student/pupil~~ shall not be contingent upon attendance by the ~~student/pupil's~~ parent or guardian at the conference.

## 2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If AUDEO II officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

## 3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the ~~School Coordinator~~~~Executive Director~~ or designee, the ~~student/pupil~~ and the ~~student/pupil's~~ guardian or representative will be invited to a conference to determine if the suspension for the ~~student/pupil~~ should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the ~~student/pupil~~ or the ~~student/pupil's~~ parents, unless the ~~student/pupil~~ and the ~~student/pupil's~~ parents fail to attend the conference.

This determination will be made by the ~~School Coordinator~~~~Executive Director~~ or designee upon either of the following: 1) the ~~student/pupil's~~ presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

## 4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from

school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

#### **D. Authority to Expel**

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the neutral and impartial Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the ~~pupil~~ student nor a member of the Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

#### **E. Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the ~~School Coordinator/Executive Director~~ or designee determines that the student ~~pupil~~ has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student ~~pupil~~ confidentiality rules under the Family Educational Rights and Privacy Act "FERPA") unless the student ~~pupil~~ makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student ~~pupil~~. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of AUDEO II's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at AUDEO II to any other school district or school to which the student seeks enrollment.

5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

#### **F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

AUDEO II may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by AUDEO II or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student/pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her/their right to (a) receive five days' notice of their/his/her scheduled testimony, (b) have up to two (2) adult support persons of their/his/her choosing present in the hearing at the time the complaint witness testifies, he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. AUDEO II must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness, he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, AUDEO II must present evidence that the witness' presence is both desired by the witness and will be helpful to AUDEO II. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or

influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the ~~student/pupil~~ being expelled, the complaining witness shall have the right to have ~~their/his/her~~ testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

#### **G. Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

#### **H. Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled ~~student/pupil~~, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

#### **I. Expulsion Decision**

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to ~~their~~~~his~~~~her~~ educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

#### **J. Written Notice to Expel**

The ~~School Coordinator~~~~Executive Director~~ or designee, following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with AUDEO II.

The ~~School Coordinator~~~~Executive Director~~ or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

#### **L. No Right to Appeal**

The ~~student~~~~pupil~~ shall have no right of appeal from expulsion from AUDEO II as the Board of Directors' decision to expel shall be final.

#### **M. Expelled ~~Pupils~~Students/Alternative Education**

~~Parents/guardians of pupils~~Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence.

AUDEO II shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

#### **N. Rehabilitation Plans**

Students who are expelled from AUDEO II shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the ~~student/pupil~~ may reapply to AUDEO II for readmission.

#### **O. Readmission or Admission of Previously Expelled Student**

The decision to readmit a ~~student/pupil~~ after the end of the student's expulsion term or to admit a previously expelled ~~student/pupil~~ from another school district or AUDEO II who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the ~~School Coordinator/Executive Director~~ or designee and the ~~student/pupil~~ and parent/guardian or representative to determine whether the ~~student/pupil~~ has successfully completed the rehabilitation plan and to determine whether the ~~student/pupil~~ poses a threat to others or will be disruptive to the school environment. The ~~School Coordinator/Executive Director~~ or designee shall make a recommendation to the Board of Directors following the meeting regarding the ~~School Coordinator/Executive Director~~'s or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The ~~student/pupil~~'s readmission is also contingent upon AUDEO II's capacity at the time the student seeks readmission or admission to the Charter School.

#### **P. Notice to Teachers**

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

#### **R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities**

##### 1. Notification of SELPA

AUDEO II shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that AUDEO II or the SELPA would be deemed to have knowledge that the student had a disability.

##### 2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention

services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

### 3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, AUDEO II, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If AUDEO II, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If AUDEO II, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the AUDEO II had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent/guardian and AUDEO II agree to a change of placement as part of the modification of the behavioral intervention plan.

If AUDEO II, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then AUDEO II may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

### 4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or AUDEO II believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or AUDEO II, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and AUDEO II agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

#### 5. Special Circumstances

AUDEO II personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The ~~School Coordinator~~~~Executive Director~~ or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

#### 6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

#### 7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated AUDEO II's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if AUDEO II had knowledge that the student was disabled before the behavior occurred.

AUDEO II shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to AUDEO II supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other AUDEO II personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other AUDEO II supervisory personnel.

If AUDEO II knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If AUDEO II had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. AUDEO II shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by AUDEO II pending the results of the evaluation.

AUDEO II shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

[Approved: February 16, 2022](#)

[Amended: June 22, 2023](#)

[The Governing Board of Audeo Charter School corporation hereby adopts this Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School, and Sweetwater Secondary School, hereafter collectively referred to as \("Charter School"\).](#)

The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of Audeo Charter School II ("Charter School"), and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.
- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.
- In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

Private devices shall be turned off and shall not be used:

- While at the resource center, including workshops, seminars, tutoring and any other school activity, which takes place during the scheduled instructional day on or off site.

Possession of private devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy. All Charter School employees shall remove any private device from the possession of a student found to be violating this Policy. If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. ### ***Lost or Damaged School Property***

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

### ***Parents' Responsibilities***

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.
- Hold high expectations for your student, regularly monitor his or her daily work.
- Support school rules and the independent study definition of attendance—students complete school work rather than spending time in the Resource Center.
- Establish a schedule with the student and provide a space for study time at home.
- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.
- Ensure that students are clothed properly for school and school events.

### **Parents' Role in Discipline and Behavior**

Parents are expected to cooperate with Charter School staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help your child to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

### **Emergency Procedures and School Safety Plan**

Audeo II Resource Centers have plans and preparations for major emergency situations. We believe that the reactions of people in emergencies depend largely upon their training. Our staff has been trained, and drills are held regularly to make certain that the students understand emergency procedures.

Please assure students that they are as safe at school as they are at home in a serious emergency. The safety and welfare of the students is our primary concern in the event of an emergency. Your child should be instructed to obey the directions of their teachers in general and especially in emergency situation.

Audeo II defines a crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff. In the event of a crisis, such as a natural disaster, we ask the following:

- Please do not telephone the school. Telephone lines will be needed for emergency communications.
- Please do not drive to the Resource Center if possible. Streets should be as open as possible for emergency vehicles.
- Listen to your local radio station and news for information and advice.

In conjunction with the National Association for Search and Rescue, we urge every family to make home emergency plans and preparations.

If you have questions about our emergency preparedness program, please contact your teacher. A complete copy of the Audeo II Comprehensive School Safety Plan is available ~~on the school website and~~ at each Resource Center.

### **School Bus and Passenger Safety**

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety as outlined in the Transportation Safety Plan.

### **Transportation Safety Plan**

Because Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School and Sweetwater Secondary School ("CHARTER SCHOOL" or the "Charter School") provides transportation to CHARTER SCHOOL activity, the Board of Directors ("Board") approved the following transportation safety plan, which contains procedures for Charter School personnel to follow to ensure the safe transportation of students. A copy of this Plan will be kept at each CHARTER SCHOOL and will be made available upon request to an officer of the Department of the California Highway Patrol. Students shall be informed that any violation of Charter School policies and

procedures, including violation of safety procedures on a school bus or school activity bus, could result in discipline pursuant to the CHARTER SCHOOL discipline policy.

### **Definitions**

- *"School bus"* is any motor vehicle designed, used, or maintained for the transportation of a Charter School student at or below the grade 12 level to or from Charter School Resource Center or to and from Charter School activities. "School bus" does not include a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more students who use wheelchairs.

*"School activity bus"* is any motor vehicle, other than the school bus, operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned or operated transit system, or by a passenger charter-party carrier, used under a contractual agreement between Charter School and carrier to transport Charter School students at or below the grade 12 level to or from a Charter School activity, or used to transport students from residential schools, when the students are received and discharged at off-highway locations where a parent or adult designated by the parent is present to accept the student or place the student on the bus.

- *"Private passenger vehicle"* is any other privately owned or leased vehicle not included in the definitions above, designed for and when not carrying more than 10 persons, and operated by a parent/guardian or staff driver to transport student to and from a Charter School activity.

### **Determining Whether a Student Requires an Escort**

If the Resource Center or school activity destination is located on the opposite side of the street of the actual bus stop, then Charter School and California Vehicle Code section 22112(d) require the student to be physically escorted by the bus driver across that street and under the bus drivers' direction and supervision. The bus driver will be required to activate the school bus red flashing crossover lights and if so equipped, the stop arm, and physically get out of the bus to assist the students safely across the street. Charter School requires ALL students who cross the street, be physically escorted by the bus driver with crossover lights and signs being activated.

### **Procedures for Kindergarten through Eighth Grade Students Regarding Boarding and Exiting the Bus**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of kindergarten through eighth grade students to and from the school bus. Charter School is not required to use the services of an onboard school bus monitor in addition to the driver to ensure these procedures are followed.

Boarding:

1. Students shall board or exit the school bus ONLY at their assigned bus stop or school activity destination.
2. Students shall board in an orderly manner and utilize the handrails for their safety while loading and unloading.
3. Students are to find their seat as quickly as possible and sit down facing the front of the bus.
4. Students are to remain seated at all times while the bus is in motion.
5. Students are to maintain a noise level which will allow the bus driver to hear approaching traffic.
6. Students are to follow the directions of the bus driver while they are aboard the bus.
7. Students are responsible to follow all rules and regulations.

Exiting:

1. Students shall stay seated until the bus comes to a complete stop.
2. Once the driver has stopped the bus completely and opened the door, students are to unload seat by seat starting with the front of the bus and continuing seat by seat until the bus is empty.
3. Students remaining on the bus are to remain seated until the bus stops at their assigned bus stop or school activity destination.
4. Students will unload in an orderly manner using the handrails.
5. Students shall exit the bus only at their assigned bus stop or school activity destination. Exceptions will only be allowed when the student presents the bus driver with a note signed by the student's parent and endorsed by the ~~School Coordinator~~ Executive Director.
6. Students are to move away from the bus as they unload. Students shall not get underneath the bus to retrieve a book, paper or some other article. The student should always tell the bus driver and have the bus driver get the article for them.
7. Students should always use crosswalks and controlled intersections when available and should not cross in the middle of the block.
8. Students must avoid trespassing on other people's property, stay on sidewalks when possible.

**Procedures for All Students to Follow as They Board or Exit a School Bus at CHARTER SCHOOL Resource Center or Other School Activity Location**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of all students at Charter School Resource Center or other school activity location.

Boarding Buses at Resource Center or School Activity Location:

1. The school bus driver may not activate the flashing amber warning light system, the flashing red light signal system, and stop signal arm at any school.
2. The driver will monitor the students' entry onto the bus to ensure an orderly and safe entry for all students.
3. The group of students, along with the teacher(s) and any other adult personnel attending a school activity, shall assemble in an area away from the school bus to wait. When the students

are ready to load, the Charter School staff shall inform the driver, and the driver will begin the boarding process.

4. Upon completion of the boarding process, the driver will proceed with the bus evacuation and safety presentation, described below. This shall include an explanation and demonstration of all emergency exits, first aid kits, fire extinguishers, etc.
5. Upon completion of the presentation, the driver shall have the Charter School teacher or head chaperone sign a trip sheet, acknowledging the presentation has been given. The driver will then depart when safe to do so.

Exiting Buses at School Site or School Activity Location:

1. Upon arrival at Charter School Resource Center, the driver shall take the bus to the designated student drop off area.
2. Upon reaching the designated area, the driver will park the bus and open the door when it is clear and safe to do so. The flashing red signal lights will not be activated.
3. Upon arrival at the school or school activity destination, the driver will select an area where the bus can be lawfully parked and the boarding/exiting of students can be reasonably controlled.
  - a. The driver will confer with the Charter School teacher/head chaperone regarding the time and location where the group will assemble to reload the bus.
  - b. When it is clear and safe to do so, the driver will have the students disembark the bus. The flashing red signal lights will not be activated.
  - c. When the Charter School teacher/head chaperone has confirmed all students are accounted for, the group may proceed to the trip.
4. Students exiting the bus at either Charter School Resource Center or a school activity location should do so in an orderly, respectful, and appropriate manner, following all instructions from Charter School staff and the bus driver.

#### **Procedures for School Staff to Ensure a Student is Not Left Unattended on a School Bus or School Activity Bus**

CHARTER SCHOOL staff members should always be involved and active in the supervision of the loading and unloading of students at Charter School Resource Center and on activity trips to ensure no student is left unattended on the school bus or school activity bus.

To do this, CHARTER SCHOOL staff shall adhere to the following procedures:

1. Before leaving the Resource Center for a school activity, the Charter School teacher/head chaperone for the trip shall ensure they have a copy of the class roster with all student names.
2. Once the bus reaches the destination, a Charter School teacher/head chaperone shall be the first person off the bus and will note each student who exits the bus by comparing the exiting students against the class roster.
3. A Charter School staff member/chaperone shall be the last person to exit the bus at each stop to ensure no students are on left board. Before exiting the bus, the staff member/chaperone

will walk up the aisle, checking each seat and area on the floor by each seat to ensure no students are present.

4. Once all students and staff/chaperones have exited the bus, but before leaving for the designated activity, the Charter School teacher/head chaperone will conduct another roll call by calling out each student's name and waiting for verbal and visual confirmation from the student of being present.
5. The Charter School teacher/head chaperone will discuss with the bus driver a way to contact each other in the event it is later discovered a student is still on the bus.

#### **Procedures and Standards for Designating an Adult Chaperone, Other than the Bus Driver, to Accompany Students on a School Activity Bus**

CHARTER SCHOOL shall follow its applicable policies and procedures, including its visitor and volunteer policy, for designating an adult chaperone other than the school bus driver to accompany students on a bus or a school activity bus. All appropriate background checks will be conducted on any chaperone prior to the chaperone's attending a school trip or school activity bus.

#### **Instruction in School Bus or School Activity Bus Emergency Procedure and Passenger Safety**

CHARTER SCHOOL shall ensure that all students who are transported in a school bus or school activity bus receive instruction in school bus emergency procedures and passenger safety.

#### **Instruction for Students who were not Previously Transported in a School Bus**

Upon registration, the parents/guardians of students who were not previously transported in a school bus or school activity bus and who are in kindergarten through grade 6, inclusive, shall be provided with written information on school bus safety. This information shall include, but not be limited to, the following:

1. A list of school bus stops near the student's home.
2. General rules of conduct at school bus loading zones, such as:
  - a. While waiting for the school bus to arrive, students must stand single file in an orderly and well-behaved line.
  - b. Students are not to play in or be in the street or private property.
  - c. Students shall be on the proper side of the street before the bus arrives at the bus stop.
  - d. Students should arrive at their bus stop five minutes prior to the scheduled leaving time.
  - e. If the student is late and needs to cross the street that the bus is stopped on, the student must wait for the bus driver to escort the student across the street.
  - f. Students should not approach the bus until it comes to a complete stop at the stop;
  - g. Students should board and exit the bus in an orderly fashion, with no pushing or shoving.
  - h. Students should understand the bus driver is in charge at all times, and students should follow the bus driver's directions.

- i. The driver will immediately activate the red flashing crossover lights and stop arm if so equipped.
  - j. Animals, birds, reptiles, fish, insects, breakable containers, weapons, or any object or substance that could be hazardous will not be transported on the bus.
3. Red light crossing instructions, consistent with this Plan.
  4. School bus danger zone(s).
  5. Walking to and from school bus stops.

#### **Instruction for all Students Prior to Departure on School Trip**

Finally, prior to departure on a school activity trip, CHARTER SCHOOL shall provide safety instruction to all students riding in a school bus or school activity bus. This instruction shall include, but not be limited, to the following:

1. Location of emergency exits; and
2. Use of emergency equipment.
  - a. Instruction may also include responsibilities of passengers seated next to an emergency exit.
3. Instruction on how to use the passenger restraint systems, including but not limited to the following:
  - a. Proper fastening and release of the passenger restraint system;
  - b. Acceptable placement of passenger restraint systems on students;
  - c. Times when the passenger restraint systems should be fastened and released; and
  - d. Acceptable placement of the passenger restraint systems when not in use.

#### **Operation of School Bus or School Activity Bus when Visibility Reduced to 200 Feet or Less**

Pursuant to Vehicle Code section 34501.6, CHARTER SCHOOL is required to adopt procedures that limit the operation of school buses and school activity buses when atmospheric conditions reduce visibility on the roadway to 200 feet or less during regular home to school transportation service. Bus drivers of school activity buses shall have the authority to discontinue school activity bus operation if the driver determines that it is unsafe to continue operation because of reduced visibility.

For purposes of this Plan, the procedures for school bus drivers shall be as follows:

1. The school bus driver will notify the Executive Director that atmospheric conditions have reduced visibility to 200 feet or less.
2. The Executive Director may consult with legal counsel as needed.
3. The Executive Director may direct that school bus activity will be suspended or delayed for a minimum of one (1) hour through an indefinite suspension or delay if required by the conditions. The length of time for the suspension or delay of school bus services shall be at the discretion of the Executive Director.

**School Employees and Parent/Guardian as Chaperones and Drivers (Private Passenger Vehicles)**

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The Executive Director or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, and responsibilities of the parent volunteers and language or behavior requirements of all attendees.

A participating parent or guardian may be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

Parent/guardian or staff may transport students in their private vehicles for field trips. Parents may decline permission for their child to be transported by a staff member/other parent or guardian in a private passenger vehicle, in which case that student will be responsible for his/her own transportation.

All adults taking out-of-state field trips or excursions (including athletics meets and games), and all parents or guardians of pupils taking out-of-state field trips or excursions (including athletics meets and games) are required to sign a statement waiving all claims against Charter School, its employees, and the State of California for injury, accident, illness or death occurring during or by reason of the field trip or excursion (including athletics meets and games).

At all times during the field trip or excursion, employee and volunteer drivers will use the safest mode of transportation and the safest and most direct routes of travel. If travel is not by bus, the legal occupancy limit of ten (10) occupants (including the driver) must not be exceeded, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

CHARTER SCHOOL shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion (including athletics meets and games) must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of \$100K/\$300K coverage.
2. A copy of their Driver's License and Vehicle Registration.

3. A written statement acknowledging that their insurance carrier is the primary agent responsible for insurance during the field trip or excursion.
4. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.
5. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

Each of these items will be provided to the Executive Director or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the employee's/volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the car. Employee/volunteer drivers are free to appropriately manage student behavior as necessary to maintain safety.
2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.

It is also unlawful to retaliate in any way against an individual who has articulated a good faith concern about sexual harassment against themselves or against another individual.

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults.

  - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
  - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

### **Bullying and Cyberbullying Prevention Procedures**

AUDEO II has adopted the following procedures for preventing acts of bullying, including cyberbullying.

#### **1. Cyberbullying Prevention Procedures**

AUDEO II advises students:

- a. To never share passwords, personal data, or private photos online.
- b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- d. To consider how it would feel receiving such comments before making comments about others online.

AUDEO II informs Charter School employees, students, and parents/guardians of AUDEO II’s policies regarding the use of technology in and out of the classroom. AUDEO II encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

#### **2. Education**

AUDEO II employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. AUDEO II advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in

our society and at AUDEO II and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

AUDEO II's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

AUDEO II informs employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

### **3. Professional Development**

AUDEO II annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other AUDEO II employees who have regular interaction with students.

AUDEO II informs certificated employees about the common signs that a student is a target of bullying including:

- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by AUDEO II, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

AUDEO II encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for AUDEO II's students.

### **Grievance Procedures**

## 1. Scope of Grievance Procedures

AUDEO II will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;
- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- c. Submitted to the AUDEO II UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, AUDEO II will utilize the following grievance procedures in addition to its UCP when applicable.

## 2. Reporting

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Tim Tuter  
Executive Director  
858-678-2042  
[ttuter@altusschools.net](mailto:ttuter@altusschools.net)

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. AUDEO II will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Executive Director, [Administrator of Instructional Services](#), [School](#) Coordinator, a staff

person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

### **3. Supportive Measures**

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to AUDEO II's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or AUDEO II's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. AUDEO II will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of AUDEO II to provide the supportive measures.

### **4. Investigation and Response**

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of AUDEO II, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If

the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
  - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
    - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
    - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
    - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;
    - A statement that AUDEO II prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.
- Emergency Removal
  - AUDEO II may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with AUDEO II's policies.
  - AUDEO II may remove a respondent from AUDEO II education program or activity on an emergency basis, in accordance with AUDEO II's policies, provided that AUDEO II undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
  - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
  - If a formal complaint of sexual harassment is filed, AUDEO II may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If AUDEO II offers such a process, it will do the following:
    - Provide the parties with advance written notice of:
      - The allegations;

- The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
  - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
  - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
  - Obtain the parties' advance voluntary, written consent to the informal resolution process.
- AUDEO II will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.
- Investigation Process
  - The decision-maker will not be the same person(s) as the Coordinator or the investigator. AUDEO II shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
  - In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
  - The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
  - The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
  - A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
  - Prior to completion of the investigative report, AUDEO II will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
  - The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.
- Dismissal of a Formal Complaint of Sexual Harassment
  - If the investigation reveals that the alleged harassment did not occur in AUDEO II's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable AUDEO II policy.
  - AUDEO II may dismiss a formal complaint of sexual harassment if:
    - The complainant provides a written withdrawal of the complaint to the Coordinator;
    - The respondent is no longer employed or enrolled at AUDEO II; or
    - The specific circumstances prevent AUDEO II from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.

- If a formal complaint of sexual harassment or any of the claims therein are dismissed, AUDEO II will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- **Determination of Responsibility**
  - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
  - Determinations will be based on an objective evaluation of all relevant evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness.
  - AUDEO II will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
    - The allegations in the formal complaint of sexual harassment;
    - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
    - The findings of facts supporting the determination;
    - The conclusions about the application of AUDEO II's code of conduct to the facts;
    - The decision and rationale for each allegation;
    - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
    - The procedures and permissible bases for appeals.

The Coordinator is responsible for effective implementation of any remedies ordered by AUDEO II in response to a formal complaint of sexual harassment.

## 6. Right of Appeal

Should the reporting individual find AUDEO II's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of AUDEO II's decision or resolution, submit a written appeal to the ~~Chairperson of the Board~~ President of the Charter School Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and AUDEO II will implement appeal procedures equally for both parties.
- Within five (5) business days of Charter School's written decision or dismissal of the complaint, the complainant or respondent may submit a written appeal to the Coordinator.
- The decision-maker(s) for the appeal will not be the same person(s) as the Coordinator, the investigator or the initial decision-maker(s).
- The complainant and respondent may appeal from a determination regarding responsibility, and from Charter School's dismissal of a formal complaint or any allegations therein, on the following bases:
  - Procedural irregularity that affected the outcome of the matter;

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived religion, immigration status, or citizenship) and about the negative impact of bullying other students based on these protected characteristics.

Charter School shall train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above.

Charter School shall inform students who are victims of hate crimes of their right to report such crimes.

*Social Security Information:*

Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment. If no adult household member has a Social Security number, the student still can qualify for free or reduced-price meals, if the family meets the income eligibility requirements.

### **Sharing Student and Family Information**

Charter School will avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by the Family Educational Rights and Privacy Act (FERPA). Charter School will permanently keep the consent notice with the record file.

Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

### **Teacher Qualifications**

Our school focuses on delivering a strong standards-based and personalized educational program. Professional development for teachers, communication with parents, and opportunities for tutoring have always been common practice at the school.

We have a rigorous selection process and we believe our teachers are outstanding. We not only hire teachers who are strong academically, we choose people:

- who will work with both the family and the student,
- who will go above and beyond in helping your child develop workplace skills like responsibility and dependability,
- who will assess your child's strengths and build on them,
- who will provide support for their areas of weakness, and
- who will help your child succeed both personally and academically.

Your child is attending a school receiving Title I federal funds through the Elementary and Secondary Education Act (ESEA). At the beginning of each school year, local educational agencies receiving Title I funds are required to notify parents whose student(s) attend a Title I school that they may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum:

1. Whether the student's teacher:
  - Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
  - Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
  - Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Parents are invited to seek further information on their specific teacher's or paraprofessional's professional qualifications.

### **Communication**

Audeo II seeks to convey the most current, accurate information possible to our parents and students. ### Procedures

The following procedures shall be used to address all complaints, which allege that the Charter School has violated federal or state laws or regulations enumerated in the section "Scope", above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**

Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has

personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CBO or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CBO or designee shall be made in writing. The period for filing may be extended by the CBO or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The School Coordinator shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Audeo Board of Directors approved the LCAP or the annual update was adopted by the Audeo.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint. A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**

Audeo shall issue an investigation report (the "Decision") based on the evidence. Audeo's decision shall be in writing and sent to the complainant within sixty (60) calendar days of Audeo's receipt unless the timeframe is extended with the written agreement of the complainant. Audeo's Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether Audeo is in compliance with the relevant law.
3. Corrective actions, if Audeo finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal Audeo's decision within thirty (30) calendar days to the CDE, except when Audeo has used its UCP to address complaints that are not subject to the UCP requirements
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

### **Appeals to the California Department of Education**

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with Audeo and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Audeo failed to follow its complaint procedures.

2. Relative to all allegations of the complaint, Audeo's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Audeo's Decision are not supported by substantial evidence.
4. The legal conclusion in Audeo's Decision is inconsistent with the law.
5. In a case in which Audeo's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the CBO or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of the Charter School's complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to Audeo for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

### Civil Law Remedies

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

[Approved: June 22, 2017](#)

[Amended: October 21, 2020, March 18, 2022, June 22, 2023](#)

[The Board of Directors of Audeo Charter School, Inc. hereby adopts this Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School and Sweetwater Secondary School \("Charter School"\).](#)

~~The Governing Board of Audeo Charter School II ("Charter School")~~[The Board](#) recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Governing Board has developed prevention strategies and intervention procedures.

In compliance with Education Code section 215, this policy has been developed in consultation with Charter School and community stakeholders, Charter School school-employed mental health professionals (e.g., school counselors, psychologists, social workers, nurses), administrators, other school staff members, parents/guardians/caregivers, students, local health agencies and professionals, the county mental health plan, law enforcement, and community organizations in planning, implementing, and evaluating Charter School's strategies for suicide prevention and intervention. To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, Charter School created an in-house Suicide Prevention Crisis Team ("SPCT") consisting of administrators, mental health professionals, relevant staff, parents, and middle and high school students.

Charter School designates the following administrators to act as the primary and secondary suicide prevention liaisons to lead the SPCT:

1. School Psychologist
2. Executive Director

The functions of the SPCT are to:

- Review mental health related school policies and procedures;
- Provide annual updates on school and district data and trends;
- Review and revise school prevention policies;
- Review and select general and specialized mental health and suicide prevention training;
- Review and oversee staff, parent/guardian, and student trainings;
- Ensuring the suicide prevention policy, protocols, and resources are posted on the district and school websites;

- Collaborate with community mental health organizations,
- Identify resources and agencies that provide evidence-based or evidence-informed treatment,
- Help inform and build skills among law enforcement and other relevant partners, and
- Collaborate to build community response.

### **Staff Development**

Charter School, along with its partners, has carefully reviewed available staff training to ensure it promotes the mental health model of suicide prevention and does not encourage the use of the stress model to explain suicide.

Training shall be provided for all school staff members. It may also be provided, when appropriate, for other adults on campus (such as substitutes and intermittent staff, volunteers, interns, tutors, coaches, and afterschool staff). Training shall include the following:

1. All suicide prevention trainings shall be offered under the direction of mental health professionals (e.g., school counselors, school psychologists, healthy youth school therapist, other public entity professionals, such as psychologists or social workers) who have received advanced training specific to suicide. Charter School has collaborated with [Insert Names of One Or More County and/or Community Mental Health Agencies] to review the training materials and content to ensure it is evidence-based, evidence-informed, and aligned with best practices.
2. Staff training may be adjusted year-to-year based on previous professional development activities and emerging best practices.
3. Charter School shall ensure that training is available for new hires during the school year.
4. At least annually, all staff shall receive training on the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.
5. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk factors and warning signs, prevention, intervention, referral, and postvention) at the beginning of their employment or annually. Core components of the general suicide prevention training shall include:
  - a. Suicide risk factors, warning signs, and protective factors.
  - b. How to talk with a student about thoughts of suicide.
  - c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and an immediate referral for a suicide risk assessment.

- d. Emphasis on immediately referring (same day) any student who is identified to be at risk of suicide for assessment while staying under constant monitoring by staff member.
  - e. Emphasis on reducing stigma associated with mental illness and that early prevention and intervention can drastically reduce the risk of suicide.
  - f. Reviewing the data annually to look for any patterns or trends of the prevalence or occurrence of suicide ideation, attempts, or death. Data from the California School Climate, Health, and Learning Survey (Cal-SCHLS) should also be analyzed to identify school climate deficits and drive program development. See the Cal-SCHLS Web site at <http://cal-schls.wested.org/>.
  - g. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
    - i. Youth affected by suicide.
    - ii. Youth with a history of suicide ideation or attempts.
    - iii. Youth with disabilities, mental illness, or substance abuse disorders.
    - iv. Lesbian, gay, bisexual, transgender, or questioning youth.
    - v. Youth experiencing homelessness or in out-of-home settings, such as foster care.
    - vi. Youth who have suffered traumatic experiences.
    - vii. [Charter School may Insert other Local Youth Populations Vulnerable to Depression and Suicide].
6. In addition to initial orientations to the core components of suicide prevention, ongoing annual staff professional development for all staff may include the following components:
- a. The impact of traumatic stress on emotional and mental health.
  - b. Common misconceptions about suicide.
  - c. Charter School and community suicide prevention resources.
  - d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
  - e. The factors associated with suicide (risk factors, warning signs, protective factors).
  - f. How to identify youth who may be at risk of suicide.
  - g. Appropriate ways to interact with a youth who is demonstrating emotional distress or is suicidal. Specifically, how to talk with a student about their thoughts of suicide and (based on Charter School guidelines) how to respond to such thinking; how to talk with a student about thoughts of suicide and appropriately respond and provide support based on Charter School guidelines.
  - h. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures should emphasize that the suicidal student should be constantly supervised until a suicide risk assessment is completed.

- i. Charter School-approved procedures for responding to the aftermath of suicidal behavior (suicidal behavior postvention).
- j. Responding after a suicide occurs (suicide postvention).
- k. Resources regarding youth suicide prevention.
- l. Emphasis on stigma reduction and the fact that early prevention and intervention can drastically reduce the risk of suicide.
- m. Emphasis that any student who is identified to be at risk of suicide is to be immediately referred (same day) for assessment while being constantly monitored by a staff member.

### **Specialized Professional Development for School-based Mental Health Staff (Screening and/or Assessment)**

Additional professional development in suicide risk assessment (SRA) and crisis intervention is provided to designated student mental health professionals, including but not limited to school counselors, psychologists, healthy youth school therapist, social workers, administrators, and nurses employed by Charter School. Training for these staff is specific to conducting SRAs, intervening during a crisis, de-escalating situations, interventions specific to preventing suicide, making referrals, safety planning, and re-entry.

Specialized Professional Training for targeted School-based mental health staff includes the following components:

- Best practices and skill building on how to conduct an effective suicide risk screening/SRA using an evidence-based, Charter-approved tool; Patient Health Questionnaire 9 (PHQ-9) Depression Scale; BSS Beck Scale for Suicide Ideation ; National Institute of Mental Health (NIMH)'s Ask Suicide-Screening Questions (ASQ) Toolkit; and the Adolescent Suicide Assessment Protocol – 20.
- Best practices on approaching and talking with a student about their thoughts of suicide and how to respond to such thinking, based on district guidelines and protocols.
- Best practices on how to talk with a student about thoughts of suicide and appropriately respond and provide support based on district guidelines and protocols.
- Best practices on follow up with parents/caregivers.
- Best practices on re-entry.

### **Virtual Screenings for Suicide Risk**

Virtual suicide prevention efforts include checking in with all students, promoting access to school and community-based resources that support mental wellbeing and those that address mental illness and give specific guidance on suicide prevention.

Charter School has established a protocol for assigning school staff to connect with students during distance learning and school closures. In the event of a school closure, Charter School has determined a process and protocols to establish daily or regular contact with all students. Staff understand that any concern about a student's emotional wellbeing and/or safety must be communicated to the appropriate school staff, according to Charter School protocols.

Charter School has determined a process and protocols for school-based mental health professionals to establish regular contact with high-risk students, students who are on their caseloads, and those who are identified by staff as demonstrating need. When connecting with students, staff are directed to begin each conversation by identifying the location of the student and the availability of parents or caregivers. This practice allows for the staff member to ensure the safety of the student, particularly if they have expressed suicidal thoughts.

#### **Employee Qualifications and Scope of Services**

Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

#### **Parents, Guardians, and Caregivers Participation and Education**

1. Parents/guardians/caregivers may be included in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page and included in the parent handbook.

2. Parents/guardians/caregivers should be invited to provide input on the development and implementation of this policy.
3. Charter School shall establish and widely disseminate a referral process to all parents/guardians/caregivers/families, so they are aware of how to respond to a crisis and are knowledgeable about protocols and school, community-based, and crisis resources.
4. Community-based organizations that provide evidence-based suicide-specific treatments shall be highlighted on the Charter School's website with treatment referral options marked accordingly.
5. Staff autoreplies during vacations or absences shall include links to resources and phone/text numbers so parents and students have information readily available.
6. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:
  - a. Suicide risk factors, warning signs, and protective factors.

b. How to talk with a student about thoughts of suicide.

How to respond appropriately to the student who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and referral for an immediate suicide risk assessment.

c. Charter School's referral processes and how they or their children can reach out for help, etc.

7. Parents/guardians/caregivers are reminded that the Family Educational Rights and Privacy Act ("FERPA") generally protects the confidentiality of student records, which may sometimes include counseling or crisis intervention records. However, FERPA's health or safety emergency provision permits the disclosure of personally identifiable information from a student's education records, to appropriate parties, in order to address a health or safety emergency when the disclosure is necessary to protect the health or safety of the student or other individuals.

### **Student Participation and Education**

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, Charter School along with its partners has carefully reviewed and will continue to review all materials and resources used in awareness efforts to ensure they align with best practices for safe messaging about suicide. Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with Charter School and is characterized by caring staff and harmonious interrelationships among students.

Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed. If suicide prevention is included in the Charter School's instructional curriculum, it shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. Under the supervision of an appropriately trained individual acting within the scope of her/his credential or license, students shall:

1. Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress. The content of the education may include:
  - a. Coping strategies for dealing with stress and trauma.
  - b. How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others.

- c. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
- d. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.

2. Receive developmentally appropriate guidance regarding Charter School's suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education).

Charter School will support the creation and implementation of programs and/or activities on campus that raise awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Week, Peer Counseling, Freshman Success, and National Alliance on Mental Illness on Campus High School Clubs).

Charter School maintains a list of current student trainings and is available upon request. Charter School has shared school-based supports and self-reporting procedures, so students are able to seek help if they are experiencing thoughts of suicide or if they recognize signs with peers. Although confidentiality and privacy are important, students should understand safety is a priority and if there is a risk of suicide, school staff are required to report. Charter-based mental health professionals are legally and ethically required to report suicide risk. **When reporting suicidal ideation or an attempt, school staff must maintain confidentiality and only share information limited to the risk or attempt.**

Charter School shall establish and widely disseminate a referral process to all students, so they know how to access support through school, community-based, and crisis services. Students shall be encouraged to notify a staff member when they are experiencing emotional distress or suicidal ideation, or when they have knowledge or concerns of another student's emotional distress, suicidal ideation, or attempt.

**Intervention and Emergency Procedures**

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the primary designated suicide prevention liaison. If this primary suicide prevention liaison is unavailable, the staff shall promptly notify the secondary suicide prevention liaison.

The suicide prevention liaison shall immediately notify the Executive Director or designee, who shall then notify the student's parent/guardian as soon as possible if appropriate and in the best interest of the student. Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.

The suicide prevention liaison shall also refer the student to mental health resources at Charter School or in the community.

When a student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911. The call shall NOT be made in the presence of the student and the student shall not be left unsupervised. Staff shall NOT physically restrain or block an exit.

When a suicide attempt or threat is reported on campus or at a school-related activity, the suicide prevention liaison shall, at a minimum:

1. Ensure the student's physical safety by one or more of the following, as appropriate:
  - a. Securing immediate medical treatment if a suicide attempt has occurred.
  - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened.
  - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
  - d. Remaining calm, keeping in mind the student is overwhelmed, confused, and emotionally distressed.
  - e. Moving all other students out of the immediate area.
  - f. Not sending the student away or leaving him/her alone, even to go to the restroom.
  - g. Providing comfort to the student, listening and allowing the student to talk and being comfortable with moments of silence.
  - h. Promising privacy and help, but not promising confidentiality.
2. Document the incident in writing as soon as feasible.
3. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. **Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.**
4. After a referral is made, Charter School shall verify with the parent/guardian that the follow up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the

situation and build understanding of care. If follow up care is still not provided, Charter School may contact Child Protective Services.

5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at Charter School.
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the Charter School campus, the suicide prevention liaison shall follow the crisis intervention procedures contained in Charter School's safety plan. After consultation with the Executive Director or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Executive Director or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from Charter School counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

In the event a suicide occurs or is attempted off the Charter School campus and unrelated to school activities, the Executive Director or designee shall take the following steps to support the student:

1. Contact the parent/guardian and offer support to the family.
2. Discuss with the family how they would like Charter School to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.
3. Obtain permission from the parent/guardian to share information to ensure the facts regarding the crisis are correct.
4. The suicide prevention liaisons shall handle any media requests.
5. Provide care and determine appropriate support to affected students.
6. Offer to the student and parent/guardian steps for re-integration to school. Re-integration may include obtaining a written release from the parent/guardian to speak with any health care providers; conferring with the student and parent/guardian about any specific requests on how to handle the situation; informing the student's teachers about possible days of absences; allowing accommodations for make-up work (being understanding that missed assignments may add stress to the student); appropriate staff maintaining ongoing contact with the student to monitor the student's actions and mood; and working with the parent/guardian to involve the student in an aftercare plan;

providing parent's/guardians/caregivers/families local emergency numbers for after school and weekend emergency contacts.

### **Supporting Students during or after a Mental Health Crisis**

Students shall be encouraged through the education program and in Charter School activities to notify a teacher, the Executive Director, another Charter School administrator, psychologist, Charter School counselor, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. Charter School staff should treat each report seriously, calmly, and with active listening and support. Staff should be non-judgmental to students and discuss with the student, and parent/guardian, about additional resources to support the student.

### **Responding After a Suicide Death (Postvention)**

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. Charter School shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

The suicide prevention liaison shall:

1. Coordinate with the Executive Director to conduct an initial meeting of the Suicide Prevention Crisis Team to:
  - a. Confirm death and cause.
  - b. Identify a staff member to contact deceased's family (within 24 hours).
  - c. Enact the Suicide Postvention Response.
  - d. Notify all staff members (ideally in-person or via phone, not via e-mail or mass notification).
2. Coordinate an all-staff meeting, to include:
  - a. Notification (if not already conducted) to staff about suicide death.
  - b. Emotional support and resources available to staff.
  - c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
  - d. Share information that is relevant and that which you have permission to disclose.
3. Prepare staff to respond to needs of students regarding the following:
  - a. Review of protocols for referring students for support/assessment.
  - b. Talking points for staff to notify students.
  - c. Resources available to students (on and off campus).

4. Identify students significantly affected by suicide death and other students at risk of imitative behavior, and refer them to a school-based mental health professional.
5. Identify students affected by suicide death but not at risk of imitative behavior.
6. Communicate with the larger school community about the suicide death. Staff shall not share explicit, graphic, or dramatic content, including the manner of death.
7. Consider funeral arrangements for family and school community.
8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.
9. Identify media spokesperson if needed.
10. Ensure that all communications, documents, materials related to messaging about suicide avoid discussing details about method of suicide, avoid oversimplifying (i.e. identifying singular cause of suicide), avoid sensational language, and only includes clear, respectful, people-first language that encourages an environment free of stigma. As part of safe messaging for suicide, we use specific terminology when referring to actions related to suicide or suicidal behavior:

<b>Use</b>	<b>Do Not Use</b>
<b><u>"Died by suicide"</u></b> <b>or</b> <b><u>"Took their own life"</u></b>	<b><u>"Committed suicide"</u></b> <b>Note:</b> Use of the word "commit" can imply crime/sin
<b><u>"Attempted suicide"</u></b>	<b><u>"Successful" or "unsuccessful"</u></b> <b>Note:</b> There is no success, or lack of success, when dealing with suicide

11. Include long-term suicide postvention responses:
  - a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
  - b. Support siblings, close friends, teachers, and/or students of deceased.
  - c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page.

The Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed, taking into consideration the grade level and age of the students. If offered or included in the Charter School's instructional curriculum, suicide prevention instruction shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide.
2. Identify alternatives to suicide and develop coping and resiliency skills.
3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent.
4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma

~~associated with seeking mental health, substance abuse, gender identity, or other support services.~~

### **Staff Development**

~~Suicide prevention training for staff may be designed to help staff identify and find help for students at risk of suicide. Materials approved by the Charter School for training shall include how to identify appropriate mental health services, at school facilities and within the larger community, and when and how to refer youth and their families to those services. The training may be offered under the discretion of the Executive Director and/or Governing Board and/or in cooperation with one or more community mental health agencies and may include information on:~~

- ~~1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance abuse problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors.~~

### **Intervention and Emergency Procedures**

~~Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the Executive Director or designee. The Executive Director or designee shall then notify the student's parent/guardian as soon as possible and may also refer the student to mental health resources at the Charter School or in the community.~~

~~When a suicide attempt or threat is reported, the Executive Director or designee shall, at a minimum:~~

- ~~1. Ensure the student's physical safety by one of the following, as appropriate:

  - ~~b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened;~~~~

c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.

2. Designate specific individuals to be promptly contacted, for example the school counselor, psychologist, nurse, Executive Director, and/or the student's parent/guardian, and, as necessary, local law enforcement or mental health agencies.
3. Document the incident in writing as soon as feasible.
4. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed.

In the event a suicide occurs or is attempted on the Charter School campus, the Executive Director or designee shall follow the crisis intervention procedures contained in the Charter School's safety plan. After consultation with the Executive Director or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Executive Director or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Students shall be encouraged through the education program and in school activities to notify a teacher, Executive Director, another school administrator, psychologist, school counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

#### **Employee Qualifications and Scope of Services**

Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

A complete copy of the Suicide Prevention Policy is available on the school website.

Charter School shall also immediately enroll a homeless youth who seeks to enroll in the Charter School, if the youth would otherwise be eligible to attend and subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy. A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

The youth shall be immediately enrolled even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the Executive Director or designee shall refer the parent/guardian to the Charter School Liaison. The Charter School Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. § 11432(g)(3)(C).)

A homeless youth may remain in the student's school of origin for the entire period for which the youth is homeless. If a youth obtains permanent housing during an academic year, the youth will be permitted to remain in the school of origin through the end of the academic year.

### **Housing Questionnaire**

Charter School shall administer a housing questionnaire for purposes of identifying homeless children and youth. Charter School shall ensure that the housing questionnaire is based on the best practices developed by the CDE. Charter School shall annually provide the housing questionnaire to all parents/guardians of students and to all unaccompanied youths at Charter School. The housing questionnaire shall include an explanation of the rights and protections a

student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire shall be available in paper form. The housing questionnaire shall be available in the primary language other than English spoken by fifteen (15) percent or more of the students enrolled at Charter School and shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied youth. Charter School shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

### **Enrollment Disputes**

If a dispute arises over admissions/enrollment, the student shall be immediately admitted (subject to Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy), pending final resolution of the dispute, including all available appeals. ~~(42 U.S.C. § 11432(g)(3)(E).)~~

The parent/guardian shall be provided with a written explanation of the admission/enrollment decision, including an explanation of the parent/guardian's right to appeal the decision. The parent/guardian shall also be referred to the Charter School Liaison. (42 U.S.C. § 11432(g)(3)(E).)

The Charter School Liaison shall carry out the Board-adopted dispute resolution and complaint process as expeditiously as possible after receiving notice of the dispute. (42 U.S.C. § 11432(g)(3)(E).)

### **Comparable Services**

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in Charter School such as (42 U.S.C. § 11432(g)(4)):

- Transportation services
- Educational services for which the child or youth meets eligibility criteria, such as educational programs for students with disabilities and educational programs for students with limited English proficiency
- Programs in career-vocational and technical education
- Programs for gifted and talented students
- Charter School nutrition programs

### **Transportation**

In the event that Charter School provides transportation services to all Charter School students, Charter School shall provide comparable transportation services to each homeless child or youth attending Charter School, as noted above. (42 U.S.C. § 11432(g)(4).)

If the Charter School does not otherwise provide transportation services to all Charter School students, Charter School shall ensure that transportation is provided for homeless students to and from Charter School, at the request of the parent or guardian (or Charter School Liaison), if Charter School is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by Charter School will be adequate and appropriate for the Student's situation, but Charter School does not commit to any one method of transportation for all youth.

### **Professional Development**

All administrators, teachers and employees of Charter School including the Charter School Liaison, will be provided professional development on the identification, services, and sensitivity necessary when dealing with homeless children and youth. ~~(42 U.S.C. § 11433(d)(3))~~  
~~All identified or suspected homeless children and youth will be referred to the Charter School Liaison. The Charter School Liaison will verify that the Charter School is providing the required training to school personnel providing services to youth experiencing homelessness at least annually through the CDE's verification system. (Education Code Section 48852.5(c)(2).)~~

The Charter School Liaison shall offer training to Charter School certificated and classified employees providing services to students experiencing homelessness, including, but not limited to, teachers, support staff, and other school staff who work with pupils, at least annually relating to:

- (1) Charter School's homeless education program policies; and
- (2) Recognition of signs that pupils are experiencing, or are at risk of experiencing, homelessness.

The Charter School Liaison shall inform such employees of the availability of training and the services the Charter School Liaison provides to aid in the identification and provision of services to students who are experiencing, or are at risk of experiencing, homelessness.

### **High School Graduation Requirements**

Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's

school enrollment may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.
2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary

educational institution.

3. Provide information to the student about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

### **Acceptance of Course Work**

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

### **Notice**

For any homeless student who seeks enrollment at the Charter School, written notice will be provided to the parent/guardian at the time of enrollment and while the student is enrolled at the Charter School in alignment with the law. (42 U.S.C. § 11432(e)(3)(C).)

### **Annual Policy Review**

The Charter School shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at the Charter School. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school. [Charter School's review of its homeless education program policies shall use resources developed by the CDE and posted on the CDE's internet website and](#)

resources developed by homeless education technical assistance centers established using funding from the American Rescue Plan Act of 2021.

### **School Website Posting**

Charter School shall ensure that the following information is posted, and updated as necessary, on its internet website:

- The name and contact information of the Charter School Liaison(s) for homeless children and youths.
- The contact information of any employee or contractor that assists the Charter School Liaison in completing the Liaison's duties.
- Specific information regarding the educational rights and resources available to persons experiencing homelessness.

#### **Foster and Mobile Youth Liaison**

In order to help facilitate the enrollment, placement, and transfer of Foster and Mobile Youth to the Charter School, the Governing Board shall designate a Foster and Mobile Youth liaison. The Governing Board designates the following position as the Charter School’s liaison for Foster and Mobile Youth:

Ana Maria Rojas  
Equity and Inclusion Administrator  
[arojos@altusschools.net](mailto:arojos@altusschools.net)  
858-678-4818

The Foster and Mobile Youth Liaison shall be responsible for the following:

1. Ensure and facilitate the proper educational placement, enrollment in the Charter School, and checkout from the Charter School foster youth.
2. Ensure proper transfer of credits, records, and grades when ~~Foster and Mobile Youth~~ foster youth transfer to or from the Charter School.

3. When a foster youth is enrolling in the Charter School, the Foster and Mobile Youth Liaison shall contact the school last attended by the student within two (2) business days to obtain all academic and other records. The last school attended by the foster youth shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. When a foster youth is transferring to a new school, the Foster and Mobile Youth Liaison shall provide the student's records to the new school within two (2) business days of receiving the new school's request, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the Charter School.
4. When required by law, notify the foster youth's attorney and the appropriate representative of the county child welfare agency at least ten (10) calendar days preceding the date of the following:
  - a. An expulsion hearing for a discretionary act under the Charter School's charter.

  - c. A manifestation determination meeting prior to a change in the foster youth's placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. 5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.
6. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services.
7. Develop protocols and procedures for creating awareness for Charter School staff, including but not limited to Administrator of Instructional Services, School Coordinator and Student Services Coordinator of the requirements for the proper enrollment, placement, and transfer of foster youth.

This Policy does not grant the Foster and Mobile Youth Liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to Welfare and Institutions Code sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under Education Code section 56055. The role of the Foster and Mobile Youth Liaison is advisory with respect to placement options and determination of the school of origin.

### **School Stability and Enrollment**

The Charter School will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in the Charter School as their school of origin.

A foster youth, currently migratory child, or child of a military family who seeks to transfer to the Charter School will be immediately enrolled (subject to the Charter School's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in the Charter School's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement, or any subsequent change in placement, a foster youth may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in the Charter School consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in the Charter School as the foster youth's school of origin, the foster youth have the right to remain in the Charter School pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

### **Transportation**

The Charter School shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that the Charter School assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. The Charter School is not prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, the Charter School shall collaborate with local child welfare agencies to develop and implement clear

written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

### **Effect of Absences on Grades**

The grades of a foster youth shall not be lowered for any absence from the Charter School that is due to either of the following circumstances:

- a. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.
- b. A verified court appearance or related court-ordered activity.

### **Transfer of Coursework and Credits**

The Charter School shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school<sup>4</sup>, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework completed. The credits accepted pursuant to this paragraph shall be applied for enrollment purposes to the same or equivalent course, if applicable, as the coursework completed in the prior public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school. For purposes of the official transcript, the credits accepted pursuant to this paragraph shall be added to the credits earned from the same or equivalent course for purposes of calculating the total credits earned for the course but shall separately identify the school and local educational agency in which the credits were earned.

If a Foster and Mobile Youth transfers in or out of Charter School, Charter School shall issue the full and partial credits on an official transcript for the pupil and shall ensure the transcript includes all of the following:

- a. All full and partial credits and grades earned based on any measure of full or partial coursework being satisfactorily completed, including a determination of the days of enrollment or seat time, or both, if applicable, at a school of that local educational agency or a prior local educational agency, or any other public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school.
- b. The credits and grades for each school and local educational agency listed separately so it is clear where they were earned.
- c. A complete record of the pupil's seat time, including both period attendance and days of enrollment.

<sup>4</sup> For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

If Charter School has knowledge that the transcript from the transferring local educational agency may not include certain credits or grades for the pupil, it shall contact the prior local educational agency within two business days to request that the prior local educational agency issue full or partial credits pursuant to this paragraph. The prior local educational agency shall issue appropriate credits and provide all academic and other records to Charter School within two business days of the request.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless the Charter School, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall the Charter School prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

#### Applicability of Graduation Requirements

To obtain a high school diploma from the Charter School, a student must complete all courses required by the Charter School and fulfill any additional graduation requirements prescribed by the Board. However, Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and students participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption. For a student participating in a newcomer program, enrollment in grade 11 or 12 based on the average age of students in the third or fourth year of high school may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption

under the above requirements transfers into the Charter School, the Charter School shall notify the student, the ERH, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If the Charter School fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the additional graduation requirements once notified, even if that notification occurs after the termination of the court's jurisdiction over the student, if the foster youth otherwise qualifies for the exemption.

If a student is exempted from the Charter School's additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of their fourth year of high school.

The Equity and Inclusion Officer or designee shall notify a Foster and Mobile Youth and their ERH if the Charter School grants an exemption from the additional graduation requirements, ~~how any requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution, and shall provide information about transfer opportunities available through the California Community Colleges, and shall consult with the Foster and Mobile Youth and their ERH. The consultation shall include all of the following:~~

- ~~1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.~~
- ~~2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.~~
- ~~3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.~~

A Foster and Mobile Youth who would otherwise be entitled to remain in attendance at the Charter School shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

~~If an eligible student,~~ Foster and Mobile Youth who was eligible for an exemption and

~~1) was not properly notified of the availability of the exemption, or 2) is not exempted from additional graduation requirements or has~~ previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student ~~at any time within thirty (30) days of the exemption request,~~ if an exemption is requested by the youth and the youth ~~qualifies at one time qualified~~ for the exemption, ~~even if the pupil is no longer a Foster and Mobile Youth or the court's jurisdiction of the pupil has terminated.~~ Likewise, if the youth is exempted, the Charter School may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this section, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the Student eligible while he or she is enrolled in school or if the student transfers to another school, including a charter school, or school district.

The Charter School shall not require or request a Foster and Mobile Youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no Foster and Mobile Youth or any person acting on behalf of a Foster and Mobile Youth may request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

Upon making a finding that a Foster and Mobile Youth is reasonably able to complete the Charter School's additional graduation requirements within the student's fifth year of high school, the Equity and Inclusion Officer or designee shall:

1. ~~Inform-Consult with~~ the student and the student's ERH of the student's option to remain in school for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.
2. ~~Inform-Consult with~~ the student and the student's ERH how remaining in school for a fifth year will affect the student's ability to gain admission to a postsecondary educational institution.
3. ~~Provide-Consult with and provide~~ information to the student about transfer opportunities available through the California Community Colleges.
4. Upon agreement with the student or, if the student is under 18 years of age, the ERH, permit the student to stay in school for a fifth year to complete the Charter School's graduation requirements.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth is not

reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3 within the student's fifth year of high school, the Executive Director or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5<sup>th</sup>) year to complete the statewide coursework requirements. Charter School shall consult with the Foster and Mobile Youth and the ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the pupil transfers between schools, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

- 1) Within the first 30 calendar days of the following academic year, Charter School shall reevaluate eligibility;
- 2) Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

- 3) If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall:
- i. provide the pupil with the option to receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, or
  - ii. to stay in school for a fifth year to complete the Charter School's additional graduation requirements.

Charter School shall provide notification of the availability of these options. The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile court school but has elected to decline the issuance of the diploma for the purpose of taking additional coursework, the Charter School will not prevent the juvenile court youth from enrolling in the Charter School and pursuing additional coursework if requested by the youth or by the youth's ERH.

#### **Eligibility for Extracurricular Activities**

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

#### **Waiver of Fees for Afterschool Programs**

The Charter School shall not charge any student who the Charter School knows is currently in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by the Charter School.

#### **Student Records**

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization, and other records, and, if applicable, a copy of the student's special

education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

### **Complaints of Noncompliance**

Complaints of noncompliance with this Policy shall be governed by the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request.

### **Reporting Requirements**

Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data. For purposes of this subdivision, "pupil category" means the categories of pupils identified in the "Definitions" section of this Policy, above.

\*\*\*\*

### **Availability of Complete Policy**

For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available on the school website.

## ***Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation, and Education***

**Board Policy: 3325**

**Approved: February 16, 2022**

**Amended: June 22, 2023**

### **A. SECTION 504 POLICY**

The Board of Directors of Audeo Charter School hereby adopts the Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation and Education to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School and Sweetwater Secondary School hereafter collectively referred to as ("Charter School"). The Governing Board of the

Charter School recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education and its legal responsibility to ensure that "no qualified person with a disability shall, solely by reason of their disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 ("Section 504"), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a free, appropriate public education ("FAPE").

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 ("IDEA").

The Charter School's Executive Director or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy's corresponding procedures.

A Section 504 Team will be convened to determine the student's need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable about the Section 504 standards, the student's individual needs and school history, the meaning of evaluation data, and placement options. The student's parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If Charter School does not assess a student after a parent has requested an assessment, the Charter School shall provide notice of the parent's/guardian's procedural safeguards. Charter School shall not retaliate in any way against parents/guardians or students who

exercise any rights under the procedural safeguards and/or Section 504.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504 plan for the provision of such services to the student. The student shall be educated with nondisabled students to the maximum extent appropriate to the student's individual needs. The student's parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. Charter School shall periodically review the student's progress and placement.

The Charter School does not discriminate on the basis of disability, or any other characteristic protected under law. Charter School will implement this policy through its corresponding procedures.

## **B. SECTION 504 PROCEDURES**

### **A. Definitions**

1. **Academic Setting** – the regular, educational environment operated by Charter School.
2. **Individual with a Disability under Section 504** – An individual who:
  - a. has a physical or mental impairment that substantially limits one or more major life activities;
  - b. has a record of such an impairment; or
  - c. is regarded as having such an impairment.
3. **Evaluation** – procedures used to determine whether a student has a disability as defined within these Procedures, and the nature and extent of the services that the student needs. The term means procedures used selectively with an individual student and does not include basic tests administered to, or procedures used with, all students in a school, grade, or class.
4. **504 Plan** – is a plan developed to identify and document the student's needs for regular or special education and related aids and services for

participation in educational programs, activities, and school-sponsored events.

5. **Free Appropriate Public Education (“FAPE”)** – the provision of regular or special education and related aids and services that are designed to meet the individual needs of persons with disabilities as adequately as the needs of persons without disabilities are met.
  
6. **Major Life Activities** - Functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions.
  
7. **Physical or Mental Impairment** –
  - a. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory; including speech organs; cardiovascular; reproductive; digestive; genitor-urinary; hemic and lymphatic; skin; and endocrine; or
  
  - b. Any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.
  
8. **504 Coordinator** – The Special Education Coordinator shall serve as the Charter School’s Section 504 Coordinator. The parents or guardians may request a Section 504 due process hearing from or direct any questions or

concerns to the Section 504 Coordinator at (619) 393-2270.

9. **Has a record of such an impairment** - means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.
10. **Is regarded as having an impairment** - means
  - a. An individual meets the requirement of 'being regarded as having such an impairment' if the individual establishes that they have been subjected to an action prohibited under this Act because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.
  - b. Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

B. Referral, Assessment and Evaluation Procedures

1. Charter School will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.
2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504 Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.
3. The Charter School has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.
4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person

knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and comparable facilities.

5. The 504 Team shall promptly consider the referral and determine what assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.
6. The 504 Team will consider the following information in its evaluation of the student:
  - a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel;
  - b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and
  - c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)
7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning

process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.

8. Mitigating measures cannot be considered when evaluating whether or not a student has a substantially limiting impairment. Mitigating measures could include medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications a student uses to eliminate or reduce the effects of an impairment.
9. The parents/guardians shall be given an opportunity in advance of 504 Team meetings to examine assessment results and all other relevant records.
10. If a request for evaluation is denied, the 504 Team shall inform the parents/guardians in writing of this decision and of their procedural rights as described below.

C. 504 Plan

1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.
2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.
3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.
4. The student's teacher and any other staff who are to provide services to the

student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.

5. The eligible student shall be placed in the regular education environment unless it is demonstrated that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to their individual needs.
6. The referral, assessment, evaluation, and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.
7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.
8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.
9. The 504 Plan shall include a schedule for annual review of the student's needs and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.
10. Charter School shall immediately implement a student's prior 504 Plan, when a student enrolls at the Charter School. Within thirty (30) calendar days of starting school, Charter School shall schedule a 504 Team meeting to review the existing 504 Plan. Charter School shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.

D. Review of the Student's Progress

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule

set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.

2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. Procedural Safeguards

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:

- Examine relevant records
- Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
- Have the right to file a Uniform Complaint pursuant to Charter School policy
- Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

Kirsten Ramirez Henderson  
10170 Huennekens Street, San Diego, CA 92121  
(619)-393-2270  
khenderson@altusschools.net

Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Executive Director or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with Charter School or any district within the El Dorado Charter SELPA or

the San Diego County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:
  - The specific decision or action with which the parent/guardian disagrees.
  - The changes to the 504 Plan the parent/guardian seeks.
  - Any other information the parent/guardian believes is pertinent.
5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:
  - Mediation by a neutral third party.
  - Review of the 504 Plan by the Executive Director or designee.
6. Within ten (10) calendar days of receiving the parent/guardian's request, the Executive Director or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.
7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.

8. The parent/guardian and the School shall be afforded the rights to:
  - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.
  - Present written and oral evidence.
  - Question and cross-examine witnesses.
  - Receive written findings by the hearing officer.
9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.
10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.
11. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

F. Suspension and Expulsion, Special Procedures for Students with Disabilities

Charter School shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance to due process to such students. The following procedures shall be followed when a student with a

disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If Charter School, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

- a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

- b. If the child has a BIP, review the BIP and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and Charter School agree to a change of placement as part of the modification of the BIP.

If Charter School, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Charter School agree otherwise.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in

placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated Charter School 's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if Charter School had knowledge that the student had a disability before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School Coordinator or the Administrator for Instructional Services, or

to one of the child's teachers, that the student is in need of special education or related services.

- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or the special education teacher or the school coordinator, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Special Education Coordinator or to the School Coordinator or to the Administrator for Instructional Services.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

### **C. PARENT/STUDENT RIGHTS IN IDENTIFICATION, EVALUATION, ACCOMMODATION AND PLACEMENT**

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. Please keep this explanation for future reference.

You have the right to:

1. Have your child take part in and receive benefits from public education programs without discrimination because of their disabling condition.
2. Have Charter School advise you of your rights under federal law.
3. Receive notice with respect to Section 504 identification, evaluation and/or

placement of your child.

4. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have Charter School make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.

11. Obtain a response from Charter School to reasonable requests for explanations and interpretations of your child's records.
12. Request an amendment of your child's educational records if there is reasonable cause to believe they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child. 13. Request mediation or file a grievance in accordance with Charter School's Section 504 mediation grievance and hearing procedures, outlined above.

### ***Education Records and Student Information Policy***

Approved: October 19, 2017,

**Amended:** June 21, 2018, February 16, 2022; [June 22, 2023](#)

Formatted: Font: Not Bold

The Board of Directors of Audeo Charter School, a California nonprofit public benefit corporation operating Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, [Mirus Secondary School](#), Grossmont Secondary School and Sweetwater Secondary School hereafter collectively referred to as ("Charter School") hereby adopts this Educational Records and Student Information Policy to apply to all educational records and student information maintained by Charter School.

#### **Definitions**

- *"Education Record"*: An education record is any information recorded in any way, including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche that directly relates to a student and is maintained by Charter School or by a party acting for Charter School. Such information includes, but is not limited to:
  1. Date and place of birth; parent and/or guardian's address, mother's maiden name and where the parties may be contacted for emergency purposes;
  2. Grades, test scores, courses taken, academic specializations and school activities;
  3. Special education records;
  4. Disciplinary records;
  5. Medical and health records;
  6. Attendance records and records of past schools attended; and/or
  7. Personal information such as, but not limited to, a student's name, the name of a student's parent or other family member, student identification numbers, social

security numbers, photographs, biometric record or any other type of information that aids in identification of a student.

An education record does not include any of the following:

1. Records that are kept in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a temporary substitute for the maker of the record;
  2. Records maintained by a law enforcement unit of Charter School that were created by that law enforcement unit for the purpose of law enforcement;
  3. In the case of a person who is employed by Charter School but not in attendance at Charter School, records made and maintained in the normal course of business, relate exclusively to the individual in that individual's capacity as an employee and are not available for any other purpose;
  4. Records of a student who is 18 years of age or older, or is attending an institution of postsecondary education, that are: a) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in their professional capacity or assisting in a paraprofessional capacity; b) made, maintained, or used only in connection with treatment of the student; and c) disclosed only to individuals providing the treatment. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are part of the program of instruction at Charter School;
  5. Records that only contain information about an individual after the individual is no longer a student at Charter School; or
  6. Grades on peer-graded papers before they are collected and recorded by a teacher.
- *"Personally Identifiable Information"*: Personally identifiable information ("PII") is information about a student that is contained in their education records that cannot be disclosed without compliance with the requirements of Family Educational Rights and Privacy Act of 2001 ("FERPA"). PII includes, but is not limited to: a student's name; the name of a student's parent or other family member; the address of a student or student's family; a personal identifier, such as the student's Social Security number, student number or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who Charter School reasonably believes knows the identity of the student to whom the education record relates.

- **“Directory Information”:** Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Charter School may disclose the PII that it has designated as directory information, consistent with the terms of the annual notice provided by Charter School pursuant to the FERPA (20 U.S.C. § 1232g). Charter School has designated the following information as directory information:

1. Student’s name
2. Student’s address
3. Parent/guardian’s address
4. Telephone listing
5. Student’s electronic mail address
6. Parent/guardian’s electronic mail address
7. Photograph/video
8. Date and place of birth
9. Dates of attendance
10. Grade level
11. Participation in officially recognized activities and sports
12. Weight and height of members of athletic teams
13. Degrees, honors, and awards received
14. The most recent educational agency or institution attended
15. Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student’s SSN, in whole or in part, cannot be used for this purpose.)

- **“Parent”:** Parent means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- **“Eligible Student”:** Eligible student means a student who has reached eighteen (18) years of age.
- **“School Official”:** A school official is a person employed by Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Board of Directors of Charter School . A school official also may include a volunteer for Charter School or an independent contractor of Charter School or other party who performs an institutional service or function for which Charter School would otherwise use its own employees and who is under the direct control of Charter School with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist, contracted provider of digital educational platforms and/or services; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing their tasks.

**Commented [MB5]:** A video is only appropriately classified under this list if the student’s image is incidental or captured only as part of the background, or if a student is shown participating in school activities that are open to the public and without a specific focus on any individual.

Examples of situations that may cause a video to be an education record and NOT appropriately released as Directory Information:

A school surveillance video showing two students fighting in a hallway, used as part of a disciplinary action, is directly related to the students fighting.

A classroom video that shows a student having a seizure is directly related to that student because the depicted health emergency becomes the focus of the video.

If a school maintains a close-up photo of two or three students playing basketball with a general view of student spectators in the background, the photo is directly related to the basketball players because they are the focus of the photo, but it is not directly related to the students pictured in the background. However, schools often designate photos or videos of students participating in public events (e.g., sporting events, concerts, theater performances, etc.) as directory information and/or obtain consent from the parents or eligible students to publicly disclose photos or videos from these events.

A video recording of a faculty meeting during which a specific student’s grades are being discussed is directly related to that student because the discussion contains PII from the student’s education record.

<https://www.cde.state.co.us/cdereval/leatransparencybestpractice>

If the school chooses to include videos within “directory information,” then we recommend providing parents with a Media Release Form at the beginning of each school year.

- *“Legitimate Educational Interest”*: A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

### **Disclosure Of Directory Information**

At the beginning of each school year, Charter School shall provide parents and eligible students with a notice containing the following information: 1) The type of PII it designates as directory information; 2) The parent’s or eligible student’s right to require that Charter School not release “directory information” without obtaining prior written consent from the parent or eligible student; and 3) The period of time within which a parent or eligible student must notify Charter School in writing of the categories of “directory information” that it may not disclose without the parent’s or eligible student’s prior written consent. Charter School will continue to honor a valid request to opt out of the disclosure of a former student’s directory information made while the former student was in attendance unless the student rescinds the opt out request.

### **Annual Notification To Parents And Eligible Students**

At the beginning of each school year, in addition to the notice required for directory information, Charter School shall provide eligible students currently in attendance and parents of students currently in attendance with a notice of their rights under the FERPA. The notice shall inform the parents and eligible students that they have the right to:

1. Inspect and review the student’s education records;
2. Seek amendment of the student’s education records that the parent or eligible student believes to be inaccurate, misleading or otherwise in violation of the student’s privacy rights;
3. Consent to disclosures of PII contained in the student’s education records, except to the extent that disclosure is permitted without prior written consent pursuant to FERPA;
4. File with the U.S. Department of Education a complaint concerning alleged failures by Charter School to comply with the requirements of FERPA and its promulgated regulations; and
5. Request that Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

The notice must also include the following:

1. The procedure for exercising the right to inspect and review educational records;

2. The procedure for requesting amendment of records;
3. A statement that Charter School forwards education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer; and
4. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest.

#### **Parental And Eligible Student Rights Relating To Education Records**

Parents and eligible students have the right to review the student's education records. In order to do so, parents and eligible students shall submit a request to review education records in writing to the Executive Director. Within five (5) business days, Charter School shall comply with the request.

##### 1. Copies of Education Records

Charter School will provide copies of requested documents within five (5) business days of a written request for copies. Charter School may charge reasonable fees for copies it provides to parents or eligible students. However, no charge shall be made for furnishing (1) up to two transcripts of former students' records or (2) up to two verifications of various records of former students. The charge will not include a fee to search for or to retrieve the education records.

##### 2. Request for Amendment to Education Records

Following the inspection and review of a student's education record, a parent or eligible student may file a written request with the Executive Director to correct or remove any information in the student's education record that is any of the following:

- a. Inaccurate.
- b. Misleading.
- c. In violation of the privacy rights of the student.

Charter School will respond within thirty (30) days of the receipt of the request to amend. Charter School's response will be in writing and if the request for amendment is denied, Charter School will set forth the reason for the denial and inform the parent or eligible student of their right to a hearing challenging the content of the education record.

If the Executive Director sustains any or all of the allegations, the Executive Director must order the correction or the removal and destruction of the information. The Executive Director or designee must then inform the parent or eligible student of the amendment in writing.

If the Executive Director sustains the parent or eligible student's request to change the student's name and/or gender, Charter School shall add a new document to the student's record that includes all of the following information:

- a. The date of the request.
- b. The date the requested records were corrected.
- c. A list of the records requested to be corrected.
- d. The type of documentation, if any, provided to demonstrate a legal change to the student's name and/or gender. The parent or guardian of the student is not required to provide documentation of a legal change to the student's name and/or gender.
- e. The name of the employee that completed the request.
- f. The student's corrected and former names and/or genders.

Charter School shall immediately update a former student's records to include the student's updated legal name or gender if the Charter School receives government-issued documentation demonstrating that the former student's legal name or gender has been changed. Acceptable government issued identification includes but is not limited to:

- a. State-issued driver's license.
- b. Birth certificate.
- c. Passport.
- d. Social security card.
- e. Court order indicating a name change or a gender change, or both.

If requested by the former student, the Charter School shall reissue any documents conferred upon the former student with the former student's updated legal name or gender. Documents that may be reissued by Charter School include, but are not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents conferred upon the former student.

If a former student requests that their name or gender be changed and the requested records are reissued, the Charter School shall add a new document to the former student's file that includes all of the following:

- a. The date of the request.
- b. The date the requested records were reissued to the former student.
- c. A list of the records that were requested by, and reissued to, the former student.
- d. The type of documentation provided by the former student in order to demonstrate the legal name or gender change.
- e. The name of the school district, charter school, or county office of education staff person that completed the request.
- f. The current and former name or gender of the former student.

### 3. Hearing to Challenge Education Record

If Charter School denies a parent or eligible student's request to amend an education record, the parent or eligible student may, within thirty (30) days of the denial, request in writing that the parent or eligible student be given the opportunity for a hearing to challenge the content of the student's education record on the grounds that the information contained in the education record is: inaccurate, misleading, or in violation of the privacy rights of the student.

The Board Chair may convene a hearing panel to assist in making determinations regarding educational record challenges provided that the parent has given written consent to release information from the student's records to the members of the panel convened. The hearing panel shall consist of the following persons:

- a. The Administrator of Instructional Services, School Coordinator, or designee of a public school other than the public school at which the record is on file;
- b. A certificated Charter School employee; and
- c. A parent appointed by the Executive Director or by the Board Chair, depending upon who convenes the panel.

The hearing to challenge the education record shall be held within thirty (30) days of the date of the request for a hearing. Notice of the date, time and place of the hearing will be sent by Charter School to the parent or eligible student no later than twenty (20) days before the hearing.

The Administrator for Instructional Services or designee of a public school will serve as the chairman and shall not be required to use formal rules of evidence or procedure. The parent or eligible student will be given a full and fair opportunity to present evidence relevant to the issues relating to the challenge to the education record. The parent or eligible student may also, at their own expense, be assisted or represented by one or more individuals of their choice, including an attorney. The decision of the Board Chair or Executive Director or designee will be based solely on the evidence presented at the hearing and is final. Within thirty (30) days after the conclusion of the hearing, Charter School's decision regarding the challenge will be made in writing and will include a summary of the evidence and the reasons for the decision.

If, as a result of the hearing, Charter School decides that the information is inaccurate, misleading, or in violation of the privacy rights of the student, it will amend the record accordingly and inform the parent or eligible student of the amendment in writing.

If, as a result of the hearing, Charter School decides that the information in the education record is not inaccurate, misleading, or in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why they disagree with the decision of Charter School, or both. If Charter School places a statement by the parent

or eligible student in the education records of a student, it will maintain the statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

#### **Disclosure Of Education Records And Directory Information**

Charter School must have a signed and dated written consent from the parent or eligible student before releasing any non-directory information from a student's education record except as provided below. The written permission must specify the records that may be disclosed, the purpose of the disclosure and the party or class of parties to whom the disclosure may be made. When disclosure is made pursuant to written permission, the parent or eligible student may request a copy of the disclosed records and Charter School shall provide the requestor with a copy of the records disclosed upon request. Signed and dated written consent may include a record and signature in electronic form if it identifies and authenticates a particular person as the source of the electronic consent and indicates such person's approval of the information contained in the electronic consent.

Charter School will only disclose PII on the condition that the receiving party not disclose the information to any party without the prior written consent of the parent or eligible student and that the receiving party use the information for the purposes for which the disclosure was made. This restriction does not apply to disclosures that fall within the disclosure exceptions listed below. Charter School must maintain the appropriate records related to these disclosure exceptions, as described below. Except for disclosures pursuant to a warrant, judicial order or lawfully issued subpoena, or directory information or to parents or eligible students, Charter School will inform a receiving party of the requirement that the party not disclose the information to any other party without the prior written consent of the parent or eligible student and that the receiving party use it for the purpose for which the disclosure was made. Note specifically that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

When a student transfers schools, Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at their last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to Section (IV)(3) above;

4. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;

#### **Solicitation and Disclosure of Student Information for Immigration Purposes**

Charter School shall observe the following:

1. Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of students or their family members.

2. If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.
3. If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.
4. Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.
5. During the enrollment process:
  - a. Where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.
  - b. Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.
  - c. Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment.
6. Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order. Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the Charter School prohibits disclosure, Charter School shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, Charter School shall not release the information. Charter School will permanently keep the consent notice with the record file.

3. Document any verbal or written request for information by immigration authorities.
4. Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

#### Contract for Digital Storage, Management, and Retrieval of Student Records

The Charter School may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code section 49073.1 and other applicable state and federal laws.

#### **Record Keeping Requirements**

Charter School will maintain a record of each request for access to and each disclosure of PII from the education records of each student for as long as the records are maintained. For each request, the record must include the following information: the parties who have requested or received the information and the legitimate interests the parties had in requesting or obtaining the information.

For disclosures of PII to institutions that make disclosures of the information on behalf of Charter School in accordance with 34 C.F.R. § 99.33(b), the record must include the names of the additional parties to which the receiving party may disclose the information on behalf of Charter School and the legitimate interests that each of the additional parties has in requesting or obtaining the information.

These record keeping requirements do not apply to requests from or disclosure to parents or eligible students, Charter School officials with a legitimate purpose of inspecting the records, a party with written consent from the parent or eligible student, a party seeking directory information, or a party seeking or receiving the records as directed by a court order or subpoena.

The records relating to disclosures of PII may be inspected by parents and eligible students, Charter School officials (or their assistants) responsible for the custody of the records, and parties authorized by regulations for the purpose of auditing the recordkeeping procedures of Charter School.

Student cumulative records may not be removed from the premises of Charter School, unless the individual removing the record has a legitimate educational interest, and is authorized by the Executive Director, or by a majority of a quorum of the Board of Directors at a duly agendaized meeting. Employees who remove student cumulative records or other student records from the Charter School premises without a legitimate educational interest and authorization may be subject to discipline. Employees are permitted to take student work-product, or other appropriate student records, off premises without authorization for legitimate academic purposes (e.g. grading work-product, assigning credit, reviewing materials for classroom discussion, etc.).

### ***Professional Boundaries: Staff/Student Interaction Policy***

Audeo Charter School II ("Charter School") recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

#### **I. PURPOSE AND SCOPE**

It is the purpose of this policy to provide additional specificity to the standards of conduct embodied in the Charter School code of ethics-related rules and regulations so that staff members clearly understand the prohibitions and behavior boundaries which must govern their conduct towards students. (For purposes of this Policy, staff includes all school employees—certificated or classified; coaches or advisors; full-time or part-time, and independent contractors and volunteers).

The rules of conduct set forth in this Policy are not intended to serve as an exhaustive delineation of requirements, limitations, or prohibitions on staff conduct and activities established by this school. Rather, the components of this Policy serve to:

- (1) Alert staff about some of the more sensitive and often problematic matters involved in faculty/staff student relationships.
- (2) Specify boundaries related to potentially sexual situations and conduct—the crossing of which is contrary to accepted norms of behavior and in conflict with the duties and responsibilities of staff.
- (3) Provide staff members with clear guidance in conducting themselves in a manner that reflects high standards of professionalism. (It is important for Charter School to maintain a school-wide culture in which students and staff understand their responsibilities to report sexual misconduct without fearing that school leaders will betray them if they do. In order to prevent sexual abuse and exploitation, students and staff must know that the administration will investigate reports about possible misconduct.)
- (4) Clarify that improper action will have significant consequences.
- (5) Provide an environment that empowers students to identify actions that appear to have crossed boundaries.
- (6) Define the process that Charter School will use for addressing potential improper conduct.
- (7) Preserve student and staff privacy rights during any pending investigation.

## II. BACKGROUND AND GENERAL POLICY PROVISIONS

Actions by staff members that are inconsistent or in conflict with the values established by Charter School can harm students, staff members, and the school's operation; therefore, such actions are unacceptable. It is the policy of this school that all school staff conduct themselves at all times in a manner that reflects the ethical standards consistent with the rules contained in this Policy and otherwise proclaimed by this school.

The provisions herein are intended to guide all Charter School staff members toward conduct that reflects the high standards of behavior and professionalism required of school staff while defining interaction boundaries between students and staff members.

Misconduct by a staff member disrupt the education of other students, sidetrack the instructional focus of the school, and harm the school's legitimacy—all of which threaten the school's future ability to recruit skilled professionals and maintain a credible operation in the eyes of the community. It is critical that staff members study this Policy thoroughly and behave in ways to avoid even the appearance of misconduct.

While all boundaries and/or situations cannot be addressed in a single policy, the issues delineated herein are among those that can be most problematic for staff members and among those that can have the greatest potential for a negative impact on this school and its community. Staff members should seek guidance in their daily conduct from established policies, procedures, and directives as well as through the guidance and recommendations of school leadership. Although this Policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders.

## III. BOUNDARIES

### A. Boundaries Defined

For the purposes of this Policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of trust.

### B. Acceptable and Unacceptable Behavior

Some activities may seem innocent from a staff member's perspective, but some of these can be perceived as flirtation or sexual insinuation from a student or parent point of view. The purpose of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students but to prevent relationships that could lead to, or may be perceived as, inappropriate.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this Policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for any required disciplinary purposes. Thus,

it is critical that all staff study this Policy thoroughly and apply its spirit and intent in their daily activities. Although sincere, professional interaction with students fosters the charter mission of implementing "personalized, education programs to facilitate student achievement," student/staff interaction has boundaries regarding the activities, locations, and intentions.

**Unacceptable Staff/Student Behaviors (Violations of this Policy)**

This list, and any subsequent lists, are not meant to be all-inclusive, but, rather illustrative of the types of behavior addressed by this Policy.

1. Giving gifts to an individual student that are of a personal and intimate nature.
2. Kissing of ANY kind.
3. Any type of unnecessary physical contact with a student in a private situation.

8. Listening to or telling stories that are sexually oriented.
9. Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.
10. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

**Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

1. Giving students a ride to/from school or school activities without parent permission (only in "emergency" situations).
2. Being alone in a room with a student.
3. Allowing students in your home.

**Cautionary Staff/Student Behaviors**

1. Remarks about the physical attributes or physiological development of anyone.
2. Excessive attention toward a particular student.
3. Sending e-mails, text messages, social media responses, or letters to students if the content is not about school activities.

**Acceptable and Recommended Staff/Student Behaviors**

1. Getting parents' written consent for any after-school activity on or off campus (exclusive of tutorials).

2. Obtaining formal approval (site and parental) to take students off school property for activities such as field trips or competitions.
3. E-mails, text-messages, phone conversations, and other communications to and with students must be professional and pertain to school activities or classes.  
(Communication should be initiated via school-based technology and equipment.)
4. Keeping reasonable space between you and your students.
5. Stopping and correcting students if they cross your own personal boundaries.
6. Keeping parents informed when a significant issue develops about a student.
7. Keeping all discussions with students professional.
8. Asking for advice from senior staff or administrators if you find yourself in a difficult situation related to boundaries.
9. Involving your supervisor if conflict arises with a student.
10. Informing your supervisor and/or Support Team (coordinators and directors) about situations that have the potential to become more severe.
11. Making detailed notes about an incident that could evolve into a more serious situation later.
12. Recognizing the responsibility to stop unacceptable behavior of students and/or co-workers.
13. Asking another staff member to be present if you will be alone with any student who may have severe social or emotional challenges (and you are not the assigned case educator).
14. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student.
15. Giving students praise and recognition without touching them in questionable areas; giving appropriate pats on the back, high-five's, and handshakes are appropriate.
16. Keeping your professional conduct a high priority during all moments of student contact.
17. Asking yourself if any of your actions which go contrary to these provisions are worth sacrificing your job and career.

#### **IV. CORPORAL PUNISHMENT**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of Charter School personnel:

- A. Examples of PERMITTED actions (NOT corporal punishment)
  - 1. Stopping a student from fighting with another student;
  - 2. Preventing a pupil from committing an act of vandalism;
  - 3. Defending yourself from physical injury or assault by a student;

  - 6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.
  
- B. Examples of PROHIBITED actions (corporal punishment)
  - 1. Hitting, shoving, pushing, or physically restraining a student as a means of control;
  - 2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
  - 3. Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

#### **V. Reporting**

When any staff member, parent, or student becomes aware of a staff member having crossed the boundaries specified in this Policy, they should report the occurrence or suspected occurrence to a supervisor and/or Support Team member promptly. All reports shall be confidential. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Staff must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse. Please note that employees of the Charter School are mandated reporters under California state law, and are thus legally bound to report suspected abuse or neglect of a student.

#### **VI. Investigating**

A supervisor and/or Support Team member will promptly investigate and document the investigation of any allegation of inappropriate conduct per this Policy, using such support staff or outside assistance as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s), including any potential witnesses, to the extent practical and appropriate under the law. The investigating supervisor shall promptly notify the Administrator of Instructional Services that an investigation is in progress; the Administrator of Instructional Services, in turn, shall notify the Executive Director of the existence and status of any investigations. Upon completion of any such investigations, the Administrator of Instructional Services shall direct the investigating administrator to report to the Executive Director any conclusions reached. The investigating administrator may consult with Charter School legal counsel, as appropriate, prior to, during, and after conducting any investigation.

#### **VII. Consequences**

Staff members who have violated this Policy will be subject to appropriate disciplinary action, and, where appropriate, will be reported to authorities for potential legal action.

#### **VIII. Training**

This document shall be discussed with and acknowledged by all Charter School employees as part of their initial employment and again, on an annual basis, as part of on-going training for all Charter School employees. A copy of this acknowledgement will be placed into each Charter School employee's personnel folder. In addition, appropriate portions of this Policy and related information will be incorporated into on-going Charter School communications thrust to underscore the continuing importance that Charter School places on student/staff interaction.

high-quality staff in a safe and supportive environment. As a charter school, Audeo III is a school of choice, with open enrollment policies that serve a diverse student community. The flexible scheduling and around-the-year calendar better serves many students who seek a non-traditional environment in which to learn. Audeo III serves students in grades 6-12.

#### ***Values - How We Do Our Work***

- Manage the school with proven business principles focusing on continuous improvement.
- Performance is measured on a variety of indicators that include productivity, credit ratio, auditability, quality, performance, and commitment to the vision of Audeo Charter School III.

#### **Focus on Academic Teaching and Learning**

Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School, and Sweetwater Secondary School (“Altus Schools”) which are operated by Audeo Charter School corporation are solely academic in nature and were originally created as re-directive programs designed for all students seeking a learning approach better suited to their learning style. The development, growth, and expansion of the schools primarily involve the creation of instructional environments. These instructional environments support an individualized and personalized educational template that motivates and engages students. The Altus Schools are designed to be expanded and potentially replicated in a manner consistent with this model sufficiently proven effective.

Extracurricular activities such as sports, proms or other school sponsored dances, yearbooks, class rings, or anything unrelated to academics which may create distractions for students or staff are not a part of the operational design. The schools’ sole focus on academics and devotion to nurturing the intrinsic value and confidence gained by the students successfully meeting academic goals that they once thought were beyond their reach, has resulted in notable academic achievements. Such achievements include but are not limited to: exceeding the one-year DASS graduation rates of San Diego County Dashboard Alternative School Status

(“DASS”)<sup>1</sup> schools and California DASS schools, outperforming comparable DASS schools in California assessments, maintaining a low one-year dropout rate (below 5%), and increasing student confidence within 90 days of enrollment.

The confidence gained by committing time to working directly with Altus instructional staff, coupled with the support of family and community, leaves students better equipped to make good life decisions as they pursue positive self-sufficiency, productivity, and positive social relationships, and it is for these reasons that it is the prerogative of the Board to retain the sole focus on academics. Partners of the Altus Schools support this vision and help collaborate to prepare students to better deal with and overcome personal and social constraints that influence their lives.

## Instructional Program

Our school is accredited by the Western Association of Schools and Colleges (“WASC”). At Audeo III, students receive a rigorous curriculum based on the California Common Core standards. We provide University of California (“UC”) approved courses for those students planning to attend a UC or California State University (“CSU”) school after the completion of high school. Additionally, we offer National Collegiate Athletics Association (“NCAA”) - approved courses for students who are interested in pursuing NCAA athletic scholarships. Our “university model” is an excellent preparation for future studies.

The primary method of instruction is independent study supplemented with in-person participation at one of our Resource Centers. The Audeo III Resource Center location provides a professional, quiet environment for one-on-one learning with a credentialed teacher who is available on-demand. Guest speaker events, tutoring, and field trips are also available. These activities are a required part of the curriculum and provide opportunities for basic skills development, career exploration, higher-level thinking skills, interpersonal relationship skills, and enrichment within the core curriculum. This method of instruction is very similar to university studies in which students take one course at a time and are required to take charge of their education.

Upon enrollment, a credentialed “On-Demand” teacher is assigned to each student who, in collaboration with the student and parents, assesses the student’s current needs and goals and creates a plan for rapid advancement, focusing solely on one or two subjects at a time. Assigned to each student for a full year or more, the teacher supervises all subjects studied, and is personally held accountable to inspire and produce self-motivated and self-disciplined students who succeed not only academically, but also socially through

---

<sup>1</sup> DASS schools have at least 70% of the school’s total enrollment comprised of unduplicated high-risk groups such as: those who have been expelled, credit deficient, highly transient, homeless, pregnant and/or parenting, have gaps in enrollment, recovered dropouts, and/or those who are habitually truant.

teamwork and community service. As a result, On-Demand teachers adjust assignments to align with the goals and interests of the student and also personally act as necessary to ensure achievement. For example, if a student is late to an appointment, teachers contact either the student or the parents within minutes to identify and address any needs and teach accountability.

To further support students working on courses in core subject areas (English, mathematics, sciences, social science, and the fine and practical arts), additional certificated teachers with subject-matter expertise are available to students at their assigned Resource Center, via email or telephone within 24 hours.

Audeo III ~~offers recently added~~ a blended learning option for its students. Blended learning is a formal educational program in which a student learns at least in part through online delivery of content with some element of student control over time, place, path, and pace. This option allows students to complete the majority of their academic coursework at home.

Upon enrollment, a Pathways Personalized Education Plan ("PPEP") is prepared by a school counselor that outlines high school graduation requirements. This PPEP is delivered to the teacher. The student, parents/guardians, and teacher complete the planning with a discussion of the student's short and long-term goals, transcripts from previous schools, learning styles, current interests, academic achievement, career interests, skills development, and standardized test scores. The PPEP is reviewed and updated by the parents, student, and teacher on a regular basis throughout the student's enrollment.

Students study one or two subjects/courses at a time and are expected to complete an average of one course every three-to-four weeks. Within these parameters students can progress at an individualized pace, receiving tutoring or enrichment as needed.

Audeo III students earn course credits and attendance by successfully completing the prescribed lessons that demonstrate mastery of the state standards.

The student's primary academic support person for student success is the teacher. The teacher becomes fully acquainted with his/her students, their families, and other factors that affect their learning and academic success. In addition to the services provided by staff, Audeo III has many partnerships and alliances to provide community resources for students and their families.

### ***Home/School Partnership***

The most important relationship we build is the one between the teacher, student, and the student's family. Audeo III encourages parent/guardian involvement through the monitoring of his/her student's regular and required attendance of Resource Center appointments, completion of high-quality work according to scheduled dates, and attendance on testing days and field trips. With parents actively involved in their student's lives, we can create a successful learning environment.

Two-way communication between all staff and parents is a building block for student success. Teachers are available for parent-student conferences, phone calls, interventions and home visits. In addition, there are scheduled opportunities throughout the year for dialogue. These opportunities include Open House nights, master agreement signings, college information meetings, and senior meetings. A climate that continually promotes open communication and dialogue is expected and supported.

## ***Parent Involvement Policy***

The Charter School aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act ("ESEA"). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success.

### **Title I Parent Involvement Policy**

**Board Policy #: 6010**

**Approved: May 6, 2008**

**Amended: February 22, 2018, October 20, 2021, June 22, 2023**

**Commented [AA1]:** Include most recent copy of Board Policy 6010 (amended 10/20/21)

Audeo Charter School III ("Charter School") recognizes the parents/guardians are their children's first and most influential teachers and the sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Executive Director or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in school activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

Each year the Executive Director or designee shall identify objectives of the school's parent involvement. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program .

The President or designee shall ensure that the parent involvement strategies are established and implemented.

The Title I Parent Involvement Policy was updated and developed in collaboration with parents of Title I students. Parents participated in the development process through surveys and meetings at the Resource Centers. The data collected from parents yielded important feedback on ways to successfully engage parents and improve the parent involvement practices. Parents expressed the following themes:

- Parents can provide input and receive communication from staff through various programs and activities.
- Parents feel involved in their child's education through various programs and activities.
- Parents report having frequent communication with instructional staff.
- Parents want to continue to access resources and trainings on how they can better support their children's achievement and performance at school and at home.
- Parents want to continue to have safe, supportive, and innovative Resource Centers.

These recommendations above are integrated throughout this Title I Parent Involvement Policy and reinforce the core belief that parents are our equal partners in ensuring the success of all students.

The Title I Parent Involvement Policy will be annually distributed to parents by including the policy in the handbook, making the policy available on the website and at the Resource Centers. This Policy describes the means for carrying out the following Title I parental involvement requirements.

### ***Attendance, Lessons, and Course Credits***

Unlike traditional schools where attendance is measured by being physically present in a classroom, Audeo III measures attendance by completion of a work product, a student's average daily attendance ("ADA") is determined by the professional judgment of the teacher as it relates to the time spent on the successful completion of each lesson. Students are expected to complete an average of 12 courses every 12 months at an acceptable level of competency to demonstrate learning and proficiency of state standards. To meet this expectation at Audeo III, students should complete an average of 7 assignments per week and complete 1 semester course in 3-to-4 weeks.

A complete copy of Audeo III's Independent Study Policy is available on the school website.

### ***Year-round School Year***

Audeo III has a year-round school year that is designed to maximize the amount of days and time that a student is able to earn credits. (See school holiday calendar on the School's website.)

### ***Student Assessments***

Students at Audeo III are part of the public school system in the State of California. Participating in the state testing system is a requirement. All students must take state mandated assessments which include the California Assessment of Student Performance and Progress ("CAASPP"), English Language Proficiency Assessments for California ("ELPAC"), and Physical Fitness Test scheduled throughout the school year. Additionally, all students who enroll in our Audeo III program take the school mandated NWEA Measures of Academic Progress ("MAP"). These tests are very critical. They tell us how students are progressing in their learning.

Audeo III staff members are dedicated to making sure students receive the instruction they need to do well on these tests to demonstrate learning. Students are offered many opportunities for special assistance if it is needed. These opportunities include diagnostic assessment and one-to-one tutoring. Please review your student's test results and be sure he or she is working on improving his/her weak areas. It is important that we work together to help your student succeed.

If you have any questions about testing and/or a specific test you may contact your student's teacher. The table below provides basic information about the standardized tests and approximate administration dates. Additional information about state tests is posted on the California Department of Education ("CDE") website at <http://www.cde.ca.gov/ta/tg>.

### **California Assessment of Student Performance and Progress (“CAASPP”)**

The School shall annually administer required state testing to the applicable grades (e.g., the CAASPP).

Pursuant to California Education Code Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all the CAASPP assessments. This exemption does not exist for the ELPAC or Physical Fitness Test.

### **Student Wellness Policy**

[Board Policy: 1710](#)

[Approved: February 22, 2018](#)

[Amended: February 16, 2022, June 22, 2023](#)

Audeo Charter School III ("Charter School") adopts this policy to ensure its commitment to the optimal development of every student. Charter School believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year. This policy may be updated from time to time as required to be in compliance with state law, regulation, or administrative directive.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This Policy outlines Charter School's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this Policy establishes goals and procedures to ensure that:

- Students in the Charter School have access to healthy foods throughout the school day—and other foods available throughout the Charter School resource centers—in accordance with Federal and state nutrition standards.
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors.
- Students have opportunities to be physically active before, during and after the school day.
- The Charter School engages in nutrition and physical activity promotion and other activities that promote student wellness.

Suspensions shall be initiated according to the following procedures:

#### 1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the ~~Executive Director~~School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or AUDEO III employee who referred the student to the School Coordinator ~~Executive Director~~ or designee.

The conference may be omitted if the ~~School Coordinator~~ ~~Executive Director~~ or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or AUDEO III personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

At the conference, the ~~pupil-student~~ shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the ~~pupil-student~~ waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a ~~pupil-student~~ for failure of the ~~pupil’s-student’s~~ parent/~~or~~ guardian to attend a conference with AUDEO III officials. Reinstatement of the suspended ~~pupil-student~~ shall not be contingent upon attendance by the ~~pupil’s-student’s~~ parent/~~or~~ guardian at the conference.

#### 2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If AUDEO III officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

#### 3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive

school days per suspension. Upon a recommendation of expulsion by the ~~Executive Director~~School Coordinator or designee, the ~~pupil-student~~ and the ~~pupil's-student's parent/guardian or representative~~ will be invited to a conference to determine if the suspension for the ~~pupil-student~~ should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the ~~pupil student~~ or the ~~pupil's parents,~~student's parent/guardian unless the ~~pupil and the pupil's parents~~student and student's parent/guardian fail to attend the conference.

This determination will be made by the ~~Executive Director~~School Coordinator or designee upon either of the following: 1) the ~~pupil's-student's~~ presence will be disruptive to the education process; or 2) the ~~pupil student~~ poses a threat or danger to others. Upon either determination, the ~~pupil's-student's~~ suspension will be extended pending the results of an expulsion hearing.

#### 4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

#### **D. Authority to Expel**

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the neutral and impartial Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the pupil or of the student nor a member of the Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

#### **E. Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the ~~Executive Director~~School Coordinator or designee determines that the ~~pupil student~~ has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under the Family Educational Rights and Privacy Act "FERPA") unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of AUDEO III's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at AUDEO III to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

#### **F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

AUDEO III may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by AUDEO III or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her/their right to (a) receive five days' notice of his/her/their scheduled testimony, (b) have up to two (2) adult support persons of his/her/their choosing present in the hearing at the time he/she testifies/the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. AUDEO III must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to

facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours ~~he/she~~ the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, AUDEO III must present evidence that the witness' presence is both desired by the witness and will be helpful to AUDEO III. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have ~~his/hers~~ their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

#### **G. Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

#### **H. Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

### **I. Expulsion Decision**

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to ~~his/her~~their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

### **J. Written Notice to Expel**

The ~~Executive Director~~School Coordinator or designee, following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with AUDEO III.

The ~~Executive Director~~School Coordinator or designee shall send a copy of the written notice of the decision

to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

#### **K. Disciplinary Records**

AUDEO III shall maintain records of all student suspensions and expulsions at AUDEO III. Such records shall be made available to the authorizer upon request.

#### **L. No Right to Appeal**

The ~~pupil-student~~ shall have no right of appeal from expulsion from AUDEO III as the Board of Directors' decision to expel shall be final.

#### **M. Expelled ~~Pupils Students~~/Alternative Education**

~~Parents/guardians of pupils~~Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. AUDEO III shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

#### **N. Rehabilitation Plans**

Students who are expelled from AUDEO III shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to AUDEO III for readmission.

#### **O. Readmission or Admission of Previously Expelled Student**

The decision to readmit a ~~pupil-student~~ after the end of the student's expulsion term or to admit a previously expelled ~~pupil-student~~ from another school district or AUDEO III who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the ~~Executive Director~~School Coordinator or designee and the ~~pupil student~~ and parent/guardian or representative to determine whether the ~~student pupil~~ has successfully completed the rehabilitation plan and to determine whether the ~~pupil-student~~ poses a threat to others or will be disruptive to the school environment. The ~~Executive Director~~School Coordinator or designee shall make a recommendation to the Board of Directors following the meeting regarding the ~~Executive Director's~~School Coordinator or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The ~~pupil's student's~~ readmission is also contingent upon AUDEO III's capacity at the time the student seeks readmission or admission to the Charter School.

#### **P. Notice to Teachers**

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated

offenses set forth above.

## **R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities**

### 1. Notification of SELPA

AUDEO III shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that AUDEO III or the SELPA would be deemed to have knowledge that the student had a disability.

### 2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

### 3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, AUDEO III, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If AUDEO III, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If AUDEO III, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the AUDEO III had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

- c. Return the child to the placement from which the child was removed, unless the parent/guardian and AUDEO III agree to a change of placement as part of the modification of the behavioral intervention plan.

If AUDEO III, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then AUDEO III may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

#### 4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or AUDEO III believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or AUDEO III, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and AUDEO III agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

#### 5. Special Circumstances

AUDEO III personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

#### 6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

#### 7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated AUDEO III's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if AUDEO III had knowledge that the student was disabled before the behavior occurred.

AUDEO III shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to AUDEO III supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other AUDEO III personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other AUDEO III supervisory personnel.

If AUDEO III knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If AUDEO III had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. AUDEO III shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by AUDEO III pending the results of the evaluation.

AUDEO III shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

[Approved: February 16, 2022](#)

[Amended: June 22, 2023](#)

[The Governing Board of Audeo Charter School corporation hereby adopts this Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School, and Sweetwater Secondary School, hereafter collectively referred to as \("Charter School"\).](#) The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of Audeo Charter School III ("Charter School"), and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.
- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.
- In the case of an emergency, or in response to a perceived threat of danger.

- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.

If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. A complete copy of the Cell Phone/Electronics Policy is available for review on the school website.

### ***Lost or Damaged School Property***

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the

payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

### ***Parents' Responsibilities***

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.
- Hold high expectations for your student, regularly monitor his or her daily work.
- Support school rules and the independent study definition of attendance—students complete school work rather than spending time in the Resource Center.
- Establish a schedule with the student and provide a space for study time at home.
- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.
- Ensure that students are clothed properly for school and school events.

### **Parents' Role in Discipline and Behavior**

Parents are expected to cooperate with Charter School staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help your child to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

### ***Emergency Procedures and School Safety Plan***

Audeo III Resource Centers have plans and preparations for major emergency situations. We believe that the reactions of people in emergencies depend largely upon their training. Our staff has been trained, and drills are held regularly to make certain that the students understand emergency procedures.

Please assure students that they are as safe at school as they are at home in a serious emergency. The safety and welfare of the students is our primary concern in the event of an emergency. Your child should be instructed to obey the directions of their teachers in general and especially in emergency situation.

Audeo III defines a crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff. In the event of a crisis, such as a natural disaster, we ask the following:

- Please do not telephone the school. Telephone lines will be needed for emergency communications.
- Please do not drive to the Resource Center if possible. Streets should be as open as possible for emergency vehicles.
- Listen to your local radio station and news for information and advice.

In conjunction with the National Association for Search and Rescue, we urge every family to make home emergency plans and preparations.

If you have questions about our emergency preparedness program, please contact your teacher. A complete copy of the Audeo III Comprehensive School Safety Plan is available ~~on the school website and~~ at each Resource

Center.

### ***School Bus and Passenger Safety***

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety as outlined in the Transportation Safety Plan.

### **Transportation Safety Plan**

Because Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School and Sweetwater Secondary School ("CHARTER SCHOOL" or the "Charter School") provides transportation to CHARTER SCHOOL activity, the Board of Directors ("Board") approved the following transportation safety plan, which contains procedures for Charter School personnel to follow to ensure the safe transportation of students. A copy of this Plan will be kept at each CHARTER SCHOOL and will be made available upon request to an officer of the Department of the California Highway Patrol. Students shall be informed that any violation of Charter School policies and procedures, including violation of safety procedures on a school bus or school activity bus, could result in discipline pursuant to the CHARTER SCHOOL discipline policy.

### **Definitions**

- "*School bus*" is any motor vehicle designed, used, or maintained for the transportation of a Charter School student at or below the grade 12 level to or from Charter School Resource Center or to and from Charter School activities. "School bus" does not include a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more students who use wheelchairs.

*"School activity bus"* is any motor vehicle, other than the school bus, operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned or operated transit system, or by a passenger charter-party carrier, used under a contractual agreement between Charter School and carrier to transport Charter School students at or below the grade 12 level to or from a Charter School activity, or used to transport students from residential schools, when the students are received and discharged at off-highway locations where a parent or adult designated by the parent is present to accept the student or place the student on the bus.

### **Determining Whether a Student Requires an Escort**

If the Resource Center or school activity destination is located on the opposite side of the street of the actual bus stop, then Charter School and California Vehicle Code section 22112(d) require the student to be physically escorted by the bus driver across that street and under the bus drivers' direction and

supervision. The bus driver will be required to activate the school bus red flashing crossover lights and if so equipped, the stop arm, and physically get out of the bus to assist the students safely across the street. Charter School requires ALL students who cross the street, be physically escorted by the bus driver with crossover lights and signs being activated.

### **Procedures for Kindergarten through Eighth Grade Students Regarding Boarding and Exiting the Bus**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of kindergarten through eighth grade students to and from the school bus. Charter School is not required to use the services of an onboard school bus monitor in addition to the driver to ensure these procedures are followed.

#### Boarding:

1. Students shall board or exit the school bus ONLY at their assigned bus stop or school activity destination.
2. Students shall board in an orderly manner and utilize the handrails for their safety while loading and unloading.
3. Students are to find their seat as quickly as possible and sit down facing the front of the bus.
4. Students are to remain seated at all times while the bus is in motion.
5. Students are to maintain a noise level which will allow the bus driver to hear approaching traffic.
6. Students are to follow the directions of the bus driver while they are aboard the bus.
7. Students are responsible to follow all rules and regulations.

#### Exiting:

1. Students shall stay seated until the bus comes to a complete stop.
2. Once the driver has stopped the bus completely and opened the door, students are to unload seat by seat starting with the front of the bus and continuing seat by seat until the bus is empty.
3. Students remaining on the bus are to remain seated until the bus stops at their assigned bus stop or school activity destination.
4. Students will unload in an orderly manner using the handrails.
5. Students shall exit the bus only at their assigned bus stop or school activity destination. Exceptions will only be allowed when the student presents the bus driver with a note signed by the student's parent and endorsed by the Executive Director.
6. Students are to move away from the bus as they unload. Students shall not get underneath the bus to retrieve a book, paper or some other article. The student should always tell the bus driver and have the bus driver get the article for them.
7. Students should always use crosswalks and controlled intersections when available and should not cross in the middle of the block.
8. Students must avoid trespassing on other people's property, stay on sidewalks when possible.

**Procedures for All Students to Follow as They Board or Exit a School Bus at CHARTER SCHOOL Resource Center or Other School Activity Location**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of all students at Charter School Resource Center or other school activity location.

Boarding Buses at Resource Center or School Activity Location:

1. The school bus driver may not activate the flashing amber warning light system, the flashing red light signal system, and stop signal arm at any school.
2. The driver will monitor the students' entry onto the bus to ensure an orderly and safe entry for all students.
3. The group of students, along with the teacher(s) and any other adult personnel attending a school activity, shall assemble in an area away from the school bus to wait. When the students are ready to load, the Charter School staff shall inform the driver, and the driver will begin the boarding process.
4. Upon completion of the boarding process, the driver will proceed with the bus evacuation and safety presentation, described below. This shall include an explanation and demonstration of all emergency exits, first aid kits, fire extinguishers, etc.
5. Upon completion of the presentation, the driver shall have the Charter School teacher or head chaperone sign a trip sheet, acknowledging the presentation has been given. The driver will then depart when safe to do so.

Exiting Buses at School Site or School Activity Location:

1. Upon arrival at Charter School Resource Center, the driver shall take the bus to the designated student drop off area.
2. Upon reaching the designated area, the driver will park the bus and open the door when it is clear and safe to do so. The flashing red signal lights will not be activated.
3. Upon arrival at the school or school activity destination, the driver will select an area where the bus can be lawfully parked and the boarding/exiting of students can be reasonably controlled.
  - a. The driver will confer with the Charter School teacher/head chaperone regarding the time and location where the group will assemble to reload the bus.
  - b. When it is clear and safe to do so, the driver will have the students disembark the bus. The flashing red signal lights will not be activated.
  - c. When the Charter School teacher/head chaperone has confirmed all students are accounted for, the group may proceed to the trip.
4. Students exiting the bus at either Charter School Resource Center or a school activity location should do so in an orderly, respectful, and appropriate manner, following all instructions from Charter School staff and the bus driver.

**Procedures for School Staff to Ensure a Student is Not Left Unattended on a School Bus or School Activity Bus**

CHARTER SCHOOL staff members should always be involved and active in the supervision of the loading and unloading of students at Charter School Resource Center and on activity trips to ensure no student is left unattended on the school bus or school activity bus.

To do this, CHARTER SCHOOL staff shall adhere to the following procedures:

1. Before leaving the Resource Center for a school activity, the Charter School teacher/head chaperone for the trip shall ensure they have a copy of the class roster with all student names.
2. Once the bus reaches the destination, a Charter School teacher/head chaperone shall be the first person off the bus and will note each student who exits the bus by comparing the exiting students against the class roster.
3. A Charter School staff member/chaperone shall be the last person to exit the bus at each stop to ensure no students are on left board. Before exiting the bus, the staff member/chaperone will walk up the aisle, checking each seat and area on the floor by each seat to ensure no students are present.
4. Once all students and staff/chaperones have exited the bus, but before leaving for the designated activity, the Charter School teacher/head chaperone will conduct another roll call by calling out each student's name and waiting for verbal and visual confirmation from the student of being present.
5. The Charter School teacher/head chaperone will discuss with the bus driver a way to contact each other in the event it is later discovered a student is still on the bus.

#### **Procedures and Standards for Designating an Adult Chaperone, Other than the Bus Driver, to Accompany Students on a School Activity Bus**

CHARTER SCHOOL shall follow its applicable policies and procedures, including its visitor and volunteer policy, for designating an adult chaperone other than the school bus driver to accompany students on a bus or a school activity bus. All appropriate background checks will be conducted on any chaperone prior to the chaperone's attending a school trip or school activity bus.

#### **Instruction in School Bus or School Activity Bus Emergency Procedure and Passenger Safety**

CHARTER SCHOOL shall ensure that all students who are transported in a school bus or school activity bus receive instruction in school bus emergency procedures and passenger safety.

#### **Instruction for Students who were not Previously Transported in a School Bus**

This information shall include, but not be limited to, the following:

The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

Parent/guardian or staff may transport students in their private vehicles for field trips. Parents may decline permission for their child to be transported by a staff member/other parent or guardian in a private passenger vehicle, in which case that student will be responsible for his/her own transportation.

All adults taking out-of-state field trips or excursions (including athletics meets and games), and all parents or guardians of pupils taking out-of-state field trips or excursions (including athletics meets and games) are required to sign a statement waiving all claims against Charter School, its employees, and the State of California for injury, accident, illness or death occurring during or by reason of the field trip or excursion (including athletics meets and games).

AUDEO III has adopted the following procedures for preventing acts of bullying, including cyberbullying.

#### **1. Cyberbullying Prevention Procedures**

AUDEO III advises students:

- a. To never share passwords, personal data, or private photos online.
- b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- d. To consider how it would feel receiving such comments before making comments about others online.

AUDEO III informs Charter School employees, students, and parents/guardians of AUDEO III's policies regarding the use of technology in and out of the classroom. AUDEO III encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

## **2. Education**

AUDEO III employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. AUDEO III advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at AUDEO III and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

AUDEO III's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

AUDEO III informs employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

## **3. Professional Development**

AUDEO III annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other AUDEO III employees who have regular interaction with students.

AUDEO III informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries

- Lost or broken personal items
- Fear of going to school/practice/games

## **Grievance Procedures**

### **1. Scope of Grievance Procedures**

AUDEO III will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;
- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- c. Submitted to the AUDEO III UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, AUDEO III will utilize the following grievance procedures in addition to its UCP when applicable.

### **2. Reporting**

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Tim Tuter  
Executive Director  
858-678-2042  
[ttuter@altusschools.net](mailto:ttuter@altusschools.net)

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. AUDEO III will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Executive Director, [Administrator of Instrucional Services, School](#) Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

### **3. Supportive Measures**

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of

supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to AUDEO III's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or AUDEO III's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. AUDEO III will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of AUDEO III to provide the supportive measures.

#### **4. Investigation and Response**

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of AUDEO III, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
  - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
    - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
    - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
    - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;
    - A statement that AUDEO III prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.

- Emergency Removal
  - AUDEO III may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with AUDEO III's policies.
  - AUDEO III may remove a respondent from AUDEO III education program or activity on an emergency basis, in accordance with AUDEO III's policies, provided that AUDEO III undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
  - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
  - If a formal complaint of sexual harassment is filed, AUDEO III may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If AUDEO III offers such a process, it will do the following:
    - Provide the parties with advance written notice of:
      - The allegations;
      - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
      - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
      - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
    - Obtain the parties' advance voluntary, written consent to the informal resolution process.
  - AUDEO III will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.
- Investigation Process
  - The decision-maker will not be the same person(s) as the Coordinator or the investigator. AUDEO III shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
  - In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
  - The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
  - The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
  - A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

- Prior to completion of the investigative report, AUDEO III will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
- The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.
- Dismissal of a Formal Complaint of Sexual Harassment
  - If the investigation reveals that the alleged harassment did not occur in AUDEO III's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable AUDEO III policy.
  - AUDEO III may dismiss a formal complaint of sexual harassment if:
    - The complainant provides a written withdrawal of the complaint to the Coordinator;
    - The respondent is no longer employed or enrolled at AUDEO III; or
    - The specific circumstances prevent AUDEO III from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
  - If a formal complaint of sexual harassment or any of the claims therein are dismissed, AUDEO III will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
  - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
  - Determinations will be based on an objective evaluation of all relevant evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness.
  - AUDEO III will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
    - The allegations in the formal complaint of sexual harassment;
    - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
    - The findings of facts supporting the determination;
    - The conclusions about the application of AUDEO III's code of conduct to the facts;
    - The decision and rationale for each allegation;
    - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
    - The procedures and permissible bases for appeals.

The Coordinator is responsible for effective implementation of any remedies ordered by AUDEO III in response to a formal complaint of sexual harassment.

## 6. Right of Appeal

Should the reporting individual find AUDEO III's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of AUDEO III's decision or resolution, submit a written appeal to the ~~Chairperson of the Board~~President of the Charter School Board, who will review the investigation and render a final decision.

- The decision-maker(s) for the appeal will not be the same person(s) as the Coordinator, the investigator or the initial decision-maker(s).
- The complainant and respondent may appeal from a determination regarding responsibility, and from Charter School's dismissal of a formal complaint or any allegations therein, on the following bases:
  - Procedural irregularity that affected the outcome of the matter;
  - New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
  - The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- AUDEO III will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Additionally, Charter School shall observe the following:

- Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of pupils or their family members.
- If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.

such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.

- Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.
- Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

#### *Admissions and Enrollment*

As a charter school, Charter School is open to all students who wish to attend, regardless of residency. Notwithstanding this and where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

*Social Security Information:*

Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment. If no adult household member has a Social Security number, the student still can qualify for free or reduced-price meals, if the family meets the income eligibility requirements.

**Sharing Student and Family Information**

Charter School will avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by the Family Educational Rights and Privacy Act (FERPA). Charter School requires written parental or guardian consent for release of student information unless the information is relevant for a legitimate education interest or includes directory information only.

Neither exception permits disclosing information to immigration authorities for immigration-enforcement purposes; no student information shall be disclosed to immigration authorities for immigration-enforcement purposes without a court order or judicial subpoena. Charter School will permanently keep the consent notice with the record file.

Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

- (a) Notify a designated Charter School official about the information request.
- (b) Provide students and families with appropriate notice and a description of the immigration officer's request.
- (c) Document any verbal or written request for information by immigration authorities.

#### **Responding to the Detention or Deportation of a Student's Family Member**

Charter School shall encourage that families and students have and know their emergency phone numbers and know where to find important documentation, including birth certificates, passports, Social Security cards, doctors' contact information, medication lists, lists of allergies, etc., which will allow them to be prepared in the event that a family member is detained or deported.

Charter School shall permit students and families to update students' emergency contact information as needed throughout the school year, and provide alternative contacts if no parent or guardian is available. Charter School shall ensure that families may include the information of an identified trusted adult guardian as a secondary emergency contact in case a student's parent or guardian is detained. Charter School shall communicate to families that information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose.

In the event a student's parent/guardian has been detained or deported by federal immigration authorities, Charter School shall use the student's emergency card contact information and release the student to the person(s) designated as emergency contacts. Alternatively, Charter School shall release the student into the custody of any individual who presents a Caregiver's Authorization Affidavit on behalf of the student.

Charter School shall only contact Child Protective Services if the [local educational agency] personnel are unsuccessful in arranging for the timely care of the child through the emergency contact information that the school has, a Caregiver's Authorization Affidavit, or other information or instructions conveyed by the parent or guardian.

#### *Family Safety Plan*

To the extent possible, Charter School will facilitate a family's development of a *Family Safety Plan* to be stored at a location known by the student. Such a plan may identify a trusted adult who can care for the student if no parent or guardian can do so. Students should know that the trusted adult is the person who the student should contact if his or her parents and/or guardians are detained or deported, and how to reach the trusted adult.

### **Teacher Qualifications**

Our school focuses on delivering a strong standards-based and personalized educational program. Professional development for teachers, communication with parents, and opportunities for tutoring have always been common practice at the school.

We have a rigorous selection process and we believe our teachers are outstanding. We not only hire teachers who are strong academically, we choose people:

- who will work with both the family and the student,
- who will go above and beyond in helping your child develop workplace skills like responsibility and dependability,
- who will assess your child's strengths and build on them,
- who will provide support for their areas of weakness, and
- who will help your child succeed both personally and academically.

Your child is attending a school receiving Title I federal funds through the Elementary and Secondary Education Act (ESEA). At the beginning of each school year, local educational agencies receiving Title I funds are required to notify parents whose student(s) attend a Title I school that they may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum:

1. Whether the student's teacher:
  - Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
  - Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
  - Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Parents are invited to seek further information on their specific teacher's or paraprofessional's professional qualifications.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**

Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CBO or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CBO or designee shall be made in writing. The period for filing may be extended by the CBO or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The School Coordinator shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Audeo Board of Directors approved the LCAP or the annual update was adopted by the Audeo.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint. A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**

Audeo shall issue an investigation report (the "Decision") based on the evidence. Audeo's decision shall be in writing and sent to the complainant within sixty (60) calendar days of Audeo's receipt unless the timeframe is extended with the written agreement of the complainant. Audeo's Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether Audeo is in compliance with the relevant law.
3. Corrective actions, if Audeo finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal Audeo's decision within thirty (30) calendar days to the CDE, except when Audeo has used its UCP to address complaints that are not subject to the UCP requirements
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

### **Appeals to the California Department of Education**

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with Audeo and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Audeo failed to follow its complaint procedures.
2. Relative to all allegations of the complaint, Audeo's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Audeo's Decision are not supported by substantial evidence.
4. The legal conclusion in Audeo's Decision is inconsistent with the law.
5. In a case in which Audeo's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the CBO or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of the Charter School's complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to Audeo for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

#### **Civil Law Remedies**

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

A copy of the UCP shall be available upon request free of charge on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the Executive Director.
