  - a. Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
  - b. Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
  - c. Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
3. An act of "Cyber sexual bullying" including, but not limited to:
  - a. The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
  - b. "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
4. Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

**Formal Complaint of Sexual Harassment** means a written document filed and signed by a complainant who is participating in or attempting to participate in SSS's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that SSS investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, a complainant must be participating in or attempting to participate in Charter School's education program or activity.

Formatted: Space After: 12 pt, Don't add space between paragraphs of the same style

**Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

### **Bullying and Cyberbullying Prevention Procedures**

SSS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

#### **1. Cyberbullying Prevention Procedures**

SSS advises students:

- a. To never share passwords, personal data, or private photos online.
- b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.

- c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- d. To consider how it would feel receiving such comments before making comments about others online.

SSS informs Charter School employees, students, and parents/guardians of SSS's policies regarding the use of technology in and out of the classroom. SSS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

## 2. Education

SSS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. SSS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at SSS and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

SSS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

SSS informs employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

## 3. Professional Development

SSS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other SSS employees who have regular interaction with students.

SSS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by SSS, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth (“LGBTQ”) and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

SSS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for SSS’s students.

## **Grievance Procedures**

### **1. Scope of Grievance Procedures**

SSS will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;
- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- c. Submitted to the SSS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, SSS will utilize the following grievance procedures in addition to its UCP when applicable.

### **2. Reporting**

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Tim Tuter  
Executive Director  
858-678-2042

ttuter@altussschools.net

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. SSS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Executive Director, [Administrator of Instrucional Services](#), [School Coordinator](#), a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

### **3. Supportive Measures**

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to SSS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or SSS's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. SSS will maintain as confidential

any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of SSS to provide the supportive measures.

#### **4. Investigation and Response**

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of SSS, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
  - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
    - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
    - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
    - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;
    - A statement that SSS prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.
- Emergency Removal
  - SSS may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with SSS's policies.
  - SSS may remove a respondent from SSS education program or activity on an emergency basis, in accordance with SSS's policies, provided that SSS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
  - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
  - If a formal complaint of sexual harassment is filed, SSS may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If SSS offers such a process, it will do the following:

- Provide the parties with advance written notice of:
    - The allegations;
    - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
    - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
    - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
  - Obtain the parties' advance voluntary, written consent to the informal resolution process.
- SSS will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.
- Investigation Process
  - The decision-maker will not be the same person(s) as the Coordinator or the investigator. SSS shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
  - In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
  - The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
  - The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
  - A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
  - Prior to completion of the investigative report, SSS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
  - The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.
- Dismissal of a Formal Complaint of Sexual Harassment
  - If the investigation reveals that the alleged harassment did not occur in SSS's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable SSS policy.
  - SSS may dismiss a formal complaint of sexual harassment if:
    - The complainant provides a written withdrawal of the complaint to the Coordinator;
    - The respondent is no longer employed or enrolled at SSS; or
    - The specific circumstances prevent SSS from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.

- If a formal complaint of sexual harassment or any of the claims therein are dismissed, SSS will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- **Determination of Responsibility**
  - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
  - Determinations will be based on an objective evaluation of all relevant evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness.
  - SSS will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
    - The allegations in the formal complaint of sexual harassment;
    - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
    - The findings of facts supporting the determination;
    - The conclusions about the application of SSS's code of conduct to the facts;
    - The decision and rationale for each allegation;
    - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
    - The procedures and permissible bases for appeals.

Formatted: Normal, Space After: 12 pt

## 5. Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from SSS or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by SSS in response to a formal complaint of sexual harassment.

## 6. Right of Appeal

Should the reporting individual find SSS's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of SSS's decision or resolution, submit a written appeal to the ~~Chairperson of the Board~~President of the Charter School Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and SSS will implement appeal procedures equally for both parties.
- Within five (5) business days of Charter School's written decision or dismissal of the complaint, the complainant or respondent may submit a written appeal to the Coordinator.
- The decision-maker(s) for the appeal will not be the same person(s) as the Coordinator, the investigator or the initial decision-maker(s).
- The complainant and respondent may appeal from a determination regarding responsibility, and from Charter School's dismissal of a formal complaint or any allegations therein, on the following bases:
  - Procedural irregularity that affected the outcome of the matter;
  - New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

- The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Formatted: Normal, Space After: 12 pt

- SSS will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

## 7. Recordkeeping

All records related to any investigation of complaints under this Policy are maintained in a secure location.

SSS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.
- All materials used to train Title IX coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

## ***Educational Equity and Immigration Status Policy***

Board Policy: 1754

Approved: February 16, 2022

Amended: June 22, 2023

The Board of Directors of Audeo Charter School hereby adopts this Educational Equity and Immigration Status Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School, and Sweetwater Secondary School, hereafter collectively referred to as ("Charter School").

Sweetwater Secondary School ("Charter School") recognizes and honors the attainment of education for the betterment of the individual and the community, and is committed to fostering a positive school environment in which students, educators, and staff feel safe, welcomed, supported, and connected.

Charter School will provide a safe, secure, and peaceful learning environment for all students and staff. Charter School defines sensitive or safe locations to include its schools, official activities of its schools, including those occurring in public places and adjacent areas, and all of Charter School property, included but not limited to, facilities owned, controlled by, or leased by Charter School. Where outside contractors or service providers (particularly school resource officers) are regularly present at sensitive or safe locations or have access to student information, Charter School shall seek commitments from those parties not to facilitate immigration enforcement at any of the Charter School's sensitive or safe locations unless required by law.

Information about children's rights to a free education regardless of immigration status or religious beliefs and the Attorney General's *Know Your Rights* handout will be provided to students and parents upon enrollment to Charter School.

All notices provided to parents pursuant to AB 699 shall be language-accessible in compliance with state and federal laws. Enrollment, registration, and uniform complaint procedures information provided on the Charter School website shall be language-accessible in compliance with state and federal laws.

### **Responding to Hate Crimes and Bullying**

Charter School has adopted and publicized a *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy* and provides annual notice of same to families. The Policy expressly prohibits discrimination, harassment, intimidation, and bullying based on the actual or perceived characteristics set forth in Section 422.55 of the Penal Code, including immigration status, and Section 220 of AB 699, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, immigration or citizenship status, religion, religious affiliation, creed, color, citizenship, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, pregnancy, childbirth or related medical conditions, association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance, or regulation. The Policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means. In accordance with the *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy* and its *Uniform Complaint Policy and Procedures*, Charter School will promptly and thoroughly investigate any complaint of unlawful harassment, discrimination, intimidation, or bullying that constitute a hate crime or are otherwise based on actual or perceived characteristics listed above, and take appropriate corrective action, if warranted.

Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other. Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived religion, immigration status, or citizenship) and about the negative impact of bullying other students based on these protected characteristics.

Charter School shall train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above.

Charter School shall inform students who are victims of hate crimes of their right to report such crimes.

Complete copies of the *Uniform Complaint Policy and Procedures* and the *Title IX, Harassment, Discrimination, Intimidation, and Bullying Policy* are available for review at the administration office.

### **Gathering and Managing Student and Family Information**

School has adopted an *Educational Records and Student Information Policy* to apply to all educational records and student information maintained by Charter School and provides annual notice of same to all families. Appropriate personnel shall receive training regarding those policies and procedures.

Additionally, Charter School shall observe the following:

- Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of pupils or their family members.
- If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.
- If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.
- Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.
- Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

### *Admissions and Enrollment*

As a charter school, Charter School is open to all students who wish to attend, regardless of residency. Notwithstanding this and where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

Charter School will accept the following list of documents as reasonable evidence of residency:

- Property tax payment receipts

- Rental property contract, lease, or payment receipts
- Utility service contract, statements, or payment receipts
- Pay stubs
- Voter registration
- Correspondence from a government agency
- Declaration of residency executed by the parent or legal guardian of the student
- Note: documents, information, or proof relating to citizenship or immigration status of students will never be requested for the enrollment process.

However, please note: (1) that parents and guardians are not required to provide each and every document listed and that (2) in accordance with the McKinney-Vento Homeless Assistance Act, Charter School will immediately enroll a homeless child or youth even if he or she is unable to provide proof of residency or age or other documentation normally required for enrollment.

Charter School will accept the following list of documents as reasonable evidence of age:

- Certified copy of birth record
- Statement by the local registrar or county recorder certifying date of birth
- Baptism certificate
- Passport
- When none of the foregoing is obtainable, an affidavit of the parent, guardian, or custodian, or any other appropriate means of proving the child's age.

Documents, information, or proof relating to citizenship or immigration status of students will never be requested for the enrollment process. Where any law requires submission of national origin related information to satisfy the requirements of a special program, Charter School personnel will solicit that documentation or information separately from the enrollment process.

*Social Security Information:*

Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment. If no adult household member has a Social Security number, the student still can qualify for free or reduced-price meals, if the family meets the income eligibility requirements.

**Sharing Student and Family Information**

Charter School will avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by the Family Educational Rights and Privacy Act (FERPA). Charter School requires written parental or guardian consent for release of

student information unless the information is relevant for a legitimate education interest or includes directory information only.

Neither exception permits disclosing information to immigration authorities for immigration-enforcement purposes; no student information shall be disclosed to immigration authorities for immigration-enforcement purposes without a court order or judicial subpoena. A copy of the complete *Education Records and Student Information Policy* is available for review in the administration office.

Charter School's request for written parental or guardian consent for release of student information must include:

- (a) The signature and date of the parent, guardian, or eligible student providing consent;
- (b) A description of the records to be disclosed;
- (c) The reason for the release of information;
- (d) The parties or class of parties receiving the information; and
- (e) If requested by the parents, guardians, or eligible student, a copy of the records to be released.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, Charter School shall not release the information. Charter School will permanently keep the consent notice with the record file.

Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

- (a) Notify a designated Charter School official about the information request.
- (b) Provide students and families with appropriate notice and a description of the immigration officer's request.
- (c) Document any verbal or written request for information by immigration authorities.
- (d) Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order. Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the local educational agency prohibits disclosure, Charter School shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

### **Responding to Immigration Enforcement on Campus**

No visitor – which include immigration-enforcement officers – shall enter or remain on school grounds of the Charter School during school hours without having registered with the principal or designee. If there are no exigent circumstances necessitating immediate action, and if the

immigration officer does not possess a judicial warrant or court order that provides a basis for the visit, the officer must provide the following information to the principal or designee:

1. Name, address, and occupation;
2. Age, if less than 21;
3. Purpose of entering school grounds;
4. Proof of identity; and
5. Any other information as required by law

Charter School requires that any visitor, including immigration enforcement officers, must not interrupt students and faculty during class time for immigration enforcement or other purposes, and must instead wait until a designated break period prior to or following a class period to carry out their judicial warrant or court order. A complete copy of the Charter School *Visitor and Volunteer Policy* is available for review in the administration office.

Charter School has posted signs at the entrance of its school grounds to notify outsiders of the hours and requirements for registration.

#### *Procedures for Responding to On-Campus Immigration Enforcement*

As early as possible, Charter School personnel will notify the Superintendent or designated administrator of any request by an immigration-enforcement officer for student access or access to school grounds for purposes related to immigration enforcement, or any requests for review of school documents (including for the services of lawful subpoenas, petitions, complaints, warrants, etc.

In addition, Charter School personnel will take the following steps in response to an officer present on the school campus specifically for immigration-enforcement purposes:

1. Advise the ~~officer offer~~ that before proceeding with his or her request, and absent exigent circumstances, school personnel must first receive notification and direction from the Executive Director.
2. Ask to see, and make a copy of or note, the officer's credentials (name and badge number). Also ask for and copy or note the phone number of the officer's supervisor.
3. Ask the officer his/her reason for being on school grounds and document it.
4. Ask the officer to ~~produce product an~~ documentation that authorizes school access.
5. Make a copy of all documents provided by the officer. Retain one copy of the documents for the school records.
6. If officer declares that exigent circumstances exist and demands immediate access to the campus, Charter School personnel should comply with the officer's orders and immediately contact the Executive Director.
7. If the officer does not declare that exigent circumstances exist, respond according to the requirements of the officer's documentation. If the immigration-enforcement officer has:

- a. An ICE warrant, Charter School personnel shall inform the agent that he or she cannot consent to ~~any~~ request without first consulting with the Charter School's counsel or other designated agency official
  - b. A federal judicial warrant, such as a search-and-seizure warrant or an arrest warrant; prompt compliance is usually legally required. If feasible, consult with the Charter School's legal counsel or designated administrator before providing the agent access to the person or materials specified in the warrant
  - c. Subpoena for production of documents or other evidence
    - i. Immediate compliance is not required. Therefore, Charter School personnel shall inform the Charter School's legal counsel or other designated official of the subpoena, and await further instructions on how to proceed
8. While Charter School personnel should not consent to access by an immigration-enforcement officer, except as described below, he/she should not attempt to physically impede the officer, even if the officer appears to be exceeding authorization given under a warrant or document. If an officer enters the premises without consent, Charter School personnel shall document his or her actions while on campus
9. After the encounter with the officer, the Charter School shall promptly take written notes of all interactions with the officer. The notes shall include the following items:
- a. List or copy of the officer's credentials and contact information;
  - b. Identity of all school personnel who communicated with the officer;
  - c. Details of the officer's request;
  - d. Whether the officer presented a warrant or subpoena to accompany his/her request, what was requested in the warrant/subpoena, and whether the warrant/subpoena was signed by a judge;
  - e. Charter School personnel's response to the officer's request;
  - f. Any further action taken by the agent; and
  - g. Photo or copy of any documents presented by the agent
10. Charter School personnel shall provide a copy of those note, and associated documents collected from the officer, to the Charter School's legal counsel or other designated agency official.
11. In turn, Charter School's legal counsel or other designated official] shall submit a timely report to the Charter School Board of Directors regarding the officer's requests and actions and Charter School's response(s).
12. E-mail the Charter School Board of Directors and Bureau of Children's Justice in the California Department of Justice, at [BCJ@doj.ca.gov](mailto:BCJ@doj.ca.gov), regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes
- Charter School personnel shall immediately notify the student's parents or guardians if a law-enforcement officer requests or gains access to a student for immigration-enforcement purposes,

unless such access was in compliance with a judicial warrant or subpoena that restricts the disclosure of the information to the parent or guardian.

Charter School personnel shall receive consent from the student's parent or guardian before a student can be interviewed or searched by any officer seeking to enforce the civil immigration laws at the school, unless the officer presents a valid, effective warrant signed by a judge, or presents a valid, effective court order.

### **Responding to the Detention or Deportation of a Student's Family Member**

Charter School shall encourage that families and students have and know their emergency phone numbers and know where to find important documentation, including birth certificates, passports, Social Security cards, doctors' contact information, medication lists, lists of allergies, etc., which will allow them to be prepared in the event that a family member is detained or deported.

Charter School shall permit students and families to update students' emergency contact information as needed throughout the school year, and provide alternative contacts if no parent or guardian is available. Charter School shall ensure that families may include the information of an identified trusted adult guardian as a secondary emergency contact in case a student's parent or guardian is detained. Charter School shall communicate to families that information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose.

In the event a student's parent/guardian has been detained or deported by federal immigration authorities, Charter School shall use the student's emergency card contact information and release the student to the person(s) designated as emergency contacts. Alternatively, Charter School shall release the student into the custody of any individual who presents a Caregiver's Authorization Affidavit on behalf of the student.

Charter School shall only contact Child Protective Services if the [local educational agency] personnel are unsuccessful in arranging for the timely care of the child through the emergency contact information that the school has, a Caregiver's Authorization Affidavit, or other information or instructions conveyed by the parent or guardian.

### *Family Safety Plan*

To the extent possible, Charter School will facilitate a family's development of a *Family Safety Plan* to be stored at a location known by the student. Such a plans may identify a trusted adult who can care for the student if no parent or guardian can do so. Students should know that the trusted adult is the

person who the student should contact if his or her parents and/or guardians are detained or deported, and how to reach the trusted adult.

#### *Additional Resources*

In the event that a student's family member is detained, Charter School may refer the student and his or her family members to other resources, including, but not limited to:

- (1) ICE Detainee Locator
  - (<https://locator.ice.gov/odls/homePage.do>)
- (2) Legal Assistance
  - There are several legal aid organizations that may be able to provide legal assistance to secure the release of a student's detained parent, or to help arrange for the student to visit the parent
  - A list of California organizations accredited by Board of Immigration Appeals (BIA) to represent immigrants before the Department of Homeland Security (DHS) and Executive Office of Immigration Review (EOIR)
- (3) Consulate or Embassy.
  - The consulate or embassy of the parent's or guardian's country of origin may be able to offer additional information and assistance

Charter School will also ensure that the attorneys who they refer students to are licensed and in good standing with the State bar of California, by checking online at <http://www.calbar.ca.gov/Attorneys>

### ***Student Freedom of Speech and Expression Policy***

[Board Policy: 3175](#)

[Approved: February 22, 2011](#)

[Amended: February 22, 2018, February 16, 2022, June 22, 2023](#)

*Sweetwater Secondary School ("Charter School") respects students' rights to express ideas and opinions, take stands, and support causes, whether controversial or not, through their speech, writing, printed materials, including the right of expression in official publications, and/or the wearing of buttons, badges and other insignia.*

#### **Definitions**

1. "*Obscenity*": when the (1) average person applying current community standards finds the work as a whole appeals to the prurient interest, (2) the work is patently offensive, and (3) the work lacks serious literary, artistic, political, or scientific value. Examples include pornography or sexually explicit material.

2. *"Defamation"*: Libel (written defamation) and Slander (oral defamation), which includes but is not limited to inaccurately attributing a statement to another, either on purpose for public officials (which includes Charter School staff) or by mistake for private officials, that mischaracterizes the statement.
3. *"Discriminatory Material"*: material that demeans a person or group because of the person/group's disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation that has the purpose of humiliating, offending, or provoking a person/group.
4. *"Harassment (including sexual harassment), Intimidation and/or Bullying"*: severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute sexual harassment, hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following: (1) placing a reasonable student or students in fear of harm to that student's or those students' person or property, (2) causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health, (3) causing a reasonable student to experience a substantial interference with his or her academic performance, (4) causing a reasonable student to experience a substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
5. *"Fighting Words"*: words likely to cause (1) the average person to fight or (2) the creation of a clear and present danger of violence, unlawful acts in violation of lawful school regulations, or the substantial disruption of school.
6. *"Vulgarity and/or Profanity"*: the continual use of curse words by a student, even after warning.
7. *"Violating Privacy"*: publicizing or distributing confidential or private material without permission.

#### *On-Resource Center Expression*

Student free speech rights include, but are not limited to, the use of bulletin boards, the distribution of printed materials or petitions, the wearing of buttons, badges, and other insignia, and the right of expression in official publications, whether or not the publications or other means of expression are supported financially by the school or by use of school facilities. Student expression on the Charter School website and online media shall generally be afforded the same protections as print media within the Policy.

Student freedom of expression shall be limited only as allowed by state and federal law in order to maintain an orderly school environment and to protect the rights, health, and safety of all members of the school community. Unprotected Expression includes the following: obscenity; defamation; discriminatory material; harassment (including sexual harassment), intimidation and/or bullying; fighting words; vulgarity and/or profanity; or violating privacy as defined above. Also prohibited shall be material that incites a clear and present danger of the commission of unlawful acts on resource center premises or the violation of lawful school regulations or the substantial disruption of the orderly operation of the Charter School.

#### A. Distribution of Circulars, Un-Official Newspapers, and Other Printed Matter

Free inquiry and exchange of ideas are essential parts of a democratic education. Students shall be allowed to distribute circulars, leaflets, newspapers, and pictorial or other printed matter, and to circulate petitions, subject to the following specific limitations:

1. Leaflets, pictorial and other printed matter to be distributed shall be submitted to the Executive Director or designee at least one (1) school day prior to distribution. The Executive Director or designee shall review material submitted in a reasonable amount of time and shall allow the approved material to be distributed according to the time and manner established by this Policy. ~~The Charter School Executive Director or designee shall notify student(s) if distribution will be granted or denied (and if denied, why distribution is not in compliance with this Policy). Any student may appeal the decision of the Executive Director or designee to the Board who shall render a decision within a reasonable period of time after receipt of the appeal. The appeal by the student must be made within five (5) school days from the time the unsatisfactory decision was rendered.~~
2. Distribution, free or for a fee, may take place before school, after school, and/or during lunch provided there is no substantial disruption in the school programs (as determined by the Executive Director, . Distribution may not occur during instructional time and should not occur in locations that disrupt the normal flow of traffic within the school or at site entrances.
3. The manner of distribution shall be such that coercion is not used to induce students to accept the printed matter or to sign petitions.
4. The solicitation of signatures must not take place in school offices, nor be substantially disruptive to resource center activities (as determined by the School Coordinator or the school's administrator, including but not limited to tutoring and group study.

#### B. Official School Publications

As a small independent student learning environment, the Charter School does not currently have school publications. Should the Charter School begin utilizing a pupil-operated publication in the future, Student editors of official school publications shall be responsible for assigning and editing the news, editorial, and feature content of their publications subject to the limitations of this Policy. However, it shall be the responsibility of the journalism staff adviser(s) of student publications to supervise the production of the student staff, to maintain professional standards of English and journalism, and to maintain the provisions of this Policy.<sup>2</sup> The journalism staff adviser(s) shall help the student editors judge the literary value, newsworthiness and propriety of materials submitted for publication.

There shall be no prior restraint of material prepared for official school publications except insofar as it violates this Policy. Charter School officials shall have the burden of showing justification without undue delay prior to a limitation of student expression under this Policy. If the journalism staff adviser(s) consider material submitted for publication to violate this Policy, he or she will notify the student without undue delay and give specific reasons why the submitted material may not be published. The student should be given the opportunity to modify the material or appeal the decision of the journalism staff adviser to the Executive Director.

#### C. Buttons, Badges, and Other Insignia of Symbolic Expression

<sup>2</sup> "Official school publications" refers to material produced by students in the journalism, newspaper, yearbook, or writing classes and distributed to the student body either free or for a fee.

Students shall be permitted to wear buttons, badges, armbands, and other insignia as a form of expression, subject to the prohibitions enumerated in this Policy.

#### D. Use of Bulletin Boards

Students will be provided with bulletin boards, upon request and subject to availability, for use in posting student materials in resource center locations convenient to student use. Posted material must be in compliance with other sections of this Policy, particularly regarding the distribution of materials and prohibited speech. Students may not post or distribute materials regarding the meetings of non-curricular student-initiated groups.

#### E. Organized Demonstrations

Students have the right to lawful organized resource center demonstrations, subject to the provisions of this Policy and applicable law. Demonstrations that incite students to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or demonstrations that substantially disrupt the orderly operation of the school are prohibited.

No organized demonstrations by school groups may take place off-site during school hours unless sanctioned by school authorities and supervised by a designated school authority. No individual student may demonstrate in the name of the Charter School or as an official school group at any time unless authorized by the Charter School to participate in the activity.

No student may participate in an organized demonstration that occurs during the hours of mandatory school attendance unless sanctioned by the Charter School and supervised by a designated Charter School employee. Missing school to attend an organized demonstration is not an excused absence. The Charter School will follow its Attendance Policy when determining consequences for students which may include but are not limited to detention, a low grade for a missed test, or receiving a truancy letter. The Charter School will follow its Suspension and Expulsion Policy when determining consequences for students if Charter School policy is violated.

#### F. Student Speeches

If a student is selected to speak at a Charter School sponsored event, including but not limited to graduation or school events, Charter School has the right to review the pre-prepared speech to ensure that unprotected speech is not included. If unprotected speech is included, the student will be given the opportunity to revise the speech or deliver a modified speech. If not revised or removed, the student will not be permitted to speak at the Charter School sponsored event.

#### *Off- Site Expression*

Off-site student expression, including but not limited to student expression on offsite internet web sites not accessed from the resource centers, is generally constitutionally protected but shall be subject to discipline when there is sufficient nexus between the speech and the school. ~~such expression poses a threat to the safety of other students, staff, or Charter School property, or substantially disrupts the educational program.~~

#### Relevant considerations include:

1. The degree and likelihood of harm to the Charter School (staff, students, volunteers, and/or property) caused or augured by the expression.

2. Whether it is reasonably foreseeable that the expression would reach and impact the Charter School, and
3. The relation between the content and/or context of the expression and the Charter School. There is always a sufficient nexus between the expression and the Charter School when the Charter School reasonably concludes that it faces a credible, identifiable threat of school violence.

The Charter School Executive Director or designee shall document the impact the expression had or could be expected to have on the educational program. Off-site expression that results in the material disruption of classwork or involves substantial disorder or invasion of the rights of others may be subject to discipline.

Off-site expression may result in discipline if the expression involves but is not limited to:

- a. Serious or severe bullying or harassment targeting particular individuals;
- b. Threats aimed at teachers or other students;
- c. The failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities; or
- d. Breaches of school security devices.

### **Enforcement**

1. Upon learning that students are considering actions in the areas covered by this Policy they will be informed of the possible consequences of their action under each specific circumstance. The Executive Director shall ensure that due process is followed when resolving disputes regarding student freedom of expression.
2. This Policy does not prohibit or prevent the Charter School Governing Board from adopting otherwise valid rules and regulations relating to oral communications by students upon the resource center premises.
3. No Charter School employee shall be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against solely for acting to protect a student engaged in the conduct authorized under this Policy, or refusing to infringe upon conduct that is authorized under this Policy, the First Amendment to the United States Constitution, or Section 2 of Article I of the California Constitution.
4. Charter School shall not make or enforce a rule subjecting a student to disciplinary sanctions solely on the basis of conduct that is speech or other communication that, when engaged in outside of a resource center, is protected from governmental restriction by the First Amendment to the United States Constitution or Section 2 of Article I of the California Constitution.

### **Complaints and Appeals**

The following procedures shall be used to address general disputes regarding student freedom of speech and expression:

1. The student and faculty member shall first attempt to resolve the problem internally.
2. If the student and faculty member are unable to resolve the dispute, the student and/or faculty member may bring the matter to the Charter School Executive Director or designee, who shall hear both sides and strive to resolve the dispute as quickly as possible.

3. Any student or faculty member may appeal the decision of the Charter School Executive Director or designee to the Board who shall render a decision within a reasonable period of time after receipt of the appeal. The appeal by the student must be made within five (5) school days from the time the unsatisfactory decision was rendered.

A student who feels their freedom of expression was unconstitutionally limited and/or limited on the basis of discrimination may file a complaint by contacting the Charter School's Executive Director.

\*\*\*\*

### **Teacher Qualifications**

Our school focuses on delivering a strong standards-based and personalized educational program. Professional development for teachers, communication with parents, and opportunities for tutoring have always been common practice at the school.

We have a rigorous selection process and we believe our teachers are outstanding. We not only hire teachers who are strong academically, we choose people:

- who will work with both the family and the student,
- who will go above and beyond in helping your child develop workplace skills like responsibility and dependability,
- who will assess your child's strengths and build on them,
- who will provide support for their areas of weakness, and
- who will help your child succeed both personally and academically.

Your child is attending a school receiving Title I federal funds through the Elementary and Secondary Education Act (ESEA). At the beginning of each school year, local educational agencies receiving Title I funds are required to notify parents whose student(s) attend a Title I school that they may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum:

1. Whether the student's teacher:
  - Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
  - Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
  - Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Parents are invited to seek further information on their specific teacher's or paraprofessional's professional qualifications.

### **Communication**

SSS seeks to convey the most current, accurate information possible to our parents and students. This includes the use of surveys and periodic ~~Parent Square~~ ~~AlertNow~~ automated messages to your contact numbers. These messages will contain timely, important information. In addition, please "Like" our Facebook page ([www.facebook.com/Altus4U](http://www.facebook.com/Altus4U)) to keep up-to-date on all SSS information.

As we encourage our students to succeed and be accountable for their work, we expect the same for our organization and our employees. If you have suggestions, ideas, or concerns, please feel free to discuss it with your student's teacher.

### **Uniform Complaint Policy and Procedures ("UCP")**

Board Policy #: 1500

Adopted/Ratified: May 5, 2009

Amended Dates: June 29, 2015; March 10, 2016; August 26, 2020; March 1, 2023

The Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, and Sweetwater Secondary School ("Audeo" or "Charter School") board policy is to comply with applicable federal and state laws and regulations. The Charter School is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

#### **Scope**

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

- (1) Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group, on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any Charter School program or activity.
- (2) Complaints alleging a violation of state or federal law or regulation governing the following programs:
  - Accommodations for Pregnant, Parenting or Lactating Students;
  - Adult Education;
  - Career Technical and Technical Education;
  - Career Technical and Technical Training;
  - Child Care and Development Programs;
  - Consolidated Categorical Aid;
  - Education of Students in Foster Care, Students who are Homeless, former Juvenile Court Students now enrolled in a public schools, Migratory Children and Children of Military Families;
  - Every Student Succeeds Act;
  - Migrant Education Programs;
  - Regional Occupational Centers and Programs, and
  - School Safety Plans.

- (3) Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
- a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.
  - b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:
    - i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.
    - ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.
    - iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.
  - c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 – 52077, including an allegation of a violation of Education Code sections 47605.5 or 47607.3, as referenced in Education Code Section 52075, regarding local control and accountability plans.
  - d. If the Charter School finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, Audeo shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by the Charter School to ensure full reimbursement to all affected students, parents/guardians, subject to procedures established through regulations adopted by the state board.
  - e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or, Audeo, and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.
- (4) Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable.
- (5) If Audeo adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49190-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.

Audeo acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) the confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. Charter School cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, the Charter School will attempt to do so as appropriate. Charter School may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or proceedings, as determined by the Chief Business Officer ("CBO") or designee on a case-by-case basis. Audeo shall ensure that complainants are protected from retaliation.

#### **Compliance Officers**

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure the Charter School's compliance with law:

Lynne H. Alipio  
 Chief Business Officer and CFO  
 10170 Huennekens Street  
 San Diego, CA 92121  
 (858) 678-2048

The CBO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CBO or designee.

Should a complaint be filed against the CBO, the compliance officer for that case shall be the Chairperson of the Charter School Board of Directors.

#### **Notifications**

The CBO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy may be available on Audeo's website. Audeo shall annually provide written notification of the Charter School's uniform complaint procedures to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary, under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in the Charter School speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that Audeo is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that Audeo is operating pursuant to Title 22 licensing requirements.
3. A statement that Audeo is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal the Charter School's decision to the CDE by filing a written appeal within thirty (30) calendar days of Audeo's decision, except if Audeo has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals Audeo's decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.
9. A statement that if Audeo finds merit in a UCP complaint, or the CDE finds merit in an appeal, Audeo shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code §section 262.3.
11. A statement that copies of Audeo's UCP shall be available free of charge.

### Procedures

The following procedures shall be used to address all complaints, which allege that the Charter School has violated federal or state laws or regulations enumerated in the section "Scope", above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**

Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or

bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CBO or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CBO or designee shall be made in writing. The period for filing may be extended by the CBO or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The School Coordinator shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Audeo Board of Directors approved the LCAP or the annual update was adopted by the Audeo.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint. A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the

complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**

Audeo shall issue an investigation report (the "Decision") based on the evidence. Audeo's decision shall be in writing and sent to the complainant within sixty (60) calendar days of Audeo's receipt unless the timeframe is extended with the written agreement of the complainant. Audeo's Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether Audeo is in compliance with the relevant law.
3. Corrective actions, if Audeo finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal Audeo's decision within thirty (30) calendar days to the CDE, except when Audeo has used its UCP to address complaints that are not subject to the UCP requirements
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

### **Appeals to the California Department of Education**

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with Audeo and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Audeo failed to follow its complaint procedures.
2. Relative to all allegations of the complaint, Audeo's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Audeo's Decision are not supported by substantial evidence.
4. The legal conclusion in Audeo's Decision is inconsistent with the law.

5. In a case in which Audeo's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the CBO or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of the Charter School's complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to Audeo for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

### **Civil Law Remedies**

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies.

The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

**Commented [AA3]:** Replace with clean copy of Audeo Corp policy 1500 amended on 3/1/23

A copy of the UCP shall be available upon request free of charge on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the Executive Director.

## **Student Fees Policy**

Board Policy: 1550

Approved: September 11, 2014

Amended: February 16, 2022, June 22, 2023

This student fees policy has been adopted by the Board of Directors of Audeo Charter School Corp. Inc. to apply to Audeo II, Audeo III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School, and Sweetwater Secondary School, all hereafter collectively referred to as "Charter School." This student fees policy has been adopted by the Board of Directors. This Policy is adopted in compliance with the provisions of Article IX, section 5 of the California Constitution, and Assembly Bill 1575 ("AB 1575") (effective January 1, 2013), which prohibit the charging of any student fees for participation in an educational activity at a public school. This Policy applies to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, and Sweetwater Secondary School ("Audeo" or "Charter School").

### **General Statement of Policy**

No student enrolled in Charter School shall be required to pay a student fee for participation in Charter School 's educational activity unless specifically authorized by law.

#### **I. Definitions**

"Educational activity" means any activity offered by the Charter School that constitutes an integral fundamental part of a student's education, including, but not limited to, curricular and extracurricular activities.

"Pupil fee" means a fee, deposit, or other charge imposed on students, or a student's parents or guardians, in violation of Section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers. Pursuant to Education Code section 49010, prohibited student fees include, but are not limited to, the following:

- (a) fees charged as a condition for registering for school or classes, or as a condition for participation in a class or any extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit;
- (b) a security deposit, or other payment, that a student is required to make to obtain a book, class apparatus, laptop, I-Pad, e-reader or other materials or equipment;
- (c) purchase that a pupil is required to make to obtain materials, supplies,

equipment, or uniforms associated with an educational activity.

## **II. Policy Against Unlawful Pupil Fees**

1. All supplies, materials, and equipment needed for students to participate in the Charter School's educational activities shall be provided to students by the school free of charge.
2. Charter School does not use a fee waiver policy to make any student fee permissible.
3. Charter School does not have a "two-tier" educational system. Students who purchase additional supplies not provided free-of-charge by Charter School, or students who make voluntary donations to the Charter School's programs and activities, are not provided a higher educational standard than students who do not.
4. Charter School does not offer course credit or privileges related to educational activities in exchange for money or donations of goods or services from a student, and Charter School does not remove course credit or privileges related to educational activities, or otherwise discriminate against any student who does not or will not provide money or donations of goods or services to the school.
5. No fees shall be charged for inter district transfers, tuition or diplomas, mandatory caps and gowns, or admissions charges, whether for instruction or extracurricular, if part of the educational program. A cap and gown will be provided free of charge by the Charter School to graduating students and must be returned to the Charter School after the Graduation ceremony. Charter School may solicit voluntary donations of funds from students and parents of students to help cover the cost of cap and gown, but all students are provided access to a cap and gown, regardless of student or parent donation. Alternatively, students have the option to purchase their own cap and gown, which does not need to be returned to Charter School after the graduation ceremony.

## **III. Lawful Fees**

These prohibitions shall not be interpreted to prohibit the imposition of a fee, deposit, or other charge otherwise allowed by law. (Education Code § 49011(e).) These include the following:

1. Charter School Reasonable fees [up to an amount not to exceed \$10,000] for the replacement of lost, damaged or unreturned school supplies, such as school ID cards, library books, laptops, iPads, e-readers, or library late return fees.
2. Fees for field trips and excursions in connection with courses of instruction or school related social, educational, cultural, as long as no student is prevented from making the field trip or excursion because of lack of sufficient funds. Charter School may solicit voluntary donations of funds or services from students and parents of students to help fund the field trips that are part of the curriculum, but all students may participate regardless of student or parent donation.

3. Fees for optional attendance as a spectator at a school sponsored activity
4. Charges for food served to students, subject to free and reduced price meal program eligibility and other restrictions specified in law.
5. Charges for medical or hospital insurance for field trips that is made available by the Charter School.
6. Fees for outdoor science school camp programs or cadet corps program, so long as no student is denied the opportunity to participate because of nonpayment of the fee.
7. Reimbursement for the direct cost of materials provided to a student for property the student has fabricated from such materials for his/her own possession and use, such as wood shop, art, or CTE projects kept by the student.
8. Reimbursement for the actual cost of duplicating public records, student records, or a prospectus of the school curriculum. (Government Code § 6253; Education Code § 49091.14). There are two exceptions: First, no charge shall be made for furnishing up to two transcripts of former pupils' records or up to two verifications of various records of former pupils. (Education Code § 49065.) Second, if the cost would effectively prevent the parent of a special education pupil from exercising the right to receive copies of pupil records, the copies shall be reproduced at no cost.
9. Fees for transportation to and from school, and transportation between school and regional occupational centers, programs or classes, as long as the fee does not exceed the statewide average nonsubsidized cost per student and provided there is a waiver provision based on financial need.
10. Fees for transportation of pupils to places of summer employment.
11. Tuition fees charged to pupils whose parents are actual and legal residents of an adjacent foreign country or an adjacent state.
12. Tuition fees collected from foreign students attending Charter School pursuant to an F-1 visa, equal to the full unsubsidized per capita cost of providing education during the period of attendance.
13. Fees for an optional fingerprinting program for kindergarten or other newly enrolled students, if the fee does not exceed the actual costs associated with the program.
14. Fees for community classes in civic, vocational, literacy, health, homemaking, and technical and general education, not to exceed the cost of maintaining the community classes.

15. Charges for eye safety devices for a student to keep, at a price not to exceed the school's actual costs, so long as the school provides them free for use in specified courses or activities in which students are engaged in, or are observing, an activity or the use of hazardous substances likely to cause injury to the eyes.
16. Fees for Advanced Placement and International Baccalaureate Diploma examinations for college credit, so long as (1) taking the exam is not a course requirement and (2) the exam results have no impact on a pupil's grade or credit in a course. An LEA may fund all or part of the cost of the AP test fee for an economically disadvantaged high school pupil or the IB test fee for a low- or middle-income pupil.
17. Fees for After School Education and Safety Programs, so long as no eligible student is denied the ability to participate because of an inability to pay the fee.

Fees for childcare and development services, except that no fees shall be assessed to students enrolled in the program for severely disabled children as stated in Education Code § 8250(d) or families receiving CalWORKS cash aid. Fees for state preschool, except that no family fees shall be assessed to students placed in state preschool by an IEP or families receiving CalWORKS cash aid. (Education Code §§ 8239, 8259(d)(3), 8263(g), (h), 8265, 8447(g), 5600.) Fees for supervision of children before and after school, except that no child who desires to participate shall be denied the opportunity to participate because of inability to pay the fee. (Education Code §§ 8487 and 8488.)

#### **IV. Voluntary Contributions**

Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or Charter School and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Pupils, parents, and guardians are still encouraged (though not required) to make voluntary contributions or donations of time, money, or property and to participate in fund raising activities. Pupils may be encouraged to participate in fundraising activities through prizes or other recognition for voluntary participation.

#### **V. Notice**

Students and parents of students will be provided a copy of this policy at the start of each school year as part of Charter School 's Student and Parent Handbook.

#### **VI. Complaint and Remedy Procedures**

Students, parents or guardians who believe they are being charged an impermissible pupil fee should contact the Executive Director or designee, or file a complaint pursuant to pursuant to

Charter School's Uniform Complaint Procedures Policy ("UCP") set forth in Student and Parent Handbook. As outlined in the UCP, complaints related to school fees may be made anonymously. Pupil fee complaints shall be filed not later than one year from the date the alleged violation occurred.

In the event Charter School finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, Charter School shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by Charter School to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board. Under 5 CCR § 4600(u), "reasonable efforts" means a public school's good faith attempts to identify and fully reimburse all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint, as follows:

- (1) Reasonable efforts to identify pupils who paid a pupil fee include but are not limited to researching existing school records, contacting pupils who were enrolled in or participating in the educational activity during the time the pupil fee was charged, and considering submissions of proof of payment of the pupil fee.
- (2) Reasonable efforts to fully reimburse all pupils, parents and guardians who paid a pupil fee include but are not limited to crediting the pupil's school financial account and sending reimbursement by first class mail to the pupil's last known primary address as contained in school or local educational agency records. If the school has knowledge that a pupil's last known address as contained in school or local educational agency records is no longer valid, the school may attempt to obtain a more recent address from any notices returned to the school or local educational agency by the United States Postal Service.

### ***Suicide Prevention Policy***

[Board Policy: 3191](#)

[Approved: June 22, 2017](#)

[Amended: October 21, 2020, March 18, 2022, June 22, 2023](#)

[The Board of Directors of Audeo Charter School, Inc. hereby adopts this Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School and Sweetwater Secondary School \("Charter School"\).](#)

[The Governing Board of Sweetwater Secondary School \("Charter School"\)](#) ~~The Board~~ recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to

attempt to reduce suicidal behavior and its impact on students and families, the Governing Board has developed prevention strategies and intervention procedures.

In compliance with Education Code section 215, this policy has been developed in consultation with Charter School and community stakeholders, Charter School school-employed mental health professionals (e.g., school counselors, psychologists, social workers, nurses), administrators, other school staff members, parents/guardians/caregivers, students, local health agencies and professionals, the county mental health plan, law enforcement, and community organizations in planning, implementing, and evaluating Charter School's strategies for suicide prevention and intervention. Charter School must work in conjunction with local government agencies, community-based organizations, and other community supports to identify additional resources.

~~The policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts and shall, at a minimum, address procedures relating to suicide prevention, intervention, and post-vention.~~

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, the Charter School shall appoint an individual (or team) to serve as the suicide prevention point of contact. The suicide prevention point of contact for Charter School and the Executive Director shall ensure proper coordination and consultation with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. This policy shall be reviewed and revised as indicated, at least annually in conjunction with the previously mentioned community stakeholders.

### **Suicide Prevention Crisis Team**

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, Charter School created an in-house Suicide Prevention Crisis Team ("SPCT") consisting of administrators, mental health professionals, relevant staff, parents, and middle and high school students.

Charter School designates the following administrators to act as the primary and secondary suicide prevention liaisons to lead the SPCT:

1. School Psychologist
2. Executive Director

The functions of the SPCT are to:

- Review mental health related school policies and procedures;
- Provide annual updates on school and district data and trends;
- Review and revise school prevention policies;
- Review and select general and specialized mental health and suicide prevention training;

- Review and oversee staff, parent/guardian, and student trainings;
- Ensuring the suicide prevention policy, protocols, and resources are posted on the district and school websites;
- Collaborate with community mental health organizations,
- Identify resources and agencies that provide evidence-based or evidence-informed treatment,
- Help inform and build skills among law enforcement and other relevant partners, and
- Collaborate to build community response.

### **Staff Development**

Charter School, along with its partners, has carefully reviewed available staff training to ensure it promotes the mental health model of suicide prevention and does not encourage the use of the stress model to explain suicide.

Training shall be provided for all school staff members. It may also be provided, when appropriate, for other adults on campus (such as substitutes and intermittent staff, volunteers, interns, tutors, coaches, and afterschool staff). Training shall include the following:

1. All suicide prevention trainings shall be offered under the direction of mental health professionals (e.g., school counselors, school psychologists, healthy youth school therapist, other public entity professionals, such as psychologists or social workers) who have received advanced training specific to suicide. Charter School has collaborated with [Insert Names of One Or More County and/or Community Mental Health Agencies] to review the training materials and content to ensure it is evidence-based, evidence-informed, and aligned with best practices.
2. Staff training may be adjusted year-to-year based on previous professional development activities and emerging best practices.
3. Charter School shall ensure that training is available for new hires during the school year.
4. At least annually, all staff shall receive training on the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.
5. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk factors and warning signs, prevention, intervention, referral, and postvention) at the beginning of their employment or annually. Core components of the general suicide prevention training shall include:
  - a. Suicide risk factors, warning signs, and protective factors.
  - b. How to talk with a student about thoughts of suicide.
  - c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and an immediate referral for a suicide risk assessment.

- d. Emphasis on immediately referring (same day) any student who is identified to be at risk of suicide for assessment while staying under constant monitoring by staff member.
  - e. Emphasis on reducing stigma associated with mental illness and that early prevention and intervention can drastically reduce the risk of suicide.
  - f. Reviewing the data annually to look for any patterns or trends of the prevalence or occurrence of suicide ideation, attempts, or death. Data from the California School Climate, Health, and Learning Survey (Cal-SCHLS) should also be analyzed to identify school climate deficits and drive program development. See the Cal-SCHLS Web site at <http://cal-schls.wested.org/>.
  - g. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
    - i. Youth affected by suicide.
    - ii. Youth with a history of suicide ideation or attempts.
    - iii. Youth with disabilities, mental illness, or substance abuse disorders.
    - iv. Lesbian, gay, bisexual, transgender, or questioning youth.
    - v. Youth experiencing homelessness or in out-of-home settings, such as foster care.
    - vi. Youth who have suffered traumatic experiences.
    - vii. [Charter School may Insert other Local Youth Populations Vulnerable to Depression and Suicide].
6. In addition to initial orientations to the core components of suicide prevention, ongoing annual staff professional development for all staff may include the following components:
- a. The impact of traumatic stress on emotional and mental health.
  - b. Common misconceptions about suicide.
  - c. Charter School and community suicide prevention resources.
  - d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
  - e. The factors associated with suicide (risk factors, warning signs, protective factors).
  - f. How to identify youth who may be at risk of suicide.
  - g. Appropriate ways to interact with a youth who is demonstrating emotional distress or is suicidal. Specifically, how to talk with a student about their thoughts of suicide and (based on Charter School guidelines) how to respond to such thinking; how to talk with a student about thoughts of suicide and appropriately respond and provide support based on Charter School guidelines.
  - h. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures should emphasize that the suicidal student should be constantly supervised until a suicide risk assessment is completed.

- i. Charter School-approved procedures for responding to the aftermath of suicidal behavior (suicidal behavior postvention).
- j. Responding after a suicide occurs (suicide postvention).
- k. Resources regarding youth suicide prevention.
- l. Emphasis on stigma reduction and the fact that early prevention and intervention can drastically reduce the risk of suicide.
- m. Emphasis that any student who is identified to be at risk of suicide is to be immediately referred (same day) for assessment while being constantly monitored by a staff member.

### **Specialized Professional Development for School-based Mental Health Staff (Screening and/or Assessment)**

Additional professional development in suicide risk assessment (SRA) and crisis intervention is provided to designated student mental health professionals, including but not limited to school counselors, psychologists, healthy youth school therapist, social workers, administrators, and nurses employed by Charter School. Training for these staff is specific to conducting SRAs, intervening during a crisis, de-escalating situations, interventions specific to preventing suicide, making referrals, safety planning, and re-entry.

Specialized Professional Training for targeted School-based mental health staff includes the following components:

- Best practices and skill building on how to conduct an effective suicide risk screening/SRA using an evidence-based, Charter-approved tool; Patient Health Questionnaire 9 (PHQ-9) Depression Scale; BSS Beck Scale for Suicide Ideation ; National Institute of Mental Health (NIMH)'s Ask Suicide-Screening Questions (ASQ) Toolkit; and the Adolescent Suicide Assessment Protocol – 20.
- Best practices on approaching and talking with a student about their thoughts of suicide and how to respond to such thinking, based on district guidelines and protocols.
- Best practices on how to talk with a student about thoughts of suicide and appropriately respond and provide support based on district guidelines and protocols.
- Best practices on follow up with parents/caregivers.
- Best practices on re-entry.

### **Virtual Screenings for Suicide Risk**

Virtual suicide prevention efforts include checking in with all students, promoting access to school and community-based resources that support mental wellbeing and those that address mental illness and give specific guidance on suicide prevention.

Charter School has established a protocol for assigning school staff to connect with students during distance learning and school closures. In the event of a school closure, Charter School has determined a process and protocols to establish daily or regular contact with all students. Staff understand that any concern about a student's emotional wellbeing and/or safety must be communicated to the appropriate school staff, according to Charter School protocols.

Charter School has determined a process and protocols for school-based mental health professionals to establish regular contact with high-risk students, students who are on their caseloads, and those who are identified by staff as demonstrating need. When connecting with students, staff are directed to begin each conversation by identifying the location of the student and the availability of parents or caregivers. This practice allows for the staff member to ensure the safety of the student, particularly if they have expressed suicidal thoughts.

#### **Employee Qualifications and Scope of Services**

Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

#### **Parents, Guardians, and Caregivers Participation and Education**

1. Parents/guardians/caregivers may be included in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page and included in the parent handbook.

2. Parents/guardians/caregivers should be invited to provide input on the development and implementation of this policy.
3. Charter School shall establish and widely disseminate a referral process to all parents/guardians/caregivers/families, so they are aware of how to respond to a crisis and are knowledgeable about protocols and school, community-based, and crisis resources.
4. Community-based organizations that provide evidence-based suicide-specific treatments shall be highlighted on the Charter School's website with treatment referral options marked accordingly.
5. Staff autoreplies during vacations or absences shall include links to resources and phone/text numbers so parents and students have information readily available.
6. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:
  - a. Suicide risk factors, warning signs, and protective factors.

b. How to talk with a student about thoughts of suicide.

How to respond appropriately to the student who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and referral for an immediate suicide risk assessment.

c. Charter School's referral processes and how they or their children can reach out for help, etc.

7. Parents/guardians/caregivers are reminded that the Family Educational Rights and Privacy Act ("FERPA") generally protects the confidentiality of student records, which may sometimes include counseling or crisis intervention records. However, FERPA's health or safety emergency provision permits the disclosure of personally identifiable information from a student's education records, to appropriate parties, in order to address a health or safety emergency when the disclosure is necessary to protect the health or safety of the student or other individuals.

### **Student Participation and Education**

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, Charter School along with its partners has carefully reviewed and will continue to review all materials and resources used in awareness efforts to ensure they align with best practices for safe messaging about suicide. Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with Charter School and is characterized by caring staff and harmonious interrelationships among students.

Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed. If suicide prevention is included in the Charter School's instructional curriculum, it shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. Under the supervision of an appropriately trained individual acting within the scope of her/his credential or license, students shall:

1. Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress. The content of the education may include:
  - a. Coping strategies for dealing with stress and trauma.
  - b. How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others.

- c. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
- d. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.

2. Receive developmentally appropriate guidance regarding Charter School's suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education).

Charter School will support the creation and implementation of programs and/or activities on campus that raise awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Week, Peer Counseling, Freshman Success, and National Alliance on Mental Illness on Campus High School Clubs).

Charter School maintains a list of current student trainings and is available upon request. Charter School has shared school-based supports and self-reporting procedures, so students are able to seek help if they are experiencing thoughts of suicide or if they recognize signs with peers. Although confidentiality and privacy are important, students should understand safety is a priority and if there is a risk of suicide, school staff are required to report. Charter-based mental health professionals are legally and ethically required to report suicide risk. **When reporting suicidal ideation or an attempt, school staff must maintain confidentiality and only share information limited to the risk or attempt.**

Charter School shall establish and widely disseminate a referral process to all students, so they know how to access support through school, community-based, and crisis services. Students shall be encouraged to notify a staff member when they are experiencing emotional distress or suicidal ideation, or when they have knowledge or concerns of another student's emotional distress, suicidal ideation, or attempt.

**Intervention and Emergency Procedures**

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the primary designated suicide prevention liaison. If this primary suicide prevention liaison is unavailable, the staff shall promptly notify the secondary suicide prevention liaison.

The suicide prevention liaison shall immediately notify the Executive Director or designee, who shall then notify the student's parent/guardian as soon as possible if appropriate and in the best interest of the student. Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.

The suicide prevention liaison shall also refer the student to mental health resources at Charter School or in the community.

When a student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911. The call shall NOT be made in the presence of the student and the student shall not be left unsupervised. Staff shall NOT physically restrain or block an exit.

When a suicide attempt or threat is reported on campus or at a school-related activity, the suicide prevention liaison shall, at a minimum:

1. Ensure the student's physical safety by one or more of the following, as appropriate:
  - a. Securing immediate medical treatment if a suicide attempt has occurred.
  - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened.
  - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
  - d. Remaining calm, keeping in mind the student is overwhelmed, confused, and emotionally distressed.
  - e. Moving all other students out of the immediate area.
  - f. Not sending the student away or leaving him/her alone, even to go to the restroom.
  - g. Providing comfort to the student, listening and allowing the student to talk and being comfortable with moments of silence.
  - h. Promising privacy and help, but not promising confidentiality.
2. Document the incident in writing as soon as feasible.
3. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. **Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.**
4. After a referral is made, Charter School shall verify with the parent/guardian that the follow up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the

situation and build understanding of care. If follow up care is still not provided, Charter School may contact Child Protective Services.

5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at Charter School.
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the Charter School campus, the suicide prevention liaison shall follow the crisis intervention procedures contained in Charter School's safety plan. After consultation with the Executive Director or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Executive Director or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from Charter School counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

In the event a suicide occurs or is attempted off the Charter School campus and unrelated to school activities, the Executive Director or designee shall take the following steps to support the student:

1. Contact the parent/guardian and offer support to the family.
2. Discuss with the family how they would like Charter School to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.
3. Obtain permission from the parent/guardian to share information to ensure the facts regarding the crisis are correct.
4. The suicide prevention liaisons shall handle any media requests.
5. Provide care and determine appropriate support to affected students.
6. Offer to the student and parent/guardian steps for re-integration to school. Re-integration may include obtaining a written release from the parent/guardian to speak with any health care providers; conferring with the student and parent/guardian about any specific requests on how to handle the situation; informing the student's teachers about possible days of absences; allowing accommodations for make-up work (being understanding that missed assignments may add stress to the student); appropriate staff maintaining ongoing contact with the student to monitor the student's actions and mood; and working with the parent/guardian to involve the student in an aftercare plan;

providing parent's/guardians/caregivers/families local emergency numbers for after school and weekend emergency contacts.

### **Supporting Students during or after a Mental Health Crisis**

Students shall be encouraged through the education program and in Charter School activities to notify a teacher, the Executive Director, another Charter School administrator, psychologist, Charter School counselor, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. Charter School staff should treat each report seriously, calmly, and with active listening and support. Staff should be non-judgmental to students and discuss with the student, and parent/guardian, about additional resources to support the student.

### **Responding After a Suicide Death (Postvention)**

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. Charter School shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

The suicide prevention liaison shall:

1. Coordinate with the Executive Director to conduct an initial meeting of the Suicide Prevention Crisis Team to:
 
  - a. Confirm death and cause.
  - b. Identify a staff member to contact deceased's family (within 24 hours).
  - c. Enact the Suicide Postvention Response.
  - d. Notify all staff members (ideally in-person or via phone, not via e-mail or mass notification).
2. Coordinate an all-staff meeting, to include:
 
  - a. Notification (if not already conducted) to staff about suicide death.
  - b. Emotional support and resources available to staff.
  - c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
  - d. Share information that is relevant and that which you have permission to disclose.
3. Prepare staff to respond to needs of students regarding the following:
 
  - a. Review of protocols for referring students for support/assessment.
  - b. Talking points for staff to notify students.
  - c. Resources available to students (on and off campus).

4. Identify students significantly affected by suicide death and other students at risk of imitative behavior, and refer them to a school-based mental health professional.
5. Identify students affected by suicide death but not at risk of imitative behavior.
6. Communicate with the larger school community about the suicide death. Staff shall not share explicit, graphic, or dramatic content, including the manner of death.
7. Consider funeral arrangements for family and school community.
8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.
9. Identify media spokesperson if needed.
10. Ensure that all communications, documents, materials related to messaging about suicide avoid discussing details about method of suicide, avoid oversimplifying (i.e. identifying singular cause of suicide), avoid sensational language, and only includes clear, respectful, people-first language that encourages an environment free of stigma. As part of safe messaging for suicide, we use specific terminology when referring to actions related to suicide or suicidal behavior:

<b>Use</b>	<b>Do Not Use</b>
<b><u>"Died by suicide"</u></b> <b>or</b> <b><u>"Took their own life"</u></b>	<b><u>"Committed suicide"</u></b> <b>Note:</b> Use of the word "commit" can imply crime/sin
<b><u>"Attempted suicide"</u></b>	<b><u>"Successful" or "unsuccessful"</u></b> <b>Note:</b> There is no success, or lack of success, when dealing with suicide

11. Include long-term suicide postvention responses:
  - a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
  - b. Support siblings, close friends, teachers, and/or students of deceased.
  - c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.

**Student Identification Cards**

Charter School will include the telephone numbers on all student identification cards:

- National Suicide Prevention Lifeline/Suicide Crisis Lifeline:

- Call or Text "988"
- Call 1-800-273-8255
- National Domestic Violence Hotline: Call 1-800-799-7233
- Crisis Text Line: Text "HOME" to 741741
- Teen Line: Text "TEEN" to 839863
- Trevor Project: Text "START" to 678678
- Trans Lifeline: 1-877-565-8860

### **Prevention and Instruction**

Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the Charter School and is characterized by caring staff and harmonious interrelationships among students.

The Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience.

The Executive Director or designee may offer parents/guardians education or information which describes the severity of the youth suicide problem, the Charter School's suicide prevention efforts, risk factors and warning signs of suicide, basic steps for helping suicidal youth, reducing the stigma of mental illness, and/or school and community resources that can help youth in crisis. California Department of Education youth suicide prevention information can be found at: <http://www.cde.ca.gov/lr/cg/mh/suicideprevres.asp>

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page.

The Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed, taking into consideration the grade level and age of the students. If offered or included in the Charter School's instructional curriculum, suicide prevention instruction shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide.
2. Identify alternatives to suicide and develop coping and resiliency skills.
3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent.
4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma associated with seeking mental health, substance abuse, gender identity, or other support services.

### **Staff Development**

Suicide prevention training for staff may be designed to help staff identify and find help for students at risk of suicide. Materials approved by the Charter School for training shall include how to identify appropriate mental health services, at school facilities and within the larger community, and when and how to refer youth and their families to those services. The training may be offered under the discretion of the Executive Director and/or Governing Board and/or in cooperation with one or more community mental health agencies and may include information on:

1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance abuse problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors.
2. Warning signs that may indicate suicidal intentions, including changes in students' appearance, personality, or behavior.
3. Research-based instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health.
4. School and community resources and services for students and families in crisis and ways to access them.
5. Charter School procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide.

### **Intervention and Emergency Procedures**

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the Executive Director or designee. The Executive Director or designee shall then notify the student's parent/guardian as soon as possible and may also refer the student to mental health resources at the Charter School or in the community.

When a suicide attempt or threat is reported, the Executive Director or designee shall, at a minimum:

1. Ensure the student's physical safety by one of the following, as appropriate:
  - a. Securing immediate medical treatment if a suicide attempt has occurred;
  - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened;
  - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.

2. Designate specific individuals to be promptly contacted, for example the school counselor, psychologist, nurse, Executive Director, and/or the student's parent/guardian, and, as necessary, local law enforcement or mental health agencies.
3. Document the incident in writing as soon as feasible.
4. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed.
5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at the school.
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the Charter School campus, the Executive Director or designee shall follow the crisis intervention procedures contained in the Charter School's safety plan. After consultation with the Executive Director or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Executive Director or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Students shall be encouraged through the education program and in school activities to notify a teacher, Executive Director, another school administrator, psychologist, school counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

#### **Employee Qualifications and Scope of Services**

Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

A complete copy of the Suicide Prevention Policy is available on the school website.

### ***Education for Homeless Children and Youth Policy***

Board Policy: 1750

Approved: February 16, 2022

Amended: September 6, 2022, June 22, 2023

The Board of Directors of Audeo Charter School hereby adopts this Educational for Homeless and Youth Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School and Sweetwater Secondary School, hereafter collectively referred to as ("Charter School"). The Governing Board desires to ensure that homeless children and youth are provided with equal access to its educational program, have an opportunity to meet the same challenging State academic standards, are provided a free and appropriate public education, are not stigmatized, or segregated on the basis of their status as homeless, and to establish safeguards that protect homeless students from discrimination on the basis of their homelessness.

#### **Definition of Homeless Children and Youth**

The term "*homeless children and youth*" means individuals who lack a fixed, regular and adequate nighttime residence and includes children and youth who (42 U.S.C. § 11434a):

1. Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings;
3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and/or
4. Migratory children and unaccompanied youth (youth not in the physical custody of a parent or guardian) may be considered homeless if they meet the above definition of "homeless."

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the Charter School Liaison.

#### **Charter School Liaison**

The Executive Director designates the following staff person as the Charter School Liaison for homeless students (42 U.S.C. § 11432(g)(1)(J)(ii)):

Ana Maria Rojas, Equity and Inclusion Administrator  
10170 Huennekens Street, San Diego, CA 92121  
858-678-4818

The Charter School Liaison shall ensure that the following requirements are fulfilled by the Charter School (42 U.S.C. § 11432(g)(6)):

1. Homeless students are identified by school personnel and through outreach and coordination activities with other entities and agencies and through the annual housing questionnaire administered by the Charter School.
2. Homeless students enroll in and have a full and equal opportunity to succeed at Charter School.
3. Homeless students and families receive educational services for which they are eligible, including: services through Head Start programs (including Early Head Start programs) under the Head Start Act; early intervention services under part C of the Individuals with Disabilities Education Act ("IDEA"); any other preschool programs administered by Charter School, if any; and referrals to health care services, dental services, mental health services, substance abuse services, housing services, and other appropriate services.
4. Parents/guardians are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.
5. Public notice of the educational rights of homeless children is disseminated at places frequented by parents or guardians of such youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchens, and in a manner and form understandable to the parents and guardians of homeless youth and unaccompanied youth.
6. Enrollment/admissions disputes are mediated in accordance with law, Charter School charter, and Board policy.
7. Parents/guardians and any unaccompanied youth are fully informed of all transportation services, as applicable.
8. Charter School personnel providing services receive professional development and other support.
9. The Charter School Liaison collaborates with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youths.
10. Unaccompanied youth are enrolled in school; have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth; and are informed of their status as independent students and that the youths may obtain

assistance from the Charter School Liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: <https://www.cde.ca.gov/sp/hs/>

### **Enrollment**

Charter School shall immediately admit/enroll the student for which the Charter School is a School of Origin. "School of Origin" means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

Charter School shall also immediately enroll a homeless youth who seeks to enroll in the Charter School, if the youth would otherwise be eligible to attend and subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy. A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

The youth shall be immediately enrolled even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the Executive Director or designee shall refer the parent/guardian to the Charter School Liaison. The Charter School Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. § 11432(g)(3)(C).)

A homeless youth may remain in the student's school of origin for the entire period for which the youth is homeless. If a youth obtains permanent housing during an academic year, the youth will be permitted to remain in the school of origin through the end of the academic year.

### **Enrollment Disputes**

If a dispute arises over admissions/enrollment, the student shall be immediately admitted (subject to Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy), pending final resolution of the dispute, including all available appeals. ~~(42 U.S.C. § 11432(g)(3)(E).)~~

The parent/guardian shall be provided with a written explanation of the admission/enrollment decision, including an explanation of the parent/guardian's right to appeal the decision. The parent/guardian shall also be referred to the Charter School Liaison. (42 U.S.C. § 11432(g)(3)(E).)

The Charter School Liaison shall carry out the Board-adopted dispute resolution and complaint process as expeditiously as possible after receiving notice of the dispute. (42 U.S.C. § 11432(g)(3)(E).)

### **Housing Questionnaire**

Charter School shall administer a housing questionnaire for purposes of identifying homeless children and youth. Charter School shall ensure that the housing questionnaire is based on the best practices developed by the CDE. Charter School shall annually provide the housing questionnaire to all parents/guardians of students and to all unaccompanied youths at Charter School. The housing questionnaire shall include an explanation of the rights and protections a student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire shall be available in paper form. The housing questionnaire shall be available in the primary language other than English spoken by fifteen (15) percent or more of the students enrolled at Charter School and shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied youth. Charter School shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

### **Comparable Services**

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in Charter School such as (42 U.S.C. § 11432(g)(4)):

- Transportation services
- Educational services for which the child or youth meets eligibility criteria, such as educational programs for students with disabilities and educational programs for students with limited English proficiency
- Programs in ~~career~~ vocational and technical education
- Programs for gifted and talented students
- Charter School nutrition programs

### **Transportation**

In the event that Charter School provides transportation services to all Charter School students, Charter School shall provide comparable transportation services to each homeless child or youth attending Charter School, as noted above. (42 U.S.C. § 11432(g)(4).)

If the Charter School does not otherwise provide transportation services to all Charter School students, Charter School shall ensure that transportation is provided for homeless students to and from Charter School, at the request of the parent or guardian (or Charter

School Liaison), if Charter School is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by Charter School will be adequate and appropriate for the Student's situation, but Charter School does not commit to any one method of transportation for all youth.

### **Professional Development**

All administrators, teachers and employees of Charter School including the Charter School Liaison, will be provided professional development on the identification, services, and sensitivity necessary when dealing with homeless children and youth. The Charter School Liaison will verify that the Charter School is providing the required training to school personnel providing services to youth experiencing homelessness at least annually through the CDE's verification system. (Education Code Section 48852.5(c)(2).)

The Charter School Liaison shall offer training to Charter School certificated and classified employees providing services to students experiencing homelessness, including, but not limited to, teachers, support staff, and other school staff who work with pupils, at least annually relating to:

- (1) Charter School's homeless education program policies; and
- (2) Recognition of signs that pupils are experiencing, or are at risk of experiencing, homelessness.

The Charter School Liaison shall inform such employees of the availability of training and the services the Charter School Liaison provides to aid in the identification and provision of services to students who are experiencing, or are at risk of experiencing, homelessness. (42 U.S.C. § 11433(d)(3).) All identified or suspected homeless children and youth will be referred to the Charter School Liaison.

### **High School Graduation Requirements**

Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the

student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.
2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Provide information to the student about transfer opportunities available through the California Community Colleges.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

#### **Acceptance of Course Work**

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

#### **Notice**

For any homeless student who seeks enrollment at the Charter School, written notice will be provided to the parent/guardian at the time of enrollment and while the student is enrolled at the Charter School in alignment with the law. (42 U.S.C. § 11432(e)(3)(C).)

#### **Annual Policy Review**

The Charter School shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at the Charter School. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school. [Charter School's review of its homeless education program policies shall use resources developed by the CDE and posted on the CDE's internet website and resources developed by homeless education technical assistance centers established using funding from the American Rescue Plan Act of 2021.](#)

#### **School Website Posting**

Charter School shall ensure that the following information is posted, and updated as necessary, on its internet website:

- The name and contact information of the Charter School Liaison(s) for homeless children and youths.
- The contact information of any employee or contractor that assists the Charter School Liaison in completing the Liaison's duties.
- Specific information regarding the educational rights and resources available to persons experiencing homelessness.

\*\*\*\*

A copy of the complete board policy is available on the Charter School website.

### ***Education for Foster and Mobile Youth Policy***

Approved: February 16, 2022

Amended September 6, 2022; ~~June 22, 2023~~

Formatted: Font: Not Bold

Formatted: Font: Not Bold

#### **Introduction**

The Board of Directors of Audeo Charter School hereby adopts this Educational for Foster and Mobile Youth Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School, and Sweetwater Secondary School, hereafter collectively referred to as ("Charter School"). The Charter School recognizes that Foster and Mobile Youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and charter school academic standards, the Charter School shall provide them with full access to the Charter School's educational program and implement strategies identified as required by law and necessary for the improvement of the academic achievement of foster youth in the Charter School's local control and accountability plan ("LCAP").

#### **Definitions**

- "Foster youth" means any of the following:
  1. A child who has been removed from their home is the subject of a petition filed pursuant to California Welfare and Institutions Code ("WIC") section 309 and/(whether or not the child has been removed from the child' home by juvenile court).
  - 1-2. A child who is the subject of a petition filed under Welfare and Institutions Code pursuant WIC section 300 or 602. This includes children who are the subject of cases, has been removed from the child's home by the juvenile court, and is in dependency court and juvenile justice court foster care.
  3. A nonminor under the transition jurisdiction of the juvenile court, as

described in WIC section 450, who satisfies all of the following criteria:

- a. The nonminor has attained 18 years of age while under an order of foster care placement by the juvenile court.
- b. The nonminor is in foster care under the placement and care responsibility of the county welfare department, county probation department, Indian tribe, consortium of tribes, or tribal organization.
- c. The nonminor is participating in a transitional independent living case plan.
4. A dependent child of the court of an Indian tribe, consortium of tribes, or tribal organization who is the subject of a petition filed in the tribal court.<sup>3</sup>
5. A child who is the subject of a voluntary placement agreement, as defined in WIC section 11400.

- *“Former juvenile court school student”* means a student who, upon completion of the student’s second year of high school, transfers from a juvenile court school to the Charter School.
- *“Child of a military family”* refers to a student who resides in the household of an active duty military member.
- *“Currently Migratory Child”* refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency (“LEA”), either within California or from another state, so that the child or a member of the child’s immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child’s eligibility for migrant education services. “Currently Migratory Child” includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.
- *“Student participating in a newcomer program”* means a student who is participating in a program designed to meet the academic and transitional needs of newly arrived immigrant students that has as a primary objective the development of English language proficiency.
- *“Educational Rights Holder” (“ERH”)* means a parent, guardian, responsible adult appointed by a court to make educational decisions for a minor pursuant to ~~Welfare and Institutions Code~~ WIC sections 319, 361 or 726, or a person holding the right to make educational decisions for the student pursuant to Education Code section 56055.
- *“School of origin”* means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the

<sup>3</sup> The Charter School shall not require an Indian tribe or tribal court representative to certify that any student is a dependent of an Indian tribe, consortium of tribes, or tribal organization.

school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the Charter School liaison for foster youth, in consultation with and with the agreement of the foster youth and the ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin.

- “Best interests” means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth’s access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.
- “Partial coursework satisfactorily completed” includes any portion of an individual course, even if the pupil did not complete the entire course.

Within this Policy, foster/juvenile court youth, former juvenile court school students, a child of a military family, a currently migratory child, and a student participating in the newcomer program will be referred to collectively as “Foster and Mobile Youth.”

#### **Foster and Mobile Youth Liaison**

In order to help facilitate the enrollment, placement, and transfer of Foster and Mobile Youth to the Charter School, the Governing Board shall designate a Foster and Mobile Youth liaison. The Governing Board designates the following position as the Charter School’s liaison for Foster and Mobile Youth:

Ana Maria Rojas  
Equity and Inclusion Administrator  
[arojos@altusschools.net](mailto:arojos@altusschools.net)  
858-678-4818

The Foster and Mobile Youth Liaison shall be responsible for the following:

1. Ensure and facilitate the proper educational placement, enrollment in the Charter School, and checkout from the Charter School foster youth.
2. Ensure proper transfer of credits, records, and grades when ~~Foster and Mobile Youth~~ foster youth transfer to or from the Charter School.
3. When a foster youth is enrolling in the Charter School, the Foster and Mobile Youth Liaison shall contact the school last attended by the student within two (2) business days to obtain all academic and other records. The last school attended by the foster youth shall provide all required records

to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. When a foster youth is transferring to a new school, the Foster and Mobile Youth Liaison shall provide the student's records to the new school within two (2) business days of receiving the new school's request, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the Charter School.

4. When required by law, notify the foster youth's attorney and the appropriate representative of the county child welfare agency at least ten (10) calendar days preceding the date of the following:
  - a. An expulsion hearing for a discretionary act under the Charter School's charter.
  - b. Any meeting to extend a suspension until an expulsion decision is rendered if the decision to recommend expulsion is a discretionary act under the Charter School's charter. The foster youth's attorney and the agency representative will be invited to participate.
  - c. A manifestation determination meeting prior to a change in the foster youth's placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. The foster youth's attorney and the agency representative will be invited to participate.
5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.
6. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services.
7. Develop protocols and procedures for creating awareness for Charter School staff, including but not limited to Administrator of Instructional Services, School Coordinator and Student Services Coordinator of the requirements for the proper enrollment, placement, and transfer of foster youth.
8. Collaborate with the county placing agency, social services, probation officers, juvenile court officers, and other appropriate agencies to help coordinate services for the Charter School's foster youth.
9. Monitor the educational progress of foster youth and provide reports to the Equity and Inclusion Officer or designee and the Governing Board based on

indicators identified in the Charter School's local control and accountability plan.

This Policy does not grant the Foster and Mobile Youth Liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to Welfare and Institutions Code sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under Education Code section 56055. The role of the Foster and Mobile Youth Liaison is advisory with respect to placement options and determination of the school of origin.

### **School Stability and Enrollment**

The Charter School will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in the Charter School as their school of origin.

A foster youth, currently migratory child, or child of a military family who seeks to transfer to the Charter School will be immediately enrolled (subject to the Charter School's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in the Charter School's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement, or any subsequent change in placement, a foster youth may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin

through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in the Charter School consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in the Charter School as the foster youth's school of origin, the foster youth have the right to remain in the Charter School pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

### **Transportation**

The Charter School shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that the Charter School assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. The Charter School is not prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, the Charter School shall collaborate with local child welfare agencies to develop and implement clear written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP

team will determine if the student requires special education transportation as a related service regardless of the student's status.

### **Effect of Absences on Grades**

The grades of a foster youth shall not be lowered for any absence from the Charter School that is due to either of the following circumstances:

- a. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.
- b. A verified court appearance or related court-ordered activity.

### **Transfer of Coursework and Credits**

The Charter School shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school<sup>4</sup>, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework completed. The credits accepted pursuant to this paragraph shall be applied for enrollment purposes to the same or equivalent course, if applicable, as the coursework completed in the prior public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school. For purposes of the official transcript, the credits accepted pursuant to this paragraph shall be added to the credits earned from the same or equivalent course for purposes of calculating the total credits earned for the course but shall separately identify the school and local educational agency in which the credits were earned.

If a Foster and Mobile Youth transfers in or out of Charter School, Charter School shall issue the full and partial credits on an official transcript for the pupil and shall ensure the transcript includes all of the following:

- a. All full and partial credits and grades earned based on any measure of full or partial coursework being satisfactorily completed, including a determination of the days of enrollment or seat time, or both, if applicable, at a school of that local educational agency or a prior local educational agency, or any other public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school.
- b. The credits and grades for each school and local educational agency listed separately so it is clear where they were earned.
- c. A complete record of the pupil's seat time, including both period attendance and days of enrollment.

If Charter School has knowledge that the transcript from the transferring local educational agency may not include certain credits or grades for the pupil, it shall contact the prior local educational agency within two business days to request that the prior local educational agency issue full or partial credits pursuant to this paragraph. The prior local educational agency shall issue appropriate credits and provide all academic and other records to Charter School within two business days of the request.

<sup>4</sup> For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless the Charter School, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall the Charter School prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

#### Applicability of Graduation Requirements

To obtain a high school diploma from the Charter School, a student must complete all courses required by the Charter School and fulfill any additional graduation requirements prescribed by the Board. However, Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and students participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption. For a student participating in a newcomer program, enrollment in grade 11 or 12 [based on the average age of students in the third or fourth year of high school](#) may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the ERH, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If the Charter School fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the

additional graduation requirements once notified, even if that notification occurs after the termination of the court's jurisdiction over the student, if the foster youth otherwise qualifies for the exemption.

If a student is exempted from the Charter School's additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of their fourth year of high school.

The Equity and Inclusion Officer or designee shall notify a Foster and Mobile Youth and their ERH if the Charter School grants an exemption from the additional graduation requirements, ~~how any requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution, and shall provide information about transfer opportunities available through the California Community Colleges, and shall consult with the Foster and Mobile Youth and their ERH. The consultation shall include all of the following:~~

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

A Foster and Mobile Youth who would otherwise be entitled to remain in attendance at the Charter School shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

~~If an eligible student~~ a Foster and Mobile Youth who was eligible for an exemption and ~~1) was not properly notified of the availability of the exemption, or 2) is not exempted from additional graduation requirements or has~~ previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student ~~at any time~~ within thirty (30) days of the exemption request, if an exemption is requested by the youth and the youth ~~qualifies at one time qualified~~ for the exemption, even if the pupil is no longer

~~a Foster and Mobile Youth or the court's jurisdiction of the pupil has terminated.~~

Likewise, if the youth is exempted, the Charter School may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this section, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the Student eligible while he or she is enrolled in school or if the student transfers to another school, including a charter school, or school district.

The Charter School shall not require or request a Foster and Mobile Youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no Foster and Mobile Youth or any person acting on behalf of a Foster and Mobile Youth may request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

Upon making a finding that a Foster and Mobile Youth is reasonably able to complete the Charter School's additional graduation requirements within the student's fifth year of high school, the Equity and Inclusion Officer or designee shall:

1. ~~Inform-Consult with~~ the student and the student's ERH of the student's option to remain in school for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.
2. ~~Inform-Consult with~~ the student and the student's ERH how remaining in school for a fifth year will affect the student's ability to gain admission to a postsecondary educational institution.
3. ~~Provide-Consult with and provide~~ information to the student about transfer opportunities available through the California Community Colleges.
4. Upon agreement with the student or, if the student is under 18 years of age, the ERH, permit the student to stay in school for a fifth year to complete the Charter School's graduation requirements.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3 within the student's fifth year of high school, the Executive Director or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5<sup>th</sup>) year to

complete the statewide coursework requirements. Charter School shall consult with the Foster and Mobile Youth and the ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the pupil transfers between schools, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

- 1) Within the first 30 calendar days of the following academic year, Charter School shall reevaluate eligibility;
- 2) Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
- 3) If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School

shall:

- i. provide the pupil with the option to receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, or
- ii. to stay in school for a fifth year to complete the Charter School's additional graduation requirements.

Charter School shall provide notification of the availability of these options. The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile court school but has elected to decline the issuance of the diploma for the purpose of taking additional coursework, the Charter School will not prevent the juvenile court youth from enrolling in the Charter School and pursuing additional coursework if requested by the youth or by the youth's ERH.

#### **Eligibility for Extracurricular Activities**

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

#### **Waiver of Fees for Afterschool Programs**

The Charter School shall not charge any student who the Charter School knows is currently in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by the Charter School.

#### **Student Records**

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization, and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information

contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

### **Complaints of Noncompliance**

Complaints of noncompliance with this Policy shall be governed by the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request.

### **Reporting Requirements**

Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data. For purposes of this subdivision, "pupil category" means the categories of pupils identified in the "Definitions" section of this Policy, above.

\*\*\*\*

### **Availability of Complete Policy**

For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available on the school website.

## ***Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation, and Education***

**Board Policy: 3325**

**Approved: February 16, 2022**

**Amended: June 22, 2023**

### **A. A-SECTION 504 POLICY**

The Board of Directors of Audeo Charter School hereby adopts the Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation and Education to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, Mirus Secondary School and Sweetwater Secondary School hereafter collectively referred to as ("Charter School"). The Governing Board of the Charter School recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education and its legal responsibility to ensure that "no qualified person with a disability shall, solely by reason of their disability, be excluded from the participation in, be denied the benefits of, or be subjected

**Formatted:** Font: 12 pt, Bold

**Formatted:** List Paragraph, Numbered + Level: 3 + Numbering Style: A, B, C, ... + Start at: 1 + Alignment: Left + Aligned at: 1.38" + Indent at: 1.63"

to discrimination under any program or activity receiving Federal financial assistance.” This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 (“Section 504”), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a free, appropriate public education (“FAPE”).

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 (“IDEA”).

The Charter School’s Executive Director or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy’s corresponding procedures.

A Section 504 Team will be convened to determine the student’s need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable about the Section 504 standards, the student’s individual needs and school history, the meaning of evaluation data, and placement options. The student’s parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If Charter School does not assess a student after a parent has requested an assessment, the Charter School shall provide notice of the parent’s/guardian’s procedural safeguards. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504

plan for the provision of such services to the student. The student shall be educated with nondisabled students to the maximum extent appropriate to the student's individual needs. The student's parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. Charter School shall periodically review the student's progress and placement.

The Charter School does not discriminate on the basis of disability, or any other characteristic protected under law. Charter School will implement this policy through its corresponding procedures.

## **B. SECTION 504 PROCEDURES**

### **A. Definitions**

1. **Academic Setting** – the regular, educational environment operated by Charter School.
2. **Individual with a Disability under Section 504** – An individual who:
  - a. has a physical or mental impairment that substantially limits one or more major life activities;
  - b. has a record of such an impairment; or
  - c. is regarded as having such an impairment.
3. **Evaluation** – procedures used to determine whether a student has a disability as defined within these Procedures, and the nature and extent of the services that the student needs. The term means procedures used selectively with an individual student and does not include basic tests administered to, or procedures used with, all students in a school, grade, or class.
4. **504 Plan** – is a plan developed to identify and document the student's needs for regular or special education and related aids and services for participation in educational programs, activities, and school-sponsored events.

5. **Free Appropriate Public Education (“FAPE”)** – the provision of regular or special education and related aids and services that are designed to meet the individual needs of persons with disabilities as adequately as the needs of persons without disabilities are met.
6. **Major Life Activities** - Functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions.
7. **Physical or Mental Impairment** –
  - a. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory; including speech organs; cardiovascular; reproductive; digestive; genitor-urinary; hemic and lymphatic; skin; and endocrine; or
  - b. Any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.
8. **504 Coordinator** – The Special Education Coordinator shall serve as the Charter School’s Section 504 Coordinator. The parents or guardians may request a Section 504 due process hearing from or direct any questions or concerns to the Section 504 Coordinator at (619) 393-2270.
9. **Has a record of such an impairment** - means has a history of, or has been

misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

10. **Is regarded as having an impairment** - means

- a. An individual meets the requirement of 'being regarded as having such an impairment' if the individual establishes that they have been subjected to an action prohibited under this Act because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.
- b. Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

B. Referral, Assessment and Evaluation Procedures

1. Charter School will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.
2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504 Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.
3. The Charter School has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.
4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and comparable facilities.

5. The 504 Team shall promptly consider the referral and determine what assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.
6. The 504 Team will consider the following information in its evaluation of the student:
  - a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel;
  - b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and
  - c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)
7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-

based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.

8. Mitigating measures cannot be considered when evaluating whether or not a student has a substantially limiting impairment. Mitigating measures could include medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications a student uses to eliminate or reduce the effects of an impairment.
9. The parents/guardians shall be given an opportunity in advance of 504 Team meetings to examine assessment results and all other relevant records.
10. If a request for evaluation is denied, the 504 Team shall inform the parents/guardians in writing of this decision and of their procedural rights as described below.

C. 504 Plan

1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.
2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.
3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.
4. The student's teacher and any other staff who are to provide services to the student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall

be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.

5. The eligible student shall be placed in the regular education environment unless it is demonstrated that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to their individual needs.
6. The referral, assessment, evaluation, and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.
7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.
8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.
9. The 504 Plan shall include a schedule for annual review of the student's needs and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.
10. Charter School shall immediately implement a student's prior 504 Plan, when a student enrolls at the Charter School. Within thirty (30) calendar days of starting school, Charter School shall schedule a 504 Team meeting to review the existing 504 Plan. Charter School shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.

D. Review of the Student's Progress

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.

2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. Procedural Safeguards

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:

- Examine relevant records
- Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
- Have the right to file a Uniform Complaint pursuant to Charter School policy
- Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

Kirsten Ramirez Henderson  
111 Fletcher Parkway, El Cajon, CA 92020  
(619)-393-2270  
khenderson@altuschools.net

Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Executive Director or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with Charter School or any district within the El Dorado Charter SELPA or the San Diego County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:
  - The specific decision or action with which the parent/guardian disagrees.
  - The changes to the 504 Plan the parent/guardian seeks.
  - Any other information the parent/guardian believes is pertinent.
5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:
  - Mediation by a neutral third party.
  - Review of the 504 Plan by the Executive Director or designee.
6. Within ten (10) calendar days of receiving the parent/guardian's request, the Executive Director or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.
7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.
8. The parent/guardian and the School shall be afforded the rights to:

- Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.
- Present written and oral evidence.
- Question and cross-examine witnesses.
- Receive written findings by the hearing officer.

9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.
10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.
11. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

F. Suspension and Expulsion, Special Procedures for Students with Disabilities

Charter School shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance to due process to such students. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If Charter School, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

- a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If the child has a BIP, review the BIP and modify it, as necessary,

to address the behavior; and

- c. Return the child to the placement from which the child was removed, unless the parent and Charter School agree to a change of placement as part of the modification of the BIP.

If Charter School, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

### 3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Charter School agree otherwise.

### 4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated Charter School 's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if Charter School had knowledge that the student had a disability before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School Coordinator or the Administrator for Instructional Services, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.

- c. The child's teacher, or the special education teacher or the school coordinator, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Special Education Coordinator or to the School Coordinator or to the Administrator for Instructional Services.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

### **C. PARENT/STUDENT RIGHTS IN IDENTIFICATION, EVALUATION, ACCOMMODATION AND PLACEMENT**

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. Please keep this explanation for future reference.

You have the right to:

1. Have your child take part in and receive benefits from public education programs without discrimination because of their disabling condition.
2. Have Charter School advise you of your rights under federal law.
3. Receive notice with respect to Section 504 identification, evaluation and/or placement of your child.
4. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have Charter School make reasonable

accommodations to allow your child an equal opportunity to participate in school and school-related activities.

5. Have your child educated in facilities and receive services comparable to those provided to non-disabled students.
6. Have your child receive special education and related services if your child is found to be eligible under the Individuals with Disabilities Education Improvement Act (IDEA 2004).
7. Have an evaluation, educational recommendation, and placement decision developed by a team of persons who are knowledgeable of the student, the assessment data, and any placement options. This includes the right to an evaluation before the initial placement of the student and before any subsequent significant change in placement.
8. Have your child be given an equal opportunity to participate in non-academic and extracurricular activities offered by Charter School.
9. Examine all relevant records relating to decisions regarding your child's Section 504 identification, evaluation, educational program, and placement.
10. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records.
11. Obtain a response from Charter School to reasonable requests for explanations and interpretations of your child's records.
12. Request an amendment of your child's educational records if there is reasonable cause to believe they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child. If Charter School refuses this request for amendment, the Charter School shall notify you within a reasonable time and advise you of your right to an impartial hearing.
13. Request mediation or file a grievance in accordance with Charter School's Section 504 mediation grievance and hearing procedures, outlined above.
14. Request an impartial hearing regarding the Section 504 identification, evaluation, or placement of your child. You and the student may take part in

the hearing and have an attorney represent you.

15. File a formal complaint pursuant to the Charter School's Uniform Complaint Policy and Procedures. Please ask the Executive Director for a copy of the Charter School's Uniform Complaint Policy and Procedures if you need one.
16. File a formal complaint with the U.S. Department of Education.

Office for Civil Rights, U.S. Department of Education  
San Francisco Office  
50 United Nations Plaza  
San Francisco, CA 94102  
(415) 486-5555 PHONE  
(415) 486-5570 FAX  
Email: OCR.SanFrancisco@ed.gov

17. Be free from any retaliation from Charter School for exercising any of these rights.

Please contact Kirsten Ramirez Henderson 504 Coordinator, (619) 393-2270 and at 111 Fletcher Parkway, El Cajon, CA 92020, with any questions regarding the information contained herein.

\*\*\*\*

A copy of the School's Section 504 policies and procedures is available upon request and on the school website.

### ***Special Education/Students with Disabilities/Child Find***

We are dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society. The School provides special education instruction and related services in accordance with the Individuals with Disabilities in Education Improvement Act ("IDEA"), Education Code requirements, and applicable policies and procedures of the El Dorado County SELPA. These services are available for special education students enrolled at the School. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. The School collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

Pursuant to the IDEA and relevant state law, the Charter School is responsible for identifying, locating, and evaluating children enrolled at the Charter School with known or suspected disabilities to determine whether a need for special education and related services exists. This

includes children with disabilities who are homeless or foster youth. The Charter School shall not deny nor discourage any student from enrollment solely due to a disability. If you believe your child may be eligible for special education services, please contact [Allison Fleck, School Coordinator at \(858\) 678-2020](#) ~~Hayley Beaupre, School Coordinator at (858) 249-7019.~~

### **Education Records and Student Information Policy**

Board Policy: 1212

Approved: October 19, 2017,

**Amended:** June 21,2018, February 16, 2022; [June 22, 2023](#)

Formatted: Font: Not Bold

The Board of Directors of Audeo Charter School, a California nonprofit public benefit corporation operating Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, [Mirus Secondary School](#), Grossmont Secondary School and Sweetwater Secondary School hereafter collectively referred to as ("Charter School") hereby adopts this Educational Records and Student Information Policy to apply to all educational records and student information maintained by Charter School.

#### **Definitions**

- *"Education Record"*: An education record is any information recorded in any way, including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche that directly relates to a student and is maintained by Charter School or by a party acting for Charter School . Such information includes, but is not limited to:
  1. Date and place of birth; parent and/or guardian's address, mother's maiden name and where the parties may be contacted for emergency purposes;
  2. Grades, test scores, courses taken, academic specializations and school activities;
  3. Special education records;
  4. Disciplinary records;
  5. Medical and health records;
  6. Attendance records and records of past schools attended; and/or
  7. Personal information such as, but not limited to, a student's name, the name of a student's parent or other family member, student identification numbers, social security numbers, photographs, biometric record or any other type of information that aids in identification of a student.

An education record does not include any of the following:

1. Records that are kept in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a temporary substitute for the maker of the record;
  2. Records maintained by a law enforcement unit of Charter School that were created by that law enforcement unit for the purpose of law enforcement;
  3. In the case of a person who is employed by Charter School but not in attendance at Charter School, records made and maintained in the normal course of business, relate exclusively to the individual in that individual's capacity as an employee and are not available for any other purpose;
  4. Records of a student who is 18 years of age or older, or is attending an institution of postsecondary education, that are: a) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in their professional capacity or assisting in a paraprofessional capacity; b) made, maintained, or used only in connection with treatment of the student; and c) disclosed only to individuals providing the treatment. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are part of the program of instruction at Charter School;
  5. Records that only contain information about an individual after the individual is no longer a student at Charter School; or
  6. Grades on peer-graded papers before they are collected and recorded by a teacher.
- *"Personally Identifiable Information"*: Personally identifiable information ("PII") is information about a student that is contained in their education records that cannot be disclosed without compliance with the requirements of Family Educational Rights and Privacy Act of 2001 ("FERPA"). PII includes, but is not limited to: a student's name; the name of a student's parent or other family member; the address of a student or student's family; a personal identifier, such as the student's Social Security number, student number or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who Charter School reasonably believes knows the identity of the student to whom the education record relates.
  - *"Directory Information"*: [Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed.](#) Charter School may disclose the PII that it has designated as directory information, consistent with the terms of the annual notice provided by Charter School

pursuant to the FERPA (20 U.S.C. § 1232g). Charter School has designated the following information as directory information:

1. Student's name
  2. Student's address
  3. Parent/guardian's address
  4. Telephone listing
  5. Student's electronic mail address
  6. Parent/guardian's electronic mail address
  7. Photograph/[video](#)
  8. Date and place of birth
  9. Dates of attendance
  10. Grade level
  11. Participation in officially recognized activities and sports
  12. Weight and height of members of athletic teams
  13. Degrees, honors, and awards received
  14. The most recent educational agency or institution attended
  15. Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)
- *"Parent"*: Parent means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
  - *"Eligible Student"*: Eligible student means a student who has reached eighteen (18) years of age.
  - *"School Official"*: A school official is a person employed by Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Board of Directors of Charter School . A school official also may include a volunteer for Charter School or an independent contractor of Charter School or other party who performs an institutional service or function for which Charter School would otherwise use its own employees and who is under the direct control of Charter School with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist, [contracted provider of digital educational platforms and/or services](#); a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing their tasks.
  - *"Legitimate Educational Interest"*: A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

**Disclosure Of Directory Information**

At the beginning of each school year, Charter School shall provide parents and eligible students with a notice containing the following information: 1) The type of PII it designates as directory information; 2) The parent's or eligible student's right to require that Charter School not release "directory information" without obtaining prior written consent from the parent or eligible student; and 3) The period of time within which a parent or eligible student must notify Charter School in writing of the categories of "directory information" that it may not disclose without the parent's or eligible student's prior written consent. Charter School will continue to honor a valid request to opt out of the disclosure of a former student's directory information made while the former student was in attendance unless the student rescinds the opt out request.

**Annual Notification To Parents And Eligible Students**

At the beginning of each school year, in addition to the notice required for directory information, Charter School shall provide eligible students currently in attendance and parents of students currently in attendance with a notice of their rights under the FERPA. The notice shall inform the parents and eligible students that they have the right to:

1. Inspect and review the student's education records;
2. Seek amendment of the student's education records that the parent or eligible student believes to be inaccurate, misleading or otherwise in violation of the student's privacy rights;
3. Consent to disclosures of PII contained in the student's education records, except to the extent that disclosure is permitted without prior written consent pursuant to FERPA;
4. File with the U.S. Department of Education a complaint concerning alleged failures by Charter School to comply with the requirements of FERPA and its promulgated regulations; and
5. Request that Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

The notice must also include the following:

1. The procedure for exercising the right to inspect and review educational records;
2. The procedure for requesting amendment of records;
3. A statement that Charter School forwards education records to other agencies or institutions that have requested the records and in which the student seeks or

intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer; and

4. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest.

#### **Parental And Eligible Student Rights Relating To Education Records**

Parents and eligible students have the right to review the student's education records. In order to do so, parents and eligible students shall submit a request to review education records in writing to the Executive Director. Within five (5) business days, Charter School shall comply with the request.

##### 1. Copies of Education Records

Charter School will provide copies of requested documents within five (5) business days of a written request for copies. Charter School may charge reasonable fees for copies it provides to parents or eligible students. However, no charge shall be made for furnishing (1) up to two transcripts of former students' records or (2) up to two verifications of various records of former students. The charge will not include a fee to search for or to retrieve the education records.

##### 2. Request for Amendment to Education Records

Following the inspection and review of a student's education record, a parent or eligible student may file a written request with the Executive Director to correct or remove any information in the student's education record that is any of the following:

- a. Inaccurate.
- b. Misleading.
- c. In violation of the privacy rights of the student.

Charter School will respond within thirty (30) days of the receipt of the request to amend. Charter School's response will be in writing and if the request for amendment is denied, Charter School will set forth the reason for the denial and inform the parent or eligible student of their right to a hearing challenging the content of the education record.

If the Executive Director sustains any or all of the allegations, the Executive Director must order the correction or the removal and destruction of the information. The Executive Director or designee must then inform the parent or eligible student of the amendment in writing.

If the Executive Director sustains the parent or eligible student's request to change the student's name and/or gender, Charter School shall add a new document to the student's record that includes all of the following information:

- a. The date of the request.

- b. The date the requested records were corrected.
- c. A list of the records requested to be corrected.
- d. The type of documentation, if any, provided to demonstrate a legal change to the student's name and/or gender. The parent or guardian of the student is not required to provide documentation of a legal change to the student's name and/or gender.
- e. The name of the employee that completed the request.
- f. The student's corrected and former names and/or genders.

Charter School shall immediately update a former student's records to include the student's updated legal name or gender if the Charter School receives government-issued documentation demonstrating that the former student's legal name or gender has been changed. Acceptable government issued identification includes but is not limited to:

- a. State-issued driver's license.
- b. Birth certificate.
- c. Passport.
- d. Social security card.
- e. Court order indicating a name change or a gender change, or both.

If requested by the former student, the Charter School shall reissue any documents conferred upon the former student with the former student's updated legal name or gender. Documents that may be reissued by Charter School include, but are not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents conferred upon the former student.

If a former student requests that their name or gender be changed and the requested records are reissued, the Charter School shall add a new document to the former student's file that includes all of the following:

- a. The date of the request.
- b. The date the requested records were reissued to the former student.
- c. A list of the records that were requested by, and reissued to, the former student.
- d. The type of documentation provided by the former student in order to demonstrate the legal name or gender change.
- e. The name of the school district, charter school, or county office of education staff person that completed the request.
- f. The current and former name or gender of the former student.

### 3. Hearing to Challenge Education Record

If Charter School denies a parent or eligible student's request to amend an education record, the parent or eligible student may, within thirty (30) days of the denial, request in writing that the parent or eligible student be given the opportunity for a hearing to

challenge the content of the student's education record on the grounds that the information contained in the education record is: inaccurate, misleading, or in violation of the privacy rights of the student.

The Board Chair may convene a hearing panel to assist in making determinations regarding educational record challenges provided that the parent has given written consent to release information from the student's records to the members of the panel convened. The hearing panel shall consist of the following persons:

- a. The Administrator of Instructional Services, School Coordinator, or designee of a public school other than the public school at which the record is on file;
- b. A certificated Charter School employee; and
- c. A parent appointed by the Executive Director or by the Board Chair, depending upon who convenes the panel.

The hearing to challenge the education record shall be held within thirty (30) days of the date of the request for a hearing. Notice of the date, time and place of the hearing will be sent by Charter School to the parent or eligible student no later than twenty (20) days before the hearing.

The Administrator for Instructional Services or designee of a public school will serve as the chairman and shall not be required to use formal rules of evidence or procedure. The parent or eligible student will be given a full and fair opportunity to present evidence relevant to the issues relating to the challenge to the education record. The parent or eligible student may also, at their own expense, be assisted or represented by one or more individuals of their choice, including an attorney. The decision of the Board Chair or Executive Director or designee will be based solely on the evidence presented at the hearing and is final. Within thirty (30) days after the conclusion of the hearing, Charter School's decision regarding the challenge will be made in writing and will include a summary of the evidence and the reasons for the decision.

If, as a result of the hearing, Charter School decides that the information is inaccurate, misleading, or in violation of the privacy rights of the student, it will amend the record accordingly and inform the parent or eligible student of the amendment in writing.

If, as a result of the hearing, Charter School decides that the information in the education record is not inaccurate, misleading, or in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why they disagree with the decision of Charter School, or both. If Charter School places a statement by the parent or eligible student in the education records of a student, it will maintain the statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

**Disclosure Of Education Records And Directory Information**

Charter School must have a signed and dated written consent from the parent or eligible student before releasing any non-directory information from a student's education record except as provided below. The written permission must specify the records that may be disclosed, the purpose of the disclosure and the party or class of parties to whom the disclosure may be made. When disclosure is made pursuant to written permission, the parent or eligible student may request a copy of the disclosed records and Charter School shall provide the requestor with a copy of the records disclosed upon request. Signed and dated written consent may include a record and signature in electronic form if it identifies and authenticates a particular person as the source of the electronic consent and indicates such person's approval of the information contained in the electronic consent.

Charter School will only disclose PII on the condition that the receiving party not disclose the information to any party without the prior written consent of the parent or eligible student and that the receiving party use the information for the purposes for which the disclosure was made. This restriction does not apply to disclosures that fall within the disclosure exceptions listed below. Charter School must maintain the appropriate records related to these disclosure exceptions, as described below. Except for disclosures pursuant to a warrant, judicial order or lawfully issued subpoena, or directory information or to parents or eligible students, Charter School will inform a receiving party of the requirement that the party not disclose the information to any other party without the prior written consent of the parent or eligible student and that the receiving party use it for the purpose for which the disclosure was made. Note specifically that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

1. Charter School will disclose education records, without prior written consent of the parent or eligible student, to the following parties:
2. School officials who have a legitimate educational interest as defined by 34 Code of Federal Regulations ("C.F.R.") Part 99;
3. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at their last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to Section (IV)(3) above;
4. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;

5. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
6. Organizations conducting certain studies for Charter School in accordance with 20 U.S.C. § 1232g(b)(1)(F);
7. Accrediting organizations in order to carry out their accrediting functions;
8. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
9. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;
10. Persons who need to know in cases of health and safety emergencies;
11. State and local authorities, within a juvenile justice system, pursuant to specific State law;
12. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and/or a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by Charter School for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by Charter School ; and/or
13. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by Charter School with respect to that alleged crime or offense. Charter School may disclose the final results of the disciplinary proceeding, regardless of whether Charter School concluded a violation was committed.

#### **Solicitation and Disclosure of Student Information for Immigration Purposes**

Charter School shall observe the following:

1. Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of students or their family members.
2. If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.

3. If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.

4. Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.

5. During the enrollment process:

a. Where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

b. Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

c. Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment.

6. Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order. Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the Charter School prohibits disclosure, Charter School shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, Charter School shall not release the information. Charter School will permanently keep the consent notice with the record file.

Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

1. Notify a designated Charter School official about the information request.

2. Provide students and families with appropriate notice and a description of the immigration officer's request.

3. Document any verbal or written request for information by immigration authorities.

4. Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

Contract for Digital Storage, Management, and Retrieval of Student Records

The Charter School may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code section 49073.1 and other applicable state and federal laws.

**Record Keeping Requirements**

Charter School will maintain a record of each request for access to and each disclosure of PII from the education records of each student for as long as the records are maintained. For each request, the record must include the following information: the parties who have requested or received the information and the legitimate interests the parties had in requesting or obtaining the information.

For disclosures of PII to institutions that make disclosures of the information on behalf of Charter School in accordance with 34 C.F.R. § 99.33(b), the record must include the names of the additional parties to which the receiving party may disclose the information on behalf of Charter School and the legitimate interests that each of the additional parties has in requesting or obtaining the information.

These record keeping requirements do not apply to requests from or disclosure to parents or eligible students, Charter School officials with a legitimate purpose of inspecting the records, a party with written consent from the parent or eligible student, a party seeking directory information, or a party seeking or receiving the records as directed by a court order or subpoena.

The records relating to disclosures of PII may be inspected by parents and eligible students, Charter School officials (or their assistants) responsible for the custody of the records, and parties authorized by regulations for the purpose of auditing the recordkeeping procedures of Charter School.

Student cumulative records may not be removed from the premises of Charter School, unless the individual removing the record has a legitimate educational interest, and is authorized by the Executive Director, or by a majority of a quorum of the Board of Directors at a duly agendaized meeting. Employees who remove student cumulative records or other student records from the Charter School premises without a legitimate educational interest and authorization may be subject to discipline. Employees are permitted to take student work-product, or other appropriate student records, off premises without authorization for legitimate academic purposes (e.g. grading work-product, assigning credit, reviewing materials for classroom discussion, etc.).

**Complaints**

Parents and eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Student Privacy Policy Office  
U.S. Department of Education  
400 Maryland Avenue, S.W.  
Washington, D.C. 20202-~~5920~~[59208520](tel:20259208520)

### **Record Retention**

Charter School complies with the definition and retention of student records as established in Title 5 of the California Code of Regulations ("CCR") sections 431 through 438, per the following:

- *"Mandatory Permanent Student Records"*: must be maintained indefinitely or an exact copy thereof for every student who was enrolled in the charter school. These records are defined as:
  1. Legal name of student
  2. Date of birth
  3. Method of verification of birth date
  4. Sex of student
  5. Place of birth
  6. Name and address of parent of minor student
  7. Address of minor student if different than above
  8. An annual verification of the name and address of the parent and the residence of the student
  9. Entering and leaving date of each school year and for any learning periods or courses taken during each year, half year, summer or quarter
  10. If marks or credit are given, the mark or number of credits toward graduation allows for work taken.
  11. Verification of or exemption from required immunizations
  12. Date of high school graduation or equivalent

The mandatory permanent student record or a copy thereof shall be forwarded by the Charter School upon request of a public or private school in which the student has enrolled or intends to enroll. If the Charter School forwards the original mandatory permanent student record, a copy must be maintained by the Charter School. If the Charter School forwards a copy, the original must be maintained by the Charter School.

- *"Mandatory Interim Student Records"*: Must be maintained until judged to be disposable defined as "when the student leaves the charter school or when their usefulness ceases." These records may be destroyed during the third (3rd) school year following the determination that the records are disposable (i.e. 2019-2020 records may be destroyed after July 1, 2023). These records are defined as:
  1. A log or record identifying those persons (except authorized school personnel) or organizations requesting or receiving information from the record. The log or record shall be accessible only to the legal parent or guardian or the eligible

- student, or a dependent adult student, or an adult student, or the custodian of records.
2. Health information, including Child Health Developmental Disabilities Prevention Program verification or waiver
  3. Participation in special education programs including required tests, case studies, authorizations, and actions necessary to establish eligibility for admission or discharge
  4. Language training records
  5. Progress slips and/or notices
  6. Parental restrictions regarding access to directory information or related stipulations.
  7. Parental or adult student rejoinders to challenged records and to disciplinary action
  8. Parental authorizations or prohibitions of student participation in specific programs
  9. Results of standardized tests administered within the preceding three years

The mandatory interim student record or a copy thereof shall be forwarded by the Charter School upon request of a public school in California in which the student has enrolled or intends to enroll. If the transfer is to an out of state or to a private school, the mandatory interim student record may be forwarded. If the Charter School forwards the original mandatory interim student record, a copy must be maintained by the Charter School until it is destroyed in accordance with this Policy. If the Charter School forwards a copy, the original must be maintained by the Charter School until destroyed in accordance with this Policy.

- *"Permitted Student Records"*: may be maintained and may be destroyed when their usefulness ceases or after six (6) months following the student's completion or withdrawal from school. These records are defined as:
  1. Objective counselor and/or teacher ratings
  2. Standardized test results older than three years
  3. Routine discipline data
  4. Verified reports of relevant behavioral patterns
  5. All disciplinary notices
  6. Attendance records not covered in the 5 CCR § 400

Permitted student records may be forwarded upon a request by a public or private school in which a student is enrolling. If the Charter School forwards the original permitted student record, a copy must be maintained by the Charter School until it is destroyed in accordance with this Policy. If the Charter School forwards a copy, the original must be maintained by the Charter School until destroyed in accordance with this Policy.

\*\*\*\*

A copy of the complete Policy is available on the school website.

### ***Professional Boundaries: Staff/Student Interaction Policy***

The Board of Directors of Audeo Charter School hereby adopts this Staff/Student Interaction Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, and Sweetwater Secondary School, hereafter collectively referred to as "Charter School."

The Governing Board recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

#### **I. PURPOSE AND SCOPE**

It is the purpose of this policy to provide additional specificity to the standards of conduct embodied in the Charter School code of ethics-related rules and regulations so that staff members clearly understand the prohibitions and behavior boundaries which must govern their conduct towards students. (For purposes of this Policy, staff includes all school employees—certificated or classified; coaches or advisors; full-time or part-time, and independent contractors and volunteers).

The rules of conduct set forth in this Policy are not intended to serve as an exhaustive delineation of requirements, limitations, or prohibitions on staff conduct and activities established by this school. Rather, the components of this Policy serve to:

- (1) Alert staff about some of the more sensitive and often problematic matters involved in faculty/staff student relationships.
- (2) Specify boundaries related to potentially sexual situations and conduct—the crossing of which is contrary to accepted norms of behavior and in conflict with the duties and responsibilities of staff.
- (3) Provide staff members with clear guidance in conducting themselves in a manner that reflects high standards of professionalism. (It is important for Charter School to maintain a school-wide culture in which students and staff understand their responsibilities to report sexual misconduct without fearing that school leaders will betray them if they do. In order to prevent sexual abuse and exploitation, students and staff must know that the administration will investigate reports about possible misconduct.)
- (4) Clarify that improper action will have significant consequences.
- (5) Provide an environment that empowers students to identify actions that appear to have crossed boundaries.

- (6) Define the process that Charter School will use for addressing potential improper conduct.
- (7) Preserve student and staff privacy rights during any pending investigation.

## **II. BACKGROUND AND GENERAL POLICY PROVISIONS**

Actions by staff members that are inconsistent or in conflict with the values established by Charter School can harm students, staff members, and the school's operation; therefore, such actions are unacceptable. It is the policy of this school that all school staff conduct themselves at all times in a manner that reflects the ethical standards consistent with the rules contained in this Policy and otherwise proclaimed by this school.

The provisions herein are intended to guide all Charter School staff members toward conduct that reflects the high standards of behavior and professionalism required of school staff while defining interaction boundaries between students and staff members.

Misconduct by a staff member disrupt the education of other students, sidetrack the instructional focus of the school, and harm the school's legitimacy—all of which threaten the school's future ability to recruit skilled professionals and maintain a credible operation in the eyes of the community. It is critical that staff members study this Policy thoroughly and behave in ways to avoid even the appearance of misconduct.

While all boundaries and/or situations cannot be addressed in a single policy, the issues delineated herein are among those that can be most problematic for staff members and among those that can have the greatest potential for a negative impact on this school and its community. Staff members should seek guidance in their daily conduct from established policies, procedures, and directives as well as through the guidance and recommendations of school leadership. Although this Policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders.

## **III. BOUNDARIES**

### **A. Boundaries Defined**

For the purposes of this Policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of trust.

### **B. Acceptable and Unacceptable Behavior**

Some activities may seem innocent from a staff member's perspective, but some of these can be perceived as flirtation or sexual insinuation from a student or parent point of view. The purpose of the following lists of acceptable and unacceptable behaviors is not to restrain innocent,

positive relationships between staff and students but to prevent relationships that could lead to, or may be perceived as, inappropriate.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this Policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that all staff study this Policy thoroughly and apply its spirit and intent in their daily activities. Although sincere, professional interaction with students fosters the charter mission of implementing "personalized, education programs to facilitate student achievement," student/staff interaction has boundaries regarding the activities, locations, and intentions.

#### **Unacceptable Staff/Student Behaviors (Violations of this Policy)**

This list, and any subsequent lists, are not meant to be all-inclusive, but, rather illustrative of the types of behavior addressed by this Policy.

1. Giving gifts to an individual student that are of a personal and intimate nature.
2. Kissing of ANY kind.
3. Any type of unnecessary physical contact with a student in a private situation.
4. Intentionally being alone with a student away from the school.
5. Making, or participating in, sexually inappropriate comments.
6. Sexual jokes, or jokes/comments with sexual double-entendre.
7. Seeking emotional involvement (which can include intimate attachment) with a student beyond the normative care and concern required of an educator.
8. Listening to or telling stories that are sexually oriented.
9. Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.
10. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

#### **Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

1. Giving students a ride to/from school or school activities without parent permission (only in "emergency" situations).
2. Being alone in a room with a student.
3. Allowing students in your home.

#### **Cautionary Staff/Student Behaviors**

1. Remarks about the physical attributes or physiological development of anyone.
2. Excessive attention toward a particular student.
3. Sending e-mails, text messages, social media responses, or letters to students if the

content is not about school activities.

#### **Acceptable and Recommended Staff/Student Behaviors**

1. Getting parents' written consent for any after-school activity on or off campus (exclusive of tutorials).
2. Obtaining formal approval (site and parental) to take students off school property for activities such as field trips or competitions.
3. E-mails, text-messages, phone conversations, and other communications to and with students must be professional and pertain to school activities or classes. (Communication should be initiated via school-based technology and equipment.)
4. Keeping reasonable space between you and your students.
5. Stopping and correcting students if they cross your own personal boundaries.
6. Keeping parents informed when a significant issue develops about a student.
7. Keeping all discussions with students professional.
8. Asking for advice from senior staff or administrators if you find yourself in a difficult situation related to boundaries.
9. Involving your supervisor if conflict arises with a student.
10. Informing your supervisor and/or Support Team (coordinators and directors) about situations that have the potential to become more severe.
11. Making detailed notes about an incident that could evolve into a more serious situation later.
12. Recognizing the responsibility to stop unacceptable behavior of students and/or co-workers.
13. Asking another staff member to be present if you will be alone with any student who may have severe social or emotional challenges (and you are not the assigned case educator).
14. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student.
15. Giving students praise and recognition without touching them in questionable areas; giving appropriate pats on the back, high-five's, and handshakes are appropriate.
16. Keeping your professional conduct a high priority during all moments of student contact.
17. Asking yourself if any of your actions which go contrary to these provisions are worth sacrificing your job and career.

#### **IV. CORPORAL PUNISHMENT**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of Charter School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of PROHIBITED actions (corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a student as a means of control;
2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

## V. Reporting

When any staff member, parent, or student becomes aware of a staff member having crossed the boundaries specified in this Policy, they should report the occurrence or suspected occurrence to a supervisor and/or Support Team member promptly. All reports shall be confidential. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Staff must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse. Please note that employees of the

Charter School are mandated reporters under California state law, and are thus legally bound to report suspected abuse or neglect of a student.

#### **VI. Investigating**

A supervisor and/or Support Team member will promptly investigate and document the investigation of any allegation of inappropriate conduct per this Policy, using such support staff or outside assistance as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s), including any potential witnesses, to the extent practical and appropriate under the law. The investigating supervisor shall promptly notify the Administrator of Instructional Services that an investigation is in progress; the Administrator of Instructional Services, in turn, shall notify the Executive Director of the existence and status of any investigations. Upon completion of any such investigations, the Administrator of Instructional Services shall direct the investigating administrator to report to the Executive Director any conclusions reached. The investigating administrator may consult with Charter School legal counsel, as appropriate, prior to, during, and after conducting any investigation.

#### **VII. Consequences**

Staff members who have violated this Policy will be subject to appropriate disciplinary action, and, where appropriate, will be reported to authorities for potential legal action.

#### **VIII. Training**

This document shall be discussed with and acknowledged by all Charter School employees as part of their initial employment and again, on an annual basis, as part of on-going training for all Charter School employees. A copy of this acknowledgement will be placed into each Charter School employee's personnel folder. In addition, appropriate portions of this Policy and related information will be incorporated into on-going Charter School communications thrust to underscore the continuing importance that Charter School places on student/staff interaction.

\*\*\*\*

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Audeo Charter School II

CDS Code: 37103710134577

School Year: 2023-24

LEA contact information: Hayley Beaupre, Ph: (858) 678-3908 Email: hbeaupre@altusschools.net

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2023-24 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Audeo Charter School II expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Audeo Charter School II is \$4,720,495.00, of which \$3,472,316.00 is Local Control Funding Formula (LCFF), \$583,523.00 is other state funds, \$42,640.00 is local funds, and \$622,016.00 is federal funds. Of the \$3,472,316.00 in LCFF Funds, \$344,667.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Audeo Charter School II plans to spend for 2023-24. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Audeo Charter School II plans to spend \$4,484,470.00 for the 2023-24 school year. Of that amount, \$3,692,213.00 is tied to actions/services in the LCAP and \$792,257.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The budgeted expenditures that are not included in the Local Control Accountability Plan (LCAP) are salaries of administrative staff, maintenance services, utilities, custodial, janitorial, depreciation, audit, legal and oversight fees.

## Increased or Improved Services for High Needs Students in the LCAP for the 2023-24 School Year

In 2023-24, Audeo Charter School II is projecting it will receive \$344,667.00 based on the enrollment of foster youth, English learner, and low-income students. Audeo Charter School II must describe how it intends to increase or improve services for high needs students in the LCAP. Audeo Charter School II plans to spend \$972,746.00 towards meeting this requirement, as described in the LCAP.

## Update on Increased or Improved Services for High Needs Students in 2022-23

This chart compares what Audeo Charter School II budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Audeo Charter School II estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2022-23, Audeo Charter School II's LCAP budgeted \$714,865.00 for planned actions to increase or improve services for high needs students. Audeo Charter School II actually spent \$825,530.00 for actions to increase or improve services for high needs students in 2022-23.

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Audeo Charter School II	<b>Hayley Beaupre</b> Administrator of Instructional Services	<a href="mailto:hbeaupre@altusschools.net">hbeaupre@altusschools.net</a> (858) 678-2050

## Plan Summary: 2023-24

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

In July 2016, the State Board of Education approved Audeo Charter School II (Audeo II) as a free public-school option for students in grades K-12. Audeo II was created to replicate Audeo Charter School, a successful academic intervention program to reengage students by guiding them to return to their school of residence after catching up in credits or into a college or career post-secondary pathway.

**Audeo II received a Six-Year Accreditation Status by WASC through June 30, 2026.** Audeo II operates two resource centers in North and South Carlsbad that are located within Carlsbad Unified School District’s boundaries. Students and families visit resource centers by appointment, or as needed, to participate in the instructional program and meet with school staff in a quiet, distraction-free, and safe environment. Audeo II is a non-classroom based, independent study program.

Audeo II is part of Altus Schools. Altus Schools focus on academic improvement, high-caliber teaching, safe and supportive learning environments, and the development of role models for educational reform. At Audeo II, every student’s progress and academic achievement is important to us.

Our teachers are committed to providing a personalized and rigorous academic experience for each student. Teachers are trained to work on specific student needs. We ask that students and parents commit to working closely with our teachers. Teachers are actively involved with students and families, engaging with parents on a weekly basis through formal meetings, home visits, phone calls, and emails. Families are considered part of the learning ‘team’ and an integral part of the learning process.

Our school’s standards and expectations are high, and we are proud to offer safe and supportive environments that are conducive to learning. Instruction is presented individually and in small groups. Courses at Audeo II are based on Common Core State Standards and are infused with appropriate technology-based activities and assignments. We provide the best available materials and a school culture that is positive, supportive, and committed to putting kids first. In addition to providing a rigorous, personalized academic experience, Audeo II

works to alleviate social and personal pressures that can impact academic performance. We also have many partnerships and alliances to provide community resources to students and families.

**Audeo II is identified by the California Department of Education (CDE) as Dashboard Alternative School Status (DASS).** DASS schools must have an unduplicated count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups, to be eligible for DASS. The high-risk groups include the following:

- a) Expelled
- b) Suspended more than 10 days in a school year
- c) Wards of the Court
- d) Pregnant and/or parenting
- e) Recovered Dropouts
- f) Habitually Truant
- g) Retained more than once in kindergarten through grade eight
- h) Students who are credit deficient
- i) Students with a gap in enrollment
- j) Students with a high-level transiency
- k) Foster youth
- l) Homeless youth

In March 2023, Audeo II had a total enrollment of 256 students. Enrollment by Grade Level is displayed below. Currently, there are no students enrolled in K-5.

Of these 256 students, 53% were Socioeconomically Disadvantaged, 25% were Students with Disabilities, 8% were GATE, 7% were English Learners, 5% were Homeless, and 0% were Foster Youth.

In addition, of these 256 students, 52% were Hispanic, 33% were White and 4% Black or African American. 11% of students were other ethnicities. See the Enrollment by Ethnicity graphic pie chart below.

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Audeo II's Educational Partners are satisfied with the school's commitment to providing a personalized instructional program for all students. This personalized approach is the school's key instructional process: Pathways Personalized Education Plan (PPEP). A PPEP was created for each student this school year, then monitored and adjusted for all students to help them meet their academic goals. Along with the PPEP, the School's Instructional Plan utilizes a systematic approach to increase student outcomes: Instruction, Curriculum, and Professional Learning. School Educational Partners believe that these systems and structures have been beneficial supports for student engagement and

achievement this year, and they continue to report that students and parents seek out the unique educational opportunities that Audeo offers as they look for a new approach to learning and the ability to graduate on time.

**According to the 2022 Dashboard, Audeo II's Dashboard Alternative Status School (DASS) One-Year Grad Rate was 94% for All Students.** While the DASS one-year graduation rate is only being reported for information purposes for DASS schools, educational partners believe that this continues to be a key indicator of the school's success. As seen in the table below, the school exceeded the 80% target for All Students and all other numerically significant Student Groups. The actions the school has implemented to increase academic engagement for high school students will continue to be implemented for the 2023-24 school year to ensure that students graduate on-time and are ready for a successful transition to their chosen college/career pathways. Audeo II will remain committed to improving the Graduation Rate for all students and closing performance gaps for all student groups.

Student Group	Number of Students in the Graduation Rate	Number of Graduates	Graduation Rate
All Students	83	78	94.0%
English Learners	2	*	*
Foster Youth	1	*	*
Homeless	5	*	*
Socioeconomically Disadvantaged	40	37	92.5%
Students with Disabilities	14	12	85.7%
Asian	4	*	*
Filipino	2	*	*
Hispanic	28	26	92.9%
White	43	40	93.0%
Two or More Races	6	*	*

**The school was satisfied with the 2022 Chronic Absenteeism rate for students in grades K-8.** According to the 2022 School Dashboard, 11.1% of students were chronically absent for the school year. While this is considered a High status level, it is significantly better than the State's average (30%). School staff will continue to focus on reducing Chronic Absenteeism for all students by increasing academic tutoring opportunities, providing targeted counseling and intervention, and removing potential learning barriers by providing students with home technology. Educational partners believe that the school will continue to demonstrate improvement in this area.

For **English Language Arts**, All Students scored 16.3 points above standard on the Summative ELA Smarter Balanced Assessments in 2022. This is considered a High status level. The school will strive to enhance current systems and structures to improve ELA achievement for All Students and significant student groups. The school will analyze formative and summative assessment data throughout the school year to determine areas of weaknesses, particularly claims and targets and provide targeted instruction in those areas.

**Audeo II's educational partners are pleased with the 2022-23 academic achievement results, specifically the percentage of students who met their individual NWEA Growth Targets in English Language Arts and Mathematics in Spring 2023.** The goal is to have at least 60% of students meet their individualized NWEA Growth target. Results for 2022-23 are provided below:

- 81% of students tested met their NWEA Reading Growth Target
- 76% of students tested met their NWEA Language Growth Target
- 67% of students tested met their NWEA Math Growth Target

**Audeo II's Conditions & Climate remains a strength of the educational program.** For the 2022-23 school year, Audeo II's Suspension Rate on the School Dashboard was 0%. This is significantly better than the State's average, which is 3.1%. Providing Audeo II students with a healthy, safe, and welcoming environment is most important because a high percentage of students choose to enroll to 'get away from negative experiences' at their previous school settings.

The School surveyed students and parents throughout the 2022-23 school year to ensure a strong School-to-Home Partnership. Based upon Student and Parent LCAP Engagement Surveys, it is evident that students and parents are satisfied with the educational program. Some of the key survey findings are provided below.

#### **School Safety:**

- 100% of parents report that they feel their child is safe at school.
- 100% of students report that they feel safe at the Resource Center.

#### **Educational Program:**

- 100% of parents report high levels of satisfaction with school.
- 100% of students report high levels of satisfaction with the school.

Audeo II's educational partners believe that the school has successfully maintained high levels of student engagement by providing students with synchronous one-on-one academic tutoring and ongoing small group instruction. Instructional staff stay in regular contact with students and family members by utilizing a variety of communication methods, including virtual conferences, secure text messages, emails, phone calls, and home visits. These systems and supports have helped students thrive as reflected in our Student Confidence Survey and Cumulative Participation Rate.

#### **Student Confidence Survey:**

- As of February 2023, 96% of students have a greater sense of confidence in their ability to learn and succeed in school within 90 days of enrolling at Audeo II.

#### **Cumulative Attendance/Participation Rate:**

- As of April 2023, the school's cumulative attendance rate is 91.6%. This exceeds the 84% attendance target the school set for the 2022-23 school year. Significant student groups, including Hispanic or Latino, White, Students with Disabilities, English Learners, and Socioeconomically Disadvantaged students also exceed the school's target. The academic support and engagement methods utilized by instructional staff will continue to be implemented in the 2023-24 school year while also enhancing these approaches to meet the needs of all students, particularly the lowest performing student groups.

## **Reflections: Identified Need**

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to the COVID-19 pandemic, state law allows the 2022 School Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of the five Status levels (ranging from Very High, High, Medium, Low and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High).

Based upon a thorough analysis of the 2022 School Dashboard, the school will continue to focus resources and develop strategies to improve in the areas identified below:

- According to the 2022 School Dashboard, All Students scored 95.8 points below standard on the **Summative Mathematics Smarter Balanced Assessments**. This is considered a Very Low status level and will continue to be a critical area of focus for the school. Improving achievement of Socioeconomically Disadvantaged and Hispanic student groups will be crucial. The school will continue to refine and implement a systematic approach of curriculum, instruction, and professional learning to improve mathematics achievement for All Students and significant student groups. Furthermore, the school will continue to administer Interim Assessments to students to provide testing practice opportunities for students and obtain performance data that instructional staff can use to provide intensive academic intervention to those students who are at-risk of not meeting grade level standards. Teachers will also receive individualized professional learning from the school's math specialist focused on meeting the unique needs of each student.
- The school's **Combined Four-and Five-Year Graduation Rate** for 2022 was 69.9%. This is considered a Low status level. Both Hispanic and Socioeconomically Disadvantaged student groups achieved a Very Low status on this indicator. It should be noted that prior to 2022, the California Department of Education utilized the One-Year Grade Rate as a modified method for DASS schools. However, beginning with the 2022 School Dashboard, the DASS one-year graduation rate is being reported for information purposes only to provide data for local planning and analyses. With the denial of California's waiver in 2022 by the U.S. Department of Education to continue the use of the DASS one-year graduation rate and modified methods, this rate is no longer being used to determine DASS high schools for Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI). Rather, the combined four- and five-year graduation rate is now applied. While the school will continue to focus on improving the combined four- and five-year graduation rate, the school excelled in the DASS One-Year Grad Rate provided by the CDE (see table provided in the Reflections: Successes).
- While the **College/Career Indicator** (CCI) was not reported in the 2022 California School Dashboard, the school wants to increase the number of graduates who are meeting the Prepared criteria. To improve in this area, counselors will focus on recruiting and advising students on enrolling in CTE Pathways, Early College Credit Programs and Leadership/Military Science coursework. The school will also refine monitoring efforts focused on how each student is progressing towards meeting the CCI Prepared criteria.

Educational partners believe that professional learning is key to continued improvement and success on School Dashboard Indicators. Therefore, the school's Professional Learning System, Altus University, will provide instructional staff with specialized trainings focused on increasing engagement and achievement for specific student groups, including AVID, Trauma Informed Practices for Schools (TIPS), Youth Mental Health First Aid (YMHFA), Leading Edge Certification (LEC), and Writing Redesigned for Innovative Teaching and Equity (WRITE).

The school remains committed to engaging and educating parents and family members through the Family Learning Series, which also serves as the school's Parent Advisory Committee (PAC). The Family Learning Series will be a series of trainings led by school staff focused on providing parents and family members with information, training, and collaboration opportunities related to academics, physical health, social-emotional, and behavior.

The school's Equity and Inclusion (E&I) staff will collaborate regularly with school leadership, teachers, education specialists, counselors, and school nurses to discuss the unique needs of student groups and explore potential solutions. E&I staff will work on expanding the School's Multi-Tiered System of Supports (MTSS) by establishing partnerships with community-based organizations that can provide additional academic, mental health and behavioral services to students and family members.

## LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2023-24 LCAP highlights the school's priority to transform student lives and ensure equity and access. The development of the LCAP aligns to the school's Strategic Planning Process. Educational partner input is analyzed, along with student demographics and achievement data to identify program goals, Metrics, and actions that will ensure all students are meeting rigorous academic standards.

**Goal 1: Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.**

### **Key Actions and Services for All Students:**

- Systematic Approach to Monitor Student Learning
- Pathways Personalized Education Plan (PPEP)
- Multi-Tiered System of Supports (MTSS)

### **Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Equity and Inclusion Program
- English Learner Achievement Department (ELAD)
- Additional Math and ELA tutoring opportunities focused on increasing student engagement and credit completion

**Goal 2: Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and are accessible to All Students.**

### **Key Actions and Services for All Students:**

- Altus Pathways Advisory Council (APAC)
- UC a-g and NCAA approved course offerings list

- Accelerated, Honors and AP courses
- Multiple high quality and relevant CTE Pathways
- Early College Credit Program

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Connect Program: Chromebooks and internet data plans for students to use at home
- Instructional and curriculum enhancement tools: Achieve3000, BrainPOP ESL and Edgenuity MyPath Individual Learning Plans

**Goal 3: Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.**

**Key Actions and Services for All Students:**

- Altus University, professional learning system
- Leading Edge Certification, a national certification for educational technology
- Leadership development for staff: Executive Studies and Fellows Program
- CTE and Early College Credit Program professional learning
- Youth Mental Health First Aid
- ALICE Training: responding to a violent critical incident

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Math Specialist to provide support and coaching for instructional staff
- Writing Redesigned for Innovative Teaching Equity (WRITE)
- English Learner Achievement Department (ELAD) trainings
- Trauma Informed Practices for Schools (TIPS)
- Advancement Via Individual Determination (AVID)

**Goal 4: Provide a safe environment and supportive school culture for all educational partners to teach and learn.**

**Key Actions and Services for All Students:**

- Executive School Safety Committee
- School Safety Plan
- Designated Safety Ambassadors at each resource center

- Healthy Youth Department
- Character and Leadership Development with Cadet Corps

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Mental health counseling and services
- Resilience in Student Education (RISE) series
- Meal Program at all school sites
- Homeless and Foster Youth Liaison

**Goal 5: Provide innovative, engaging and a community-based resource center to service and support students, parents and family members.**

**Key Actions and Services for All Students:**

- Student and parent engagement activities, including College/Career Week, Alumni Community, Open House and Senior Night Events
- Family Learning Series, education and collaboration opportunities for parents and family members
- ParentSquare, a united and secure school communication platform
- Innovative and technology enhanced resource centers

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Family Resource Night
- Interactive and engaging English Learners Advisory Committee (ELAC)
- ELD Progress Reports, multilingual materials

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Audeo Charter School II is eligible for Comprehensive Support and Improvement (CSI).

## Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Beginning with the 2022 School Dashboard, DASS schools received the Combined Four-Year and Five-Year Graduation Rate, and this rate determined Audeo II's eligibility for CSI.

In prior years, the DASS Graduation Rate was used for accountability for DASS schools because they serve highly mobile and credit-deficient students. However, this is no longer allowable due to concerns raised by the U.S. Department of Education (ED) regarding California's use of a DASS modified graduation rate and academic indicator on the Dashboard. The ED issued a subsequent decision in August 2022 to decline a waiver request from the SBE of the requirements of the Every Student Succeeds Act (ESSA) to allow for continued use of the DASS graduation rate.

While Audeo II's Combined Four-Year and Five-Year Graduation Rate was 69.9% for 2022, the school's DASS One-Year Graduation Rate was 94%. Clearly, Audeo II has excelled at the DASS One-Year Graduation Rate. However, Audeo II's educational partners believe that the Combined Four-Year and Five-Year Graduation Rate may not be the most appropriate Metric to measure the school's ability to engage high school students, for the following reasons:

- Many students enroll at Audeo II credit deficient and not on-track to graduate within four or five years because of challenges they faced at their previous schools.
- The Combined Four-Year and Five-Year Graduation Rate only includes students who earn a 'regular high school diploma' and excludes High School Equivalency Certificate (e.g., CHSPE, GED, and HiSET).

While the Combined Four-Year and Five-Year Graduation Rate calculation method may be unfavorable to a DASS school, the **Audeo II school community is committed to continuous improvement and performance excellence.**

The school's CSI Plans were **jointly developed** by educational partners, including teachers, staff, students, parents, and family members. Meaningful educational partner feedback was collected throughout multiple collaborative settings: surveys, school events, meetings, conferences, and trainings. Feedback was collected, organized, and analyzed by the school to determine the educational needs of all students and formulate programs, services, and allocation of resources. Additionally, educational partner involvement contributes to the CSI Plan development in several important ways: identification and refinement of needs based on data analysis, creation of goals, establishment of metrics, designation of activities, and resource allocation.

Educational partners participated in a **Needs Assessment** which considers the needs of students who are failing, or at risk of failing, to meet state academic standards. Educational partners followed an **Improvement Science Protocol** to determine achievement gaps, focused on

the current state of graduation rates and the school's ideal rates of growth. Educational partners analyzed a variety of data and information related to student engagement and achievement, including all Dashboard Indicators, Measures of Academic Progress by NWEA, and Monthly Storybook Reports.

All data compiled and analyzed by stakeholder groups included historical and trend data for All Students and unduplicated student groups. As part of the Needs Assessment, educational partners analyzed **Resource Allocation** by category. Educational partners came to a consensus that school resources are appropriately allocated to supporting the needs of all students. **Therefore, no resource inequities were identified.** There is agreement that the school's instructional model is designed to support the needs of the lowest achieving student and potentially highest risk. Educational partners believe that the PPEP provides instructional staff with a systematic approach to support the academic and social-emotional needs of all students.

The school utilized a **Continuous Improvement Framework** that cultivates a problem-solving approach and close observation of the system that is producing the outcomes. This continuous improvement framework is essential to sustain program improvement. There are five fundamental steps in this process: 1) Inform, 2) Select, 3) Plan, 4) Implement and 5) Analyze. At the core of each continuous improvement process and step, educational partners engage in evidence-based decision making and reflection. Educational partners followed this continuous improvement framework while developing a systematic plan to improve graduation rate. The initial step was focused on analysis and educational partners investigated school needs, historical trends, potential challenges/barriers, and current strategies and interventions. The following key themes emerged as impacting the school's graduation rate:

- On average, high school students enroll below grade level in English Language Arts and Mathematics skills/knowledge, as measured by NWEA, and need high-quality instruction and rigorous materials to close potential achievement gaps.
- Students need additional small group and one-on-one tutoring in core classes to meet credit completion pacing requirements.
- Students and families, particularly socioeconomically disadvantaged households, need access to Chromebook and/or home internet to have full and equal access to the educational program.
- Students need programs and services such as Naviance, AVID, Pathways Portfolio, Cadet Corps, CTE Pathways, Advanced Placement (AP), and Early College Credit which are designed to engage and prepare students for post-secondary pathways.
- Counselors play a crucial role in assisting students with their college and career planning, including academic guidance, college research, application assistance, career exploration, financial aid, scholarships, personal/social support, and college transition support.
- Students need access to social-emotional learning opportunities and support/resources to remain engaged and achieve in school.

Based upon the Needs Assessment results, the school engaged in a comprehensive selection process to identify allowable CSI activities that build capacity, are evidence-based, and address the school's need to increase Graduation Rate. As a result, the school has integrated specific actions and services into the 2023-24 LCAP which are designed to improve Graduation Rate:

- **Goal 1, Action 3:** Recruit and hire additional instructional support staff that are designed to support the educational program. These additional support staff will allow teachers to focus on delivering instruction and provide additional support for students who need it the most.
- **Goal 1, Action 4:** Provide a high dosage tutoring program to students focused on intensive and targeted instruction over an extended period. This will involve one-on-one or small group instruction, allowing high-quality tutors to tailor their approach to individual needs.
- **Goal 2, Action 2:** Provide Chromebooks and internet services to students in need to enhance educational opportunities, create equal access to information, improve collaboration and communication, build digital literacy and technological skills, access personalized learning, and access career readiness tools and platforms.
- **Goal 2, Action 3:** Provide an Early College Credit Program that allows high school students to take college courses and earn college credits while attending high school. The Early College Credit Program is free to eligible students to increase the number of low socioeconomic status students who can attend and complete college.
- **Goal 2, Action 3:** Counselors will provide guidance, advising, and training to students and family members focused on preparing for college/career pathways.
- **Goal 3, Action 1:** Professional development for staff focused on implementing the school's MTSS with fidelity to ensure that the 'Whole Child' is being supported.
- **Goal 3, Action 2:** Specialized professional development for staff focused on utilization of evidence-based instructional strategies and rigorous materials to quickly close potential achievement gaps that may exist in Math and ELA, specifically for historically underserved student groups.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The school has added the **Combined Four-Year and Five-Year Graduation Rate Metric into LCAP Goal 1**. The desired outcome is to improve 3% annually on this Metric; or exceed the County DASS schools' average or State DASS schools' average. The school's Data Department staff analyzed results of the 2022 Dashboard and determined that the State DASS school average was 57.3% and San Diego County DASS school average was 55.1%.

For the 2023-24 school year, school leadership will continue to implement, analyze, and enhance the strategies, and supports embedded in the CSI Plan as part of the Continuous Improvement Framework. To monitor and evaluate the effectiveness of the CSI Plan services and support, the school will use multiple assessment tools, data analysis protocols, and will include key educational partners. To ensure continuous improvement, educational partners will review data published in the School Dashboard, Monthly Storybook Reports, and Survey Results to determine if the CSI Plan has been effective in addressing the areas of need for all students, but especially for the lowest-achieving students. Educational partners will utilize evaluative methods, particularly guiding questions for quantitative and qualitative data analysis, provided by the San Diego County Office of Education (SDCOE) to determine program effectiveness.

The following school departments and personnel will support the monitoring of designated strategies and interventions for high school students:

#### **School Data Department**

- Publish a Monthly Storybook that includes the number of students assigned to the Early College Credit Program, intervention frequency/methods, participation/attendance, and credit completion rates.
- Provide teachers, counselors, and instructional leaders with a quarterly SharePoint Technology Tool to monitor and respond to grade 12 students marked as 'not on-track' to graduate.

#### **School Curriculum & Professional Learning Department**

- Develop an annual Professional Development Catalog and adjust training topics and formats throughout the year based upon instructional staff feedback and teaching and learning data.
- Publish a monthly professional development (PD) report that summarizes the number of PD hours completed per teacher and in each content domain.

#### **School Leadership**

- Monitor and evaluate effectiveness of actions and interventions at weekly team meetings by analyzing comprehensive school data.

**Instructional Leaders**

- Meet with all teachers in July, October, and January to review individual students' progress towards graduation.
- Conduct ongoing teaching observations, September 2023 to April 2024, to ensure teachers and tutors are providing high-level, targeted instruction that supports the needs of the lowest achieving students. Observations will also be focused on the use of grade-level curriculum, technology tools, and the integration of TIPS and AVID instructional strategies.

**School Counselors**

- Meet weekly with instructional leaders to discuss and collaborate on students entering Tier II and Tier III interventions, as prescribed in the school's MTSS.
- Ongoing utilization of the School Pathways Student Information System to monitor high school student progress towards graduation.
- Meet weekly with instructional leaders to discuss grade 12 student participation and credit completion rates.

**Teachers**

- Ongoing utilization of monitoring tools, including Grad Countdowns and Student Participation/Credit Trackers as instruments to identify students at-risk of not graduating on-time.

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

The school regularly consults with educational partners throughout the school year to understand the academic, social-emotional, and physical needs of students and families. The school utilizes multiple methods to conduct **meaningful engagement**, including school events, trainings, meetings, committees, and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents, and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**The school has partnered with educational partners to develop the 2023-24 LCAP** which is focused on improving student outcomes and closing achievement gaps for underserved student groups. Educational partners have contributed to the LCAP development in several important ways: 1) Identification and refinement of needs based on data analysis, 2) creation of goals, 3) establishment of Metrics, 4) designation of actions/activities, and 5) resource allocation. The following educational partner groups have contributed to the development of the LCAP with the corresponding methods:

## **School Leadership Team**

Date: August 1-5, 2022

Involvement Method: Annual Strategic Planning

## **Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: August 19, 2022; August 24, 2022

Involvement Method: Annual Instruction, Curriculum and Accountability Symposium

## **Board of Directors and Community**

Date: August 31, 2022

Involvement Method: Board Meeting

## **Parents and Family Members**

Dates: July 27, 2022; August 10, 2022; September 14, 2022; September 28, 2022; November 2, 2022; December 14, 2022; January 25, 2023; February 15, 2023; March 1, 2023; April 12, 2023

Involvement Method: Family Learning Series

## **Board of Directors and Community**

Date: September 6, 2022

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: October 3-28, 2022

Involvement Method: School Open House Events

**All Staff**

Date: October 7, 2022

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: October 27, 2022

Involvement Method: English Learners Advisory Committee

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: October 28, 2022

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: September 23, 2022

Involvement Method: Special Education Compliance Clinic

**Students, Parents, Teachers and Staff**

Date: November 9, 2022

Involvement Method: School Site Council Meeting

**Board of Directors and Community**

Date: December 7, 2022

Involvement Method: Board Meeting

**All Staff**

Date: January 20, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: January 27, 2023

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: February 10, 2023

Involvement Method: Special Education Compliance Clinic

**School Leadership Team**

Date: February 22-23, 2023

Involvement Method: Mid-Year Strategic Planning

**Board of Directors and Community**

Date: March 1, 2023

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: March 1-24

Involvement Method: Senior Night Events

**Teachers, Education Specialists, Counselors and CTRs**

Date: March 17, 2023

Involvement Method: Instructional Meeting

**All Staff**

Date: April 7, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: April 18, 2023

Involvement Method: English Learners Advisory Committee

**Students, Parents, Teachers and Staff**

Date: May 8, 2023

Involvement Method: School Site Council Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: May 19, 2023

Involvement Method: Instructional Meeting

### **Board of Directors and Community**

Date: June 22, 2023

Involvement: Regular Board Meeting

The school's 2023-24 LCAP was presented to the community at a public hearing of the school's governing board. The agenda was posted at least 72 hours prior to the public hearing and was made available for public inspection.

### A summary of the feedback provided by specific educational partners.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Information collected is used in the school's comprehensive strategic planning, accountability and improvement in areas specified as California State Priorities. A summary of the input collected from each school community group is provided below, along with how it relates to development of the 2023-24 LCAP.

#### **Students:**

- Access to safe and supportive in-person school locations that are quiet and distraction free.
- A broad course of study, which includes engaging and relevant instructional materials and curriculum.
- Teachers who are available to answer questions, set high academic expectations for students and keep them on-track to advance grade level or meet graduation requirements.
- Multiple pathways to complete high school graduation requirements: Option #1, Option #2, CHSPE, GED and HiSET.
- Information, support, and planning related to post-high school pathways: community college, university, military, and career.
- Ongoing opportunities to participate in field trips that are relevant to their interests and post-high school plans.
- Variety of Meal Program options in the resource center.
- Recognition for academic achievements and accomplishments.

- Assignments and projects that include relevant current events.

**Parents, Family Members and Advisory Committees:**

- Highly trained teachers that can provide a personalized educational plan that prepares students for college/career pathways.
- Additional support and training related to planning for college and financial aid information.
- Ongoing opportunities for students to practice peer-to-peer collaboration on assignments and projects.
- Safe and supportive resource center that student can access throughout the school week to receive academic tutoring, interact with peers, and meet with support staff.
- Ongoing communication from instructional staff regarding their child's academic progress, engagement, and important school events.
- Supplemental math tutoring to build foundational skills and increase credit completion.
- Information and support accessing community-based partners.
- Provide Chromebooks and internet data plans to students in need of home technology.

**Parents of English Learners, including English Learner Advisory Committees:**

- Ongoing utilization of Achieve3000 and BrainPop to increase student reading skills and build content knowledge.
- Utilization of Zoom translation features for ELAC meetings.
- Translated school materials and availability of interpreters for calls and meetings.
- Share more strategies, resources, and tools for parents to support learning at home.
- Information related to their child's English language development throughout the school year, including test scores, academic grades, credit completion.

- Additional one-on-one tutoring opportunities.
- Specialized instructional videos designed to be more engaging and accessible by English Learner students with an IEP.

**Teachers and CTRs:**

- Additional instructional support staff to help meet the academic needs of students and support the instructional program.
- Continue to offer virtual professional development and meetings through Microsoft Teams, which will reduce teacher travel time.
- Professional development focused on identification/response to signs and symptoms of mental health challenges.
- Expanded professional development on how to respond to a violent incident, including active shooter.
- Provide mental health counseling sessions to students to address problems or issues.
- Resource centers designed to mitigate potential safety issues, including automatic locking doors, reinforced glass windows and other exterior precautions.
- Continue to provide student laptops and charging carts in resource centers.
- Enhanced communication system that school leadership can use to push-out school information to students, parents and family members.

**Education Specialists, Special Education Staff and SELPA Administrator:**

- Frequent collaboration opportunities with general education staff, focused on increasing student engagement and achievement of pupils with exceptional needs.
- Additional special education support staff to assist education specialists with organization, scheduling, and administrative tasks.
- Professional development and support related to Special Education compliance, assessment, differentiating instruction and case management best practices.

- Specialized literacy program/materials to support Students with Disabilities who are identified as struggling readers by the IEP Team.
- Student engagement and achievement data, which is disaggregated by Students with Disabilities, to utilize in Professional Learning Communities.
- Outreach and recruitment focused on enrolling more SWDs in Early College Credit Programs and Career CTE Pathways.
- Private office space for confidential IEP meetings.

**Administrators:**

- Teaching and learning environment that is in good repair, clean and safe for all educational partners.
- Additional instructional support staff to provide targeted tutoring to students in one-one-one and small group settings, primarily focused on Mathematics and ELA.
- Chromebooks and internet data plans for students in need of home technology to access the full curriculum and participate in online instruction.
- Engaging annual school events, including Family Night, College and Career Week, and Senior Night that provide educational partners with high-quality content and opportunities to ask clarifying questions related to the educational program.
- Utilize Ellevation to inform the instructional planning process for English learner students.
- Ongoing refinement of the MTSS to ensure that it is adequately responding to the unique needs of all students.
- A professional learning system focused on standards-based instruction, implementation of ELD and responding to social-emotional and mental health needs of students.
- Market and recruit more students to participate in programs focused on college/career readiness, including Early College Credit, CTE Pathways, AVID and California Cadet Corps.
- Implement strategies focused on increasing the number of graduates who complete UC a-g requirements.

Recruit more parents and family members to participate in school events, including Family Learning Series.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

It is evident that educational partners are satisfied with many of the existing actions designed to support student engagement and achievement for all students. For that reason, the school will maintain five LCAP goals for the 2023-24 school year. These five goals address the instructional approach, curriculum, professional development system, school climate and family engagement. Each LCAP Goal, along with their corresponding Metrics are aligned to State and Local priorities. Metrics included in the 2023-24 LCAP are focused on Status and Change, similar to the California School Dashboard's Five-by-Five Placement approach. There are some Metrics that use a locally set target based upon historical outcomes or may be appropriate for a school that serves a high-risk student population (DASS).

Based upon information collected from **students**, the school has added the following Actions to the 2023-24 LCAP:

- The school will continue to focus on recruiting and hiring qualified instructional support staff, including CTRs, RCAs, and LAs, to provide additional academic tutoring opportunities in-person and online.
- Recruit additional students to participate in AVID Program, which is designed to create a 'college going mindset' but also provide ongoing peer-to-peer interaction and collaboration.
- School instructional leaders will collaborate with teachers to plan ongoing field trips throughout the school year. Students continue to express in surveys that they want field trips that match their interests and post-secondary plans.
- The school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways.
- Increased access to counselors and college information/planning sessions.
- Full implementation of AVID Program to provide additional Social and Emotional Learning opportunities.

After examining feedback from **parents of English Learners**, the school will initiate the following 2023-24 LCAP Actions:

- Provide families of English Learners with ELD progress reports, aligned to the CA EL Roadmap.
- Full utilization of Zoom translation features to engage non-English speaking families.
- Additional tutoring opportunities for English Learner students focused on building Language skills and effective study habits.

Information collected from **parents and family members**, led the school to develop the following LCAP Actions for 2023-24:

- More information and support related to college and career planning.
- Additional opportunities for students to interact peer-to-peer in the school setting.
- Access to community-based partnerships that focus on health and wellness, particularly physical fitness and mental wellbeing.

- Engaging school events, including a Family Resource Night to increase parent involvement and awareness of educational programs and services designed to improve student academic achievement.

After evaluating feedback from **teachers and staff**, the school will initiate the following 2023-24 LCAP Actions:

- Targeted recruitment for instructional support staff to support that can provide high-quality academic tutoring in the core subjects.
- Expand Early College Credit opportunities to all students.
- Training focused on contemporary topics impacting the lives of youth and how educators can support and provide resources.
- Mental Health & Wellness Hub to quickly access information for students and families.
- Develop a mental health student referral process that is streamlined and user-friendly.
- Research potential futuristic teaching and learning methods, including Virtual Reality platforms.

By analyzing feedback from **special education staff**, the school has designed the following 2023-24 LCAP Actions:

- Additional college and career planning support for Students with Disabilities (SWDs) focused on successful post-secondary transitions.
- Integrate a specialized literacy program into the school's MTSS, Ascend SMARTER Intervention, as a targeted academic intervention for SWDs.
- Recruit SWDs to participate in AVID and Character and Leadership Development Programs to support their social-emotional learning needs.

Based upon feedback from **administrators**, the school will implement the following 2023-24 LCAP Actions:

- Targeted recruitment of instructional support staff that can provide high-quality one-on-one and small group instruction to students at risk of or failing to meet content standards.
- Create and implement an individualized Gifted and Talented Education (GATE) Plan for all identified students.
- Full implementation of AVID Program to build strong foundational skills, facilitate peer-to-peer collaboration, and create a college going mindset for students.
- Improve reporting Language development progress with families of English Learners, focused on ELPAC results, credit completion, local assessment data, and teacher observations.
- Utilize a 5D+ Rubric during teaching observations to elevate teaching pedagogy.
- Embedded Zoom training and support for staff in the Altus University Calendar.
- Improved alignment of English Learner Training with the CA EL Roadmap.
- Additional training focused on meeting the unique needs of newcome, immigrant, and refugee students who may be new to the community or school system.

- Ongoing training for staff focused on contemporary issues facing youth, but with emphasis on building school practices of equity and inclusion.
- Facility ticketing and monitoring system to ensure resource centers remain in good repair status.
- Facility card access control system to manage guest entry as a school safety precaution.
- Evaluate the California Healthy Kids Survey results to determine future school planning as it relates to MTSS.
- Develop a LCAP Infographic to summarize Goals, Actions, Expenditures for educational partners and community members.

# Goals and Actions

## Goal

Goal #	Description
Goal 1	Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.

An explanation of why the LEA has developed this goal.

Audeo II is an academic intervention program uniquely designed to support students experiencing educational difficulties for a variety of reasons. Historically, students enroll at Audeo II credit deficient and below grade level in Reading, Language, and Mathematics skills, as measured by NWEA. Therefore, Audeo II is committed to developing and implementing a Pathways Personalized Education Plan for all students with the objective to accelerate student learning for those behind grade level in academic skills while helping them meet their individual educational goals and be college/career ready.

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Systematic Approach to Monitor Student Learning for All Students	<p>a) School staff will administer Measures of Academic Progress by NWEA to students in the fall and spring semesters to make data-informed decisions related to curriculum and instruction to close ELA and Mathematics achievement gaps.</p> <p>b) School staff will administer the Smarter Balanced Interim Assessments to evaluate student mastery of grade level standards in ELA and Mathematics and create opportunities for instructional staff to analyze student data and develop systematic methods to improve student learning.</p> <p>c) Instructional staff will integrate Illuminate formative and summative assessments into the core curriculum to assess student learning, analyze achievement, and adjust teaching methods to meet the needs of all students.</p>	\$3,848	No

Action #	Title	Description	Total Funds	Contributing
Action 2	Evaluate and Support English Language Proficiency for English Learners	<ul style="list-style-type: none"> <li>a) School staff will administer a Home Language Survey to assess students enrolling for the first time in the state or country for initial English language proficiency and determine English Learner plan implementation.</li> <li>b) Instructional staff will administer the ELPAC to measure progress toward English proficiency, to inform instructional planning, supplemental support, language intervention, and to aid reclassification decisions.</li> <li>c) Instructional staff will develop IEPs for English Learners with disabilities that include academic goals for student language development.</li> <li>d) Based upon data analysis, ELAD will develop best practices for using data to inform Curriculum, Instruction, Family Engagement and Professional Learning Systems.</li> <li>e) Instructional staff will develop and implement evidence based formative and summative English Language proficiency assessments in one-on-one and/or small group tutoring to measure language skills.</li> <li>f) Instructional staff will deliver Integrated English Language Development (ELD) to support all English Learners with their acquisition of core content knowledge.</li> <li>g) Instructional staff will deliver Designated English Language Development (ELD) instruction through blended ELD courses to all English Learners according to grade level and language proficiency, and EL typology to support their development of critical language skills needed for content learning in English.</li> </ul>	\$153,039	Yes

Action 3	Academic Instruction and Support for All Students	<ul style="list-style-type: none"> <li>a) Human Resources staff will recruit and hire instructional staff to engage At-Promise youth and support their achievement – particularly additional RCAs, LAs and CTRs to support the instructional program.</li> <li>b) School staff will collect student educational records to aid in the creation of each Pathways Personalized Education Plan, including transcripts, report cards, attendance history, behavior records and 504 or IEP Plans, if applicable.</li> <li>c) Teachers will design, develop, implement, monitor, and adjust a Pathways Personalized Education Plan (PPEP) for every student based on educational records, assessment data, academic performance, and post-secondary goals.</li> <li>d) Instructional Staff will utilize School Pathways Student Information System (SPSIS) to report student attendance, document MTSS efforts, monitor student progress, and record grades.</li> <li>e) Instructional staff will utilize Naviance Program to support the successful postsecondary planning and collect information related to learning styles and preferences.</li> <li>f) Counseling staff will provide students with multiple pathways to earn a high school diploma, or equivalent, to increase successful student outcomes and transition to post-high school pathways.</li> <li>g) Teachers will provide tutoring sessions in Math and ELA that scaffold student skills to master course objectives and content standards and provide opportunities for live interaction to increase student connectedness to school.</li> <li>h) Teachers will provide academic tutoring sessions that are interactive with online video tutorials from both teachers and field experts that engage students in real-world applications and problem-</li> </ul>	\$810,070	No
----------	---	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>solving scenarios.</p> <p>i) Instructional staff will provide SBA Training Academies in April to prepare students for key Math and ELA claims and targets.</p> <p>j) School instructional leaders will support implementation of the school's Multi-Tiered System of Support (MTSS), which quickly matches the academic, behavioral, and social-emotional needs of all students and monitors the response to intervention.</p> <p>k) School staff will provide ongoing field trips that focus on student career and college pathways interest.</p> <p>l) Provide Gifted and Talented Education (GATE) for all identified students by specially trained teachers focused on inspiring students to utilize their talents and intellect to realize their full potential within an enriching academic environment.</p>		

Action #	Title	Description	Total Funds	Contributing
Action 4	Academic Instruction and Support for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Additional instructional support staff, including Resource Center Associates (RCAs), Learning Associates (LAs) and Certificated Teacher Resources (CTRs) to provide targeted tutoring to increase academic progress and completion rates for required graduation coursework.</li> <li>b) Partner with a community-based organization that can provide high-dosage tutoring opportunities throughout the school week focused on developing effective study habits and improving Math and ELA proficiency.</li> <li>c) Full implementation of the AVID program to build healthy learning habits, reading, writing, and critical thinking skills as well as deep content knowledge for college and career readiness.</li> <li>d) Counselors will provide additional support related to the academic, social-emotional and behavior needs of the lowest-achieving students.</li> <li>e) Equity and Inclusion (E&amp;I) Department staff to collaborate with school personnel to identify/respond to the educational needs of unique pupils, and coordinate services and resources to aid students and family members.</li> <li>f) Homeless and Foster Youth Liaison to coordinate with school staff to ensure appropriate enrollment processes, course planning, and school services to qualifying students.</li> </ul>	\$695,809	Yes

Action #	Title	Description	Total Funds	Contributing
Action 5	Academic Instruction and Support for Students with Disabilities	<p>a) Special Education staff to ensure that all Students with Disabilities receive FAPE through the implementation of services, accommodations, modifications, and supplementary aids as outlined in each student's IEP.</p> <p>b) Specialized Academic Instruction (SAI) provided by Education Specialists.</p> <p>c) Standards-based instruction is differentiated for students with IEPs and Education Specialists consult with general education teachers to implement accommodations and modifications in core curriculum and to customize learning activities to ensure accessibility through principles of Universal Design for Learning.</p> <p>d) Utilize Ascend SMARTER Intervention, to provide evidence-based literacy instruction to Students with Disabilities.</p>	\$555,852	No
Action 6	Systematic Monitoring of Academic Performance for All Students	<p>a) Data and Assessment Department staff will collect, analyze, and disseminate key performance measures aligned to student achievement and publish in Monthly Storybooks, including Student Participation, Chronic Absenteeism Rates, Credit Completion, Potential Dropout Rate, AP Course Reports and Naviance Student Confidence Rate.</p> <p>b) School staff will utilize the School's Data Integration System, including Naviance, NWEA, Illuminate and Achieve3000 to inform Curriculum, Instruction, E&amp;I and Professional Learning Systems.</p> <p>c) Instructional staff will utilize a Graduation Rate SharePoint Technology instrument to monitor individual student progress towards graduation and assist school staff in making real-time schoolwide projections for this engagement indicator.</p>	\$18,865	No

Action #	Title	Description	Total Funds	Contributing
Action 7	Systematic Monitoring of Academic Performance for English Learners, Low-Income students, and Foster Youth	<p>a) Instructional staff will utilize Ellevation as a monitoring system for all English Learner, including Long-Term English Learners, newcomer, and Reclassified Fluent English Proficient (RFEP) students to ensure adequate academic progress and align instructional and supplemental supports as needed.</p> <p>b) Instructional staff will monitor Long-Term English Learners (LTELs) and Reclassified Fluent English Proficient (RFEP) students through the PPEP Phase Meetings in July, October, and January.</p> <p>c) School leadership will develop a semesterly English Language Development progress report card aligned to the CA EL Roadmap to include designated ELD course completion, attendance, and progress towards reclassification.</p> <p>d) Teachers will provide all English Learner families with the ELD progress report card and opportunities to meet and discuss academic goals and needs.</p> <p>e) Data and Assessment Department staff will prepare a Monthly Storybook that summarizes English Learners, Low-Income students, and Foster Youth performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism and Credit Completion to inform the decision-making progress related to instruction, curriculum, equity/inclusion, and professional learning systems.</p>	\$198,222	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 is focused on increasing student engagement and academic achievement by developing, implementing, and adjusting a Pathways Personalized Education Plan (PPEP) for each student. There are seven Actions included in Goal 1. Upon a careful review of each Action, it is evident that there are no substantive differences to report. An Action summary is provided below:

- **Action 1:** Implemented the use of MAPs by NWEA, Smarter Balanced Interim Assessments and Illuminate Assessments to inform teaching and learning systems.
- **Action 2:** Implemented the school's English Language Development (ELD) Plan to all English Learner students.
- **Action 3:** Provided a PPEP to each student. School staff utilized key platforms, including School Pathways and Naviance to monitor student progress towards meeting individual academic goals and plan for postsecondary pathways. Counselors remained actively involved in the school's MTSS to support the unique needs of students and advise students and parents on viable graduation pathways. Teachers provided live academic instruction focused on increasing student skills in Math and ELA.
- **Action 4:** Provided additional academic tutoring opportunities geared primarily for unduplicated pupils. This included instructional support staff, and an ongoing partnership with a non-profit tutoring organization. Counselors, E&I staff, Homeless and Foster Youth Liaison provided support and coordinated services and support to meet the needs of special populations.
- **Action 5:** Implemented all Special Education services to qualifying students as outlined in their IEP.
- **Action 6:** Staff conducted systematic monitoring of student engagement and achievement by utilizing key Data Integration System platforms, including Naviance, NWEA, Illuminate and Achieve3000. Local monitoring tools and instruments were successfully published and updated to allow staff to conduct timely monitoring of key performance indicators.
- **Action 7:** Ellevation was successfully utilized throughout the year for English Learner monitoring and instructional planning. Data and Assessment Department staff provided ongoing and timely Monthly Storybooks that summarize unduplicated pupils' progress and achievement on key indicators to inform staffs' decision-making related to existing programs and services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**

Budgeted Expenditures: \$5,399

Actual Expenditures: \$3,665

Material Difference: Decrease \$1,734

Explanation: The actual expenditures for NWEA and Illuminate in Goal 1, Action 1 were lower than budgeted during Preliminary Budget.

**Action 3**

Budgeted Expenditures: \$826,610

Actual Expenditures: \$587,125

Material Difference: Decrease \$239,485

Explanation: Audeo II's Preliminary Budget included budgeted positions for Certificated Teacher Resources (CTR) to assist general education teachers with instructional programs and to support students with tutoring sessions. Due to a shortage in the workforce, the budgeted CTR positions were not filled.

**Action 7**

Budgeted Expenditures: \$213,944

Actual Expenditures: \$179,853

Material Difference: Decrease \$34,091

Explanation: When the Preliminary Budget was developed, Audeo II allocated FTE for new teachers positions to monitor English Learners and to ensure the need of adequate academic progress. Due to the positions not being filled, Audeo II decreased Goal 1, Action 7 by \$34,091.

An explanation of how effective the specific actions were in making progress toward the goal.

The school is confident that Goal 1 Actions are contributing to successful student outcomes appropriate for a school identified as DASS. The school was able to meet desired outcomes for the 2022-23 Metrics outlined below:

- Teachers Appropriately Assigned and Credentialed: 100% of teachers
- Projected Chronic Absenteeism Rate: 2%
- NWEA Reading Growth: 81%
- NWEA Language Growth: 76%
- NWEA Math Growth: 67%
- Student Attendance Rate: 91.6%
- Middle School Dropout Rate: 0%
- High School Dropout Rate: 1.1%

- Student Confidence Survey: 96%

While the 2022-23 DASS One-Year Graduation Rate is unavailable at this time, staff are optimistic that it will continue to exceed 90%. Additionally, the 2022-23 SBA Math and ELA results are unavailable, but staff are satisfied with the 2021-22 results and are optimistic that the school will be able to demonstrate annual continuous improvement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2022 School Dashboard, the CDE published the Combined Four- and Five-Year Graduation Rate as the High School Engagement Indicator, rather than the DASS One-Year Graduation Rate. Therefore, the Combined Four- and Five-Year Graduation Rate has been added as a Goal 1 metric.

Based upon educational partner feedback, the school has adjusted the Metric focused on Teachers Appropriately Assigned and Credentialed to have an annual target of 90%.

As a school identified as DASS, educational partners wanted to add comparison outcomes to the following Metrics: Graduation Rate, Chronic Absenteeism, SBA Math, and SBA ELA. Each of these Metrics will include County DASS school averages and State DASS school averages.

Based upon reflections and educational partner input, the following actions have been changed or added for SY 2023-24:

- **Action 2f and Action 2g:** These Actions were realigned from Goal 3 (Professional Learning) to Goal 1 (Teaching and Learning).
- **Action 3a:** The school's Human Resources staff will recruit additional part-time instructional staff, including Resource Center Associates (RCAs) and Learning Associates (LAs) to support the educational program.
- **Action 4a:** RCAs and LAs are included in this action to provide additional and targeted academic tutoring to unduplicated pupils.
- **Action 4c:** The school will provide a fully implemented and robust AVID program to increase student engagement and achievement for historically underserved student groups.
- **Action 5d:** Special Education staff will implement Ascend SMARTER Intervention to support the academic needs of students with disabilities to improve literacy.

- **Action 7c:** School leadership will develop a semester ELD progress report that teachers can share with families of English Learner students to summarize language progress.
- **Action 7d:** Teachers will prepare a semester ELD progress report for each EL student and share with families.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 2	Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and is accessible to All Students.

An explanation of why the LEA has developed this goal.

Audeo II is committed to providing students with equitable access to rigorous and standards aligned courses that improve achievement and prepare them for post-secondary pathways, including community college, university, military, and career.

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Standards Aligned Course of Study and Curriculum for All Students	a) Altus Pathways Advisory Council (APAC) will review, update, and monitor course of study alignment with Common Core State Standards (CCSS), English Language Development (ELD) Standards, and Next Generation Science Standards (NGSS).  b) Curriculum and Professional Development Department staff will review, update, and monitor course of study alignment with UC a-g and NCAA requirements.  c) APAC will customize Edgenuity, online learning curriculum, to ensure academic rigor and alignment to the Smarter Balanced ELA and Mathematics Assessments Blueprint.  d) Instructional staff will inform and educate students, parents, and family members on the benefits of taking advanced coursework, including Accelerated, Honors and Advanced Placement (AP).  e) APAC will develop and refine curriculum and instructional materials that are multicultural and diverse.	\$167,674	No

Action 2	Standards Aligned Course of Study and Curriculum for English Learners and Low-Income Students	<ul style="list-style-type: none"> <li>a) Provide Chromebooks and internet services to families in need of home technology to increase access and equity to the instructional program – close the digital divide.</li> <li>b) APAC will develop curriculum that is customized and blended for English Learners, with the Universal Design Learning (UDL) Guidelines to ensure all students can access and participate in meaningful, relevant, and challenging learning opportunities.</li> <li>c) Instructional staff will utilize Achieve3000, a comprehensive literacy program, to provide differentiated instruction per individual student reading levels, so English Learners are able to build literacy, content area knowledge, and accelerate learning gains within the school year.</li> <li>d) Instructional staff will utilize BrainPop and BrainPop ELL, a web-based comprehensive English language learning program, to provide ELL-specific supports, explicit instruction of grammar concepts, academic vocabulary, and access to content area knowledge.</li> <li>e) Teachers will assign supplemental curriculum for English Learners through Edgenuity MyPath Individual Learning Plans (ILPs) to accelerate academic skill development and close the achievement gap in in ELA and Math.</li> <li>f) Instructional staff will conduct outreach and recruitment to English Learner students with the focus on providing equitable access to the same educational program and services as all students, including access to Accelerated, Honors and Advanced Placement (AP).</li> <li>g) Ongoing Equity and Inclusion focused Professional Learning Communities, to ensure accessibility, equity, and achievement for high-risk student groups and historically underserved students to improve opportunities and readiness for college/career.</li> </ul>	\$156,990	Yes
----------	---	--	-----------	-----

Action #	Title	Description	Total Funds	Contributing
		h) Counselors and instructional staff collaborating to assign Edgenuity Prescriptive Testing courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation.		

Action 3	College/Career Pathways for All Students	<ul style="list-style-type: none"> <li>a) Curriculum and Professional Development staff to ensure that the course offerings list meets the demands and requirements of college, university, career, and military pathways.</li> <li>b) School staff will continue to offer CTE courses and Certification programs which are aligned to CTE Model Curriculum Standards.</li> <li>c) School staff will facilitate an annual Career Industry and College Week for students which includes informational presentations and workshops facilitated by field experts and representatives to educate students on post-secondary pathways.</li> <li>d) Expand Early College Credit opportunities to all students, including Dual Enrollment and Articulation by partnering with colleges.</li> <li>e) Counseling staff will inform all high school students, parents, and family members regarding benefits of early college credit opportunities and important registration deadlines.</li> <li>f) Counseling staff will provide students, parents and family members with information and training related to Dual Enrollment at Open House Events, Senior Night Events, Family Learning Series, and workshops hosted by community colleges.</li> <li>g) Counseling staff will inform and educate students on work-based learning opportunities, including Work Experience Education Program and Service Learning.</li> <li>h) School staff will administer Advanced Placement (AP) exams to students who want to earn college credit and placement.</li> <li>i) Instructional staff will support grade 12 students completing a Pathways Portfolio, a graduation course requirement that promotes digital literacy and preparation for post-high school pathways, including college, university, military, and workforce.</li> </ul>	\$235,314	No
----------	--	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>j) Counseling staff will utilize School Pathways SIS College/Career measures tags and CCI Report page to monitor individual high school student progress towards meeting Approaching and Prepared criteria.</p> <p>k) Instructional staff will utilize grade 12 SharePoint technology to update student progress towards meeting California School Dashboard CCI prepared criteria at January, March, and May 2024 Instructional Meetings to calculate College/Career readiness rate projections.</p> <p>l) Assist students and parents with applying for financial aid for college and career programs – the school’s Financial Aid Resource Webpage.</p>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 is focused on providing a broad, rigorous, and accessible course of study to all students that prepares them for college and career pathways. There are three Actions included in Goal 2. After reviewing each Action, the school has concluded that there are no substantive differences to report for Goal 2. An Action summary is provided below:

- **Action 1:** The school’s curriculum department, known as APAC, successfully aligned courses to State Standards, UC a-g, and NCAA requirements. APAC was able to update and align the school’s online curriculum (Edgenuity) to the Smarter Balanced ELA and Mathematics Assessments Blueprint. APAC also adjusted online, and textbook curriculum based upon user feedback, including teachers and students. There was a commitment to refine curriculum and materials to be multicultural and diverse. The school continued to recruit and challenge students to take advance curriculum offerings and offered AP Exams at school sites.
- **Action 2:** The school was able to successfully provide all students in need of home technology with a school issued Chromebook, along with internet connectivity. In addition, the school’s ELD program is fully implemented and sustained. Historically underserved student

groups continue to have access to a rigorous course of study, including Honors and AP, and specialized instructional materials and coursework to rapidly build foundational skills, literacy and quickly recover failing credits needed for grade level advancement and graduation. School counselors and E&I staff provided ongoing academic advising, support services, and training to the school community.

- **Action 3:** School staff received ongoing and sustained professional learning opportunities focused on planning and preparing students for post-secondary pathways. Counselors provided multiple opportunities for the school community to receive information and training related to key college/career aspects: Meeting the College Career Indicator (CCI) Prepared Criteria, Applying for Financial Aid, Early College Credit, CTE, Early Assessment Program (EAP), AP Exams registration, and Work Experience Education. The school provided a College and Career Week that included guest speakers from a variety of career fields and colleges to increase awareness of requirements, timelines, and processes. There were eight fully developed Career CTE Pathways available to all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**

Budgeted Expenditures: \$233,006

Actual Expenditures: \$188,327

Material Difference: Decrease \$44,679

Explanation: When the Preliminary Budget was developed, Audeo II allocated FTE for additional staff to provide, deliver instruction and curriculum to students. Due to the position not being filled, Audeo II decreased action Goal 2, Action 1 by \$44,679.

**Action 3**

Budgeted Expenditures: \$343,637

Actual Expenditures: \$281,465

Material Difference: Decrease \$62,172

Explanation: When the Preliminary Budget was developed, the school estimated to receive additional funding related to career education pathways for Goal 2, Action 3; while the school did not receive this projected funding, staff adjusted the instructional/curriculum approach to still offer this career preparation and pathways to all students.

An explanation of how effective the specific actions were in making progress toward the goal.

The school's Goal 2 Actions provided all students with a rigorous and well-rounded course of study that ultimately prepares them for future college and career pathways. The school was able to meet desired outcomes for the 2022-23 Metrics below:

- Availability of standards aligned instructional materials to all students: 100%
- Provide all students with access to a broad course of study: 100%
- Design and implement programs and services to pupils with exceptional needs that promote succession transitions: 100%
- CTE Career Pathways: Eight
- Core courses aligned to CCSS: 100%
- Science courses aligned to NGSS: 100%
- ELA and Social Science courses aligned to ELD Standards: 100%
- Core courses are UC a-g approved: 100%
- CTE courses aligned to CTE Model Curriculum Standards: 100%
- Compliant and accessible Work Experience Education Program: Met

The data for many of the 2022-23 College/Career Readiness Metrics are not available at this time; the school projects that these outcomes will be available in Fall 2023.

As mentioned in other LCAP sections, educational partners want to focus on increasing the percentage of graduates who meet the College/Career Indicator Prepared Criteria. Therefore, the school has added additional Goal 2 Actions designed to increase student participation in CTE, planning for college, and accessing Early College Credit opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The description of Goal 2 and Metrics will remain the same for SY 2023-24. Based upon educational partner reflections, the school has planned the following Action adjustments for the 2023-24 SY:

- **Action 3b:** The school will develop three additional CTE Career Pathway to meet the interest/needs of students and teachers, Animal Science, Retail Sales and Marketing, and Teacher Education.
- **Action 3d:** The school will expand Early College Credit opportunities to all students by partnering with colleges for Dual Enrollment and Articulation Agreements. School staff want all students to experience the benefits of Early College Credit, which include creating equitable

access to higher education, preparing for postsecondary pathways, improving GPA, and graduation rates.

- **Action 3I:** To provide students and families with additional support related to applying financial aid for college and career programs, the school has developed a resource page. The school's resource page includes information related to FAFSA and the California Dream Act and how to request additional support.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 3	Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.

An explanation of why the LEA has developed this goal.

Instructional staff need ongoing and sustained professional development to improve student achievement and meet the diverse educational needs of the school community.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome: 2021-22 Results	Year 2 Outcome: 2022-23 Results	Year 3 Outcome: 2023-24 Results	Desired Outcome for 2023–24
<p><b>Implementation of State Standards</b></p> <p>90% of teachers will participate in at least 60 hours of annual professional development focused on implementation of the academic content and performance standards for all pupils, including English Learners</p>	<p><b>2020-21 Source: Local Reporting</b></p> <p>100% of teachers</p>	<p><b>2021-22: Results</b></p> <p>88% of teachers as of April 2022</p>	<p><b>2022-23 Results</b></p> <p>100% of teachers as of April 2023</p> <p><b>Data Source:</b> Locally Reported</p>		<p><b>Desired Outcome for 2023-24</b></p> <p>&gt;90% of teachers</p>

## Actions

Action #	Title	Description	Total Funds	Contributing
----------	-------	-------------	-------------	--------------

Action 1	Professional Development Focused on Improving Academic Performance for All Students	<ul style="list-style-type: none"> <li>a) Curriculum and Professional Development Department staff will design and develop a Professional Learning Calendar and Catalog based upon Strategic Initiatives, staff needs, and feedback collected from educational partners.</li> <li>b) Altus University (AU) professional development trainings to increase teacher effectiveness in implementing Common Core State Standards (CCSS), Next Generation Science Standards (NGSS) and English Language Development (ELD) Standards.</li> <li>c) School instructional leaders will utilize a Teaching Observation rubric to conduct informal and formal observations throughout the school year with teachers to ensure that key learnings from professional development are being implemented.</li> <li>d) AU professional development training for staff focused on increasing skill and knowledge related to Career Technical Education (CTE).</li> <li>e) AU professional development training to increase teacher online instructional delivery, including Leading Edge Certification (LEC), a national certification for educational technology.</li> <li>f) Specialized training opportunities for Special Education staff related to IEP compliance, assessments and differentiated instruction – facilitated by the Special Education Coordinator, School Psychologists or SELPA.</li> <li>g) AU professional development trainings focused on differentiation of curriculum and instruction for all students, including GATE certification.</li> <li>h) AU professional development trainings and mentorships focused on staff leadership development, including Executive Studies and Fellows Projects which focus on innovating and improving programs or services related to Strategic Initiatives.</li> </ul>	\$37,317	No
----------	---	---	----------	----

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li data-bbox="665 228 1692 370">i) AU professional development trainings focused on supporting new teachers, including topics related to engaging unique pupils, data-informed decision making, MTSS implementation, technology systems, independent study compliance and vision/mission/values.</li> <li data-bbox="665 412 1692 480">j) AU professional development trainings focused on supporting teachers who do not meet annual scorecard performance targets.</li> <li data-bbox="665 522 1692 664">k) AU professional development trainings focused on supporting the whole child: Physical, mental, and social-emotional needs of students, including Youth Mental Health First Aid Training (YMHFA) and Suicide Prevention and Intervention.</li> <li data-bbox="665 706 1692 808">l) Provide ALICE Training and collaboration opportunities to all school employees, focused on how to prevent, mitigate, respond to, and recover from a violent critical incident.</li> <li data-bbox="665 850 1692 953">m) Provide instructional staff with training and support related to effective use of Zoom for virtual interaction and instruction, including Scribe to facilitate hybrid teaching environments.</li> </ul>		

Action 2	Professional Development Focused on Improving Academic Performance for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Instructional staff will receive training on the CA EL Roadmap to build understanding and expertise about the needs of ELs and research-based programs and practices.</li> <li>b) English Learner Achievement Department (ELAD) will provide training, support, coaching to instructional staff on the following topics related to the English Learner Plan: Designated ELD, initial and summative ELPAC administration, data analysis, evidence based instructional strategies, curriculum customization and EL monitoring and reclassification on Ellevation.</li> <li>c) Instructional staff will receive specialized training on how to meet the unique needs of newcomer, immigrant, and refugee students who may be new to the country/school system.</li> <li>d) Math specialist will provide teachers, education specialists, and CTRs professional development focused on supporting English Learners with effective use of the curriculum and instructional strategies. This will help English Learners access grade level content and enhance academic vocabulary.</li> <li>e) Achieve3000 training, coaching and support for instructional staff which is focused on program integration, best practices, and data analysis which will improve student literacy skills.</li> <li>f) Specialized professional learning for instructional staff including Writing Redesigned for Innovative Teaching Equity (WRITE) offered by San Diego County Office of Education (SDCOE) which is focused on improving underserved student groups' literacy skills and academic achievement.</li> <li>g) AU professional development trainings for staff focused on Equity &amp; Inclusion and how to cultivate reflective and positive discussion with students.</li> </ul>	\$13,939	Yes
----------	--	---	----------	-----

Action #	Title	Description	Total Funds	Contributing
		<p>h) Embed social-emotional learning activities in all AU professional development offerings to increase teacher knowledge and skills related to this area.</p> <p>i) Specialized college/career readiness training for staff, including Advancement Via Individual Determination (AVID), designed to increase the percentage of low-income students to complete UC a-g requirements.</p> <p>j) Trainings for school counselors focused on preparing Low-Income, Foster Youth, or first-generation students to enter college.</p> <p>k) AU professional development training for staff focused on research-based strategies and tools to support Homeless and Foster Youth engagement in school with a focus on Trauma Informed Practices for Schools.</p> <p>l) Partner with local non-profit organizations to increase staff awareness of contemporary youth topics, including Fentanyl awareness and Expansive School trainings.</p>		

## Goal Analysis for 2021-22

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 is focused on providing instructional staff will ongoing support and professional learning to meet the unique needs of students and family members. There are two Actions included in Goal 3. The school conducted a thorough review of each Action and determined that all but one strategy was implemented. For Action 2f, the school was unable to provide staff with training related to Writing Redesigned for Innovative Teaching Equity (WRITE). WRITE is a specialized literacy training provided by San Diego County Office of Education (SDCOE). WRITE training has been rescheduled to the 2023-24 school year. A Goal 3 Action summary is provided below:

- **Action 1:** The school created a Professional Learning catalog and made it available to educational partners prior to the start of the school year. The school provided training related to effective implementation of the State Standards to instructional staff throughout the school year. There was special emphasis on Mathematics and ELA since both content domains are critical areas of need. In addition, school staff participated in a wide variety of trainings, including CTE, LEC, Special Education, GATE, Executive Studies, Fellows Projects, MTSS, New Teacher Training, Professional Growth Training, YMHFA, and ALICE.
- **Action 2:** The school's English Learner Achievement Department (ELAD) provided specialized training to instructional staff focused on implementation of English Language Development (ELD). The Math Specialist provided instructional staff with support and training focused on meeting the unique needs of EL students, including effective use of curriculum, instructional materials, and strategies. Other specialized professional development and trainings offered to staff included, Achieve3000 implementation for EL students, equity and inclusion in a school setting, facilitating social-emotional learning, AVID, and supporting children and youth in transition (CYT).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

#### **Action 1**

Budgeted Expenditures: \$43,876

Actual Expenditures: \$33,830

Material Difference: Decrease \$10,046

Explanation: The school budgeted professional development for new teachers. As previously mentioned, since the budgeted positions for new teachers were not filled, the budget for professional development decreased by \$10,046 for Goal 3, Action 1.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3 Actions have significantly increased high quality teaching and learning at the school for all students, and unduplicated pupils. **All Goal 3 Metrics were met** for the 2022-23 school year, as summarized below:

- 100% of teachers participated in at least 60 hours of annual professional learning.
- 100% of teachers participated in at least 10 hours of annual Math professional learning.
- The school provided 11 English Learner Achievement Department trainings focused on Assessment, Curriculum, E&I, and Instruction.
- 100% of teachers have completed Leading Edge Certification within three years of their initial employment.

- 94% of staff report high levels of training relevance at Altus University sessions.
- 100% of students report high levels of satisfaction with their educational experience.
- 100% of parents and family members report high levels of satisfaction with their child's overall educational experience.

It is evident that the school's Professional Learning System is meeting the unique needs and requirements of educational partners. While school administration is satisfied with Goal 3 Metric results, there is consensus that instructional staff need ongoing and sustained training and coaching related to math and ELA achievement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 3 description and Metrics will remain the same for 2023-24. Based upon reflections, the school will initiate some additional Actions to ensure staff can support the needs of the Whole Child, including EL students, and increase student, parent, and family member engagement. A summary of these new Actions is provided below:

- **Action 1c:** Instructional leaders will utilize a Teaching Observation rubric to conduct informal and formal observations with instructional staff throughout the school year. The 5D+ Rubric Instructional Growth and Teacher Evaluation will be utilized during these teaching observations.
- **Action 1m:** In prior years, the school's primary virtual platform was Microsoft Teams. For 2023-24, school employees have professional Zoom accounts to increase student and parent engagement opportunities. School staff will receive training on how to use Zoom effectively and efficiently.
- **Action 2a:** Better align ELD training to the California EL Roadmap.
- **Action 2c:** Provide specialized training to employees focused on supporting the unique needs of students and parents who are new to the country.
- **Action 2i:** Partner with local organizations, including SAY San Diego to provide specialized training on contemporary issues/challenges facing youth.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 4	Provide a safe environment and supportive school culture for all educational partners to teach and learn.

An explanation of why the LEA has developed this goal.

Students, parents, family members and staff require a learning environment that is safe, distraction-free, and professional.

## Measuring and Reporting Results

		j) Provide annual professional learning to all staff, including Blood Borne Pathogens, Child Abuse Reporting, Sexual Harassment Prevention, AED, CPR and First Aid.		
Action 2	Social, Emotional and Behavioral Support Systems for All Students	<p>a) Healthy Youth Therapist to provide counseling services, facilitate student referrals and case management to meet the social-emotional, mental health and physical needs of each student.</p> <p>b) Healthy Youth Department will provide a Wellness Week focused on themes such as student Connection and Self-Care.</p> <p>c) Character and Leadership Development Program to promote health, wellness, and academic achievement.</p> <p>d) Instructional staff will provide small group learning environments in the resource center and/or in distance learning that promotes positive communication, behavior, and accountability.</p> <p>e) School staff will update the school website to provide families with information related to available food resources, health, and wellness services.</p> <p>f) Meal and Nutrition Program to promote student health and well-being.</p>	\$41,831	No

Action #	Title	Description	Total Funds	Contributing
Action 3	Social, Emotional and Behavioral Support Systems for Low-Income students and Foster Youth	<p>a) Incoming Foster Youth students are tagged by school enrollment staff in SIS to enable the Homeless and Foster Youth Liaison to ensure that their academic, physical, mental health, and social-emotional needs are met.</p> <p>b) The Homeless and Foster Youth Liaison will provide ongoing case management services and collaborate with instructional staff as needed.</p> <p>c) Healthy Youth Therapist to provide additional and targeted counseling services and case management to low-income students and foster youth.</p> <p>d) Healthy Youth Department will provide Resilience in Student Education (RISE), a series of live interactive broadcasts focused on the Social and Emotional Core Competencies.</p> <p>e) Implementation of AVID's social and emotional learning (SEL) to support students' needs, goal pursuit, and leverage of their college and career readiness.</p> <p>f) Creation and integration of homeless and foster youth resources into the school's mental health and wellness hub.</p> <p>g) Equity and Inclusion staff will develop a mental health referral process that will provide students and families with mental health and wellness resources, as well as connect them to school-based and community-based mental health supports.</p>	\$84,260	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 is focused on providing a safe environment and supportive school culture to all educational partners. All three Actions were fully implemented and sustained for the 2022-23 school year. A Goal 4 Action summary is provided below:

- **Action 1:** The Executive School Safety Committee met regularly to discuss potential safety issues and ensure successful implementation of the School Safety Plan. The school provided multiple opportunities for educational partners to provide input regarding safety procedures and training needs. School Safety Ambassadors attended training and facilitated discussions related to safety topics, including ALICE (Violent Critical Incidents) in ongoing Resource Center Meetings with colleagues. School nurses supported the physical health of the school community. Lastly, Operations and Facilities staff ensured the school sites' systems and structures were adequately prepared for emergency scenarios.
- **Action 2:** The school's Healthy Youth Therapist and Department were able to provide counseling services, referrals, and case management to meet the needs of all students. The school actively recruited students to participate in the Character and Leadership Development Program with Cadet Corps. Additionally, staff hosted a Wellness Week for all students, updated the school website to include information related to health/wellness, and provided a Meal Program available to all students at resource centers.
- **Action 3:** These actions were targeted to meet the unique needs of Low-Income and Foster Youth. The school's Homeless and Foster Youth Liaison facilitated identification, case management services, collaborated with community partners, and training to staff. Specialized school staff provided live social-emotional learning opportunities (RISE) for students as part of the school's MTSS.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

### **Action 2**

Budgeted Expenditures: \$36,790

Actual Expenditures: \$28,850

Material Difference: Decrease \$7,940

Explanation: Audeo II budgeted for additional staff to align with Goal 4, Action 2; due to the position not being filled, the Action decreased by \$7,940.

### **Action 3**

Budgeted Expenditures: \$49,093

Actual Expenditures: \$70,602

Material Difference: Increase \$21,509

Explanation: Audeo II increased the number of staff and the hours spent on enrollment for general, homeless, and foster youth students to ensure that their unique needs are met. The school also increased nutrition program related expenses to promote student health and well-being. As a result, Goal 4, Action 3 increased by \$21,509.

An explanation of how effective the specific actions were in making progress toward the goal.

Educational partners are satisfied with Goal 4 Actions and their contributions to providing a safe environment and supportive school culture conducive for teaching and learning. As a result of Goal 4 Actions, the school was able to **meet all 2022-23 Metrics**:

- As of April 2023, there have been no student suspensions or expulsions.
- 100% of students who completed surveys report high levels of school safety satisfaction.
- 100% of parents and/or family members who completed surveys report high levels of school safety satisfaction.
- The school's Safety Plan continues to meet the needs of the school community and remains compliant.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 4 description and Metrics will remain the same for 2023-24. Based upon feedback and reflections, the school will initiate some additional Goal 4 Actions:

- **Action 1d:** Utilize ZenDesk platform to support facility ticketing/monitoring.
- **Action 1e:** Install and provide maintenance services to Bravo card access controls at all resource centers and offices as a school safety precaution.
- **Action 1f:** Administer the CHKS to determine the current state of student health and wellness. Information gleaned from the survey will inform decision making related to school programs and services.
- **Action 1h:** Create a Mental Health & Wellness Hub available to all educational partners focused on meeting their diverse physical, social-emotional, and mental health needs.

- **Action 1j:** Provide specialized professional learning to staff focused on first aid, child abuse prevention, and maintaining a safe/professional work environment.
- **Action 3e:** Full implementation of AVID focused on building student academic skills, planning for college, and supporting social-emotional learning.
- **Action 3f:** Integrate key homeless and foster youth resources and services into the school's mental health and wellness hub.
- **Action 3g:** E&I staff available to the school community to assist in community referrals, training, case management, and assisting school leaders with responding to student health emergencies.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 5	Provide innovative, engaging and a community-based resource center to service and support students, parents and family members.

An explanation of why the LEA has developed this goal.

Meaningful educational partner engagement and community connectedness are essential elements to transforming lives.

## Measuring and Reporting Results

Action 2	Engagement Opportunities for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Provide an annual Family Resource Night at the beginning of the school year to educate parents and family members on educational programs and services designed to increase access to our educational program for historically underserved student groups.</li> <li>b) Provide bus passes to Foster Youth to increase access to the resource center for educational support and services.</li> <li>c) Facilitate interactive English Learners Advisory Committee (ELAC) meetings to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment.</li> <li>d) Engage parents of English learner students to seek feedback on existing ELD Programs and potential barriers to learning.</li> <li>e) Utilize ELD progress report cards to engage families of English Learners in needs assessment and goal development.</li> <li>f) Provide translated materials and resources for parents and family members of English Learners.</li> <li>g) Designated translators and/or bilingual staff at resource centers with high enrollment of non-English speaking families.</li> <li>h) Design, develop and disseminate a multilingual LCAP infographic that summarizes the school's educational program, student profile and key services/programs available to unduplicated pupils.</li> <li>i) Develop and embed a feedback form into the mental health and wellness hub to solicit input and requests for support from educational partners.</li> <li>j) Utilize language interpretation in Zoom school events to increase school connectiveness of non-English speaking families</li> </ul>	\$12,189	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 5 is designed to provide community-based resource centers that are innovative in design and capable of engaging students, parents, and family members. While Audeo II instructional model is non-classroom based, school leadership wants to provide a physical school environment that students can attend throughout the school week to interact with peers, participate in live instruction, access school equipment, and meet with school staff. There are two Actions included in Goal 5. Upon reviewing each Action, school staff have determined that there are no substantive differences to report. Key Actions are summarized below:

- **Action 1:** The school provided multiple opportunities for students, parents, and family members to interact with staff and learn about important programs and services. These school events included Open House, Senior Night Events, and Family Learning Series. At school events, staff teach students and parents how to use communication and academic tools, including School Pathways Student-Parent Portal, Edgenuity, Achieve3000, ParentSquare, School Website and Naviance.
- **Action 2:** These are targeted Actions for English Learners, Low-Income, and Foster Youth. Key actions included providing bus passes to Foster Youth, facilitating engaging English Learner Advisory Committee (ELAC) meetings to increase involvement of parents of English Learners, bilingual staff who can provide translation services, and translated materials/resources for families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There are no material differences between Budgeted Expenditures and Estimated Actual Expenditures to report for Goal 5 Actions.

An explanation of how effective the specific actions were in making progress toward the goal.

The school community is satisfied with how Goal 5 Actions were able to increase engagement and innovation at Audeo II. **All Goal 5 Metrics were met** for the 2022-23 school year:

- 100% of school facilities are determined to be in Good Repair status, clean, safe, and functional for teaching and learning.
- The school expanded opportunities for parental and family member participation for low-income, English learners, and foster youth students in trainings, advisory meetings, and school events.
- Staff increased opportunities for parental and family member participation for students with exceptional needs.

- The school maintained formal partnerships with community-based organizations to support the needs of the ‘Whole Child’.
- There were ten Family Learning Series offered to parents and family members.
- 98% of parents and family members who completed a LCAP Survey reported that the Resource Center provided their child with innovative learning opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 5 Description and Metrics will remain the same for 2023-24. However, based upon data analysis and reflection the school have designed additional Actions:

- **Action 1j:** DocuSign, Zoom, and Adobe programs to improve work efficiency for staff and enhance communication with the school community.
- **Action 1k:** Research focused on utilization of Virtual Reality platform and technologies for teaching and learning.
- **Action 1i:** Refine systems to administer the CHKS to students.
- **Action 1m:** Increase community awareness of the school’s unique ability to help struggling students reengage in school, academically succeed, and prepare for post-secondary pathways.
- **Action 2a:** Conduct outreach and recruitment to involve more families in the annual Family Resource Night.
- **Action 2e:** Provide all parents and families of English learner students with an annual ELD progress report to foster engagement and goal development.
- **Action 2h:** Disseminate a multilingual LCAP infographic to the school community focused on highlighting targeted programs and services for unique learners.
- **Action 2i:** Integrate a feedback form into the school’s Health and Wellness Hub to solicit input and needs from educational partners.
- **Action 2j:** Utilize language interpretation features provided in Zoom at school events to increase school connectiveness and access for non-English speaking families.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2023-24

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$344,667	\$0

### Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
11.02%	0%	\$0	11.02%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Based upon educational partner feedback and data analysis, the school plans to initiate Increased or Improved Services designed to benefit foster youth, English learners (EL), and low-income students **to a greater extent** than students who are not low-income, EL and/or foster youth. These **LEA-wide Contributing Actions** are outlined below and upgrades the entire educational program for all students:

- **Goal 1, Action 4a:** As provided in the Engaging Education Partners section, teacher feedback indicated that they need additional instructional **support staff** to provide direct tutoring services to students who are struggling to make adequate academic progress in core courses. To address these needs, the Human Resources Department will conduct targeted recruitment of RCAs and CTRs to fill vacancies. Educational research indicates that instructional aides and assistants can help implement differentiated instruction techniques, tailoring instruction to meet the diverse needs of students. We expect these actions to lead to an increase in the percentage of foster youth, English learners and low-income students meeting grade level standards on Smarter Balanced Assessments.
- **Goal 1, 4b:** Based upon data analysis, school staff indicated a need to provide high-dosage academic tutoring opportunities for students struggling in ELA and Mathematics. Specifically, foster youth, English learners and low-income students are struggling the most in these

academic areas. To address this need, the school will partner with a **non-profit organization to provide high dosage tutoring** throughout the school week, focused on skill development, direct instruction, guided practice, and independent practice opportunities. Educational research indicates that high dosage tutoring programs can help students overcome learning challenges and make significant progress in their studies. The school expects this supplemental tutoring program to improve the percentage of unduplicated pupils meeting their individualized NWEA Spring Growth targets in Math, Reading, and Language.

- **Goal 1, Action 4c:** Based upon educational partner feedback and college/career readiness outcomes, the school wants to improve programs and services that prepare students for post-secondary pathways. To address these needs, the school will offer an **AVID Program** which is focused on building healthy and sustainable study habits and college/career readiness. Educational research indicates that AVID is effective in improving student outcomes related to college/career readiness. We expect the AVID Program to lead to improvements in the percentage of unduplicated pupils graduating on-time, finishing UC a-g requirements, and scoring proficient on SBAs.
- **Goal 1, Action 4d:** Educational partners indicated that students need additional guidance as it relates to college/career readiness, social emotional support, and equity/access. To address these needs, the school will provide **counselors** who provide academic guidance to students, help students explore career options, navigate the college application process, understand financial aid opportunities, help address student personal and social issues, and identify and address barriers that marginalized students may face, such as lack of resources. Educational research indicates that counselors are essential for supporting students' holistic development, academic achievement, and future success. We expect counseling services to increase the number of unduplicated students graduating on-time, prepared for college/career pathways, and reporting high-levels of satisfaction with the educational program.
- **Goal 1, Action 4e:** School administrators want to continue to integrate Equity and Inclusion (E&I) services into the school's Multi-Tiered System of Support (MTSS). There is consensus that **E&I services** will elevate academic achievement, social-emotional well-being, school climate, and college/career readiness. Research indicates that E&I services address potential disparities and provide targeted support to marginalized students and can help narrow achievement gaps. The school expects these E&I services to improve academic outcomes, including increased engagement and higher graduation rates, particularly for unduplicated pupils.
- **Goal 1, Action 4f:** Educational partners provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. Specific feedback included, 'these basic needs must be met to keep them engaged in school and achieving.' To address these needs, a **homeless and foster youth liaison** will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations. The school expects these services to improve engagement metrics (chronic absenteeism, attendance, drop out rate, and graduation rate) for foster youth.

- **Goal 2, Action 2a:** There is consensus amongst the entire school community that providing all students with access to home technology and internet service can have several positive impacts on their learning and academic outcomes. To address these needs, the school will provide a Chromebook and internet service to all families in need to help bridge the digital divide and promote equity in education. Research shows that students from socio-economically disadvantaged backgrounds are more likely to lack access to technology and internet at home, creating a ‘homework gap’ that can hinder their ability to fully participate in the educational program. Providing all students with technology and internet access helps ensure equal opportunities for learning and reduces disparities in educational outcomes. The school expects the **Altus Connect Program** to improve digital access and equity, expanded learning opportunities, engender personalized and differentiated instruction, promote digital literacy, and enhance parental engagement and communication.
- **Goal 2, Action 2b:** Instructional staff want to create and develop a curriculum that can meet the diverse needs and learning styles of all students, particularly Students with Disabilities and English Learners. To meet these needs, The school’s curriculum departments (APAC), integrates **Universal Design for Learning (UDL)** guidelines into the core curriculum. Educational research indicates that UDL can increase student engagement and academic achievement because it provides multiple means of representation and expression to accommodate different learning preferences and abilities. The school expects these services to narrow achievement gaps, increase educational access, and create a more inclusive learning environment for all students.
- **Goal 2, Action 2c:** Based upon English learner performance on the Summative English Language Proficiency Assessment for California, the school wants to increase the percentage of ELs making progress towards English language proficiency. To meet these needs, the school will utilize **Achieve3000** which is an online literacy platform that aims to improve reading comprehension and vocabulary skills for students, including English learners. It provides differentiated content based on individualized reading levels and offers various tools and activities to support language acquisition. Educational partners suggest that this literacy program will ultimately help English learners improve performance on ELPAC because it is designed to match text based upon student reading abilities, provides differentiation/personalization features, and adjusts the difficulty level over time. While this program will certainly benefit English learners, staff suggests that it will help other students who may be considered struggling readers.
- **Action 2, Action 2d:** As previously mentioned school staff want to support the English development of ELs while increasing their engagement in school related activities and course completion. To meet these needs, the school will utilize **BrainPOP and BrainPOP ELL** as an educational tool that will be integrated into the school’s English Language Development (ELD) Program. School staff indicates that this program can help ELs in several ways, including providing engaging animated videos, comprehension activities, vocabulary development, grammar instruction, writing and speaking practice, and cultural awareness. The school expects these services to improve the school’s ELPI and other engagement metrics (e.g., attendance, chronic absenteeism, drop out). Because of the engaging animated videos, other students can benefit from this program to learn course content, develop language skills, and make learning more fun.
- **Goal 2, Action 2e:** Based upon educational partner feedback and data analysis, many new students enroll several grade levels behind in reading and mathematics. Therefore, it is essential to accelerate academic skill development and close achievement gaps. To meet these needs, the school will provide **Edgenuity MyPath Individual Learning Plans (ILPs)** that provide targeted instruction and support tailored

to the specific needs of each learner. Educational research suggests that when this type of program is implemented with fidelity and supported by well-trained educators, they can accelerate learning, improve academic skills, and close achievement gaps for students from low-income backgrounds or historically marginalized groups. The school expects these services to increase the percentage of students meeting their individualized NWEA Spring Growth target.

- **Goal 2, Action 2f:** Based upon College and Career Readiness data, the school wants to increase the percentage of graduates who are meeting the CCI Prepared criteria. In addition, the school wants to close opportunity gaps that exists for English Learners. To meet these needs, the school will conduct **targeted recruitment of English Learners to participate in Honors and Advanced Placement (AP)** coursework. By recruiting ELs to participate in AP and Honors programs, the school is taking actionable steps to close potential opportunity gaps and promoting educational equity. The school expects these services to lead to an increase in the number of ELs taking advanced coursework and meeting the CCI Prepared criteria on the school dashboard. As the school creates flyers and disseminates information to the school community, these efforts will likely lead to other students seeing the benefits of advanced programs and greater participation schoolwide.
- **Goal 2, Action 2g:** School staff is committed to closing opportunity gaps that may exist for student groups in education. To meet these needs, the school's **Equity and Inclusion (E&I)** personnel will **coordinate a multi-faceted and comprehensive approach with the school community that prioritizes equity, inclusivity, and the success of all students**. These E&I strategies will include data analysis, monitoring, program development, professional development, training, collaboration, partner with community-based organizations, targeted support for underserved student groups, parent and family engagement, and a focus on continuous evaluation and improvement. The school expects these services to increase the percentage of graduates who are meeting the CCI Prepared criteria, particularly for unduplicated pupils.
- **Goal 2, Action 2h:** Teachers and counselors continue to report that many new students enroll because they are credit deficient and are not on-track to graduate with their high school cohort. To meet these needs, the school will provide **Edgenuity Prescriptive Testing** courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation. Research indicates that credit recovery classes can support students' transitions to postsecondary education or the workforce. By enabling students to recover credits and graduate on time, these programs increase students' options and opportunities for further education or career pathways. The school expects these programs to increase graduation rates and reduce dropout rates, particularly for students from low-income backgrounds.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Audeo II has an enrollment of unduplicated pupils which exceeds 55.1% of total enrollment. The school's percentage to increase or improve services for unduplicated students is 11.02% and the estimated increased apportionment is \$344,667. Overall, services for English Learners,

Low Income and Foster Youth are being increased or improved through a range of targeted actions determined by educational partners that provides services for all groups, or principally directed to a single group. Targeted actions are determined by engaging educational partners, identifying potential needs, and designing services/programs that will increase engagement, elevate academic achievement, and prepare for college/career pathways.

Of the Targeted Actions to Increase and Improve Services described within this plan, several are services that are provided only to **unduplicated students and their families**, which are considered a Limited Scope. These **Limited Scope** Actions are outlined below:

**Goal 1, Action 2: Evaluate and Support English Language Proficiency for English Learners:** This Targeted Action is based on educational partners expressing a need to improve academic outcomes for English learner students due to English Language Acquisition needs. To address this need, the school's English Learner Achievement Department (ELAD) staff will develop evidence-based best practices to utilize language achievement data, including individual ELPAC scores, formative and summative core content assessment results to make informed decisions related to English learner plan implementation and respond to individual student needs. Best practices developed by ELAD will be systematically shared with instructional staff to ensure successful implementation to all English learner student schoolwide. School instructional leaders will conduct both informal and formal teaching observations throughout the school year to evaluate, provide coaching and support to teachers focused on implementation of established ELD best practices. The school expects this action to improve the percentage of English language students who are making progress towards English language proficiency (ELPI) and the annual reclassification rate.

**Goal 1, Action 7: Systematic Monitoring of Academic Performance for English Learners, Low Income and Foster Youth:** This Targeted Action is based on data analysis of opportunity gaps and feedback from the school community. Educational partners specifically want English Learners, Low Income and Foster Youth students to improve their average Distance from Standard on ELA and Smarter Balanced Assessments. To address this need, the school will utilize Ellevation to monitor ELs, Long-Term ELs, newcomer and RFEP students to ensure adequate progress is being made throughout the school year and align instructional and supplemental supports as needed. In addition, the school coordinator will support and coach teachers on monitoring English learner, Low Income and Foster Youth student progress and achievement in real time using Participation and Credit Monitoring instruments and deploy increased and intensified intervention as prescribed by the school's MTSS Framework. And lastly, school Data and Assessment Data Department staff will prepare a Monthly Storybook that summarizes student group performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism, and Credit Completion to inform the decision-making progress related to instruction, curriculum, E&I, and professional learning systems. The school expects that these targeted actions will close academic performance gaps that may exist for students of underserved groups. Effectiveness of this action will be measured by progress on Goal 1 Metrics: Smarter Balanced Assessments, Measures of Academic Progress, ELPI and English Learner Reclassification Rate.

**Goal 3, Action 2: Professional Development Focused on Improving Academic Performance for English Learners, Low-Income and Foster Youth.** This Targeted Action is based on data analysis conducted by educational partners and feedback related to professional learning needs. There is consensus that instructional staff need specialized training opportunities to improve student outcomes related to

academic achievement, specifically Smarter Balanced Assessments. To address these needs, during the development of the school's comprehensive professional learning system, Altus University, the school considers the needs of underserved student groups, including English Learners, Low Income and Foster Youth. For 2023-24, professional learning will include training for instructional staff focused on ELD data analysis through Illuminate, evidence based instructional strategies and curricular customization. These specialized trainings will be facilitated by the English Learner Achievement Department (ELAD). In addition, the school's math specialist will provide one-on-one coaching and support for teachers related to effective use of math instructional and curriculum tools to help English learner students access grade level content and enhance academic vocabulary. Achieve3000 and WRITE training will be provided to instructional staff focused on improving underserved student groups' literacy skills. Writing Redesigned for Innovative Teaching Equity (WRITE) is focused on enhancing teacher knowledge and skills in evidence-based instructional practices that promote effective literacy development. Research suggests that literacy training programs can help teachers develop a deep understanding of equity and culturally sustaining pedagogy, enabling them to create inclusive and equitable literacy instruction for historically underserved students. The school expects these services to positively impact students' language skills, comprehension, and overall literacy achievement (English Language Progress Indicator, EL Reclassification Rates, SBA ELA). And lastly, training opportunities focused on supporting the whole child, particularly social-emotional learning strategies to increase teacher knowledge and skills. We expect these actions will increase the capacity of staff to address the specific educational needs of unduplicated count students. The school will partner with community-based organizations to provide training to enhance teachers' understanding of student experiences, enabling them to create more relevant and meaningful learning opportunities. Educational research indicates that training programs focused on contemporary issues often emphasize social-emotional learning, the importance of inclusivity, diversity, and cultural competence. All training opportunities will prioritize data analysis, informed decision making, evidence-based instructional strategies, engender collaboration, and personalized approaches/methods to support student learning. The effectiveness of these actions will be determined by analyzing teacher participation in professional development opportunities, relevancy as indicated on training evaluations, and student/parent satisfaction with their educational experience.

**Goal 4, Action 3: Social, Emotional and Behavioral Support Systems for Low Income and Foster Youth:** As identified by educational partners, English Learners, Low Income and Foster Youth demonstrate a need for social-emotional and behavioral supports to improve academic outcomes. To address these needs, the school's Homeless and Foster Youth Liaison will support the designation of incoming Foster Youth students, provide ongoing case management to ensure that their academic, physical, mental health and social emotional needs are met. The Healthy Youth Therapist will provide additional and targeted counseling services and case management to low-income students and foster youth. By providing this case management to unduplicated pupils in need of social-emotional support, the school expects improved overall engagement in school and academic achievement. Students will also benefit from the newly created Mental Health and Wellness Hub that will integrate homeless and foster youth resources. In addition, the school's Healthy Youth staff will provide ongoing and sustained Resilience in Student Education (Rise), a series of live interactive opportunities for students to develop Social and Emotional Core Competencies. We expect these targeted actions to improve the number of students feeling safe, connected to school, and supported. Effectiveness of these actions will be determined by analyzing Metrics related to school climate, including Suspension Rate, Expulsion Rate and student safety perceptions gathered through surveys.

**Goal 5, Action 2: Engagement Opportunities for English Learners, Low Income and Foster Youth:** As identified by educational partner input and surveys, we need to increase parental involvement in school decision making, recruit additional parents and family members to participate in learning opportunities and expand communication with the entire school community. To address this need, ELAD will provide workshops, community resources, meetings, and opportunities, specifically for parents of English learner students to provide input into the development and implementation of the English Learner Plan, including the annual Needs Assessment. At all these engagement opportunities, the school will recruit parents of English Learner students by using Zoom translation features, translated materials and interpreters to facilitate dialogue. In addition, the school will provide bilingual staff at resource centers with high enrollment of non-English speaking families to establish a strong school to home partnership. The school expects these actions to increase parental involvement of English Learners, Low Income and Foster Youth and empower them to be more engaged with their child's education and planning for post-high school pathways. The school's Equity and Inclusion (E&I) staff will be focused on improving and expanding communication methods for parents, and monitoring trends. And lastly, to improve Foster Youth access to resource centers for educational support and services, the school's Foster Youth and Homeless Liaison will coordinate transportation services to qualifying students. Effectiveness of these actions will be measured by the number and frequency of parental participation opportunities provided to families throughout the school year, including the Family Learning Series which is designed to educate and train parents and family members. The school will also measure effectiveness by analyzing student engagement outcomes for unduplicated pupils, including student participation/attendance, Chronic Absenteeism Rate and Graduation Rate.

In conclusion, the school plans to continually monitor the effectiveness of these Targeted Actions provided to English Learners, Foster Youth, and Low-Income student groups by using multiple methods of data collection, including needs assessment and satisfaction surveys, engaging students and parents who participate in Formal School Events, Parent Advisory Committees, English Learners Advisory Committee and School Site Council. The school will also carefully monitor student groups' engagement and academic achievement in the Monthly Storybook, NWEA Assessments, Smarter Balanced Assessments, ELPAC and college/career readiness indicators. Instructional leaders will create the time and space needed for school staff to analyze student group achievement, discuss trends, and collaborate on effective practices and resources to support student groups.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Audeo II is not eligible for the additional concentration grant add-on funds.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	87:1
Staff-to-student ratio of certificated staff providing direct services to students	N/A	18:1

## 2023-24 Total Planned Expenditures Table

Totals	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds	Total Personnel	Total Non-personnel

# Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## Plan Summary

### Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

### Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

### Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated students
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

### ***Focus Goal(s)***

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### ***Broad Goal***

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### ***Maintenance of Progress Goal***

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

### ***Required Goals***

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

### **Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs

may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

**Projected LCFF Supplemental and/or Concentration Grants:** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## For School Districts Only:

### Actions Provided on an LEA-Wide Basis:

**Unduplicated Percentage > 55 percent:** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

**Unduplicated Percentage < 55 percent:** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000.

Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### **Contributing Actions Table**

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

### ***LCFF Carryover Table***

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

# Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## **Performance Standards**

The performance standards for the local performance indicators are:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

### **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access

to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

## **Local Control Funding Formula (LCFF) Priority 1 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 1 are provided below.

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions: **0**
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home: **0**
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies): **0**

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

## Local Control Funding Formula (LCFF) Priority 2 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 2 are provided below.

### Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the *optional* reflection tool (Option 2).

#### **OPTION 1: Narrative Summary (Limited to 3,000 characters)**

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts

- World Language

## OPTION 2: Reflection Tool

**Recently Adopted Academic Standards and/or Curriculum Frameworks**

**Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Career Technical Education					<b>X</b>
Health Education Content Standards					<b>X</b>
Physical Education Model Content Standards					<b>X</b>
Visual and Performing Arts					<b>X</b>
World Language					<b>X</b>

### Support for Teachers and Administrators

Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

Activities	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					X
Identifying the professional learning needs of individual teachers					X
Providing support for teachers on the standards they have not yet mastered					X

#### Optional Narrative (Limited to 1,500 characters)

Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board. **N/A**

## **Local Control Funding Formula (LCFF) Priority 3 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 3 are provided below.

### **Parental Involvement and Family Engagement (LCFF Priority 3)**

#### **Introduction**

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:<sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

## Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.

5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

## Sections of the Self-Reflection Tool

### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	<b>5 – Full Implementation and Sustainability</b>
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	<b>5 – Full Implementation and Sustainability</b>
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	<b>5 – Full Implementation and Sustainability</b>
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	<b>5 – Full Implementation and Sustainability</b>

### Building Relationships Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.**

The school engages educational partners in meaningful participation of the school's programs and systems of continuous improvement. The school partners with families to create a Pathways Personalized Education Plan (PPEP) for each student that reflects their strengths, learning style, interests, and post-secondary goals. In partnership with parents, school staff monitor student progress towards PPEP goals and systematically adjust throughout the school year. This process is built on an established trusting relationship between school and family whereas parents are provided with opportunities to provide input into their student's education plan and into the school's overarching goals, actions, and services. Results from the school's annual survey indicate that 100% of parents report being able to provide input and feedback to the school through multiple ways. Based on stakeholder Needs Assessment, the school has identified that a primary requirement of students and parents is a safe and supportive learning environment. Survey results indicate that 100% of parents and 100% of students report that their school is safe and supportive. Additionally, the school values the partnership between school staff and families as the foundation of parent and family engagement. Over 100% of parents report that they have a high satisfaction rate with their student's teacher. To further engage parents and families in the instructional program, the school has prioritized providing learning environments that are innovative and engaging. 100% of parents report that the school provides innovative and engaging learning environments.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.**

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Audeo II regularly consults with educational partners throughout the school year to understand the academic, social-emotional and physical needs of students and families. The school utilizes multiple methods to conduct meaningful engagement, including school events, trainings, meetings, committees and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.**

To improve the engagement of underrepresented families the schools will address needs on several fronts. School materials will be translated and of interpreters made available for calls and meetings. The school will issue continue to Chromebooks and internet data plans to households in need of home technology. Increased Family Learning Series offerings to families focused on how to best support their child in academics, college/career interests, instructional support and health and safety for

parents and families will be available. Utilization of Parent Square further provides communication and engagement of educational partners with the school.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	<b>5 – Full Implementation and Sustainability</b>
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	<b>5 – Full Implementation and Sustainability</b>
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	<b>5 – Full Implementation and Sustainability</b>
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	<b>5 – Full Implementation and Sustainability</b>

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The school provides professional learning and support to teachers, support staff, and leadership to improve the school's capacity to partner with educational partners and provide a high-quality education for every student. Currently, 100% of teachers have exceeded the school's goal to participate in at least 60 hours of professional learning. The school establishes formal partnerships with community-based organizations and non-profit organizations to provide services and support for students and families in the areas of family, food, housing, health, mental health, and college and career. The school has several formal partnerships providing services and support to families throughout the school year.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

Based upon information collected from students, the school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways. In addition, the school is focused on providing students with additional counseling services to support and plan for post-high school pathways. The school will issue Chromebooks and internet data plans to households in need of home technology through the school's connect program, managed by the school's Equity and Inclusion Department which is focused on increasing opportunities for all students to succeed. In addition, a partnership with a local non-profit tutoring organization will provide additional academic tutoring opportunities for their students – particularly focused in Mathematics and ELA. To better facilitate school to home two-way communication and input with English Learner households, school materials will be translated as translators provided when needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.**

Audeo II is fully committed to continuously improving the engagement of underrepresented families with our partnerships supporting student outcomes. This includes working to increase community-based partnerships that support the needs of our educational partners. These include resources for academic, physical, and social emotional needs of students to eliminate barriers to each student successfully achieving their Personalized Pathway Educational Plan goals.

### **Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation

4 – Full Implementation

5 – Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	<b>5 – Full Implementation and Sustainability</b>
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	<b>5 – Full Implementation and Sustainability</b>
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	<b>5 – Full Implementation and Sustainability</b>
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	<b>5 – Full Implementation and Sustainability</b>

### Seeking Input for Decision-Making Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**

The school engages educational partners in its processes for continuous improvement and prioritizes building capacity of staff and families to engage in advisory groups and decision making. The school provides training for School Site Council members annually and holds regular meetings to develop, refine, and update the LCAP Federal Addendum. The school provides training for English Learner Advisory Committee members annually and holds regular meetings to develop refine and update the English Learner Plan. The families of students in Special Education are engaged through the Community Advisory Committee that provides trainings, resources, supports, and feedback opportunities throughout the school year. The school holds a variety of Resource Center events that focus on family engagement and provide opportunities for input into the school's programs. Additionally, the school seeks input into the Local Control Accountability Plan (LCAP) through an annual survey. In 2022-2023 the school received input from over 70 students and parents and used the results in the development of the 2023-2024 LCAP.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.**

Educational partner input into decision making is actively sought through multiple venues. Audeo II will continue to seek to improve input into decision making from our educational partners through the implementation of parent square as a communication tool, soliciting input and educational partner feedback through annual engagement surveys, opportunities to participate in Parent nights, Senior nights, Family Learning opportunities, representation on the School Council, the English Language Advisory Committee, and involvement in College/Career week.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.**

School staff will provide opportunities for students, parents, and family members to receive school information and resources at Open House and Senior Night Events. The school has also enhanced the Family Learning Series, which is ongoing and sustained training for parents and family members focused on their individual needs. The Family Learning Series is also committed to empowering parents and family members to be part of the school planning process – which includes reviewing schoolwide student engagement, achievement, and college/career readiness data. Instructional staff utilize ParentSquare to engage and communicate with students, parents and family members regarding the educational program and opportunities for input and engagement. Interactive English Learners Advisory Committee (ELAC) meetings will seek to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment. The school will provide translated materials and resources for parents and family members of English Learners.

## **Local Control Funding Formula (LCFF) Priority 6 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 6 are provided below.

### **School Climate (LCFF Priority 6)**

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey, which is to be conducted at least every other year, that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6– 8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

**1. DATA: Reflect on the key learnings from the survey results and share what the LEA learned.**

Audeo II administers an Annual LCAP Stakeholder Engagement Survey to students and parents to measure perceptions on conditions of learning, student outcomes, and engagement. Over the last five years, survey results indicate that the number one key requirement of students and parents is a safe and supportive learning environment. This requirement has directly impacted on the development of Audeo II's LCAP. In order to monitor the success of Audeo II's LCAP Goal 4: *Provide a Safe Environment and Supportive School Culture*, the school has established a metric of maintain or achieve a 90% or higher safety satisfaction rating. In 2022-2023, Audeo II exceeded this metric. 100% of students reported that they felt safe at Audeo II and 100% of parents reported that they feel their child is safe at Audeo II. Additionally, the school establishes metrics for suspension and expulsion rates to reflect the effectiveness of the school's Multi-Tiered Systems of Supports (MTSS) that incorporates academic, social/emotional, and behavioral supports and interventions. In 2022-2023 Audeo II's suspension rate was 0.0% and expulsion rate was 0.0%.

**2. MEANING: What do the disaggregated results (if applicable) of the survey and other**

**data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?**

These metrics indicate that students' needs are being met in a positive and supportive learning environment that protects and encourages their participation and engagement in school. Confidence surveys show an increase after 90 days of enrollment in students' confidence in their ability and skills to learn and succeed in school and in their receiving of the support from their teacher to succeed in school compared to prior to enrolling.

**3. USE: What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?**

In addition to an Annual LCAP Stakeholder Engagement Survey the LEA will also administer the California Healthy Kids Survey (CHKS) to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness. Educational partners have provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. To address these needs, a homeless and foster youth liaison will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations.

## Local Control Funding Formula (LCFF) Priority 7 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 7 are provided below.

### Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. **Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.**

As of CBEDS 2022-2023 Audeo Charter II served 219 students in grades 6-12. The student demographics include:

- Percentage of Students with Disabilities: 23.5%
- Percentage of English Learners: 3.5%
- Percentage of Socioeconomically Disadvantaged: 51.5%
- Percentage of Homeless and Foster Youth (FY): 6.5%

Audeo II qualifies as a Dashboard Alternative School Status (DASS) program. This status holds schools accountable for the same state indicators, some with modified methods. The school is approved as a DASS school through the eligibility criteria of serving “high risk” student groups; the school has an unduplicated count of over 70% of students in that qualify as “high risk”, including credit deficient students and high transient students.

Audeo II uses the Pathways Personalized Education Plan (PPEP) process to plan, deliver and ensure all students across all student groups have access to a broad and rigorous course of study.

2. **Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study.**

The school's leadership team analyzes the results of the measures listed above annually. The results demonstrate that 100% of the students, including unduplicated groups and students with exceptional needs, have access to a broad and rigorous course of study. At our school, students take one to two courses at a time and students take the required grade level core courses within an academic school year. Course planning is individualized within the Pathways Personalized Education Planning (PPEP) Process. This process allows the instructional team to design a course plan based on the student's skill levels, interests, and post-high school goals. All courses leading to a high school diploma are UC-ag approved and NCAA approved. Students have access to Advanced Placement (AP) courses, honors courses, dual-enrollment and articulated courses, CTE courses and courses based on their PPEP. There are no differences in accessibility to courses across student groups at our school.

**3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.**

There are no barriers preventing Audeo II from providing access to a broad course of study for all students. Currently, 100% of the students have access to a broad and rigorous course of study. The school will continue to monitor its available course of study to ensure continued equitable access for all students.

**4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students?**

Due to the success the school has demonstrated in providing all students with access to a broad and rigorous course of study, no changes are currently planned. However, this data continues to be reviewed as part of our cycles of continuous improvement.

## Assumptions for Preliminary Operational Budget FY 2023-24

Audeo Charter School II (Audeo II) is an independent study program. Audeo II takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

**Apportionment credit for independent study programs, like Audeo II, are based on the student's "product" or academic work**, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo II is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- \* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo II is 55.10%.
- \* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

## **BUDGET INFORMATION**

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2023-24 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo II's April Revised Operational Budget.

**Table 1:**

Description	FY 2023-24
Grades 4-6 Adjusted Base Grant	\$10,069
Grades 7-8 Adjusted Base Grant	\$10,367
Grades 9-12 Adjusted Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)	8.22%
Audeo II's Unduplicated Pupil Percentage (Rolling Average)	55.10%
District's Unduplicated Pupil Percentage (EUHSD)	22.61%

Revenues were calculated based on the following enrollment and ADA:

**Table 2:**

Description	FY 2023-24 (Projected P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)
P-2 Enrollment	265	254	204
CBEDS	222	219	187
Students Served	543	538	479
ADA:			
Grade 4-6	8.34	8.23	5.31
Grade 7-8	27.98	27.61	17.65
Grade 9-12	223.38	220.45	207.00
<b>Total ADA</b>	<b>259.70</b>	<b>256.29</b>	<b>229.96</b>

### REVENUE PROJECTIONS

**Table 3:**

Description	FY 2023-24
LCFF Sources	\$3,472,316
Federal Revenues	\$622,016
State Revenues Other than LCFF	\$583,523
Local Revenues	\$42,640
<b>Total Projected Revenues</b>	<b>\$4,720,495</b>

- **In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.

- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$67 for Prop 20 (Lottery: Instructional Materials) and \$170 for Non-Prop 20 (Lottery: Unrestricted).
- **Federal Funds**

**Titles I, II, III, and IV** are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2022-23.

**ESSA: School Improvement (CSI) Funding for LEAs** is a Federal funding for LEAs with schools identified as requiring support consistent with the California State Plan for Every Student Succeeds Act. Audeo II was granted FY 2022-23 ESSA CSI in the amount of \$178,351, which was included in this budget.

**Elementary and Secondary School Emergency Relief Round II (ESSER II) Fund:**

On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act was enacted which included a second round of Elementary and Secondary School Emergency Relief (ESSER), referenced as ESSER II. The state of California is mandated to distribute a minimum of 90% of these funds to local educational agencies (LEAs) by following Title I, Part A allocation schedule, similar to how the first ESSER funds were distributed. This funding will provide LEAs with emergency relief funds to address the impact of COVID-19. The deadline for obligation of this fund is September 30, 2023.

Audeo II's ESSER II revised allocation is \$160,728 and of that amount, \$140,938 was spent as of FY 2022-23. Audeo II included the remaining amount \$19,790 in this budget.

**Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:**

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. This funding will provide LEAs with emergency relief funds to address the impact of COVID-19. Audeo II has developed and adopted a Plan for using its ESSER III funds to meet students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. Deadline for obligation of this fund is September 30, 2024.

Audeo II's ESSER III revised allocation is \$361,307 and of that amount, \$23,454 was spent in FY 2021-22 and \$13,365 in FY 2022-23. Audeo II included \$286,800 in this budget and the remaining amount of \$37,688 will be included in the next fiscal year.

**Expanded Learning Opportunities (ELO) Grant** is part of AB 86, signed by Governor Newsom on March 5, 2021, and is intended to provide supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals, and snacks to specified student groups. Audeo II's ELO Grant Plan is focused on implementing a learning recovery program for specific student groups, including but not limited to, low-income students, English Learners, foster youth, homeless students, and students with disabilities. Audeo II is also focused on providing supplemental instruction and support strategies to students identified as potentially 'at risk' of abuse, disengaged and credit deficiency. The deadline for obligation of ELO ESSER II and ELO GEER II funds is September 30, 2023, while ELO ESSER III funds is September 30, 2024.

Audeo II's revised allocation amount is \$224,537 and of that amount, \$125,184 of ELO general fund and \$40,649 of ELO ESSER II and GEER II was fully spent as of FY 2022-23. Audeo II spent \$3,279 of ELO ESSER III fund in FY 2022-23 and the remaining amount of \$55,425 is included in this budget.

**Project Safe from Exploitation (SaFE)** – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$575,000 and Audeo II is a subrecipient for \$1,888. As a subrecipient, Audeo II will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
  2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$130 per PY California Basic Educational Data System (CBEDS) count.
  - **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo II chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.85 for Grades K-8 and \$55.17 for Grades 9-12.
  - **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of

the school district and charter school LCFF. Audeo II included \$235,314 of CTE grant in this budget.

- Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development and programming for educators, staff, students, and families and coordinated referral pathways for students needing mental/behavioral health services. Audeo, Audeo II, and Audeo II will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed \$12,000 per calendar year for 4 years beginning 2022 through 2025. Audeo II included \$4,000 in its budget for this FY, which is under local revenue.
- Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$666.08 per ADA. Total allocation for Audeo II is \$153,171. The deadline for obligation of this fund is FY 2025-26. Audeo II included \$25,529 in this budget.

#### **NUMBER OF FULL-TIME EQUIVALENT (FTE) FACULTY**

**Table 4:**

<b>POSITIONS</b>	<b>OBJECT CODE</b>	<b>FY 23-24</b>
Teachers (Gen. Ed, Special Ed*, Instructional Leads)	1100	12.69
Certificated Pupil Support (Counselors/Nurse/Psychologist/Social Worker/Tech Lead)	1200	1.06
Certificated Supervisor & Administrator	1300	1.02
Other Certificated Teacher Resource (CTR)	1900	3.00
Resource Center Associate (RCA)	2100	4.00
Classified Support (Admin Support)	2200	0.15
Classified Supervisor & Administrator	2300	0.42
Clerical, Technical & Office Staff	2400	3.18
Other Classified (Administrative Support)	2900	0.06
<b>TOTAL FTE POSITIONS BUDGETED</b>		<b>25.58</b>

- \* To ensure compliance with Special Ed regulations, FTE position for Special Ed is at one Special Ed Resource Specialist for every 28 caseloads. We calculated the caseload by multiplying the total enrollment by the percentage of Special Ed population compared to

total student population. For FY 2023-24, we estimated the Special Ed population at 25.20%.

### **EMPLOYEE BENEFITS**

Employee benefits were calculated using the following rates:

**Table 5:**

	<b>Object</b>	<b>Certificated</b>	<b>Classified</b>
STRS (Teachers Retirement)	3111-12	19.10%	
PERS (Classified Retirement)	3211-12		26.68%
OASDI (Social Security)	3311-12		6.20%
MEDICARE	3321-22	1.45%	1.45%
Health & Welfare - Self-Insured Plan <u>Monthly Rates</u>			
- Medical \$2,200			
- Dental \$ 120			
- Vision \$ 27			
- Life Ins. .00114	3401-02

### **NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700**

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo II has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

### **RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200**

Audeo II has allocated \$18,380 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

### **PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800**

The total budget amount for Object Code 5800 is \$521,236 representing 11.04% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services,

MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

### **MARKETING**

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo II will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the district. The authorizing District has a broad and diverse student population. The budget for marketing will support significant outreach efforts to ensure that the student body of Audeo II reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo II has deployed an integrated marketing plan to support organizational growth. To reach Audeo II's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, Audeo II has allocated \$70,807 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

### **DISTRICT OVERSIGHT FEES**

Audeo II will pay its authorizing District (Escondido Union High School District) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Audeo II has budgeted \$34,723 for FY 2023-24 for oversight fees, which is included in object code 5800.

### **RESERVES**

Audeo II has allocated reserves of \$236,025 for FY 2023-24 representing 5% of total revenues of \$4,720,495.

### **FACILITIES**

Audeo II carries out contractual lease agreements with an annual cost of \$288,049 for FY 2023-24. The total cost of the current lease contracts from July 2022 through the end of the lease term (Year 2024) is \$419,667.

**RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT**

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30<sup>th</sup> of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school

district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of     **Audeo Charter School II**    ;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of     **Audeo Charter School II**     has determined to spend the monies received from the Education Protection Act as attached.

DATED:

**June 22, 2023**

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Audeo Charter School III

CDS Code: 37681060137034

School Year: 2023-24

LEA contact information: Sharnita Moore, Ph: (858) 214-2511 Email: [smoore@altusschools.net](mailto:smoore@altusschools.net)

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2023-24 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Audeo Charter School III expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Audeo Charter School III is \$2,609,534.00, of which \$1,921,279.00 is Local Control Funding Formula (LCFF), \$309,829.00 is other state funds, \$11,500.00 is local funds, and \$366,926.00 is federal funds. Of the \$1,921,279.00 in LCFF Funds, \$322,272.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Audeo Charter School III plans to spend for 2023-24. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Audeo Charter School III plans to spend \$2,479,057.00 for the 2023-24 school year. Of that amount, \$2,021,801.00 is tied to actions/services in the LCAP and \$457,256.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The budgeted expenditures that are not included in the Local Control Accountability Plan (LCAP) are salaries of administrative staff, maintenance services, utilities, custodial, janitorial, depreciation, audit, legal and oversight fees.

## Increased or Improved Services for High Needs Students in the LCAP for the 2023-24 School Year

In 2023-24, Audeo Charter School III is projecting it will receive \$322,272.00 based on the enrollment of foster youth, English learner, and low-income students. Audeo Charter School III must describe how it intends to increase or improve services for high needs students in the LCAP. Audeo Charter School III plans to spend \$514,166.00 towards meeting this requirement, as described in the LCAP.

## Update on Increased or Improved Services for High Needs Students in 2022-23

This chart compares what Audeo Charter School III budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Audeo Charter School III estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2022-23, Audeo Charter School III's LCAP budgeted \$411,933.00 for planned actions to increase or improve services for high needs students. Audeo Charter School III actually spent \$448,539.00 for actions to increase or improve services for high needs students in 2022-23.

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

## Plan Summary: 2023-24

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

In 2017, Audeo Charter School III was approved for operation by the Escondido Union High School District as a free public-school option serving students in grades 6-12. Audeo III is an academic intervention alternative centered on student motivation. It is our goal to place each student on a pathway to success.

**Audeo III received a Six-Year Accreditation Status by WASC through June 30, 2026.** Audeo III operates a resource center in Escondido. Students and families visit the Escondido Resource Center by appointment, or as needed, to participate in the instructional program and meet with school staff in a quiet, distraction-free, and safe environment. Audeo III is a non-classroom based, independent study program.

Audeo III is part of Altus Schools. Altus Schools focus on academic improvement, high-caliber teaching, safe and supportive learning environments, and the development of role models for educational reform. At Audeo III, every student's progress and academic achievement is important to us.

Our teachers are committed to providing a personalized and rigorous academic experience for each student. Teachers are trained to work on specific student needs. We ask that students and parents commit to working closely with our teachers. Teachers are actively involved with students and families, engaging with parents on a weekly basis through formal meetings, home visits, phone calls, and emails. Families are considered part of the learning 'team' and an integral part of the learning process.

Our school's standards and expectations are high, and we are proud to offer safe and supportive environments that are conducive to learning. Instruction is presented individually and in small groups. Courses at Audeo III are based on Common Core State Standards and are infused with appropriate technology-based activities and assignments. We provide the best available materials and a school culture that is positive, supportive, and committed to putting kids first. In addition to providing a rigorous, personalized academic experience, Audeo III

works to alleviate social and personal pressures that can impact academic performance. We also have many partnerships and alliances to provide community resources to students and families.

**Audeo III is identified by the California Department of Education (CDE) as Dashboard Alternative School Status (DASS).** DASS schools must have an unduplicated count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups, to be eligible for DASS. The high-risk groups include the following:

- a) Expelled
- b) Suspended more than 10 days in a school year
- c) Wards of the Court
- d) Pregnant and/or parenting
- e) Recovered Dropouts
- f) Habitually Truant
- g) Retained more than once in kindergarten through grade eight
- h) Students who are credit deficient
- i) Students with a gap in enrollment
- j) Students with a high-level transiency
- k) Foster youth
- l) Homeless youth

In February 2023, Audeo III had a total enrollment of 137 students. Of these 137 students, 58% were Socioeconomically Disadvantaged, 27% were Students with Disabilities, 4% were GATE, 20% were English Learners, 7% were Homeless, and 0.0% were Foster Youth.

In addition, of these 137 students, 71% were Hispanic, 17% were White and 3% Black or African American. 9% of students were other ethnicities. See the Enrollment by Ethnicity graphic pie chart below.

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Audeo III's Educational Partners are satisfied with the school's commitment to providing a personalized instructional program for all students. This personalized approach is the school's key instructional process: Pathways Personalized Education Plan (PPEP). A PPEP was created for each student this school year, then monitored and adjusted for all students to help them meet their academic goals. Along with the PPEP, the School's Instructional Plan utilizes a systematic approach to increase student outcomes: Instruction, Curriculum, and Professional Learning. School Educational Partners believe that these systems and structures have been beneficial supports for student engagement and achievement this year, and they continue to report that students and parents seek out the unique educational opportunities that Audeo III

offers as they look for a new approach to learning and the ability to graduate on time.

**According to the 2022 Dashboard, Audeo III's Dashboard Alternative Status School (DASS) One-Year Grad Rate was 97.1% for All Students.** While the DASS one-year graduation rate is only being reported for information purposes for DASS schools, educational partners believe that this continues to be a key indicator of the school's success. As seen in the table below, the school exceeded the 80% target for All Students and all other numerically significant Student Groups. The actions the school has implemented to increase academic engagement for high school students will continue to be implemented for the 2023-24 school year to ensure that students graduate on-time and are ready for a successful transition to their chosen college/career pathways. Audeo III will remain committed to improving the Graduation Rate for all students and closing performance gaps for all student groups.

### Graduation Rate by Student Group

Student Group	Number of Students in the Graduation Rate	Number of Graduates	Graduation Rate
All Students	35	34	97.1%
English Learners	9	*	*
Homeless	1	*	*
Socioeconomically Disadvantaged	21	20	95.2%
Students with Disabilities	8	*	*
American Indian or Alaska Native	1	*	*
Hispanic	23	22	95.7%
White	10	*	*
Two or More Races	1	*	*

**The school was satisfied with the 2022 Chronic Absenteeism rate for students in grades 6-8.** According to the 2022 School Dashboard, 9.4% of students were chronically absent for the school year. Audeo III's Chronic Absenteeism Rate is significantly better than

the State's average (30%). School staff will continue to focus on reducing Chronic Absenteeism for all students by increasing academic tutoring opportunities, providing targeted counseling and intervention, and removing potential learning barriers by providing students with home technology. Educational partners believe that the school will continue to demonstrate improvement in this area.

**Audeo III's educational partners are pleased with the 2022-23 academic achievement results, specifically the percentage of students who met their individual NWEA Growth Targets in English Language Arts and Mathematics in spring 2023.** The goal is to have at least 60% of students meet their individualized NWEA Growth target. Students showed improvements in all areas from the 2021-22 school year. Results for 2022-23 are provided below:

- 67% of students tested met their NWEA Reading Growth Target
- 78% of students tested met their NWEA Language Growth Target
- 72% of students tested met their NWEA Math Growth Target

**Audeo III's Conditions & Climate remains a strength of the educational program.** For the 2022-23 school year, Audeo III's Suspension Rate on the School Dashboard was 0%. This is significantly better than the State's average which is 3.1% Providing Audeo III students with a healthy, safe, and welcoming environment is most important because a high percentage of students choose to enroll to 'get away from negative experiences' at their previous school settings.

The School surveyed students and parents throughout the 2022-23 school year to ensure a strong School-to-Home Partnership. Based upon Student and Parent LCAP Engagement Surveys, it is evident that students and parents are satisfied with the educational program. Some of the key survey findings are provided below.

#### **School Safety:**

- 100% of parents report that they feel their child is safe at school.
- 98% of students report that they feel safe at the Resource Center.

#### **Educational Program:**

- 100% of parents report high levels of satisfaction with school.
- 100% of students report high levels of satisfaction with the school.

Audeo III's educational partners believe that the school has successfully maintained high levels of student engagement by providing students with synchronous one-on-one academic tutoring and ongoing small group instruction. Instructional staff stay in regular contact with students

and family members by utilizing a variety of communication methods, including virtual conferences, secure text messages, emails, phone calls, and home visits. These systems and supports have helped students thrive as reflected in our Student Confidence Survey and Cumulative Participation Rate.

### **Student Confidence Survey:**

- As of February 2023, 94% of students have a greater sense of confidence in their ability to learn and succeed in school within 90 days of enrolling at Audeo III.

### **Cumulative Attendance/Participation Rate:**

As of April 2023, the school's cumulative attendance rate is 89.9%. This exceeds the 84% attendance target the school set for the 2022-23 school year. Significant student groups, including Hispanic or Latino, White, Students with Disabilities, English Learners, Homeless, and Socioeconomically Disadvantaged students also exceed the school's target. The academic support and engagement methods utilized by instructional staff will continue to be implemented in the 2023-24 school year while also enhancing these approaches to meet the needs of all students, particularly the lowest performing student groups.

## **Reflections: Identified Need**

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to the COVID-19 pandemic, state law allows the 2022 School Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of the five Status levels (ranging from Very High, High, Medium, Low and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High).

Based upon a thorough analysis of the 2022 School Dashboard, the school will continue to focus resources and develop strategies to improve in the areas identified below:

- According to the 2022 School Dashboard, All Students scored 96.7 points below standard on the **Summative Mathematics Smarter Balanced Assessments**. The CDE did not provide the school with a Performance Level for Mathematics. The school will continue to refine and implement a systematic approach of curriculum, instruction, and professional learning to improve mathematics achievement for All Students and significant student groups. Furthermore, the school will continue to administer Interim Assessments to students to provide testing practice opportunities for students and obtain performance data that instructional staff can use to provide intensive

academic intervention to those students who are at-risk of not meeting grade level standards. Teachers will also receive individualized professional learning from the school's math specialist focused on meeting the unique needs of each student.

- For **English Language Arts**, All Students scored 12.8 points below standard on the Summative ELA Smarter Balanced Assessments in 2022. The CDE did not provide the school with a Performance Level for English Language Arts. Similarly, to Math, the school will consider ELA to be a critical area of focus for the 2023-24 school year. The school will strive to enhance current systems and structures to improve ELA achievement for All Students and significant student groups. The school will analyze formative and summative assessment data throughout the school year to determine areas of weaknesses, particularly claims and targets and provide targeted instruction in those areas.
- The school's **Combined Four-and Five-Year Graduation Rate** for 2022 was 60%. This is considered a Very Low status level. Both Hispanic and Socioeconomically Disadvantaged student groups achieved a Very Low status on this indicator as well. It should be noted that prior to 2022, the California Department of Education utilized the One-Year Grade Rate as a modified method for DASS schools. However, beginning with the 2022 School Dashboard, the DASS one-year graduation rate is being reported for information purposes only to provide data for local planning and analyses. With the denial of California's waiver in 2022 by the U.S. Department of Education to continue the use of the DASS one-year graduation rate and modified methods, this rate is no longer being used to determine DASS high schools for Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI). Rather, the combined four- and five-year graduation rate is now applied. While the school will continue to focus on improving the combined four- and five-year graduation rate, the school excelled in the DASS One-Year Grad Rate provided by the CDE (see table provided in the Reflections: Successes).
- The 2022 School Dashboard reports that 36.4% of English Learners are made **progress towards English language proficiency** or maintain the highest level, as measured by the Summative ELPAC. This is below the State average and will continue to be a critical area of focus for the 2023-24 school year. The school's comprehensive English Learner Plan is dedicated to supporting the development of EL students' proficiency in English and in the core curriculum.
- While the **College/Career Indicator** (CCI) was not reported in the 2022 California School Dashboard, the school wants to increase the number of graduates who are meeting the Prepared criteria. To improve in this area, counselors will focus on recruiting and advising students on enrolling in CTE Pathways, Early College Credit Programs and Leadership/Military Science coursework. The school will also refine monitoring efforts focused on how each student is progressing towards meeting the CCI Prepared criteria.

Educational partners believe that professional learning is key to continued improvement and success on School Dashboard Indicators. Therefore, the school's Professional Learning System, Altus University, will provide instructional staff with specialized trainings focused on increasing engagement and achievement for specific student groups, including AVID, Trauma Informed Practices for Schools (TIPS), Youth Mental Health First Aid (YMHFA), Leading Edge Certification (LEC), and Writing Redesigned for Innovative Teaching and Equity (WRITE).

The school remains committed to engaging and educating parents and family members through the Family Learning Series, which also serves as the school's Parent Advisory Committee (PAC). The Family Learning Series will be a series of trainings led by school staff focused on providing parents and family members with information, training, and collaboration opportunities related to academics, physical health, social-emotional, and behavior.

The school's Equity and Inclusion (E&I) staff will collaborate regularly with school leadership, teachers, education specialists, counselors, and school nurses to discuss the unique needs of student groups and explore potential solutions. E&I staff will work on expanding the School's Multi-Tiered System of Supports (MTSS) by establishing partnerships with community-based organizations that can provide additional academic, mental health and behavioral services to students and family members.

## LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2023-24 LCAP highlights the school's priority to transform student lives and ensure equity and access. The development of the LCAP aligns to the school's Strategic Planning Process. Educational partner input is analyzed, along with student demographics and achievement data to identify program goals, Metrics, and actions that will ensure all students are meeting rigorous academic standards.

**Goal 1: Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.**

### **Key Actions and Services for All Students:**

- Systematic Approach to Monitor Student Learning
- Pathways Personalized Education Plan (PPEP)
- Multi-Tiered System of Supports (MTSS)

### **Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Equity and Inclusion Program
- English Learner Achievement Department (ELAD)
- Additional Math and ELA tutoring opportunities focused on increasing student engagement and credit completion

**Goal 2: Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content**

## Standards and are accessible to All Students.

### Key Actions and Services for All Students:

- Altus Pathways Advisory Council (APAC)
- UC a-g and NCAA approved course offerings list
- Accelerated, Honors and AP courses
- Multiple high quality and relevant CTE Pathways
- Early College Credit Program

### Targeted Actions for English Learners, Low Income Students and Foster Youth:

- Connect Program: Chromebooks and internet data plans for students to use at home
- Instructional and curriculum enhancement tools: Achieve3000, BrainPOP ESL and Edgenuity MyPath Individual Learning Plans

## Goal 3: Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.

### Key Actions and Services for All Students:

- Altus University, professional learning system
- Leading Edge Certification, a national certification for educational technology
- Leadership development for staff: Executive Studies and Fellows Program
- CTE and Early College Credit Program professional learning
- Youth Mental Health First Aid
- ALICE Training: responding to a violent critical incident

### Targeted Actions for English Learners, Low Income Students and Foster Youth:

- Math Specialist to provide support and coaching for instructional staff
- Writing Redesigned for Innovative Teaching Equity (WRITE)
- English Learner Achievement Department (ELAD) trainings
- Trauma Informed Practices for Schools (TIPS)
- Advancement Via Individual Determination (AVID)

## Goal 4: Provide a safe environment and supportive school culture for all educational partners to teach and learn.

**Key Actions and Services for All Students:**

- Executive School Safety Committee
- School Safety Plan
- Designated Safety Ambassadors at each resource center
- Healthy Youth Department
- Character and Leadership Development with Cadet Corps

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Mental health counseling and services
- Resilience in Student Education (RISE) series
- Meal Program at all school sites
- Homeless and Foster Youth Liaison

**Goal 5: Provide innovative, engaging and a community-based resource center to service and support students, parents and family members.**

**Key Actions and Services for All Students:**

- Student and parent engagement activities, including College/Career Week, Alumni Community, Open House and Senior Night Events
- Family Learning Series, education and collaboration opportunities for parents and family members
- ParentSquare, a united and secure school communication platform
- Innovative and technology enhanced resource centers

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Family Resource Night
- Interactive and engaging English Learners Advisory Committee (ELAC)
- ELD Progress Reports, multilingual materials

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Audeo Charter School III is eligible for Comprehensive Support and Improvement (CSI).

## ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Beginning with the 2022 School Dashboard, DASS schools received the Combined Four-Year and Five-Year Graduation Rate, and this rate determined Audeo III's eligibility for CSI.

In prior years, the DASS Graduation Rate was used for accountability for DASS schools because they serve highly mobile and credit-deficient students. However, this is no longer allowable due to concerns raised by the U.S. Department of Education (ED) regarding California's use of a DASS modified graduation rate and academic indicator on the Dashboard. The ED issued a subsequent decision in August 2022 to decline a waiver request from the SBE of the requirements of the Every Student Succeeds Act (ESSA) to allow for continued use of the DASS graduation rate.

While Audeo III's Combined Four-Year and Five-Year Graduation Rate was 60%% for 2022, the school's DASS One-Year Graduation Rate was 97.1%. Clearly, Audeo III has excelled at the DASS One-Year Graduation Rate. However, Audeo III educational partners believe that the Combined Four-Year and Five-Year Graduation Rate may not be the most appropriate Metric to measure the school's ability to engage high school students, for the following reasons:

- Many students enroll at Audeo III credit deficient and not on-track to graduate within four or five years because of challenges they faced at their previous schools.
- The Combined Four-Year and Five-Year Graduation Rate only includes students who earn a 'regular high school diploma' and excludes High School Equivalency Certificate (e.g., CHSPE, GED, and HiSET).

While the Combined Four-Year and Five-Year Graduation Rate calculation method may be unfavorable to a DASS school, the **Audeo III school community is committed to continuous improvement and performance excellence.**

The school's CSI Plans were **jointly developed** by educational partners, including teachers, staff, students, parents, and family members. Meaningful educational partner feedback was collected throughout multiple collaborative settings: surveys, school events, meetings, conferences, and trainings. Feedback was collected, organized, and analyzed by the school to determine the educational needs of all

students and formulate programs, services, and allocation of resources. Additionally, educational partner involvement contributes to the CSI Plan development in several important ways: identification and refinement of needs based on data analysis, creation of goals, establishment of metrics, designation of activities, and resource allocation.

Educational partners participated in a **Needs Assessment** which considers the needs of students who are failing, or at risk of failing, to meet state academic standards. Educational partners followed an **Improvement Science Protocol** to determine achievement gaps, focused on the current state of graduation rates and the school's ideal rates of growth. Educational partners analyzed a variety of data and information related to student engagement and achievement, including all Dashboard Indicators, Measures of Academic Progress by NWEA, and Monthly Storybook Reports.

All data compiled and analyzed by stakeholder groups included historical and trend data for All Students and unduplicated student groups. As part of the Needs Assessment, educational partners analyzed **Resource Allocation** by category. Educational partners came to a consensus that school resources are appropriately allocated to supporting the needs of all students. **Therefore, no resource inequities were identified.** There is agreement that the school's instructional model is designed to support the needs of the lowest achieving student and potentially highest risk. Educational partners believe that the PPEP provides instructional staff with a systematic approach to support the academic and social-emotional needs of all students.

The school utilized a **Continuous Improvement Framework** that cultivates a problem-solving approach and close observation of the system that is producing the outcomes. This continuous improvement framework is essential to sustain program improvement. There are five fundamental steps in this process: 1) Inform, 2) Select, 3) Plan, 4) Implement and 5) Analyze. At the core of each continuous improvement process and step, educational partners engage in evidence-based decision making and reflection. Educational partners followed this continuous improvement framework while developing a systematic plan to improve graduation rate. The initial step was focused on analysis and educational partners investigated school needs, historical trends, potential challenges/barriers, and current strategies and interventions. The following key themes emerged as impacting the school's graduation rate:

- On average, high school students enroll below grade level in English Language Arts and Mathematics skills/knowledge, as measured by NWEA, and need high-quality instruction and rigorous materials to close potential achievement gaps.
- Students need additional small group and one-on-one tutoring in core classes to meet credit completion pacing requirements.
- Students and families, particularly socioeconomically disadvantaged households, need access to Chromebook and/or home internet to have full and equal access to the educational program.

- Students need programs and services such as Naviance, AVID, Pathways Portfolio, Cadet Corps, CTE Pathways, Advanced Placement (AP), and Early College Credit which are designed to engage and prepare students for post-secondary pathways.
- Counselors play a crucial role is assisting students with their college and career planning, including academic guidance, college research, application assistance, career exploration, financial aid, scholarships, personal/social support, and college transition support.
- Students need access to social-emotional learning opportunities and support/resources to remain engaged and achieve in school.

Based upon the Needs Assessment results, the school engaged in a comprehensive selection process to identify allowable CSI activities that build capacity, are evidence-based, and address the school's need to increase Graduation Rate. As a result, the school has integrated specific actions and services into the 2023-24 LCAP which are designed to improve Graduation Rate:

- **Goal 1, Action 3:** Recruit and hire additional instructional support staff that are designed to support the educational program. These additional support staff will allow teachers to focus on delivering instruction and provide additional support for students who need it the most.
- **Goal 1, Action 4:** Provide a high dosage tutoring program to students focused on intensive and targeted instruction over an extended period. This will involve one-on-one or small group instruction, allowing high-quality tutors to tailor their approach to individual needs.
- **Goal 2, Action 2:** Provide Chromebooks and internet services to students in need to enhance educational opportunities, create equal access to information, improve collaboration and communication, build digital literacy and technological skills, access personalized learning, and access career readiness tools and platforms.
- **Goal 2, Action 3:** Provide an Early College Credit Program that allows high school students to take college courses and earn college credits while attending high school. The Early College Credit Program is free to eligible students to increase the number of low socioeconomic status students who can attend and complete college.
- **Goal 2, Action 3:** Counselors will provide guidance, advising, and training to students and family members focused on preparing for college/career pathways.
- **Goal 3, Action 1:** Professional development for staff focused on implementing the school's MTSS with fidelity to ensure that the 'Whole Child' is being supported.
- **Goal 3, Action 2:** Specialized professional development for staff focused on utilization of evidence-based instructional strategies and rigorous materials to quickly close potential achievement gaps that may exist in Math and ELA, specifically for historically underserved

student groups.

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The school has added the **Combined Four-Year and Five-Year Graduation Rate Metric into LCAP Goal 1**. The desired outcome is to improve 3% annually on this Metric; or exceed the County DASS schools' average or State DASS schools' average. The school's Data Department staff analyzed results of the 2022 Dashboard and determined that the State DASS school average was 57.3% and San Diego County DASS school average was 55.1%.

For the 2023-24 school year, school leadership will continue to implement, analyze, and enhance the strategies, and supports embedded in the CSI Plan as part of the Continuous Improvement Framework. To monitor and evaluate the effectiveness of the CSI Plan services and support, the school will use multiple assessment tools, data analysis protocols, and will include key educational partners. To ensure continuous improvement, educational partners will review data published in the School Dashboard, Monthly Storybook Reports, and Survey Results to determine if the CSI Plan has been effective in addressing the areas of need for all students, but especially for the lowest-achieving students. Educational partners will utilize evaluative methods, particularly guiding questions for quantitative and qualitative data analysis, provided by the San Diego County of Office Education (SDCOE) to determine program effectiveness.

The following school departments and personnel will support the monitoring of designated strategies and interventions for high school students:

### **School Data Department**

- Publish a Monthly Storybook that includes the number of students assigned to the Early College Credit Program, intervention frequency/methods, participation/attendance, and credit completion rates.
- Provide teachers, counselors, and instructional leaders with a quarterly SharePoint Technology Tool to monitor and respond to grade 12 students marked as 'not on-track' to graduate.

### **School Curriculum & Professional Learning Department**

- Develop an annual Professional Development Catalog and adjust training topics and formats throughout the year based upon instructional staff feedback and teaching and learning data.

- Publish a monthly professional development (PD) report that summarizes the number of PD hours completed per teacher and in each content domain.

### **School Leadership**

- Monitor and evaluate effectiveness of actions and interventions at weekly team meetings by analyzing comprehensive school data.

### **Instructional Leaders**

- Meet with all teachers in July, October, and January to review individual students' progress towards graduation.
- Conduct ongoing teaching observations, September 2023 to April 2024, to ensure teachers and tutors are providing high-level, targeted instruction that supports the needs of the lowest achieving students. Observations will also be focused on the use of grade-level curriculum, technology tools, and the integration of TIPS and AVID instructional strategies.

### **School Counselors**

- Meet weekly with instructional leaders to discuss and collaborate on students entering Tier II and Tier III interventions, as prescribed in the school's MTSS.
- Ongoing utilization of the School Pathways Student Information System to monitor high school student progress towards graduation.
- Meet weekly with instructional leaders to discuss grade 12 student participation and credit completion rates.

### **Teachers**

- Ongoing utilization of monitoring tools, including Grad Countdowns and Student Participation/Credit Trackers as instruments to identify students at-risk of not graduating on-time.

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

The school regularly consults with educational partners throughout the school year to understand the academic, social-emotional, and physical needs of students and families. The school utilizes multiple methods to conduct **meaningful engagement**, including school events, trainings, meetings, committees, and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents, and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**The school has partnered with educational partners to develop the 2023-24 LCAP** which is focused on improving student outcomes and closing achievement gaps for underserved student groups. Educational partners have contributed to the LCAP development in several important ways: 1) Identification and refinement of needs based on data analysis, 2) creation of goals, 3) establishment of Metrics, 4) designation of actions/activities, and 5) resource allocation. The following educational partner groups have contributed to the development of the LCAP with the corresponding methods:

## **School Leadership Team**

Date: August 1-5, 2022

Involvement Method: Annual Strategic Planning

## **Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: August 19, 2022; August 24, 2022

Involvement Method: Annual Instruction, Curriculum and Accountability Symposium

## **Board of Directors and Community**

Date: August 31, 2022

Involvement Method: Board Meeting

## **Parents and Family Members**

Dates: July 27, 2022; August 10, 2022; September 14, 2022; September 28, 2022; November 2, 2022; December 14, 2022; January 25, 2023; February 15, 2023; March 1, 2023; April 12, 2023

Involvement Method: Family Learning Series

## **Board of Directors and Community**

Date: September 6, 2022

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: October 3-28, 2022

Involvement Method: School Open House Events

**All Staff**

Date: October 7, 2022

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: October 27, 2022

Involvement Method: English Learners Advisory Committee

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: October 28, 2022

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: September 23, 2022

Involvement Method: Special Education Compliance Clinic

**Students, Parents, Teachers and Staff**

Date: November 9, 2022

Involvement Method: School Site Council Meeting

**Board of Directors and Community**

Date: December 7, 2022

Involvement Method: Board Meeting

**All Staff**

Date: January 20, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: January 27, 2023

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: February 10, 2023

Involvement Method: Special Education Compliance Clinic

**School Leadership Team**

Date: February 22-23, 2023

Involvement Method: Mid-Year Strategic Planning

**Board of Directors and Community**

Date: March 1, 2023

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: March 1-24

Involvement Method: Senior Night Events

**Teachers, Education Specialists, Counselors and CTRs**

Date: March 17, 2023

Involvement Method: Instructional Meeting

**All Staff**

Date: April 7, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: April 18, 2023

Involvement Method: English Learners Advisory Committee

**Students, Parents, Teachers and Staff**

Date: May 8, 2023

Involvement Method: School Site Council Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: May 19, 2023

Involvement Method: Instructional Meeting

### **Board of Directors and Community**

Date: June 22, 2023

Involvement: Regular Board Meeting

The school's 2023-24 LCAP was presented to the community at a public hearing of the school's governing board. The agenda was posted at least 72 hours prior to the public hearing and was made available for public inspection.

### A summary of the feedback provided by specific educational partners.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Information collected is used in the school's comprehensive strategic planning, accountability and improvement in areas specified as California State Priorities. A summary of the input collected from each school community group is provided below, along with how it relates to development of the 2023-24 LCAP.

#### **Students:**

- Access to safe and supportive in-person school locations that are quiet and distraction free.
- A broad course of study, which includes engaging and relevant instructional materials and curriculum.
- Teachers who are available to answer questions, set high academic expectations for students and keep them on-track to advance grade level or meet graduation requirements.
- Multiple pathways to complete high school graduation requirements: Option #1, Option #2, CHSPE, GED and HiSET.
- Information, support, and planning related to post-high school pathways: community college, university, military, and career.
- Ongoing opportunities to participate in field trips that are relevant to their interests and post-high school plans.
- Variety of Meal Program options in the resource center.
- Recognition for academic achievements and accomplishments.

- Assignments and projects that include relevant current events.

**Parents, Family Members and Advisory Committees:**

- Highly trained teachers that can provide a personalized educational plan that prepares students for college/career pathways.
- Additional support and training related to planning for college and financial aid information.
- Ongoing opportunities for students to practice peer-to-peer collaboration on assignments and projects.
- Safe and supportive resource center that student can access throughout the school week to receive academic tutoring, interact with peers, and meet with support staff.
- Ongoing communication from instructional staff regarding their child's academic progress, engagement, and important school events.
- Supplemental math tutoring to build foundational skills and increase credit completion.
- Information and support accessing community-based partners.
- Provide Chromebooks and internet data plans to students in need of home technology.

**Parents of English Learners, including English Learner Advisory Committees:**

- Ongoing utilization of Achieve3000 and BrainPop to increase student reading skills and build content knowledge.
- Utilization of Zoom translation features for ELAC meetings.
- Translated school materials and availability of interpreters for calls and meetings.
- Share more strategies, resources, and tools for parents to support learning at home.
- Information related to their child's English language development throughout the school year, including test scores, academic grades, credit completion.

- Additional one-on-one tutoring opportunities.
- Specialized instructional videos designed to be more engaging and accessible by English Learner students with an IEP.

**Teachers and CTRs:**

- Additional instructional support staff to help meet the academic needs of students and support the instructional program.
- Continue to offer virtual professional development and meetings through Microsoft Teams, which will reduce teacher travel time.
- Professional development focused on identification/response to signs and symptoms of mental health challenges.
- Expanded professional development on how to respond to a violent incident, including active shooter.
- Provide mental health counseling sessions to students to address problems or issues.
- Resource centers designed to mitigate potential safety issues, including automatic locking doors, reinforced glass windows and other exterior precautions.
- Continue to provide student laptops and charging carts in resource centers.
- Enhanced communication system that school leadership can use to push-out school information to students, parents and family members.

**Education Specialists, Special Education Staff and SELPA Administrator:**

- Frequent collaboration opportunities with general education staff, focused on increasing student engagement and achievement of pupils with exceptional needs.
- Additional special education support staff to assist education specialists with organization, scheduling, and administrative tasks.
- Professional development and support related to Special Education compliance, assessment, differentiating instruction and case management best practices.

- Specialized literacy program/materials to support Students with Disabilities who are identified as struggling readers by the IEP Team.
- Student engagement and achievement data, which is disaggregated by Students with Disabilities, to utilize in Professional Learning Communities.
- Outreach and recruitment focused on enrolling more SWDs in Early College Credit Programs and Career CTE Pathways.
- Private office space for confidential IEP meetings.

**Administrators:**

- Teaching and learning environment that is in good repair, clean and safe for all educational partners.
- Additional instructional support staff to provide targeted tutoring to students in one-one-one and small group settings, primarily focused on Mathematics and ELA.
- Chromebooks and internet data plans for students in need of home technology to access the full curriculum and participate in online instruction.
- Engaging annual school events, including Family Night, College and Career Week, and Senior Night that provide educational partners with high-quality content and opportunities to ask clarifying questions related to the educational program.
- Utilize Ellevation to inform the instructional planning process for English learner students.
- Ongoing refinement of the MTSS to ensure that it is adequately responding to the unique needs of all students.
- A professional learning system focused on standards-based instruction, implementation of ELD and responding to social-emotional and mental health needs of students.
- Market and recruit more students to participate in programs focused on college/career readiness, including Early College Credit, CTE Pathways, AVID and California Cadet Corps.
- Implement strategies focused on increasing the number of graduates who complete UC a-g requirements.

- Recruit more parents and family members to participate in school events, including Family Learning Series.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

It is evident that educational partners are satisfied with many of the existing actions designed to support student engagement and achievement for all students. For that reason, the school will maintain five LCAP goals for the 2023-24 school year. These five goals address the instructional approach, curriculum, professional development system, school climate and family engagement. Each LCAP Goal, along with their corresponding Metrics are aligned to State and Local priorities. Metrics included in the 2023-24 LCAP are focused on Status and Change, similar to the California School Dashboard's Five-by-Five Placement approach. There are some Metrics that use a locally set target based upon historical outcomes or may be appropriate for a school that serves a high-risk student population (DASS).

Based upon information collected from **students**, the school has added the following Actions to the 2023-24 LCAP:

- The school will continue to focus on recruiting and hiring qualified instructional support staff, including CTRs, RCAs, and LAs, to provide additional academic tutoring opportunities in-person and online.
- Recruit additional students to participate in AVID Program, which is designed to create a 'college going mindset' but also provide ongoing peer-to-peer interaction and collaboration.
- School instructional leaders will collaborate with teachers to plan ongoing field trips throughout the school year. Students continue to express in surveys that they want field trips that match their interests and post-secondary plans.
- The school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways.
- Increased access to counselors and college information/planning sessions.
- Full implementation of AVID Program to provide additional Social and Emotional Learning opportunities.

After examining feedback from **parents of English Learners**, the school will initiate the following 2023-24 LCAP Actions:

- Provide families of English Learners with ELD progress reports, aligned to the CA EL Roadmap.
- Full utilization of Zoom translation features to engage non-English speaking families.
- Additional tutoring opportunities for English Learner students focused on building Language skills and effective study habits.

Information collected from **parents and family members**, led the school to develop the following LCAP Actions for 2023-24:

- More information and support related to college and career planning.
- Additional opportunities for students to interact peer-to-peer in the school setting.
- Access to community-based partnerships that focus on health and wellness, particularly physical fitness and mental wellbeing.

- Engaging school events, including a Family Resource Night to increase parent involvement and awareness of educational programs and services designed to improve student academic achievement.

After evaluating feedback from **teachers and staff**, the school will initiate the following 2023-24 LCAP Actions:

- Targeted recruitment for instructional support staff to support that can provide high-quality academic tutoring in the core subjects.
- Expand Early College Credit opportunities to all students.
- Training focused on contemporary topics impacting the lives of youth and how educators can support and provide resources.
- Mental Health & Wellness Hub to quickly access information for students and families.
- Develop a mental health student referral process that is streamlined and user-friendly.
- Research potential futuristic teaching and learning methods, including Virtual Reality platforms.

By analyzing feedback from **special education staff**, the school has designed the following 2023-24 LCAP Actions:

- Additional college and career planning support for Students with Disabilities (SWDs) focused on successful post-secondary transitions.
- Integrate a specialized literacy program into the school's MTSS, Ascend SMARTER Intervention, as a targeted academic intervention for SWDs.
- Recruit SWDs to participate in AVID and Character and Leadership Development Programs to support their social-emotional learning needs.

Based upon feedback from **administrators**, the school will implement the following 2023-24 LCAP Actions:

- Targeted recruitment of instructional support staff that can provide high-quality one-on-one and small group instruction to students at risk of or failing to meet content standards.
- Create and implement an individualized Gifted and Talented Education (GATE) Plan for all identified students.
- Full implementation of AVID Program to build strong foundational skills, facilitate peer-to-peer collaboration, and create a college going mindset for students.
- Improve reporting Language development progress with families of English Learners, focused on ELPAC results, credit completion, local assessment data, and teacher observations.
- Utilize a 5D+ Rubric during teaching observations to elevate teaching pedagogy.
- Embedded Zoom training and support for staff in the Altus University Calendar.
- Improved alignment of English Learner Training with the CA EL Roadmap.
- Additional training focused on meeting the unique needs of newcome, immigrant, and refugee students who may be new to the community or school system.

- Ongoing training for staff focused on contemporary issues facing youth, but with emphasis on building school practices of equity and inclusion.
- Facility ticketing and monitoring system to ensure resource centers remain in good repair status.
- Facility card access control system to manage guest entry as a school safety precaution.
- Evaluate the California Healthy Kids Survey results to determine future school planning as it relates to MTSS.
- Develop a LCAP Infographic to summarize Goals, Actions, Expenditures for educational partners and community members.

# Goals and Actions

## Goal

Goal #	Description
<b>Goal 1</b>	Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.

An explanation of why the LEA has developed this goal.

Audeo III is an academic intervention program uniquely designed to support students experiencing educational difficulties for a variety of reasons. Historically, students enroll at Audeo III credit deficient and below grade level in Reading, Language, and Mathematics skills, as measured by NWEA. Therefore, Audeo III is committed to developing and implementing a Pathways Personalized Education Plan for all students with the objective to accelerate student learning for those behind grade level in academic skills while helping them meet their individual educational goals and be college/career ready.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome: 2021-22 Results	Year 2 Outcome: 2022-23 Results	Year 3 Outcome: 2023-24 Results	Desired Outcome for 2023-24								
<b>Basic</b> Teachers are appropriately assigned and fully credentialed	<table border="1"> <tr> <td><b>2020-21 Source: Local Reporting</b></td> </tr> <tr> <td>100% of teachers</td> </tr> </table>	<b>2020-21 Source: Local Reporting</b>	100% of teachers	<table border="1"> <tr> <td><b>2021-22: Results</b></td> </tr> <tr> <td>100% of teachers as of April 2022</td> </tr> </table>	<b>2021-22: Results</b>	100% of teachers as of April 2022	<table border="1"> <tr> <td>100% of teachers as of October 2022</td> </tr> <tr> <td><b>Data Source:</b> Locally Reported</td> </tr> </table>	100% of teachers as of October 2022	<b>Data Source:</b> Locally Reported		<table border="1"> <tr> <td><b>Desired Outcome for 2023-24</b></td> </tr> <tr> <td>At least 90% of teachers are fully credentialed and appropriately assigned</td> </tr> </table>	<b>Desired Outcome for 2023-24</b>	At least 90% of teachers are fully credentialed and appropriately assigned

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Systematic Approach to Monitor Student Learning for All Students	<p>a) School staff will administer Measures of Academic Progress by NWEA to students in the fall and spring semesters to make data-informed decisions related to curriculum and instruction to close ELA and Mathematics achievement gaps.</p> <p>b) School staff will administer the Smarter Balanced Interim Assessments to evaluate student mastery of grade level standards in ELA and Mathematics and create opportunities for instructional staff to analyze student data and develop systematic methods to improve student learning.</p> <p>c) Instructional staff will integrate Illuminate formative and summative assessments into the core curriculum to assess student learning, analyze achievement, and adjust teaching methods to meet the needs of all students.</p>	\$2,112	No

Action #	Title	Description	Total Funds	Contributing
Action 2	Evaluate and Support English Language Proficiency for English Learners	<p>a) School staff will administer a Home Language Survey to assess students enrolling for the first time in the state or country for initial English language proficiency and determine English Learner plan implementation.</p> <p>b) Instructional staff will administer the ELPAC to measure progress toward English proficiency, to inform instructional planning, supplemental support, language intervention, and to aid reclassification decisions.</p> <p>c) Instructional staff will develop IEPs for English Learners with disabilities that include academic goals for student language development.</p> <p>d) Based upon data analysis, ELAD will develop best practices for using data to inform Curriculum, Instruction, Family Engagement and Professional Learning Systems.</p> <p>e) Instructional staff will develop and implement evidence based formative and summative English Language proficiency assessments in one-on-one and/or small group tutoring to measure language skills.</p> <p>f) Instructional staff will deliver Integrated English Language Development (ELD) to support all English Learners with their acquisition of core content knowledge.</p> <p>g) Instructional staff will deliver Designated English Language Development (ELD) instruction through blended ELD courses to all English Learners according to grade level and language proficiency, and EL typology to support their development of critical language skills needed for content learning in English.</p>	\$68,428	Yes

Action 3	Academic Instruction and Support for All Students	<ul style="list-style-type: none"> <li>a) Human Resources staff will recruit and hire instructional staff to engage At-Promise youth and support their achievement – particularly additional RCAs, LAs and CTRs to support the instructional program.</li> <li>b) School staff will collect student educational records to aid in the creation of each Pathways Personalized Education Plan, including transcripts, report cards, attendance history, behavior records and 504 or IEP Plans, if applicable.</li> <li>c) Teachers will design, develop, implement, monitor, and adjust a Pathways Personalized Education Plan (PPEP) for every student based on educational records, assessment data, academic performance, and post-secondary goals.</li> <li>d) Instructional Staff will utilize School Pathways Student Information System (SPSIS) to report student attendance, document MTSS efforts, monitor student progress, and record grades.</li> <li>e) Instructional staff will utilize Naviance Program to support the successful postsecondary planning and collect information related to learning styles and preferences.</li> <li>f) Counseling staff will provide students with multiple pathways to earn a high school diploma, or equivalent, to increase successful student outcomes and transition to post-high school pathways.</li> <li>g) Teachers will provide tutoring sessions in Math and ELA that scaffold student skills to master course objectives and content standards and provide opportunities for live interaction to increase student connectedness to school.</li> <li>h) Teachers will provide academic tutoring sessions that are interactive with online video tutorials from both teachers and field experts that engage students in real-world applications and problem-</li> </ul>	\$345,456	No
----------	---	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>solving scenarios.</p> <p>i) Instructional staff will provide SBA Training Academies in April to prepare students for key Math and ELA claims and targets.</p> <p>j) The School Coordinator will support implementation of the school's Multi-Tiered System of Support (MTSS), which quickly matches the academic, behavioral, and social-emotional needs of all students and monitors the response to intervention.</p> <p>k) School staff will provide ongoing field trips that focus on student career and college pathways interest.</p> <p>l) Provide Gifted and Talented Education (GATE) for all identified students by specially trained teachers focused on inspiring students to utilize their talents and intellect to realize their full potential within an enriching academic environment.</p>		

Action #	Title	Description	Total Funds	Contributing
Action 4	Academic Instruction and Support for English Learners, Low-Income students, and Foster Youth	<p>a) Additional instructional support staff, including Resource Center Associates (RCAs), Learning Associates (LAs) and Certificated Teacher Resources (CTRs) to provide targeted tutoring to increase academic progress and completion rates for required graduation coursework.</p> <p>b) Partner with a community-based organization that can provide high-dosage tutoring opportunities throughout the school week focused on developing effective study habits and improving Math and ELA proficiency.</p> <p>c) Full implementation of the AVID program to build healthy learning habits, reading, writing, and critical thinking skills as well as deep content knowledge for college and career readiness.</p> <p>d) Counselors will provide additional support related to the academic, social-emotional and behavior needs of the lowest-achieving students.</p> <p>e) Equity and Inclusion (E&amp;I) Department staff to collaborate with school personnel to identify/respond to the educational needs of unique pupils, and coordinate services and resources to aid students and family members.</p> <p>f) Homeless and Foster Youth Liaison to coordinate with school staff to ensure appropriate enrollment processes, course planning, and school services to qualifying students.</p>	\$297,396	Yes

Action #	Title	Description	Total Funds	Contributing
Action 5	Academic Instruction and Support for Students with Disabilities	<p>a) Special Education staff to ensure that all Students with Disabilities receive FAPE through the implementation of services, accommodations, modifications, and supplementary aids as outlined in each student's IEP.</p> <p>b) Specialized Academic Instruction (SAI) provided by Education Specialists.</p> <p>c) Standards-based instruction is differentiated for students with IEPs and Education Specialists consult with general education teachers to implement accommodations and modifications in core curriculum and to customize learning activities to ensure accessibility through principles of Universal Design for Learning.</p> <p>d) Utilize Ascend SMARTER Intervention, to provide evidence-based literacy instruction to Students with Disabilities.</p>	\$442,938	No
Action 6	Systematic Monitoring of Academic Performance for All Students	<p>a) Data and Assessment Department staff will collect, analyze, and disseminate key performance measures aligned to student achievement and publish in Monthly Storybooks, including Student Participation, Chronic Absenteeism Rates, Credit Completion, Potential Dropout Rate, AP Course Reports and Naviance Student Confidence Rate.</p> <p>b) School staff will utilize the School's Data Integration System, including Naviance, NWEA, Illuminate and Achieve3000 to inform Curriculum, Instruction, E&amp;I and Professional Learning Systems.</p> <p>c) Instructional staff will utilize a Graduation Rate SharePoint Technology instrument to monitor individual student progress towards graduation and assist school staff in making real-time schoolwide projections for this engagement indicator.</p>	\$7,744	No

Action #	Title	Description	Total Funds	Contributing
Action 7	Systematic Monitoring of Academic Performance for English Learners, Low-Income students, and Foster Youth	<p>a) Instructional staff will utilize Ellevation as a monitoring system for all English Learner, including Long-Term English Learners, newcomer, and Reclassified Fluent English Proficient (RFEP) students to ensure adequate academic progress and align instructional and supplemental supports as needed.</p> <p>b) Instructional staff will monitor Long-Term English Learners (LTELs) and Reclassified Fluent English Proficient (RFEP) students through the PPEP Phase Meetings in July, October, and January.</p> <p>c) School leadership will develop a semesterly English Language Development progress report card aligned to the CA EL Roadmap to include designated ELD course completion, attendance, and progress towards reclassification.</p> <p>d) Teachers will provide all English Learner families with the ELD progress report card and opportunities to meet and discuss academic goals and needs.</p> <p>e) Data and Assessment Department staff will prepare a Monthly Storybook that summarizes English Learners, Low-Income students, and Foster Youth performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism and Credit Completion to inform the decision-making progress related to instruction, curriculum, equity/inclusion, and professional learning systems.</p>	\$94,545	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 is focused on increasing student engagement and academic achievement by developing, implementing, and adjusting a Pathways Personalized Education Plan (PPEP) for each student. There are seven Actions included in Goal 1. Upon a careful review of each Action, it is evident that there are no substantive differences to report. An Action summary is provided below:

- **Action 1:** Implemented the use of MAPs by NWEA, Smarter Balanced Interim Assessments and Illuminate Assessments to inform teaching and learning systems.
- **Action 2:** Implemented the school's English Language Development (ELD) Plan to all English Learner students.
- **Action 3:** Provided a PPEP to each student. School staff utilized key platforms, including School Pathways and Naviance to monitor student progress towards meeting individual academic goals and plan for postsecondary pathways. Counselors remained actively involved in the school's MTSS to support the unique needs of students and advise students and parents on viable graduation pathways. Teachers provided live academic instruction focused on increasing student skills in Math and ELA.
- **Action 4:** Provided additional academic tutoring opportunities geared primarily for unduplicated pupils. This included instructional support staff, and an ongoing partnership with a non-profit tutoring organization. Counselors, E&I staff, Homeless and Foster Youth Liaison provided support and coordinated services and support to meet the needs of special populations.
- **Action 5:** Implemented all Special Education services to qualifying students as outlined in their IEP.
- **Action 6:** Staff conducted systematic monitoring of student engagement and achievement by utilizing key Data Integration System platforms, including Naviance, NWEA, Illuminate and Achieve3000. Local monitoring tools and instruments were successfully published and updated to allow staff to conduct timely monitoring of key performance indicators.
- **Action 7:** Ellevation was successfully utilized throughout the year for English Learner monitoring and instructional planning. Data and Assessment Department staff provided ongoing and timely Monthly Storybooks that summarize unduplicated pupils' progress and achievement on key indicators to inform staffs' decision-making related to existing programs and services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**

Budgeted Expenditures: \$269,412

Estimated Actual Expenditures: \$239,399

Material Difference: Decrease \$30,013

Explanation: Audeo III's Preliminary Budget included budgeted positions for Certificated Teacher Resources (CTR) to assist general education Teachers with instructional program and to support students with tutoring sessions. Due to a shortage in the workforce, the budgeted CTR positions were not filled.

**Action 5**

Budgeted Expenditures: \$288,569

Estimated Actual Expenditures: \$448,009

Material Difference: Increase \$159,442

Explanation: Audeo III increased its Education Specialist FTE to ensure that all students with disabilities are sufficiently accommodated and served with necessary instructional needs. Audeo III also experienced high special education related expenditures such as, counseling/mental services, speech/therapy services and psychological services. The change in special education related services and staffing need increased Goal 1, Action 5 by \$159,442.

**Action 6**

Budgeted Expenditures: \$6,827

Estimated Actual Expenditures: \$8,840

Material Difference: Increase \$2,013

Explanation: Increased staff allocation to align with Goal 1, Action 6 due to additional need for Data and Assessment staff to collect, analyze, and disseminate key performance measures.

**Action 7**

Budgeted Expenditures: \$120,588

Estimated Actual Expenditures: \$133,791

Material Difference: Increase \$13,203

Explanation: Goal 1, Action 7 increased by \$13,203 due to additional FTE staff allocated hours/time spent on assessing and analyzing data for monthly storybook to summarize English Learners, Low Income Students, and Foster Youth performance to increase support of students.

An explanation of how effective the specific actions were in making progress toward the goal.

The school is confident that Goal 1 Actions are contributing to successful student outcomes appropriate for a school identified as DASS. The school was able to meet, or on track to meet, desired outcomes for the 2022-23 Metrics outlined below:

- Teachers Appropriately Assigned and Credentialed: 100% of teachers
- Projected Chronic Absenteeism Rate: 3.2%
- NWEA Reading Growth: 67%
- NWEA Language Growth: 78%
- NWEA Math Growth: 72%
- Student Attendance Rate: 89.9%
- Middle School Dropout Rate: 1.07%
- High School Dropout Rate: 2.1%
- Student Confidence Survey: 94%

While the 2022-23 DASS One-Year Graduation Rate is unavailable at this time, staff are optimistic that it will continue to exceed 90%. Additionally, the 2022-23 SBA Math and ELA results are unavailable, but staff are satisfied with the 2021-22 results and are optimistic that the school will be able to demonstrate annual continuous improvement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2022 School Dashboard, the CDE published the Combined Four- and Five-Year Graduation Rate as the High School Engagement Indicator, rather than the DASS One-Year Graduation Rate. Therefore, the Combined Four- and Five-Year Graduation Rate has been added as a Goal 1 metric.

Based upon educational partner feedback, the school has adjusted the Metric focused on Teachers Appropriately Assigned and Credentialed to have an annual target of 90%.

As a school identified as DASS, educational partners wanted to add comparison outcomes to the following Metrics: Graduation Rate, Chronic Absenteeism, SBA Math, and SBA ELA. Each of these Metrics will include County DASS school averages and State DASS school averages.

Based upon reflections and educational partner input, the following actions have been changed or added for SY 2023-24:

- **Action 2f and Action 2g:** These Actions were realigned from Goal 3 (Professional Learning) to Goal 1 (Teaching and Learning).

- **Action 3a:** The school's Human Resources staff will recruit additional part-time instructional staff, including Resource Center Associates (RCAs) and Learning Associates (LAs) to support the educational program.
- **Action 4a:** RCAs and LAs are included in this action to provide additional and targeted academic tutoring to unduplicated pupils.
- **Action 4c:** The school will provide a fully implemented and robust AVID program to increase student engagement and achievement for historically underserved student groups.
- **Action 5d:** Special Education staff will implement Ascend SMARTER Intervention to support the academic needs of students with disabilities to improve literacy.
- **Action 7c:** School leadership will develop a semester ELD progress report that teachers can share with families of English Learner students to summarize language progress.
- **Action 7d:** Teachers will prepare a semester ELD progress report for each EL student and share with families.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
<b>Goal 2</b>	Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and is accessible to All Students.

An explanation of why the LEA has developed this goal.

Audeo III is committed to providing students with equitable access to rigorous and standards aligned courses that improve achievement and prepare them for post-secondary pathways, including community college, university, military and career.

## Measuring and Reporting Results

		<p>improve opportunities and readiness for college/career.</p> <p>h) Counselors and instructional staff collaborating to assign Edgenuity Prescriptive Testing courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation.</p>		

Action 3	College/Career Pathways for All Students	<ul style="list-style-type: none"> <li>a) Curriculum and Professional Development staff to ensure that the course offerings list meets the demands and requirements of college, university, career, and military pathways.</li> <li>b) School staff will continue to offer CTE courses and Certification programs which are aligned to CTE Model Curriculum Standards.</li> <li>c) School staff will facilitate an annual Career Industry and College Week for students which includes informational presentations and workshops facilitated by field experts and representatives to educate students on post-secondary pathways.</li> <li>d) Expand Early College Credit opportunities to all students, including Dual Enrollment and Articulation by partnering with colleges.</li> <li>e) Counseling staff will inform all high school students, parents, and family members regarding benefits of early college credit opportunities and important registration deadlines.</li> <li>f) Counseling staff will provide students, parents and family members with information and training related to Dual Enrollment at Open House Events, Senior Night Events, Family Learning Series, and workshops hosted by community colleges.</li> <li>g) Counseling staff will inform and educate students on work-based learning opportunities, including Work Experience Education Program and Service Learning.</li> <li>h) School staff will administer Advanced Placement (AP) exams to students who want to earn college credit and placement.</li> <li>i) Instructional staff will support grade 12 students completing a Pathways Portfolio, a graduation course requirement that promotes digital literacy and preparation for post-high school pathways, including college, university, military, and workforce.</li> </ul>	\$124,500	No
----------	--	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>j) Counseling staff will utilize School Pathways SIS College/Career measures tags and CCI Report page to monitor individual high school student progress towards meeting Approaching and Prepared criteria.</p> <p>k) Instructional staff will utilize grade 12 SharePoint technology to update student progress towards meeting California School Dashboard CCI prepared criteria at January, March, and May 2024 Instructional Meetings to calculate College/Career readiness rate projections.</p> <p>l) Assist students and parents with applying for financial aid for college and career programs – the school's Financial Aid Resource Webpage.</p>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 is focused on providing a broad, rigorous, and accessible course of study to all students that prepares them for college and career pathways. There are three Actions included in Goal 2. After reviewing each Action, the school has concluded that there are no substantive differences to report for Goal 2. An Action summary is provided below:

- Action 1:** The school's curriculum department, known as APAC, successfully aligned courses to State Standards, UC a-g, and NCAA requirements. APAC was able to update and align the school's online curriculum (Edgenuity) to the Smarter Balanced ELA and Mathematics Assessments Blueprint. APAC also adjusted online, and textbook curriculum based upon user feedback, including teachers and students. There was a commitment to refine curriculum and materials to be multicultural and diverse. The school continued to recruit and challenge students to take advance curriculum offerings and offered AP Exams at school sites.
- Action 2:** The school was able to successfully provide all students in need of home technology with a school issued Chromebook, along with internet connectivity. In addition, the school's ELD program is fully implemented and sustained. Historically underserved student groups continue to have access to a rigorous course of study, including Honors and AP, and specialized instructional materials and

coursework to rapidly build foundational skills, literacy and quickly recover failing credits needed for grade level advancement and graduation. School counselors and E&I staff provided ongoing academic advising, support services, and training to the school community.

- **Action 3:** School staff received ongoing and sustained professional learning opportunities focused on planning and preparing students for post-secondary pathways. Counselors provided multiple opportunities for the school community to receive information and training related to key college/career aspects: Meeting the College Career Indicator (CCI) Prepared Criteria, Applying for Financial Aid, Early College Credit, CTE, Early Assessment Program (EAP), AP Exams registration, and Work Experience Education. The school provided a College and Career Week that included guest speakers from a variety of career fields and colleges to increase awareness of requirements, timelines, and processes. There were eight fully developed Career CTE Pathways available to all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

### **Action 3**

Budgeted Expenditures: \$173,037

Estimated Actual Expenditures: \$139,779

Material Difference: Decrease \$33,258

Explanation: When the Preliminary Budget was developed, the school estimated to receive additional funding related to career education pathways for Goal 2, Action 3; while the school did not receive this projected funding, staff adjusted the instructional/curriculum approach to continue offering career preparation and pathways to all students.

An explanation of how effective the specific actions were in making progress toward the goal.

The school's Goal 2 Actions provided all students with a rigorous and well-rounded course of study that ultimately prepares them for future college and career pathways. The school was able to meet desired outcomes for the 2022-23 Metrics below:

- Availability of standards aligned instructional materials to all students: 100%
- Provide all students with access to a broad course of study: 100%
- Design and implement programs and services to pupils with exceptional needs that promote succession transitions: 100%
- CTE Career Pathways: Eight
- Core courses aligned to CCSS: 100%

- Science courses aligned to NGSS: 100%
- ELA and Social Science courses aligned to ELD Standards: 100%
- Core courses are UC a-g approved: 100%
- CTE courses aligned to CTE Model Curriculum Standards: 100%
- Compliant and accessible Work Experience Education Program: Met

The data for many of the 2022-23 College/Career Readiness Metrics are not available at this time; the school projects that these outcomes will be available in Fall 2023.

As mentioned in other LCAP sections, educational partners want to focus on increasing the percentage of graduates who meet the College/Career Indicator Prepared Criteria. Therefore, the school has added additional Goal 2 Actions designed to increase student participation in CTE, planning for college, and accessing Early College Credit opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The description of Goal 2 and Metrics will remain the same for SY 2023-24. Based upon educational partner reflections, the school has planned the following Action adjustments for the 2023-24 SY:

- **Action 3b:** The school will develop three additional CTE Career Pathway to meet the interest/needs of students and teachers, Animal Science, Retail Sales and Marketing, and Teacher Education.
- **Action 3d:** The school will expand Early College Credit opportunities to all students by partnering with colleges for Dual Enrollment and Articulation Agreements. School staff want all students to experience the benefits of Early College Credit, which include creating equitable access to higher education, preparing for postsecondary pathways, improving GPA, and graduation rates.
- **Action 3i:** To provide students and families with additional support related to applying financial aid for college and career programs, the school has developed a resource page. The school's resource page includes information related to FAFSA and the California Dream Act and how to request additional support.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 3	Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.

An explanation of why the LEA has developed this goal.

Instructional staff need ongoing and sustained professional development to improve student achievement and meet the diverse educational needs of the school community.

		<ul style="list-style-type: none"> <li>h) Embed social-emotional learning activities in all AU professional development offerings to increase teacher knowledge and skills related to this area.</li> <li>i) Specialized college/career readiness training for staff, including Advancement Via Individual Determination (AVID), designed to increase the percentage of low-income students to complete UC a-g requirements.</li> <li>j) Trainings for school counselors focused on preparing Low-Income, Foster Youth, or first-generation students to enter college.</li> <li>k) AU professional development training for staff focused on research-based strategies and tools to support Homeless and Foster Youth engagement in school with a focus on Trauma Informed Practices for Schools.</li> <li>l) Partner with local non-profit organizations to increase staff awareness of contemporary youth topics, including Fentanyl awareness and Expansive School trainings.</li> </ul>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 is focused on providing instructional staff with ongoing support and professional learning to meet the unique needs of students and family members. There are two Actions included in Goal 3. The school conducted a thorough review of each Action and determined that all but one strategy was implemented. For Action 2f, the school was unable to provide staff with training related to Writing Redesigned for Innovative Teaching Equity (WRITE). WRITE is a specialized literacy training provided by San Diego County Office of Education (SDCOE). WRITE training has been rescheduled to the 2023-24 school year. A Goal 3 Action summary is provided below:

- **Action 1:** The school created a Professional Learning catalog and made it available to educational partners prior to the start of the school year. The school provided training related to effective implementation of the State Standards to instructional staff throughout the school year. There was special emphasis on Mathematics and ELA since both content domains are critical areas of need. In addition, school staff participated in a wide variety of trainings, including CTE, LEC, Special Education, GATE, Executive Studies, Fellows Projects, MTSS, New Teacher Training, Professional Growth Training, YMHFA, and ALICE.
- **Action 2:** The school's English Learner Achievement Department (ELAD) provided specialized training to instructional staff focused on implementation of English Language Development (ELD). The Math Specialist provided instructional staff with support and training focused on meeting the unique needs of EL students, including effective use of curriculum, instructional materials, and strategies. Other specialized professional development and trainings offered to staff included, Achieve3000 implementation for EL students, equity and inclusion in a school setting, facilitating social-emotional learning, AVID, and supporting children and youth in transition (CYT).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

### **Action 2**

Budgeted Expenditures: \$6,761

Estimated Actual Expenditures: \$7,563

Material Difference: Increase \$802

Explanation: Goal 3, Action 2 increased by \$802 due to the increased FTE staff allocated time spent in providing teachers, education specialists and CTRs professional development focused on supporting English Learners.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3 Actions have significantly increased high quality teaching and learning at the school for all students, and unduplicated pupils. **All Goal 3 Metrics were met** for the 2022-23 school year, as summarized below:

- 100% of teachers participated in at least 60 hours of annual professional learning.
- 100% of teachers participated in at least 10 hours of annual Math professional learning.
- The school provided 11 English Learner Achievement Department trainings focused on Assessment, Curriculum, E&I, and Instruction.
- 100% of teachers have completed Leading Edge Certification within three years of their initial employment.

- 100% of staff report high levels of training relevance at Altus University sessions.
- 100% of students report high levels of satisfaction with their educational experience.
- 100% of parents and family members report high levels of satisfaction with their child's overall educational experience.

It is evident that the school's Professional Learning System is meeting the unique needs and requirements of educational partners. While school administration is satisfied with Goal 3 Metric results, there is consensus that instructional staff need ongoing and sustained training and coaching related to math and ELA achievement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 3 description and Metrics will remain the same for 2023-24. Based upon reflections, the school will initiate some additional Actions to ensure staff can support the needs of the Whole Child, including EL students, and increase student, parent, and family member engagement. A summary of these new Actions is provided below:

- **Action 1c:** Instructional leaders will utilize a Teaching Observation rubric to conduct informal and formal observations with instructional staff throughout the school year. The 5D+ Rubric Instructional Growth and Teacher Evaluation will be utilized during these teaching observations.
- **Action 1m:** In prior years, the school's primary virtual platform was Microsoft Teams. For 2023-24, school employees have professional Zoom accounts to increase student and parent engagement opportunities. School staff will receive training on how to use Zoom effectively and efficiently.
- **Action 2a:** Better align ELD training to the California EL Roadmap.
- **Action 2c:** Provide specialized training to employees focused on supporting the unique needs of students and parents who are new to the country.
- **Action 2i:** Partner with local organizations, including SAY San Diego to provide specialized training on contemporary issues/challenges facing youth.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 4	Provide a safe environment and supportive school culture for all educational partners to teach and learn.

An explanation of why the LEA has developed this goal.

Students, parents, family members and staff require a learning environment that is safe, distraction-free, and professional.

Action 2	Social, Emotional and Behavioral Support Systems for All Students	<p>a) Healthy Youth Therapist to provide counseling services, facilitate student referrals and case management to meet the social-emotional, mental health and physical needs of each student.</p> <p>b) Healthy Youth Department will provide a Wellness Week focused on themes such as student Connection and Self-Care.</p> <p>c) Character and Leadership Development Program to promote health, wellness, and academic achievement.</p> <p>d) Instructional staff will provide small group learning environments in the resource center and/or in distance learning that promotes positive communication, behavior, and accountability.</p> <p>e) School staff will update the school website to provide families with information related to available food resources, health, and wellness services.</p> <p>f) Meal and Nutrition Program to promote student health and well-being.</p>	\$19,187	No

Action #	Title	Description	Total Funds	Contributing
Action 3	Social, Emotional and Behavioral Support Systems for Low-Income students and Foster Youth	<p>a) Incoming Foster Youth students are tagged by school enrollment staff in SIS to enable the Homeless and Foster Youth Liaison to ensure that their academic, physical, mental health, and social-emotional needs are met.</p> <p>b) The Homeless and Foster Youth Liaison will provide ongoing case management services and collaborate with instructional staff as needed.</p> <p>c) Healthy Youth Therapist to provide additional and targeted counseling services and case management to low-income students and foster youth.</p> <p>d) Healthy Youth Department will provide Resilience in Student Education (RISE), a series of live interactive broadcasts focused on the Social and Emotional Core Competencies.</p> <p>e) Implementation of AVID's social and emotional learning (SEL) to support students' needs, goal pursuit, and leverage of their college and career readiness.</p> <p>f) Creation and integration of homeless and foster youth resources into the school's mental health and wellness hub.</p> <p>g) Equity and Inclusion staff will develop a mental health referral process that will provide students and families with mental health and wellness resources, as well as connect them to school-based and community-based mental health supports.</p>	\$45,855	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 is focused on providing a safe environment and supportive school culture to all educational partners. All three Actions were fully implemented and sustained for the 2022-23 school year. A Goal 4 Action summary is provided below:

- **Action 1:** The Executive School Safety Committee met regularly to discuss potential safety issues and ensure successful implementation of the School Safety Plan. The school provided multiple opportunities for educational partners to provide input regarding safety procedures and training needs. School Safety Ambassadors attended training and facilitated discussions related to safety topics, including ALICE (Violent Critical Incidents) in ongoing Resource Center Meetings with colleagues. School nurses supported the physical health of the school community. Lastly, Operations and Facilities staff ensured the school sites' systems and structures were adequately prepared for emergency scenarios.
- **Action 2:** The school's Healthy Youth Therapist and Department were able to provide counseling services, referrals, and case management to meet the needs of all students. The school actively recruited students to participate in the Character and Leadership Development Program with Cadet Corps. Additionally, staff hosted a Wellness Week for all students, updated the school website to include information related to health/wellness, and provided a Meal Program available to all students at resource centers.
- **Action 3:** These actions were targeted to meet the unique needs of Low-Income and Foster Youth. The school's Homeless and Foster Youth Liaison facilitated identification, case management services, collaborated with community partners, and training to staff. Specialized school staff provided live social-emotional learning opportunities (RISE) for students as part of the school's MTSS.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**

Budgeted Expenditures: \$64,940

Estimated Actual Expenditures: \$32,675

Material Difference: Decrease \$32,265

Explanation: When the Preliminary Budget was developed, Audeo III budgeted for additional FTE staff allocated to support students' health and emotional well-being. Due to the shortage in the workforce, the budgeted position was not filled.

An explanation of how effective the specific actions were in making progress toward the goal.

Educational partners are satisfied with Goal 4 Actions and their contributions to providing a safe environment and supportive school culture conducive for teaching and learning. As a result of Goal 4 Actions, the school was able to **meet all 2022-23 Metrics**:

- As of May 2023, there have been no student suspensions and/or expulsions.
- 98% of students who completed surveys report high levels of school safety satisfaction.
- 100% of parents and/or family members who completed surveys report high levels of school safety satisfaction.
- The school's Safety Plan continues to meet the needs of the school community and remains compliant.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 4 description and Metrics will remain the same for 2023-24. Based upon feedback and reflections, the school will initiate some additional Goal 4 Actions:

- **Action 1d:** Utilize ZenDesk platform to support facility ticketing/monitoring.
- **Action 1e:** Install and provide maintenance services to Bravo card access controls at all resource centers and offices as a school safety precaution.
- **Action 1f:** Administer the CHKS to determine the current state of student health and wellness. Information gleaned from the survey will inform decision making related to school programs and services.
- **Action 1h:** Create a Mental Health & Wellness Hub available to all educational partners focused on meeting their diverse physical, social-emotional, and mental health needs.
- **Action 1j:** Provide specialized professional learning to staff focused on first aid, child abuse prevention, and maintaining a safe/professional work environment.
- **Action 3e:** Full implementation of AVID focused on building student academic skills, planning for college, and supporting social-emotional learning.
- **Action 3f:** Integrate key homeless and foster youth resources and services into the school's mental health and wellness hub.

- **Action 3g:** E&I staff available to the school community to assist in community referrals, training, case management, and assisting school leaders with responding to student health emergencies.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 5	Provide innovative, engaging and a community-based resource center to service and support students, parents and family members.

An explanation of why the LEA has developed this goal.

Meaningful educational partner engagement and community connectedness are essential elements to transforming lives.

## Measuring and Reporting Results

Action 2	Engagement Opportunities for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Provide an annual Family Resource Night at the beginning of the school year to educate parents and family members on educational programs and services designed to increase access to our educational program for historically underserved student groups.</li> <li>b) Coordinate transportation services to Foster Youth to increase access to the resource center for educational support and services.</li> <li>c) Facilitate interactive English Learners Advisory Committee (ELAC) meetings to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment.</li> <li>d) Engage parents of English learner students to seek feedback on existing ELD Programs and potential barriers to learning.</li> <li>e) Utilize ELD progress report cards to engage families of English Learners in needs assessment and goal development.</li> <li>f) Provide translated materials and resources for parents and family members of English Learners.</li> <li>g) Designated translators and/or bilingual staff at resource centers with high enrollment of non-English speaking families.</li> <li>h) Design, develop and disseminate a multilingual LCAP infographic that summarizes the school's educational program, student profile and key services/programs available to unduplicated pupils.</li> <li>i) Develop and embed a feedback form into the mental health and wellness hub to solicit input and requests for support from educational partners.</li> <li>j) Utilize language interpretation in Zoom school events to increase school connectiveness of non-English speaking families.</li> </ul>	\$5,958	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 5 is designed to provide community-based resource centers that are innovative in design and capable of engaging students, parents, and family members. While Audeo III's instructional model is non-classroom based, school leadership wants to provide a physical school environment that students can attend throughout the school week to interact with peers, participate in live instruction, access school equipment, and meet with school staff. There are two Actions included in Goal 5. Upon reviewing each Action, school staff have determined that there are no substantive differences to report. Key Actions are summarized below:

- **Action 1:** The school provided multiple opportunities for students, parents, and family members to interact with staff and learn about important programs and services. These school events included Open House, Senior Night Events, and Family Learning Series. At school events, staff teach students and parents how to use communication and academic tools, including School Pathways Student-Parent Portal, Edgenuity, Achieve3000, ParentSquare, School Website and Naviance.
- **Action 2:** These are targeted Actions for English Learners, Low-Income, and Foster Youth. Key actions included providing bus passes to Foster Youth, facilitating engaging English Learner Advisory Committee (ELAC) meetings to increase involvement of parents of English Learners, bilingual staff who can provide translation services, and translated materials/resources for families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There are no material differences between Budgeted Expenditures and Estimated Actual Expenditures to report.

An explanation of how effective the specific actions were in making progress toward the goal.

The school community is satisfied with how Goal 5 Actions were able to increase engagement and innovation at Audeo III. **All Goal 5 Metrics were met** for the 2022-23 school year:

- 100% of school facilities are determined to be in Good Repair status, clean, safe, and functional for teaching and learning.
- The school expanded opportunities for parental and family member participation for low-income, English learners, and foster youth students in trainings, advisory meetings, and school events.
- Staff increased opportunities for parental and family member participation for students with exceptional needs.

- The school maintained formal partnerships with community-based organizations to support the needs of the ‘Whole Child’.
- There were ten Family Learning Series offered to parents and family members.
- 100% of parents and family members who completed a LCAP Survey reported that the Resource Center provided their child with innovative learning opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 5 Description and Metrics will remain the same for 2023-24. However, based upon data analysis and reflection the school have designed additional Actions:

- **Action 1j:** DocuSign, Zoom, and Adobe programs to improve work efficiency for staff and enhance communication with the school community.
- **Action 1k:** Research focused on utilization of Virtual Reality platform and technologies for teaching and learning.
- **Action 1i:** Refine systems to administer the CHKS to students.
- **Action 1m:** Increase community awareness of the school’s unique ability to help struggling students reengage in school, academically succeed, and prepare for post-secondary pathways.
- **Action 2a:** Conduct outreach and recruitment to involve more families in the annual Family Resource Night.
- **Action 2e:** Provide all parents and families of English learner students with an annual ELD progress report to foster engagement and goal development.
- **Action 2h:** Disseminate a multilingual LCAP infographic to the school community focused on highlighting targeted programs and services for unique learners.
- **Action 2i:** Integrate a feedback form into the school’s Health and Wellness Hub to solicit input and needs from educational partners.
- **Action 2j:** Utilize language interpretation features provided in Zoom at school events to increase school connectiveness and access for non-English speaking families.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2023-24

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$322,272	\$25,832

### Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
20.15%	0%	\$0	20.15%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Based upon educational partner feedback and data analysis, the school plans to initiate Increased or Improved Services designed to benefit foster youth, English learners (EL), and low-income students **to a greater extent** than students who are not low-income, EL and/or foster youth. These **LEA-wide Contributing Actions** are outlined below and upgrades the entire educational program for all students:

- Goal 1, Action 4a:** As provided in the Engaging Education Partners section, teacher feedback indicated that they need additional instructional **support staff** to provide direct tutoring services to students who are struggling to make adequate academic progress in core courses. To address these needs, the Human Resources Department will conduct targeted recruitment of RCAs and CTRs to fill vacancies. Educational research indicates that instructional aides and assistants can help implement differentiated instruction techniques, tailoring instruction to meet the diverse needs of students. We expect these actions to lead to an increase in the percentage of foster youth, English learners and low-income students meeting grade level standards on Smarter Balanced Assessments.
- Goal 1, 4b:** Based upon data analysis, school staff indicated a need to provide high-dosage academic tutoring opportunities for students struggling in ELA and Mathematics. Specifically, foster youth, English learners and low-income students are struggling the most in these

academic areas. To address this need, the school will partner with a **non-profit organization to provide high dosage tutoring** throughout the school week, focused on skill development, direct instruction, guided practice, and independent practice opportunities. Educational research indicates that high dosage tutoring programs can help students overcome learning challenges and make significant progress in their studies. The school expects this supplemental tutoring program to improve the percentage of unduplicated pupils meeting their individualized NWEA Spring Growth targets in Math, Reading, and Language.

- **Goal 1, Action 4c:** Based upon educational partner feedback and college/career readiness outcomes, the school wants to improve programs and services that prepare students for post-secondary pathways. To address these needs, the school will offer an **AVID Program** which is focused on building healthy and sustainable study habits and college/career readiness. Educational research indicates that AVID is effective in improving student outcomes related to college/career readiness. We expect the AVID Program to lead to improvements in the percentage of unduplicated pupils graduating on-time, finishing UC a-g requirements, and scoring proficient on SBAs.
- **Goal 1, Action 4d:** Educational partners indicated that students need additional guidance as it relates to college/career readiness, social emotional support, and equity/access. To address these needs, the school will provide **counselors** who provide academic guidance to students, help students explore career options, navigate the college application process, understand financial aid opportunities, help address student personal and social issues, and identify and address barriers that marginalized students may face, such as lack of resources. Educational research indicates that counselors are essential for supporting students' holistic development, academic achievement, and future success. We expect counseling services to increase the number of unduplicated students graduating on-time, prepared for college/career pathways, and reporting high-levels of satisfaction with the educational program.
- **Goal 1, Action 4e:** School administrators want to continue to integrate Equity and Inclusion (E&I) services into the school's Multi-Tiered System of Support (MTSS). There is consensus that **E&I services** will elevate academic achievement, social-emotional well-being, school climate, and college/career readiness. Research indicates that E&I services address potential disparities and provide targeted support to marginalized students and can help narrow achievement gaps. The school expects these E&I services to improve academic outcomes, including increased engagement and higher graduation rates, particularly for unduplicated pupils.
- **Goal 1, Action 4f:** Educational partners provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. Specific feedback included, 'these basic needs must be met to keep them engaged in school and achieving.' To address these needs, a **homeless and foster youth liaison** will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations. The school expects these services to improve engagement metrics (chronic absenteeism, attendance, drop out rate, and graduation rate) for foster youth.

- **Goal 2, Action 2a:** There is consensus amongst the entire school community that providing all students with access to home technology and internet service can have several positive impacts on their learning and academic outcomes. To address these needs, the school will provide a Chromebook and internet service to all families in need to help bridge the digital divide and promote equity in education. Research shows that students from socio-economically disadvantaged backgrounds are more likely to lack access to technology and internet at home, creating a ‘homework gap’ that can hinder their ability to fully participate in the educational program. Providing all students with technology and internet access helps ensure equal opportunities for learning and reduces disparities in educational outcomes. The school expects the **Altus Connect Program** to improve digital access and equity, expanded learning opportunities, engender personalized and differentiated instruction, promote digital literacy, and enhance parental engagement and communication.
- **Goal 2, Action 2b:** Instructional staff want to create and develop a curriculum that can meet the diverse needs and learning styles of all students, particularly Students with Disabilities and English Learners. To meet these needs, The school’s curriculum departments (APAC), integrates **Universal Design for Learning (UDL)** guidelines into the core curriculum. Educational research indicates that UDL can increase student engagement and academic achievement because it provides multiple means of representation and expression to accommodate different learning preferences and abilities. The school expects these services to narrow achievement gaps, increase educational access, and create a more inclusive learning environment for all students.
- **Goal 2, Action 2c:** Based upon English learner performance on the Summative English Language Proficiency Assessment for California, the school wants to increase the percentage of ELs making progress towards English language proficiency. To meet these needs, the school will utilize **Achieve3000** which is an online literacy platform that aims to improve reading comprehension and vocabulary skills for students, including English learners. It provides differentiated content based on individualized reading levels and offers various tools and activities to support language acquisition. Educational partners suggest that this literacy program will ultimately help English learners improve performance on ELPAC because it is designed to match text based upon student reading abilities, provides differentiation/personalization features, and adjusts the difficulty level over time. While this program will certainly benefit English learners, staff suggests that it will help other students who may be considered struggling readers.
- **Action 2, Action 2d:** As previously mentioned school staff want to support the English development of ELs while increasing their engagement in school related activities and course completion. To meet these needs, the school will utilize **BrainPOP and BrainPOP ELL** as an educational tool that will be integrated into the school’s English Language Development (ELD) Program. School staff indicates that this program can help ELs in several ways, including providing engaging animated videos, comprehension activities, vocabulary development, grammar instruction, writing and speaking practice, and cultural awareness. The school expects these services to improve the school’s ELPI and other engagement metrics (e.g., attendance, chronic absenteeism, drop out). Because of the engaging animated videos, other students can benefit from this program to learn course content, develop language skills, and make learning more fun.
- **Goal 2, Action 2e:** Based upon educational partner feedback and data analysis, many new students enroll several grade levels behind in reading and mathematics. Therefore, it is essential to accelerate academic skill development and close achievement gaps. To meet these needs, the school will provide **Edgenuity MyPath Individual Learning Plans (ILPs)** that provide targeted instruction and support tailored

to the specific needs of each learner. Educational research suggests that when this type of program is implemented with fidelity and supported by well-trained educators, they can accelerate learning, improve academic skills, and close achievement gaps for students from low-income backgrounds or historically marginalized groups. The school expects these services to increase the percentage of students meeting their individualized NWEA Spring Growth target.

- **Goal 2, Action 2f:** Based upon College and Career Readiness data, the school wants to increase the percentage of graduates who are meeting the CCI Prepared criteria. In addition, the school wants to close opportunity gaps that exists for English Learners. To meet these needs, the school will conduct **targeted recruitment of English Learners to participate in Honors and Advanced Placement (AP)** coursework. By recruiting ELs to participate in AP and Honors programs, the school is taking actionable steps to close potential opportunity gaps and promoting educational equity. The school expects these services to lead to an increase in the number of ELs taking advanced coursework and meeting the CCI Prepared criteria on the school dashboard. As the school creates flyers and disseminates information to the school community, these efforts will likely lead to other students seeing the benefits of advanced programs and greater participation schoolwide.
- **Goal 2, Action 2g:** School staff is committed to closing opportunity gaps that may exist for student groups in education. To meet these needs, the school's **Equity and Inclusion (E&I)** personnel will **coordinate a multi-faceted and comprehensive approach with the school community that prioritizes equity, inclusivity, and the success of all students**. These E&I strategies will include data analysis, monitoring, program development, professional development, training, collaboration, partner with community-based organizations, targeted support for underserved student groups, parent and family engagement, and a focus on continuous evaluation and improvement. The school expects these services to increase the percentage of graduates who are meeting the CCI Prepared criteria, particularly for unduplicated pupils.
- **Goal 2, Action 2h:** Teachers and counselors continue to report that many new students enroll because they are credit deficient and are not on-track to graduate with their high school cohort. To meet these needs, the school will provide **Edgenuity Prescriptive Testing** courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation. Research indicates that credit recovery classes can support students' transitions to postsecondary education or the workforce. By enabling students to recover credits and graduate on time, these programs increase students' options and opportunities for further education or career pathways. The school expects these programs to increase graduation rates and reduce dropout rates, particularly for students from low-income backgrounds.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Audeo III has an enrollment of unduplicated pupils which exceeds 65.77% of total enrollment. The school's percentage to increase or improve services for unduplicated students is 20.15% and the estimated increased apportionment is \$322,272. Overall, services for English Learners,

Low Income and Foster Youth are being increased or improved through a range of targeted actions determined by educational partners that provides services for all groups, or principally directed to a single group. Targeted actions are determined by engaging educational partners, identifying potential needs, and designing services/programs that will increase engagement, elevate academic achievement, and prepare for college/career pathways.

Of the Targeted Actions to Increase and Improve Services described within this plan, several are services that are provided only to **unduplicated students and their families**, which are considered a Limited Scope. These **Limited Scope** Actions are outlined below:

**Goal 1, Action 2: Evaluate and Support English Language Proficiency for English Learners:** This Targeted Action is based on educational partners expressing a need to improve academic outcomes for English learner students due to English Language Acquisition needs. To address this need, the school's English Learner Achievement Department (ELAD) staff will develop evidence-based best practices to utilize language achievement data, including individual ELPAC scores, formative and summative core content assessment results to make informed decisions related to English learner plan implementation and respond to individual student needs. Best practices developed by ELAD will be systematically shared with instructional staff to ensure successful implementation to all English learner student schoolwide. School instructional leaders will conduct both informal and formal teaching observations throughout the school year to evaluate, provide coaching and support to teachers focused on implementation of established ELD best practices. The school expects this action to improve the percentage of English language students who are making progress towards English language proficiency (ELPI) and the annual reclassification rate.

**Goal 1, Action 7: Systematic Monitoring of Academic Performance for English Learners, Low Income and Foster Youth:** This Targeted Action is based on data analysis of opportunity gaps and feedback from the school community. Educational partners specifically want English Learners, Low Income and Foster Youth students to improve their average Distance from Standard on ELA and Smarter Balanced Assessments. To address this need, the school will utilize Ellevation to monitor ELs, Long-Term ELs, newcomer and RFEP students to ensure adequate progress is being made throughout the school year and align instructional and supplemental supports as needed. In addition, the school coordinator will support and coach teachers on monitoring English learner, Low Income and Foster Youth student progress and achievement in real time using Participation and Credit Monitoring instruments and deploy increased and intensified intervention as prescribed by the school's MTSS Framework. And lastly, school Data and Assessment Data Department staff will prepare a Monthly Storybook that summarizes student group performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism, and Credit Completion to inform the decision-making progress related to instruction, curriculum, E&I, and professional learning systems. The school expects that these targeted actions will close academic performance gaps that may exist for students of underserved groups. Effectiveness of this action will be measured by progress on Goal 1 Metrics: Smarter Balanced Assessments, Measures of Academic Progress, ELPI and English Learner Reclassification Rate.

**Goal 3, Action 2: Professional Development Focused on Improving Academic Performance for English Learners, Low-Income and Foster Youth.** This Targeted Action is based on data analysis conducted by educational partners and feedback related to professional learning needs. There is consensus that instructional staff need specialized training opportunities to improve student outcomes related to

academic achievement, specifically Smarter Balanced Assessments. To address these needs, during the development of the school's comprehensive professional learning system, Altus University, the school considers the needs of underserved student groups, including English Learners, Low Income and Foster Youth. For 2023-24, professional learning will include training for instructional staff focused on ELD data analysis through Illuminate, evidence based instructional strategies and curricular customization. These specialized trainings will be facilitated by the English Learner Achievement Department (ELAD). In addition, the school's math specialist will provide one-on-one coaching and support for teachers related to effective use of math instructional and curriculum tools to help English learner students access grade level content and enhance academic vocabulary. Achieve3000 and WRITE training will be provided to instructional staff focused on improving underserved student groups' literacy skills. Writing Redesigned for Innovative Teaching Equity (WRITE) is focused on enhancing teacher knowledge and skills in evidence-based instructional practices that promote effective literacy development. Research suggests that literacy training programs can help teachers develop a deep understanding of equity and culturally sustaining pedagogy, enabling them to create inclusive and equitable literacy instruction for historically underserved students. The school expects these services to positively impact students' language skills, comprehension, and overall literacy achievement (English Language Progress Indicator, EL Reclassification Rates, SBA ELA). And lastly, training opportunities focused on supporting the whole child, particularly social-emotional learning strategies to increase teacher knowledge and skills. We expect these actions will increase the capacity of staff to address the specific educational needs of unduplicated count students. The school will partner with community-based organizations to provide training to enhance teachers' understanding of student experiences, enabling them to create more relevant and meaningful learning opportunities. Educational research indicates that training programs focused on contemporary issues often emphasize social-emotional learning, the importance of inclusivity, diversity, and cultural competence. All training opportunities will prioritize data analysis, informed decision making, evidence-based instructional strategies, engender collaboration, and personalized approaches/methods to support student learning. The effectiveness of these actions will be determined by analyzing teacher participation in professional development opportunities, relevancy as indicated on training evaluations, and student/parent satisfaction with their educational experience.

**Goal 4, Action 3: Social, Emotional and Behavioral Support Systems for Low Income and Foster Youth:** As identified by educational partners, English Learners, Low Income and Foster Youth demonstrate a need for social-emotional and behavioral supports to improve academic outcomes. To address these needs, the school's Homeless and Foster Youth Liaison will support the designation of incoming Foster Youth students, provide ongoing case management to ensure that their academic, physical, mental health and social emotional needs are met. The Healthy Youth Therapist will provide additional and targeted counseling services and case management to low-income students and foster youth. By providing this case management to unduplicated pupils in need of social-emotional support, the school expects improved overall engagement in school and academic achievement. Students will also benefit from the newly created Mental Health and Wellness Hub that will integrate homeless and foster youth resources. In addition, the school's Healthy Youth staff will provide ongoing and sustained Resilience in Student Education (Rise), a series of live interactive opportunities for students to develop Social and Emotional Core Competencies. We expect these targeted actions to improve the number of students feeling safe, connected to school, and supported. Effectiveness of these actions will be determined by analyzing Metrics related to school climate, including Suspension Rate, Expulsion Rate and student safety perceptions gathered through surveys.

**Goal 5, Action 2: Engagement Opportunities for English Learners, Low Income and Foster Youth:** As identified by educational partner input and surveys, we need to increase parental involvement in school decision making, recruit additional parents and family members to participate in learning opportunities and expand communication with the entire school community. To address this need, ELAD will provide workshops, community resources, meetings, and opportunities, specifically for parents of English learner students to provide input into the development and implementation of the English Learner Plan, including the annual Needs Assessment. At all these engagement opportunities, the school will recruit parents of English Learner students by using Zoom translation features, translated materials and interpreters to facilitate dialogue. In addition, the school will provide bilingual staff at resource centers with high enrollment of non-English speaking families to establish a strong school to home partnership. The school expects these actions to increase parental involvement of English Learners, Low Income and Foster Youth and empower them to be more engaged with their child's education and planning for post-high school pathways. The school's Equity and Inclusion (E&I) staff will be focused on improving and expanding communication methods for parents, and monitoring trends. And lastly, to improve Foster Youth access to resource centers for educational support and services, the school's Foster Youth and Homeless Liaison will coordinate transportation services to qualifying students. Effectiveness of these actions will be measured by the number and frequency of parental participation opportunities provided to families throughout the school year, including the Family Learning Series which is designed to educate and train parents and family members. The school will also measure effectiveness by analyzing student engagement outcomes for unduplicated pupils, including student participation/attendance, Chronic Absenteeism Rate and Graduation Rate.

In conclusion, the school plans to continually monitor the effectiveness of these Targeted Actions provided to English Learners, Foster Youth, and Low-Income student groups by using multiple methods of data collection, including needs assessment and satisfaction surveys, engaging students and parents who participate in Formal School Events, Parent Advisory Committees, English Learners Advisory Committee and School Site Council. The school will also carefully monitor student groups' engagement and academic achievement in the Monthly Storybook, NWEA Assessments, Smarter Balanced Assessments, ELPAC and college/career readiness indicators. Instructional leaders will create the time and space needed for school staff to analyze student group achievement, discuss trends, and collaborate on effective practices and resources to support student groups.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Audeo III is a charter school and does not have such comparison schools by which to calculate staff increases. The school, like many other LEAs, using the additional Concentration Grant funding to increase staffing has been a challenge this year. Schools overwhelmingly report difficulty in hiring staff to fill open positions. However, the school has made every effort to recruit and hire qualified instructional staff to provide direct educational services to students, particularly the Certificated Teacher Resource (CTR), Resource Center Associate (RCA), and Learning Associate (LA) positions. As outlined in Goal 1, Action 4, these additional support staff positions will provide additional and targeted tutoring to increase student progress and course completion rates for unduplicated pupils. These support staff positions can

facilitate one-on-one and small group instruction focused on improving student proficiency in Mathematics and English Language Arts. Educational partners believe that these additional support staff will help the school improve performance in Metrics related to student engagement, achievement, and college/career readiness.

The school's Human Resources (HR) Department is committed to enhancing recruitment strategies to find and retain high quality instructional support staff. HR has expanded their recruitment channels to tap into talent pools and connect with highly skilled individuals. HR utilizes EDJOIN, LinkedIn, and Handshake as recruitment platforms. In addition, HR participates in both virtual and in-person job fairs to find qualified applicants, posts flyers throughout the community, and partners with surrounding colleges and universities as recruitment efforts.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	68:1
Staff-to-student ratio of certificated staff providing direct services to students	N/A	17:1

## 2023-24 Total Planned Expenditures Table

Totals	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds	Total Personnel	Total Non-personnel
Totals	\$ 1,257,691	\$ 511,361	\$ -	\$ 252,749	2,021,801	\$ 1,543,775	\$ 478,026

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## Plan Summary

### Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

### Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

### Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated students
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

### ***Focus Goal(s)***

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### ***Broad Goal***

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### ***Maintenance of Progress Goal***

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

### ***Required Goals***

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

### **Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs

may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

**Projected LCFF Supplemental and/or Concentration Grants:** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## For School Districts Only:

### Actions Provided on an LEA-Wide Basis:

**Unduplicated Percentage > 55 percent:** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

**Unduplicated Percentage < 55 percent:** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000.

Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### ***Contributing Actions Table***

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

### ***LCFF Carryover Table***

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

# Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Performance Standards

The performance standards for the local performance indicators are:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

### **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access

to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

## **Local Control Funding Formula (LCFF) Priority 1 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 1 are provided below.

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions: **0**
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home: **0**
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies): **0**

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

## Local Control Funding Formula (LCFF) Priority 2 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 2 are provided below.

### Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the *optional* reflection tool (Option 2).

#### **OPTION 1: Narrative Summary (Limited to 3,000 characters)**

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts

- World Language

## OPTION 2: Reflection Tool

**Recently Adopted Academic Standards and/or Curriculum Frameworks**

**Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Career Technical Education					<b>X</b>
Health Education Content Standards					<b>X</b>
Physical Education Model Content Standards					<b>X</b>
Visual and Performing Arts					<b>X</b>
World Language					<b>X</b>

### Support for Teachers and Administrators

Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Activities</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Identifying the professional learning needs of groups of teachers or staff as a whole					<b>X</b>
Identifying the professional learning needs of individual teachers					<b>X</b>
Providing support for teachers on the standards they have not yet mastered					<b>X</b>

#### Optional Narrative (Limited to 1,500 characters)

Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board. **N/A**

## **Local Control Funding Formula (LCFF) Priority 3 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 3 are provided below.

### **Parental Involvement and Family Engagement (LCFF Priority 3)**

#### **Introduction**

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:<sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

## Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.

5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

## Sections of the Self-Reflection Tool

### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	<b>5 – Full Implementation and Sustainability</b>
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	<b>5 – Full Implementation and Sustainability</b>
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	<b>5 – Full Implementation and Sustainability</b>
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	<b>5 – Full Implementation and Sustainability</b>

### Building Relationships Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.**

The school engages educational partners in meaningful participation of the school's programs and systems of continuous improvement. The school partners with families to create a Pathways Personalized Education Plan (PPEP) for each student that reflects their strengths, learning style, interests, and post-secondary goals. In partnership with parents, school staff monitor student progress towards PPEP goals and systematically adjust throughout the school year. This process is built on an established trusting relationship between school and family whereas parents are provided with opportunities to provide input into their student's education plan and into the school's overarching goals, actions, and services. Results from the school's annual survey indicate that 100% of parents report being able to provide input and feedback to the school through multiple ways. Based on stakeholder Needs Assessment, the school has identified that a primary requirement of students and parents is a safe and supportive learning environment. Survey results indicate that 100% of parents and 100% of students report that their school is safe and supportive. Additionally, the school values the partnership between school staff and families as the foundation of parent and family engagement. Over 100% of parents report that they have a high satisfaction rate with their student's teacher. To further engage parents and families in the instructional program, the school has prioritized providing learning environments that are innovative and engaging. 100% of parents report that the school provides innovative and engaging learning environments.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.**

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Audeo 3 regularly consults with educational partners throughout the school year to understand the academic, social-emotional and physical needs of students and families. The school utilizes multiple methods to conduct meaningful engagement, including school events, trainings, meetings, committees and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.**

To improve the engagement of underrepresented families the schools will address needs on several fronts. School materials will be translated and of interpreters made available for calls and meetings. The school will issue continue to Chromebooks and internet data plans to households in need of home technology. Increased Family Learning Series offerings to families focused on how to best support their child in academics, college/career interests, instructional support and health and safety for

parents and families will be available. Utilization of Parent Square further provides communication and engagement of educational partners with the school.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	<b>5 – Full Implementation and Sustainability</b>
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	<b>5 – Full Implementation and Sustainability</b>
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	<b>5 – Full Implementation and Sustainability</b>
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	<b>5 – Full Implementation and Sustainability</b>

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The school provides professional learning and support to teachers, support staff, and leadership to improve the school's capacity to partner with educational partners and provide a high-quality education for every student. Currently, 100% of teachers have exceeded the school's goal to participate in at least 60 hours of professional learning. The school establishes formal partnerships with community-based organizations and non-profit organizations to provide services and support for students and families in the areas of family, food, housing, health, mental health, and college and career. The school has several formal partnerships providing services and support to families throughout the school year.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

Based upon information collected from students, the school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways. In addition, the school is focused on providing students with additional counseling services to support and plan for post-high school pathways. The school will issue Chromebooks and internet data plans to households in need of home technology through the school's connect program, managed by the school's Equity and Inclusion Department which is focused on increasing opportunities for all students to succeed. In addition, a partnership with a local non-profit tutoring organization will provide additional academic tutoring opportunities for their students – particularly focused in Mathematics and ELA. To better facilitate school to home two-way communication and input with English Learner households, school materials will be translated as translators provided when needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.**

Audeo 3 is fully committed to continuously improving the engagement of underrepresented families with our partnerships supporting student outcomes. This includes working to increase community-based partnerships that support the needs of our educational partners. These include resources for academic, physical, and social emotional needs of students to eliminate barriers to each student successfully achieving their Personalized Pathway Educational Plan goals.

### **Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation

4 – Full Implementation

5 – Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	<b>5 – Full Implementation and Sustainability</b>
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	<b>5 – Full Implementation and Sustainability</b>
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	<b>5 – Full Implementation and Sustainability</b>
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	<b>5 – Full Implementation and Sustainability</b>

### Seeking Input for Decision-Making Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**

The school engages educational partners in its processes for continuous improvement and prioritizes building capacity of staff and families to engage in advisory groups and decision making. The school provides training for School Site Council members annually and holds regular meetings to develop, refine, and update the LCAP Federal Addendum. The school provides training for English Learner Advisory Committee members annually and holds regular meetings to develop refine and update the English Learner Plan. The families of students in Special Education are engaged through the Community Advisory Committee that provides trainings, resources, supports, and feedback opportunities throughout the school year. The school holds a variety of Resource Center events that focus on family engagement and provide opportunities for input into the school's programs. Additionally, the school seeks input into the Local Control Accountability Plan (LCAP) through an annual survey. In 2022-2023 the school received input from nearly 100 students and parents and used the results in the development of the 2023-2024 LCAP.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.**

Educational partner input into decision making is actively sought through multiple venues. Audeo 3 will continue to seek to improve input into decision making from our educational partners through the implementation of parent square as a communication tool, soliciting input and educational partner feedback through annual engagement surveys, opportunities to participate in Parent nights, Senior nights, Family Learning opportunities, representation on the School Council, the English Language Advisory Committee, and involvement in College/Career week.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.**

School staff will provide opportunities for students, parents, and family members to receive school information and resources at Open House and Senior Night Events. The school has also enhanced the Family Learning Series, which is ongoing and sustained training for parents and family members focused on their individual needs. The Family Learning Series is also committed to empowering parents and family members to be part of the school planning process – which includes reviewing schoolwide student engagement, achievement, and college/career readiness data. Instructional staff utilize ParentSquare to engage and communicate with students, parents and family members regarding the educational program and opportunities for input and engagement. Interactive English Learners Advisory Committee (ELAC) meetings will seek to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment. The school will provide translated materials and resources for parents and family members of English Learners.

## Local Control Funding Formula (LCFF) Priority 6 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 6 are provided below.

### School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey, which is to be conducted at least every other year, that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6– 8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

#### **1. DATA: Reflect on the key learnings from the survey results and share what the LEA learned.**

Audeo 3 administers an Annual LCAP Stakeholder Engagement Survey to students and parents to measure perceptions on conditions of learning, student outcomes, and engagement. Over the last five years, survey results indicate that the number one key requirement of students and parents is a safe and supportive learning environment. This requirement has directly impacted on the development of Audeo 3's LCAP. In order to monitor the success of Audeo 3's LCAP Goal 4: *Provide a Safe Environment and Supportive School Culture*, the school has established a metric of maintain or achieve a 90% or higher safety satisfaction rating. In 2022-2023, Audeo 3 exceeded this metric. Over 97.3% of students reported that they felt safe at Audeo 3 and 100% of parents reported that they feel their child is safe at Audeo 3. Additionally, the school establishes metrics for suspension and expulsion rates to reflect the effectiveness of the school's Multi-Tiered Systems of Supports (MTSS) that incorporates academic, social/emotional, and behavioral supports and interventions. In 2022-2023 Audeo 3's suspension rate was 0.0% and expulsion rate was 0.0%.

2. **MEANING: What do the disaggregated results (*if applicable*) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?**

These metrics indicate that students' needs are being met in a positive and supportive learning environment that protects and encourages their participation and engagement in school. Confidence surveys show an increase after 90 days of enrollment in students' confidence in their ability and skills to learn and succeed in school and in their receiving of the support from their teacher to succeed in school compared to prior to enrolling.

3. **USE: What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?**

In addition to an Annual LCAP Stakeholder Engagement Survey the LEA will also administer the California Healthy Kids Survey (CHKS) to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness. Educational partners have provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. To address these needs, a homeless and foster youth liaison will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations.

## Local Control Funding Formula (LCFF) Priority 7 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 7 are provided below.

### Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. **Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.**

As of CBEDS 2022-2023 Charter School of San Diego served 110 students in grades 6-12. The student demographics include:

- Percentage of Students with Disabilities: 30.8%
- Percentage of English Learners: 23.9%
- Percentage of Socioeconomically Disadvantaged: 65.8%
- Percentage of Homeless and Foster Youth (FY): 3.4%

Audeo 3 qualifies as a Dashboard Alternative School Status (DASS) program. This status holds schools accountable for the same state indicators, some with modified methods. The school is approved as a DASS school through the eligibility criteria of serving “high risk” student groups; the school has an unduplicated count of over 70% of students in that qualify as “high risk”, including credit deficient students and high transient students.

Audeo 3 uses the Pathways Personalized Education Plan (PPEP) process to plan, deliver and ensure all students across all student groups have access to a broad and rigorous course of study.

2. **Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study.**

The school's leadership team analyzes the results of the measures listed above annually. The results demonstrate that 100% of the students, including unduplicated groups and students with exceptional needs, have access to a broad and rigorous course of study. At our school, students take one to two courses at a time and students take the required grade level core courses within an academic school year. Course planning is individualized within the Pathways Personalized Education Planning (PPEP) Process. This process allows the instructional team to design a course plan based on the student's skill levels, interests, and post-high school goals. All courses leading to a high school diploma are UC-ag approved and NCAA approved. Students have access to Advanced Placement (AP) courses, honors courses, dual-enrollment and articulated courses, CTE courses and courses based on their PPEP. There are no differences in accessibility to courses across student groups at our school.

**3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.**

There are no barriers preventing Audeo 3 from providing access to a broad course of study for all students. Currently, 100% of the students have access to a broad and rigorous course of study. The school will continue to monitor its available course of study to ensure continued equitable access for all students.

**4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students?**

Due to the success the school has demonstrated in providing all students with access to a broad and rigorous course of study, no changes are currently planned. However, this data continues to be reviewed as part of our cycles of continuous improvement.

## **Assumptions for Preliminary Operational Budget FY 2023-24**

Audeo Charter School III (Audeo III) is an independent study program. Audeo III takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

**Apportionment credit for independent study programs, like Audeo III, are based on the student's "product" or academic work**, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo III is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- \* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo III is 65.77%.
- \* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school’s budget, typically one year, which is submitted to the school’s authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

## **BUDGET INFORMATION**

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2023-24 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo III’s April Revised Operational Budget.

**Table 1:**

Description	FY 2023-24
Grades 4-6 Adjusted Base Grant	\$10,069
Grades 7-8 Adjusted Base Grant	\$10,367
Grades 9-12 Adjusted Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)	8.22%
Audeo III’s Unduplicated Pupil Percentage (Rolling Average)	65.77%
District’s Unduplicated Pupil Percentage (EUHSD)	79.66%

Revenues were calculated based on the following enrollment and ADA:

**Table 2:**

Description	FY 2023-24 (Projected P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)
P-2 Enrollment	142	136	119
CBEDS	116	111	106
Students Served	248	241	212
ADA:			
Grade 4-6	5.09	4.88	3.16
Grade 7-8	17.81	17.08	15.41
Grade 9-12	110.58	106.07	100.38
<b>Total ADA</b>	<b>133.48</b>	<b>128.03</b>	<b>118.95</b>

### REVENUE PROJECTIONS

**Table 3:**

Description	FY 2023-24
LCFF Sources	\$1,921,279
Federal Revenues	\$366,926
State Revenues Other than LCFF	\$309,829
Local Revenues	\$11,500
<b>Total Projected Revenues</b>	<b>\$2,609,534</b>

- **In Lieu of Property Taxes** of \$5,041.29 per current year (CY) P-2 ADA is based on 2022-23 P-1 property tax rate for Escondido Union High School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$67 for Prop 20 (Lottery: Instructional Materials) and \$170 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

**Titles I, II, III, and IV** are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2022-23.

**ESSA: School Improvement (CSI) Funding for LEAs** is a Federal funding for LEAs with schools identified as requiring support consistent with the California State Plan for Every Student Succeeds Act. Audeo III was granted \$178,351 of ESSA CSI FY 2022-23, which must be expended by September 30, 2024. Audeo III included \$142,681 of its allocation in this budget. The remaining allocation of \$35,670 will be included in the next fiscal year.

**Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:**

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. This funding will provide LEAs with emergency relief funds to address the impact of COVID-19. Audeo III has developed and adopted a Plan for using its ESSER III funds to meet students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. Deadline for obligation of this fund is September 30, 2024.

Audeo III's ESSER III revised allocation is \$135,565 and of that amount, \$24,958 was spent in FY 2021-22 and 2022-23. Audeo III included the remaining amount of \$110,607 in this budget.

**Expanded Learning Opportunities (ELO) Grant** is part of AB 86, signed by Governor Newsom on March 5, 2021, and is intended to provide supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to specified student groups. Audeo III's ELO Grant Plan is focused on implementing a learning recovery program for specific student groups, including but not limited to, low-income students, English Learners, foster youth, homeless students, and students with disabilities. Audeo III is also focused on providing supplemental instruction and support strategies to students identified as potentially 'at risk' of abuse, disengaged and credit deficiency. Deadline for obligation of ELO ESSER II and ELO GEER II funds is September 30, 2023, while ELO ESSER III funds is September 30, 2024.

Audeo III's revised allocation amount is \$100,382 and of this amount, \$55,966 of ELO general fund and \$18,172 of ESSER II and GEER II was fully spent as of FY 2022-23. Audeo III spent \$6,987 of ELO ESSER III fund in FY 2022-23 and the remaining amount of \$19,257 is included in this budget.

**Project Safe from Exploitation (SaFE)** – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$575,000 and Audeo III is a subrecipient for \$945. As a subrecipient, Audeo III will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
  2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$130 per PY California Basic Educational Data System (CBEDS) count.
  - **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo III chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.85 for Grades K-8 and \$55.17 for Grades 9-12.
  - **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo III included \$124,500 of CTE grant in this budget.
  - **Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development and programming for educators, staff, students, and families and coordinated referral pathways for students needing mental/behavioral health services. Audeo, Audeo II, and Audeo III will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed \$12,000 per calendar year for 4 years beginning 2022 through 2025. Audeo III included \$4,000 in its budget for this FY, which is under local revenue.

- Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$666.08 per ADA. Total allocation for Audeo III is \$79,203. Deadline for obligation of this fund is FY 2025-26. Audeo III included \$19,808 in this budget.

### **NUMBER OF FULL-TIME EQUIVALENT (FTE) FACULTY**

**Table 4:**

<b>POSITIONS</b>	<b>OBJECT CODE</b>	<b>FY 23-24</b>
Teachers (Gen. Ed, Special Ed*, Instructional Leads)	1100	6.60
Certificated Pupil Support (Counselors/Nurse/Psychologist/Social Worker/Tech Lead)	1200	0.54
Certificated Supervisor & Administrator	1300	0.63
Other Certificated Teacher Resource (CTR)	1900	2.00
Resource Center Associate (RCA)	2100	2.00
Classified Support (Admin Support)	2200	0.06
Classified Supervisor & Administrator	2300	0.21
Clerical, Technical & Office Staff	2400	1.90
Other Classified (Administrative Support)	2900	0.03
<b>TOTAL FTE POSITIONS BUDGETED</b>		<b>13.97</b>

- \* To ensure compliance with Special Ed regulations, FTE position for Special Ed is at one Special Ed Resource Specialist for every 28 caseloads. We calculated the caseload by multiplying the total enrollment by the percentage of Special Ed population compared to total student population. For FY 2023-24, we estimated the Special Ed population at 24.40%.

**EMPLOYEE BENEFITS**

Employee benefits were calculated using the following rates:

**Table 5:**

	<b>Object</b>	<b>Certificated</b>	<b>Classified</b>
STRS (Teachers Retirement)	3111-12	19.10%	
PERS (Classified Retirement)	3211-12		26.68%
OASDI (Social Security)	3311-12		6.20%
MEDICARE	3321-22	1.45%	1.45%
Health & Welfare - Self-Insured Plan <u>Monthly Rates</u>			
- Medical           \$2,700			
- Dental           \$ 120			
- Vision           \$ 27	3401-02		
- Life Ins.       .00114			
State Unemployment Insurance	3501-01	0.05%	0.05%
Worker Compensation Insurance	3601-02	1.22%	1.22%

**NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700**

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo III has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

**RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200**

Audeo III has allocated \$9,508 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

**PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800**

The total budget amount for Object Code 5800 is \$387,353 representing 14.84% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

## **MARKETING**

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo III will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the district. The authorizing District has a broad and diverse student population. The budget for marketing will support significant outreach efforts to ensure that the student body of Audeo III reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo III has deployed an integrated marketing plan to support organizational growth. To reach Audeo III's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, Audeo III has allocated \$39,143 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

## **DISTRICT OVERSIGHT FEES**

Audeo III will pay its authorizing District (Escondido Union High School District) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Audeo III has budgeted \$19,213 for FY 2023-24 for oversight fees, which is included in object code 5800.

## **RESERVES**

Audeo III has allocated reserves of \$130,477 for FY 2023-24 representing 5% of total revenues of \$2,609,534.

## **FACILITIES**

Audeo III carries out contractual lease agreements with an annual cost of \$136,845 for FY 2023-24. The total cost of the current lease contracts from July 2022 through the end of the lease term (Year 2028) is \$724,164.

<b>TOTAL, EXPENDITURES</b>		<b>\$ 2,609,534.00</b>

**RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT**

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30<sup>th</sup> of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Audeo Charter School III**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Audeo Charter School III** has determined to spend the monies received from the Education Protection Act as attached.

DATED:

**June 22, 2023**

---

Secretary

<b>Balance (Total Available minus Total Expenditures)</b>		-

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Audeo Valley Charter School

CDS Code: 33103300140780

School Year: 2023-24

LEA contact information: Sharnita Moore, Ph: (858) 214-2511, Email: [smoore@altusschools.net](mailto:smoore@altusschools.net)

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2023-24 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Audeo Valley Charter School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Audeo Valley Charter School is \$4,727,062.00, of which \$3,792,129.00 is Local Control Funding Formula (LCFF), \$245,537.00 is other state funds, \$222,714.00 is local funds, and \$466,682.00 is federal funds. Of the \$3,792,129.00 in LCFF Funds, \$812,909.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Audeo Valley Charter School plans to spend for 2023-24. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Audeo Valley Charter School plans to spend \$4,348,898.00 for the 2023-24 school year. Of that amount, \$3,521,837.00 is tied to actions/services in the LCAP and \$827,061.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The budgeted expenditures that are not included in the Local Control Accountability Plan (LCAP) are salaries of administrative staff, maintenance services, utilities, custodial, janitorial, depreciation, audit, legal and oversight fees.

## Increased or Improved Services for High Needs Students in the LCAP for the 2023-24 School Year

In 2023-24, Audeo Valley Charter School is projecting it will receive \$812,909.00 based on the enrollment of foster youth, English learner, and low-income students. Audeo Valley Charter School must describe how it intends to increase or improve services for high needs students in the LCAP. Audeo Valley Charter School plans to spend \$1,127,953.00 towards meeting this requirement, as described in the LCAP.

## Update on Increased or Improved Services for High Needs Students in 2022-23

This chart compares what Audeo Valley Charter School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Audeo Valley Charter School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2022-23, Audeo Valley Charter School's LCAP budgeted \$638,895.00 for planned actions to increase or improve services for high needs students. Audeo Valley Charter School actually spent \$897,620.00 for actions to increase or improve services for high needs students in 2022-23.

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

## Plan Summary: 2023-34

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

In 2021, Audeo Valley Charter School (Audeo Valley) was **authorized by the Riverside County Office of Education** as a free public-school option serving students in grades 6-12. Audeo Valley's first year of operation was 2021-22. Previously, the Moreno Valley Resource Center had been successfully operated by Audeo Charter School since 2012. Audeo Valley is an academic intervention alternative centered on student motivation. It is our goal to place each student on a pathway to success.

**Audeo Valley received Initial Accreditation Status by WASC through June 30, 2025.** Audeo Valley operates one neighborhood resource center in Moreno Valley. Students and families visit this neighborhood resource center by appointment, or as needed, to participate in the instructional program and meet with school staff in a quiet, distraction-free, and safe environment. Audeo Valley is a non-classroom based, independent study program.

Audeo Valley is part of Altus Schools. Altus Schools focus on academic improvement, high-caliber teaching, safe and supportive learning environments, and the development of role models for educational reform. At Audeo Valley, every student's progress and academic achievement is important to us.

Our teachers are committed to providing a personalized and rigorous academic experience for each student. Teachers are trained to work on specific student needs. We ask that students and parents commit to working closely with our teachers. Teachers are actively involved with students and families, engaging with parents on a weekly basis through formal meetings, home visits, phone calls, and emails. Families are considered part of the learning 'team' and an integral part of the learning process.

Our school's standards and expectations are high, and we are proud to offer safe and supportive environments that are conducive to learning. Instruction is presented individually and in small groups. Courses at Audeo Valley are based on Common Core State Standards and are infused with appropriate technology-based activities and assignments. We provide the best available materials and a school culture

that is positive, supportive, and committed to putting kids first. In addition to providing a rigorous, personalized academic experience, Audeo Valley works to alleviate social and personal pressures that can impact academic performance. We also have many partnerships and alliances to provide community resources to students and families.

**Audeo Valley is identified by the California Department of Education (CDE) as Dashboard Alternative School Status (DASS).** DASS schools must have an unduplicated count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups, to be eligible for DASS. The high-risk groups include the following:

- a) Expelled
- b) Suspended more than 10 days in a school year
- c) Wards of the Court
- d) Pregnant and/or parenting
- e) Recovered Dropouts
- f) Habitually Truant
- g) Retained more than once in kindergarten through grade eight
- h) Students who are credit deficient
- i) Students with a gap in enrollment
- j) Students with a high-level transiency
- k) Foster youth
- l) Homeless youth

In December 2022, Audeo Valley had a total enrollment of 245 students. Of these 245 students, 72% were Socioeconomically Disadvantaged, 18% were Students with Disabilities, 6% were GATE, 11% were English Learners, 5% were Homeless, and 0.8% were Foster Youth.

In addition, of these 245 students, 66% were Hispanic, 9% were White and 18% Black or African American. 7% of students were of other ethnicities. See the Enrollment by Ethnicity graphic pie chart below.

### Enrollment by Ethnicity

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Audeo Valley's Educational Partners are satisfied with the school's commitment to providing a personalized instructional program for all students. This personalized approach is the school's key instructional process: Pathways Personalized Education Plan (PPEP). A PPEP was created for each student this school year, then monitored and adjusted for all students to help them meet their academic goals. Along with the PPEP, the School's Instructional Plan utilizes a systematic approach to increase student outcomes: Instruction, Curriculum, and Professional Learning. School Educational Partners believe that these systems and structures have been beneficial supports for student engagement and achievement this year, and they continue to report that students and parents seek out the unique educational opportunities

that Audeo Valley offers as they look for a new approach to learning and the ability to graduate on time.

**According to the 2022 Dashboard, Audeo Valley's Dashboard Alternative Status School (DASS) One-Year Grad Rate was 89.2% for All Students.** While the DASS one-year graduation rate is only being reported for information purposes for DASS schools, educational partners believe that this continues to be a key indicator of the school's success. As seen in the table below, the school exceeded the 80% target for All Students and all other numerically significant Student Groups. The actions the school has implemented to increase academic engagement for high school students will continue to be implemented for the 2023-24 school year to ensure that students graduate on-time and are ready for a successful transition to their chosen college/career pathways. Audeo Valley will remain committed to improving the Graduation Rate for all students and closing performance gaps for all student groups.

### Graduation Rate by Student Group

Student Group	Number of Students in the Graduation Rate	Number of Graduates	Graduation Rate
All Students	83	74	89.2%
English Learners	7	*	*
Homeless	2	*	*
Socioeconomically Disadvantaged	57	50	87.7%
Students with Disabilities	9	*	*
African American	11	9	81.8%
American Indian or Alaska Native	1	*	*
Hispanic	59	52	88.1%
White	10	*	*
Two or More Races	2	*	*

**The school was satisfied with the 2022 Chronic Absenteeism rate for students in grades 6-8.** According to the 2022 School Dashboard, 6% of students were chronically absent for the school year. Audeo Valley's Chronic Absenteeism Rate is significantly better than the State's average (30%). School staff will continue to focus on reducing Chronic Absenteeism for all students by increasing academic tutoring opportunities, providing targeted counseling and intervention, and removing potential learning barriers by providing students with home technology. Educational partners believe that the school will continue to demonstrate improvement in this area.

**Audeo Valley's educational partners are pleased with the 2022-23 academic achievement results, specifically the percentage of students who met their individual NWEA Growth Targets in English Language Arts and Mathematics in spring 2023.** The goal is to have at least 60% of students meet their individualized NWEA Growth target. Results for 2022-23 are provided below:

- 71% of students tested met their NWEA Reading Growth Target
- 79% of students tested met their NWEA Language Growth Target
- 71% of students tested met their NWEA Math Growth Target

**Educational partners were satisfied to see that 52.4% of English Learners are making progress towards English language proficiency or maintain the highest level, as measured by the Summative ELPAC.** Therefore, Audeo Valley's 2022 English Learner Progress Indicator (ELPI) published in the School Dashboard exceeded the State average by 2.1%. The school's comprehensive English Learner Plan is supporting the development of EL students' proficiency in English and in the core curriculum.

**Audeo Valley's Conditions & Climate remains a strength of the educational program.** For the 2022-23 school year, Audeo Valley's Suspension Rate on the School Dashboard was 0%. This is significantly better than the State's average which is 3.1%. Providing Audeo Valley students with a healthy, safe, and welcoming environment is most important because a high percentage of students choose to enroll to 'get away from negative experiences' at their previous school settings.

The School surveyed students and parents throughout the 2022-23 school year to ensure a strong School-to-Home Partnership. Based upon Student and Parent LCAP Engagement Surveys, it is evident that students and parents are satisfied with the educational program. Some of the key survey findings are provided below.

#### **School Safety:**

- 97% of parents report that they feel their child is safe at school.
- 97% of students report that they feel safe at the Resource Center.

#### **Educational Program:**

- 90% of parents report high levels of satisfaction with school.
- 97% of students report high levels of satisfaction with the school.

Audeo Valley's educational partners believe that the school has successfully maintained high levels of student engagement by providing students with synchronous one-on-one academic tutoring and ongoing small group instruction. Instructional staff stay in regular contact with students and family members by utilizing a variety of communication methods, including virtual conferences, secure text messages, emails, phone calls, and home visits. These systems and supports have helped students thrive as reflected in our Student Confidence Survey and Cumulative Participation Rate.

#### **Student Confidence Survey:**

- As of February 2023, 96% of students have a greater sense of confidence in their ability to learn and succeed in school within 90 days of enrolling at Audeo Valley.

#### **Cumulative Attendance/Participation Rate:**

- As of April 2023, the school's cumulative attendance rate is 92.5%. This exceeds the 84% attendance target the school set for the 2022-23 school year. Significant student groups, including Hispanic or Latino, White, Black/African American, Students with Disabilities, English Learners, Homeless, and Socioeconomically Disadvantaged students also exceed the school's target. The academic support and engagement methods utilized by instructional staff will continue to be implemented in the 2023-24 school year while also enhancing these approaches to meet the needs of all students, particularly the lowest performing student groups.

## **Reflections: Identified Need**

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to the COVID-19 pandemic, state law allows the 2022 School Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of the five Status levels (ranging from Very High, High, Medium, Low and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High).

Based upon a thorough analysis of the 2022 School Dashboard, the school will continue to focus resources and develop strategies to

improve in the areas identified below:

- According to the 2022 School Dashboard, All Students scored 123.5 points below standard on the **Summative Mathematics Smarter Balanced Assessments**. This is considered a Very Low status level and will continue to be a critical area of focus for the school. Additionally, there were two total student groups with the Very Low status: Hispanic and Socioeconomically Disadvantaged. The school will continue to refine and implement a systematic approach of curriculum, instruction, and professional learning to improve mathematics achievement for All Students and significant student groups. Furthermore, the school will continue to administer Interim Assessments to students to provide testing practice opportunities for students and obtain performance data that instructional staff can use to provide intensive academic intervention to those students who are at-risk of not meeting grade level standards. Teachers will also receive individualized professional learning from the school's math specialist focused on meeting the unique needs of each student.
- For **English Language Arts**, All Students scored 41.1 points below standard on the Summative ELA Smarter Balanced Assessments in 2022. This is considered a Low status level. Both Hispanic and Socioeconomically Disadvantaged student groups achieved a Low status level as well. Similarly, to Math, the school will consider ELA to be a critical area of focus for the 2023-24 school year. The school will strive to enhance current systems and structures to improve ELA achievement for All Students and significant student groups. The school will analyze formative and summative assessment data throughout the school year to determine areas of weaknesses, particularly claims and targets and provide targeted instruction in those areas.
- The school's **Combined Four-and Five-Year Graduation Rate** for 2022 was 69.9%. This is considered a Low status level. Both Hispanic and Socioeconomically Disadvantaged student groups achieved a Low status on this indicator as well. It should be noted that prior to 2022, the California Department of Education utilized the One-Year Grade Rate as a modified method for DASS schools. However, beginning with the 2022 School Dashboard, the DASS one-year graduation rate is being reported for information purposes only to provide data for local planning and analyses. With the denial of California's waiver in 2022 by the U.S. Department of Education to continue the use of the DASS one-year graduation rate and modified methods, this rate is no longer being used to determine DASS high schools for Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI). Rather, the combined four- and five-year graduation rate is now applied. While the school will continue to focus on improving the combined four- and five-year graduation rate, the school excelled in the DASS One-Year Grad Rate provided by the CDE (see table provided in the Reflections: Successes).
- While the **College/Career Indicator** (CCI) was not reported in the 2022 California School Dashboard, the school wants to increase the number of graduates who are meeting the Prepared criteria. To improve in this area, counselors will focus on recruiting and advising students on enrolling in CTE Pathways, Early College Credit Programs and Leadership/Military Science coursework. The school will also refine monitoring efforts focused on how each student is progressing towards meeting the CCI Prepared criteria.

Educational partners believe that professional learning is key to continued improvement and success on School Dashboard Indicators.

Therefore, the school's Professional Learning System, Altus University, will provide instructional staff with specialized trainings focused on increasing engagement and achievement for specific student groups, including AVID, Trauma Informed Practices for Schools (TIPS), Youth Mental Health First Aid (YMHFA), Leading Edge Certification (LEC), and Writing Redesigned for Innovative Teaching and Equity (WRITE).

The school remains committed to engaging and educating parents and family members through the Family Learning Series, which also serves as the school's Parent Advisory Committee (PAC). The Family Learning Series will be a series of trainings led by school staff focused on providing parents and family members with information, training, and collaboration opportunities related to academics, physical health, social-emotional, and behavior.

The school's Equity and Inclusion (E&I) staff will collaborate regularly with school leadership, teachers, education specialists, counselors, and school nurses to discuss the unique needs of student groups and explore potential solutions. E&I staff will work on expanding the School's Multi-Tiered System of Supports (MTSS) by establishing partnerships with community-based organizations that can provide additional academic, mental health and behavioral services to students and family members.

## LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2023-24 LCAP highlights the school's priority to transform student lives and ensure equity and access. The development of the LCAP aligns to the school's Strategic Planning Process. Educational partner input is analyzed, along with student demographics and achievement data to identify program goals, Metrics, and actions that will ensure all students are meeting rigorous academic standards.

**Goal 1: Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.**

### **Key Actions and Services for All Students:**

- Systematic Approach to Monitor Student Learning
- Pathways Personalized Education Plan (PPEP)
- Multi-Tiered System of Supports (MTSS)

### **Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Equity and Inclusion Program
- English Learner Achievement Department (ELAD)

- Additional Math and ELA tutoring opportunities focused on increasing student engagement and credit completion

**Goal 2: Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and are accessible to All Students.**

**Key Actions and Services for All Students:**

- Altus Pathways Advisory Council (APAC)
- UC a-g and NCAA approved course offerings list
- Accelerated, Honors and AP courses
- Multiple high quality and relevant CTE Pathways
- Early College Credit Program

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Connect Program: Chromebooks and internet data plans for students to use at home
- Instructional and curriculum enhancement tools: Achieve3000, BrainPOP ESL and Edgenuity MyPath Individual Learning Plans

**Goal 3: Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.**

**Key Actions and Services for All Students:**

- Altus University, professional learning system
- Leading Edge Certification, a national certification for educational technology
- Leadership development for staff: Executive Studies and Fellows Program
- CTE and Early College Credit Program professional learning
- Youth Mental Health First Aid
- ALICE Training: responding to a violent critical incident

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Math Specialist to provide support and coaching for instructional staff
- Writing Redesigned for Innovative Teaching Equity (WRITE)
- English Learner Achievement Department (ELAD) trainings
- Trauma Informed Practices for Schools (TIPS)
- Advancement Via Individual Determination (AVID)

**Goal 4: Provide a safe environment and supportive school culture for all educational partners to teach and learn.**

**Key Actions and Services for All Students:**

- Executive School Safety Committee
- School Safety Plan
- Designated Safety Ambassadors at each resource center
- Healthy Youth Department
- Character and Leadership Development with Cadet Corps

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Mental health counseling and services
- Resilience in Student Education (RISE) series
- Meal Program at all school sites
- Homeless and Foster Youth Liaison

**Goal 5: Provide innovative, engaging and a community-based resource center to service and support students, parents and family members.**

**Key Actions and Services for All Students:**

- Student and parent engagement activities, including College/Career Week, Alumni Community, Open House and Senior Night Events
- Family Learning Series, education and collaboration opportunities for parents and family members
- ParentSquare, a united and secure school communication platform
- Innovative and technology enhanced resource centers

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Family Resource Night
- Interactive and engaging English Learners Advisory Committee (ELAC)
- ELD Progress Reports, multilingual materials

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Audeo Valley is not eligible for CSI.

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Audeo Valley is not eligible for CSI.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Audeo Valley is not eligible for CSI.

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

The school regularly consults with educational partners throughout the school year to understand the academic, social-emotional, and physical needs of students and families. The school utilizes multiple methods to conduct **meaningful engagement**, including school events, trainings, meetings, committees, and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents, and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**The school has partnered with educational partners to develop the 2023-24 LCAP** which is focused on improving student outcomes and closing achievement gaps for underserved student groups. Educational partners have contributed to the LCAP development in several important ways: 1) Identification and refinement of needs based on data analysis, 2) creation of goals, 3) establishment of Metrics, 4) designation of actions/activities, and 5) resource allocation. The following educational partner groups have contributed to the development of the LCAP with the corresponding methods:

## **School Leadership Team**

Date: August 1-5, 2022

Involvement Method: Annual Strategic Planning

## **Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: August 19, 2022; August 24, 2022

Involvement Method: Annual Instruction, Curriculum and Accountability Symposium

## **Board of Directors and Community**

Date: August 31, 2022

Involvement Method: Board Meeting

## **Parents and Family Members**

Dates: July 27, 2022; August 10, 2022; September 14, 2022; September 28, 2022; November 2, 2022; December 14, 2022; January 25, 2023; February 15, 2023; March 1, 2023; April 12, 2023

Involvement Method: Family Learning Series

## **Board of Directors and Community**

Date: September 6, 2022

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: October 3-28, 2022

Involvement Method: School Open House Events

**All Staff**

Date: October 7, 2022

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: October 27, 2022

Involvement Method: English Learners Advisory Committee

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: October 28, 2022

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: September 23, 2022

Involvement Method: Special Education Compliance Clinic

**Students, Parents, Teachers and Staff**

Date: November 9, 2022

Involvement Method: School Site Council Meeting

**Board of Directors and Community**

Date: December 7, 2022

Involvement Method: Board Meeting

**All Staff**

Date: January 20, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: January 27, 2023

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: February 10, 2023

Involvement Method: Special Education Compliance Clinic

**School Leadership Team**

Date: February 22-23, 2023

Involvement Method: Mid-Year Strategic Planning

**Board of Directors and Community**

Date: March 1, 2023

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: March 1-24

Involvement Method: Senior Night Events

**Teachers, Education Specialists, Counselors and CTRs**

Date: March 17, 2023

Involvement Method: Instructional Meeting

**All Staff**

Date: April 7, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: April 18, 2023

Involvement Method: English Learners Advisory Committee

**Students, Parents, Teachers and Staff**

Date: May 8, 2023

Involvement Method: School Site Council Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: May 19, 2023

Involvement Method: Instructional Meeting

### **Board of Directors and Community**

Date: June 22, 2023

Involvement: Regular Board Meeting

The school's 2023-24 LCAP was presented to the community at a public hearing of the school's governing board. The agenda was posted at least 72 hours prior to the public hearing and was made available for public inspection.

### A summary of the feedback provided by specific educational partners.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Information collected is used in the school's comprehensive strategic planning, accountability and improvement in areas specified as California State Priorities. A summary of the input collected from each school community group is provided below, along with how it relates to development of the 2023-24 LCAP.

#### **Students:**

- Access to safe and supportive in-person school locations that are quiet and distraction free.
- A broad course of study, which includes engaging and relevant instructional materials and curriculum.
- Teachers who are available to answer questions, set high academic expectations for students and keep them on-track to advance grade level or meet graduation requirements.
- Multiple pathways to complete high school graduation requirements: Option #1, Option #2, CHSPE, GED and HiSET.
- Information, support, and planning related to post-high school pathways: community college, university, military, and career.
- Ongoing opportunities to participate in field trips that are relevant to their interests and post-high school plans.
- Variety of Meal Program options in the resource center.
- Recognition for academic achievements and accomplishments.

- Assignments and projects that include relevant current events.

**Parents, Family Members and Advisory Committees:**

- Highly trained teachers that can provide a personalized educational plan that prepares students for college/career pathways.
- Additional support and training related to planning for college and financial aid information.
- Ongoing opportunities for students to practice peer-to-peer collaboration on assignments and projects.
- Safe and supportive resource center that student can access throughout the school week to receive academic tutoring, interact with peers, and meet with support staff.
- Ongoing communication from instructional staff regarding their child's academic progress, engagement, and important school events.
- Supplemental math tutoring to build foundational skills and increase credit completion.
- Information and support accessing community-based partners.
- Provide Chromebooks and internet data plans to students in need of home technology.

**Parents of English Learners, including English Learner Advisory Committees:**

- Ongoing utilization of Achieve3000 and BrainPop to increase student reading skills and build content knowledge.
- Utilization of Zoom translation features for ELAC meetings.
- Translated school materials and availability of interpreters for calls and meetings.
- Share more strategies, resources, and tools for parents to support learning at home.
- Information related to their child's English language development throughout the school year, including test scores, academic grades, credit completion.

- Additional one-on-one tutoring opportunities.
- Specialized instructional videos designed to be more engaging and accessible by English Learner students with an IEP.

**Teachers and CTRs:**

- Additional instructional support staff to help meet the academic needs of students and support the instructional program.
- Continue to offer virtual professional development and meetings through Microsoft Teams, which will reduce teacher travel time.
- Professional development focused on identification/response to signs and symptoms of mental health challenges.
- Expanded professional development on how to respond to a violent incident, including active shooter.
- Provide mental health counseling sessions to students to address problems or issues.
- Resource centers designed to mitigate potential safety issues, including automatic locking doors, reinforced glass windows and other exterior precautions.
- Continue to provide student laptops and charging carts in resource centers.
- Enhanced communication system that school leadership can use to push-out school information to students, parents and family members.

**Education Specialists, Special Education Staff and SELPA Administrator:**

- Frequent collaboration opportunities with general education staff, focused on increasing student engagement and achievement of pupils with exceptional needs.
- Additional special education support staff to assist education specialists with organization, scheduling, and administrative tasks.
- Professional development and support related to Special Education compliance, assessment, differentiating instruction and case management best practices.

- Specialized literacy program/materials to support Students with Disabilities who are identified as struggling readers by the IEP Team.
- Student engagement and achievement data, which is disaggregated by Students with Disabilities, to utilize in Professional Learning Communities.
- Outreach and recruitment focused on enrolling more SWDs in Early College Credit Programs and Career CTE Pathways.
- Private office space for confidential IEP meetings.

**Administrators:**

- Teaching and learning environment that is in good repair, clean and safe for all educational partners.
- Additional instructional support staff to provide targeted tutoring to students in one-one-one and small group settings, primarily focused on Mathematics and ELA.
- Chromebooks and internet data plans for students in need of home technology to access the full curriculum and participate in online instruction.
- Engaging annual school events, including Family Night, College and Career Week, and Senior Night that provide educational partners with high-quality content and opportunities to ask clarifying questions related to the educational program.
- Utilize Ellevation to inform the instructional planning process for English learner students.
- Ongoing refinement of the MTSS to ensure that it is adequately responding to the unique needs of all students.
- A professional learning system focused on standards-based instruction, implementation of ELD and responding to social-emotional and mental health needs of students.
- Market and recruit more students to participate in programs focused on college/career readiness, including Early College Credit, CTE Pathways, AVID and California Cadet Corps.
- Implement strategies focused on increasing the number of graduates who complete UC a-g requirements.

- Recruit more parents and family members to participate in school events, including Family Learning Series.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

It is evident that educational partners are satisfied with many of the existing actions designed to support student engagement and achievement for all students. For that reason, the school will maintain five LCAP goals for the 2023-24 school year. These five goals address the instructional approach, curriculum, professional development system, school climate and family engagement. Each LCAP Goal, along with their corresponding Metrics are aligned to State and Local priorities. Metrics included in the 2023-24 LCAP are focused on Status and Change, similar to the California School Dashboard's Five-by-Five Placement approach. There are some Metrics that use a locally set target based upon historical outcomes or may be appropriate for a school that serves a high-risk student population (DASS).

Based upon information collected from **students**, the school has added the following Actions to the 2023-24 LCAP:

- The school will continue to focus on recruiting and hiring qualified instructional support staff, including CTRs, RCAs, and LAs, to provide additional academic tutoring opportunities in-person and online.
- Recruit additional students to participate in AVID Program, which is designed to create a 'college going mindset' but also provide ongoing peer-to-peer interaction and collaboration.
- School instructional leaders will collaborate with teachers to plan ongoing field trips throughout the school year. Students continue to express in surveys that they want field trips that match their interests and post-secondary plans.
- The school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways.
- Increased access to counselors and college information/planning sessions.
- Full implementation of AVID Program to provide additional Social and Emotional Learning opportunities.

After examining feedback from **parents of English Learners**, the school will initiate the following 2023-24 LCAP Actions:

- Provide families of English Learners with ELD progress reports, aligned to the CA EL Roadmap.
- Full utilization of Zoom translation features to engage non-English speaking families.
- Additional tutoring opportunities for English Learner students focused on building Language skills and effective study habits.

Information collected from **parents and family members**, led the school to develop the following LCAP Actions for 2023-24:

- More information and support related to college and career planning.
- Additional opportunities for students to interact peer-to-peer in the school setting.
- Access to community-based partnerships that focus on health and wellness, particularly physical fitness and mental wellbeing.

- Engaging school events, including a Family Resource Night to increase parent involvement and awareness of educational programs and services designed to improve student academic achievement.

After evaluating feedback from **teachers and staff**, the school will initiate the following 2023-24 LCAP Actions:

- Targeted recruitment for instructional support staff to support that can provide high-quality academic tutoring in the core subjects.
- Expand Early College Credit opportunities to all students.
- Training focused on contemporary topics impacting the lives of youth and how educators can support and provide resources.
- Mental Health & Wellness Hub to quickly access information for students and families.
- Develop a mental health student referral process that is streamlined and user-friendly.
- Research potential futuristic teaching and learning methods, including Virtual Reality platforms.

By analyzing feedback from **special education staff**, the school has designed the following 2023-24 LCAP Actions:

- Additional college and career planning support for Students with Disabilities (SWDs) focused on successful post-secondary transitions.
- Integrate a specialized literacy program into the school's MTSS, Ascend SMARTER Intervention, as a targeted academic intervention for SWDs.
- Recruit SWDs to participate in AVID and Character and Leadership Development Programs to support their social-emotional learning needs.

Based upon feedback from **administrators**, the school will implement the following 2023-24 LCAP Actions:

- Targeted recruitment of instructional support staff that can provide high-quality one-on-one and small group instruction to students at risk of or failing to meet content standards.
- Create and implement an individualized Gifted and Talented Education (GATE) Plan for all identified students.
- Full implementation of AVID Program to build strong foundational skills, facilitate peer-to-peer collaboration, and create a college going mindset for students.
- Improve reporting Language development progress with families of English Learners, focused on ELPAC results, credit completion, local assessment data, and teacher observations.
- Utilize a 5D+ Rubric during teaching observations to elevate teaching pedagogy.
- Embedded Zoom training and support for staff in the Altus University Calendar.
- Improved alignment of English Learner Training with the CA EL Roadmap.
- Additional training focused on meeting the unique needs of newcomer, immigrant, and refugee students who may be new to the community or school system.

- Ongoing training for staff focused on contemporary issues facing youth, but with emphasis on building school practices of equity and inclusion.
- Facility ticketing and monitoring system to ensure resource centers remain in good repair status.
- Facility card access control system to manage guest entry as a school safety precaution.
- Evaluate the California Healthy Kids Survey results to determine future school planning as it relates to MTSS.
- Develop a LCAP Infographic to summarize Goals, Actions, Expenditures for educational partners and community members.

# Goals and Actions

## Goal

Goal #	Description
Goal 1	Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status (DASS) Program.

An explanation of why the LEA has developed this goal.

Audeo Valley is an academic intervention program uniquely designed to support students experiencing educational difficulties for a variety of reasons. Historically, students enroll at Audeo Valley credit deficient and below grade level in Reading, Language, and Mathematics skills, as measured by NWEA. Therefore, Audeo Valley is committed to developing and implementing a Pathways Personalized Education Plan (PPEP) for all students with the objective to accelerate student learning for those behind grade level in academic skills while helping them meet their individual educational goals and be college/career ready.

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Systematic Approach to Monitor Student Learning for All Students	<p>a) School staff will administer Measures of Academic Progress by NWEA to students in the fall and spring semesters to make data-informed decisions related to curriculum and instruction to close ELA and Mathematics achievement gaps.</p> <p>b) School staff will administer the Smarter Balanced Interim Assessments to evaluate student mastery of grade level standards in ELA and Mathematics and create opportunities for instructional staff to analyze student data and develop systematic methods to improve student learning.</p> <p>c) Instructional staff will integrate Illuminate formative and summative assessments into the core curriculum to assess student learning, analyze achievement, and adjust teaching methods to meet the needs of all students.</p>	\$4,685	No

Action #	Title	Description	Total Funds	Contributing
Action 2	Evaluate and Support English Language Proficiency for English Learners	<p>a) School staff will administer a Home Language Survey to assess students enrolling for the first time in the state or country for initial English language proficiency and determine English Learner plan implementation.</p> <p>b) Instructional staff will administer the ELPAC to measure progress toward English proficiency, to inform instructional planning, supplemental support, language intervention, and to aid reclassification decisions.</p> <p>c) Instructional staff will develop IEPs for English Learners with disabilities that include academic goals for student language development.</p> <p>d) Based upon data analysis, ELAD will develop best practices for using data to inform Curriculum, Instruction, Family Engagement and Professional Learning Systems.</p> <p>e) Instructional staff will develop and implement evidence based formative and summative English Language proficiency assessments in one-on-one and/or small group tutoring to measure language skills.</p> <p>f) Instructional staff will deliver Integrated English Language Development (ELD) to support all English Learners with their acquisition of core content knowledge.</p> <p>g) Instructional staff will deliver Designated English Language Development (ELD) instruction through blended ELD courses to all English Learners according to grade level and language proficiency, and EL typology to support their development of critical language skills needed for content learning in English.</p>	\$188,591	Yes

Action 3	Academic Instruction and Support for All Students	<ul style="list-style-type: none"> <li>a) Human Resources staff will recruit and hire instructional staff to engage At-Promise youth and support their achievement – particularly additional RCAs, LAs and CTRs to support the instructional program.</li> <li>b) School staff will collect student educational records to aid in the creation of each Pathways Personalized Education Plan, including transcripts, report cards, attendance history, behavior records and 504 or IEP Plans, if applicable.</li> <li>c) Teachers will design, develop, implement, monitor, and adjust a Pathways Personalized Education Plan (PPEP) for every student based on educational records, assessment data, academic performance, and post-secondary goals.</li> <li>d) Instructional Staff will utilize School Pathways Student Information System (SPSIS) to report student attendance, document MTSS efforts, monitor student progress, and record grades.</li> <li>e) Instructional staff will utilize Naviance Program to support the successful postsecondary planning and collect information related to learning styles and preferences.</li> <li>f) Counseling staff will provide students with multiple pathways to earn a high school diploma, or equivalent, to increase successful student outcomes and transition to post-high school pathways.</li> <li>g) Teachers will provide tutoring sessions in Math and ELA that scaffold student skills to master course objectives and content standards and provide opportunities for live interaction to increase student connectedness to school.</li> <li>h) Teachers will provide academic tutoring sessions that are interactive with online video tutorials from both teachers and field experts that engage students in real-world applications and problem-</li> </ul>	\$955,402	No
----------	---	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>solving scenarios.</p> <p>i) Instructional staff will provide SBA Training Academies in April to prepare students for key Math and ELA claims and targets.</p> <p>j) The School Coordinator will support implementation of the school's Multi-Tiered System of Support (MTSS), which quickly matches the academic, behavioral, and social-emotional needs of all students and monitors the response to intervention.</p> <p>k) School staff will provide ongoing field trips that focus on student career and college pathways interest.</p> <p>l) Provide Gifted and Talented Education (GATE) for all identified students by specially trained teachers focused on inspiring students to utilize their talents and intellect to realize their full potential within an enriching academic environment.</p>		

Action #	Title	Description	Total Funds	Contributing
Action 4	Academic Instruction and Support for English Learners, Low-Income students, and Foster Youth	<p>a) Additional instructional support staff, including Resource Center Associates (RCAs), Learning Associates (LAs) and Certificated Teacher Resources (CTRs) to provide targeted tutoring to increase academic progress and completion rates for required graduation coursework.</p> <p>b) Partner with a community-based organization that can provide high-dosage tutoring opportunities throughout the school week focused on developing effective study habits and improving Math and ELA proficiency.</p> <p>c) Full implementation of the AVID program to build healthy learning habits, reading, writing, and critical thinking skills as well as deep content knowledge for college and career readiness.</p> <p>d) Counselors will provide additional support related to the academic, social-emotional and behavior needs of the lowest-achieving students.</p> <p>e) Equity and Inclusion (E&amp;I) Department staff to collaborate with school personnel to identify/respond to the educational needs of unique pupils, and coordinate services and resources to aid students and family members.</p> <p>f) Homeless and Foster Youth Liaison to coordinate with school staff to ensure appropriate enrollment processes, course planning, and school services to qualifying students.</p>	\$584,106	Yes

Action #	Title	Description	Total Funds	Contributing
Action 5	Academic Instruction and Support for Students with Disabilities	<p>a) Special Education staff to ensure that all Students with Disabilities receive FAPE through the implementation of services, accommodations, modifications, and supplementary aids as outlined in each student's IEP.</p> <p>b) Specialized Academic Instruction (SAI) provided by Education Specialists.</p> <p>c) Standards-based instruction is differentiated for students with IEPs and Education Specialists consult with general education teachers to implement accommodations and modifications in core curriculum and to customize learning activities to ensure accessibility through principles of Universal Design for Learning.</p> <p>d) Utilize Ascend SMARTER Intervention, to provide evidence-based literacy instruction to Students with Disabilities.</p>	\$343,321	No
Action 6	Systematic Monitoring of Academic Performance for All Students	<p>a) Data and Assessment Department staff will collect, analyze, and disseminate key performance measures aligned to student achievement and publish in Monthly Storybooks, including Student Participation, Chronic Absenteeism Rates, Credit Completion, Potential Dropout Rate, AP Course Reports and Naviance Student Confidence Rate.</p> <p>b) School staff will utilize the School's Data Integration System, including Naviance, NWEA, Illuminate and Achieve3000 to inform Curriculum, Instruction, E&amp;I and Professional Learning Systems.</p> <p>c) Instructional staff will utilize a Graduation Rate SharePoint Technology instrument to monitor individual student progress towards graduation and assist school staff in making real-time schoolwide projections for this engagement indicator.</p>	\$11,883	No

Action #	Title	Description	Total Funds	Contributing
Action 7	Systematic Monitoring of Academic Performance for English Learners, Low-Income students, and Foster Youth	<p>a) Instructional staff will utilize Ellevation as a monitoring system for all English Learner, including Long-Term English Learners, newcomer, and Reclassified Fluent English Proficient (RFEP) students to ensure adequate academic progress and align instructional and supplemental supports as needed.</p> <p>b) Instructional staff will monitor Long-Term English Learners (LTELs) and Reclassified Fluent English Proficient (RFEP) students through the PPEP Phase Meetings in July, October, and January.</p> <p>c) School leadership will develop a semesterly English Language Development progress report card aligned to the CA EL Roadmap to include designated ELD course completion, attendance, and progress towards reclassification.</p> <p>d) Teachers will provide all English Learner families with the ELD progress report card and opportunities to meet and discuss academic goals and needs.</p> <p>e) Data and Assessment Department staff will prepare a Monthly Storybook that summarizes English Learners, Low-Income students, and Foster Youth performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism and Credit Completion to inform the decision-making progress related to instruction, curriculum, equity/inclusion, and professional learning systems.</p>	\$230,133	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 is focused on increasing student engagement and academic achievement by developing, implementing, and adjusting a Pathways Personalized Education Plan (PPEP) for each student. There are seven Actions included in Goal 1. Upon a careful review of each Action, it is evident that there are no substantive differences to report. An Action summary is provided below:

- **Action 1:** Implemented the use of MAPs by NWEA, Smarter Balanced Interim Assessments and Illuminate Assessments to inform teaching and learning systems.
- **Action 2:** Implemented the school's English Language Development (ELD) Plan to all English Learner students.
- **Action 3:** Provided a PPEP to each student. School staff utilized key platforms, including School Pathways and Naviance to monitor student progress towards meeting individual academic goals and plan for postsecondary pathways. Counselors remained actively involved in the school's MTSS to support the unique needs of students and advise students and parents on viable graduation pathways. Teachers provided live academic instruction focused on increasing student skills in Math and ELA.
- **Action 4:** Provided additional academic tutoring opportunities geared primarily for unduplicated pupils. This included instructional support staff, and an ongoing partnership with a non-profit tutoring organization. Counselors, E&I staff, Homeless and Foster Youth Liaison provided support and coordinated services and support to meet the needs of special populations.
- **Action 5:** Implemented all Special Education services to qualifying students as outlined in their IEP.
- **Action 6:** Staff conducted systematic monitoring of student engagement and achievement by utilizing key Data Integration System platforms, including Naviance, NWEA, Illuminate and Achieve3000. Local monitoring tools and instruments were successfully published and updated to allow staff to conduct timely monitoring of key performance indicators.
- **Action 7:** Ellevation was successfully utilized throughout the year for English Learner monitoring and instructional planning. Data and Assessment Department staff provided ongoing and timely Monthly Storybooks that summarize unduplicated pupils' progress and achievement on key indicators to inform staffs' decision-making related to existing programs and services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

## Action 2

Budgeted Expenditures: \$216,511

Estimated Actual Expenditures: \$165,493

Material Difference: Decrease \$51,018

Explanation: When the preliminary budget was developed, Audeo Valley budgeted for additional FTE for new teachers to anticipate enrollment growth. Audeo Valley did not experience exponential growth in enrollment thus Action 2 decreased due to the budgeted FTE positions not being filled.

### **Action 3**

Budgeted Expenditures: \$833,946

Estimated Actual Expenditures: \$717,659

Material Difference: Decrease \$116,287

Explanation: Preliminary Budget included budgeted FTE positions for Certificated Teacher Resources (CTR) to assist Audeo Valley's general education teachers to support students. Due to a shortage in the workforce, the budgeted CTR positions were not filled.

### **Action 6**

Budgeted Expenditures: \$8,876

Estimated Actual Expenditures: \$44,666

Material Difference: Increase \$35,790

Explanation: Increased FTE staff allocations to align with Action 6 due to additional need for data and assessment staff to collect, analyze, and disseminate key performance measures.

### **Action 7**

Budgeted Expenditures: \$242,772

Estimated Actual Expenditures: \$300,472

Material Difference: Increase \$57,700

Explanation: Increased FTE staff allocations due to additional hours/time spent on assessing and analyzing data for monthly storybook to summarize English Learners, Low Income Students, and Foster Youth performance to increase support of students.

An explanation of how effective the specific actions were in making progress toward the goal.

The school is confident that Goal 1 Actions are contributing to successful student outcomes appropriate for a school identified as DASS. The school was able to meet desired outcomes for the 2022-23 Metrics outlined below:

- Teachers Appropriately Assigned and Credentialed: 90% of teachers

- Projected Chronic Absenteeism Rate: 3.2%
- NWEA Reading Growth: 71%
- NWEA Language Growth: 79%
- NWEA Math Growth: 71%
- Student Attendance Rate: 92.7%
- Middle School Dropout Rate: 0%
- High School Dropout Rate: 2.1%
- Student Confidence Survey: 96%

While the school's Combined Four- and Five-Year Graduation Rate and Smarter Balanced ELA and Mathematics results were less than the desired status outcome for 2021-22, the school is confident that Goal 1 Actions are systematically designed to demonstrate continuous improvement.

A description of any changes made to the planned goal, Metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2022 School Dashboard, the CDE published the Combined Four- and Five-Year Graduation Rate as the High School Engagement Indicator, rather than the DASS One-Year Graduation Rate. Therefore, the Combined Four- and Five-Year Graduation Rate has been added as a Goal 1 metric.

Based upon educational partner feedback, the school has adjusted the Metric focused on Teachers Appropriately Assigned and Credentialed to have an annual target of 90%.

As a school identified as DASS, educational partners wanted to add comparison outcomes to the following Metrics: Graduation Rate, Chronic Absenteeism, SBA Math, and SBA ELA. Each of these Metrics will include County DASS school averages and State DASS school averages.

The 2021-22 ELA and Mathematics Summative Assessments results will be considered the baseline year of date. Therefore, the school adjusted the desired outcome for both Metrics. The desired growth is to increase 3 points from the prior year for All Students and significant student groups.

Based upon reflections and educational partner input, the following actions have been changed or added for SY 2023-24:

- **Action 2f and Action 2g**: These Actions were realigned from Goal 3 (Professional Learning) to Goal 1 (Teaching and Learning).

- **Action 3a:** The school's Human Resources staff will recruit additional part-time instructional staff, including Resource Center Associates (RCAs) and Learning Associates (LAs) to support the educational program.
- **Action 4a:** RCAs and LAs are included in this action to provide additional and targeted academic tutoring to unduplicated pupils.
- **Action 4c:** The school will provide a fully implemented and robust AVID program to increase student engagement and achievement for historically underserved student groups.
- **Action 5d:** Special Education staff will implement Ascend SMARTER Intervention to support the academic needs of students with disabilities to improve literacy.
- **Action 7c:** School leadership will develop a semester ELD progress report that teachers can share with families of English Learner students to summarize language progress.
- **Action 7d:** Teachers will prepare a semester ELD progress report for each EL student and share with families.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
<b>Goal 2</b>	Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and is accessible to All Students.

An explanation of why the LEA has developed this goal.

Audeo Valley is committed to providing students with equitable access to rigorous and standards aligned courses that improve achievement and prepare them for post-secondary pathways, including community college, university, military and career.

Desired Outcome for 2023-24																																													
Provide a compliant WEE Program for students who want to participate in work-based learning opportunities																																													

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Standards Aligned Course of Study and Curriculum for All Students	<p>a) Altus Pathways Advisory Council (APAC) will review, update, and monitor course of study alignment with Common Core State Standards (CCSS), English Language Development (ELD) Standards, and Next Generation Science Standards (NGSS).</p> <p>b) Curriculum and Professional Development Department staff will review, update, and monitor course of study alignment with UC a-g and NCAA requirements.</p> <p>c) APAC will customize Edgenuity, online learning curriculum, to ensure academic rigor and alignment to the Smarter Balanced ELA and Mathematics Assessments Blueprint.</p> <p>d) Instructional staff will inform and educate students, parents, and family members on the benefits of taking advanced coursework, including Accelerated, Honors and Advanced Placement (AP).</p> <p>e) APAC will develop and refine curriculum and instructional materials that are multicultural and diverse.</p>	\$199,800	No

Action 2	Standards Aligned Course of Study and Curriculum for English Learners and Low-Income Students	<ul style="list-style-type: none"> <li>a) Provide Chromebooks and internet services to families in need of home technology to increase access and equity to the instructional program – close the digital divide.</li> <li>b) APAC will develop curriculum that is customized and blended for English Learners, with the Universal Design Learning (UDL) Guidelines to ensure all students can access and participate in meaningful, relevant, and challenging learning opportunities.</li> <li>c) Instructional staff will utilize Achieve3000, a comprehensive literacy program, to provide differentiated instruction per individual student reading levels, so English Learners are able to build literacy, content area knowledge, and accelerate learning gains within the school year.</li> <li>d) Instructional staff will utilize BrainPop and BrainPop ELL, a web-based comprehensive English language learning program, to provide ELL-specific supports, explicit instruction of grammar concepts, academic vocabulary, and access to content area knowledge.</li> <li>e) Teachers will assign supplemental curriculum for English Learners through Edgenuity MyPath Individual Learning Plans (ILPs) to accelerate academic skill development and close the achievement gap in in ELA and Math.</li> <li>f) Instructional staff will conduct outreach and recruitment to English Learner students with the focus on providing equitable access to the same educational program and services as all students, including access to Accelerated, Honors and Advanced Placement (AP).</li> <li>g) Ongoing Equity and Inclusion focused Professional Learning Communities, to ensure accessibility, equity, and achievement for high-risk student groups and historically underserved students to improve opportunities and readiness for college/career.</li> </ul>	\$175,403	Yes
----------	---	--	-----------	-----

Action #	Title	Description	Total Funds	Contributing
		h) Counselors and instructional staff collaborating to assign Edgenuity Prescriptive Testing courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation.		

Action 3	College/Career Pathways for All Students	<ul style="list-style-type: none"> <li>a) Curriculum and Professional Development staff to ensure that the course offerings list meets the demands and requirements of college, university, career, and military pathways.</li> <li>b) School staff will continue to offer CTE courses and Certification programs which are aligned to CTE Model Curriculum Standards.</li> <li>c) School staff will facilitate an annual Career Industry and College Week for students which includes informational presentations and workshops facilitated by field experts and representatives to educate students on post-secondary pathways.</li> <li>d) Expand Early College Credit opportunities to all students, including Dual Enrollment and Articulation by partnering with colleges.</li> <li>e) Counseling staff will inform all high school students, parents, and family members regarding benefits of early college credit opportunities and important registration deadlines.</li> <li>f) Counseling staff will provide students, parents and family members with information and training related to Dual Enrollment at Open House Events, Senior Night Events, Family Learning Series, and workshops hosted by community colleges.</li> <li>g) Counseling staff will inform and educate students on work-based learning opportunities, including Work Experience Education Program and Service Learning.</li> <li>h) School staff will administer Advanced Placement (AP) exams to students who want to earn college credit and placement.</li> <li>i) Instructional staff will support grade 12 students completing a Pathways Portfolio, a graduation course requirement that promotes digital literacy and preparation for post-high school pathways, including college, university, military, and workforce.</li> </ul>	\$123,976	No
----------	--	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>j) Counseling staff will utilize School Pathways SIS College/Career measures tags and CCI Report page to monitor individual high school student progress towards meeting Approaching and Prepared criteria.</p> <p>k) Instructional staff will utilize grade 12 SharePoint technology to update student progress towards meeting California School Dashboard CCI prepared criteria at January, March, and May 2024 Instructional Meetings to calculate College/Career readiness rate projections.</p> <p>l) Assist students and parents with applying for financial aid for college and career programs – the school’s Financial Aid Resource Webpage.</p>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 is focused on providing a broad, rigorous, and accessible course of study to all students that prepares them for college and career pathways. There are three Actions included in Goal 2. After reviewing each Action, the school has concluded that there are no substantive differences to report for Goal 2. An Action summary is provided below:

- Action 1:** The school’s curriculum department, known as APAC, successfully aligned courses to State Standards, UC a-g, and NCAA requirements. APAC was able to update and align the school’s online curriculum (Edgenuity) to the Smarter Balanced ELA and Mathematics Assessments Blueprint. APAC also adjusted online, and textbook curriculum based upon user feedback, including teachers and students. There was a commitment to refine curriculum and materials to be multicultural and diverse. The school continued to recruit and challenge students to take advance curriculum offerings and offered AP Exams at school sites.
- Action 2:** The school was able to successfully provide all students in need of home technology with a school issued Chromebook, along with internet connectivity. In addition, the school’s ELD program is fully implemented and sustained. Historically underserved student

groups continue to have access to a rigorous course of study, including Honors and AP, and specialized instructional materials and coursework to rapidly build foundational skills, literacy and quickly recover failing credits needed for grade level advancement and graduation. School counselors and E&I staff provided ongoing academic advising, support services, and training to the school community.

- **Action 3:** School staff received ongoing and sustained professional learning opportunities focused on planning and preparing students for post-secondary pathways. Counselors provided multiple opportunities for the school community to receive information and training related to key college/career aspects: Meeting the College Career Indicator (CCI) Prepared Criteria, Applying for Financial Aid, Early College Credit, CTE, Early Assessment Program (EAP), AP Exams registration, and Work Experience Education. The school provided a College and Career Week that included guest speakers from a variety of career fields and colleges to increase awareness of requirements, timelines, and processes. There were eight fully developed Career CTE Pathways available to all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

#### **Action 2**

Budgeted Expenditures: \$107,154

Estimated Actual Expenditures: \$250,844

Material Difference: Increase \$143,690

Explanation: Increase in funding resulted in an increase in expenditure i.e., Audeo Valley increased the hours spent for curriculum and professional development to support action 2.3.

An explanation of how effective the specific actions were in making progress toward the goal.

The school's Goal 2 Actions provided all students with a rigorous and well-rounded course of study that ultimately prepares them for future college and career pathways. The school was able to meet desired outcomes for the 2022-23 Metrics below:

- Availability of standards aligned instructional materials to all students: 100%
- Provide all students with access to a broad course of study: 100%
- Design and implement programs and services to pupils with exceptional needs that promote succession transitions: 100%
- Participation in Advanced Placement (AP) courses: 11 courses
- CTE Career Pathways: Eight
- Core courses aligned to CCSS: 100%

- Science courses aligned to NGSS: 100%
- ELA and Social Science courses aligned to ELD Standards: 100%
- Core courses are UC a-g approved: 100%
- CTE courses aligned to CTE Model Curriculum Standards: 100%
- Compliant and accessible Work Experience Education Program: Met

The data for many of the 2022-23 College/Career Readiness Metrics are not available at this time; the school projects that these outcomes will be available in Fall 2023.

As mentioned in other LCAP sections, educational partners want to focus on increasing the percentage of graduates who meet the College/Career Indicator Prepared Criteria. Therefore, the school has added additional Goal 2 Actions designed to increase student participation in CTE, planning for college, and accessing Early College Credit opportunities.

A description of any changes made to the planned goal, Metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The description of Goal 2 and Metrics will remain the same for SY 2023-24. Based upon educational partner reflections, the school has planned the following Action adjustments for the 2023-24 SY:

- **Action 3b:** The school will develop three additional CTE Career Pathway to meet the interest/needs of students and teachers, Animal Science, Retail Sales and Marketing, and Teacher Education.
- **Action 3d:** The school will expand Early College Credit opportunities to all students by partnering with colleges for Dual Enrollment and Articulation Agreements. School staff want all students to experience the benefits of Early College Credit, which include creating equitable access to higher education, preparing for postsecondary pathways, improving GPA, and graduation rates.
- **Action 3i:** To provide students and families with additional support related to applying financial aid for college and career programs, the school has developed a resource page. The school's resource page includes information related to FAFSA and the California Dream Act and how to request additional support.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 3	Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.

An explanation of why the LEA has developed this goal.

Instructional staff need ongoing and sustained professional development to improve student achievement and meet the diverse educational needs of the school community.

		<ul style="list-style-type: none"> <li data-bbox="665 228 1692 370">i) AU professional development trainings focused on supporting new teachers, including topics related to engaging unique pupils, data-informed decision making, MTSS implementation, technology systems, independent study compliance and vision/mission/values.</li> <li data-bbox="665 412 1692 480">j) AU professional development trainings focused on supporting teachers who do not meet annual scorecard performance targets.</li> <li data-bbox="665 522 1692 664">k) AU professional development trainings focused on supporting the whole child: Physical, mental, and social-emotional needs of students, including Youth Mental Health First Aid Training (YMHFA) and Suicide Prevention and Intervention.</li> <li data-bbox="665 706 1692 808">l) Provide ALICE Training and collaboration opportunities to all school employees, focused on how to prevent, mitigate, respond to, and recover from a violent critical incident.</li> <li data-bbox="665 850 1692 953">m) Provide instructional staff with training and support related to effective use of Zoom for virtual interaction and instruction, including Scribe to facilitate hybrid teaching environments.</li> </ul>		

Action 2	Professional Development Focused on Improving Academic Performance for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Instructional staff will receive training on the CA EL Roadmap to build understanding and expertise about the needs of ELs and research-based programs and practices.</li> <li>b) English Learner Achievement Department (ELAD) will provide training, support, coaching to instructional staff on the following topics related to the English Learner Plan: Designated ELD, initial and summative ELPAC administration, data analysis, evidence based instructional strategies, curriculum customization and EL monitoring and reclassification on Ellevation.</li> <li>c) Instructional staff will receive specialized training on how to meet the unique needs of newcomer, immigrant, and refugee students who may be new to the country/school system.</li> <li>d) Math specialist will provide teachers, education specialists, and CTRs professional development focused on supporting English Learners with effective use of the curriculum and instructional strategies. This will help English Learners access grade level content and enhance academic vocabulary.</li> <li>e) Achieve3000 training, coaching and support for instructional staff which is focused on program integration, best practices, and data analysis which will improve student literacy skills.</li> <li>f) Specialized professional learning for instructional staff including Writing Redesigned for Innovative Teaching Equity (WRITE) offered by San Diego County Office of Education (SDCOE) which is focused on improving underserved student groups' literacy skills and academic achievement.</li> <li>g) AU professional development training for staff focused on Equity &amp; Inclusion and how to cultivate reflective and positive discussion with students.</li> </ul>	\$12,937	Yes
----------	--	--	----------	-----

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>h) Embed social-emotional learning activities in all AU professional development offerings to increase teacher knowledge and skills related to this area.</li> <li>i) Specialized college/career readiness training for staff, including Advancement Via Individual Determination (AVID), designed to increase the percentage of low-income students to complete UC a-g requirements.</li> <li>j) Trainings for school counselors focused on preparing Low-Income, Foster Youth, or first-generation students to enter college.</li> <li>k) AU professional development training for staff focused on research-based strategies and tools to support Homeless and Foster Youth engagement in school with a focus on Trauma Informed Practices for Schools.</li> <li>l) Partner with local non-profit organizations to increase staff awareness of contemporary youth topics, including Fentanyl awareness and Expansive School trainings.</li> </ul>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 is focused on providing instructional staff will ongoing support and professional learning to meet the unique needs of students and family members. There are two Actions included in Goal 3. The school conducted a thorough review of each Action and determined that all but one strategy was implemented. For Action 2f, the school was unable to provide staff with training related to Writing Redesigned for Innovative Teaching Equity (WRITE). WRITE is a specialized literacy training provided by San Diego County Office of Education (SDCOE). WRITE training has been rescheduled to the 2023-24 school year. A Goal 3 Action summary is provided below:

- Action 1: The school created a Professional Learning catalog and made it available to educational partners prior to the start of the school year. The school provided training related to effective implementation of the State Standards to instructional staff throughout the school year. There was special emphasis on Mathematics and ELA since both content domains are critical areas of need. In addition, school staff participated in a wide variety of trainings, including CTE, LEC, Special Education, GATE, Executive Studies, Fellows Projects, MTSS, New Teacher Training, Professional Growth Training, YMHFA, and ALICE.
- Action 2: The school's English Learner Achievement Department (ELAD) provided specialized training to instructional staff focused on implementation of English Language Development (ELD). The Math Specialist provided instructional staff with support and training focused on meeting the unique needs of EL students, including effective use of curriculum, instructional materials, and strategies. Other specialized professional development and trainings offered to staff included, Achieve3000 implementation for EL students, equity and inclusion in a school setting, facilitating social-emotional learning, AVID, and supporting children and youth in transition (CYT).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

### Action 3

Budgeted Expenditures: \$10,397

Estimated Actual Expenditures: \$22,465

Material Difference: Increase \$12,068

Explanation: Increased Instructional Support FTE allocation to support action 3.2 i.e. professional development technology training for instructional staff focused on improving the literacy skills and academic achievements for underserved students.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3 Actions have significantly increased high quality teaching and learning at the school for all students, and unduplicated pupils. **All Goal 3 Metrics were met** for the 2022-23 school year, as summarized below:

- 100% of teachers participated in at least 60 hours of annual professional learning.
- 100% of teachers participated in at least 10 hours of annual Math professional learning.
- The school provided 11 English Learner Achievement Department trainings focused on Assessment, Curriculum, E&I, and Instruction.
- 100% of teachers have completed Leading Edge Certification within three years of their initial employment.

- 96% of staff report high levels of training relevance at Altus University sessions.
- 97% of students report high levels of satisfaction with their educational experience.
- 90% of parents and family members report high levels of satisfaction with their child's overall educational experience.

It is evident that the school's Professional Learning System is meeting the unique needs and requirements of educational partners. While school administration is satisfied with Goal 3 Metric results there is consensus that instructional staff need ongoing and sustained training and coaching related to math and ELA achievement.

A description of any changes made to the planned goal, Metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 3 description and Metrics will remain the same for 2023-24. Based upon reflections, the school will initiate some additional Actions to ensure staff can support the needs of the Whole Child, including EL students, and increase student, parent, and family member engagement. A summary of these new Actions is provided below:

- **Action 1c:** School Coordinator, or instructional leader will utilize a Teaching Observation rubric to conduct informal and formal observations with instructional staff throughout the school year. The 5D+ Rubric Instructional Growth and Teacher Evaluation will be utilized during these teaching observations.
- **Action 1m:** In prior years, the school's primary virtual platform was Microsoft Teams. For 2023-24, school employees have professional Zoom accounts to increase student and parent engagement opportunities. School staff will receive training on how to use Zoom effectively and efficiently.
- **Action 2a:** Better align ELD training to the California EL Roadmap.
- **Action 2c:** Provide specialized training to employees focused on supporting the unique needs of students and parents who are new to the country.
- **Action 2i:** Partner with local organizations, including SAY San Diego to provide specialized training on contemporary issues/challenges facing youth.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

### Goal

Goal #	Description
Goal 4	Provide a safe environment and supportive school culture for all educational partners to teach and learn.

An explanation of why the LEA has developed this goal.

Students, parents, family members and staff require a learning environment that is safe, distraction-free and professional.

		j) Provide annual professional learning to all staff, including Blood Borne Pathogens, Child Abuse Reporting, Sexual Harassment Prevention, AED, CPR and First Aid.		
Action 2	Social, Emotional and Behavioral Support Systems for All Students	<p>a) Healthy Youth Therapist to provide counseling services, facilitate student referrals and case management to meet the social-emotional, mental health and physical needs of each student.</p> <p>b) Healthy Youth Department will provide a Wellness Week focused on themes such as student Connection and Self-Care.</p> <p>c) Character and Leadership Development Program to promote health, wellness, and academic achievement.</p> <p>d) Instructional staff will provide small group learning environments in the resource center and/or in distance learning that promotes positive communication, behavior, and accountability.</p> <p>e) School staff will update the school website to provide families with information related to available food resources, health, and wellness services.</p> <p>f) Meal and Nutrition Program to promote student health and well-being.</p>	\$42,118	No

Action #	Title	Description	Total Funds	Contributing
Action 3	Social, Emotional and Behavioral Support Systems for Low-Income students and Foster Youth	<p>a) Incoming Foster Youth students are tagged by school enrollment staff in SIS to enable the Homeless and Foster Youth Liaison to ensure that their academic, physical, mental health, and social-emotional needs are met.</p> <p>b) The Homeless and Foster Youth Liaison will provide ongoing case management services and collaborate with instructional staff as needed.</p> <p>c) Healthy Youth Therapist to provide additional and targeted counseling services and case management to low-income students and foster youth.</p> <p>d) Healthy Youth Department will provide Resilience in Student Education (RISE), a series of live interactive broadcasts focused on the Social and Emotional Core Competencies.</p> <p>e) Implementation of AVID's social and emotional learning (SEL) to support students' needs, goal pursuit, and leverage of their college and career readiness.</p> <p>f) Creation and integration of homeless and foster youth resources into the school's mental health and wellness hub.</p> <p>g) Equity and Inclusion staff will develop a mental health referral process that will provide students and families with mental health and wellness resources, as well as connect them to school-based and community-based mental health supports.</p>	\$75,661	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 is focused on providing a safe environment and supportive school culture to all educational partners. All three Actions were fully implemented and sustained for the 2022-23 school year. A Goal 4 Action summary is provided below:

- **Action 1:** The Executive School Safety Committee convened regularly to discuss potential safety issues and ensure successful implementation of the School Safety Plan. The school provided multiple opportunities for educational partners to provide input regarding safety procedures and training needs. School Safety Ambassadors attended training and facilitated discussions related to safety topics, including ALICE (Violent Critical Incidents) in ongoing Resource Center Meetings with colleagues. School nurses supported the physical health of the school community. Lastly, Operations and Facilities staff ensured the school sites' systems and structures were adequately prepared for emergency scenarios.
- **Action 2:** The school's Healthy Youth Therapist and Department were able to provide counseling services, referrals and case management to meet the needs of all students. The school actively recruited students to participate in the Character and Leadership Development Program with Cadet Corps. Additionally, staff hosted a Wellness Week for all students, updated the school website to include information related to health/wellness, and provided a Meal Program available to all students at resource centers.
- **Action 3:** These actions were targeted to meet the unique needs of Low-Income and Foster Youth. The school's Homeless and Foster Youth Liaison facilitated identification, case management services, collaborated with community partners, and training to staff. Specialized school staff provided live social-emotional learning opportunities (RISE) for students as part of the school's MTSS.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

### **Action 3**

Budgeted Expenditures: \$42,691

Estimated Actual Expenditures: \$68,380

Material Difference: Increase \$25,689

Explanation: Increased FTE allocation for school clerks to support Action 3 for homeless & foster youth students to ensure their academic, physical, mental health and social emotional needs are met. Additionally, Audeo Valley increased the budget for nutrition plan to promote students' health and well-being.

An explanation of how effective the specific actions were in making progress toward the goal.

Educational partners are satisfied with Goal 4 Actions and their contributions to providing a safe environment and supportive school culture conducive for teaching and learning. As a result of Goal 4 Actions, the school was able to **meet all 2022-23 Metrics**:

- As of April 2023, the school has a 0% suspension and expulsion rate.
- 97% of students and parents who completed surveys report high levels of school safety satisfaction.
- The school's Safety Plan continues to meet the needs of the school community and remains compliant.

A description of any changes made to the planned goal, Metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 4 description and Metrics will remain the same for 2023-24. Based upon feedback and reflections, the school will initiate some additional Goal 4 Actions:

- **Action 1d:** Utilize ZenDesk platform to support facility ticketing/monitoring.
- **Action 1e:** Install and provide maintenance services to Bravo card access controls at all resource centers and offices as a school safety precaution.
- **Action 1f:** Administer the CHKS to determine the current state of student health and wellness. Information gleaned from the survey will inform decision making related to school programs and services.
- **Action 1h:** Create a Mental Health & Wellness Hub available to all educational partners focused on meeting their diverse physical, social-emotional, and mental health needs.
- **Action 1j:** Provide specialized professional learning to staff focused on first aid, child abuse prevention, and maintaining a safe/professional work environment.
- **Action 3e:** Full implementation of AVID focused on building student academic skills, planning for college, and supporting social-emotional learning.
- **Action 3f:** Integrate key homeless and foster youth resources and services into the school's mental health and wellness hub.

- **Action 3g:** E&I staff available to the school community to assist in community referrals, training, case management, and assisting school leaders with responding to student health emergencies.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 5	Provide innovative, engaging and a community-based resource center to service and support students, parents, and family members.

An explanation of why the LEA has developed this goal.

Meaningful educational partner engagement and community connectedness are essential elements to transforming lives.

## Measuring and Reporting Results

		<p>and communication.</p> <p>j) Utilize technology platforms, including DocuSign, Zoom, and Adobe to efficiently connect school staff with educational partners.</p> <p>k) Research potential use of Virtual Reality platforms at school sites to innovate teaching and learning methods.</p> <p>l) Administer the California Healthy Kids Survey (CHKS) to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness.</p> <p>m) Conduct marketing in local communities to increase awareness and recruit students and families in need of innovative learning methods to reengage in school and prepare for post-high school pathways.</p>		

Action #	Title	Description	Total Funds	Contributing
Action 2	Engagement Opportunities for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Provide an annual Family Resource Night at the beginning of the school year to educate parents and family members on educational programs and services designed to increase access to our educational program for historically underserved student groups.</li> <li>b) Coordinate transportation services for foster youth to increase access to the resource center for educational support and services.</li> <li>c) Facilitate interactive English Learners Advisory Committee (ELAC) meetings to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment.</li> <li>d) Engage parents of English learner students to seek feedback on existing ELD Programs and potential barriers to learning.</li> <li>e) Utilize ELD progress report cards to engage families of English Learners in needs assessment and goal development.</li> <li>f) Provide translated materials and resources for parents and family members of English Learners.</li> <li>g) Designated translators and/or bilingual staff at resource centers with high enrollment of non-English speaking families.</li> <li>h) Design, develop and disseminate a multilingual LCAP infographic that summarizes the school's educational program, student profile and key services/programs available to unduplicated pupils.</li> <li>i) Develop and embed a feedback form into the mental health and wellness hub to solicit input and requests for support from educational partners.</li> <li>j) Utilize language interpretation in Zoom school events to increase school connectiveness of non-English speaking families.</li> </ul>	\$12,993	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 5 is designed to provide community-based resource centers that are innovative in design and capable of engaging students, parents, and family members. While Audeo Valley's instructional model is non-classroom based, school leadership wants to provide a physical school environment that students can attend throughout the school week to interact with peers, participate in live instruction, access school equipment, and meet with school staff. There are two Actions included in Goal 5. Upon reviewing each Action, school staff have determined that there are no substantive differences to report. Key Actions are summarized below:

- **Action 1:** The school provided multiple opportunities for students, parents and family members to interact with staff and learn about important programs and services. These school events included Open House, Senior Night Events, and Family Learning Series. At school events, staff teach students and parents how to use communication and academic tools, including School Pathways Student-Parent Portal, Edgenuity, Achieve3000, ParentSquare, School Website and Naviance.
- **Action 2:** These are targeted Actions for English Learners, Low-Income, and Foster Youth. Key actions included providing bus passes to Foster Youth, facilitating engaging English Learner Advisory Committee (ELAC) meetings to increase involvement of parents of English Learners, bilingual staff who can provide translation services, and translated materials/resources for families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

### Action 1

Budgeted Expenditures: \$288,885

Estimated Actual Expenditures: \$371,419

Material Difference: Increase \$82,534

Explanation: Increase in facility costs and community outreach/awareness to support Action 1.

### Action 2

Budgeted Expenditures: \$500

Estimated Actual Expenditures: \$1,380

Material Difference: Increase \$880

Explanation: Increased bilingual staff support to assist in non-English speaking families.

An explanation of how effective the specific actions were in making progress toward the goal.

The school community is satisfied with how Goal 5 Actions were able to increase engagement and innovation at Audeo Valley. **All Goal 5 Metrics were met** for the 2022-23 school year:

- 100% of school facilities are determined to be in Good Repair status, clean, safe, and functional for teaching and learning.
- The school expanded opportunities for parental and family member participation for low-income, English learners, and foster youth students in trainings, advisory meetings, and school events.
- Staff increased opportunities for parental and family member participation for students with exceptional needs.
- The school maintained formal partnerships with community-based organizations to support the needs of the 'Whole Child'.
- There were ten Family Learning Series offered to parents and family members.
- 100% of parents and family members who completed a LCAP Survey reported that the Resource Center provided their child with innovative learning opportunities.

A description of any changes made to the planned goal, Metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 5 Description and Metrics will remain the same for 2023-24. However, based upon data analysis and reflection the school have designed additional Actions:

- **Action 1j:** DocuSign, Zoom, and Adobe programs to improve work efficiency for staff and enhance communication with the school community.
- **Action 1k:** Research focused on utilization of Virtual Reality platform and technologies for teaching and learning.
- **Action 1i:** Refine systems to administer the CHKS to students.
- **Action 1m:** Increase community awareness of the school's unique ability to help struggling students reengage in school, academically succeed, and prepare for post-secondary pathways.

- **Action 2a:** Conduct outreach and recruitment to involve more families in the annual Family Resource Night.
- **Action 2e:** Provide all parents and families of English learner students with an annual ELD progress report to foster engagement and goal development.
- **Action 2h:** Disseminate a multilingual LCAP infographic to the school community focused on highlighting targeted programs and services for unique learners.
- **Action 2i:** Integrate a feedback form into the school's Health and Wellness Hub to solicit input and needs from educational partners.
- **Action 2j:** Utilize language interpretation features provided in Zoom at school events to increase school connectiveness and access for non-English speaking families.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2023-24

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$812,909	\$85,623

### Required Percentage to Increase or Improve Services for the LCAP Year

27.29%	0%	\$0	27.29%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Based upon educational partner feedback and data analysis, the school plans to initiate Increased or Improved Services designed to benefit foster youth, English learners (EL), and low-income students **to a greater extent** than students who are not low-income, EL and/or foster youth. These LEA-wide Contributing Actions are outlined below and upgrades the entire educational program for all students:

- **Goal 1, Action 4a:** As provided in the Engaging Education Partners section, teacher feedback indicated that they need additional instructional **support staff** to provide direct tutoring services to students who are struggling to make adequate academic progress in core courses. To address these needs, the Human Resources Department will conduct targeted recruitment of RCAs and CTRs to fill vacancies. Instructional aides and assistants can help implement differentiated instruction techniques, tailoring instruction to meet the diverse needs of students. We expect these actions to lead to an increase in the percentage of foster youth, English learners and low-income students meeting grade level standards on Smarter Balanced Assessments.
- **Goal 1, 4b:** Based upon data analysis, school staff indicated a need to provide high-dosage academic tutoring opportunities for students struggling in ELA and Mathematics. Specifically, foster youth, English learners and low-income students are struggling the most in these academic areas. To address this need, the school will partner with a **non-profit organization to provide high dosage tutoring**

throughout the school week, focused on skill development, direct instruction, guided practice, and independent practice opportunities. Educational research<sup>1</sup> indicates that high dosage tutoring programs can help students overcome learning challenges and make significant progress in their studies. The school expects this supplemental tutoring program to improve the percentage of unduplicated pupils meeting their individualized NWEA Spring Growth targets in Math, Reading, and Language.

- **Goal 1, Action 4c:** Based upon educational partner feedback and college/career readiness outcomes, the school wants to improve programs and services that prepare students for post-secondary pathways. To address these needs, the school will offer an **AVID Program** which is focused on building healthy and sustainable study habits and college/career readiness. Educational research<sup>2</sup> indicates that AVID is effective in improving student outcomes related to college/career readiness. We expect the AVID Program to lead to improvements in the percentage of unduplicated pupils graduating on-time, finishing UC a-g requirements, and scoring proficient on SBAs.
- **Goal 1, Action 4d:** Educational partners indicated that students need additional guidance as it relates to college/career readiness, social emotional support, and equity/access. To address these needs, the school will provide **counselors** who provide academic guidance to students, help students explore career options, navigate the college application process, understand financial aid opportunities, help address student personal and social issues, and identify and address barriers that marginalized students may face, such as lack of resources. Educational research<sup>3</sup> indicates that counselors are essential for supporting students' holistic development, academic achievement, and future success. We expect counseling services to increase the number of unduplicated students graduating on-time, prepared for college/career pathways, and reporting high-levels of satisfaction with the educational program.
- **Goal 1, Action 4e:** School administrators want to continue to integrate Equity and Inclusion (E&I) services into the school's Multi-Tiered System of Support (MTSS). There is consensus that **E&I services** will elevate academic achievement, social-emotional well-being, school climate, and college/career readiness. Research<sup>4</sup> indicates that E&I services address potential disparities and provide targeted support to marginalized students and can help narrow achievement gaps. The school expects these E&I services to improve academic outcomes, including increased engagement and higher graduation rates, particularly for unduplicated pupils.

- **Goal 1, Action 4f:** Educational partners provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. Specific feedback included, ‘these basic needs must be met to keep them engaged in school and achieving.’ To address these needs, a **homeless and foster youth liaison** will provide case management services to children and youth in transition and other vulnerable student groups. A dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations. The school expects these services to improve engagement metrics (chronic absenteeism, attendance, drop out rate, and graduation rate) for foster youth.
- **Goal 2, Action 2a:** There is consensus amongst the entire school community that providing all students with access to home technology and internet service can have several positive impacts on their learning and academic outcomes. To address these needs, the school will provide a Chromebook and internet service to all families in need to help bridge the digital divide and promote equity in education. Students from socioeconomically disadvantaged backgrounds are more likely to lack access to technology and internet at home, creating a ‘homework gap’ that can hinder their ability to fully participate in the educational program. Providing all students with technology and internet access helps ensure equal opportunities for learning and reduces disparities in educational outcomes. The school expects the **Altus Connect Program** to improve digital access and equity, expanded learning opportunities, engender personalized and differentiated instruction, promote digital literacy, and enhance parental engagement and communication.
- **Goal 2, Action 2b:** Instructional staff want to create and develop a curriculum that can meet the diverse needs and learning styles of all students, particularly Students with Disabilities and English Learners. To meet these needs, The school’s curriculum departments (APAC), integrates **Universal Design for Learning (UDL)** guidelines into the core curriculum. Educational resources<sup>5</sup> indicate that UDL can increase student engagement and academic achievement because it provides multiple means of representation and expression to accommodate different learning preferences and abilities. The school expects these services to narrow achievement gaps, increase educational access, and create a more inclusive learning environment for all students.
- **Goal 2, Action 2c:** Based upon English learner performance on the Summative English Language Proficiency Assessment for California, the school wants to increase the percentage of ELs making progress towards English language proficiency. To meet these needs, the school will utilize **Achieve3000** which is an online literacy platform that aims to improve reading comprehension and vocabulary skills for students, including English learners. It provides differentiated content based on individualized reading levels and offers various tools and activities to support language acquisition. Educational partners and resources<sup>6</sup> suggest that this literacy program will ultimately help English learners improve performance on ELPAC because it is designed to match text based upon student reading abilities, provides differentiation/personalization features, and adjusts the difficulty level over time. While this program will certainly benefit English learners,

<sup>5</sup> “UDL in a Distance Learning Environment Webinar.” April 2020. <https://www.cde.ca.gov/ls/he/hn/udlapril24webinarnotes.asp>.

<sup>6</sup> “Achieve3000.” February 2018. <https://ies.ed.gov/ncee/wwc/EvidenceSnapshot/691>.

staff suggests that it will help other students who may be considered struggling readers.

- **Action 2, Action 2d:** As previously mentioned school staff want to support the English development of ELs while increasing their engagement in school related activities and course completion. To meet these needs, the school will utilize **BrainPOP and BrainPOP ELL** as an educational tool that will be integrated into the school's English Language Development (ELD) Program. School staff indicates that this program can help ELs in several ways, including providing engaging animated videos, comprehension activities, vocabulary development, grammar instruction, writing and speaking practice, and cultural awareness. The school expects these services to improve the school's ELPI and other engagement metrics (e.g., attendance, chronic absenteeism, drop out). Because of the engaging animated videos, other students can benefit from this program to learn course content, develop language skills, and make learning more fun.
- **Goal 2, Action 2e:** Based upon educational partner feedback and data analysis, many new students enroll several grade levels behind in reading and mathematics. Therefore, it is essential to accelerate academic skill development and close achievement gaps. To meet these needs, the school will provide **Edgenuity MyPath Individual Learning Plans** (ILPs) that provide targeted instruction and support tailored to the specific needs of each learner. Staff and instructional leaders report that when this type of program is implemented with fidelity and supported by well-trained educators, they can accelerate learning, improve academic skills, and close achievement gaps for students from low-income backgrounds or historically marginalized groups. The school expects these services to increase the percentage of students meeting their individualized NWEA Spring Growth target.
- **Goal 2, Action 2f:** Based upon College and Career Readiness data, the school wants to increase the percentage of graduates who are meeting the CCI Prepared criteria. In addition, the school wants to close opportunity gaps that exists for English Learners. To meet these needs, the school will conduct **targeted recruitment of English Learners to participate in Honors and Advanced Placement (AP)** coursework. By recruiting ELs to participate in AP and Honors programs, the school is taking actionable steps to close potential opportunity gaps and promoting educational equity. The school expects these services to lead to an increase in the number of ELs taking advanced coursework and meeting the CCI Prepared criteria on the school dashboard. As the school creates flyers and disseminates information to the school community, these efforts will likely lead to other students seeing the benefits of advanced programs and greater participation schoolwide.
- **Goal 2, Action 2g:** School staff is committed to closing opportunity gaps that may exist for student groups in education. To meet these needs, the school's Equity and Inclusion (E&I) personnel will **coordinate a multi-faceted and comprehensive approach with the school community that prioritizes equity, inclusivity, and the success of all students**. These E&I strategies will include data analysis, monitoring, program development, professional development, training, collaboration, partner with community-based organizations, targeted support for underserved student groups, parent and family engagement, and a focus on continuous evaluation and improvement. The school expects these services to increase the percentage of graduates who are meeting the CCI Prepared criteria, particularly for unduplicated pupils.

- **Goal 2, Action 2h:** Teachers and counselors continue to report that many new students enroll because they are credit deficient and are not on-track to graduate with their high school cohort. To meet these needs, the school will provide **Edgenuity Prescriptive Testing** courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation. Staff and instructional leaders report that credit recovery classes can support students' transitions to postsecondary education or the workforce. By enabling students to recover credits and graduate on time, these programs increase students' options and opportunities for further education or career pathways. The school expects these programs to increase graduation rates and reduce dropout rates, particularly for students from low-income backgrounds.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Audeo Valley has an enrollment of unduplicated pupils which exceeds 74.16% of total enrollment. The school's required percentage to increase or improve services for unduplicated students is 27.29% and the estimated increased apportionment is \$812,209. Services for English Learners, Low Income and Foster Youth are being increased or improved through a range of Targeted Actions determined by educational partners that provides services for all groups, or principally directed to a single group. Targeted actions are determined by engaging educational partners, identifying potential needs, and designing services/programs that will increase engagement, elevate academic achievement, and prepare for college/career pathways. For the 2023-24 school year, the school has planned increased or improved services that amount to a total of \$1,127,953, which is 37.86% of the LCFF Base Grant.

In the previous Increased or Improved section, the school has planned Contributing Actions that have a LEA-Wide Scope: Goal 1, Action 4 and Goal 2, Action 2. The school expects Goal 1, Action 4 to total \$458,442 and Goal 2, Action 2 to total \$158,717. These LEA-Wide Contributing Actions will represent a 20% planned increase or improvement of services for unduplicated pupils.

Of the Targeted Actions to Increase and Improve Services described within this plan, several are services that are provided only to **unduplicated students and their families**, which are considered a Limited Scope. These **Limited Scope** Actions are outlined below and will represent a 17% increase or improvement of services to unduplicated pupils:

**Goal 1, Action 2: Evaluate and Support English Language Proficiency for English Learners:** This Targeted Action is based on educational partners expressing a need to improve academic outcomes for English learner students due to English Language Acquisition needs. To address this need, the school's English Learner Achievement Department (ELAD) staff will develop evidence-based best practices to utilize language achievement data, including individual ELPAC scores, formative and summative core content assessment results to make informed decisions related to English learner plan implementation and respond to individual student needs. Best practices developed by ELAD will be systematically shared with instructional staff to ensure successful implementation to all English learner student schoolwide. School instructional leaders will conduct both informal and formal teaching observations throughout the school year to evaluate, provide coaching and support to teachers focused on implementation of established ELD best practices. The school expects this action to improve the percentage of

English language students who are making progress towards English language proficiency (ELPI) and the annual reclassification rate. It is estimated that this Targeted Action will total \$188,591 and represent a 6.3% increase or improvement of services to English Learners.

**Goal 1, Action 7: Systematic Monitoring of Academic Performance for English Learners, Low Income and Foster Youth:** This Targeted Action is based on data analysis of opportunity gaps and feedback from the school community. Educational partners specifically want English Learners, Low Income and Foster Youth students to improve their average Distance from Standard on ELA and Smarter Balanced Assessments. To address this need, the school will utilize Ellevation to monitor ELs, Long-Term ELs, newcomer and RFEP students to ensure adequate progress is being made throughout the school year and align instructional and supplemental supports as needed. In addition, the school coordinator will support and coach teachers on monitoring English learner, Low Income and Foster Youth student progress and achievement in real time using Participation and Credit Monitoring instruments and deploy increased and intensified intervention as prescribed by the school's MTSS Framework. And lastly, school Data and Assessment Data Department staff will prepare a Monthly Storybook that summarizes student group performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism, and Credit Completion to inform the decision-making progress related to instruction, curriculum, E&I, and professional learning systems. The school expects that these targeted actions will close academic performance gaps that may exist for students of underserved groups. Effectiveness of this action will be measured by progress on Goal 1 Metrics: Smarter Balanced Assessments, Measures of Academic Progress, ELPI and English Learner Reclassification Rate. It is estimated that this Targeted Action will total \$230,133 and represent a 7.7% increase or improvement of services to unduplicated student groups.

**Goal 3, Action 2: Professional Development Focused on Improving Academic Performance for English Learners, Low-Income and Foster Youth.** This Targeted Action is based on data analysis conducted by educational partners and feedback related to professional learning needs. There is consensus that instructional staff need specialized training opportunities to improve student outcomes related to academic achievement, specifically Smarter Balanced Assessments. To address these needs, during the development of the school's comprehensive professional learning system, Altus University, the school considers the needs of underserved student groups, including English Learners, Low Income and Foster Youth. For 2023-24, professional learning will include training for instructional staff focused on ELD data analysis through Illuminate, evidence based instructional strategies and curricular customization. These specialized trainings will be facilitated by the English Learner Achievement Department (ELAD). In addition, the school's math specialist will provide one-on-one coaching and support for teachers related to effective use of math instructional and curriculum tools to help English learner students access grade level content and enhance academic vocabulary. Achieve3000 and WRITE training will be provided to instructional staff focused on improving underserved student groups' literacy skills. Writing Redesigned for Innovative Teaching Equity (WRITE) is focused on enhancing teacher knowledge and skills in evidence-based instructional practices that promote effective literacy development. Research suggests that literacy training programs can help teachers develop a deep understanding of equity and culturally sustaining pedagogy, enabling them to create inclusive and equitable literacy instruction for historically underserved students. The school expects these services to positively impact students' language skills, comprehension, and overall literacy achievement (English Language Progress Indicator, EL Reclassification Rates, SBA ELA). And lastly, training opportunities focused on supporting the whole child, particularly social-emotional learning strategies to increase teacher knowledge and skills. We expect these actions will increase the capacity of staff to address the specific educational needs of

unduplicated count students. The school will partner with community-based organizations to provide training to enhance teachers' understanding of student experiences, enabling them to create more relevant and meaningful learning opportunities. Educational research indicates that training programs focused on contemporary issues often emphasize social-emotional learning, the importance of inclusivity, diversity, and cultural competence. All training opportunities will prioritize data analysis, informed decision making, evidence-based instructional strategies, engender collaboration, and personalized approaches/methods to support student learning. The effectiveness of these actions will be determined by analyzing teacher participation in professional development opportunities, relevancy as indicated on training evaluations, and student/parent satisfaction with their educational experience. The school expects this Contributing Action to total \$8,916 and be equivalent to less than 1% of the increased or improved services.

**Goal 4, Action 3: Social, Emotional and Behavioral Support Systems for Low Income and Foster Youth:** As identified by educational partners, English Learners, Low Income and Foster Youth demonstrate a need for social-emotional and behavioral supports to improve academic outcomes. To address these needs, the school's Homeless and Foster Youth Liaison will support the designation of incoming Foster Youth students, provide ongoing case management to ensure that their academic, physical, mental health and social emotional needs are met. The Healthy Youth Therapist will provide additional and targeted counseling services and case management to low-income students and foster youth. By providing this case management to unduplicated pupils in need of social-emotional support, the school expects improved overall engagement in school and academic achievement. Students will also benefit from the newly created Mental Health and Wellness Hub that will integrate homeless and foster youth resources. In addition, the school's Healthy Youth staff will provide ongoing and sustained Resilience in Student Education (Rise), a series of live interactive opportunities for students to develop Social and Emotional Core Competencies. We expect these targeted actions to improve the number of students feeling safe, connected to school, and supported. Effectiveness of these actions will be determined by analyzing Metrics related to school climate, including Suspension Rate, Expulsion Rate and student safety perceptions gathered through surveys. The school expects this Targeted Action to total \$70,661 and represent a 2.3% increase or improvement of services for Low Income and Foster Youth.

**Goal 5, Action 2: Engagement Opportunities for English Learners, Low Income and Foster Youth:** As identified by educational partner input and surveys, we need to increase parental involvement in school decision making, recruit additional parents and family members to participate in learning opportunities and expand communication with the entire school community. To address this need, ELAD will provide workshops, community resources, meetings, and opportunities, specifically for parents of English learner students to provide input into the development and implementation of the English Learner Plan, including the annual Needs Assessment. At all these engagement opportunities, the school will recruit parents of English Learner students by using Zoom translation features, translated materials and interpreters to facilitate dialogue. In addition, the school will provide bilingual staff at resource centers with high enrollment of non-English speaking families to establish a strong school to home partnership. The school expects these actions to increase parental involvement of English Learners, Low Income and Foster Youth and empower them to be more engaged with their child's education and planning for post-high school pathways. The school's Equity and Inclusion (E&I) staff will be focused on improving and expanding communication methods for parents, and monitoring trends. And lastly, to improve Foster Youth access to resource centers for educational support and services, the school's Foster Youth and Homeless Liaison will coordinate transportation services to qualifying students. Effectiveness of these actions will

be measured by the number and frequency of parental participation opportunities provided to families throughout the school year, including the Family Learning Series which is designed to educate and train parents and family members. The school will also measure effectiveness by analyzing student engagement outcomes for unduplicated pupils, including student participation/attendance, Chronic Absenteeism Rate and Graduation Rate. These Targeted Actions to engage unduplicated pupils and families is estimated to total \$12,493 and represent less than 1% or increased and improved services.

In conclusion, the school plans to continually monitor the effectiveness of these Targeted Actions provided to English Learners, Foster Youth, and Low-Income student groups by using multiple methods of data collection, including needs assessment and satisfaction surveys, engaging students and parents who participate in Formal School Events, Parent Advisory Committees, English Learners Advisory Committee and School Site Council. The school will also carefully monitor student groups' engagement and academic achievement in the Monthly Storybook, NWEA Assessments, Smarter Balanced Assessments, ELPAC and college/career readiness indicators. Instructional leaders will create the time and space needed for school staff to analyze student group achievement, discuss trends, and collaborate on effective practices and resources to support student groups.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Audeo Valley is a charter school and does not have such comparison schools by which to calculate staff increases. The school, like many other LEAs, using the additional Concentration Grant funding to increase staffing has been a challenge this year. Schools overwhelmingly report difficulty in hiring staff to fill open positions. However, the school has made every effort to recruit and hire qualified instructional staff to provide direct educational services to students, particularly the Certificated Teacher Resource (CTR), Resource Center Associate (RCA), and Learning Associate (LA) positions. As outlined in Goal 1, Action 4, these additional support staff positions will provide additional and targeted tutoring to increase student progress and course completion rates for unduplicated pupils. These support staff positions can facilitate one-on-one and small group instruction focused on improving student proficiency in Mathematics and English Language Arts. Educational partners believe that these additional support staff will help the school improve performance in Metrics related to student engagement, achievement, and college/career readiness.

The school's Human Resources (HR) Department is committed to enhancing recruitment strategies to find and retain high quality instructional support staff. HR has expanded their recruitment channels to tap into talent pools and connect with highly skilled individuals. HR utilizes EDJOIN, LinkedIn, and Handshake as recruitment platforms. In addition, HR participates in both virtual and in-person job fairs to find qualified applicants, posts flyers throughout the community, and partners with surrounding colleges and universities as recruitment efforts.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	82:1
Staff-to-student ratio of certificated staff providing direct services to students	N/A	23:1

## 2023-24 Total Planned Expenditures Table

Totals	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds	Total Personnel	Total Non-personnel
Totals	\$ 2,687,231	\$ 206,546	\$ 218,114	\$ 409,946	3,521,837	\$ 2,894,085	\$ 627,752

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory Metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory Metrics (*EC* sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of Metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## Plan Summary

### Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

### Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

### Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of Metrics other than the statutorily required Metrics
- Determination of the desired outcome on one or more Metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated students
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated Metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related Metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or Metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of Metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of Metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any Metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated Metrics.

### ***Focus Goal(s)***

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### ***Broad Goal***

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different Metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and Metrics grouped together will help achieve the goal.

### ***Maintenance of Progress Goal***

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable Metrics not addressed within the other goals in the LCAP. The state priorities and Metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related Metrics.

### ***Required Goals***

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include Metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated Metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, Metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include Metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated Metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, Metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify Metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some Metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The Metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable Metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more Metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use Metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

### **Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the Metrics associated with the goal. When responding to this prompt, LEAs

may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific Metrics within the goal that are applicable to the action(s). Grouping actions with Metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of Metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and Metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, Metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

**Projected LCFF Supplemental and/or Concentration Grants:** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## **For School Districts Only:**

### **Actions Provided on an LEA-Wide Basis:**

***Unduplicated Percentage > 55 percent:*** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

***Unduplicated Percentage < 55 percent:*** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### **Actions Provided on a Schoolwide Basis:**

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000.

Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### ***Contributing Actions Table***

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

### ***LCFF Carryover Table***

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

# Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## **Performance Standards**

The performance standards for the local performance indicators are:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

### **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access

to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

## **Local Control Funding Formula (LCFF) Priority 1 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 1 are provided below.

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions: **10%**
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home: **0**
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies): **0**

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

## Local Control Funding Formula (LCFF) Priority 2 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 2 are provided below.

### Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the *optional* reflection tool (Option 2).

#### **OPTION 1: Narrative Summary (Limited to 3,000 characters)**

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts

- World Language

## OPTION 2: Reflection Tool

**Recently Adopted Academic Standards and/or Curriculum Frameworks**

**Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Career Technical Education					<b>X</b>
Health Education Content Standards					<b>X</b>
Physical Education Model Content Standards					<b>X</b>
Visual and Performing Arts					<b>X</b>
World Language					<b>X</b>

### Support for Teachers and Administrators

Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Activities</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Identifying the professional learning needs of groups of teachers or staff as a whole					<b>X</b>
Identifying the professional learning needs of individual teachers					<b>X</b>
Providing support for teachers on the standards they have not yet mastered					<b>X</b>

#### Optional Narrative (Limited to 1,500 characters)

Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board. **N/A**

## **Local Control Funding Formula (LCFF) Priority 3 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 3 are provided below.

### **Parental Involvement and Family Engagement (LCFF Priority 3)**

#### **Introduction**

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:<sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

## Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.

5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

## Sections of the Self-Reflection Tool

### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	<b>5 – Full Implementation and Sustainability</b>
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	<b>5 – Full Implementation and Sustainability</b>
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	<b>5 – Full Implementation and Sustainability</b>
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	<b>5 – Full Implementation and Sustainability</b>

### Building Relationships Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.**

The school engages educational partners in meaningful participation of the school's programs and systems of continuous improvement. The school partners with families to create a Pathways Personalized Education Plan (PPEP) for each student that reflects their strengths, learning style, interests, and post-secondary goals. In partnership with parents, school staff monitor student progress towards PPEP goals and systematically adjust throughout the school year. This process is built on an established trusting relationship between school and family whereas parents are provided with opportunities to provide input into their student's education plan and into the school's overarching goals, actions, and services. Results from the school's annual survey indicate that 97.5% of parents report being able to provide input and feedback to the school through multiple ways. Based on stakeholder Needs Assessment, the school has identified that a primary requirement of students and parents is a safe and supportive learning environment. Survey results indicate that 100% of parents and 100% of students report that their school is safe and supportive. Additionally, the school values the partnership between school staff and families as the foundation of parent and family engagement. Over 89.7% of parents report that they have a high satisfaction rate with their student's teacher. To further engage parents and families in the instructional program, the school has prioritized providing learning environments that are innovative and engaging. 100% of parents report that the school provides innovative and engaging learning environments.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.**

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. AVCS regularly consults with educational partners throughout the school year to understand the academic, social-emotional and physical needs of students and families. The school utilizes multiple methods to conduct meaningful engagement, including school events, trainings, meetings, committees and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.**

To improve the engagement of underrepresented families the schools will address needs on several fronts. School materials will be translated and of interpreters made available for calls and meetings. The school will continue to Chromebooks and internet data plans to households in need of home technology. Increased Family Learning Series offerings to families focused on how to best support their child in academics, college/career interests, instructional support and health and safety for

parents and families will be available. Utilization of Parent Square further provides communication and engagement of educational partners with the school.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	<b>5 – Full Implementation and Sustainability</b>
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	<b>5 – Full Implementation and Sustainability</b>
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	<b>5 – Full Implementation and Sustainability</b>
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	<b>5 – Full Implementation and Sustainability</b>

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The school provides professional learning and support to teachers, support staff, and leadership to improve the school's capacity to partner with educational partners and provide a high-quality education for every student. Currently, 100% of teachers have exceeded the school's goal to participate in at least 60 hours of professional learning. The school establishes formal partnerships with community-based organizations and non-profit organizations to provide services and support for students and families in the areas of family, food, housing, health, mental health, and college and career. The school has several formal partnerships providing services and support to families throughout the school year.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

Based upon information collected from students, the school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways. In addition, the school is focused on providing students with additional counseling services to support and plan for post-high school pathways. The school will issue Chromebooks and internet data plans to households in need of home technology through the school's connect program, managed by the school's Equity and Inclusion Department which is focused on increasing opportunities for all students to succeed. In addition, a partnership with a local non-profit tutoring organization will provide additional academic tutoring opportunities for their students – particularly focused in Mathematics and ELA. To better facilitate school to home two-way communication and input with English Learner households, school materials will be translated as translators provided when needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.**

AVCS is fully committed to continuously improving the engagement of underrepresented families with our partnerships supporting student outcomes. This includes working to increase community-based partnerships that support the needs of our educational partners. These include resources for academic, physical, and social emotional needs of students to eliminate barriers to each student successfully achieving their Personalized Pathway Educational Plan goals.

### **Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation

4 – Full Implementation

5 – Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	<b>5 – Full Implementation and Sustainability</b>
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	<b>5 – Full Implementation and Sustainability</b>
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	<b>5 – Full Implementation and Sustainability</b>
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	<b>5 – Full Implementation and Sustainability</b>

### Seeking Input for Decision-Making Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**

The school engages educational partners in its processes for continuous improvement and prioritizes building capacity of staff and families to engage in advisory groups and decision making. The school provides training for School Site Council members annually and holds regular meetings to develop, refine, and update the LCAP Federal Addendum. The school provides training for English Learner Advisory Committee members annually and holds regular meetings to develop refine and update the English Learner Plan. The families of students in Special Education are engaged through the Community Advisory Committee that provides trainings, resources, supports, and feedback opportunities throughout the school year. The school holds a variety of Resource Center events that focus on family engagement and provide opportunities for input into the school's programs. Additionally, the school seeks input into the Local Control Accountability Plan (LCAP) through an annual survey. In 2022-2023 the school received input from over 140 students and parents and used the results in the development of the 2023-2024 LCAP.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.**

Educational partner input into decision making is actively sought through multiple venues. AVCS will continue to seek to improve input into decision making from our educational partners through the implementation of parent square as a communication tool, soliciting input and educational partner feedback through annual engagement surveys, opportunities to participate in Parent nights, Senior nights, Family Learning opportunities, representation on the School Council, the English Language Advisory Committee, and involvement in College/Career week.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.**

School staff will provide opportunities for students, parents, and family members to receive school information and resources at Open House and Senior Night Events. The school has also enhanced the Family Learning Series, which is ongoing and sustained training for parents and family members focused on their individual needs. The Family Learning Series is also committed to empowering parents and family members to be part of the school planning process – which includes reviewing schoolwide student engagement, achievement, and college/career readiness data. Instructional staff utilize ParentSquare to engage and communicate with students, parents and family members regarding the educational program and opportunities for input and engagement. Interactive English Learners Advisory Committee (ELAC) meetings will seek to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment. The school will provide translated materials and resources for parents and family members of English Learners.

## Local Control Funding Formula (LCFF) Priority 6 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 6 are provided below.

### School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey, which is to be conducted at least every other year, that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6– 8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

**1. DATA: Reflect on the key learnings from the survey results and share what the LEA learned.**

AVCS administers an Annual LCAP Stakeholder Engagement Survey to students and parents to measure perceptions on conditions of learning, student outcomes, and engagement. Over the last five years, survey results indicate that the number one key requirement of students and parents is a safe and supportive learning environment. This requirement has directly impacted on the development of AVCS's LCAP. In order to monitor the success of AVCS's LCAP Goal 4: *Provide a Safe Environment and Supportive School Culture*, the school has established a metric of maintain or achieve a 90% or higher safety satisfaction rating. In 2022-2023, AVCS exceeded this metric. Over 96.9% of students reported that they felt safe at AVCS and 97.4% of parents reported that they feel their child is safe at AVCS. Additionally, the school establishes metrics for suspension and expulsion rates to reflect the effectiveness of the school's Multi-Tiered Systems of Supports (MTSS) that incorporates academic, social/emotional, and behavioral supports and interventions. In 2022-2023 AVCS's suspension rate was 0.0% and expulsion rate was 0.0%.

**2. MEANING: What do the disaggregated results (if applicable) of the survey and other**

**data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?**

These metrics indicate that students' needs are being met in a positive and supportive learning environment that protects and encourages their participation and engagement in school. Confidence surveys show an increase after 90 days of enrollment in students' confidence in their ability and skills to learn and succeed in school and in their receiving of the support from their teacher to succeed in school compared to prior to enrolling.

**3. USE: What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?**

In addition to an Annual LCAP Stakeholder Engagement Survey the LEA will also administer the California Healthy Kids Survey (CHKS) to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness. Educational partners have provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. To address these needs, a homeless and foster youth liaison will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations.

## Local Control Funding Formula (LCFF) Priority 7 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 7 are provided below.

### Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. **Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.**

As of CBEDS 2022-2023 Audeo Valley Charter School served 239 students in grades 6-12. The student demographics include:

- Percentage of Students with Disabilities: 17.0%
- Percentage of English Learners: 10.0%
- Percentage of Socioeconomically Disadvantaged: 74.9%
- Percentage of Homeless and Foster Youth (FY): 1.5%

AVCS qualifies as a Dashboard Alternative School Status (DASS) program. This status holds schools accountable for the same state indicators, some with modified methods. The school is approved as a DASS school through the eligibility criteria of serving “high risk” student groups; the school has an unduplicated count of over 70% of students in that qualify as “high risk”, including credit deficient students and high transient students.

AVCS uses the Pathways Personalized Education Plan (PPEP) process to plan, deliver and ensure all students across all student groups have access to a broad and rigorous course of study.

2. **Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study.**

The school's leadership team analyzes the results of the measures listed above annually. The results demonstrate that 100% of the students, including unduplicated groups and students with exceptional needs, have access to a broad and rigorous course of study. At our school, students take one to two courses at a time and students take the required grade level core courses within an academic school year. Course planning is individualized within the Pathways Personalized Education Planning (PPEP) Process. This process allows the instructional team to design a course plan based on the student's skill levels, interests, and post-high school goals. All courses leading to a high school diploma are UC-ag approved and NCAA approved. Students have access to Advanced Placement (AP) courses, honors courses, dual-enrollment and articulated courses, CTE courses and courses based on their PPEP. There are no differences in accessibility to courses across student groups at our school.

**3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.**

There are no barriers preventing AVCS from providing access to a broad course of study for all students. Currently, 100% of the students have access to a broad and rigorous course of study. The school will continue to monitor its available course of study to ensure continued equitable access for all students.

**4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students?**

Due to the success the school has demonstrated in providing all students with access to a broad and rigorous course of study, no changes are currently planned. However, this data continues to be reviewed as part of our cycles of continuous improvement.

# Audeo Valley Charter School

## Assumptions for Preliminary Operational Budget FY 2023-24

Audeo Valley Charter School is an independent study program. Audeo Valley takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

**Apportionment credit for independent study programs, like Audeo Valley, are based on the student's "product" or academic work**, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo Valley is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- \* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo Valley is 74.16%.
- \* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

## **BUDGET INFORMATION**

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2023-24 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo Valley's Preliminary Operational Budget.

**Table 1:**

Description	FY 2023-24
Adjusted Grades 4-6 Base Grant	\$10,069
Adjusted Grades 7-8 Base Grant	\$10,367
Adjusted Grades 9-12 Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
Audeo Valley's Unduplicated Pupil Percentage (Rolling Average)	74.16%
District's Unduplicated Pupil Percentage (MVUSD)	79.83%

Revenues were calculated based on the following enrollment and ADA:

**Table 2:**

Description	FY 2023-24 (Projected P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)
P-2 Enrollment	267	257	271
CBEDS Enrollment	242	239	235
Students Served	389	352	342
ADA:			
Grade 4-6	10.49	10.37	11.70
Grade 7-8	46.39	45.88	35.36
Grade 9-12	194.10	191.93	198.73
<b>Total ADA</b>	<b>250.98</b>	<b>248.18</b>	<b>245.79</b>

### REVENUE PROJECTIONS

**Table 3:**

Description	FY 2022-23
LCFF Sources	\$3,792,129
Federal Revenues	466,682
State Revenues Other than LCFF	463,651
Local Revenues	4,600
<b>Total Projected Revenues</b>	<b>\$4,727,062</b>

- **In Lieu of Property Taxes** of \$1,147.53 per current year (CY) P-2 ADA is based on FY 2022-23 P-1 rate for Moreno Valley Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends lottery funding is projected based on PY annual ADA. Rates used are based on School Services of California's latest estimates: \$67 for Prop 20 (Lottery: Instructional Materials) and \$170 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

**Titles I, II, III, and IV** are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2022-23.

**Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:**

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. This funding will provide LEAs with emergency relief funds to address the impact of COVID-19. Audeo Valley has developed and adopted a Plan for using its ESSER III funds to meet students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. Deadline for obligation of this fund is September 30, 2024.

Audeo Valley's ESSER III revised allocation is \$371,394 and of that amount, \$3,664 was spent in FY 2021-22. Audeo Valley included \$91,822 in its FY 2022-23 Preliminary Budget but with the increases in LCFF and local revenues, budgeted amount was lowered to \$8,708. The remaining allocation of \$359,022 is included in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$130 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo Valley chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.85 for Grades K-8 and \$55.17 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo Valley included \$125,072 in its budget for this fiscal year.
- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to

local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. Audeo Valley has developed and adopted a Plan for usings its Educator Effectiveness funds to support professional development. Deadline for obligation of this fund is FY 2025-26.

Audeo Valley’s allocation total is \$27,419 and of this amount the first 80% apportionment of \$21,935 was recorded in FY 2021-22. The remaining 20% amounting to \$5,484 is included in this budget.

- **Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$666.08 per ADA. Total allocation for Audeo Valley is \$163,715. The deadline for obligation of this fund is FY 2025-26. Audeo Valley included \$27,286 in this budget.

#### **NUMBER OF FULL-TIME EQUIVALENT (FTE) FACULTY**

**Table 4:**

POSITIONS	OBJECT CODE	FY 23-24
Teachers (Gen. Ed, Special Ed*)	1100	11.20
Certificated Pupil Support (Counselor/Nurse/Psychologist)	1200	0.91
Certificated Supervisor & Administrator	1300	1.26
Other Certificated Teacher Resource (CTR)	1900	5.00
Instructional Aide (RCA)	2100	3.13
Classified Support	2200	0.15
Classified Supervisor & Administrator	2300	0.42
Clerical, Technical & Office Staff	2400	3.12
Other Classified	2900	0.06
<b>TOTAL FTE POSITIONS BUDGETED</b>		<b>25.25</b>

- \* To ensure compliance with Special Ed regulations, FTE position for Special Ed is at one Special Ed Resource Specialist for every 28 caseload. We calculated the caseload by multiplying the total enrollment by the percentage of Special Ed population compared to total student population. For FY 2023-24, we estimated the Special Ed population at 18%.

**EMPLOYEE BENEFITS**

Employee benefits were calculated using the following rates:

**Table 5:**

	<b>Object</b>	<b>Certificated</b>	<b>Classified</b>
STRS (Teachers Retirement)	3111-12	19.10%	
PERS (Classified Retirement)	3211-12		26.68%
OASDI (Social Security)	3311-12		6.20%
MEDICARE	3321-22	1.45%	1.45%
Health & Welfare - Self-Insured Plan <u>Monthly Rates</u>			
- Medical \$2,600			
- Dental \$ 120			
- Vision \$ 27			
- Life Ins. .00114	3401-02		
State Unemployment Insurance	3501-01	0.05%	0.05%
Worker Compensation Insurance	3601-02	1.16%	1.16%

**NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700**

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo Valley has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

**RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200**

Audeo Valley has allocated \$15,804 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

**PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800**

The total budget amount for Object Code 5800 is \$435,921 representing 9.2% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student file audit, advertising, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

## **MARKETING**

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo Valley will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Audeo Valley reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo Valley has deployed an integrated marketing plan to support organizational growth. To reach Audeo Valley's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, Audeo Valley has allocated \$70,906 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

## **AUTHORIZER OVERSIGHT FEES**

Audeo Valley will pay its authorizer (Riverside County Office of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 – Education Protection Account (EPA) Entitlement
- Object Code 8019 – State Aid Prior Years - LCFF
- Object Code 8019 – State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Audeo Valley has budgeted \$37,921 for FY 2023-24 for oversight fees.

## **RESERVES**

Audeo Valley has allocated reserves of \$378,164 for FY 2023-24 representing 8% of total revenues of \$4,727,062.

## **FACILITIES**

Audeo Valley carries contractual lease agreements with an annual cost of \$216,288 for fiscal year 2023-24. The total cost of the current lease contracts from July 2023 thru the end of the lease term (Year 2027) is \$899,489.

**RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT**

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30<sup>th</sup> of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education

Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Audeo Valley Charter School**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Audeo Valley Charter School** has determined to spend the monies received from the Education Protection Act as attached.

DATED: June 22, 2023

---

Secretary

# Audeo Valley Charter School

## Education Protection Account Expenditure Plan for FY 2023-24

**Expenditures Through: June 30, 2024**

For Fund 01, Resource 1400: Education Protection Account

Description	Object Codes	Amount
<b>Projected Amount Available for this Fiscal Year:</b>	8012	\$ 925,064.00

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Grossmont Secondary School

CDS Code: 37770990136077

School Year: 2023-24

LEA contact information: Allison Fleck, (858) 203-4640 x7103, [afleck@altusschools.net](mailto:afleck@altusschools.net)

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2023-24 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Grossmont Secondary School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Grossmont Secondary School is \$5,732,947.79, of which \$4,185,870.00 is Local Control Funding Formula (LCFF), \$715,070.00 is other state funds, \$78,406.00 is local funds, and \$753,601.79 is federal funds. Of the \$4,185,870.00 in LCFF Funds, \$756,712.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Grossmont Secondary School plans to spend for 2023-24. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Grossmont Secondary School plans to spend \$5,446,301.00 for the 2023-24 school year. Of that amount, \$4,419,661.00 is tied to actions/services in the LCAP and \$1,026,640.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Operating and Administrative costs are not included as part of the LCAP. These expenditures include salaries of administrative staff, maintenance services, utilities, custodial, janitorial, depreciation, audit, legal and oversight fees.

## Increased or Improved Services for High Needs Students in the LCAP for the 2023-24 School Year

In 2023-24, Grossmont Secondary School is projecting it will receive \$756,712.00 based on the enrollment of foster youth, English learner, and low-income students. Grossmont Secondary School must describe how it intends to increase or improve services for high needs students in the LCAP. Grossmont Secondary School plans to spend \$843,381.65 towards meeting this requirement, as described in the LCAP.

## Update on Increased or Improved Services for High Needs Students in 2022-23

This chart compares what Grossmont Secondary School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Grossmont Secondary School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2022-23, Grossmont Secondary School's LCAP budgeted \$731,233.00 for planned actions to increase or improve services for high needs students. Grossmont Secondary School actually spent \$1,052,638.00 for actions to increase or improve services for high needs students in 2022-23.

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Grossmont Secondary School	Allison Fleck School Coordinator	<a href="mailto:afleck@altusschools.net">afleck@altusschools.net</a> (858) 249-7018

## Plan Summary: 2023-24

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

In 2017, Grossmont Secondary School (GSS) was established by the State Board of Education as a free public-school option serving students in grades 7-12. GSS is an academic intervention alternative centered on student motivation. It is our goal to place each student on a pathway to success.

**GSS received a Six-Year Accreditation Status by WASC through June 30, 2026.** GSS operates three neighborhood resource centers in El Cajon, La Mesa and Paradise Valley (Spring Valley). Students and families visit these neighborhood resource centers by appointment, or as needed, to participate in the instructional program and meet with school staff in a quiet, distraction-free, and safe environment. GSS is a non-classroom based, independent study program.

GSS is part of Altus Schools. Altus Schools focus on academic improvement, high-caliber teaching, safe and supportive learning environments, and the development of role models for educational reform. At GSS, every student's progress and academic achievement is important to us.

Our teachers are committed to providing a personalized and rigorous academic experience for each student. Teachers are trained to work on specific student needs. We ask that students and parents commit to working closely with our teachers. Teachers are actively involved with students and families, engaging with parents on a weekly basis through formal meetings, home visits, phone calls, and emails. Families are considered part of the learning 'team' and an integral part of the learning process.

Our school's standards and expectations are high, and we are proud to offer safe and supportive environments that are conducive to learning. Instruction is presented individually and in small groups. Courses at GSS are based on Common Core State Standards and are infused with appropriate technology-based activities and assignments. We provide the best available materials and a school culture that is

positive, supportive, and committed to putting kids first. In addition to providing a rigorous, personalized academic experience, GSS works to alleviate social and personal pressures that can impact academic performance. We also have many partnerships and alliances to provide community resources to students and families.

**GSS is identified by the California Department of Education (CDE) as Dashboard Alternative School Status (DASS).** DASS schools must have an unduplicated count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups, to be eligible for DASS. The high-risk groups include the following:

- a) Expelled
- b) Suspended more than 10 days in a school year
- c) Wards of the Court
- d) Pregnant and/or parenting
- e) Recovered Dropouts
- f) Habitually Truant
- g) Retained more than once in kindergarten through grade eight
- h) Students who are credit deficient
- i) Students with a gap in enrollment
- j) Students with a high-level transiency
- k) Foster youth
- l) Homeless youth

In February 2023, GSS had a total enrollment of 302 students. Of these 302 students, 72% were Socioeconomically Disadvantaged, 19% were Students with Disabilities, 10% were GATE, 11% were English Learners, 7% were Homeless, and 0.7% were Foster Youth.

In addition, of these 302 students, 59% were Hispanic, 20% were White and 9% Black or African American. 11% of students were other ethnicities. See the Enrollment by Ethnicity graphic pie chart below.

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Grossmont Secondary's Educational Partners are satisfied with the school's commitment to providing a personalized instructional program for all students. This personalized approach is the school's key instructional process: Pathways Personalized Education Plan (PPEP). A PPEP was created for each student this school year, then monitored and adjusted for all students to help them meet their academic goals. Along with the PPEP, the School's Instructional Plan utilizes a systematic approach to increase student outcomes: Instruction, Curriculum, and Professional Learning. School Educational Partners believe that these systems and structures have been beneficial supports for student engagement and achievement this year, and they continue to report that students and parents seek out the unique educational opportunities that Grossmont Secondary offers as they look for a new approach to learning and the ability to graduate on time.

**According to the 2022 Dashboard, Grossmont Secondary's Dashboard Alternative Status School (DASS) One-Year Grad Rate was 91.3% for All Students.** While the DASS one-year graduation rate is only being reported for information purposes for DASS schools, educational partners believe that this continues to be a key indicator of the school's success. As seen in the table below, the school exceeded the 80% target for All Students and all other numerically significant Student Groups. The actions the school has implemented to increase academic engagement for high school students will continue to be implemented for the 2023-24 school year to ensure that students graduate on-time and are ready for a successful transition to their chosen college/career pathways. Grossmont Secondary will remain committed to improving the Graduation Rate for all students and closing performance gaps for all student groups.

### Graduation Rate by Student Group

Student Group	Number of Students in the Graduation Rate	Number of Graduates	Graduation Rate
All Students	115	105	91.3%
English Learners	4	*	*
Homeless	5	*	*
Socioeconomically Disadvantaged	70	66	94.3%
Students with Disabilities	21	19	90.5%
African American	7	*	*
Asian	1	*	*
Filipino	2	*	*
Hispanic	60	54	90.0%
White	34	30	88.2%
Two or More Races	11	11	100.0%

**The school was satisfied with the 2022 Chronic Absenteeism rate for students in grades 7-8.** According to the 2022 School Dashboard, 6.4% of students were chronically absent for the school year. Grossmont Secondary's Chronic Absenteeism Rate is significantly

better than the State's average (30%). School staff will continue to focus on reducing Chronic Absenteeism for all students by increasing academic tutoring opportunities, providing targeted counseling and intervention, and removing potential learning barriers by providing students with home technology. Educational partners believe that the school will continue to demonstrate improvement in this area.

**Grossmont Secondary's educational partners are pleased with the 2022-23 academic achievement results, specifically the percentage of students who met their individual NWEA Growth Targets in English Language Arts and Mathematics in spring 2023.** The goal is to have at least 60% of students meet their individualized NWEA Growth target. Results for 2022-23 are provided below:

- 67% of students tested met their NWEA Reading Growth Target
- 77% of students tested met their NWEA Language Growth Target
- 71% of students tested met their NWEA Math Growth Target

**Educational partners were satisfied to see that 56% of English Learners are making progress towards English language proficiency or maintain the highest level, as measured by the Summative ELPAC.** Therefore, Grossmont Secondary's 2022 English Learner Progress Indicator (ELPI) published in the School Dashboard exceeded the State average by 5.7%. The school's comprehensive English Learner Plan is supporting the development of EL students' proficiency in English and in the core curriculum.

**Grossmont Secondary's Conditions & Climate remains a strength of the educational program.** For the 2022-23 school year, Grossmont Secondary's Suspension Rate on the School Dashboard was 0%. This is significantly better than the State's average which is 3.1%. Providing Grossmont Secondary students with a healthy, safe, and welcoming environment is most important because a high percentage of students choose to enroll to 'get away from negative experiences' at their previous school settings.

The School surveyed students and parents throughout the 2022-23 school year to ensure a strong School-to-Home Partnership. Based upon Student and Parent LCAP Engagement Surveys, it is evident that students and parents are satisfied with the educational program. Some of the key survey findings are provided below.

#### **School Safety:**

- 98% of parents report that they feel their child is safe at school.
- 96% of students report that they feel safe at the Resource Center.

#### **Educational Program:**

- 100% of parents report high levels of satisfaction with school.

- 100% of students report high levels of satisfaction with the school.

Grossmont Secondary's educational partners believe that the school has successfully maintained high levels of student engagement by providing students with synchronous one-on-one academic tutoring and ongoing small group instruction. Instructional staff stay in regular contact with students and family members by utilizing a variety of communication methods, including virtual conferences, secure text messages, emails, phone calls, and home visits. These systems and supports have helped students thrive as reflected in our Student Confidence Survey and Cumulative Participation Rate.

#### **Student Confidence Survey:**

- As of February 2023, 93% of students have a greater sense of confidence in their ability to learn and succeed in school within 90 days of enrolling at Grossmont Secondary.

#### **Cumulative Attendance/Participation Rate:**

As of April 2023, the school's cumulative attendance rate is 88.1%. This exceeds the 84% attendance target the school set for the 2022-23 school year. Significant student groups, including Hispanic or Latino, White, Black/African American, Students with Disabilities, English Learners, Homeless, and Socioeconomically Disadvantaged students also exceed the school's target. The academic support and engagement methods utilized by instructional staff will continue to be implemented in the 2023-24 school year while also enhancing these approaches to meet the needs of all students, particularly the lowest performing student groups.

## **Reflections: Identified Need**

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to the COVID-19 pandemic, state law allows the 2022 School Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of the five Status levels (ranging from Very High, High, Medium, Low and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High).

Based upon a thorough analysis of the 2022 School Dashboard, the school will continue to focus resources and develop strategies to improve in the areas identified below:

- According to the 2022 School Dashboard, All Students scored 107 points below standard on the **Summative Mathematics Smarter Balanced Assessments**. This is considered a Low status level and will continue to be a critical area of focus for the school. Additionally, there was one student group with the Low status, Socioeconomically Disadvantaged. The school will continue to refine and implement a systematic approach of curriculum, instruction, and professional learning to improve mathematics achievement for All Students and significant student groups. Furthermore, the school will continue to administer Interim Assessments to students to provide testing practice opportunities for students and obtain performance data that instructional staff can use to provide intensive academic intervention to those students who are at-risk of not meeting grade level standards. Teachers will also receive individualized professional learning from the school's math specialist focused on meeting the unique needs of each student.
- For **English Language Arts**, All Students scored 8.5 points below standard on the Summative ELA Smarter Balanced Assessments in 2022. This is considered a Low status level. The Socioeconomically Disadvantaged student group achieved a Low status level as well. Similarly, to Math, the school will consider ELA to be a critical area of focus for the 2023-24 school year. The school will strive to enhance current systems and structures to improve ELA achievement for All Students and significant student groups. The school will analyze formative and summative assessment data throughout the school year to determine areas of weaknesses, particularly claims and targets and provide targeted instruction in those areas.
- The school's **Combined Four-and Five-Year Graduation Rate** for 2022 was 66%. This is considered a Very Low status level. Both Hispanic and Socioeconomically Disadvantaged student groups achieved a Very Low status on this indicator as well. It should be noted that prior to 2022, the California Department of Education utilized the One-Year Grade Rate as a modified method for DASS schools. However, beginning with the 2022 School Dashboard, the DASS one-year graduation rate is being reported for information purposes only to provide data for local planning and analyses. With the denial of California's waiver in 2022 by the U.S. Department of Education to continue the use of the DASS one-year graduation rate and modified methods, this rate is no longer being used to determine DASS high schools for Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI). Rather, the combined four- and five-year graduation rate is now applied. While the school will continue to focus on improving the combined four- and five-year graduation rate, the school excelled in the DASS One-Year Grad Rate provided by the CDE (see table provided in the Reflections: Successes).
- While the **College/Career Indicator** (CCI) was not reported in the 2022 California School Dashboard, the school wants to increase the number of graduates who are meeting the Prepared criteria. To improve in this area, counselors will focus on recruiting and advising students on enrolling in CTE Pathways, Early College Credit Programs and Leadership/Military Science coursework. The school will also refine monitoring efforts focused on how each student is progressing towards meeting the CCI Prepared criteria.

Educational partners believe that professional learning is key to continued improvement and success on School Dashboard Indicators. Therefore, the school's Professional Learning System, Altus University, will provide instructional staff with specialized trainings focused on increasing engagement and achievement for specific student groups, including AVID, Trauma Informed Practices for Schools (TIPS), Youth

Mental Health First Aid (YMHFA), Leading Edge Certification (LEC), and Writing Redesigned for Innovative Teaching and Equity (WRITE).

The school remains committed to engaging and educating parents and family members through the Family Learning Series, which also serves as the school's Parent Advisory Committee (PAC). The Family Learning Series will be a series of trainings led by school staff focused on providing parents and family members with information, training, and collaboration opportunities related to academics, physical health, social-emotional, and behavior.

The school's Equity and Inclusion (E&I) staff will collaborate regularly with school leadership, teachers, education specialists, counselors, and school nurses to discuss the unique needs of student groups and explore potential solutions. E&I staff will work on expanding the School's Multi-Tiered System of Supports (MTSS) by establishing partnerships with community-based organizations that can provide additional academic, mental health and behavioral services to students and family members.

## LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2023-24 LCAP highlights the school's priority to transform student lives and ensure equity and access. The development of the LCAP aligns to the school's Strategic Planning Process. Educational partner input is analyzed, along with student demographics and achievement data to identify program goals, Metrics, and actions that will ensure all students are meeting rigorous academic standards.

**Goal 1: Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.**

### **Key Actions and Services for All Students:**

- Systematic Approach to Monitor Student Learning
- Pathways Personalized Education Plan (PPEP)
- Multi-Tiered System of Supports (MTSS)

### **Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Equity and Inclusion Program
- English Learner Achievement Department (ELAD)
- Additional Math and ELA tutoring opportunities focused on increasing student engagement and credit completion

**Goal 2: Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and are accessible to All Students.**

**Key Actions and Services for All Students:**

- Altus Pathways Advisory Council (APAC)
- UC a-g and NCAA approved course offerings list
- Accelerated, Honors and AP courses
- Multiple high quality and relevant CTE Pathways
- Early College Credit Program

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Connect Program: Chromebooks and internet data plans for students to use at home
- Instructional and curriculum enhancement tools: Achieve3000, BrainPOP ESL and Edgenuity MyPath Individual Learning Plans

**Goal 3: Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.**

**Key Actions and Services for All Students:**

- Altus University, professional learning system
- Leading Edge Certification, a national certification for educational technology
- Leadership development for staff: Executive Studies and Fellows Program
- CTE and Early College Credit Program professional learning
- Youth Mental Health First Aid
- ALICE Training: responding to a violent critical incident

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Math Specialist to provide support and coaching for instructional staff
- Writing Redesigned for Innovative Teaching Equity (WRITE)
- English Learner Achievement Department (ELAD) trainings
- Trauma Informed Practices for Schools (TIPS)
- Advancement Via Individual Determination (AVID)

**Goal 4: Provide a safe environment and supportive school culture for all educational partners to teach and learn.**

**Key Actions and Services for All Students:**

- Executive School Safety Committee
- School Safety Plan
- Designated Safety Ambassadors at each resource center
- Healthy Youth Department
- Character and Leadership Development with Cadet Corps

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Mental health counseling and services
- Resilience in Student Education (RISE) series
- Meal Program at all school sites
- Homeless and Foster Youth Liaison

**Goal 5: Provide innovative, engaging and a community-based resource center to service and support students, parents and family members.**

**Key Actions and Services for All Students:**

- Student and parent engagement activities, including College/Career Week, Alumni Community, Open House, and Senior Night Events
- Family Learning Series, education and collaboration opportunities for parents and family members
- ParentSquare, a united and secure school communication platform
- Innovative and technology enhanced resource centers

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Family Resource Night
- Interactive and engaging English Learners Advisory Committee (ELAC)
- ELD Progress Reports, multilingual materials

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Grossmont Secondary School (GSS) is eligible for Comprehensive Support and Improvement (CSI).

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Beginning with the 2022 School Dashboard, DASS schools received the Combined Four-Year and Five-Year Graduation Rate, and this rate determined GSS's eligibility for CSI.

In prior years, the DASS Graduation Rate was used for accountability for DASS schools because they serve highly mobile and credit-deficient students. However, this is no longer allowable due to concerns raised by the U.S. Department of Education (ED) regarding California's use of a DASS modified graduation rate and academic indicator on the Dashboard. The ED issued a subsequent decision in August 2022 to decline a waiver request from the SBE of the requirements of the Every Student Succeeds Act (ESSA) to allow for continued use of the DASS graduation rate.

While GSS's Combined Four-Year and Five-Year Graduation Rate was 66% for 2022, the school's DASS One-Year Graduation Rate was 91.3%. Clearly, GSS has excelled at the DASS One-Year Graduation Rate. However, GSS's educational partners believe that the Combined Four-Year and Five-Year Graduation Rate may not be the most appropriate Metric to measure the school's ability to engage high school students, for the following reasons:

- Many students enroll at GSS credit deficient and not on-track to graduate within four or five years because of challenges they faced at their previous schools.
- The Combined Four-Year and Five-Year Graduation Rate only includes students who earn a 'regular high school diploma' and excludes High School Equivalency Certificate (e.g., CHSPE, GED, and HiSET).

While the Combined Four-Year and Five-Year Graduation Rate calculation method may be unfavorable to a DASS school, the **school community is committed to continuous improvement and performance excellence.**

The school's CSI Plans were **jointly developed** by educational partners, including teachers, staff, students, parents, and family members. Meaningful educational partner feedback was collected throughout multiple collaborative settings: surveys, school events, meetings, conferences, and trainings. Feedback was collected, organized, and analyzed by the school to determine the educational needs of all students and formulate programs, services, and allocation of resources. Additionally, educational partner involvement contributes to the CSI Plan development in several important ways: identification and refinement of needs based on data analysis, creation of goals, establishment of metrics, designation of activities, and resource allocation.

Educational partners participated in a **Needs Assessment** which considers the needs of students who are failing, or at risk of failing, to meet state academic standards. Educational partners followed an **Improvement Science Protocol** to determine achievement gaps, focused on the current state of graduation rates and the school's ideal rates of growth. Educational partners analyzed a variety of data and information related to student engagement and achievement, including all Dashboard Indicators, Measures of Academic Progress by NWEA, and Monthly Storybook Reports.

All data compiled and analyzed by stakeholder groups included historical and trend data for All Students and unduplicated student groups. As part of the Needs Assessment, educational partners analyzed **Resource Allocation** by category. Educational partners came to a consensus that school resources are appropriately allocated to supporting the needs of all students. **Therefore, no resource inequities were identified.** There is agreement that the school's instructional model is designed to support the needs of the lowest achieving student and potentially highest risk. Educational partners believe that the PPEP provides instructional staff with a systematic approach to support the academic and social-emotional needs of all students.

The school utilized a **Continuous Improvement Framework** that cultivates a problem-solving approach and close observation of the system that is producing the outcomes. This continuous improvement framework is essential to sustain program improvement. There are five fundamental steps in this process: 1) Inform, 2) Select, 3) Plan, 4) Implement and 5) Analyze. At the core of each continuous improvement process and step, educational partners engage in evidence-based decision making and reflection. Educational partners followed this continuous improvement framework while developing a systematic plan to improve graduation rate. The initial step was focused on analysis and educational partners investigated school needs, historical trends, potential challenges/barriers, and current strategies and interventions. The following key themes emerged as impacting the school's graduation rate:

- On average, high school students enroll below grade level in English Language Arts and Mathematics skills/knowledge, as measured by NWEA, and need high-quality instruction and rigorous materials to close potential achievement gaps.
- Students need additional small group and one-on-one tutoring in core classes to meet credit completion pacing requirements.

- Students and families, particularly socioeconomically disadvantaged households, need access to Chromebook and/or home internet to have full and equal access to the educational program.
- Students need programs and services such as Naviance, AVID, Pathways Portfolio, Cadet Corps, CTE Pathways, Advanced Placement (AP), and Early College Credit which are designed to engage and prepare students for post-secondary pathways.
- Counselors play a crucial role is assisting students with their college and career planning, including academic guidance, college research, application assistance, career exploration, financial aid, scholarships, personal/social support, and college transition support.
- Students need access to social-emotional learning opportunities and support/resources to remain engaged and achieve in school.

Based upon the Needs Assessment results, the school engaged in a comprehensive selection process to identify allowable CSI activities that build capacity, are evidence-based, and address the school's need to increase Graduation Rate. As a result, the school has integrated specific actions and services into the 2023-24 LCAP which are designed to improve Graduation Rate:

- **Goal 1, Action 3:** Recruit and hire additional instructional support staff that are designed to support the educational program. These additional support staff will allow teachers to focus on delivering instruction and provide additional support for students who need it the most.
- **Goal 1, Action 4:** Provide a high dosage tutoring program to students focused on intensive and targeted instruction over an extended period. This will involve one-on-one or small group instruction, allowing high-quality tutors to tailor their approach to individual needs.
- **Goal 2, Action 2:** Provide Chromebooks and internet services to students in need to enhance educational opportunities, create equal access to information, improve collaboration and communication, build digital literacy and technological skills, access personalized learning, and access career readiness tools and platforms.
- **Goal 2, Action 3:** Provide an Early College Credit Program that allows high school students to take college courses and earn college credits while attending high school. The Early College Credit Program is free to eligible students to increase the number of low socioeconomic status students who can attend and complete college.
- **Goal 2, Action 3:** Counselors will provide guidance, advising, and training to students and family members focused on preparing for college/career pathways.

- **Goal 3, Action 1:** Professional development for staff focused on implementing the school's MTSS with fidelity to ensure that the 'Whole Child' is being supported.
- **Goal 3, Action 2:** Specialized professional development for staff focused on utilization of evidence-based instructional strategies and rigorous materials to quickly close potential achievement gaps that may exist in Math and ELA, specifically for historically underserved student groups.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The school has added the **Combined Four-Year and Five-Year Graduation Rate Metric into LCAP Goal 1**. The desired outcome is to improve 3% annually on this Metric; or exceed the County DASS schools' average or State DASS schools' average. The school's Data Department staff analyzed results of the 2022 Dashboard and determined that the State DASS school average was 57.3% and San Diego County DASS school average was 55.1%.

For the 2023-24 school year, school leadership will continue to implement, analyze, and enhance the strategies, and supports embedded in the CSI Plan as part of the Continuous Improvement Framework. To monitor and evaluate the effectiveness of the CSI Plan services and support, the school will use multiple assessment tools, data analysis protocols, and will include key educational partners. To ensure continuous improvement, educational partners will review data published in the School Dashboard, Monthly Storybook Reports, and Survey Results to determine if the CSI Plan has been effective in addressing the areas of need for all students, but especially for the lowest-achieving students. Educational partners will utilize evaluative methods, particularly guiding questions for quantitative and qualitative data analysis, provided by the San Diego County of Office Education (SDCOE) to determine program effectiveness.

The following school departments and personnel will support the monitoring of designated strategies and interventions for high school students:

#### **School Data Department**

- Publish a Monthly Storybook that includes the number of students assigned to the Early College Credit Program, intervention frequency/methods, participation/attendance, and credit completion rates.
- Provide teachers, counselors, and instructional leaders with a quarterly SharePoint Technology Tool to monitor and respond to grade 12 students marked as 'not on-track' to graduate.

#### **School Curriculum & Professional Learning Department**

- Develop an annual Professional Development Catalog and adjust training topics and formats throughout the year based upon instructional staff feedback and teaching and learning data.
- Publish a monthly professional development (PD) report that summarizes the number of PD hours completed per teacher and in each content domain.

### **School Leadership**

- Monitor and evaluate effectiveness of actions and interventions at weekly team meetings by analyzing comprehensive school data.

### **Instructional Leaders**

- Meet with all teachers in July, October, and January to review individual students' progress towards graduation.
- Conduct ongoing teaching observations, September 2023 to April 2024, to ensure teachers and tutors are providing high-level, targeted instruction that supports the needs of the lowest achieving students. Observations will also be focused on the use of grade-level curriculum, technology tools, and the integration of TIPS and AVID instructional strategies.

### **School Counselors**

- Meet weekly with instructional leaders to discuss and collaborate on students entering Tier II and Tier III interventions, as prescribed in the school's MTSS.
- Ongoing utilization of the School Pathways Student Information System to monitor high school student progress towards graduation.
- Meet weekly with instructional leaders to discuss grade 12 student participation and credit completion rates.

### **Teachers**

- Ongoing utilization of monitoring tools, including Grad Countdowns and Student Participation/Credit Trackers as instruments to identify students at-risk of not graduating on-time.

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

The school regularly consults with educational partners throughout the school year to understand the academic, social-emotional, and physical needs of students and families. The school utilizes multiple methods to conduct **meaningful engagement**, including school events, trainings, meetings, committees, and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents, and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**The school has partnered with educational partners to develop the 2023-24 LCAP** which is focused on improving student outcomes and closing achievement gaps for underserved student groups. Educational partners have contributed to the LCAP development in several important ways: 1) Identification and refinement of needs based on data analysis, 2) creation of goals, 3) establishment of Metrics, 4) designation of actions/activities, and 5) resource allocation. The following educational partner groups have contributed to the development of the LCAP with the corresponding methods:

## **School Leadership Team**

Date: August 1-5, 2022

Involvement Method: Annual Strategic Planning

## **Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: August 19, 2022; August 24, 2022

Involvement Method: Annual Instruction, Curriculum and Accountability Symposium

## **Board of Directors and Community**

Date: August 31, 2022

Involvement Method: Board Meeting

## **Parents and Family Members**

Dates: July 27, 2022; August 10, 2022; September 14, 2022; September 28, 2022; November 2, 2022; December 14, 2022; January 25, 2023; February 15, 2023; March 1, 2023; April 12, 2023

Involvement Method: Family Learning Series

## **Board of Directors and Community**

Date: September 6, 2022

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: October 3-28, 2022

Involvement Method: School Open House Events

**All Staff**

Date: October 7, 2022

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: October 27, 2022

Involvement Method: English Learners Advisory Committee

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: October 28, 2022

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: September 23, 2022

Involvement Method: Special Education Compliance Clinic

**Students, Parents, Teachers and Staff**

Date: November 9, 2022

Involvement Method: School Site Council Meeting

**Board of Directors and Community**

Date: December 7, 2022

Involvement Method: Board Meeting

**All Staff**

Date: January 20, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: January 27, 2023

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: February 10, 2023

Involvement Method: Special Education Compliance Clinic

**School Leadership Team**

Date: February 22-23, 2023

Involvement Method: Mid-Year Strategic Planning

**Board of Directors and Community**

Date: March 1, 2023

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: March 1-24

Involvement Method: Senior Night Events

**Teachers, Education Specialists, Counselors and CTRs**

Date: March 17, 2023

Involvement Method: Instructional Meeting

**All Staff**

Date: April 7, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: April 18, 2023

Involvement Method: English Learners Advisory Committee

**Students, Parents, Teachers and Staff**

Date: May 8, 2023

Involvement Method: School Site Council Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: May 19, 2023

Involvement Method: Instructional Meeting

### **Board of Directors and Community**

Date: June 22, 2023

Involvement: Regular Board Meeting

The school's 2023-24 LCAP was presented to the community at a public hearing of the school's governing board. The agenda was posted at least 72 hours prior to the public hearing and was made available for public inspection.

### A summary of the feedback provided by specific educational partners.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Information collected is used in the school's comprehensive strategic planning, accountability and improvement in areas specified as California State Priorities. A summary of the input collected from each school community group is provided below, along with how it relates to development of the 2023-24 LCAP.

#### **Students:**

- Access to safe and supportive in-person school locations that are quiet and distraction free.
- A broad course of study, which includes engaging and relevant instructional materials and curriculum.
- Teachers who are available to answer questions, set high academic expectations for students and keep them on-track to advance grade level or meet graduation requirements.
- Multiple pathways to complete high school graduation requirements: Option #1, Option #2, CHSPE, GED and HiSET.
- Information, support, and planning related to post-high school pathways: community college, university, military, and career.
- Ongoing opportunities to participate in field trips that are relevant to their interests and post-high school plans.
- Variety of Meal Program options in the resource center.

- Recognition for academic achievements and accomplishments.
- Assignments and projects that include relevant current events.

**Parents, Family Members and Advisory Committees:**

- Highly trained teachers that can provide a personalized educational plan that prepares students for college/career pathways.
- Additional support and training related to planning for college and financial aid information.
- Ongoing opportunities for students to practice peer-to-peer collaboration on assignments and projects.
- Safe and supportive resource center that student can access throughout the school week to receive academic tutoring, interact with peers, and meet with support staff.
- Ongoing communication from instructional staff regarding their child's academic progress, engagement, and important school events.
- Supplemental math tutoring to build foundational skills and increase credit completion.
- Information and support accessing community-based partners.
- Provide Chromebooks and internet data plans to students in need of home technology.

**Parents of English Learners, including English Learner Advisory Committees:**

- Ongoing utilization of Achieve3000 and BrainPop to increase student reading skills and build content knowledge.
- Utilization of Zoom translation features for ELAC meetings.
- Translated school materials and availability of interpreters for calls and meetings.
- Share more strategies, resources, and tools for parents to support learning at home.

- Information related to their child's English language development throughout the school year, including test scores, academic grades, credit completion.
- Additional one-on-one tutoring opportunities.
- Specialized instructional videos designed to be more engaging and accessible by English Learner students with an IEP.

**Teachers and CTRs:**

- Additional instructional support staff to help meet the academic needs of students and support the instructional program.
- Continue to offer virtual professional development and meetings through Microsoft Teams, which will reduce teacher travel time.
- Professional development focused on identification/response to signs and symptoms of mental health challenges.
- Expanded professional development on how to respond to a violent incident, including active shooter.
- Provide mental health counseling sessions to students to address problems or issues.
- Resource centers designed to mitigate potential safety issues, including automatic locking doors, reinforced glass windows and other exterior precautions.
- Continue to provide student laptops and charging carts in resource centers.
- Enhanced communication system that school leadership can use to push-out school information to students, parents and family members.

**Education Specialists, Special Education Staff and SELPA Administrator:**

- Frequent collaboration opportunities with general education staff, focused on increasing student engagement and achievement of pupils with exceptional needs.
- Additional special education support staff to assist education specialists with organization, scheduling, and administrative tasks.

- Professional development and support related to Special Education compliance, assessment, differentiating instruction and case management best practices.
- Specialized literacy program/materials to support Students with Disabilities who are identified as struggling readers by the IEP Team.
- Student engagement and achievement data, which is disaggregated by Students with Disabilities, to utilize in Professional Learning Communities.
- Outreach and recruitment focused on enrolling more SWDs in Early College Credit Programs and Career CTE Pathways.
- Private office space for confidential IEP meetings.

**Administrators:**

- Teaching and learning environment that is in good repair, clean and safe for all educational partners.
- Additional instructional support staff to provide targeted tutoring to students in one-one-one and small group settings, primarily focused on Mathematics and ELA.
- Chromebooks and internet data plans for students in need of home technology to access the full curriculum and participate in online instruction.
- Engaging annual school events, including Family Night, College and Career Week, and Senior Night that provide educational partners with high-quality content and opportunities to ask clarifying questions related to the educational program.
- Utilize Ellevation to inform the instructional planning process for English learner students.
- Ongoing refinement of the MTSS to ensure that it is adequately responding to the unique needs of all students.
- A professional learning system focused on standards-based instruction, implementation of ELD and responding to social-emotional and mental health needs of students.
- Market and recruit more students to participate in programs focused on college/career readiness, including Early College Credit, CTE Pathways, AVID and California Cadet Corps.

- Implement strategies focused on increasing the number of graduates who complete UC a-g requirements.
- Recruit more parents and family members to participate in school events, including Family Learning Series.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

It is evident that educational partners are satisfied with many of the existing actions designed to support student engagement and achievement for all students. For that reason, the school will maintain five LCAP goals for the 2023-24 school year. These five goals address the instructional approach, curriculum, professional development system, school climate and family engagement. Each LCAP Goal, along with their corresponding Metrics are aligned to State and Local priorities. Metrics included in the 2023-24 LCAP are focused on Status and Change, similar to the California School Dashboard's Five-by-Five Placement approach. There are some Metrics that use a locally set target based upon historical outcomes or may be appropriate for a school that serves a high-risk student population (DASS).

Based upon information collected from **students**, the school has added the following Actions to the 2023-24 LCAP:

- The school will continue to focus on recruiting and hiring qualified instructional support staff, including CTRs, RCAs, and LAs, to provide additional academic tutoring opportunities in-person and online.
- Recruit additional students to participate in AVID Program, which is designed to create a 'college going mindset' but also provide ongoing peer-to-peer interaction and collaboration.
- School instructional leaders will collaborate with teachers to plan ongoing field trips throughout the school year. Students continue to express in surveys that they want field trips that match their interests and post-secondary plans.
- The school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways.
- Increased access to counselors and college information/planning sessions.
- Full implementation of AVID Program to provide additional Social and Emotional Learning opportunities.

After examining feedback from **parents of English Learners**, the school will initiate the following 2023-24 LCAP Actions:

- Provide families of English Learners with ELD progress reports, aligned to the CA EL Roadmap.
- Full utilization of Zoom translation features to engage non-English speaking families.
- Additional tutoring opportunities for English Learner students focused on building Language skills and effective study habits.

Information collected from **parents and family members**, led the school to develop the following LCAP Actions for 2023-24:

- More information and support related to college and career planning.

- Additional opportunities for students to interact peer-to-peer in the school setting.
- Access to community-based partnerships that focus on health and wellness, particularly physical fitness and mental wellbeing.
- Engaging school events, including a Family Resource Night to increase parent involvement and awareness of educational programs and services designed to improve student academic achievement.

After evaluating feedback from **teachers and staff**, the school will initiate the following 2023-24 LCAP Actions:

- Targeted recruitment for instructional support staff to support that can provide high-quality academic tutoring in the core subjects.
- Expand Early College Credit opportunities to all students.
- Training focused on contemporary topics impacting the lives of youth and how educators can support and provide resources.
- Mental Health & Wellness Hub to quickly access information for students and families.
- Develop a mental health student referral process that is streamlined and user-friendly.
- Research potential futuristic teaching and learning methods, including Virtual Reality platforms.

By analyzing feedback from **special education staff**, the school has designed the following 2023-24 LCAP Actions:

- Additional college and career planning support for Students with Disabilities (SWDs) focused on successful post-secondary transitions.
- Integrate a specialized literacy program into the school's MTSS, Ascend SMARTER Intervention, as a targeted academic intervention for SWDs.
- Recruit SWDs to participate in AVID and Character and Leadership Development Programs to support their social-emotional learning needs.

Based upon feedback from **administrators**, the school will implement the following 2023-24 LCAP Actions:

- Targeted recruitment of instructional support staff that can provide high-quality one-on-one and small group instruction to students at risk of or failing to meet content standards.
- Create and implement an individualized Gifted and Talented Education (GATE) Plan for all identified students.
- Full implementation of AVID Program to build strong foundational skills, facilitate peer-to-peer collaboration, and create a college going mindset for students.
- Improve reporting Language development progress with families of English Learners, focused on ELPAC results, credit completion, local assessment data, and teacher observations.
- Utilize a 5D+ Rubric during teaching observations to elevate teaching pedagogy.
- Embedded Zoom training and support for staff in the Altus University Calendar.
- Improved alignment of English Learner Training with the CA EL Roadmap.

- Additional training focused on meeting the unique needs of newcomer, immigrant, and refugee students who may be new to the community or school system.
- Ongoing training for staff focused on contemporary issues facing youth, but with emphasis on building school practices of equity and inclusion.
- Facility ticketing and monitoring system to ensure resource centers remain in good repair status.
- Facility card access control system to manage guest entry as a school safety precaution.
- Evaluate the California Healthy Kids Survey results to determine future school planning as it relates to MTSS.
- Develop a LCAP Infographic to summarize Goals, Actions, Expenditures for educational partners and community members.

# Goals and Actions

## Goal

Goal #	Description
<b>Goal 1</b>	Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.

An explanation of why the LEA has developed this goal.

GSS is an academic intervention program uniquely designed to support students experiencing educational difficulties for a variety of reasons. Historically, students enroll at GSS credit deficient and below grade level in Reading, Language, and Mathematics skills, as measured by NWEA. Therefore, GSS is committed to developing and implementing a Pathways Personalized Education Plan for all students with the objective to accelerate student learning for those behind grade level in academic skills while helping them meet their individual educational goals and be college/career ready.

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Systematic Approach to Monitor Student Learning for All Students	<p>a) School staff will administer Measures of Academic Progress by NWEA to students in the fall and spring semesters to make data-informed decisions related to curriculum and instruction to close ELA and Mathematics achievement gaps.</p> <p>b) School staff will administer the Smarter Balanced Interim Assessments to evaluate student mastery of grade level standards in ELA and Mathematics and create opportunities for instructional staff to analyze student data and develop systematic methods to improve student learning.</p> <p>c) Instructional staff will integrate Illuminate formative and summative assessments into the core curriculum to assess student learning, analyze achievement, and adjust teaching methods to meet the needs of all students.</p>	\$7,206	No

Action #	Title	Description	Total Funds	Contributing
Action 2	Evaluate and Support English Language Proficiency for English Learners	<p>a) School staff will administer a Home Language Survey to assess students enrolling for the first time in the state or country for initial English language proficiency and determine English Learner plan implementation.</p> <p>b) Instructional staff will administer the ELPAC to measure progress toward English proficiency, to inform instructional planning, supplemental support, language intervention, and to aid reclassification decisions.</p> <p>c) Instructional staff will develop IEPs for English Learners with disabilities that include academic goals for student language development.</p> <p>d) Based upon data analysis, ELAD will develop best practices for using data to inform Curriculum, Instruction, Family Engagement and Professional Learning Systems.</p> <p>e) Instructional staff will develop and implement evidence based formative and summative English Language proficiency assessments in one-on-one and/or small group tutoring to measure language skills.</p> <p>f) Instructional staff will deliver Integrated English Language Development (ELD) to support all English Learners with their acquisition of core content knowledge.</p> <p>g) Instructional staff will deliver Designated English Language Development (ELD) instruction through blended ELD courses to all English Learners according to grade level and language proficiency, and EL typology to support their development of critical language skills needed for content learning in English.</p>	\$204,972	Yes

Action 3	Academic Instruction and Support for All Students	<ul style="list-style-type: none"> <li>a) Human Resources staff will recruit and hire instructional staff to engage At-Promise youth and support their achievement – particularly additional RCAs, LAs and CTRs to support the instructional program.</li> <li>b) School staff will collect student educational records to aid in the creation of each Pathways Personalized Education Plan, including transcripts, report cards, attendance history, behavior records and 504 or IEP Plans, if applicable.</li> <li>c) Teachers will design, develop, implement, monitor, and adjust a Pathways Personalized Education Plan (PPEP) for every student based on educational records, assessment data, academic performance, and post-secondary goals.</li> <li>d) Instructional Staff will utilize School Pathways Student Information System (SPSIS) to report student attendance, document MTSS efforts, monitor student progress, and record grades.</li> <li>e) Instructional staff will utilize Naviance Program to support the successful postsecondary planning and collect information related to learning styles and preferences.</li> <li>f) Counseling staff will provide students with multiple pathways to earn a high school diploma, or equivalent, to increase successful student outcomes and transition to post-high school pathways.</li> <li>g) Teachers will provide tutoring sessions in Math and ELA that scaffold student skills to master course objectives and content standards and provide opportunities for live interaction to increase student connectedness to school.</li> <li>h) Teachers will provide academic tutoring sessions that are interactive with online video tutorials from both teachers and field experts that engage students in real-world applications and problem-</li> </ul>	\$1,137,296	No
----------	---	--	-------------	----

Action #	Title	Description	Total Funds	Contributing
		<p>solving scenarios.</p> <p>i) Instructional staff will provide SBA Training Academies in April to prepare students for key Math and ELA claims and targets.</p> <p>j) The School Coordinator will support implementation of the school's Multi-Tiered System of Support (MTSS), which quickly matches the academic, behavioral, and social-emotional needs of all students and monitors the response to intervention.</p> <p>k) School staff will provide ongoing field trips that focus on student career and college pathways interest.</p> <p>l) Provide Gifted and Talented Education (GATE) for all identified students by specially trained teachers focused on inspiring students to utilize their talents and intellect to realize their full potential within an enriching academic environment.</p>		

Action #	Title	Description	Total Funds	Contributing
Action 4	Academic Instruction and Support for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Additional instructional support staff, including Resource Center Associates (RCAs), Learning Associates (LAs) and Certificated Teacher Resources (CTRs) to provide targeted tutoring to increase academic progress and completion rates for required graduation coursework.</li> <li>b) Partner with a community-based organization that can provide high-dosage tutoring opportunities throughout the school week focused on developing effective study habits and improving Math and ELA proficiency.</li> <li>c) Full implementation of the AVID program to build healthy learning habits, reading, writing, and critical thinking skills as well as deep content knowledge for college and career readiness.</li> <li>d) Counselors will provide additional support related to the academic, social-emotional and behavior needs of the lowest-achieving students.</li> <li>e) Equity and Inclusion (E&amp;I) Department staff to collaborate with school personnel to identify/respond to the educational needs of unique pupils, and coordinate services and resources to aid students and family members.</li> <li>f) Homeless and Foster Youth Liaison to coordinate with school staff to ensure appropriate enrollment processes, course planning, and school services to qualifying students.</li> </ul>	\$631,202	Yes

Action #	Title	Description	Total Funds	Contributing
Action 5	Academic Instruction and Support for Students with Disabilities	<p>a) Special Education staff to ensure that all Students with Disabilities receive FAPE through the implementation of services, accommodations, modifications, and supplementary aids as outlined in each student's IEP.</p> <p>b) Specialized Academic Instruction (SAI) provided by Education Specialists.</p> <p>c) Standards-based instruction is differentiated for students with IEPs and Education Specialists consult with general education teachers to implement accommodations and modifications in core curriculum and to customize learning activities to ensure accessibility through principles of Universal Design for Learning.</p> <p>d) Utilize Ascend SMARTER Intervention, to provide evidence-based literacy instruction to Students with Disabilities.</p>	\$662,844	No
Action 6	Systematic Monitoring of Academic Performance for All Students	<p>a) Data and Assessment Department staff will collect, analyze, and disseminate key performance measures aligned to student achievement and publish in Monthly Storybooks, including Student Participation, Chronic Absenteeism Rates, Credit Completion, Potential Dropout Rate, AP Course Reports and Naviance Student Confidence Rate.</p> <p>b) School staff will utilize the School's Data Integration System, including Naviance, NWEA, Illuminate and Achieve3000 to inform Curriculum, Instruction, E&amp;I and Professional Learning Systems.</p> <p>c) Instructional staff will utilize a Graduation Rate SharePoint Technology instrument to monitor individual student progress towards graduation and assist school staff in making real-time schoolwide projections for this engagement indicator.</p>	\$13,905	No

Action #	Title	Description	Total Funds	Contributing
Action 7	Systematic Monitoring of Academic Performance for English Learners, Low-Income students, and Foster Youth	<p>a) Instructional staff will utilize Ellevation as a monitoring system for all English Learner, including Long-Term English Learners, newcomer, and Reclassified Fluent English Proficient (RFEP) students to ensure adequate academic progress and align instructional and supplemental supports as needed.</p> <p>b) Instructional staff will monitor Long-Term English Learners (LTELs) and Reclassified Fluent English Proficient (RFEP) students through the PPEP Phase Meetings in July, October, and January.</p> <p>c) School leadership will develop a semesterly English Language Development progress report card aligned to the CA EL Roadmap to include designated ELD course completion, attendance, and progress towards reclassification.</p> <p>d) Teachers will provide all English Learner families with the ELD progress report card and opportunities to meet and discuss academic goals and needs.</p> <p>e) Data and Assessment Department staff will prepare a Monthly Storybook that summarizes English Learners, Low-Income students, and Foster Youth performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism and Credit Completion to inform the decision-making progress related to instruction, curriculum, equity/inclusion, and professional learning systems.</p>	\$253,591	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 is focused on increasing student engagement and academic achievement by developing, implementing, and adjusting a Pathways Personalized Education Plan (PPEP) for each student. There are seven Actions included in Goal 1. Upon a careful review of each Action, it is evident that there are no substantive differences to report. An Action summary is provided below:

- **Action 1:** Implemented the use of MAPs by NWEA, Smarter Balanced Interim Assessments and Illuminate Assessments to inform teaching and learning systems.
- **Action 2:** Implemented the school's English Language Development (ELD) Plan to all English Learner students.
- **Action 3:** Provided a PPEP to each student. School staff utilized key platforms, including School Pathways and Naviance to monitor student progress towards meeting individual academic goals and plan for postsecondary pathways. Counselors remained actively involved in the school's MTSS to support the unique needs of students and advise students and parents on viable graduation pathways. Teachers provided live academic instruction focused on increasing student skills in Math and ELA.
- **Action 4:** Provided additional academic tutoring opportunities geared primarily for unduplicated pupils. This included instructional support staff, and an ongoing partnership with a non-profit tutoring organization. Counselors, E&I staff, Homeless and Foster Youth Liaison provided support and coordinated services and support to meet the needs of special populations.
- **Action 5:** Implemented all Special Education services to qualifying students as outlined in their IEP.
- **Action 6:** Staff conducted systematic monitoring of student engagement and achievement by utilizing key Data Integration System platforms, including Naviance, NWEA, Illuminate and Achieve3000. Local monitoring tools and instruments were successfully published and updated to allow staff to conduct timely monitoring of key performance indicators.
- **Action 7:** Ellevation was successfully utilized throughout the year for English Learner monitoring and instructional planning. Data and Assessment Department staff provided ongoing and timely Monthly Storybooks that summarize unduplicated pupils' progress and achievement on key indicators to inform staffs' decision-making related to existing programs and services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

#### **Action 1**

Budgeted Expenditures: \$27,775

Estimated Actual Expenditures: \$5,427

Material Difference: Decrease \$22,348

Explanation: Goal 1, Action 1 decreased by \$22,348 due to FTE staff allocation for Data Department staff expenditures being realigned to Actions 6 and 7.

#### **Action 4**

Budgeted Expenditures: \$479,847

Estimated Actual Expenditures: \$418,553

Material Difference: Decrease \$61,294

Explanation: Goal 1, Action 4 decreased by \$61,294 due to Counselor payroll expenditures realigned to Goal 1, Action 3.

#### **Action 6**

Budgeted Expenditures: \$11,051

Estimated Actual Expenditures: \$15,192

Material Difference: Increase \$4,141

Explanation: Increased FTE staff allocation to align with Goal 1, Action 6 due to additional need for data and assessment staff to collect, analyze, and disseminate key performance measures.

An explanation of how effective the specific actions were in making progress toward the goal.

The school is confident that Goal 1 Actions are contributing to successful student outcomes appropriate for a school identified as DASS. The school was able to meet, or on track to meet, desired outcomes for the 2022-23 Metrics outlined below:

- Teachers Appropriately Assigned and Credentialed: 100% of teachers
- Projected Chronic Absenteeism Rate: 0.00%
- NWEA Reading Growth: 67%
- NWEA Language Growth: 77%
- NWEA Math Growth: 71%
- Student Attendance Rate: 88.1%
- Middle School Dropout Rate: 0.00%
- High School Dropout Rate: 0.8%
- Student Confidence Survey: 93%

While the 2022-23 DASS One-Year Graduation Rate is unavailable at this time, staff are optimistic that it will continue to exceed 90%.

Additionally, the 2022-23 SBA Math and ELA results are unavailable, but staff are satisfied with the 2021-22 results and are optimistic that the school will be able to demonstrate annual continuous improvement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2022 School Dashboard, the CDE published the Combined Four- and Five-Year Graduation Rate as the High School Engagement Indicator, rather than the DASS One-Year Graduation Rate. Therefore, the Combined Four- and Five-Year Graduation Rate has been added as a Goal 1 metric.

Based upon educational partner feedback, the school has adjusted the Metric focused on Teachers Appropriately Assigned and Credentialed to have an annual target of 90%.

As a school identified as DASS, educational partners wanted to add comparison outcomes to the following Metrics: Graduation Rate, Chronic Absenteeism, SBA Math, and SBA ELA. Each of these Metrics will include County DASS school averages and State DASS school averages.

Based upon reflections and educational partner input, the following actions have been changed or added for SY 2023-24:

- **Action 2f and Action 2g:** These Actions were realigned from Goal 3 (Professional Learning) to Goal 1 (Teaching and Learning).
- **Action 3a:** The school's Human Resources staff will recruit additional part-time instructional staff, including Resource Center Associates (RCAs) and Learning Associates (LAs) to support the educational program.
- **Action 4a:** RCAs and LAs are included in this action to provide additional and targeted academic tutoring to unduplicated pupils.
- **Action 4c:** The school will provide a fully implemented and robust AVID program to increase student engagement and achievement for historically underserved student groups.
- **Action 5d:** Special Education staff will implement Ascend SMARTER Intervention to support the academic needs of students with disabilities to improve literacy.
- **Action 7c:** School leadership will develop a semester ELD progress report that teachers can share with families of English Learner students to summarize language progress.
- **Action 7d:** Teachers will prepare a semester ELD progress report for each EL student and share with families.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 2	Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and is accessible to All Students.

An explanation of why the LEA has developed this goal.

GSS is committed to providing students with equitable access to rigorous and standards aligned courses that improve achievement and prepare them for post-secondary pathways, including community college, university, military, and career.

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Standards Aligned Course of Study and Curriculum for All Students	a) Altus Pathways Advisory Council (APAC) will review, update, and monitor course of study alignment with Common Core State Standards (CCSS), English Language Development (ELD) Standards, and Next Generation Science Standards (NGSS).  b) Curriculum and Professional Development Department staff will review, update, and monitor course of study alignment with UC a-g and NCAA requirements.  c) APAC will customize Edgenuity, online learning curriculum, to ensure academic rigor and alignment to the Smarter Balanced ELA and Mathematics Assessments Blueprint.  d) Instructional staff will inform and educate students, parents, and family members on the benefits of taking advanced coursework, including Accelerated, Honors and Advanced Placement (AP).  e) APAC will develop and refine curriculum and instructional materials that are multicultural and diverse.	\$278,464	No

Action 2	Standards Aligned Course of Study and Curriculum for English Learners and Low-Income Students	<ul style="list-style-type: none"> <li>a) Provide Chromebooks and internet services to families in need of home technology to increase access and equity to the instructional program – close the digital divide.</li> <li>b) APAC will develop curriculum that is customized and blended for English Learners, with the Universal Design Learning (UDL) Guidelines to ensure all students can access and participate in meaningful, relevant, and challenging learning opportunities.</li> <li>c) Instructional staff will utilize Achieve3000, a comprehensive literacy program, to provide differentiated instruction per individual student reading levels, so English Learners are able to build literacy, content area knowledge, and accelerate learning gains within the school year.</li> <li>d) Instructional staff will utilize BrainPop and BrainPop ELL, a web-based comprehensive English language learning program, to provide ELL-specific supports, explicit instruction of grammar concepts, academic vocabulary, and access to content area knowledge.</li> <li>e) Teachers will assign supplemental curriculum for English Learners through Edgenuity MyPath Individual Learning Plans (ILPs) to accelerate academic skill development and close the achievement gap in in ELA and Math.</li> <li>f) Instructional staff will conduct outreach and recruitment to English Learner students with the focus on providing equitable access to the same educational program and services as all students, including access to Accelerated, Honors and Advanced Placement (AP).</li> <li>g) Ongoing Equity and Inclusion focused Professional Learning Communities, to ensure accessibility, equity, and achievement for high-risk student groups and historically underserved students to improve opportunities and readiness for college/career.</li> </ul>	\$221,929	Yes
----------	---	--	-----------	-----

Action #	Title	Description	Total Funds	Contributing
		h) Counselors and instructional staff collaborating to assign Edgenuity Prescriptive Testing courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation.		

Action 3	College/Career Pathways for All Students	<ul style="list-style-type: none"> <li>a) Curriculum and Professional Development staff to ensure that the course offerings list meets the demands and requirements of college, university, career, and military pathways.</li> <li>b) School staff will continue to offer CTE courses and Certification programs which are aligned to CTE Model Curriculum Standards.</li> <li>c) School staff will facilitate an annual Career Industry and College Week for students which includes informational presentations and workshops facilitated by field experts and representatives to educate students on post-secondary pathways.</li> <li>d) Expand Early College Credit opportunities to all students, including Dual Enrollment and Articulation by partnering with colleges.</li> <li>e) Counseling staff will inform all high school students, parents, and family members regarding benefits of early college credit opportunities and important registration deadlines.</li> <li>f) Counseling staff will provide students, parents and family members with information and training related to Dual Enrollment at Open House Events, Senior Night Events, Family Learning Series, and workshops hosted by community colleges.</li> <li>g) Counseling staff will inform and educate students on work-based learning opportunities, including Work Experience Education Program and Service Learning.</li> <li>h) School staff will administer Advanced Placement (AP) exams to students who want to earn college credit and placement.</li> <li>i) Instructional staff will support grade 12 students completing a Pathways Portfolio, a graduation course requirement that promotes digital literacy and preparation for post-high school pathways, including college, university, military, and workforce.</li> </ul>	\$205,627	No
----------	--	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>j) Counseling staff will utilize School Pathways SIS College/Career measures tags and CCI Report page to monitor individual high school student progress towards meeting Approaching and Prepared criteria.</p> <p>k) Instructional staff will utilize grade 12 SharePoint technology to update student progress towards meeting California School Dashboard CCI prepared criteria at January, March, and May 2024 Instructional Meetings to calculate College/Career readiness rate projections.</p> <p>l) Assist students and parents with applying for financial aid for college and career programs – the school’s Financial Aid Resource Webpage.</p>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 is focused on providing a broad, rigorous, and accessible course of study to all students that prepares them for college and career pathways. There are three Actions included in Goal 2. After reviewing each Action, the school has concluded that there are no substantive differences to report for Goal 2. An Action summary is provided below:

- Action 1:** The school’s curriculum department, known as APAC, successfully aligned courses to State Standards, UC a-g, and NCAA requirements. APAC was able to update and align the school’s online curriculum (Edgenuity) to the Smarter Balanced ELA and Mathematics Assessments Blueprint. APAC also adjusted online, and textbook curriculum based upon user feedback, including teachers and students. There was a commitment to refine curriculum and materials to be multicultural and diverse. The school continued to recruit and challenge students to take advance curriculum offerings and offered AP Exams at school sites.
- Action 2:** The school was able to successfully provide all students in need of home technology with a school issued Chromebook, along with internet connectivity. In addition, the school’s ELD program is fully implemented and sustained. Historically underserved student

groups continue to have access to a rigorous course of study, including Honors and AP, and specialized instructional materials and coursework to rapidly build foundational skills, literacy and quickly recover failing credits needed for grade level advancement and graduation. School counselors and E&I staff provided ongoing academic advising, support services, and training to the school community.

- **Action 3:** School staff received ongoing and sustained professional learning opportunities focused on planning and preparing students for post-secondary pathways. Counselors provided multiple opportunities for the school community to receive information and training related to key college/career aspects: Meeting the College Career Indicator (CCI) Prepared Criteria, Applying for Financial Aid, Early College Credit, CTE, Early Assessment Program (EAP), AP Exams registration, and Work Experience Education. The school provided a College and Career Week that included guest speakers from a variety of career fields and colleges to increase awareness of requirements, timelines, and processes. There were eight fully developed Career CTE Pathways available to all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 3**

Budgeted Expenditures: \$364,767

Estimated Actual Expenditures: \$204,040

Material Difference: Decrease \$160,727

Explanation: Preliminary Budget included budgeted FTE positions for additional staff to assist with curriculum and professional development to support Goal 2, Action 3. Due to shortage in the workforce not all budgeted positions were filled.

An explanation of how effective the specific actions were in making progress toward the goal.

The school's Goal 2 Actions provided all students with a rigorous and well-rounded course of study that ultimately prepares them for future college and career pathways. The school was able to meet desired outcomes for the 2022-23 Metrics below:

- Availability of standards aligned instructional materials to all students: 100%
- Provide all students with access to a broad course of study: 100%
- Design and implement programs and services to pupils with exceptional needs that promote succession transitions: 100%
- CTE Career Pathways: Eight
- Core courses aligned to CCSS: 100%
- Science courses aligned to NGSS: 100%

- ELA and Social Science courses aligned to ELD Standards: 100%
- Core courses are UC a-g approved: 100%
- CTE courses aligned to CTE Model Curriculum Standards: 100%
- Compliant and accessible Work Experience Education Program: Met

The data for many of the 2022-23 College/Career Readiness Metrics are not available at this time; the school projects that these outcomes will be available in Fall 2023.

As mentioned in other LCAP sections, educational partners want to focus on increasing the percentage of graduates who meet the College/Career Indicator Prepared Criteria. Therefore, the school has added additional Goal 2 Actions designed to increase student participation in CTE, planning for college, and accessing Early College Credit opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The description of Goal 2 and Metrics will remain the same for SY 2023-24. Based upon educational partner reflections, the school has planned the following Action adjustments for the 2023-24 SY:

- **Action 3b:** The school will develop three additional CTE Career Pathway to meet the interest/needs of students and teachers, Animal Science, Retail Sales and Marketing, and Teacher Education.
- **Action 3d:** The school will expand Early College Credit opportunities to all students by partnering with colleges for Dual Enrollment and Articulation Agreements. School staff want all students to experience the benefits of Early College Credit, which include creating equitable access to higher education, preparing for postsecondary pathways, improving GPA, and graduation rates.
- **Action 3i:** To provide students and families with additional support related to applying financial aid for college and career programs, the school has developed a resource page. The school's resource page includes information related to FAFSA and the California Dream Act and how to request additional support.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 3	Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.

An explanation of why the LEA has developed this goal.

Instructional staff need ongoing and sustained professional development to improve student achievement and meet the diverse educational needs of the school community.

## Measuring and Reporting Results

		<p>h) Embed social-emotional learning activities in all AU professional development offerings to increase teacher knowledge and skills related to this area.</p> <p>i) Specialized college/career readiness training for staff, including Advancement Via Individual Determination (AVID), designed to increase the percentage of low-income students to complete UC a-g requirements.</p> <p>j) Trainings for school counselors focused on preparing Low-Income, Foster Youth, or first-generation students to enter college.</p> <p>k) AU professional development training for staff focused on research-based strategies and tools to support Homeless and Foster Youth engagement in school with a focus on Trauma Informed Practices for Schools.</p> <p>l) Partner with local non-profit organizations to increase staff awareness of contemporary youth topics, including Fentanyl awareness and Expansive School trainings.</p>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 is focused on providing instructional staff will ongoing support and professional learning to meet the unique needs of students and family members. There are two Actions included in Goal 3. The school conducted a thorough review of each Action and determined that all but one strategy was implemented. For Action 2f, the school was unable to provide staff with training related to Writing Redesigned for Innovative Teaching Equity (WRITE). WRITE is a specialized literacy training provided by San Diego County Office of Education (SDCOE). WRITE training has been rescheduled to the 2023-24 school year. A Goal 3 Action summary is provided below:

- **Action 1:** The school created a Professional Learning catalog and made it available to educational partners prior to the start of the school year. The school provided training related to effective implementation of the State Standards to instructional staff throughout the school year. There was special emphasis on Mathematics and ELA since both content domains are critical areas of need. In addition, school staff participated in a wide variety of trainings, including CTE, LEC, Special Education, GATE, Executive Studies, Fellows Projects, MTSS, New Teacher Training, Professional Growth Training, YMHFA, and ALICE.
- **Action 2:** The school's English Learner Achievement Department (ELAD) provided specialized training to instructional staff focused on implementation of English Language Development (ELD). The Math Specialist provided instructional staff with support and training focused on meeting the unique needs of EL students, including effective use of curriculum, instructional materials, and strategies. Other specialized professional development and trainings offered to staff included, Achieve3000 implementation for EL students, equity and inclusion in a school setting, facilitating social-emotional learning, AVID, and supporting children and youth in transition (CYT).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

### **Action 2**

Budgeted Expenditures: \$13,630

Estimated Actual Expenditures: \$20,513

Material Difference: Increase \$6,683

Explanation: Increased Instructional FTE staff allocation to support action Goal 3, Action 2 (i.e., professional development technology training for instructional staff focused on improving literacy skills and academic achievements for underserved students).

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3 Actions have significantly increased high quality teaching and learning at the school for all students, and unduplicated pupils. **All Goal 3 Metrics were met** for the 2022-23 school year, as summarized below:

- 100% of teachers participated in at least 60 hours of annual professional learning.
- 100% of teachers participated in at least 10 hours of annual Math professional learning.
- The school provided 11 English Learner Achievement Department trainings focused on Assessment, Curriculum, E&I, and Instruction.
- 100% of teachers have completed Leading Edge Certification within three years of their initial employment.

- 99% of staff report high levels of training relevance at Altus University sessions.
- 100% of students report high levels of satisfaction with their educational experience.
- 100% of parents and family members report high levels of satisfaction with their child's overall educational experience.

It is evident that the school's Professional Learning System is meeting the unique needs and requirements of educational partners. While school administration is satisfied with Goal 3 Metric results, there is consensus that instructional staff need ongoing and sustained training and coaching related to math and ELA achievement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 3 description and Metrics will remain the same for 2023-24. Based upon reflections, the school will initiate some additional Actions to ensure staff can support the needs of the Whole Child, including EL students, and increase student, parent, and family member engagement. A summary of these new Actions is provided below:

- **Action 1c:** Instructional leaders will utilize a Teaching Observation rubric to conduct informal and formal observations with instructional staff throughout the school year. The 5D+ Rubric Instructional Growth and Teacher Evaluation will be utilized during these teaching observations.
- **Action 1m:** In prior years, the school's primary virtual platform was Microsoft Teams. For 2023-24, school employees have professional Zoom accounts to increase student and parent engagement opportunities. School staff will receive training on how to use Zoom effectively and efficiently.
- **Action 2a:** Better align ELD training to the California EL Roadmap.
- **Action 2c:** Provide specialized training to employees focused on supporting the unique needs of students and parents who are new to the country.
- **Action 2i:** Partner with local organizations, including SAY San Diego to provide specialized training on contemporary issues/challenges facing youth.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 4	Provide a safe environment and supportive school culture for all educational partners to teach and learn.

An explanation of why the LEA has developed this goal.

Students, parents, family members and staff require a learning environment that is safe, distraction-free and professional.

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 is focused on providing a safe environment and supportive school culture to all educational partners. All three Actions were fully implemented and sustained for the 2022-23 school year. A Goal 4 Action summary is provided below:

- **Action 1:** The Executive School Safety Committee met regularly to discuss potential safety issues and ensure successful implementation of the School Safety Plan. The school provided multiple opportunities for educational partners to provide input regarding safety procedures and training needs. School Safety Ambassadors attended training and facilitated discussions related to safety topics, including ALICE (Violent Critical Incidents) in ongoing Resource Center Meetings with colleagues. School nurses supported the physical health of the school community. Lastly, Operations and Facilities staff ensured the school sites' systems and structures were adequately prepared for emergency scenarios.
- **Action 2:** The school's Healthy Youth Therapist and Department were able to provide counseling services, referrals, and case management to meet the needs of all students. The school actively recruited students to participate in the Character and Leadership Development Program with Cadet Corps. Additionally, staff hosted a Wellness Week for all students, updated the school website to include information related to health/wellness, and provided a Meal Program available to all students at resource centers.
- **Action 3:** These actions were targeted to meet the unique needs of Low-Income and Foster Youth. The school's Homeless and Foster Youth Liaison facilitated identification, case management services, collaborated with community partners, and training to staff. Specialized school staff provided live social-emotional learning opportunities (RISE) for students as part of the school's MTSS

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**

Budgeted Expenditures: \$29,863

Estimated Actual Expenditures: \$47,704

Material Difference: Increase \$17,841

Explanation: Goal 4, Action 1 was increased by \$17,841 due to nursing services budget realignment.

An explanation of how effective the specific actions were in making progress toward the goal.

Educational partners are satisfied with Goal 4 Actions and their contributions to providing a safe environment and supportive school culture conducive for teaching and learning. As a result of Goal 4 Actions, the school was able to **meet all 2022-23 Metrics**:

- As of May 2023, the student suspension and expulsion rate is 0%.
- 96% of students who completed surveys report high levels of school safety satisfaction.
- 98% of parents and/or family members who completed surveys report high levels of school safety satisfaction.
- The school's Safety Plan continues to meet the needs of the school community and remains compliant.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 4 description and Metrics will remain the same for 2023-24. Based upon feedback and reflections, the school will initiate some additional Goal 4 Actions:

- **Action 1d:** Utilize ZenDesk platform to support facility ticketing/monitoring.
- **Action 1e:** Install and provide maintenance services to Bravo card access controls at all resource centers and offices as a school safety precaution.
- **Action 1f:** Administer the CHKS to determine the current state of student health and wellness. Information gleaned from the survey will inform decision making related to school programs and services.
- **Action 1h:** Create a Mental Health & Wellness Hub available to all educational partners focused on meeting their diverse physical, social-emotional, and mental health needs.
- **Action 1j:** Provide specialized professional learning to staff focused on first aid, child abuse prevention, and maintaining a safe/professional work environment.
- **Action 3e:** Full implementation of AVID focused on building student academic skills, planning for college, and supporting social-emotional learning.

- **Action 3f:** Integrate key homeless and foster youth resources and services into the school's mental health and wellness hub.
- **Action 3g:** E&I staff available to the school community to assist in community referrals, training, case management, and assisting school leaders with responding to student health emergencies.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 5	Provide innovative, engaging and community-based resource centers to service and support students, parents and family members.

An explanation of why the LEA has developed this goal.

Meaningful educational partner engagement and community connectedness are essential elements to transforming lives.

## Measuring and Reporting Results

		<p>and communication.</p> <p>j) Utilize technology platforms, including DocuSign, Zoom, and Adobe to efficiently connect school staff with educational partners.</p> <p>k) Research potential use of Virtual Reality platforms at school sites to innovate teaching and learning methods.</p> <p>l) Administer the California Healthy Kids Survey (CHKS) to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness.</p> <p>m) Conduct marketing in local communities to increase awareness and recruit students and families in need of innovative learning methods to reengage in school and prepare for post-high school pathways.</p>		

Action #	Title	Description	Total Funds	Contributing
Action 2	Engagement Opportunities for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Provide an annual Family Resource Night at the beginning of the school year to educate parents and family members on educational programs and services designed to increase access to our educational program for historically underserved student groups.</li> <li>b) Coordinate transportation services to Foster Youth to increase access to the resource center for educational support and services.</li> <li>c) Facilitate interactive English Learners Advisory Committee (ELAC) meetings to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment.</li> <li>d) Engage parents of English learner students to seek feedback on existing ELD Programs and potential barriers to learning.</li> <li>e) Utilize ELD progress report cards to engage families of English Learners in needs assessment and goal development.</li> <li>f) Provide translated materials and resources for parents and family members of English Learners.</li> <li>g) Designated translators and/or bilingual staff at resource centers with high enrollment of non-English speaking families.</li> <li>h) Design, develop and disseminate a multilingual LCAP infographic that summarizes the school's educational program, student profile and key services/programs available to unduplicated pupils.</li> <li>i) Develop and embed a feedback form into the mental health and wellness hub to solicit input and requests for support from educational partners.</li> <li>j) Utilize language interpretation in Zoom school events to increase school connectiveness of non-English speaking families.</li> </ul>	\$16,786	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 5 is designed to provide community-based resource centers that are innovative in design and capable of engaging students, parents, and family members. While GSS's instructional model is non-classroom based, school leadership wants to provide a physical school environment that students can attend throughout the school week to interact with peers, participate in live instruction, access school equipment, and meet with school staff. There are two Actions included in Goal 5. Upon reviewing each Action, school staff have determined that there are no substantive differences to report. Key Actions are summarized below:

- **Action 1:** The school provided multiple opportunities for students, parents, and family members to interact with staff and learn about important programs and services. These school events included Open House, Senior Night Events, and Family Learning Series. At school events, staff teach students and parents how to use communication and academic tools, including School Pathways Student-Parent Portal, Edgenuity, Achieve3000, ParentSquare, School Website and Naviance.
- **Action 2:** These are targeted Actions for English Learners, Low-Income, and Foster Youth. Key actions included providing bus passes to Foster Youth, facilitating engaging English Learner Advisory Committee (ELAC) meetings to increase involvement of parents of English Learners, bilingual staff who can provide translation services, and translated materials/resources for families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

### Action 1

Budgeted Expenditures: \$295,295

Estimated Actual Expenditures: \$429,974

Material Difference: Increase \$134,679

Explanation: Community outreach and awareness expenditures increased to support Goal 5, Action 1 to provide engagement opportunities for all students.

### Action 2

Budgeted Expenditures: \$5,140

Estimated Actual Expenditures: \$3,698

Material Difference: Decrease \$1,442

Explanation: Goal 5, Action 2 decreased due to budgeted expenditures for bus passes not being needed – San Diego Metropolitan Transit System provided free youth bus passes.

An explanation of how effective the specific actions were in making progress toward the goal.

The school community is satisfied with how Goal 5 Actions were able to increase engagement and innovation at GSS. **All Goal 5 Metrics were met** for the 2022-23 school year:

- 100% of school facilities are determined to be in Good Repair status, clean, safe, and functional for teaching and learning.
- The school expanded opportunities for parental and family member participation for low-income, English learners, and foster youth students in trainings, advisory meetings, and school events.
- Staff increased opportunities for parental and family member participation for students with exceptional needs.
- The school maintained formal partnerships with community-based organizations to support the needs of the 'Whole Child'.
- There were ten Family Learning Series offered to parents and family members.
- 98% of parents and family members who completed a LCAP Survey reported that the Resource Center provided their child with innovative learning opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 5 Description and Metrics will remain the same for 2023-24. However, based upon data analysis and reflection the school have designed additional Actions:

- **Action 1j:** DocuSign, Zoom, and Adobe programs to improve work efficiency for staff and enhance communication with the school community.
- **Action 1k:** Research focused on utilization of Virtual Reality platform and technologies for teaching and learning.
- **Action 1i:** Refine systems to administer the CHKS to students.
- **Action 1m:** Increase community awareness of the school's unique ability to help struggling students reengage in school, academically succeed, and prepare for post-secondary pathways.

- **Action 2a:** Conduct outreach and recruitment to involve more families in the annual Family Resource Night.
- **Action 2e:** Provide all parents and families of English learner students with an annual ELD progress report to foster engagement and goal development.
- **Action 2h:** Disseminate a multilingual LCAP infographic to the school community focused on highlighting targeted programs and services for unique learners.
- **Action 2i:** Integrate a feedback form into the school's Health and Wellness Hub to solicit input and needs from educational partners.
- **Action 2j:** Utilize language interpretation features provided in Zoom at school events to increase school connectiveness and access for non-English speaking families.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2023-24

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$756,712	\$66,972

### Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
22.07%	0%	\$0	22.07%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Based upon educational partner feedback and data analysis, the school plans to initiate Increased or Improved Services designed to benefit foster youth, English learners (EL), and low-income students **to a greater extent** than students who are not low-income, EL and/or foster youth. These **LEA-wide Contributing Actions** are outlined below and upgrades the entire educational program for all students:

- **Goal 1, Action 4a:** As provided in the Engaging Education Partners section, teacher feedback indicated that they need additional instructional **support staff** to provide direct tutoring services to students who are struggling to make adequate academic progress in core courses. To address these needs, the Human Resources Department will conduct targeted recruitment of RCAs and CTRs to fill vacancies. Educational research indicates that instructional aides and assistants can help implement differentiated instruction techniques, tailoring instruction to meet the diverse needs of students. We expect these actions to lead to an increase in the percentage of foster youth, English learners and low-income students meeting grade level standards on Smarter Balanced Assessments.
- **Goal 1, 4b:** Based upon data analysis, school staff indicated a need to provide high-dosage academic tutoring opportunities for students struggling in ELA and Mathematics. Specifically, foster youth, English learners and low-income students are struggling the most in these

academic areas. To address this need, the school will partner with a **non-profit organization to provide high dosage tutoring** throughout the school week, focused on skill development, direct instruction, guided practice, and independent practice opportunities. Educational research indicates that high dosage tutoring programs can help students overcome learning challenges and make significant progress in their studies. The school expects this supplemental tutoring program to improve the percentage of unduplicated pupils meeting their individualized NWEA Spring Growth targets in Math, Reading, and Language.

- **Goal 1, Action 4c:** Based upon educational partner feedback and college/career readiness outcomes, the school wants to improve programs and services that prepare students for post-secondary pathways. To address these needs, the school will offer an **AVID Program** which is focused on building healthy and sustainable study habits and college/career readiness. Educational research indicates that AVID is effective in improving student outcomes related to college/career readiness. We expect the AVID Program to lead to improvements in the percentage of unduplicated pupils graduating on-time, finishing UC a-g requirements, and scoring proficient on SBAs.
- **Goal 1, Action 4d:** Educational partners indicated that students need additional guidance as it relates to college/career readiness, social emotional support, and equity/access. To address these needs, the school will provide **counselors** who provide academic guidance to students, help students explore career options, navigate the college application process, understand financial aid opportunities, help address student personal and social issues, and identify and address barriers that marginalized students may face, such as lack of resources. Educational research indicates that counselors are essential for supporting students' holistic development, academic achievement, and future success. We expect counseling services to increase the number of unduplicated students graduating on-time, prepared for college/career pathways, and reporting high-levels of satisfaction with the educational program.
- **Goal 1, Action 4e:** School administrators want to continue to integrate Equity and Inclusion (E&I) services into the school's Multi-Tiered System of Support (MTSS). There is consensus that **E&I services** will elevate academic achievement, social-emotional well-being, school climate, and college/career readiness. Research indicates that E&I services address potential disparities and provide targeted support to marginalized students and can help narrow achievement gaps. The school expects these E&I services to improve academic outcomes, including increased engagement and higher graduation rates, particularly for unduplicated pupils.
- **Goal 1, Action 4f:** Educational partners provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. Specific feedback included, 'these basic needs must be met to keep them engaged in school and achieving.' To address these needs, a **homeless and foster youth liaison** will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations. The school expects these services to improve engagement metrics (chronic absenteeism, attendance, drop out rate, and graduation rate) for foster youth.

- **Goal 2, Action 2a:** There is consensus amongst the entire school community that providing all students with access to home technology and internet service can have several positive impacts on their learning and academic outcomes. To address these needs, the school will provide a Chromebook and internet service to all families in need to help bridge the digital divide and promote equity in education. Research shows that students from socio-economically disadvantaged backgrounds are more likely to lack access to technology and internet at home, creating a ‘homework gap’ that can hinder their ability to fully participate in the educational program. Providing all students with technology and internet access helps ensure equal opportunities for learning and reduces disparities in educational outcomes. The school expects the **Altus Connect Program** to improve digital access and equity, expanded learning opportunities, engender personalized and differentiated instruction, promote digital literacy, and enhance parental engagement and communication.
- **Goal 2, Action 2b:** Instructional staff want to create and develop a curriculum that can meet the diverse needs and learning styles of all students, particularly Students with Disabilities and English Learners. To meet these needs, The school’s curriculum departments (APAC), integrates **Universal Design for Learning (UDL)** guidelines into the core curriculum. Educational research indicates that UDL can increase student engagement and academic achievement because it provides multiple means of representation and expression to accommodate different learning preferences and abilities. The school expects these services to narrow achievement gaps, increase educational access, and create a more inclusive learning environment for all students.
- **Goal 2, Action 2c:** Based upon English learner performance on the Summative English Language Proficiency Assessment for California, the school wants to increase the percentage of ELs making progress towards English language proficiency. To meet these needs, the school will utilize **Achieve3000** which is an online literacy platform that aims to improve reading comprehension and vocabulary skills for students, including English learners. It provides differentiated content based on individualized reading levels and offers various tools and activities to support language acquisition. Educational partners suggest that this literacy program will ultimately help English learners improve performance on ELPAC because it is designed to match text based upon student reading abilities, provides differentiation/personalization features, and adjusts the difficulty level over time. While this program will certainly benefit English learners, staff suggests that it will help other students who may be considered struggling readers.
- **Action 2, Action 2d:** As previously mentioned school staff want to support the English development of ELs while increasing their engagement in school related activities and course completion. To meet these needs, the school will utilize **BrainPOP and BrainPOP ELL** as an educational tool that will be integrated into the school’s English Language Development (ELD) Program. School staff indicates that this program can help ELs in several ways, including providing engaging animated videos, comprehension activities, vocabulary development, grammar instruction, writing and speaking practice, and cultural awareness. The school expects these services to improve the school’s ELPI and other engagement metrics (e.g., attendance, chronic absenteeism, drop out). Because of the engaging animated videos, other students can benefit from this program to learn course content, develop language skills, and make learning more fun.
- **Goal 2, Action 2e:** Based upon educational partner feedback and data analysis, many new students enroll several grade levels behind in reading and mathematics. Therefore, it is essential to accelerate academic skill development and close achievement gaps. To meet these needs, the school will provide **Edgenuity MyPath Individual Learning Plans (ILPs)** that provide targeted instruction and support tailored

to the specific needs of each learner. Educational research suggests that when this type of program is implemented with fidelity and supported by well-trained educators, they can accelerate learning, improve academic skills, and close achievement gaps for students from low-income backgrounds or historically marginalized groups. The school expects these services to increase the percentage of students meeting their individualized NWEA Spring Growth target.

- **Goal 2, Action 2f:** Based upon College and Career Readiness data, the school wants to increase the percentage of graduates who are meeting the CCI Prepared criteria. In addition, the school wants to close opportunity gaps that exists for English Learners. To meet these needs, the school will conduct **targeted recruitment of English Learners to participate in Honors and Advanced Placement (AP)** coursework. By recruiting ELs to participate in AP and Honors programs, the school is taking actionable steps to close potential opportunity gaps and promoting educational equity. The school expects these services to lead to an increase in the number of ELs taking advanced coursework and meeting the CCI Prepared criteria on the school dashboard. As the school creates flyers and disseminates information to the school community, these efforts will likely lead to other students seeing the benefits of advanced programs and greater participation schoolwide.
- **Goal 2, Action 2g:** School staff is committed to closing opportunity gaps that may exist for student groups in education. To meet these needs, the school's **Equity and Inclusion (E&I)** personnel will **coordinate a multi-faceted and comprehensive approach with the school community that prioritizes equity, inclusivity, and the success of all students**. These E&I strategies will include data analysis, monitoring, program development, professional development, training, collaboration, partner with community-based organizations, targeted support for underserved student groups, parent and family engagement, and a focus on continuous evaluation and improvement. The school expects these services to increase the percentage of graduates who are meeting the CCI Prepared criteria, particularly for unduplicated pupils.
- **Goal 2, Action 2h:** Teachers and counselors continue to report that many new students enroll because they are credit deficient and are not on-track to graduate with their high school cohort. To meet these needs, the school will provide **Edgenuity Prescriptive Testing** courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation. Research indicates that credit recovery classes can support students' transitions to postsecondary education or the workforce. By enabling students to recover credits and graduate on time, these programs increase students' options and opportunities for further education or career pathways. The school expects these programs to increase graduation rates and reduce dropout rates, particularly for students from low-income backgrounds.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

GSS has an enrollment of unduplicated pupils which exceeds 72.56% of total enrollment. The school's percentage to increase or improve services for unduplicated students is 22.07% and the estimated increased apportionment is \$756,712. Overall, services for English Learners,

Low Income and Foster Youth are being increased or improved through a range of targeted actions determined by educational partners that provides services for all groups, or principally directed to a single group. Targeted actions are determined by engaging educational partners, identifying potential needs, and designing services/programs that will increase engagement, elevate academic achievement, and prepare for college/career pathways.

Of the Targeted Actions to Increase and Improve Services described within this plan, several are services that are provided only to **unduplicated students and their families**, which are considered a Limited Scope. These **Limited Scope** Actions are outlined below:

**Goal 1, Action 2: Evaluate and Support English Language Proficiency for English Learners:** This Targeted Action is based on educational partners expressing a need to improve academic outcomes for English learner students due to English Language Acquisition needs. To address this need, the school's English Learner Achievement Department (ELAD) staff will develop evidence-based best practices to utilize language achievement data, including individual ELPAC scores, formative and summative core content assessment results to make informed decisions related to English learner plan implementation and respond to individual student needs. Best practices developed by ELAD will be systematically shared with instructional staff to ensure successful implementation to all English learner student schoolwide. School instructional leaders will conduct both informal and formal teaching observations throughout the school year to evaluate, provide coaching and support to teachers focused on implementation of established ELD best practices. The school expects this action to improve the percentage of English language students who are making progress towards English language proficiency (ELPI) and the annual reclassification rate.

**Goal 1, Action 7: Systematic Monitoring of Academic Performance for English Learners, Low Income and Foster Youth:** This Targeted Action is based on data analysis of opportunity gaps and feedback from the school community. Educational partners specifically want English Learners, Low Income and Foster Youth students to improve their average Distance from Standard on ELA and Smarter Balanced Assessments. To address this need, the school will utilize Ellevation to monitor ELs, Long-Term ELs, newcomer and RFEP students to ensure adequate progress is being made throughout the school year and align instructional and supplemental supports as needed. In addition, the school coordinator will support and coach teachers on monitoring English learner, Low Income and Foster Youth student progress and achievement in real time using Participation and Credit Monitoring instruments and deploy increased and intensified intervention as prescribed by the school's MTSS Framework. And lastly, school Data and Assessment Data Department staff will prepare a Monthly Storybook that summarizes student group performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism, and Credit Completion to inform the decision-making progress related to instruction, curriculum, E&I, and professional learning systems. The school expects that these targeted actions will close academic performance gaps that may exist for students of underserved groups. Effectiveness of this action will be measured by progress on Goal 1 Metrics: Smarter Balanced Assessments, Measures of Academic Progress, ELPI and English Learner Reclassification Rate.

**Goal 3, Action 2: Professional Development Focused on Improving Academic Performance for English Learners, Low-Income and Foster Youth.** This Targeted Action is based on data analysis conducted by educational partners and feedback related to professional learning needs. There is consensus that instructional staff need specialized training opportunities to improve student outcomes related to

academic achievement, specifically Smarter Balanced Assessments. To address these needs, during the development of the school's comprehensive professional learning system, Altus University, the school considers the needs of underserved student groups, including English Learners, Low Income and Foster Youth. For 2023-24, professional learning will include training for instructional staff focused on ELD data analysis through Illuminate, evidence based instructional strategies and curricular customization. These specialized trainings will be facilitated by the English Learner Achievement Department (ELAD). In addition, the school's math specialist will provide one-on-one coaching and support for teachers related to effective use of math instructional and curriculum tools to help English learner students access grade level content and enhance academic vocabulary. Achieve3000 and WRITE training will be provided to instructional staff focused on improving underserved student groups' literacy skills. Writing Redesigned for Innovative Teaching Equity (WRITE) is focused on enhancing teacher knowledge and skills in evidence-based instructional practices that promote effective literacy development. Research suggests that literacy training programs can help teachers develop a deep understanding of equity and culturally sustaining pedagogy, enabling them to create inclusive and equitable literacy instruction for historically underserved students. The school expects these services to positively impact students' language skills, comprehension, and overall literacy achievement (English Language Progress Indicator, EL Reclassification Rates, SBA ELA). And lastly, training opportunities focused on supporting the whole child, particularly social-emotional learning strategies to increase teacher knowledge and skills. We expect these actions will increase the capacity of staff to address the specific educational needs of unduplicated count students. The school will partner with community-based organizations to provide training to enhance teachers' understanding of student experiences, enabling them to create more relevant and meaningful learning opportunities. Educational research indicates that training programs focused on contemporary issues often emphasize social-emotional learning, the importance of inclusivity, diversity, and cultural competence. All training opportunities will prioritize data analysis, informed decision making, evidence-based instructional strategies, engender collaboration, and personalized approaches/methods to support student learning. The effectiveness of these actions will be determined by analyzing teacher participation in professional development opportunities, relevancy as indicated on training evaluations, and student/parent satisfaction with their educational experience.

**Goal 4, Action 3: Social, Emotional and Behavioral Support Systems for Low Income and Foster Youth:** As identified by educational partners, English Learners, Low Income and Foster Youth demonstrate a need for social-emotional and behavioral supports to improve academic outcomes. To address these needs, the school's Homeless and Foster Youth Liaison will support the designation of incoming Foster Youth students, provide ongoing case management to ensure that their academic, physical, mental health and social emotional needs are met. The Healthy Youth Therapist will provide additional and targeted counseling services and case management to low-income students and foster youth. By providing this case management to unduplicated pupils in need of social-emotional support, the school expects improved overall engagement in school and academic achievement. Students will also benefit from the newly created Mental Health and Wellness Hub that will integrate homeless and foster youth resources. In addition, the school's Healthy Youth staff will provide ongoing and sustained Resilience in Student Education (Rise), a series of live interactive opportunities for students to develop Social and Emotional Core Competencies. We expect these targeted actions to improve the number of students feeling safe, connected to school, and supported. Effectiveness of these actions will be determined by analyzing Metrics related to school climate, including Suspension Rate, Expulsion Rate and student safety perceptions gathered through surveys.

**Goal 5, Action 2: Engagement Opportunities for English Learners, Low Income and Foster Youth:** As identified by educational partner input and surveys, we need to increase parental involvement in school decision making, recruit additional parents and family members to participate in learning opportunities and expand communication with the entire school community. To address this need, ELAD will provide workshops, community resources, meetings, and opportunities, specifically for parents of English learner students to provide input into the development and implementation of the English Learner Plan, including the annual Needs Assessment. At all these engagement opportunities, the school will recruit parents of English Learner students by using Zoom translation features, translated materials and interpreters to facilitate dialogue. In addition, the school will provide bilingual staff at resource centers with high enrollment of non-English speaking families to establish a strong school to home partnership. The school expects these actions to increase parental involvement of English Learners, Low Income and Foster Youth and empower them to be more engaged with their child's education and planning for post-high school pathways. The school's Equity and Inclusion (E&I) staff will be focused on improving and expanding communication methods for parents, and monitoring trends. And lastly, to improve Foster Youth access to resource centers for educational support and services, the school's Foster Youth and Homeless Liaison will coordinate transportation services to qualifying students. Effectiveness of these actions will be measured by the number and frequency of parental participation opportunities provided to families throughout the school year, including the Family Learning Series which is designed to educate and train parents and family members. The school will also measure effectiveness by analyzing student engagement outcomes for unduplicated pupils, including student participation/attendance, Chronic Absenteeism Rate and Graduation Rate.

In conclusion, the school plans to continually monitor the effectiveness of these Targeted Actions provided to English Learners, Foster Youth, and Low-Income student groups by using multiple methods of data collection, including needs assessment and satisfaction surveys, engaging students and parents who participate in Formal School Events, Parent Advisory Committees, English Learners Advisory Committee and School Site Council. The school will also carefully monitor student groups' engagement and academic achievement in the Monthly Storybook, NWEA Assessments, Smarter Balanced Assessments, ELPAC and college/career readiness indicators. Instructional leaders will create the time and space needed for school staff to analyze student group achievement, discuss trends, and collaborate on effective practices and resources to support student groups.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

GSS is a charter school and does not have such comparison schools by which to calculate staff increases. The school, like many other LEAs, using the additional Concentration Grant funding to increase staffing has been a challenge this year. Schools overwhelmingly report difficulty in hiring staff to fill open positions. However, the school has made every effort to recruit and hire qualified instructional staff to provide direct educational services to students, particularly the Certificated Teacher Resource (CTR), Resource Center Associate (RCA), and Learning Associate (LA) positions. As outlined in Goal 1, Action 4, these additional support staff positions will provide additional and targeted tutoring to increase student progress and course completion rates for unduplicated pupils. These support staff positions can

facilitate one-on-one and small group instruction focused on improving student proficiency in Mathematics and English Language Arts. Educational partners believe that these additional support staff will help the school improve performance in Metrics related to student engagement, achievement, and college/career readiness.

The school's Human Resources (HR) Department is committed to enhancing recruitment strategies to find and retain high quality instructional support staff. HR has expanded their recruitment channels to tap into talent pools and connect with highly skilled individuals. HR utilizes EDJOIN, LinkedIn, and Handshake as recruitment platforms. In addition, HR participates in both virtual and in-person job fairs to find qualified applicants, posts flyers throughout the community, and partners with surrounding colleges and universities as recruitment efforts.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	74:1
Staff-to-student ratio of certificated staff providing direct services to students	N/A	16:1

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## Plan Summary

### Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

### Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

### Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated students
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

### ***Focus Goal(s)***

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### ***Broad Goal***

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### ***Maintenance of Progress Goal***

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

### ***Required Goals***

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

### **Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs

may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

**Projected LCFF Supplemental and/or Concentration Grants:** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## **For School Districts Only:**

### **Actions Provided on an LEA-Wide Basis:**

***Unduplicated Percentage > 55 percent:*** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

***Unduplicated Percentage < 55 percent:*** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### **Actions Provided on a Schoolwide Basis:**

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services.
- If “Yes” is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000.

Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### ***Contributing Actions Table***

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

### ***LCFF Carryover Table***

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

# Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## **Performance Standards**

The performance standards for the local performance indicators are:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

### **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access

to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

## **Local Control Funding Formula (LCFF) Priority 1 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 1 are provided below.

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions: **0**
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home: **0**
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies): **0**

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

## Local Control Funding Formula (LCFF) Priority 2 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 2 are provided below.

### Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the *optional* reflection tool (Option 2).

#### **OPTION 1: Narrative Summary (Limited to 3,000 characters)**

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts

- World Language

## OPTION 2: Reflection Tool

**Recently Adopted Academic Standards and/or Curriculum Frameworks**

**Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Career Technical Education					<b>X</b>
Health Education Content Standards					<b>X</b>
Physical Education Model Content Standards					<b>X</b>
Visual and Performing Arts					<b>X</b>
World Language					<b>X</b>

### Support for Teachers and Administrators

Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Activities</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Identifying the professional learning needs of groups of teachers or staff as a whole					<b>X</b>
Identifying the professional learning needs of individual teachers					<b>X</b>
Providing support for teachers on the standards they have not yet mastered					<b>X</b>

#### Optional Narrative (Limited to 1,500 characters)

Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board. **N/A**

## **Local Control Funding Formula (LCFF) Priority 3 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 3 are provided below.

### **Parental Involvement and Family Engagement (LCFF Priority 3)**

#### **Introduction**

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:<sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

## Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.

5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

## Sections of the Self-Reflection Tool

### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	<b>5 – Full Implementation and Sustainability</b>
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	<b>5 – Full Implementation and Sustainability</b>
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	<b>5 – Full Implementation and Sustainability</b>
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	<b>5 – Full Implementation and Sustainability</b>

### Building Relationships Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.**

The school engages educational partners in meaningful participation of the school's programs and systems of continuous improvement. The school partners with families to create a Pathways Personalized Education Plan (PPEP) for each student that reflects their strengths, learning style, interests, and post-secondary goals. In partnership with parents, school staff monitor student progress towards PPEP goals and systematically adjust throughout the school year. This process is built on an established trusting relationship between school and family whereas parents are provided with opportunities to provide input into their student's education plan and into the school's overarching goals, actions, and services. Results from the school's annual survey indicate that 99% of parents report being able to provide input and feedback to the school through multiple ways. Based on stakeholder Needs Assessment, the school has identified that a primary requirement of students and parents is a safe and supportive learning environment. Survey results indicate that 97.9% of parents and 100% of students report that their school is safe and supportive. Additionally, the school values the partnership between school staff and families as the foundation of parent and family engagement. Over 100% of parents report that they have a high satisfaction rate with their student's teacher. To further engage parents and families in the instructional program, the school has prioritized providing learning environments that are innovative and engaging. 97.7% of parents report that the school provides innovative and engaging learning environments.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.**

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. GSS regularly consults with educational partners throughout the school year to understand the academic, social-emotional and physical needs of students and families. The school utilizes multiple methods to conduct meaningful engagement, including school events, trainings, meetings, committees and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.**

To improve the engagement of underrepresented families the schools will address needs on several fronts. School materials will be translated and of interpreters made available for calls and meetings. The school will continue to Chromebooks and internet data plans to households in need of home technology. Increased Family Learning Series offerings to families focused on how to best support their child in academics, college/career interests, instructional support and health and safety for

parents and families will be available. Utilization of Parent Square further provides communication and engagement of educational partners with the school.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	<b>5 – Full Implementation and Sustainability</b>
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	<b>5 – Full Implementation and Sustainability</b>
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	<b>5 – Full Implementation and Sustainability</b>
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	<b>5 – Full Implementation and Sustainability</b>

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The school provides professional learning and support to teachers, support staff, and leadership to improve the school's capacity to partner with educational partners and provide a high-quality education for every student. Currently, 100% of teachers have exceeded the school's goal to participate in at least 60 hours of professional learning. The school establishes formal partnerships with community-based organizations and non-profit organizations to provide services and support for students and families in the areas of family, food, housing, health, mental health, and college and career. The school has several formal partnerships providing services and support to families throughout the school year.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

Based upon information collected from students, the school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways. In addition, the school is focused on providing students with additional counseling services to support and plan for post-high school pathways. The school will issue Chromebooks and internet data plans to households in need of home technology through the school's connect program, managed by the school's Equity and Inclusion Department which is focused on increasing opportunities for all students to succeed. In addition, a partnership with a local non-profit tutoring organization will provide additional academic tutoring opportunities for their students – particularly focused in Mathematics and ELA. To better facilitate school to home two-way communication and input with English Learner households, school materials will be translated as translators provided when needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.**

GSS is fully committed to continuously improving the engagement of underrepresented families with our partnerships supporting student outcomes. This includes working to increase community-based partnerships that support the needs of our educational partners. These include resources for academic, physical, and social emotional needs of students to eliminate barriers to each student successfully achieving their Personalized Pathway Educational Plan goals.

### **Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation

4 – Full Implementation

5 – Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	<b>5 – Full Implementation and Sustainability</b>
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	<b>5 – Full Implementation and Sustainability</b>
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	<b>5 – Full Implementation and Sustainability</b>
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	<b>5 – Full Implementation and Sustainability</b>

### Seeking Input for Decision-Making Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**

The school engages educational partners in its processes for continuous improvement and prioritizes building capacity of staff and families to engage in advisory groups and decision making. The school provides training for School Site Council members annually and holds regular meetings to develop, refine, and update the LCAP Federal Addendum. The school provides training for English Learner Advisory Committee members annually and holds regular meetings to develop refine and update the English Learner Plan. The families of students in Special Education are engaged through the Community Advisory Committee that provides trainings, resources, supports, and feedback opportunities throughout the school year. The school holds a variety of Resource Center events that focus on family engagement and provide opportunities for input into the school's programs. Additionally, the school seeks input into the Local Control Accountability Plan (LCAP) through an annual survey. In 2022-2023 the school received input from over 180 students and parents and used the results in the development of the 2023-2024 LCAP.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.**

Educational partner input into decision making is actively sought through multiple venues. GSS will continue to seek to improve input into decision making from our educational partners through the implementation of parent square as a communication tool, soliciting input and educational partner feedback through annual engagement surveys, opportunities to participate in Parent nights, Senior nights, Family Learning opportunities, representation on the School Council, the English Language Advisory Committee, and involvement in College/Career week.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.**

School staff will provide opportunities for students, parents, and family members to receive school information and resources at Open House and Senior Night Events. The school has also enhanced the Family Learning Series, which is ongoing and sustained training for parents and family members focused on their individual needs. The Family Learning Series is also committed to empowering parents and family members to be part of the school planning process – which includes reviewing schoolwide student engagement, achievement, and college/career readiness data. Instructional staff utilize ParentSquare to engage and communicate with students, parents and family members regarding the educational program and opportunities for input and engagement. Interactive English Learners Advisory Committee (ELAC) meetings will seek to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment. The school will provide translated materials and resources for parents and family members of English Learners.

## **Local Control Funding Formula (LCFF) Priority 6 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 6 are provided below.

### **School Climate (LCFF Priority 6)**

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey, which is to be conducted at least every other year, that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6– 8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

**1. DATA: Reflect on the key learnings from the survey results and share what the LEA learned.**

GSS administers an Annual LCAP Stakeholder Engagement Survey to students and parents to measure perceptions on conditions of learning, student outcomes, and engagement. Over the last five years, survey results indicate that the number one key requirement of students and parents is a safe and supportive learning environment. This requirement has directly impacted on the development of GSS's LCAP. In order to monitor the success of GSS's LCAP Goal 4: *Provide a Safe Environment and Supportive School Culture*, the school has established a metric of maintain or achieve a 90% or higher safety satisfaction rating. In 2022-2023, GSS exceeded this metric. Over 97.9% of students reported that they felt safe at GSS and 95.7% of parents reported that they feel their child is safe at GSS. Additionally, the school establishes metrics for suspension and expulsion rates to reflect the effectiveness of the school's Multi-Tiered Systems of Supports (MTSS) that incorporates academic, social/emotional, and behavioral supports and interventions. In 2022-2023 GSS's suspension rate was 0.0% and expulsion rate was 0.0%.

**2. MEANING: What do the disaggregated results (if applicable) of the survey and other**

**data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?**

These metrics indicate that students' needs are being met in a positive and supportive learning environment that protects and encourages their participation and engagement in school. Confidence surveys show an increase after 90 days of enrollment in students' confidence in their ability and skills to learn and succeed in school and in their receiving of the support from their teacher to succeed in school compared to prior to enrolling.

**3. USE: What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?**

In addition to an Annual LCAP Stakeholder Engagement Survey the LEA will also administer the California Healthy Kids Survey (CHKS) to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness. Educational partners have provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. To address these needs, a homeless and foster youth liaison will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations.

## Local Control Funding Formula (LCFF) Priority 7 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 7 are provided below.

### Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. **Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.**

As of CBEDS 2022-2023 Grossmont Secondary served 257 students in grades 7-12. The student demographics include:

- Percentage of Students with Disabilities: 19.8%
- Percentage of English Learners: 11.8%
- Percentage of Socioeconomically Disadvantaged: 67.8%
- Percentage of Homeless and Foster Youth (FY): 5.0%

GSS qualifies as a Dashboard Alternative School Status (DASS) program. This status holds schools accountable for the same state indicators, some with modified methods. The school is approved as a DASS school through the eligibility criteria of serving “high risk” student groups; the school has an unduplicated count of over 70% of students in that qualify as “high risk”, including credit deficient students and high transient students.

GSS uses the Pathways Personalized Education Plan (PPEP) process to plan, deliver and ensure all students across all student groups have access to a broad and rigorous course of study.

2. **Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study.**

The school's leadership team analyzes the results of the measures listed above annually. The results demonstrate that 100% of the students, including unduplicated groups and students with exceptional needs, have access to a broad and rigorous course of study. At our school, students take one to two courses at a time and students take the required grade level core courses within an academic school year. Course planning is individualized within the Pathways Personalized Education Planning (PPEP) Process. This process allows the instructional team to design a course plan based on the student's skill levels, interests, and post-high school goals. All courses leading to a high school diploma are UC-ag approved and NCAA approved. Students have access to Advanced Placement (AP) courses, honors courses, dual-enrollment and articulated courses, CTE courses and courses based on their PPEP. There are no differences in accessibility to courses across student groups at our school.

**3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.**

There are no barriers preventing GSS from providing access to a broad course of study for all students. Currently, 100% of the students have access to a broad and rigorous course of study. The school will continue to monitor its available course of study to ensure continued equitable access for all students.

**4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students?**

Due to the success the school has demonstrated in providing all students with access to a broad and rigorous course of study, no changes are currently planned. However, this data continues to be reviewed as part of our cycles of continuous improvement.

## Assumptions for Preliminary Operational Budget FY 2023-24

Grossmont Secondary School (GSS) is an independent study program. GSS takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

**Apportionment credit for independent study programs, like GSS, are based on the student's "product" or academic work**, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. GSS is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- \* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for GSS is 68.02%.
- \* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

## BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2023-24 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build GSS's Preliminary Operational Budget.

**Table 1:**

Description	FY 2023-24
Grades 7-8 Adjusted Base Grant	\$10,367
Grades 9-12 Adjusted Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
GSS's Unduplicated Pupil Percentage (Rolling Average)	66.02%
District's Unduplicated Pupil Percentage (GUHSD)	72.56%

Revenues were calculated based on the following enrollment and ADA projections:

**Table 2:**

Description	FY 2023-24 (Projected P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)
P-2 Enrollment	314	305	325
CBEDS Enrollment	274	257	282
Students Served	481	452	558
ADA:			
Grade 7-8	19.48	19.18	31.68
Grade 9-12	261.80	257.70	298.06
<b>Total ADA</b>	<b>281.28</b>	<b>276.88</b>	<b>329.74</b>

## REVENUE PROJECTIONS

**Table 3:**

Description	FY 2023-24
LCFF Sources	\$4,185,870
Federal Revenues	753,602
State Revenues Other than LCFF	715,070
Local Revenues	78,406
<b>Total Projected Revenues</b>	<b>\$5,732,948</b>

- **In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$67 for Prop 20 (Lottery: Instructional Materials) and \$170 for Non-Prop 20 for (Lottery: Unrestricted).
- **Federal Funds**

**Titles I, II, III, and IV** are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2022-23.

### **ESSA: School Improvement (CSI) Funding for LEAs:**

GSS was granted 2022-23 ESSA CSI funds in the amount of \$178,351. The project period for this grant began on March 13, 2023 and ends on September 30, 2024.

GSS has included \$165,090 of its 2022-23 CSI funds in this budget. The remaining amount of \$13,261 will be spent in FY 2024-25.

### **Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:**

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. GSS's ESSER III revised allocation is \$512,141 and of this amount \$17,104 was spent in FY 21-22 and \$37,246 was included in its FY 22-23 budget. GSS has included the remaining allocation of \$457,791 in this budget.

**American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II)** is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. GSS's allocation amount is \$3,393.

**Project Safe from Exploitation (SaFE)** – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$575,000 and GSS is a subrecipient for \$4,700. As a subrecipient, GSS will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
  2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed.
- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. GSS's allocation total is \$60,830 and of that amount it included the first 80% apportionment of \$48,664 in its FY 21-22 budget. GSS included the remaining 20% amounting to \$12,166 in its FY 23-24 budget.
  - **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$130.00 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. GSS chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.85 for Grades K-8 and \$55.17 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. CTE funding was increased at the state level from \$150M to \$300M in 2021-22. GSS has included \$352,756 in its budget for this fiscal year.

#### **NUMBER OF FULL-TIME EQUIVALENT (FTE) FACULTY**

**Table 4:**

POSITIONS	OBJECT CODE	FY 23-24
Teachers (Gen. Ed, Special Ed*)	1100	12.73
Certificated Pupil Support (Counselors/Nurse/Psychologist)	1200	1.25
Certificated Supervisor & Administrator	1300	1.10
Other Certificated Teacher Resource (CTR)	1900	6.00
Instructional Aide's Salaries	2100	4.00
Classified Support (Admin Support)	2200	0.18
Classified Supervisor & Administrator	2300	0.49
Clerical, Technical & Office Staff	2400	3.11
Other Classified Salaries	2900	0.07
<b>TOTAL FTE POSITIONS BUDGETED</b>		<b>28.93</b>

- \* To ensure compliance with Special Ed regulations, FTE position for Special Ed is at one Special Ed Resource Specialist for every 28 caseload. We calculated the caseload by multiplying the total enrollment by the percentage of Special Ed population compared to total student population. For FY 2023-24, we estimated the Special Ed population at 21.3%.

**EMPLOYEE BENEFITS**

Employee benefits were calculated using the following rates:

**Table 5:**

	<b>Object</b>	<b>Certificated</b>	<b>Classified</b>
STRS (Teachers Retirement)	3111-12	19.10%	
PERS (Classified Retirement)	3211-12		26.68%
OASDI (Social Security)	3311-12		6.20%
MEDICARE	3321-22	1.45%	1.45%
Health & Welfare - Self-Insured Plan <u>Monthly Rates</u>			
- Medical \$ 4,500	3401-02		
- Dental \$ 120			
- Vision \$ 27			
- Life Ins. .00114			
State Unemployment Insurance	3501-01	0.05%	0.05%
Worker Compensation Insurance	3601-02	1.16%	1.16%

**NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700**

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. GSS has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

**PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800**

The total budget amount for Object Code 5800 is \$735,772 representing 12.83% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

## **MARKETING**

Pursuant to Education Code Section 47605 (b)(5)(G), GSS will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of GSS reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. GSS has deployed an integrated marketing plan to support organizational growth. To reach GSS's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, GSS has allocated \$85,994 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

## **DISTRICT OVERSIGHT FEES**

GSS will pay its authorizing agency (State Board of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

GSS has budgeted \$41,859 for FY 2023-24 for oversight fees.

## **RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200**

GSS has allocated \$32,551 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

## **RESERVES**

GSS has allocated reserves of \$286,647 for FY 2023-24 representing 5% of total revenues of \$5,732,948.

## **FACILITIES**

GSS carries contractual lease agreements with an annual cost of \$183,076 for FY 2023-24. The total cost of the current lease contracts from July 2023 through the end of the lease term (Year 2027) is \$312,118. GSS has allocated reserves for this amount.

**RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT**

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30<sup>th</sup> of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of Grossmont Secondary School ;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of Grossmont Secondary School has determined to spend the monies received from the Education Protection Act as attached.

DATED:

June 22, 2023

### Education Protection Account Expenditure Plan for FY 2023-24

#### Expenditures Through: June 30, 2024

For Fund 01, Resource 1400: Education Protection Account

Description	Object Codes	Amount
<b>Projected Amount Available for this Fiscal Year:</b>	8012	\$ 56,256.00
Adjusted Total Revenue Limit: 56,256.00		
Less In Lieu of Property Taxes -		
Total EPA Entitlement <u>56,256.00</u>		
<b>Total Projected EPA Entitlement</b>		<b>\$ 56,256.00</b>
<b>Projected Expenditures:</b>		
<b>For Teachers' Salaries and Benefits Only</b>		
Teachers' Salaries	1100	\$ 32,005.25
Retirement: STRS	3111	\$ 6,113.04
Medicare	3321	\$ 467.65
Health & Welfare	3401	\$ 17,036.17
Unemployment Insurance	3501	\$ 15.95
Workers' Compensation Insurance	3601	\$ 374.10
Mileage Allowance	5200	\$ 243.84
<b>Total Projected Expenditures</b>		<b>\$ 56,256.00</b>
<b>Balance (Total Available minus Total Expenditures)</b>		<b>-</b>

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Mirus Secondary School

CDS Code: 36750440114389

School Year: 2023 - 24

LEA contact information: Alex Carrillo, Phone: (760) 947-7135, Email: [acarrillo@altusschools.net](mailto:acarrillo@altusschools.net)

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2023 - 24 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Mirus Secondary School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Mirus Secondary School is \$5,938,470.00, of which \$4,607,067.00 is Local Control Funding Formula (LCFF), \$492,638.00 is other state funds, \$287,115.00 is local funds, and \$551,650.00 is federal funds. Of the \$4,607,067.00 in LCFF Funds, \$998,449.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Mirus Secondary School plans to spend for 2023 - 24. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Mirus Secondary School plans to spend \$5,641,546.00 for the 2023 - 24 school year. Of that amount, \$4,581,547.00 is tied to actions/services in the LCAP and \$1,059,999.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The budgeted expenditures that are not included in the Local Control Accountability Plan (LCAP) are salaries of administrative staff, maintenance services, utilities, custodial, janitorial, depreciation, audit, legal and oversight fees.

## Increased or Improved Services for High Needs Students in the LCAP for the 2023 - 24 School Year

In 2023 - 24, Mirus Secondary School is projecting it will receive \$998,449.00 based on the enrollment of foster youth, English learner, and low-income students. Mirus Secondary School must describe how it intends to increase or improve services for high needs students in the LCAP. Mirus Secondary School plans to spend \$1,193,285.00 towards meeting this requirement, as described in the LCAP.

## Update on Increased or Improved Services for High Needs Students in 2022 - 23

This chart compares what Mirus Secondary School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Mirus Secondary School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2022 - 23, Mirus Secondary School's LCAP budgeted \$910,150.00 for planned actions to increase or improve services for high needs students. Mirus Secondary School actually spent \$897,235.00 for actions to increase or improve services for high needs students in 2022 - 23. The difference between the budgeted and actual expenditures of \$12,915.00 had the following impact on Mirus Secondary School's ability to increase or improve services for high needs students:

[Respond to the prompt here; if there is no prompt, a response is not required.]

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

## Plan Summary: 2023-24

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Mirus Secondary School (Mirus) was developed as a unique partnership between Hesperia Unified School District and the founders of the school. The charter proposal was introduced by and personally advocated by the Director of Alternative Education to the various board members. The proposal was unanimously accepted by the Hesperia Unified School Board and Mirus Secondary opens its doors to the students in Hesperia community in August 2007.

**Mirus is an educational option that serves students in grades 7-12 and received a Six-Year Accreditation Status by WASC through June 30, 2029.** Mirus operates three neighborhood resource centers: two sites in Hesperia and one site in Palm Desert. Students and families visit these neighborhood resource centers by appointment, or as needed, to participate in the instructional program and meet with school staff in a quiet, distraction-free, and safe environment. Mirus is a non-classroom based, independent study program.

Mirus is an Altus School. Altus Schools focus on academic improvement, high-caliber teaching, safe and supportive learning environments, and the development of role models for educational reform. At Mirus, every student's progress and academic achievement is important to us.

Our teachers are committed to providing a personalized and rigorous academic experience for each student. Teachers are trained to work on specific student needs. We ask that students and parents commit to working closely with our teachers. Teachers are actively involved with students and families, engaging with parents on a weekly basis through formal meetings, home visits, phone calls, and emails. Families are considered part of the learning 'team' and an integral part of the learning process.

Our school's standards and expectations are high, and we are proud to offer safe and supportive environments that are conducive to learning. Instruction is presented individually and in small groups. Courses at Mirus are based on Common Core State Standards and are infused with appropriate technology-based activities and assignments. We provide the best available materials and a school culture that is positive, supportive, and committed to putting kids first. In addition to providing a rigorous, personalized academic experience, Mirus works to

alleviate social and personal pressures that can impact academic performance. We also have many partnerships and alliances to provide community resources to students and families.

**Mirus is identified by the California Department of Education (CDE) as Dashboard Alternative School Status (DASS).** DASS schools must have an unduplicated count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups, to be eligible for DASS. The high-risk groups include the following:

- a) Expelled
- b) Suspended more than 10 days in a school year
- c) Wards of the Court
- d) Pregnant and/or parenting
- e) Recovered Dropouts
- f) Habitually Truant
- g) Retained more than once in kindergarten through grade eight
- h) Students who are credit deficient
- i) Students with a gap in enrollment
- j) Students with a high-level transiency
- k) Foster youth
- l) Homeless youth

In February 2023, Mirus had a total enrollment of 321 students. Of these 321 students, 72% were Socioeconomically Disadvantaged, 17% were Students with Disabilities, 6% were GATE, 8% were English Learners, 3% were Homeless, and 0.3% were Foster Youth.

In addition, of these 321 students, 72% were Hispanic, 16% were White and 5% Black or African American. 7% of students were other ethnicities. See the Enrollment by Ethnicity graphic pie chart below.

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Mirus' Educational Partners are satisfied with the school's commitment to providing a personalized instructional program for all students. This personalized approach is the school's key instructional process: Pathways Personalized Education Plan (PPEP). A PPEP was created for each student this school year, then monitored and adjusted for all students to help them meet their academic goals. Along with the PPEP, the school's Instructional Plan utilizes a systematic approach to increase student outcomes: Instruction, Curriculum, and Professional Learning. School Educational Partners believe that these systems and structures have been beneficial supports for student engagement and achievement this year, and they continue to report that students and parents seek out the unique educational opportunities that Mirus offers as they look for a new approach to learning and the ability to graduate on time.

**According to the 2022 Dashboard, Mirus' Dashboard Alternative Status School (DASS) One-Year Grad Rate was 94.7% for All Students.** While the DASS one-year graduation rate is only being reported for information purposes for DASS schools, educational partners believe that this continues to be a key indicator of the school's success. As seen in the table below, the school met or exceeded the 80% target for All Students and all other numerically significant Student Groups. The actions the school has implemented to increase academic engagement for high school students will continue to be implemented for the 2023-24 school year to ensure that students graduate on-time and are ready for a successful transition to their chosen college/career pathways. Mirus will remain committed to improving the Graduation Rate for all students and closing performance gaps for all student groups.

Student Group	Number of Students in the Graduation Rate	Number of Graduates	Graduation Rate
All Students	113	107	94.7%
English Learners	5	*	*
Foster Youth	1	*	*
Homeless	2	*	*
Socioeconomically Disadvantaged	66	60	90.9%
Students with Disabilities	15	12	80.0%
African American	6	*	*
American Indian or Alaska Native	1	*	*
Asian	1	*	*
Filipino	1	*	*
Hispanic	55	51	92.7%
White	38	37	97.4%
Two or More Races	11	10	90.9%

**The school was satisfied with the 2022 Chronic Absenteeism rate for students in grades 6-8.** According to the 2022 School Dashboard, 17.4% of students were chronically absent for the school year. Mirus' Chronic Absenteeism Rate is significantly better than the State's average (30%). School staff will continue to focus on reducing Chronic Absenteeism for all students by increasing academic tutoring opportunities, providing targeted counseling and intervention, and removing potential learning barriers by providing students with home technology. Educational partners believe that the school will continue to demonstrate improvement in this area.

**Mirus' educational partners are pleased with the 2022-23 academic achievement results, specifically the percentage of students who met their individual NWEA Growth Targets in English Language Arts and Mathematics in spring 2023.** The goal is to have at least 60% of students meet their individualized NWEA Growth target. Tentative results for 2022-23 are provided below:

- 66% of students tested met their NWEA Reading Growth Target
- 65% of students tested met their NWEA Language Growth Target
- 60% of students tested met their NWEA Math Growth Target

**Mirus' Conditions & Climate remains a strength of the educational program.** For the 2021-22 school year, Mirus' Suspension Rate on the School Dashboard was 0.1%. This is significantly better than the State's average which is 3.1%. Providing Mirus students with a healthy, safe, and welcoming environment is most important because a high percentage of students choose to enroll to 'get away from negative experiences' at their previous school settings.

The School surveyed students and parents throughout the 2022-23 school year to ensure a strong School-to-Home Partnership. Based upon Student and Parent LCAP Engagement Surveys, it is evident that students and parents are satisfied with the educational program. Some of the key survey findings are provided below.

#### **School Safety:**

- 96% of parents report that they feel their child is safe at school.
- 99% of students report that they feel safe at the Resource Center.

#### **Educational Program:**

- 98% of parents report high levels of satisfaction with school.
- 100% of students report high levels of satisfaction with the school.

Mirus' educational partners believe that the school has successfully maintained high levels of student engagement by providing students with synchronous one-on-one academic tutoring and ongoing small group instruction. Instructional staff stay in regular contact with students and family members by utilizing a variety of communication methods, including virtual conferences, secure text messages, emails, phone calls, and home visits. These systems and supports have helped students thrive as reflected in our Student Confidence Survey and Cumulative Participation Rate.

### **Cumulative Attendance/Participation Rate:**

As of April 2023, the school's cumulative attendance rate is 85.2%. This exceeds the 84% attendance target the school set for the 2022-23 school year. Significant student groups, including Hispanic or Latino, White, Students with Disabilities, English Learners, and Homeless students also exceed the school's target. The academic support and engagement methods utilized by instructional staff will continue to be implemented in the 2023-24 school year while also enhancing these approaches to meet the needs of all students, particularly the lowest performing student groups.

## **Reflections: Identified Need**

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to the COVID-19 pandemic, state law allows the 2022 School Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of the five Status levels (ranging from Very High, High, Medium, Low and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High).

Based upon a thorough analysis of the 2022 School Dashboard, the school will continue to focus resources and develop strategies to improve in the areas identified below:

- According to the 2022 School Dashboard, All Students scored 122.6 points below standard on the **Summative Mathematics Smarter Balanced Assessments**. This is considered a Very Low status level and will continue to be a critical area of focus for the school. Additionally, there were two student groups with the Very Low status: Hispanic (-115.4) and Socioeconomically Disadvantaged (-147.2). The school will continue to refine and implement a systematic approach of curriculum, instruction, and professional learning to improve mathematics achievement for All Students and significant student groups. Furthermore, the school will continue to administer Interim Assessments to students to provide testing practice opportunities for students and obtain performance data that instructional staff can use to provide intensive academic intervention to those students who are at-risk of not meeting grade level standards. Teachers will also

receive individualized professional learning from the school's math specialist focused on meeting the unique needs of each student.

- For **English Language Arts**, All Students scored 53.9 points below standard on the Summative ELA Smarter Balanced Assessments in 2022. This is considered a Low status level for All Students. Both Hispanic (-47.1) and Socioeconomically Disadvantaged (-61) achieved a Very Low status level as well. Similarly, to Math, the school will consider ELA to be a critical area of focus for the 2023-24 school year. The school will strive to enhance current systems and structures to improve ELA achievement for All Students and significant student groups. The school will analyze formative and summative assessment data throughout the school year to determine areas of weaknesses, particularly claims and targets and provide targeted instruction in those areas.
- The school's **Combined Four-and Five-Year Graduation Rate** for 2022 was 57%. This is considered a Very Low status level. There were several student groups that received a Very Low status level: Hispanic, Socioeconomically Disadvantaged, and White. It should be noted that prior to 2022, the California Department of Education utilized the One-Year Grade Rate as a modified method for DASS schools. However, beginning with the 2022 School Dashboard, the DASS one-year graduation rate is being reported for information purposes only to provide data for local planning and analyses. With the denial of California's waiver in 2022 by the U.S. Department of Education to continue the use of the DASS one-year graduation rate and modified methods, this rate is no longer being used to determine DASS high schools for Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI). Rather, the combined four- and five-year graduation rate is now applied. While the school will continue to focus on improving the combined four- and five-year graduation rate, the school excelled in the DASS One-Year Grad Rate provided by the CDE (see table provided in the Reflections: Successes).
- The school will also focus on improving the **English Learner Progress Indicator (ELPI)**. According to the 2022 School Dashboard, 37.5% of ELs were making progress towards English language proficiency. The school will focus on enhancing Actions related to English Language Development based upon data analysis and educational partner feedback. School programs designed to improve literacy such as Achieve3000, MyPath ELA, and BrainPOP ESL will need to be fully implemented school-wide with ongoing specialized staff training.
- While the **College/Career Indicator (CCI)** was not reported in the 2022 California School Dashboard, the school wants to increase the number of graduates who are meeting the Prepared criteria. To improve in this area, counselors will focus on recruiting and advising students on enrolling in CTE Pathways, Early College Credit Programs and Leadership/Military Science coursework. The school will also refine monitoring efforts focused on how each student is progressing towards meeting the CCI Prepared criteria.

Educational partners believe that professional learning is key to continued improvement and success on School Dashboard Indicators. Therefore, the school's Professional Learning System, Altus University, will provide instructional staff with specialized trainings focused on increasing engagement and achievement for specific student groups, including AVID, Trauma Informed Practices for Schools (TIPS), Youth Mental Health First Aid (YMHFA), Leading Edge Certification (LEC), and Writing Redesigned for Innovative Teaching and Equity (WRITE).

The school remains committed to engaging and educating parents and family members through the Family Learning Series, which also serves as the school's Parent Advisory Committee (PAC). The Family Learning Series will be a series of trainings led by school staff focused on providing parents and family members with information, training, and collaboration opportunities related to academics, physical health, social-emotional, and behavior.

The school's Equity and Inclusion (E&I) staff will collaborate regularly with school leadership, teachers, education specialists, counselors, and school nurses to discuss the unique needs of student groups and explore potential solutions. E&I staff will work on expanding the school's Multi-Tiered System of Supports (MTSS) by establishing partnerships with community-based organizations that can provide additional academic, mental health and behavioral services to students and family members.

## LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2023-24 LCAP highlights the school's priority to transform student lives and ensure equity and access. The development of the LCAP aligns to the school's Strategic Planning Process. Educational partner input is analyzed, along with student demographics and achievement data to identify program goals, Metrics, and actions that will ensure all students are meeting rigorous academic standards.

**Goal 1: Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.**

### **Key Actions and Services for All Students:**

- Systematic Approach to Monitor Student Learning
- Pathways Personalized Education Plan (PPEP)
- Multi-Tiered System of Supports (MTSS)

### **Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Equity and Inclusion Program
- English Learner Achievement Department (ELAD)
- Additional Math and ELA tutoring opportunities focused on increasing student engagement and credit completion

**Goal 2: Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and are accessible to All Students.**

**Key Actions and Services for All Students:**

- Altus Pathways Advisory Council (APAC)
- UC a-g and NCAA approved course offerings list
- Accelerated, Honors and AP courses
- Multiple high quality and relevant CTE Pathways
- Early College Credit Program

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Connect Program: Chromebooks and internet data plans for students to use at home
- Instructional and curriculum enhancement tools: Achieve3000, BrainPOP ESL and Edgenuity MyPath Individual Learning Plans

**Goal 3: Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.**

**Key Actions and Services for All Students:**

- Altus University, professional learning system
- Leading Edge Certification, a national certification for educational technology
- Leadership development for staff: Executive Studies and Fellows Program
- CTE and Early College Credit Program professional learning
- Youth Mental Health First Aid
- ALICE Training: responding to a violent critical incident

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Math Specialist to provide support and coaching for instructional staff
- Writing Redesigned for Innovative Teaching Equity (WRITE)
- English Learner Achievement Department (ELAD) trainings
- Trauma Informed Practices for Schools (TIPS)
- Advancement Via Individual Determination (AVID)

**Goal 4: Provide a safe environment and supportive school culture for all educational partners to teach and learn.**

**Key Actions and Services for All Students:**

- Executive School Safety Committee
- School Safety Plan
- Designated Safety Ambassadors at each resource center
- Healthy Youth Department
- Character and Leadership Development with Cadet Corps

#### **Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Mental health counseling and services
- Resilience in Student Education (RISE) series
- Meal Program at all school sites
- Homeless and Foster Youth Liaison

**Goal 5: Provide innovative, engaging and a community-based resource center to service and support students, parents and family members.**

#### **Key Actions and Services for All Students:**

- Student and parent engagement activities, including College/Career Week, Alumni Community, Open House and Senior Night Events
- Family Learning Series, education and collaboration opportunities for parents and family members
- ParentSquare, a united and secure school communication platform
- Innovative and technology enhanced resource centers

#### **Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Family Resource Night
- Interactive and engaging English Learners Advisory Committee (ELAC)
- ELD Progress Reports, multilingual materials

## **Comprehensive Support and Improvement**

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Mirus Secondary School is eligible for Comprehensive Support and Improvement (CSI).

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Beginning with the 2022 School Dashboard, DASS schools received the Combined Four-Year and Five-Year Graduation Rate, and this rate determined Mirus' eligibility for CSI.

In prior years, the DASS Graduation Rate was used for accountability for DASS schools because they serve highly mobile and credit-deficient students. However, this is no longer allowable due to concerns raised by the U.S. Department of Education (ED) regarding California's use of a DASS modified graduation rate and academic indicator on the Dashboard. The ED issued a subsequent decision in August 2022 to decline a waiver request from the SBE of the requirements of the Every Student Succeeds Act (ESSA) to allow for continued use of the DASS graduation rate.

While Mirus' Combined Four-Year and Five-Year Graduation Rate was 57% for 2022, the school's DASS One-Year Graduation Rate was 94.7%. Clearly, Mirus has excelled at the DASS One-Year Graduation Rate. However, Mirus' educational partners believe that the Combined Four-Year and Five-Year Graduation Rate may not be the most appropriate Metric to measure the school's ability to engage high school students, for the following reasons:

- Many students enroll at Mirus credit deficient and not on-track to graduate within four or five years because of challenges they faced at their previous schools.
- The Combined Four-Year and Five-Year Graduation Rate only includes students who earn a 'regular high school diploma' and excludes High School Equivalency Certificate (e.g., CHSPE, GED, and HiSET).

While the Combined Four-Year and Five-Year Graduation Rate calculation method may be unfavorable to a DASS school, the **school community is committed to continuous improvement and performance excellence.**

The school's CSI Plans were **jointly developed** by educational partners, including teachers, staff, students, parents, and family members. Meaningful educational partner feedback was collected throughout multiple collaborative settings: surveys, school events, meetings, conferences, and trainings. Feedback was collected, organized, and analyzed by the school to determine the educational needs of all students and formulate programs, services, and allocation of resources. Additionally, educational partner involvement contributes to the CSI Plan development in several important ways: identification and refinement of needs based on data analysis, creation of goals, establishment of metrics, designation of activities, and resource allocation.

Educational partners participated in a **Needs Assessment** which considers the needs of students who are failing, or at risk of failing, to meet state academic standards. Educational partners followed an **Improvement Science Protocol** to determine achievement gaps, focused on the current state of graduation rates and the school's ideal rates of growth. Educational partners analyzed a variety of data and information related to student engagement and achievement, including all Dashboard Indicators, Measures of Academic Progress by NWEA, and Monthly Storybook Reports.

All data compiled and analyzed by stakeholder groups included historical and trend data for All Students and unduplicated student groups. As part of the Needs Assessment, educational partners analyzed **Resource Allocation** by category. Educational partners came to a consensus that school resources are appropriately allocated to supporting the needs of all students. **Therefore, no resource inequities were identified.** There is agreement that the school's instructional model is designed to support the needs of the lowest achieving student and potentially highest risk. Educational partners believe that the PPEP provides instructional staff with a systematic approach to support the academic and social-emotional needs of all students.

The school utilized a **Continuous Improvement Framework** that cultivates a problem-solving approach and close observation of the system that is producing the outcomes. This continuous improvement framework is essential to sustain program improvement. There are five fundamental steps in this process: 1) Inform, 2) Select, 3) Plan, 4) Implement and 5) Analyze. At the core of each continuous improvement process and step, educational partners engage in evidence-based decision making and reflection. Educational partners followed this continuous improvement framework while developing a systematic plan to improve graduation rate. The initial step was focused on analysis and educational partners investigated school needs, historical trends, potential challenges/barriers, and current strategies and interventions. The following key themes emerged as impacting the school's graduation rate:

- On average, high school students enroll below grade level in English Language Arts and Mathematics skills/knowledge, as measured by NWEA, and need high-quality instruction and rigorous materials to close potential achievement gaps.
- Students need additional small group and one-on-one tutoring in core classes to meet credit completion pacing requirements.
- Students and families, particularly socioeconomically disadvantaged households, need access to Chromebook and/or home internet to have full and equal access to the educational program.
- Students need programs and services such as Naviance, AVID, Pathways Portfolio, Cadet Corps, CTE Pathways, Advanced Placement (AP), and Early College Credit which are designed to engage and prepare students for post-secondary pathways.

- Counselors play a crucial role in assisting students with their college and career planning, including academic guidance, college research, application assistance, career exploration, financial aid, scholarships, personal/social support, and college transition support.
- Students need access to social-emotional learning opportunities and support/resources to remain engaged and achieve in school.

Based upon the Needs Assessment results, the school engaged in a comprehensive selection process to identify allowable CSI activities that build capacity, are evidence-based, and address the school's need to increase Graduation Rate. As a result, the school has integrated specific actions and services into the 2023-24 LCAP which are designed to improve Graduation Rate:

- **Goal 1, Action 3:** Recruit and hire additional instructional support staff that are designed to support the educational program. These additional support staff will allow teachers to focus on delivering instruction and provide additional support for students who need it the most.
- **Goal 1, Action 4:** Provide a high dosage tutoring program to students focused on intensive and targeted instruction over an extended period. This will involve one-on-one or small group instruction, allowing high-quality tutors to tailor their approach to individual needs.
- **Goal 2, Action 2:** Provide Chromebooks and internet services to students in need to enhance educational opportunities, create equal access to information, improve collaboration and communication, build digital literacy and technological skills, access personalized learning, and access career readiness tools and platforms.
- **Goal 2, Action 3:** Provide an Early College Credit Program that allows high school students to take college courses and earn college credits while attending high school. The Early College Credit Program is free to eligible students to increase the number of low socioeconomic status students who can attend and complete college.
- **Goal 2, Action 3:** Counselors will provide guidance, advising, and training to students and family members focused on preparing for college/career pathways.
- **Goal 3, Action 1:** Professional development for staff focused on implementing the school's MTSS with fidelity to ensure that the 'Whole Child' is being supported.
- **Goal 3, Action 2:** Specialized professional development for staff focused on utilization of evidence-based instructional strategies and rigorous materials to quickly close potential achievement gaps that may exist in Math and ELA, specifically for historically underserved student groups.

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The school has added the **Combined Four-Year and Five-Year Graduation Rate Metric into LCAP Goal 1**. The desired outcome is to improve 3% annually on this Metric; or exceed the County DASS schools' average or State DASS schools' average. The school's Data Department staff analyzed results of the 2022 Dashboard and determined that the State DASS school average was 57.3% and San Bernardino County DASS school average was 62%.

For the 2023-24 school year, school leadership will continue to implement, analyze, and enhance the strategies, and supports embedded in the CSI Plan as part of the Continuous Improvement Framework. To monitor and evaluate the effectiveness of the CSI Plan services and support, the school will use multiple assessment tools, data analysis protocols, and will include key educational partners. To ensure continuous improvement, educational partners will review data published in the School Dashboard, Monthly Storybook Reports, and Survey Results to determine if the CSI Plan has been effective in addressing the areas of need for all students, but especially for the lowest-achieving students. Educational partners will utilize evaluative methods, particularly guiding questions for quantitative and qualitative data analysis, provided by the San Diego County of Office Education (SDCOE) to determine program effectiveness.

The following school departments and personnel will support the monitoring of designated strategies and interventions for high school students:

### **School Data Department**

- Publish a Monthly Storybook that includes the number of students assigned to the Early College Credit Program, intervention frequency/methods, participation/attendance, and credit completion rates.
- Provide teachers, counselors, and instructional leaders with a quarterly SharePoint Technology Tool to monitor and respond to grade 12 students marked as 'not on-track' to graduate.

### **School Curriculum & Professional Learning Department**

- Develop an annual Professional Development Catalog and adjust training topics and formats throughout the year based upon instructional staff feedback and teaching and learning data.
- Publish a monthly professional development (PD) report that summarizes the number of PD hours completed per teacher and in each content domain.

### **School Leadership**

- Monitor and evaluate effectiveness of actions and interventions at weekly team meetings by analyzing comprehensive school data.

### **Instructional Leaders**

- Meet with all teachers in July, October, and January to review individual students' progress towards graduation.
- Conduct ongoing teaching observations, September 2023 to April 2024, to ensure teachers and tutors are providing high-level, targeted instruction that supports the needs of the lowest achieving students. Observations will also be focused on the use of grade-level curriculum, technology tools, and the integration of TIPS and AVID instructional strategies.

### **School Counselors**

- Meet weekly with instructional leaders to discuss and collaborate on students entering Tier II and Tier III interventions, as prescribed in the school's MTSS.
- Ongoing utilization of the School Pathways Student Information System to monitor high school student progress towards graduation.
- Meet weekly with instructional leaders to discuss grade 12 student participation and credit completion rates.

### **Teachers**

- Ongoing utilization of monitoring tools, including Grad Countdowns and Student Participation/Credit Trackers as instruments to identify students at-risk of not graduating on-time.

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

The school regularly consults with educational partners throughout the school year to understand the academic, social-emotional, and physical needs of students and families. The school utilizes multiple methods to conduct **meaningful engagement**, including school events, trainings, meetings, committees, and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents, and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**The school has partnered with educational partners to develop the 2023-24 LCAP** which is focused on improving student outcomes and closing achievement gaps for underserved student groups. Educational partners have contributed to the LCAP development in several important ways: 1) Identification and refinement of needs based on data analysis, 2) creation of goals, 3) establishment of Metrics, 4) designation of actions/activities, and 5) resource allocation. The following educational partner groups have contributed to the development of the LCAP with the corresponding methods:

## **School Leadership Team**

Date: August 1-5, 2022

Involvement Method: Annual Strategic Planning

## **Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: August 19, 2022; August 24, 2022

Involvement Method: Annual Instruction, Curriculum and Accountability Symposium

## **Board of Directors and Community**

Date: August 31, 2022

Involvement Method: Board Meeting

## **Parents and Family Members**

Dates: July 27, 2022; August 10, 2022; September 14, 2022; September 28, 2022; November 2, 2022; December 14, 2022; January 25, 2023; February 15, 2023; March 1, 2023; April 12, 2023

Involvement Method: Family Learning Series

## **Board of Directors and Community**

Date: September 6, 2022

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: October 3-28, 2022

Involvement Method: School Open House Events

**All Staff**

Date: October 7, 2022

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: October 27, 2022

Involvement Method: English Learners Advisory Committee

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: October 28, 2022

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: September 23, 2022

Involvement Method: Special Education Compliance Clinic

**Students, Parents, Teachers and Staff**

Date: November 9, 2022

Involvement Method: School Site Council Meeting

**Board of Directors and Community**

Date: December 7, 2022

Involvement Method: Board Meeting

**All Staff**

Date: January 20, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: January 27, 2023

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: February 10, 2023

Involvement Method: Special Education Compliance Clinic

**School Leadership Team**

Date: February 22-23, 2023

Involvement Method: Mid-Year Strategic Planning

**Board of Directors and Community**

Date: March 1, 2023

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: March 1-24

Involvement Method: Senior Night Events

**Teachers, Education Specialists, Counselors and CTRs**

Date: March 17, 2023

Involvement Method: Instructional Meeting

**All Staff**

Date: April 7, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: April 18, 2023

Involvement Method: English Learners Advisory Committee

**Students, Parents, Teachers and Staff**

Date: May 8, 2023

Involvement Method: School Site Council Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: May 19, 2023

Involvement Method: Instructional Meeting

### **Board of Directors and Community**

Date: June 22, 2023

Involvement: Regular Board Meeting

The school's 2023-24 LCAP was presented to the community at a public hearing of the school's governing board. The agenda was posted at least 72 hours prior to the public hearing and was made available for public inspection.

### A summary of the feedback provided by specific educational partners.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Information collected is used in the school's comprehensive strategic planning, accountability and improvement in areas specified as California State Priorities. A summary of the input collected from each school community group is provided below, along with how it relates to development of the 2023-24 LCAP.

#### **Students:**

- Access to safe and supportive in-person school locations that are quiet and distraction free.
- A broad course of study, which includes engaging and relevant instructional materials and curriculum.
- Teachers who are available to answer questions, set high academic expectations for students and keep them on-track to advance grade level or meet graduation requirements.
- Multiple pathways to complete high school graduation requirements: Option #1, Option #2, CHSPE, GED and HiSET.
- Information, support, and planning related to post-high school pathways: community college, university, military, and career.
- Ongoing opportunities to participate in field trips that are relevant to their interests and post-high school plans.
- Variety of Meal Program options in the resource center.

- Recognition for academic achievements and accomplishments.
- Assignments and projects that include relevant current events.

**Parents, Family Members and Advisory Committees:**

- Highly trained teachers that can provide a personalized educational plan that prepares students for college/career pathways.
- Additional support and training related to planning for college and financial aid information.
- Ongoing opportunities for students to practice peer-to-peer collaboration on assignments and projects.
- Safe and supportive resource center that student can access throughout the school week to receive academic tutoring, interact with peers, and meet with support staff.
- Ongoing communication from instructional staff regarding their child's academic progress, engagement, and important school events.
- Supplemental math tutoring to build foundational skills and increase credit completion.
- Information and support accessing community-based partners.
- Provide Chromebooks and internet data plans to students in need of home technology.

**Parents of English Learners, including English Learner Advisory Committees:**

- Ongoing utilization of Achieve3000 and BrainPop to increase student reading skills and build content knowledge.
- Utilization of Zoom translation features for ELAC meetings.
- Translated school materials and availability of interpreters for calls and meetings.
- Share more strategies, resources, and tools for parents to support learning at home.

- Information related to their child's English language development throughout the school year, including test scores, academic grades, credit completion.
- Additional one-on-one tutoring opportunities.
- Specialized instructional videos designed to be more engaging and accessible by English Learner students with an IEP.

**Teachers and CTRs:**

- Additional instructional support staff to help meet the academic needs of students and support the instructional program.
- Continue to offer virtual professional development and meetings through Microsoft Teams, which will reduce teacher travel time.
- Professional development focused on identification/response to signs and symptoms of mental health challenges.
- Expanded professional development on how to respond to a violent incident, including active shooter.
- Provide mental health counseling sessions to students to address problems or issues.
- Resource centers designed to mitigate potential safety issues, including automatic locking doors, reinforced glass windows and other exterior precautions.
- Continue to provide student laptops and charging carts in resource centers.
- Enhanced communication system that school leadership can use to push-out school information to students, parents and family members.

**Education Specialists, Special Education Staff and SELPA Administrator:**

- Frequent collaboration opportunities with general education staff, focused on increasing student engagement and achievement of pupils with exceptional needs.
- Additional special education support staff to assist education specialists with organization, scheduling, and administrative tasks.

- Professional development and support related to Special Education compliance, assessment, differentiating instruction and case management best practices.
- Specialized literacy program/materials to support Students with Disabilities who are identified as struggling readers by the IEP Team.
- Student engagement and achievement data, which is disaggregated by Students with Disabilities, to utilize in Professional Learning Communities.
- Outreach and recruitment focused on enrolling more SWDs in Early College Credit Programs and Career CTE Pathways.
- Private office space for confidential IEP meetings.

**Administrators:**

- Teaching and learning environment that is in good repair, clean and safe for all educational partners.
- Additional instructional support staff to provide targeted tutoring to students in one-one-one and small group settings, primarily focused on Mathematics and ELA.
- Chromebooks and internet data plans for students in need of home technology to access the full curriculum and participate in online instruction.
- Engaging annual school events, including Family Night, College and Career Week, and Senior Night that provide educational partners with high-quality content and opportunities to ask clarifying questions related to the educational program.
- Utilize Ellevation to inform the instructional planning process for English learner students.
- Ongoing refinement of the MTSS to ensure that it is adequately responding to the unique needs of all students.
- A professional learning system focused on standards-based instruction, implementation of ELD and responding to social-emotional and mental health needs of students.
- Market and recruit more students to participate in programs focused on college/career readiness, including Early College Credit, CTE Pathways, AVID and California Cadet Corps.

- Implement strategies focused on increasing the number of graduates who complete UC a-g requirements.
- Recruit more parents and family members to participate in school events, including Family Learning Series.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

It is evident that educational partners are satisfied with many of the existing actions designed to support student engagement and achievement for all students. For that reason, the school will maintain five LCAP goals for the 2023-24 school year. These five goals address the instructional approach, curriculum, professional development system, school climate and family engagement. Each LCAP Goal, along with their corresponding Metrics are aligned to State and Local priorities. Metrics included in the 2023-24 LCAP are focused on Status and Change, similar to the California School Dashboard's Five-by-Five Placement approach. There are some Metrics that use a locally set target based upon historical outcomes or may be appropriate for a school that serves a high-risk student population (DASS).

Based upon information collected from **students**, the school has added the following Actions to the 2023-24 LCAP:

- The school will continue to focus on recruiting and hiring qualified instructional support staff, including CTRs, RCAs, and LAs, to provide additional academic tutoring opportunities in-person and online.
- Recruit additional students to participate in AVID Program, which is designed to create a 'college going mindset' but also provide ongoing peer-to-peer interaction and collaboration.
- School instructional leaders will collaborate with teachers to plan ongoing field trips throughout the school year. Students continue to express in surveys that they want field trips that match their interests and post-secondary plans.
- The school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways.
- Increased access to counselors and college information/planning sessions.
- Full implementation of AVID Program to provide additional Social and Emotional Learning opportunities.

After examining feedback from **parents of English Learners**, the school will initiate the following 2023-24 LCAP Actions:

- Provide families of English Learners with ELD progress reports, aligned to the CA EL Roadmap.
- Full utilization of Zoom translation features to engage non-English speaking families.
- Additional tutoring opportunities for English Learner students focused on building Language skills and effective study habits.

Information collected from **parents and family members**, led the school to develop the following LCAP Actions for 2023-24:

- More information and support related to college and career planning.

- Additional opportunities for students to interact peer-to-peer in the school setting.
- Access to community-based partnerships that focus on health and wellness, particularly physical fitness and mental wellbeing.
- Engaging school events, including a Family Resource Night to increase parent involvement and awareness of educational programs and services designed to improve student academic achievement.

After evaluating feedback from **teachers and staff**, the school will initiate the following 2023-24 LCAP Actions:

- Targeted recruitment for instructional support staff to support that can provide high-quality academic tutoring in the core subjects.
- Expand Early College Credit opportunities to all students.
- Training focused on contemporary topics impacting the lives of youth and how educators can support and provide resources.
- Mental Health & Wellness Hub to quickly access information for students and families.
- Develop a mental health student referral process that is streamlined and user-friendly.
- Research potential futuristic teaching and learning methods, including Virtual Reality platforms.

By analyzing feedback from **special education staff**, the school has designed the following 2023-24 LCAP Actions:

- Additional college and career planning support for Students with Disabilities (SWDs) focused on successful post-secondary transitions.
- Integrate a specialized literacy program into the school's MTSS, Ascend SMARTER Intervention, as a targeted academic intervention for SWDs.
- Recruit SWDs to participate in AVID and Character and Leadership Development Programs to support their social-emotional learning needs.

Based upon feedback from **administrators**, the school will implement the following 2023-24 LCAP Actions:

- Targeted recruitment of instructional support staff that can provide high-quality one-on-one and small group instruction to students at risk of or failing to meet content standards.
- Create and implement an individualized Gifted and Talented Education (GATE) Plan for all identified students.
- Full implementation of AVID Program to build strong foundational skills, facilitate peer-to-peer collaboration, and create a college going mindset for students.
- Improve reporting Language development progress with families of English Learners, focused on ELPAC results, credit completion, local assessment data, and teacher observations.
- Utilize a 5D+ Rubric during teaching observations to elevate teaching pedagogy.
- Embedded Zoom training and support for staff in the Altus University Calendar.
- Improved alignment of English Learner Training with the CA EL Roadmap.

- Additional training focused on meeting the unique needs of newcomer, immigrant, and refugee students who may be new to the community or school system.
- Ongoing training for staff focused on contemporary issues facing youth, but with emphasis on building school practices of equity and inclusion.
- Facility ticketing and monitoring system to ensure resource centers remain in good repair status.
- Facility card access control system to manage guest entry as a school safety precaution.
- Evaluate the California Healthy Kids Survey results to determine future school planning as it relates to MTSS.
- Develop a LCAP Infographic to summarize Goals, Actions, Expenditures for educational partners and community members.

# Goals and Actions

## Goal

Goal #	Description
<b>Goal 1</b>	Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.

An explanation of why the LEA has developed this goal.

Mirus is an academic intervention program uniquely designed to support students experiencing educational difficulties for a variety of reasons. Historically, students enroll at Mirus credit deficient and below grade level in Reading, Language, and Mathematics skills, as measured by NWEA. Therefore, Mirus is committed to developing and implementing a Pathways Personalized Education Plan for all students with the objective to accelerate student learning for those behind grade level in academic skills while helping them meet their individual educational goals and be college/career ready.

## Measuring and Reporting Results

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Systematic Approach to Monitor Student Learning for All Students	<p>a) School staff will administer Measures of Academic Progress by NWEA to students in the fall and spring semesters to make data-informed decisions related to curriculum and instruction to close ELA and Mathematics achievement gaps.</p> <p>b) School staff will administer the Smarter Balanced Interim Assessments to evaluate student mastery of grade level standards in ELA and Mathematics and create opportunities for instructional staff to analyze student data and develop systematic methods to improve student learning.</p> <p>c) Instructional staff will integrate Illuminate formative and summative assessments into the core curriculum to assess student learning, analyze achievement, and adjust teaching methods to meet the needs of all students.</p>	\$6,084	No

Action #	Title	Description	Total Funds	Contributing
Action 2	Evaluate and Support English Language Proficiency for English Learners	<p>a) School staff will administer a Home Language Survey to assess students enrolling for the first time in the state or country for initial English language proficiency and determine English Learner plan implementation.</p> <p>b) Instructional staff will administer the ELPAC to measure progress toward English proficiency, to inform instructional planning, supplemental support, language intervention, and to aid reclassification decisions.</p> <p>c) Instructional staff will develop IEPs for English Learners with disabilities that include academic goals for student language development.</p> <p>d) Based upon data analysis, ELAD will develop best practices for using data to inform Curriculum, Instruction, Family Engagement and Professional Learning Systems.</p> <p>e) Instructional staff will develop and implement evidence based formative and summative English Language proficiency assessments in one-on-one and/or small group tutoring to measure language skills.</p> <p>f) Instructional staff will deliver Integrated English Language Development (ELD) to support all English Learners with their acquisition of core content knowledge.</p> <p>g) Instructional staff will deliver Designated English Language Development (ELD) instruction through blended ELD courses to all English Learners according to grade level and language proficiency, and EL typology to support their development of critical language skills needed for content learning in English.</p>	\$150,069	Yes

<p>Action 3</p>	<p>Academic Instruction and Support for All Students</p>	<ul style="list-style-type: none"> <li>a) Human Resources staff will recruit and hire instructional staff to engage At-Promise youth and support their achievement – particularly additional RCAs, LAs and CTRs to support the instructional program.</li> <li>b) School staff will collect student educational records to aid in the creation of each Pathways Personalized Education Plan, including transcripts, report cards, attendance history, behavior records and 504 or IEP Plans, if applicable.</li> <li>c) Teachers will design, develop, implement, monitor, and adjust a Pathways Personalized Education Plan (PPEP) for every student based on educational records, assessment data, academic performance, and post-secondary goals.</li> <li>d) Instructional Staff will utilize School Pathways Student Information System (SPSIS) to report student attendance, document MTSS efforts, monitor student progress, and record grades.</li> <li>e) Instructional staff will utilize Naviance Program to support the successful postsecondary planning and collect information related to learning styles and preferences.</li> <li>f) Counseling staff will provide students with multiple pathways to earn a high school diploma, or equivalent, to increase successful student outcomes and transition to post-high school pathways.</li> <li>g) Teachers will provide tutoring sessions in Math and ELA that scaffold student skills to master course objectives and content standards and provide opportunities for live interaction to increase student connectedness to school.</li> <li>h) Teachers will provide academic tutoring sessions that are interactive with online video tutorials from both teachers and field experts that engage students in real-world applications and problem-</li> </ul>	<p>\$937,651</p>	<p>No</p>
-----------------	--	--	------------------	-----------

Action #	Title	Description	Total Funds	Contributing
		<p>solving scenarios.</p> <p>i) Instructional staff will provide SBA Training Academies in April to prepare students for key Math and ELA claims and targets.</p> <p>j) School instructional leaders will support implementation of the school's Multi-Tiered System of Support (MTSS), which quickly matches the academic, behavioral, and social-emotional needs of all students and monitors the response to intervention.</p> <p>k) School staff will provide ongoing field trips that focus on student career and college pathways interest.</p> <p>l) Provide Gifted and Talented Education (GATE) for all identified students by specially trained teachers focused on inspiring students to utilize their talents and intellect to realize their full potential within an enriching academic environment.</p>

Action 4	Academic Instruction and Support for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Additional instructional support staff, including Resource Center Associates (RCAs), Learning Associates (LAs) and Certificated Teacher Resources (CTRs) to provide targeted tutoring to increase academic progress and completion rates for required graduation coursework.</li> <li>b) Partner with a community-based organization that can provide high-dosage tutoring opportunities throughout the school week focused on developing effective study habits and improving Math and ELA proficiency.</li> <li>c) Full implementation of the AVID program to build healthy learning habits, reading, writing, and critical thinking skills as well as deep content knowledge for college and career readiness.</li> <li>d) Counselors will provide additional support related to the academic, social-emotional and behavior needs of the lowest-achieving students.</li> <li>e) Equity and Inclusion (E&amp;I) Department staff to collaborate with school personnel to identify/respond to the educational needs of unique pupils, and coordinate services and resources to aid students and family members.</li> <li>f) Homeless and Foster Youth Liaison to coordinate with school staff to ensure appropriate enrollment processes, course planning, and school services to qualifying students.</li> </ul>	\$649,706	Yes

Action #	Title	Description	Total Funds	Contributing
Action 5	Academic Instruction and Support for Students with Disabilities	<p>a) Special Education staff to ensure that all Students with Disabilities receive FAPE through the implementation of services, accommodations, modifications, and supplementary aids as outlined in each student's IEP.</p> <p>b) Specialized Academic Instruction (SAI) provided by Education Specialists.</p> <p>c) Standards-based instruction is differentiated for students with IEPs and Education Specialists consult with general education teachers to implement accommodations and modifications in core curriculum and to customize learning activities to ensure accessibility through principles of Universal Design for Learning.</p> <p>d) Utilize Ascend SMARTER Intervention, to provide evidence-based literacy instruction to Students with Disabilities.</p>	\$817,343	No
Action 6	Systematic Monitoring of Academic Performance for All Students	<p>a) Data and Assessment Department staff will collect, analyze, and disseminate key performance measures aligned to student achievement and publish in Monthly Storybooks, including Student Participation, Chronic Absenteeism Rates, Credit Completion, Potential Dropout Rate, AP Course Reports and Naviance Student Confidence Rate.</p> <p>b) School staff will utilize the School's Data Integration System, including Naviance, NWEA, Illuminate and Achieve3000 to inform Curriculum, Instruction, E&amp;I and Professional Learning Systems.</p> <p>c) Instructional staff will utilize a Graduation Rate SharePoint Technology instrument to monitor individual student progress towards graduation and assist school staff in making real-time schoolwide projections for this engagement indicator.</p>	\$40,604	No

Action #	Title	Description	Total Funds	Contributing
Action 7	Systematic Monitoring of Academic Performance for English Learners, Low-Income students, and Foster Youth	<p>a) Instructional staff will utilize Ellevation as a monitoring system for all English Learner, including Long-Term English Learners, newcomer, and Reclassified Fluent English Proficient (RFEP) students to ensure adequate academic progress and align instructional and supplemental supports as needed.</p> <p>b) Instructional staff will monitor Long-Term English Learners (LTELs) and Reclassified Fluent English Proficient (RFEP) students through the PPEP Phase Meetings in July, October, and January.</p> <p>c) School leadership will develop a semesterly English Language Development progress report card aligned to the CA EL Roadmap to include designated ELD course completion, attendance, and progress towards reclassification.</p> <p>d) Teachers will provide all English Learner families with the ELD progress report card and opportunities to meet and discuss academic goals and needs.</p> <p>e) Data and Assessment Department staff will prepare a Monthly Storybook that summarizes English Learners, Low-Income students, and Foster Youth performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism and Credit Completion to inform the decision-making progress related to instruction, curriculum, equity/inclusion, and professional learning systems.</p>	\$367,738	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 is focused on increasing student engagement and academic achievement by developing, implementing, and adjusting a Pathways Personalized Education Plan (PPEP) for each student. There are seven Actions included in Goal 1. Upon a careful review of each Action, it is evident that there are no substantive differences to report. An Action summary is provided below:

- **Action 1:** Implemented the use of MAPs by NWEA, Smarter Balanced Interim Assessments and Illuminate Assessments to inform teaching and learning systems.
- **Action 2:** Implemented the school's English Language Development (ELD) Plan to all English Learner students.
- **Action 3:** Provided a PPEP to each student. School staff utilized key platforms, including School Pathways and Naviance to monitor student progress towards meeting individual academic goals and plan for postsecondary pathways. Counselors remained actively involved in the school's MTSS to support the unique needs of students and advise students and parents on viable graduation pathways. Teachers provided live academic instruction focused on increasing student skills in Math and ELA.
- **Action 4:** Provided additional academic tutoring opportunities geared primarily for unduplicated pupils. This included instructional support staff, and an ongoing partnership with a non-profit tutoring organization. Counselors, E&I staff, Homeless and Foster Youth Liaison provided support and coordinated services and support to meet the needs of special populations.
- **Action 5:** Implemented all Special Education services to qualifying students as outlined in their IEP.
- **Action 6:** Staff conducted systematic monitoring of student engagement and achievement by utilizing key Data Integration System platforms, including Naviance, NWEA, Illuminate and Achieve3000. Local monitoring tools and instruments were successfully published and updated to allow staff to conduct timely monitoring of key performance indicators.
- **Action 7:** Ellevation was successfully utilized throughout the year for English Learner monitoring and instructional planning. Data and Assessment Department staff provided ongoing and timely Monthly Storybooks that summarize unduplicated pupils' progress and achievement on key indicators to inform staffs' decision-making related to existing programs and services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

## **Action 2**

Budgeted Expenditures: \$180,108

Estimated Actual Expenditures: \$151,114

Material Difference: Decrease \$28,994

Explanation: When the preliminary budget was developed, Mirus budgeted additional FTE for teachers to support Goal 1, Action 2. Due to the budgeted FTE positions not being filled, estimated actuals decreased by \$28,994.

### **Action 3**

Budgeted Expenditures: \$969,442

Estimated Actual Expenditures: \$620,391

Material Difference: Decrease \$349,051

Explanation: The Preliminary Budget included budgeted FTE positions for Certificated Teacher Resources (CTR) to assist general education teachers to support students. Due to a shortage in the workforce, the budgeted CTR positions were not filled.

### **Action 5**

Budgeted Expenditures: \$601,216

Estimated Actual Expenditures: \$691,293

Material Difference: Increase \$90,077

Explanation: Increased FTE staff allocations to align with action Goal 1, Action 5 due to increased growth in special education population to support the academic instruction and support for students with disabilities.

An explanation of how effective the specific actions were in making progress toward the goal.

The school is confident that Goal 1 Actions are contributing to successful student outcomes appropriate for a school identified as DASS. The school was able to meet, or on track to meet, desired outcomes for the 2022-23 Metrics outlined below:

- Teachers Appropriately Assigned and Credentialed: 90% of teachers
- Projected Chronic Absenteeism Rate: 11.9%
- NWEA Reading Growth: 66%
- NWEA Language Growth: 65%
- NWEA Math Growth: 60%
- Student Attendance Rate: 85.2%
- Middle School Dropout Rate: 0%
- High School Dropout Rate: 2.3%

While the 2022-23 DASS One-Year Graduation Rate is unavailable at this time, staff are optimistic that it will continue to exceed 90%.

Additionally, the 2022-23 SBA Math and ELA results are unavailable, but staff are satisfied with the 2021-22 results and are optimistic that the school will be able to demonstrate annual continuous improvement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2022 School Dashboard, the CDE published the Combined Four- and Five-Year Graduation Rate as the High School Engagement Indicator, rather than the DASS One-Year Graduation Rate. Therefore, the Combined Four- and Five-Year Graduation Rate has been added as a Goal 1 metric.

Based upon educational partner feedback, the school has adjusted the Metric focused on Teachers Appropriately Assigned and Credentialed to have an annual target of 90%.

As a school identified as DASS, educational partners wanted to add comparison outcomes to the following Metrics: Graduation Rate, Chronic Absenteeism, SBA Math, and SBA ELA. Each of these Metrics will include County DASS school averages and State DASS school averages.

Based upon reflections and educational partner input, the following actions have been changed or added for SY 2023-24:

- **Action 2f and Action 2g:** These Actions were realigned from Goal 3 (Professional Learning) to Goal 1 (Teaching and Learning).
- **Action 3a:** The school's Human Resources staff will recruit additional part-time instructional staff, including Resource Center Associates (RCAs) and Learning Associates (LAs) to support the educational program.
- **Action 4a:** RCAs and LAs are included in this action to provide additional and targeted academic tutoring to unduplicated pupils.
- **Action 4c:** The school will provide a fully implemented and robust AVID program to increase student engagement and achievement for historically underserved student groups.
- **Action 5d:** Special Education staff will implement Ascend SMARTER Intervention to support the academic needs of students with disabilities to improve literacy.
- **Action 7c:** School leadership will develop a semester ELD progress report that teachers can share with families of English Learner students to summarize language progress.
- **Action 7d:** Teachers will prepare a semester ELD progress report for each EL student and share with families.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 2	Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and is accessible to All Students.

An explanation of why the LEA has developed this goal.

Mirus is committed to providing students with equitable access to rigorous and standards aligned courses that improve achievement and prepare them for post-secondary pathways, including community college, university, military and career.

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Standards Aligned Course of Study and Curriculum for All Students	a) Altus Pathways Advisory Council (APAC) will review, update, and monitor course of study alignment with Common Core State Standards (CCSS), English Language Development (ELD) Standards, and Next Generation Science Standards (NGSS).  b) Curriculum and Professional Development Department staff will review, update, and monitor course of study alignment with UC a-g and NCAA requirements.  c) APAC will customize Edgenuity, online learning curriculum, to ensure academic rigor and alignment to the Smarter Balanced ELA and Mathematics Assessments Blueprint.  d) Instructional staff will inform and educate students, parents, and family members on the benefits of taking advanced coursework, including Accelerated, Honors and Advanced Placement (AP).  e) APAC will develop and refine curriculum and instructional materials that are multicultural and diverse.	\$195,965	No

Action 2	Standards Aligned Course of Study and Curriculum for English Learners and Low-Income Students	<ul style="list-style-type: none"> <li>a) Provide Chromebooks and internet services to families in need of home technology to increase access and equity to the instructional program – close the digital divide.</li> <li>b) APAC will develop curriculum that is customized and blended for English Learners, with the Universal Design Learning (UDL) Guidelines to ensure all students can access and participate in meaningful, relevant, and challenging learning opportunities.</li> <li>c) Instructional staff will utilize Achieve3000, a comprehensive literacy program, to provide differentiated instruction per individual student reading levels, so English Learners are able to build literacy, content area knowledge, and accelerate learning gains within the school year.</li> <li>d) Instructional staff will utilize BrainPop and BrainPop ELL, a web-based comprehensive English language learning program, to provide ELL-specific supports, explicit instruction of grammar concepts, academic vocabulary, and access to content area knowledge.</li> <li>e) Teachers will assign supplemental curriculum for English Learners through Edgenuity MyPath Individual Learning Plans (ILPs) to accelerate academic skill development and close the achievement gap in in ELA and Math.</li> <li>f) Instructional staff will conduct outreach and recruitment to English Learner students with the focus on providing equitable access to the same educational program and services as all students, including access to Accelerated, Honors and Advanced Placement (AP).</li> <li>g) Ongoing Equity and Inclusion focused Professional Learning Communities, to ensure accessibility, equity, and achievement for high-risk student groups and historically underserved students to improve opportunities and readiness for college/career.</li> </ul>	\$200,024	Yes
----------	---	--	-----------	-----

Action #	Title	Description	Total Funds	Contributing
		h) Counselors and instructional staff collaborating to assign Edgenuity Prescriptive Testing courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation.		

Action 3	College/Career Pathways for All Students	<ul style="list-style-type: none"> <li>a) Curriculum and Professional Development staff to ensure that the course offerings list meets the demands and requirements of college, university, career, and military pathways.</li> <li>b) School staff will continue to offer CTE courses and Certification programs which are aligned to CTE Model Curriculum Standards.</li> <li>c) School staff will facilitate an annual Career Industry and College Week for students which includes informational presentations and workshops facilitated by field experts and representatives to educate students on post-secondary pathways.</li> <li>d) Expand Early College Credit opportunities to all students, including Dual Enrollment and Articulation by partnering with colleges.</li> <li>e) Counseling staff will inform all high school students, parents, and family members regarding benefits of early college credit opportunities and important registration deadlines.</li> <li>f) Counseling staff will provide students, parents and family members with information and training related to Dual Enrollment at Open House Events, Senior Night Events, Family Learning Series, and workshops hosted by community colleges.</li> <li>g) Counseling staff will inform and educate students on work-based learning opportunities, including Work Experience Education Program and Service Learning.</li> <li>h) School staff will administer Advanced Placement (AP) exams to students who want to earn college credit and placement.</li> <li>i) Instructional staff will support grade 12 students completing a Pathways Portfolio, a graduation course requirement that promotes digital literacy and preparation for post-high school pathways, including college, university, military, and workforce.</li> </ul>	\$242,981	No
----------	--	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>j) Counseling staff will utilize School Pathways SIS College/Career measures tags and CCI Report page to monitor individual high school student progress towards meeting Approaching and Prepared criteria.</p> <p>k) Instructional staff will utilize grade 12 SharePoint technology to update student progress towards meeting California School Dashboard CCI prepared criteria at January, March, and May 2024 Instructional Meetings to calculate College/Career readiness rate projections.</p> <p>l) Assist students and parents with applying for financial aid for college and career programs – the school’s Financial Aid Resource Webpage.</p>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 is focused on providing a broad, rigorous, and accessible course of study to all students that prepares them for college and career pathways. There are three Actions included in Goal 2. After reviewing each Action, the school has concluded that there are no substantive differences to report for Goal 2. An Action summary is provided below:

- Action 1:** The school’s curriculum department, known as APAC, successfully aligned courses to State Standards, UC a-g, and NCAA requirements. APAC was able to update and align the school’s online curriculum (Edgenuity) to the Smarter Balanced ELA and Mathematics Assessments Blueprint. APAC also adjusted online, and textbook curriculum based upon user feedback, including teachers and students. There was a commitment to refine curriculum and materials to be multicultural and diverse. The school continued to recruit and challenge students to take advance curriculum offerings and offered AP Exams at school sites.
- Action 2:** The school was able to successfully provide all students in need of home technology with a school issued Chromebook, along with internet connectivity. In addition, the school’s ELD program is fully implemented and sustained. Historically underserved student groups continue to have access to a rigorous course of study, including Honors and AP, and specialized instructional materials and

coursework to rapidly build foundational skills, literacy and quickly recover failing credits needed for grade level advancement and graduation. School counselors and E&I staff provided ongoing academic advising, support services, and training to the school community.

- **Action 3:** School staff received ongoing and sustained professional learning opportunities focused on planning and preparing students for post-secondary pathways. Counselors provided multiple opportunities for the school community to receive information and training related to key college/career aspects: Meeting the College Career Indicator (CCI) Prepared Criteria, Applying for Financial Aid, Early College Credit, CTE, Early Assessment Program (EAP), AP Exams registration, and Work Experience Education. The school provided a College and Career Week that included guest speakers from a variety of career fields and colleges to increase awareness of requirements, timelines, and processes. There were eight fully developed Career CTE Pathways available to all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**

Budgeted Expenditures: \$215,207

Estimated Actual Expenditures: \$156,180

Material Difference: Decrease \$59,027

Explanation: When the preliminary budget was developed, Mirus budgeted additional FTE for teachers to align with action Goal 2, Action 1. Due to the budgeted FTE positions not being filled, estimated actuals decreased by \$59,027.

An explanation of how effective the specific actions were in making progress toward the goal.

The school's Goal 2 Actions provided all students with a rigorous and well-rounded course of study that ultimately prepares them for future college and career pathways. The school was able to meet desired outcomes for the 2022-23 Metrics below:

- Availability of standards aligned instructional materials to all students: 100%
- Provide all students with access to a broad course of study: 100%
- Design and implement programs and services to pupils with exceptional needs that promote succession transitions: 100%
- CTE Career Pathways: Eight
- Core courses aligned to CCSS: 100%
- Science courses aligned to NGSS: 100%
- ELA and Social Science courses aligned to ELD Standards: 100%

- Core courses are UC a-g approved: 100%
- CTE courses aligned to CTE Model Curriculum Standards: 100%
- Compliant and accessible Work Experience Education Program: Met

The data for many of the 2022-23 College/Career Readiness Metrics are not available at this time; the school projects that these outcomes will be available in Fall 2023.

As mentioned in other LCAP sections, educational partners want to focus on increasing the percentage of graduates who meet the College/Career Indicator Prepared Criteria. Therefore, the school has added additional Goal 2 Actions designed to increase student participation in CTE, planning for college, and accessing Early College Credit opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The description of Goal 2 and Metrics will remain the same for SY 2023-24. Based upon educational partner reflections, the school has planned the following Action adjustments for the 2023-24 SY:

- **Action 3b:** The school will develop three additional CTE Career Pathway to meet the interest/needs of students and teachers, Animal Science, Retail Sales and Marketing, and Teacher Education.
- **Action 3d:** The school will expand Early College Credit opportunities to all students by partnering with colleges for Dual Enrollment and Articulation Agreements. School staff want all students to experience the benefits of Early College Credit, which include creating equitable access to higher education, preparing for postsecondary pathways, improving GPA, and graduation rates.
- **Action 3i:** To provide students and families with additional support related to applying financial aid for college and career programs, the school has developed a resource page. The school's resource page includes information related to FAFSA and the California Dream Act and how to request additional support.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 3	Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.

An explanation of why the LEA has developed this goal.

Instructional staff need ongoing and sustained professional development to improve student achievement and meet the diverse educational needs of the school community.

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 is focused on providing instructional staff will ongoing support and professional learning to meet the unique needs of students and family members. There are two Actions included in Goal 3. The school conducted a thorough review of each Action and determined that all but one strategy was implemented. For Action 2f, the school was unable to provide staff with training related to Writing Redesigned for Innovative Teaching Equity (WRITE). WRITE is a specialized literacy training provided by San Diego County Office of Education (SDCOE). WRITE training has been rescheduled to the 2023-24 school year. A Goal 3 Action summary is provided below:

- **Action 1:** The school created a Professional Learning catalog and made it available to educational partners prior to the start of the school year. The school provided training related to effective implementation of the State Standards to instructional staff throughout the school year. There was special emphasis on Mathematics and ELA since both content domains are critical areas of need. In addition, school staff participated in a wide variety of trainings, including CTE, LEC, Special Education, GATE, Executive Studies, Fellows Projects, MTSS, New Teacher Training, Professional Growth Training, YMHFA, and ALICE.
- **Action 2:** The school's English Learner Achievement Department (ELAD) provided specialized training to instructional staff focused on implementation of English Language Development (ELD). The Math Specialist provided instructional staff with support and training focused on meeting the unique needs of EL students, including effective use of curriculum, instructional materials, and strategies. Other specialized professional development and trainings offered to staff included, Achieve3000 implementation for EL students, equity and inclusion in a school setting, facilitating social-emotional learning, AVID, and supporting children and youth in transition (CYT).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

#### **Action 1**

Budgeted Expenditures: \$50,342

Estimated Actual Expenditures: \$35,452

Material Difference: Decrease \$14,890

Explanation: When the preliminary budget was developed, Mirus budgeted additional FTE for teachers to support professional development. Due to the budgeted FTE positions not being filled, estimated actuals decreased by \$14,890.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3 Actions have significantly increased high quality teaching and learning at the school for all students, and unduplicated pupils. **All Goal 3 Metrics were met** for the 2022-23 school year, as summarized below:

- 100% of teachers participated in at least 60 hours of annual professional learning.
- 100% of teachers participated in at least 10 hours of annual Math professional learning.
- The school provided 11 English Learner Achievement Department trainings focused on Assessment, Curriculum, E&I, and Instruction.
- 100% of teachers have completed Leading Edge Certification within three years of their initial employment.

- 98% of staff report high levels of training relevance at Altus University sessions.
- 98% of students report high levels of satisfaction with their educational experience.
- 100% of parents and family members report high levels of satisfaction with their child's overall educational experience.

It is evident that the school's Professional Learning System is meeting the unique needs and requirements of educational partners. While school administration is satisfied with Goal 3 Metric results, there is consensus that instructional staff need ongoing and sustained training and coaching related to math and ELA achievement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 3 description and Metrics will remain the same for 2023-24. Based upon reflections, the school will initiate some additional Actions to ensure staff can support the needs of the Whole Child, including EL students, and increase student, parent, and family member engagement. A summary of these new Actions is provided below:

- **Action 1c:** Instructional leaders will utilize a Teaching Observation rubric to conduct informal and formal observations with instructional staff throughout the school year. The 5D+ Rubric Instructional Growth and Teacher Evaluation will be utilized during these teaching observations.
- **Action 1m:** In prior years, the school's primary virtual platform was Microsoft Teams. For 2023-24, school employees have professional Zoom accounts to increase student and parent engagement opportunities. School staff will receive training on how to use Zoom effectively and efficiently.
- **Action 2a:** Better align ELD training to the California EL Roadmap.
- **Action 2c:** Provide specialized training to employees focused on supporting the unique needs of students and parents who are new to the country.
- **Action 2i:** Partner with local organizations, including SAY San Diego to provide specialized training on contemporary issues/challenges facing youth.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 4	Provide a safe environment and supportive school culture for all educational partners to teach and learn.

An explanation of why the LEA has developed this goal.

Students, parents, family members and staff require a learning environment that is safe, distraction-free and professional.

Action #	Title	Description	Total Funds	Contributing
Action 3	Social, Emotional and Behavioral Support Systems for Low-Income students and Foster Youth	<p>a) Incoming Foster Youth students are tagged by school enrollment staff in SIS to enable the Homeless and Foster Youth Liaison to ensure that their academic, physical, mental health, and social-emotional needs are met.</p> <p>b) The Homeless and Foster Youth Liaison will provide ongoing case management services and collaborate with instructional staff as needed.</p> <p>c) Healthy Youth Therapist to provide additional and targeted counseling services and case management to low-income students and foster youth.</p> <p>d) Healthy Youth Department will provide Resilience in Student Education (RISE), a series of live interactive broadcasts focused on the Social and Emotional Core Competencies.</p> <p>e) Implementation of AVID's social and emotional learning (SEL) to support students' needs, goal pursuit, and leverage of their college and career readiness.</p> <p>f) Creation and integration of homeless and foster youth resources into the school's mental health and wellness hub.</p> <p>g) Equity and Inclusion staff will develop a mental health referral process that will provide students and families with mental health and wellness resources, as well as connect them to school-based and community-based mental health supports.</p>	\$108,370	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 is focused on providing a safe environment and supportive school culture to all educational partners. All three Actions were fully implemented and sustained for the 2022-23 school year. A Goal 4 Action summary is provided below:

- **Action 1:** The Executive School Safety Committee met regularly to discuss potential safety issues and ensure successful implementation of the School Safety Plan. The school provided multiple opportunities for educational partners to provide input regarding safety procedures and training needs. School Safety Ambassadors attended training and facilitated discussions related to safety topics, including ALICE (Violent Critical Incidents) in ongoing Resource Center Meetings with colleagues. School nurses supported the physical health of the school community. Lastly, Operations and Facilities staff ensured the school sites' systems and structures were adequately prepared for emergency scenarios.
- **Action 2:** The school's Healthy Youth Therapist and Department were able to provide counseling services, referrals, and case management to meet the needs of all students. The school actively recruited students to participate in the Character and Leadership Development Program with Cadet Corps. Additionally, staff hosted a Wellness Week for all students, updated the school website to include information related to health/wellness, and provided a Meal Program available to all students at resource centers.
- **Action 3:** These actions were targeted to meet the unique needs of Low-Income and Foster Youth. The school's Homeless and Foster Youth Liaison facilitated identification, case management services, collaborated with community partners, and training to staff. Specialized school staff provided live social-emotional learning opportunities (RISE) for students as part of the school's MTSS.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

#### **Action 1**

Budgeted Expenditures: \$25,171

Estimated Actual Expenditures: \$41,945

Material Difference: Increase \$16,774

Explanation: Increased FTE staff allocation to provide support to students' overall health and social-emotional well-being.

#### **Action 2**

Budgeted Expenditures: \$49,664

Estimated Actual Expenditures: \$34,495

Material Difference: Decrease \$15,169

Explanation: Mirus budgeted additional FTE for new teachers. Since budgeted FTE positions were not filled, estimated actuals for action Goal 4, Action 2 decreased by \$15,169.

### Action 3

Budgeted Expenditures: \$66,676

Estimated Actual Expenditures: \$106,607

Material Difference: Increase \$39,931

Explanation: Increased FTE allocation for school enrollment staff to support action Goal 4, Action 3 for homeless & foster youth students to ensure their academic, physical, mental health and social emotional needs are met.

An explanation of how effective the specific actions were in making progress toward the goal.

Educational partners are satisfied with Goal 4 Actions and their contributions to providing a safe environment and supportive school culture conducive for teaching and learning. As a result of Goal 4 Actions, the school was able to **meet all 2022-23 Metrics**:

- As of May 2023, there have been only two student suspensions and expulsions.
- 96% of students who completed surveys report high levels of school safety satisfaction.
- 99% of parents and/or family members who completed surveys report high levels of school safety satisfaction.
- The school's Safety Plan continues to meet the needs of the school community and remains compliant.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 4 description and Metrics will remain the same for 2023-24. Based upon feedback and reflections, the school will initiate some additional Goal 4 Actions:

- **Action 1d**: Utilize ZenDesk platform to support facility ticketing/monitoring.
- **Action 1e**: Install and provide maintenance services to Bravo card access controls at all resource centers and offices as a school safety precaution.

- **Action 1f:** Administer the CHKS to determine the current state of student health and wellness. Information gleaned from the survey will inform decision making related to school programs and services.
- **Action 1h:** Create a Mental Health & Wellness Hub available to all educational partners focused on meeting their diverse physical, social-emotional, and mental health needs.
- **Action 1j:** Provide specialized professional learning to staff focused on first aid, child abuse prevention, and maintaining a safe/professional work environment.
- **Action 3e:** Full implementation of AVID focused on building student academic skills, planning for college, and supporting social-emotional learning.
- **Action 3f:** Integrate key homeless and foster youth resources and services into the school's mental health and wellness hub.
- **Action 3g:** E&I staff available to the school community to assist in community referrals, training, case management, and assisting school leaders with responding to student health emergencies.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 5	Provide innovative, engaging and community-based resource centers to service and support students, parents and family members.

An explanation of why the LEA has developed this goal.

Meaningful educational partner engagement and community connectedness are essential elements to transforming lives.

Action 2	Engagement Opportunities for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Provide an annual Family Resource Night at the beginning of the school year to educate parents and family members on educational programs and services designed to increase access to our educational program for historically underserved student groups.</li> <li>b) Coordinate transportation services to Foster Youth to increase access to the resource center for educational support and services.</li> <li>c) Facilitate interactive English Learners Advisory Committee (ELAC) meetings to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment.</li> <li>d) Engage parents of English learner students to seek feedback on existing ELD Programs and potential barriers to learning.</li> <li>e) Utilize ELD progress report cards to engage families of English Learners in needs assessment and goal development.</li> <li>f) Provide translated materials and resources for parents and family members of English Learners.</li> <li>g) Designated translators and/or bilingual staff at resource centers with high enrollment of non-English speaking families.</li> <li>h) Design, develop and disseminate a multilingual LCAP infographic that summarizes the school's educational program, student profile and key services/programs available to unduplicated pupils.</li> <li>i) Develop and embed a feedback form into the mental health and wellness hub to solicit input and requests for support from educational partners.</li> <li>j) Utilize language interpretation in Zoom school events to increase school connectiveness of non-English speaking families.</li> </ul>	\$15,267	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 5 is designed to provide community-based resource centers that are innovative in design and capable of engaging students, parents, and family members. While Mirus' instructional model is non-classroom based, school leadership wants to provide a physical school environment that students can attend throughout the school week to interact with peers, participate in live instruction, access school equipment, and meet with school staff. There are two Actions included in Goal 5. Upon reviewing each Action, school staff have determined that there are no substantive differences to report. Key Actions are summarized below:

- **Action 1:** The school provided multiple opportunities for students, parents, and family members to interact with staff and learn about important programs and services. These school events included Open House, Senior Night Events, and Family Learning Series. At school events, staff teach students and parents how to use communication and academic tools, including School Pathways Student-Parent Portal, Edgenuity, Achieve3000, ParentSquare, School Website and Naviance.
- **Action 2:** These are targeted Actions for English Learners, Low-Income, and Foster Youth. Key actions included providing bus passes to Foster Youth, facilitating engaging English Learner Advisory Committee (ELAC) meetings to increase involvement of parents of English Learners, bilingual staff who can provide translation services, and translated materials/resources for families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**  
 Budgeted Expenditures: \$475,161  
 Estimated Actual Expenditures: \$554,152  
 Material Difference: Increase \$78,991  
 Explanation: Increased educational technology to support Goal 5, Action 1 to provide engagement opportunities for all students.

**Action 2**  
 Budgeted Expenditures: \$500  
 Estimated Actual Expenditures: \$1,339

Material Difference: Increase \$839

Explanation: Increased bilingual support staff to assist non-English speaking families.

An explanation of how effective the specific actions were in making progress toward the goal.

The school community is satisfied with how Goal 5 Actions were able to increase engagement and innovation at Mirus. **All Goal 5 Metrics were met** for the 2022-23 school year:

- 100% of school facilities are determined to be in Good Repair status, clean, safe, and functional for teaching and learning.
- The school expanded opportunities for parental and family member participation for low-income, English learners, and foster youth students in trainings, advisory meetings, and school events.
- Staff increased opportunities for parental and family member participation for students with exceptional needs.
- The school maintained formal partnerships with community-based organizations to support the needs of the 'Whole Child'.
- There were ten Family Learning Series offered to parents and family members.
- 99% of parents and family members who completed a LCAP Survey reported that the Resource Center provided their child with innovative learning opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 5 Description and Metrics will remain the same for 2023-24. However, based upon data analysis and reflection the school have designed additional Actions:

- **Action 1j:** DocuSign, Zoom, and Adobe programs to improve work efficiency for staff and enhance communication with the school community.
- **Action 1k:** Research focused on utilization of Virtual Reality platform and technologies for teaching and learning.
- **Action 1i:** Refine systems to administer the CHKS to students.
- **Action 1m:** Increase community awareness of the school's unique ability to help struggling students reengage in school, academically succeed, and prepare for post-secondary pathways.
- **Action 2a:** Conduct outreach and recruitment to involve more families in the annual Family Resource Night.

- **Action 2e:** Provide all parents and families of English learner students with an annual ELD progress report to foster engagement and goal development.
- **Action 2h:** Disseminate a multilingual LCAP infographic to the school community focused on highlighting targeted programs and services for unique learners.
- **Action 2i:** Integrate a feedback form into the school's Health and Wellness Hub to solicit input and needs from educational partners.
- **Action 2j:** Utilize language interpretation features provided in Zoom at school events to increase school connectiveness and access for non-English speaking families.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2023-24

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$998,449	\$106,147

### Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
27.67%	0%	\$0	27.67%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Based upon educational partner feedback and data analysis, the school plans to initiate Increased or Improved Services designed to benefit foster youth, English learners (EL), and low-income students **to a greater extent** than students who are not low-income, EL and/or foster youth. These **LEA-wide Contributing Actions** are outlined below and upgrades the entire educational program for all students:

- **Goal 1, Action 4a:** As provided in the Engaging Education Partners section, teacher feedback indicated that they need additional instructional **support staff** to provide direct tutoring services to students who are struggling to make adequate academic progress in core courses. To address these needs, the Human Resources Department will conduct targeted recruitment of RCAs and CTRs to fill vacancies. Educational research indicates that instructional aides and assistants can help implement differentiated instruction techniques, tailoring instruction to meet the diverse needs of students. We expect these actions to lead to an increase in the percentage of foster youth, English learners and low-income students meeting grade level standards on Smarter Balanced Assessments.
- **Goal 1, 4b:** Based upon data analysis, school staff indicated a need to provide high-dosage academic tutoring opportunities for students struggling in ELA and Mathematics. Specifically, foster youth, English learners and low-income students are struggling the most in these

academic areas. To address this need, the school will partner with a **non-profit organization to provide high dosage tutoring** throughout the school week, focused on skill development, direct instruction, guided practice, and independent practice opportunities. Educational research indicates that high dosage tutoring programs can help students overcome learning challenges and make significant progress in their studies. The school expects this supplemental tutoring program to improve the percentage of unduplicated pupils meeting their individualized NWEA Spring Growth targets in Math, Reading, and Language.

- **Goal 1, Action 4c:** Based upon educational partner feedback and college/career readiness outcomes, the school wants to improve programs and services that prepare students for post-secondary pathways. To address these needs, the school will offer an **AVID Program** which is focused on building healthy and sustainable study habits and college/career readiness. Educational research indicates that AVID is effective in improving student outcomes related to college/career readiness. We expect the AVID Program to lead to improvements in the percentage of unduplicated pupils graduating on-time, finishing UC a-g requirements, and scoring proficient on SBAs.
- **Goal 1, Action 4d:** Educational partners indicated that students need additional guidance as it relates to college/career readiness, social emotional support, and equity/access. To address these needs, the school will provide **counselors** who provide academic guidance to students, help students explore career options, navigate the college application process, understand financial aid opportunities, help address student personal and social issues, and identify and address barriers that marginalized students may face, such as lack of resources. Educational research indicates that counselors are essential for supporting students' holistic development, academic achievement, and future success. We expect counseling services to increase the number of unduplicated students graduating on-time, prepared for college/career pathways, and reporting high-levels of satisfaction with the educational program.
- **Goal 1, Action 4e:** School administrators want to continue to integrate Equity and Inclusion (E&I) services into the school's Multi-Tiered System of Support (MTSS). There is consensus that **E&I services** will elevate academic achievement, social-emotional well-being, school climate, and college/career readiness. Research indicates that E&I services address potential disparities and provide targeted support to marginalized students and can help narrow achievement gaps. The school expects these E&I services to improve academic outcomes, including increased engagement and higher graduation rates, particularly for unduplicated pupils.
- **Goal 1, Action 4f:** Educational partners provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. Specific feedback included, 'these basic needs must be met to keep them engaged in school and achieving.' To address these needs, a **homeless and foster youth liaison** will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations. The school expects these services to improve engagement metrics (chronic absenteeism, attendance, drop out rate, and graduation rate) for foster youth.

- **Goal 2, Action 2a:** There is consensus amongst the entire school community that providing all students with access to home technology and internet service can have several positive impacts on their learning and academic outcomes. To address these needs, the school will provide a Chromebook and internet service to all families in need to help bridge the digital divide and promote equity in education. Research shows that students from socio-economically disadvantaged backgrounds are more likely to lack access to technology and internet at home, creating a ‘homework gap’ that can hinder their ability to fully participate in the educational program. Providing all students with technology and internet access helps ensure equal opportunities for learning and reduces disparities in educational outcomes. The school expects the **Altus Connect Program** to improve digital access and equity, expanded learning opportunities, engender personalized and differentiated instruction, promote digital literacy, and enhance parental engagement and communication.
- **Goal 2, Action 2b:** Instructional staff want to create and develop a curriculum that can meet the diverse needs and learning styles of all students, particularly Students with Disabilities and English Learners. To meet these needs, The school’s curriculum departments (APAC), integrates **Universal Design for Learning (UDL)** guidelines into the core curriculum. Educational research indicates that UDL can increase student engagement and academic achievement because it provides multiple means of representation and expression to accommodate different learning preferences and abilities. The school expects these services to narrow achievement gaps, increase educational access, and create a more inclusive learning environment for all students.
- **Goal 2, Action 2c:** Based upon English learner performance on the Summative English Language Proficiency Assessment for California, the school wants to increase the percentage of ELs making progress towards English language proficiency. To meet these needs, the school will utilize **Achieve3000** which is an online literacy platform that aims to improve reading comprehension and vocabulary skills for students, including English learners. It provides differentiated content based on individualized reading levels and offers various tools and activities to support language acquisition. Educational partners suggest that this literacy program will ultimately help English learners improve performance on ELPAC because it is designed to match text based upon student reading abilities, provides differentiation/personalization features, and adjusts the difficulty level over time. While this program will certainly benefit English learners, staff suggests that it will help other students who may be considered struggling readers.
- **Action 2, Action 2d:** As previously mentioned school staff want to support the English development of ELs while increasing their engagement in school related activities and course completion. To meet these needs, the school will utilize **BrainPOP and BrainPOP ELL** as an educational tool that will be integrated into the school’s English Language Development (ELD) Program. School staff indicates that this program can help ELs in several ways, including providing engaging animated videos, comprehension activities, vocabulary development, grammar instruction, writing and speaking practice, and cultural awareness. The school expects these services to improve the school’s ELPI and other engagement metrics (e.g., attendance, chronic absenteeism, drop out). Because of the engaging animated videos, other students can benefit from this program to learn course content, develop language skills, and make learning more fun.
- **Goal 2, Action 2e:** Based upon educational partner feedback and data analysis, many new students enroll several grade levels behind in reading and mathematics. Therefore, it is essential to accelerate academic skill development and close achievement gaps. To meet these needs, the school will provide **Edgenuity MyPath Individual Learning Plans (ILPs)** that provide targeted instruction and support tailored

to the specific needs of each learner. Educational research suggests that when this type of program is implemented with fidelity and supported by well-trained educators, they can accelerate learning, improve academic skills, and close achievement gaps for students from low-income backgrounds or historically marginalized groups. The school expects these services to increase the percentage of students meeting their individualized NWEA Spring Growth target.

- **Goal 2, Action 2f:** Based upon College and Career Readiness data, the school wants to increase the percentage of graduates who are meeting the CCI Prepared criteria. In addition, the school wants to close opportunity gaps that exists for English Learners. To meet these needs, the school will conduct **targeted recruitment of English Learners to participate in Honors and Advanced Placement (AP)** coursework. By recruiting ELs to participate in AP and Honors programs, the school is taking actionable steps to close potential opportunity gaps and promoting educational equity. The school expects these services to lead to an increase in the number of ELs taking advanced coursework and meeting the CCI Prepared criteria on the school dashboard. As the school creates flyers and disseminates information to the school community, these efforts will likely lead to other students seeing the benefits of advanced programs and greater participation schoolwide.
- **Goal 2, Action 2g:** School staff is committed to closing opportunity gaps that may exist for student groups in education. To meet these needs, the school's **Equity and Inclusion (E&I)** personnel will **coordinate a multi-faceted and comprehensive approach with the school community that prioritizes equity, inclusivity, and the success of all students**. These E&I strategies will include data analysis, monitoring, program development, professional development, training, collaboration, partner with community-based organizations, targeted support for underserved student groups, parent and family engagement, and a focus on continuous evaluation and improvement. The school expects these services to increase the percentage of graduates who are meeting the CCI Prepared criteria, particularly for unduplicated pupils.
- **Goal 2, Action 2h:** Teachers and counselors continue to report that many new students enroll because they are credit deficient and are not on-track to graduate with their high school cohort. To meet these needs, the school will provide **Edgenuity Prescriptive Testing** courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation. Research indicates that credit recovery classes can support students' transitions to postsecondary education or the workforce. By enabling students to recover credits and graduate on time, these programs increase students' options and opportunities for further education or career pathways. The school expects these programs to increase graduation rates and reduce dropout rates, particularly for students from low-income backgrounds.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Mirus has an enrollment of unduplicated pupils which exceeds 74.61% of total enrollment. The school's percentage to increase or improve services for unduplicated students is 27.67% and the estimated increased apportionment is \$998,449. Overall, services for English Learners,

Low Income and Foster Youth are being increased or improved through a range of targeted actions determined by educational partners that provides services for all groups, or principally directed to a single group. Targeted actions are determined by engaging educational partners, identifying potential needs, and designing services/programs that will increase engagement, elevate academic achievement, and prepare for college/career pathways.

Of the Targeted Actions to Increase and Improve Services described within this plan, several are services that are provided only to **unduplicated students and their families**, which are considered a Limited Scope. These **Limited Scope** Actions are outlined below:

**Goal 1, Action 2: Evaluate and Support English Language Proficiency for English Learners:** This Targeted Action is based on educational partners expressing a need to improve academic outcomes for English learner students due to English Language Acquisition needs. To address this need, the school's English Learner Achievement Department (ELAD) staff will develop evidence-based best practices to utilize language achievement data, including individual ELPAC scores, formative and summative core content assessment results to make informed decisions related to English learner plan implementation and respond to individual student needs. Best practices developed by ELAD will be systematically shared with instructional staff to ensure successful implementation to all English learner student schoolwide. School instructional leaders will conduct both informal and formal teaching observations throughout the school year to evaluate, provide coaching and support to teachers focused on implementation of established ELD best practices. The school expects this action to improve the percentage of English language students who are making progress towards English language proficiency (ELPI) and the annual reclassification rate.

**Goal 1, Action 7: Systematic Monitoring of Academic Performance for English Learners, Low Income and Foster Youth:** This Targeted Action is based on data analysis of opportunity gaps and feedback from the school community. Educational partners specifically want English Learners, Low Income and Foster Youth students to improve their average Distance from Standard on ELA and Smarter Balanced Assessments. To address this need, the school will utilize Ellevation to monitor ELs, Long-Term ELs, newcomer and RFEP students to ensure adequate progress is being made throughout the school year and align instructional and supplemental supports as needed. In addition, the school coordinator will support and coach teachers on monitoring English learner, Low Income and Foster Youth student progress and achievement in real time using Participation and Credit Monitoring instruments and deploy increased and intensified intervention as prescribed by the school's MTSS Framework. And lastly, school Data and Assessment Data Department staff will prepare a Monthly Storybook that summarizes student group performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism, and Credit Completion to inform the decision-making progress related to instruction, curriculum, E&I, and professional learning systems. The school expects that these targeted actions will close academic performance gaps that may exist for students of underserved groups. Effectiveness of this action will be measured by progress on Goal 1 Metrics: Smarter Balanced Assessments, Measures of Academic Progress, ELPI and English Learner Reclassification Rate.

**Goal 3, Action 2: Professional Development Focused on Improving Academic Performance for English Learners, Low-Income and Foster Youth.** This Targeted Action is based on data analysis conducted by educational partners and feedback related to professional learning needs. There is consensus that instructional staff need specialized training opportunities to improve student outcomes related to

academic achievement, specifically Smarter Balanced Assessments. To address these needs, during the development of the school's comprehensive professional learning system, Altus University, the school considers the needs of underserved student groups, including English Learners, Low Income and Foster Youth. For 2023-24, professional learning will include training for instructional staff focused on ELD data analysis through Illuminate, evidence based instructional strategies and curricular customization. These specialized trainings will be facilitated by the English Learner Achievement Department (ELAD). In addition, the school's math specialist will provide one-on-one coaching and support for teachers related to effective use of math instructional and curriculum tools to help English learner students access grade level content and enhance academic vocabulary. Achieve3000 and WRITE training will be provided to instructional staff focused on improving underserved student groups' literacy skills. Writing Redesigned for Innovative Teaching Equity (WRITE) is focused on enhancing teacher knowledge and skills in evidence-based instructional practices that promote effective literacy development. Research suggests that literacy training programs can help teachers develop a deep understanding of equity and culturally sustaining pedagogy, enabling them to create inclusive and equitable literacy instruction for historically underserved students. The school expects these services to positively impact students' language skills, comprehension, and overall literacy achievement (English Language Progress Indicator, EL Reclassification Rates, SBA ELA). And lastly, training opportunities focused on supporting the whole child, particularly social-emotional learning strategies to increase teacher knowledge and skills. We expect these actions will increase the capacity of staff to address the specific educational needs of unduplicated count students. The school will partner with community-based organizations to provide training to enhance teachers' understanding of student experiences, enabling them to create more relevant and meaningful learning opportunities. Educational research indicates that training programs focused on contemporary issues often emphasize social-emotional learning, the importance of inclusivity, diversity, and cultural competence. All training opportunities will prioritize data analysis, informed decision making, evidence-based instructional strategies, engender collaboration, and personalized approaches/methods to support student learning. The effectiveness of these actions will be determined by analyzing teacher participation in professional development opportunities, relevancy as indicated on training evaluations, and student/parent satisfaction with their educational experience.

**Goal 4, Action 3: Social, Emotional and Behavioral Support Systems for Low Income and Foster Youth:** As identified by educational partners, English Learners, Low Income and Foster Youth demonstrate a need for social-emotional and behavioral supports to improve academic outcomes. To address these needs, the school's Homeless and Foster Youth Liaison will support the designation of incoming Foster Youth students, provide ongoing case management to ensure that their academic, physical, mental health and social emotional needs are met. The Healthy Youth Therapist will provide additional and targeted counseling services and case management to low-income students and foster youth. By providing this case management to unduplicated pupils in need of social-emotional support, the school expects improved overall engagement in school and academic achievement. Students will also benefit from the newly created Mental Health and Wellness Hub that will integrate homeless and foster youth resources. In addition, the school's Healthy Youth staff will provide ongoing and sustained Resilience in Student Education (Rise), a series of live interactive opportunities for students to develop Social and Emotional Core Competencies. We expect these targeted actions to improve the number of students feeling safe, connected to school, and supported. Effectiveness of these actions will be determined by analyzing Metrics related to school climate, including Suspension Rate, Expulsion Rate and student safety perceptions gathered through surveys.

**Goal 5, Action 2: Engagement Opportunities for English Learners, Low Income and Foster Youth:** As identified by educational partner input and surveys, we need to increase parental involvement in school decision making, recruit additional parents and family members to participate in learning opportunities and expand communication with the entire school community. To address this need, ELAD will provide workshops, community resources, meetings, and opportunities, specifically for parents of English learner students to provide input into the development and implementation of the English Learner Plan, including the annual Needs Assessment. At all these engagement opportunities, the school will recruit parents of English Learner students by using Zoom translation features, translated materials and interpreters to facilitate dialogue. In addition, the school will provide bilingual staff at resource centers with high enrollment of non-English speaking families to establish a strong school to home partnership. The school expects these actions to increase parental involvement of English Learners, Low Income and Foster Youth and empower them to be more engaged with their child's education and planning for post-high school pathways. The school's Equity and Inclusion (E&I) staff will be focused on improving and expanding communication methods for parents, and monitoring trends. And lastly, to improve Foster Youth access to resource centers for educational support and services, the school's Foster Youth and Homeless Liaison will coordinate transportation services to qualifying students. Effectiveness of these actions will be measured by the number and frequency of parental participation opportunities provided to families throughout the school year, including the Family Learning Series which is designed to educate and train parents and family members. The school will also measure effectiveness by analyzing student engagement outcomes for unduplicated pupils, including student participation/attendance, Chronic Absenteeism Rate and Graduation Rate.

In conclusion, the school plans to continually monitor the effectiveness of these Targeted Actions provided to English Learners, Foster Youth, and Low-Income student groups by using multiple methods of data collection, including needs assessment and satisfaction surveys, engaging students and parents who participate in Formal School Events, Parent Advisory Committees, English Learners Advisory Committee and School Site Council. The school will also carefully monitor student groups' engagement and academic achievement in the Monthly Storybook, NWEA Assessments, Smarter Balanced Assessments, ELPAC and college/career readiness indicators. Instructional leaders will create the time and space needed for school staff to analyze student group achievement, discuss trends, and collaborate on effective practices and resources to support student groups.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Mirus is a charter school and does not have such comparison schools by which to calculate staff increases. The school, like many other LEAs, using the additional Concentration Grant funding to increase staffing has been a challenge this year. Schools overwhelmingly report difficulty in hiring staff to fill open positions. However, the school has made every effort to recruit and hire qualified instructional staff to provide direct educational services to students, particularly the Certificated Teacher Resource (CTR), Resource Center Associate (RCA), and Learning Associate (LA) positions. As outlined in Goal 1, Action 4, these additional support staff positions will provide additional and targeted tutoring to increase student progress and course completion rates for unduplicated pupils. These support staff positions can

facilitate one-on-one and small group instruction focused on improving student proficiency in Mathematics and English Language Arts. Educational partners believe that these additional support staff will help the school improve performance in Metrics related to student engagement, achievement, and college/career readiness.

The school's Human Resources (HR) Department is committed to enhancing recruitment strategies to find and retain high quality instructional support staff. HR has expanded their recruitment channels to tap into talent pools and connect with highly skilled individuals. HR utilizes EDJOIN, LinkedIn, and Handshake as recruitment platforms. In addition, HR participates in both virtual and in-person job fairs to find qualified applicants, posts flyers throughout the community, and partners with surrounding colleges and universities as recruitment efforts.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	65:1
Staff-to-student ratio of certificated staff providing direct services to students	N/A	17:1

## 2023-24 Total Planned Expenditures Table

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## Plan Summary

### Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

### Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

### Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated students
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

### ***Focus Goal(s)***

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### ***Broad Goal***

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### ***Maintenance of Progress Goal***

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

### ***Required Goals***

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> . Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

### **Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs

may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

**Projected LCFF Supplemental and/or Concentration Grants:** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## **For School Districts Only:**

### **Actions Provided on an LEA-Wide Basis:**

***Unduplicated Percentage > 55 percent:*** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

***Unduplicated Percentage < 55 percent:*** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### **Actions Provided on a Schoolwide Basis:**

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000.

Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### **Contributing Actions Table**

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

### ***LCFF Carryover Table***

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

# Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Performance Standards

The performance standards for the local performance indicators are:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

### **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access

to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

## Local Control Funding Formula (LCFF) Priority 1 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 1 are provided below.

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions: **10%**
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home: **0**
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies): **0**

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

## Local Control Funding Formula (LCFF) Priority 2 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 2 are provided below.

### Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the *optional* reflection tool (Option 2).

#### **OPTION 1: Narrative Summary (Limited to 3,000 characters)**

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts

- World Language

## OPTION 2: Reflection Tool

**Recently Adopted Academic Standards and/or Curriculum Frameworks**

**Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Career Technical Education					<b>X</b>
Health Education Content Standards					<b>X</b>
Physical Education Model Content Standards					<b>X</b>
Visual and Performing Arts					<b>X</b>
World Language					<b>X</b>

### Support for Teachers and Administrators

Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

Activities	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					X
Identifying the professional learning needs of individual teachers					X
Providing support for teachers on the standards they have not yet mastered					X

#### Optional Narrative (Limited to 1,500 characters)

Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board. **N/A**

## **Local Control Funding Formula (LCFF) Priority 3 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 3 are provided below.

### **Parental Involvement and Family Engagement (LCFF Priority 3)**

#### **Introduction**

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:<sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

## Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.

5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

## Sections of the Self-Reflection Tool

### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	<b>5 – Full Implementation and Sustainability</b>
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	<b>5 – Full Implementation and Sustainability</b>
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	<b>5 – Full Implementation and Sustainability</b>
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	<b>5 – Full Implementation and Sustainability</b>

### Building Relationships Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.**

The school engages educational partners in meaningful participation of the school's programs and systems of continuous improvement. The school partners with families to create a Pathways Personalized Education Plan (PPEP) for each student that reflects their strengths, learning style, interests, and post-secondary goals. In partnership with parents, school staff monitor student progress towards PPEP goals and systematically adjust throughout the school year. This process is built on an established trusting relationship between school and family whereas parents are provided with opportunities to provide input into their student's education plan and into the school's overarching goals, actions, and services. Results from the school's annual survey indicate that 91.6% of parents report being able to provide input and feedback to the school through multiple ways. Based on stakeholder Needs Assessment, the school has identified that a primary requirement of students and parents is a safe and supportive learning environment. Survey results indicate that 100% of parents and 98.4% of students report that their school is safe and supportive. Additionally, the school values the partnership between school staff and families as the foundation of parent and family engagement. Over 97.9% of parents report that they have a high satisfaction rate with their student's teacher. To further engage parents and families in the instructional program, the school has prioritized providing learning environments that are innovative and engaging. 89.5% of parents report that the school provides innovative and engaging learning environments.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.**

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Mirus regularly consults with educational partners throughout the school year to understand the academic, social-emotional and physical needs of students and families. The school utilizes multiple methods to conduct meaningful engagement, including school events, trainings, meetings, committees and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.**

To improve the engagement of underrepresented families the schools will address needs on several fronts. School materials will be translated and of interpreters made available for calls and meetings. The school will continue to Chromebooks and internet data plans to households in need of home technology. Increased Family Learning Series offerings to families focused on how to best support their child in academics, college/career interests, instructional support and health and safety for

parents and families will be available. Utilization of Parent Square further provides communication and engagement of educational partners with the school.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	<b>5 – Full Implementation and Sustainability</b>
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	<b>5 – Full Implementation and Sustainability</b>
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	<b>5 – Full Implementation and Sustainability</b>
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	<b>5 – Full Implementation and Sustainability</b>

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The school provides professional learning and support to teachers, support staff, and leadership to improve the school's capacity to partner with educational partners and provide a high-quality education for every student. Currently, 100% of teachers have exceeded the school's goal to participate in at least 60 hours of professional learning. The school establishes formal partnerships with community-based organizations and non-profit organizations to provide services and support for students and families in the areas of family, food, housing, health, mental health, and college and career. The school has several formal partnerships providing services and support to families throughout the school year.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

Based upon information collected from students, the school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways. In addition, the school is focused on providing students with additional counseling services to support and plan for post-high school pathways. The school will issue Chromebooks and internet data plans to households in need of home technology through the school's connect program, managed by the school's Equity and Inclusion Department which is focused on increasing opportunities for all students to succeed. In addition, a partnership with a local non-profit tutoring organization will provide additional academic tutoring opportunities for their students – particularly focused in Mathematics and ELA. To better facilitate school to home two-way communication and input with English Learner households, school materials will be translated as translators provided when needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.**

Mirus is fully committed to continuously improving the engagement of underrepresented families with our partnerships supporting student outcomes. This includes working to increase community-based partnerships that support the needs of our educational partners. These include resources for academic, physical, and social emotional needs of students to eliminate barriers to each student successfully achieving their Personalized Pathway Educational Plan goals.

### **Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation

4 – Full Implementation

5 – Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	<b>5 – Full Implementation and Sustainability</b>
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	<b>5 – Full Implementation and Sustainability</b>
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	<b>5 – Full Implementation and Sustainability</b>
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	<b>5 – Full Implementation and Sustainability</b>

### Seeking Input for Decision-Making Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**

The school engages educational partners in its processes for continuous improvement and prioritizes building capacity of staff and families to engage in advisory groups and decision making. The school provides training for School Site Council members annually and holds regular meetings to develop, refine, and update the LCAP Federal Addendum. The school provides training for English Learner Advisory Committee members annually and holds regular meetings to develop refine and update the English Learner Plan. The families of students in Special Education are engaged through the Community Advisory Committee that provides trainings, resources, supports, and feedback opportunities throughout the school year. The school holds a variety of Resource Center events that focus on family engagement and provide opportunities for input into the school's programs. Additionally, the school seeks input into the Local Control Accountability Plan (LCAP) through an annual survey. In 2022-2023 the school received input from over 240 students and parents and used the results in the development of the 2023-2024 LCAP.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.**

Educational partner input into decision making is actively sought through multiple venues. Mirus will continue to seek to improve input into decision making from our educational partners through the implementation of parent square as a communication tool, soliciting input and educational partner feedback through annual engagement surveys, opportunities to participate in Parent nights, Senior nights, Family Learning opportunities, representation on the School Council, the English Language Advisory Committee, and involvement in College/Career week.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.**

School staff will provide opportunities for students, parents, and family members to receive school information and resources at Open House and Senior Night Events. The school has also enhanced the Family Learning Series, which is ongoing and sustained training for parents and family members focused on their individual needs. The Family Learning Series is also committed to empowering parents and family members to be part of the school planning process – which includes reviewing schoolwide student engagement, achievement, and college/career readiness data. Instructional staff utilize ParentSquare to engage and communicate with students, parents and family members regarding the educational program and opportunities for input and engagement. Interactive English Learners Advisory Committee (ELAC) meetings will seek to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment. The school will provide translated materials and resources for parents and family members of English Learners.

## Local Control Funding Formula (LCFF) Priority 6 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 6 are provided below.

### School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey, which is to be conducted at least every other year, that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6– 8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

**1. DATA: Reflect on the key learnings from the survey results and share what the LEA learned.**

Mirus administers an Annual LCAP Stakeholder Engagement Survey to students and parents to measure perceptions on conditions of learning, student outcomes, and engagement. Over the last five years, survey results indicate that the number one key requirement of students and parents is a safe and supportive learning environment. This requirement has directly impacted on the development of Mirus' LCAP. In order to monitor the success of Mirus' LCAP Goal 4: *Provide a Safe Environment and Supportive School Culture*, the school has established a metric of maintain or achieve a 90% or higher safety satisfaction rating. In 2022-2023, Mirus exceeded this metric. Over 96.6% of students reported that they felt safe at Mirus and 98.9% of parents reported that they feel their child is safe at Mirus. Additionally, the school establishes metrics for suspension and expulsion rates to reflect the effectiveness of the school's Multi-Tiered Systems of Supports (MTSS) that incorporates academic, social/emotional, and behavioral supports and interventions. In 2022-2023 Mirus' suspension rate was 0.3% and expulsion rate was 0.3%.

**2. MEANING: What do the disaggregated results (if applicable) of the survey and other**

**data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?**

These metrics indicate that students' needs are being met in a positive and supportive learning environment that protects and encourages their participation and engagement in school. Confidence surveys show an increase after 90 days of enrollment in students' confidence in their ability and skills to learn and succeed in school and in their receiving of the support from their teacher to succeed in school compared to prior to enrolling.

**3. USE: What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?**

In addition to an Annual LCAP Stakeholder Engagement Survey the LEA will also administer the California Healthy Kids Survey (CHKS) to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness. Educational partners have provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. To address these needs, a homeless and foster youth liaison will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations.

## Local Control Funding Formula (LCFF) Priority 7 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 7 are provided below.

### Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. **Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.**

As of CBEDS 2022-2023 Mirus Secondary served 287 students in grades 7-12. The student demographics include:

- Percentage of Students with Disabilities: 14.6%
- Percentage of English Learners: 6.0%
- Percentage of Socioeconomically Disadvantaged: 67.5%
- Percentage of Homeless and Foster Youth (FY): 2.7%

Mirus qualifies as a Dashboard Alternative School Status (DASS) program. This status holds schools accountable for the same state indicators, some with modified methods. The school is approved as a DASS school through the eligibility criteria of serving “high risk” student groups; the school has an unduplicated count of over 70% of students in that qualify as “high risk”, including credit deficient students and high transient students.

Mirus uses the Pathways Personalized Education Plan (PPEP) process to plan, deliver and ensure all students across all student groups have access to a broad and rigorous course of study.

2. **Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study.**

The school's leadership team analyzes the results of the measures listed above annually. The results demonstrate that 100% of the students, including unduplicated groups and students with exceptional needs, have access to a broad and rigorous course of study. At our school, students take one to two courses at a time and students take the required grade level core courses within an academic school year. Course planning is individualized within the Pathways Personalized Education Planning (PPEP) Process. This process allows the instructional team to design a course plan based on the student's skill levels, interests, and post-high school goals. All courses leading to a high school diploma are UC-ag approved and NCAA approved. Students have access to Advanced Placement (AP) courses, honors courses, dual-enrollment, and articulated courses, CTE courses and courses based on their PPEP. There are no differences in accessibility to courses across student groups at our school.

**3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.**

There are no barriers preventing Mirus from providing access to a broad course of study for all students. Currently, 100% of the students have access to a broad and rigorous course of study. The school will continue to monitor its available course of study to ensure continued equitable access for all students.

**4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students?**

Due to the success the school has demonstrated in providing all students with access to a broad and rigorous course of study, no changes are currently planned. However, this data continues to be reviewed as part of our cycles of continuous improvement.

## **Assumptions for Preliminary Operational Budget FY 2023-24**

Mirus Secondary School is an independent study program. Mirus takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

**Apportionment credit for independent study programs, like Mirus are based on the student's "product" or academic work**, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Mirus is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- \* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Mirus is 74.61%.
- \* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan,

which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

## BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2023-24 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Mirus' Preliminary Operational Budget.

**Table 1:**

Description	FY 2023-24
Adjusted Grades 7-8 Base Grant	\$10,367
Adjusted Grades 9-12 Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
Mirus' Unduplicated Pupil Percentage (Rolling Average)	74.61%
District's Unduplicated Pupil Percentage (HUSD)	77.54%

Revenues were calculated based on the following enrollment and ADA:

**Table 2:**

Description	FY 2023-24 (Projected P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)
P-2 Enrollment	317	308	338
CBEDS Enrollment	292	287	315
Students Served	673	612	704
ADA:			
Grade 7-8	32.95	32.35	31.54
Grade 9-12	265.03	260.16	290.60
<b>Total ADA</b>	<b>297.98</b>	<b>292.51</b>	<b>322.14</b>

## REVENUE PROJECTIONS

**Table 3:**

Description	FY 2023-24
LCFF Sources	\$4,607,067
Federal Revenues	551,650
State Revenues Other than LCFF	757,065
Local Revenues	22,688
<b>Total Projected Revenues</b>	<b>\$5,938,470</b>

- **In Lieu of Property Taxes** of \$412.96 per current year (CY) P-2 ADA is based on FY 2022-23 P-1 rate for Hesperia Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is projected based on CY P-2 ADA. Rates used are based on School Services of California's latest estimates: \$67 for Prop 20 (Lottery: Instructional Materials) and \$170 for Non-Prop 20 (Lottery: Unrestricted).
- **Federal Funds**

**Titles I, II, III, and IV** are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2022-23.

### **ESSA: Comprehensive Support and Improvement (CSI) Funding for LEAs:**

The CSI program, of the Elementary and Secondary Education Act of 1965, as amended by Every Student Succeeds Act (ESSA) (Public Law 114-95), apportions funds to LEAs to improve student outcomes in schools that meet the criteria for CSI.

Mirus' allocation amount for 2022-23 is \$178,351, and of this amount \$157,701 is projected to be spent this year. The project period for this grant will end on September 30, 2024.

### **Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:**

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. This funding will provide LEAs with emergency relief funds to address the impact of COVID-19. Mirus has developed and adopted a Plan for using its ESSER III funds to meet students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. Deadline for obligation of this fund is September 30, 2024.

Mirus' total revised ESSER III allocation amount is \$457,188 and of this amount, \$101,502 was spent in FY 21-22 and \$156,142 is projected to be spent in FY 22-23 and the remaining balance of \$199,544 will be spent in FY 2023-24.

**Expanded Learning Opportunity Grant** is part of AB 86, signed by Governor Newsom on March 5, 2021, and is intended to provide supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to specified student groups. Mirus' ELO Grant Plan is focused on implementing a learning recovery program for specific student groups, including but not limited to, low-income students, English Learners, foster youth, homeless students, and students with disabilities. Mirus is also focused on providing supplemental instruction and support strategies to students identified as potentially 'at risk' of abuse, disengaged and credit deficient. Deadline for obligation of ELO ESSER II and ELO GEER II funds is September 30, 2023, while ELO ESSER III funds is September 30, 2024.

Mirus' revised allocation amount is \$266,207 and of this amount, \$196,610 was spent in FY 20-23. Remaining allocation for ELO ESSER III funds amounting to \$69,597 is included in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per the CY P-2 ADA while **Federal IDEA** revenues are projected at \$130 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Mirus chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.85 for Grades K-8 and \$55.17 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing

pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Mirus included \$256,786 in its budget for this fiscal year.

- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. Mirus has developed and adopted a Plan for using its Educator Effectiveness funds to support professional development. Deadline for obligation of this fund is FY 2025-26.

Mirus' allocation total is \$39,378 and of this amount the first 80% apportionment of \$31,502 was recorded in FY 2021-22. The remaining 20% amounting to \$7,876 is included in this budget.

- **Learning Recovery Emergency Block Grant** – Funding is provided to county offices of education, school districts, and charter schools for learning recovery initiatives that, at a minimum, support academic learning recovery and staff and pupil social and emotional well-being. Funds shall only be expended for any of the purposes pursuant to EC Section 32526(c)(2). A plan is not required but it is recommended that LEAs utilize the LCAP to communicate their strategic plan for how funds will be used to improve student outcomes. Funds are allocated based on FY 2021-22 P-2 ADA multiplied by the LEA's 2021-22 UPP at \$2,396 per ADA. Total allocation for Mirus is \$544,701 and of this amount, \$86,175 is included in this year's budget. Deadline for obligation of this fund is FY 2027-28.
- **Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$666.08 per ADA. Total allocation for Mirus is \$214,570. The deadline for obligation of this fund is FY 2025-26. Mirus included \$35,762 in this budget.

**NUMBER OF FULL-TIME EQUIVALENT (FTE) FACULTY****Table 4:**

POSITIONS	OBJECT CODE	FY 23-24
Teachers (Gen. Ed, Special Ed*, Instructional Lead)	1100	14.30
Certificated Pupil Support (Counselor/Psychologist)	1200	1.45
Certificated Supervisor & Administrator	1300	0.80
Other Certificated Teacher Resource (CTR)	1900	6.00
Instructional Aide	2100	1.88
Classified Support	2200	0.76
Classified Supervisor & Administrator	2300	0.58
Clerical, Technical & Office Staff	2400	3.70
Other Classified	2900	0.08
<b>TOTAL FTE POSITIONS BUDGETED</b>		<b>29.54</b>

- \* To ensure compliance with Special Ed regulations, FTE position for Special Ed is at one Special Ed Resource Specialist for every 28 caseload. We calculated the caseload by multiplying the total enrollment by the percentage of Special Ed population compared to total student population. For FY 2023-24, we estimated the Special Ed population at 18%.

**EMPLOYEE BENEFITS**

Employee benefits were calculated using the following rates:

**Table 5:**

	Object	Certificated	Classified
STRS (Teachers Retirement)	3111-12	19.10%	
PERS (Classified Retirement)	3211-12		26.68%
OASDI (Social Security)	3311-12		6.20%
MEDICARE	3321-22	1.45%	1.45%
Health & Welfare - Self-Insured Plan <u>Monthly Rates</u>			
- Medical \$2,200			
- Dental \$ 120			
- Vision \$ 27	3401-02		
- Life Ins. .00114			
State Unemployment Insurance	3501-01	0.05%	0.05%
Worker Compensation Insurance	3601-02	1.20%	1.20%

### **NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700**

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Mirus has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

### **RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200**

Mirus has allocated \$24,088 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the Audeo Corp's mission and purpose.

### **PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800**

The total budget amount for Object Code 5800 is \$628,202 representing 10.6% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

### **MARKETING**

Pursuant to Education Code Section 47605 (b)(5)(G), Mirus will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Mirus reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Mirus has deployed an integrated marketing plan to support organizational growth. To reach Mirus' target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, Mirus has allocated \$89,077 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

### **DISTRICT OVERSIGHT FEES**

Mirus will pay its authorizing District (Hesperia Unified School District) oversight fees of **1 percent** for apportionments received from the State for LCFE Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 – Education Protection Account (EPA) Entitlement
- Object Code 8019 – State Aid Prior Years - LCFF
- Object Code 8019 – State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Mirus has budgeted \$46,071 for FY 2023-24 for oversight fees.

### **RESERVES**

Mirus has allocated reserves of \$296,924 for FY 2023-24 representing 5% of total revenues of \$5,938,470.

### **FACILITIES**

Mirus carries contractual lease agreements with an annual cost of \$265,204 for FY 2023-24. The total cost of the current lease contracts from July 2023 thru the end of the lease term (Year 2028) is \$777,800.

**RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT**

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30<sup>th</sup> of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit

requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Mirus Secondary School**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Mirus Secondary School** has determined to spend the monies received from the Education Protection Act as attached.

DATED: June 22, 2023

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Sweetwater Secondary School

CDS Code: 37771070136473

School Year: FY 2023-24

LEA contact information: Allison Fleck, Phone: (858) 203-4640 x7103, Email: [afleck@altusschools.net](mailto:afleck@altusschools.net)

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the FY 2023-24 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Sweetwater Secondary School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Sweetwater Secondary School is \$7,054,062.48, of which \$5,519,754.00 is Local Control Funding Formula (LCFF), \$803,122.70 is other state funds, \$45,122.53 is local funds, and \$686,063.25 is federal funds. Of the \$5,519,754.00 in LCFF Funds, \$951,858.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Sweetwater Secondary School plans to spend for FY 2023-24. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Sweetwater Secondary School plans to spend \$6,701,359.35 for the FY 2023-24 school year. Of that amount, \$5,285,056.00 is tied to actions/services in the LCAP and \$1,416,303.35 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The budgeted expenditures that are not included in the Local Control and Accountability Plan (LCAP) are salaries of administrative staff, maintenance services, utilities, custodial, janitorial, depreciation, audit, legal and oversight fees.

## Increased or Improved Services for High Needs Students in the LCAP for the FY 2023-24 School Year

In FY 2023-24, Sweetwater Secondary School is projecting it will receive \$951,858.00 based on the enrollment of foster youth, English learner, and low-income students. Sweetwater Secondary School must describe how it intends to increase or improve services for high needs students in the LCAP. Sweetwater Secondary School plans to spend \$1,138,986.00 towards meeting this requirement, as described in the LCAP.

## Update on Increased or Improved Services for High Needs Students in FY 2022-23

This chart compares what Sweetwater Secondary School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Sweetwater Secondary School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In FY 2022-23, Sweetwater Secondary School's LCAP budgeted \$743,575.00 for planned actions to increase or improve services for high needs students. Sweetwater Secondary School actually spent \$1,140,373.00 for actions to increase or improve services for high needs students in FY 2022-23.

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Sweetwater Secondary School	Allison Fleck School Coordinator	<a href="mailto:afleck@altusschools.net">afleck@altusschools.net</a> (858) 249-7019

## Plan Summary: 2023-24

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

In 2017, Sweetwater Secondary School (SSS) was established by the State Board of Education as a free public-school option serving students in grades 7-12. SSS is an academic intervention alternative centered on student motivation. It is our goal to place each student on a pathway to success.

**SSS received a Six-Year Accreditation Status by WASC through June 30, 2026.** SSS operates four neighborhood resource centers in Chula Vista, Bonita (2 locations) and Otay Ranch. Students and families visit these neighborhood resource centers by appointment, or as needed, to participate in the instructional program and meet with school staff in a quiet, distraction-free, and safe environment. SSS is a non-classroom based, independent study program.

SSS is part of Altus Schools. Altus Schools focus on academic improvement, high-caliber teaching, safe and supportive learning environments, and the development of role models for educational reform. At SSS, every student's progress and academic achievement is important to us.

Our teachers are committed to providing a personalized and rigorous academic experience for each student. Teachers are trained to work on specific student needs. We ask that students and parents commit to working closely with our teachers. Teachers are actively involved with students and families, engaging with parents on a weekly basis through formal meetings, home visits, phone calls, and emails. Families are considered part of the learning 'team' and an integral part of the learning process.

Our school's standards and expectations are high, and we are proud to offer safe and supportive environments that are conducive to learning. Instruction is presented individually and in small groups. Courses at SSS are based on Common Core State Standards and are infused with appropriate technology-based activities and assignments. We provide the best available materials and a school culture that is positive, supportive, and committed to putting kids first. In addition to providing a rigorous, personalized academic experience, SSS works to

alleviate social and personal pressures that can impact academic performance. We also have many partnerships and alliances to provide community resources to students and families.

**SSS is identified by the California Department of Education (CDE) as Dashboard Alternative School Status (DASS).** DASS schools must have an unduplicated count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups, to be eligible for DASS. The high-risk groups include the following:

- a) Expelled
- b) Suspended more than 10 days in a school year
- c) Wards of the Court
- d) Pregnant and/or parenting
- e) Recovered Dropouts
- f) Habitually Truant
- g) Retained more than once in kindergarten through grade eight
- h) Students who are credit deficient
- i) Students with a gap in enrollment
- j) Students with a high-level transiency
- k) Foster youth
- l) Homeless youth

In February 2023, SSS had a total enrollment of 402 students. Of these 402 students, 74% were Socioeconomically Disadvantaged, 25% were Students with Disabilities, 10% were GATE, 19% were English Learners, 7% were Homeless, and 0.2% were Foster Youth.

In addition, of these 402 students, 86% were Hispanic, 5% were White and 3% Black or African American. 6% of students were other ethnicities. See the Enrollment by Ethnicity graphic pie chart below.

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Sweetwater Secondary's Educational Partners are satisfied with the school's commitment to providing a personalized instructional program for all students. This personalized approach is the school's key instructional process: Pathways Personalized Education Plan (PPEP). A PPEP was created for each student this school year, then monitored and adjusted for all students to help them meet their academic goals. Along with the PPEP, the School's Instructional Plan utilizes a systematic approach to increase student outcomes: Instruction, Curriculum, and Professional Learning. School Educational Partners believe that these systems and structures have been beneficial supports for student engagement and achievement this year, and they continue to report that students and parents seek out the unique educational opportunities that Sweetwater Secondary offers as they look for a new approach to learning and the ability to graduate on time.

**According to the 2022 Dashboard, Grossmont Secondary's Dashboard Alternative Status School (DASS) One-Year Grad Rate was**

**87.3% for All Students.** While the DASS one-year graduation rate is only being reported for information purposes for DASS schools, educational partners believe that this continues to be a key indicator of the school's success. As seen in the table below, the school exceeded the 80% target for All Students and all other numerically significant Student Groups. The actions the school has implemented to increase academic engagement for high school students will continue to be implemented for the 2023-24 school year to ensure that students graduate on-time and are ready for a successful transition to their chosen college/career pathways. Grossmont Secondary will remain committed to improving the Graduation Rate for all students and closing performance gaps for all student groups.

### Graduation Rate by Student Group

Student Group	Number of Students in the Graduation Rate	Number of Graduates	Graduation Rate
All Students	110	96	87.3%
English Learners	10	*	*
Foster Youth	1	*	*
Homeless	11	9	81.8%
Socioeconomically Disadvantaged	70	59	84.3%
Students with Disabilities	6	*	*
African American	5	*	*
Filipino	10	*	*
Hispanic	88	78	88.6%
White	3	*	*
Two or More Races	4	*	*

**The school was satisfied with the 2022 Chronic Absenteeism rate for students in grades 7-8.** According to the 2022 School Dashboard, 9.4% of students were chronically absent for the school year. Sweetwater Secondary's Chronic Absenteeism Rate is significantly

better than the State's average (30%). School staff will continue to focus on reducing Chronic Absenteeism for all students by increasing academic tutoring opportunities, providing targeted counseling and intervention, and removing potential learning barriers by providing students with home technology. Educational partners believe that the school will continue to demonstrate improvement in this area.

**Sweetwater Secondary's educational partners are pleased with the 2022-23 academic achievement results, specifically the percentage of students who met their individual NWEA Growth Targets in English Language Arts and Mathematics in spring 2023.** The goal is to have at least 60% of students meet their individualized NWEA Growth target. Results for 2022-23 are provided below:

- 68% of students tested met their NWEA Reading Growth Target
- 74% of students tested met their NWEA Language Growth Target
- 74% of students tested met their NWEA Math Growth Target

**Educational partners were satisfied to see that 50% of English Learners are making progress towards English language proficiency or maintain the highest level, as measured by the Summative ELPAC.** Therefore, Grossmont Secondary's 2022 English Learner Progress Indicator (ELPI) published in the School Dashboard meets the State average. The school's comprehensive English Learner Plan is supporting the development of EL students' proficiency in English and in the core curriculum.

**Sweetwater Secondary's Conditions & Climate remains a strength of the educational program.** For the 2022-23 school year, Sweetwater Secondary's Suspension Rate on the School Dashboard was 0%. This is significantly better than the State's average which is 3.1%. Providing Sweetwater Secondary students with a healthy, safe, and welcoming environment is most important because a high percentage of students choose to enroll to 'get away from negative experiences' at their previous school settings.

The School surveyed students and parents throughout the 2022-23 school year to ensure a strong School-to-Home Partnership. Based upon Student and Parent LCAP Engagement Surveys, it is evident that students and parents are satisfied with the educational program. Some of the key survey findings are provided below.

#### **School Safety:**

- 99% of parents report that they feel their child is safe at school.
- 98% of students report that they feel safe at the Resource Center.

#### **Educational Program:**

- 100% of parents report high levels of satisfaction with school.

- 98% of students report high levels of satisfaction with the school.

Sweetwater Secondary's educational partners believe that the school has successfully maintained high levels of student engagement by providing students with synchronous one-on-one academic tutoring and ongoing small group instruction. Instructional staff stay in regular contact with students and family members by utilizing a variety of communication methods, including virtual conferences, secure text messages, emails, phone calls, and home visits. These systems and supports have helped students thrive as reflected in our Student Confidence Survey and Cumulative Participation Rate.

#### **Student Confidence Survey:**

- As of February 2023, 93% of students have a greater sense of confidence in their ability to learn and succeed in school within 90 days of enrolling at Sweetwater Secondary.

#### **Cumulative Attendance/Participation Rate:**

As of March 2023, the school's cumulative attendance rate is 92.8%. This exceeds the 84% attendance target the school set for the 2022-23 school year. Significant student groups, including Hispanic or Latino, White, Black/African American, Students with Disabilities, English Learners, Homeless, and Socioeconomically Disadvantaged students also exceed the school's target. The academic support and engagement methods utilized by instructional staff will continue to be implemented in the 2023-24 school year while also enhancing these approaches to meet the needs of all students, particularly the lowest performing student groups.

## **Reflections: Identified Need**

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to the COVID-19 pandemic, state law allows the 2022 School Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of the five Status levels (ranging from Very High, High, Medium, Low and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High).

Based upon a thorough analysis of the 2022 School Dashboard, the school will continue to focus resources and develop strategies to improve in the areas identified below:

- According to the 2022 School Dashboard, All Students scored 120.3 points below standard on the **Summative Mathematics Smarter Balanced Assessments**. This is considered a Very Low status level and will continue to be a critical area of focus for the school. Additionally, the Hispanic and Socioeconomically Disadvantaged student groups achieved a Very Low status level as well. The school will continue to refine and implement a systematic approach of curriculum, instruction, and professional learning to improve mathematics achievement for All Students and significant student groups. Furthermore, the school will continue to administer Interim Assessments to students to provide testing practice opportunities for students and obtain performance data that instructional staff can use to provide intensive academic intervention to those students who are at-risk of not meeting grade level standards. Teachers will also receive individualized professional learning from the school's math specialist focused on meeting the unique needs of each student.
- For **English Language Arts**, All Students scored 15.2 points below standard on the Summative ELA Smarter Balanced Assessments in 2022. This is considered a Low status level. Both Hispanic and Socioeconomically Disadvantaged student groups achieved a Low status level as well. Similarly, to Math, the school will consider ELA to be a critical area of focus for the 2023-24 school year. The school will strive to enhance current systems and structures to improve ELA achievement for All Students and significant student groups. The school will analyze formative and summative assessment data throughout the school year to determine areas of weaknesses, particularly claims and targets and provide targeted instruction in those areas.
- The school's **Combined Four-and Five-Year Graduation Rate** for 2022 was 66.4%. This is considered a Very Low status level. Both Hispanic and Socioeconomically Disadvantaged student groups achieved a Very Low status on this indicator as well. It should be noted that prior to 2022, the California Department of Education utilized the One-Year Grade Rate as a modified method for DASS schools. However, beginning with the 2022 School Dashboard, the DASS one-year graduation rate is being reported for information purposes only to provide data for local planning and analyses. With the denial of California's waiver in 2022 by the U.S. Department of Education to continue the use of the DASS one-year graduation rate and modified methods, this rate is no longer being used to determine DASS high schools for Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI). Rather, the combined four- and five-year graduation rate is now applied. While the school will continue to focus on improving the combined four- and five-year graduation rate, the school excelled in the DASS One-Year Grad Rate provided by the CDE (see table provided in the Reflections: Successes).
- While the **College/Career Indicator** (CCI) was not reported in the 2022 California School Dashboard, the school wants to increase the number of graduates who are meeting the Prepared criteria. To improve in this area, counselors will focus on recruiting and advising students on enrolling in CTE Pathways, Early College Credit Programs and Leadership/Military Science coursework. The school will also refine monitoring efforts focused on how each student is progressing towards meeting the CCI Prepared criteria.

Educational partners believe that professional learning is key to continued improvement and success on School Dashboard Indicators. Therefore, the school's Professional Learning System, Altus University, will provide instructional staff with specialized trainings focused on increasing engagement and achievement for specific student groups, including AVID, Trauma Informed Practices for Schools (TIPS), Youth

Mental Health First Aid (YMHFA), Leading Edge Certification (LEC), and Writing Redesigned for Innovative Teaching and Equity (WRITE).

The school remains committed to engaging and educating parents and family members through the Family Learning Series, which also serves as the school's Parent Advisory Committee (PAC). The Family Learning Series will be a series of trainings led by school staff focused on providing parents and family members with information, training, and collaboration opportunities related to academics, physical health, social-emotional, and behavior.

The school's Equity and Inclusion (E&I) staff will collaborate regularly with school leadership, teachers, education specialists, counselors, and school nurses to discuss the unique needs of student groups and explore potential solutions. E&I staff will work on expanding the School's Multi-Tiered System of Supports (MTSS) by establishing partnerships with community-based organizations that can provide additional academic, mental health and behavioral services to students and family members.

## LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2023-24 LCAP highlights the school's priority to transform student lives and ensure equity and access. The development of the LCAP aligns to the school's Strategic Planning Process. Educational partner input is analyzed, along with student demographics and achievement data to identify program goals, Metrics, and actions that will ensure all students are meeting rigorous academic standards.

**Goal 1: Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.**

### **Key Actions and Services for All Students:**

- Systematic Approach to Monitor Student Learning
- Pathways Personalized Education Plan (PPEP)
- Multi-Tiered System of Supports (MTSS)

### **Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Equity and Inclusion Program
- English Learner Achievement Department (ELAD)
- Additional Math and ELA tutoring opportunities focused on increasing student engagement and credit completion

**Goal 2: Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and are accessible to All Students.**

**Key Actions and Services for All Students:**

- Altus Pathways Advisory Council (APAC)
- UC a-g and NCAA approved course offerings list
- Accelerated, Honors and AP courses
- Multiple high quality and relevant CTE Pathways
- Early College Credit Program

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Connect Program: Chromebooks and internet data plans for students to use at home
- Instructional and curriculum enhancement tools: Achieve3000, BrainPOP ESL and Edgenuity MyPath Individual Learning Plans

**Goal 3: Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.**

**Key Actions and Services for All Students:**

- Altus University, professional learning system
- Leading Edge Certification, a national certification for educational technology
- Leadership development for staff: Executive Studies and Fellows Program
- CTE and Early College Credit Program professional learning
- Youth Mental Health First Aid
- ALICE Training: responding to a violent critical incident

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Math Specialist to provide support and coaching for instructional staff
- Writing Redesigned for Innovative Teaching Equity (WRITE)
- English Learner Achievement Department (ELAD) trainings
- Trauma Informed Practices for Schools (TIPS)
- Advancement Via Individual Determination (AVID)

**Goal 4: Provide a safe environment and supportive school culture for all educational partners to teach and learn.**

**Key Actions and Services for All Students:**

- Executive School Safety Committee
- School Safety Plan
- Designated Safety Ambassadors at each resource center
- Healthy Youth Department
- Character and Leadership Development with Cadet Corps

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Mental health counseling and services
- Resilience in Student Education (RISE) series
- Meal Program at all school sites
- Homeless and Foster Youth Liaison

**Goal 5: Provide innovative, engaging and a community-based resource center to service and support students, parents and family members.**

**Key Actions and Services for All Students:**

- Student and parent engagement activities, including College/Career Week, Alumni Community, Open House, and Senior Night Events
- Family Learning Series, education and collaboration opportunities for parents and family members
- ParentSquare, a united and secure school communication platform
- Innovative and technology enhanced resource centers

**Targeted Actions for English Learners, Low Income Students and Foster Youth:**

- Family Resource Night
- Interactive and engaging English Learners Advisory Committee (ELAC)
- ELD Progress Reports, multilingual materials

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Sweetwater Secondary School (SSS) is eligible for CSI.

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Beginning with the 2022 School Dashboard, DASS schools received the Combined Four-Year and Five-Year Graduation Rate, and this rate determined SSS's eligibility for CSI.

In prior years, the DASS Graduation Rate was used for accountability for DASS schools because they serve highly mobile and credit-deficient students. However, this is no longer allowable due to concerns raised by the U.S. Department of Education (ED) regarding California's use of a DASS modified graduation rate and academic indicator on the Dashboard. The ED issued a subsequent decision in August 2022 to decline a waiver request from the SBE of the requirements of the Every Student Succeeds Act (ESSA) to allow for continued use of the DASS graduation rate.

While SSS's Combined Four-Year and Five-Year Graduation Rate was 66.4%% for 2022, the school's DASS One-Year Graduation Rate was 87.3%. Clearly, SSS has excelled at the DASS One-Year Graduation Rate. However, SSS's educational partners believe that the Combined Four-Year and Five-Year Graduation Rate may not be the most appropriate Metric to measure the school's ability to engage high school students, for the following reasons:

- Many students enroll at SSS credit deficient and not on-track to graduate within four or five years because of challenges they faced at their previous schools.
- The Combined Four-Year and Five-Year Graduation Rate only includes students who earn a 'regular high school diploma' and excludes High School Equivalency Certificate (e.g., CHSPE, GED, and HiSET).

While the Combined Four-Year and Five-Year Graduation Rate calculation method may be unfavorable to a DASS school, the **school community is committed to continuous improvement and performance excellence.**

The school's CSI Plans were **jointly developed** by educational partners, including teachers, staff, students, parents, and family members. Meaningful educational partner feedback was collected throughout multiple collaborative settings: surveys, school events, meetings, conferences, and trainings. Feedback was collected, organized, and analyzed by the school to determine the educational needs of all students and formulate programs, services, and allocation of resources. Additionally, educational partner involvement contributes to the CSI Plan development in several important ways: identification and refinement of needs based on data analysis, creation of goals, establishment of metrics, designation of activities, and resource allocation.

Educational partners participated in a **Needs Assessment** which considers the needs of students who are failing, or at risk of failing, to meet state academic standards. Educational partners followed an **Improvement Science Protocol** to determine achievement gaps, focused on the current state of graduation rates and the school's ideal rates of growth. Educational partners analyzed a variety of data and information related to student engagement and achievement, including all Dashboard Indicators, Measures of Academic Progress by NWEA, and Monthly Storybook Reports.

All data compiled and analyzed by stakeholder groups included historical and trend data for All Students and unduplicated student groups. As part of the Needs Assessment, educational partners analyzed **Resource Allocation** by category. Educational partners came to a consensus that school resources are appropriately allocated to supporting the needs of all students. **Therefore, no resource inequities were identified.** There is agreement that the school's instructional model is designed to support the needs of the lowest achieving student and potentially highest risk. Educational partners believe that the PPEP provides instructional staff with a systematic approach to support the academic and social-emotional needs of all students.

The school utilized a **Continuous Improvement Framework** that cultivates a problem-solving approach and close observation of the system that is producing the outcomes. This continuous improvement framework is essential to sustain program improvement. There are five fundamental steps in this process: 1) Inform, 2) Select, 3) Plan, 4) Implement and 5) Analyze. At the core of each continuous improvement process and step, educational partners engage in evidence-based decision making and reflection. Educational partners followed this continuous improvement framework while developing a systematic plan to improve graduation rate. The initial step was focused on analysis and educational partners investigated school needs, historical trends, potential challenges/barriers, and current strategies and interventions. The following key themes emerged as impacting the school's graduation rate:

- On average, high school students enroll below grade level in English Language Arts and Mathematics skills/knowledge, as measured by NWEA, and need high-quality instruction and rigorous materials to close potential achievement gaps.
- Students need additional small group and one-on-one tutoring in core classes to meet credit completion pacing requirements.

- Students and families, particularly socioeconomically disadvantaged households, need access to Chromebook and/or home internet to have full and equal access to the educational program.
- Students need programs and services such as Naviance, AVID, Pathways Portfolio, Cadet Corps, CTE Pathways, Advanced Placement (AP), and Early College Credit which are designed to engage and prepare students for post-secondary pathways.
- Counselors play a crucial role is assisting students with their college and career planning, including academic guidance, college research, application assistance, career exploration, financial aid, scholarships, personal/social support, and college transition support.
- Students need access to social-emotional learning opportunities and support/resources to remain engaged and achieve in school.

Based upon the Needs Assessment results, the school engaged in a comprehensive selection process to identify allowable CSI activities that build capacity, are evidence-based, and address the school's need to increase Graduation Rate. As a result, the school has integrated specific actions and services into the 2023-24 LCAP which are designed to improve Graduation Rate:

- **Goal 1, Action 3:** Recruit and hire additional instructional support staff that are designed to support the educational program. These additional support staff will allow teachers to focus on delivering instruction and provide additional support for students who need it the most.
- **Goal 1, Action 4:** Provide a high dosage tutoring program to students focused on intensive and targeted instruction over an extended period. This will involve one-on-one or small group instruction, allowing high-quality tutors to tailor their approach to individual needs.
- **Goal 2, Action 2:** Provide Chromebooks and internet services to students in need to enhance educational opportunities, create equal access to information, improve collaboration and communication, build digital literacy and technological skills, access personalized learning, and access career readiness tools and platforms.
- **Goal 2, Action 3:** Provide an Early College Credit Program that allows high school students to take college courses and earn college credits while attending high school. The Early College Credit Program is free to eligible students to increase the number of low socioeconomic status students who can attend and complete college.
- **Goal 2, Action 3:** Counselors will provide guidance, advising, and training to students and family members focused on preparing for college/career pathways.

- **Goal 3, Action 1:** Professional development for staff focused on implementing the school's MTSS with fidelity to ensure that the 'Whole Child' is being supported.
- **Goal 3, Action 2:** Specialized professional development for staff focused on utilization of evidence-based instructional strategies and rigorous materials to quickly close potential achievement gaps that may exist in Math and ELA, specifically for historically underserved student groups.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The school has added the **Combined Four-Year and Five-Year Graduation Rate Metric into LCAP Goal 1**. The desired outcome is to improve 3% annually on this Metric; or exceed the County DASS schools' average or State DASS schools' average. The school's Data Department staff analyzed results of the 2022 Dashboard and determined that the State DASS school average was 57.3% and San Diego County DASS school average was 55.1%.

For the 2023-24 school year, school leadership will continue to implement, analyze, and enhance the strategies, and supports embedded in the CSI Plan as part of the Continuous Improvement Framework. To monitor and evaluate the effectiveness of the CSI Plan services and support, the school will use multiple assessment tools, data analysis protocols, and will include key educational partners. To ensure continuous improvement, educational partners will review data published in the School Dashboard, Monthly Storybook Reports, and Survey Results to determine if the CSI Plan has been effective in addressing the areas of need for all students, but especially for the lowest-achieving students. Educational partners will utilize evaluative methods, particularly guiding questions for quantitative and qualitative data analysis, provided by the San Diego County of Office Education (SDCOE) to determine program effectiveness.

The following school departments and personnel will support the monitoring of designated strategies and interventions for high school students:

#### **School Data Department**

- Publish a Monthly Storybook that includes the number of students assigned to the Early College Credit Program, intervention frequency/methods, participation/attendance, and credit completion rates.
- Provide teachers, counselors, and instructional leaders with a quarterly SharePoint Technology Tool to monitor and respond to grade 12 students marked as 'not on-track' to graduate.

#### **School Curriculum & Professional Learning Department**

- Develop an annual Professional Development Catalog and adjust training topics and formats throughout the year based upon instructional staff feedback and teaching and learning data.
- Publish a monthly professional development (PD) report that summarizes the number of PD hours completed per teacher and in each content domain.

### **School Leadership**

- Monitor and evaluate effectiveness of actions and interventions at weekly team meetings by analyzing comprehensive school data.

### **Instructional Leaders**

- Meet with all teachers in July, October, and January to review individual students' progress towards graduation.
- Conduct ongoing teaching observations, September 2023 to April 2024, to ensure teachers and tutors are providing high-level, targeted instruction that supports the needs of the lowest achieving students. Observations will also be focused on the use of grade-level curriculum, technology tools, and the integration of TIPS and AVID instructional strategies.

### **School Counselors**

- Meet weekly with instructional leaders to discuss and collaborate on students entering Tier II and Tier III interventions, as prescribed in the school's MTSS.
- Ongoing utilization of the School Pathways Student Information System to monitor high school student progress towards graduation.
- Meet weekly with instructional leaders to discuss grade 12 student participation and credit completion rates.

### **Teachers**

- Ongoing utilization of monitoring tools, including Grad Countdowns and Student Participation/Credit Trackers as instruments to identify students at-risk of not graduating on-time.

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

The school regularly consults with educational partners throughout the school year to understand the academic, social-emotional, and physical needs of students and families. The school utilizes multiple methods to conduct **meaningful engagement**, including school events, trainings, meetings, committees, and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents, and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**The school has partnered with educational partners to develop the 2023-24 LCAP** which is focused on improving student outcomes and closing achievement gaps for underserved student groups. Educational partners have contributed to the LCAP development in several important ways: 1) Identification and refinement of needs based on data analysis, 2) creation of goals, 3) establishment of Metrics, 4) designation of actions/activities, and 5) resource allocation. The following educational partner groups have contributed to the development of the LCAP with the corresponding methods:

## **School Leadership Team**

Date: August 1-5, 2022

Involvement Method: Annual Strategic Planning

## **Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: August 19, 2022; August 24, 2022

Involvement Method: Annual Instruction, Curriculum and Accountability Symposium

## **Board of Directors and Community**

Date: August 31, 2022

Involvement Method: Board Meeting

## **Parents and Family Members**

Dates: July 27, 2022; August 10, 2022; September 14, 2022; September 28, 2022; November 2, 2022; December 14, 2022; January 25, 2023; February 15, 2023; March 1, 2023; April 12, 2023

Involvement Method: Family Learning Series

## **Board of Directors and Community**

Date: September 6, 2022

Involvement Method: Board Meeting

**Students, Parents and Family Members**

Date: October 3-28, 2022

Involvement Method: School Open House Events

**All Staff**

Date: October 7, 2022

Involvement Method: Altus University Fair and All Staff Meeting

**Parents of English Learner Students**

Date: October 27, 2022

Involvement Method: English Learners Advisory Committee

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: October 28, 2022

Involvement Method: Instructional Meeting

**Special Education & SELPA Collaboration**

Date: September 23, 2022

Involvement Method: Special Education Compliance Clinic

**Students, Parents, Teachers and Staff**

Date: November 9, 2022

Involvement Method: School Site Council Meeting

**Board of Directors and Community**

Date: December 7, 2022

Involvement Method: Board Meeting

**All Staff**

Date: January 20, 2023

Involvement Method: Altus University Fair and All Staff Meeting

**Administrators, Teachers, Education Specialists, CTRs and Counselors**

Date: January 27, 2023

### **Board of Directors and Community**

Date: June 22, 2023

Involvement: Regular Board Meeting

The school's 2023-24 LCAP was presented to the community at a public hearing of the school's governing board. The agenda was posted at least 72 hours prior to the public hearing and was made available for public inspection.

### A summary of the feedback provided by specific educational partners.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Information collected is used in the school's comprehensive strategic planning, accountability and improvement in areas specified as California State Priorities. A summary of the input collected from each school community group is provided below, along with how it relates to development of the 2023-24 LCAP.

#### **Students:**

- Access to safe and supportive in-person school locations that are quiet and distraction free.
- A broad course of study, which includes engaging and relevant instructional materials and curriculum.
- Teachers who are available to answer questions, set high academic expectations for students and keep them on-track to advance grade level or meet graduation requirements.
- Multiple pathways to complete high school graduation requirements: Option #1, Option #2, CHSPE, GED and HiSET.
- Information, support, and planning related to post-high school pathways: community college, university, military, and career.
- Ongoing opportunities to participate in field trips that are relevant to their interests and post-high school plans.
- Variety of Meal Program options in the resource center.
- Recognition for academic achievements and accomplishments.

- Assignments and projects that include relevant current events.

**Parents, Family Members and Advisory Committees:**

- Highly trained teachers that can provide a personalized educational plan that prepares students for college/career pathways.
- Additional support and training related to planning for college and financial aid information.
- Ongoing opportunities for students to practice peer-to-peer collaboration on assignments and projects.
- Safe and supportive resource center that student can access throughout the school week to receive academic tutoring, interact with peers, and meet with support staff.
- Ongoing communication from instructional staff regarding their child's academic progress, engagement, and important school events.
- Supplemental math tutoring to build foundational skills and increase credit completion.
- Information and support accessing community-based partners.
- Provide Chromebooks and internet data plans to students in need of home technology.

**Parents of English Learners, including English Learner Advisory Committees:**

- Ongoing utilization of Achieve3000 and BrainPop to increase student reading skills and build content knowledge.
- Utilization of Zoom translation features for ELAC meetings.
- Translated school materials and availability of interpreters for calls and meetings.
- Share more strategies, resources, and tools for parents to support learning at home.
- Information related to their child's English language development throughout the school year, including test scores, academic grades, credit completion.

- Additional one-on-one tutoring opportunities.
- Specialized instructional videos designed to be more engaging and accessible by English Learner students with an IEP.

**Teachers and CTRs:**

- Additional instructional support staff to help meet the academic needs of students and support the instructional program.
- Continue to offer virtual professional development and meetings through Microsoft Teams, which will reduce teacher travel time.
- Professional development focused on identification/response to signs and symptoms of mental health challenges.
- Expanded professional development on how to respond to a violent incident, including active shooter.
- Provide mental health counseling sessions to students to address problems or issues.
- Resource centers designed to mitigate potential safety issues, including automatic locking doors, reinforced glass windows and other exterior precautions.
- Continue to provide student laptops and charging carts in resource centers.
- Enhanced communication system that school leadership can use to push-out school information to students, parents and family members.

**Education Specialists, Special Education Staff and SELPA Administrator:**

- Frequent collaboration opportunities with general education staff, focused on increasing student engagement and achievement of pupils with exceptional needs.
- Additional special education support staff to assist education specialists with organization, scheduling, and administrative tasks.
- Professional development and support related to Special Education compliance, assessment, differentiating instruction and case management best practices.

- Specialized literacy program/materials to support Students with Disabilities who are identified as struggling readers by the IEP Team.
- Student engagement and achievement data, which is disaggregated by Students with Disabilities, to utilize in Professional Learning Communities.
- Outreach and recruitment focused on enrolling more SWDs in Early College Credit Programs and Career CTE Pathways.
- Private office space for confidential IEP meetings.

**Administrators:**

- Teaching and learning environment that is in good repair, clean and safe for all educational partners.
- Additional instructional support staff to provide targeted tutoring to students in one-one-one and small group settings, primarily focused on Mathematics and ELA.
- Chromebooks and internet data plans for students in need of home technology to access the full curriculum and participate in online instruction.
- Engaging annual school events, including Family Night, College and Career Week, and Senior Night that provide educational partners with high-quality content and opportunities to ask clarifying questions related to the educational program.
- Utilize Ellevation to inform the instructional planning process for English learner students.
- Ongoing refinement of the MTSS to ensure that it is adequately responding to the unique needs of all students.
- A professional learning system focused on standards-based instruction, implementation of ELD and responding to social-emotional and mental health needs of students.
- Market and recruit more students to participate in programs focused on college/career readiness, including Early College Credit, CTE Pathways, AVID and California Cadet Corps.
- Implement strategies focused on increasing the number of graduates who complete UC a-g requirements.

Recruit more parents and family members to participate in school events, including Family Learning Series.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

It is evident that educational partners are satisfied with many of the existing actions designed to support student engagement and achievement for all students. For that reason, the school will maintain five LCAP goals for the 2023-24 school year. These five goals address the instructional approach, curriculum, professional development system, school climate and family engagement. Each LCAP Goal, along with their corresponding Metrics are aligned to State and Local priorities. Metrics included in the 2023-24 LCAP are focused on Status and Change, similar to the California School Dashboard's Five-by-Five Placement approach. There are some Metrics that use a locally set target based upon historical outcomes or may be appropriate for a school that serves a high-risk student population (DASS).

Based upon information collected from **students**, the school has added the following Actions to the 2023-24 LCAP:

- The school will continue to focus on recruiting and hiring qualified instructional support staff, including CTRs, RCAs, and LAs, to provide additional academic tutoring opportunities in-person and online.
- Recruit additional students to participate in AVID Program, which is designed to create a 'college going mindset' but also provide ongoing peer-to-peer interaction and collaboration.
- School instructional leaders will collaborate with teachers to plan ongoing field trips throughout the school year. Students continue to express in surveys that they want field trips that match their interests and post-secondary plans.
- The school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways.
- Increased access to counselors and college information/planning sessions.
- Full implementation of AVID Program to provide additional Social and Emotional Learning opportunities.

After examining feedback from **parents of English Learners**, the school will initiate the following 2023-24 LCAP Actions:

- Provide families of English Learners with ELD progress reports, aligned to the CA EL Roadmap.
- Full utilization of Zoom translation features to engage non-English speaking families.
- Additional tutoring opportunities for English Learner students focused on building Language skills and effective study habits.

Information collected from **parents and family members**, led the school to develop the following LCAP Actions for 2023-24:

- More information and support related to college and career planning.
- Additional opportunities for students to interact peer-to-peer in the school setting.
- Access to community-based partnerships that focus on health and wellness, particularly physical fitness and mental wellbeing.

- Engaging school events, including a Family Resource Night to increase parent involvement and awareness of educational programs and services designed to improve student academic achievement.

After evaluating feedback from **teachers and staff**, the school will initiate the following 2023-24 LCAP Actions:

- Targeted recruitment for instructional support staff to support that can provide high-quality academic tutoring in the core subjects.
- Expand Early College Credit opportunities to all students.
- Training focused on contemporary topics impacting the lives of youth and how educators can support and provide resources.
- Mental Health & Wellness Hub to quickly access information for students and families.
- Develop a mental health student referral process that is streamlined and user-friendly.
- Research potential futuristic teaching and learning methods, including Virtual Reality platforms.

By analyzing feedback from **special education staff**, the school has designed the following 2023-24 LCAP Actions:

- Additional college and career planning support for Students with Disabilities (SWDs) focused on successful post-secondary transitions.
- Integrate a specialized literacy program into the school's MTSS, Ascend SMARTER Intervention, as a targeted academic intervention for SWDs.
- Recruit SWDs to participate in AVID and Character and Leadership Development Programs to support their social-emotional learning needs.

Based upon feedback from **administrators**, the school will implement the following 2023-24 LCAP Actions:

- Targeted recruitment of instructional support staff that can provide high-quality one-on-one and small group instruction to students at risk of or failing to meet content standards.
- Create and implement an individualized Gifted and Talented Education (GATE) Plan for all identified students.
- Full implementation of AVID Program to build strong foundational skills, facilitate peer-to-peer collaboration, and create a college going mindset for students.
- Improve reporting Language development progress with families of English Learners, focused on ELPAC results, credit completion, local assessment data, and teacher observations.
- Utilize a 5D+ Rubric during teaching observations to elevate teaching pedagogy.
- Embedded Zoom training and support for staff in the Altus University Calendar.
- Improved alignment of English Learner Training with the CA EL Roadmap.
- Additional training focused on meeting the unique needs of newcome, immigrant, and refugee students who may be new to the community or school system.

- Ongoing training for staff focused on contemporary issues facing youth, but with emphasis on building school practices of equity and inclusion.
- Facility ticketing and monitoring system to ensure resource centers remain in good repair status.
- Facility card access control system to manage guest entry as a school safety precaution.
- Evaluate the California Healthy Kids Survey results to determine future school planning as it relates to MTSS.
- Develop a LCAP Infographic to summarize Goals, Actions, Expenditures for educational partners and community members.

# Goals and Actions

## Goal

Goal #	Description
<b>Goal 1</b>	Provide a personalized and innovative instructional program focused on increasing student engagement and academic achievement in performance areas that are appropriate for a school participating in the Dashboard Alternative School Status Program.

An explanation of why the LEA has developed this goal.

SSS is an academic intervention program uniquely designed to support students experiencing educational difficulties for a variety of reasons. Historically, students enroll at SSS credit deficient and below grade level in Reading, Language, and Mathematics skills, as measured by NWEA. Therefore, SSS is committed to developing and implementing a Pathways Personalized Education Plan for all students with the objective to accelerate student learning for those behind grade level in academic skills while helping them meet their individual educational goals and be college/career ready.

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Systematic Approach to Monitor Student Learning for All Students	<p>a) School staff will administer Measures of Academic Progress by NWEA to students in the fall and spring semesters to make data-informed decisions related to curriculum and instruction to close ELA and Mathematics achievement gaps.</p> <p>b) School staff will administer the Smarter Balanced Interim Assessments to evaluate student mastery of grade level standards in ELA and Mathematics and create opportunities for instructional staff to analyze student data and develop systematic methods to improve student learning.</p> <p>c) Instructional staff will integrate Illuminate formative and summative assessments into the core curriculum to assess student learning, analyze achievement, and adjust teaching methods to meet the needs of all students.</p>	\$6,479	No

Action #	Title	Description	Total Funds	Contributing
Action 2	Evaluate and Support English Language Proficiency for English Learners	<ul style="list-style-type: none"> <li>a) School staff will administer a Home Language Survey to assess students enrolling for the first time in the state or country for initial English language proficiency and determine English Learner plan implementation.</li> <li>b) Instructional staff will administer the ELPAC to measure progress toward English proficiency, to inform instructional planning, supplemental support, language intervention, and to aid reclassification decisions.</li> <li>c) Instructional staff will develop IEPs for English Learners with disabilities that include academic goals for student language development.</li> <li>d) Based upon data analysis, ELAD will develop best practices for using data to inform Curriculum, Instruction, Family Engagement and Professional Learning Systems.</li> <li>e) Instructional staff will develop and implement evidence based formative and summative English Language proficiency assessments in one-on-one and/or small group tutoring to measure language skills.</li> <li>f) Instructional staff will deliver Integrated English Language Development (ELD) to support all English Learners with their acquisition of core content knowledge.</li> <li>g) Instructional staff will deliver Designated English Language Development (ELD) instruction through blended ELD courses to all English Learners according to grade level and language proficiency, and EL typology to support their development of critical language skills needed for content learning in English.</li> </ul>	\$204,200	Yes

Action 3	Academic Instruction and Support for All Students	<ul style="list-style-type: none"> <li>a) Human Resources staff will recruit and hire instructional staff to engage At-Promise youth and support their achievement – particularly additional RCAs, LAs and CTRs to support the instructional program.</li> <li>b) School staff will collect student educational records to aid in the creation of each Pathways Personalized Education Plan, including transcripts, report cards, attendance history, behavior records and 504 or IEP Plans, if applicable.</li> <li>c) Teachers will design, develop, implement, monitor, and adjust a Pathways Personalized Education Plan (PPEP) for every student based on educational records, assessment data, academic performance, and post-secondary goals.</li> <li>d) Instructional Staff will utilize School Pathways Student Information System (SPSIS) to report student attendance, document MTSS efforts, monitor student progress, and record grades.</li> <li>e) Instructional staff will utilize Naviance Program to support the successful postsecondary planning and collect information related to learning styles and preferences.</li> <li>f) Counseling staff will provide students with multiple pathways to earn a high school diploma, or equivalent, to increase successful student outcomes and transition to post-high school pathways.</li> <li>g) Teachers will provide tutoring sessions in Math and ELA that scaffold student skills to master course objectives and content standards and provide opportunities for live interaction to increase student connectedness to school.</li> <li>h) Teachers will provide academic tutoring sessions that are interactive with online video tutorials from both teachers and field experts that engage students in real-world applications and problem-</li> </ul>	\$1,078,249	No
----------	---	--	-------------	----

Action #	Title	Description	Total Funds	Contributing
		<p>solving scenarios.</p> <p>i) Instructional staff will provide SBA Training Academies in April to prepare students for key Math and ELA claims and targets.</p> <p>j) The School Coordinator will support implementation of the school's Multi-Tiered System of Support (MTSS), which quickly matches the academic, behavioral, and social-emotional needs of all students and monitors the response to intervention.</p> <p>k) School staff will provide ongoing field trips that focus on student career and college pathways interest.</p> <p>l) Provide Gifted and Talented Education (GATE) for all identified students by specially trained teachers focused on inspiring students to utilize their talents and intellect to realize their full potential within an enriching academic environment.</p>		

Action #	Title	Description	Total Funds	Contributing
Action 4	Academic Instruction and Support for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Additional instructional support staff, including Resource Center Associates (RCAs), Learning Associates (LAs) and Certificated Teacher Resources (CTRs) to provide targeted tutoring to increase academic progress and completion rates for required graduation coursework.</li> <li>b) Partner with a community-based organization that can provide high-dosage tutoring opportunities throughout the school week focused on developing effective study habits and improving Math and ELA proficiency.</li> <li>c) Full implementation of the AVID program to build healthy learning habits, reading, writing, and critical thinking skills as well as deep content knowledge for college and career readiness.</li> <li>d) Counselors will provide additional support related to the academic, social-emotional and behavior needs of the lowest-achieving students.</li> <li>e) Equity and Inclusion (E&amp;I) Department staff to collaborate with school personnel to identify/respond to the educational needs of unique pupils, and coordinate services and resources to aid students and family members.</li> <li>f) Homeless and Foster Youth Liaison to coordinate with school staff to ensure appropriate enrollment processes, course planning, and school services to qualifying students.</li> </ul>	\$760,880	Yes

Action #	Title	Description	Total Funds	Contributing
Action 5	Academic Instruction and Support for Students with Disabilities	<p>a) Special Education staff to ensure that all Students with Disabilities receive FAPE through the implementation of services, accommodations, modifications, and supplementary aids as outlined in each student's IEP.</p> <p>b) Specialized Academic Instruction (SAI) provided by Education Specialists.</p> <p>c) Standards-based instruction is differentiated for students with IEPs and Education Specialists consult with general education teachers to implement accommodations and modifications in core curriculum and to customize learning activities to ensure accessibility through principles of Universal Design for Learning.</p> <p>d) Utilize Ascend SMARTER Intervention, to provide evidence-based literacy instruction to Students with Disabilities.</p>	\$1,069,760	No
Action 6	Systematic Monitoring of Academic Performance for All Students	<p>a) Data and Assessment Department staff will collect, analyze, and disseminate key performance measures aligned to student achievement and publish in Monthly Storybooks, including Student Participation, Chronic Absenteeism Rates, Credit Completion, Potential Dropout Rate, AP Course Reports and Naviance Student Confidence Rate.</p> <p>b) School staff will utilize the School's Data Integration System, including Naviance, NWEA, Illuminate and Achieve3000 to inform Curriculum, Instruction, E&amp;I and Professional Learning Systems.</p> <p>c) Instructional staff will utilize a Graduation Rate SharePoint Technology instrument to monitor individual student progress towards graduation and assist school staff in making real-time schoolwide projections for this engagement indicator.</p>	\$36,672	No

Action #	Title	Description	Total Funds	Contributing
Action 7	Systematic Monitoring of Academic Performance for English Learners, Low-Income students, and Foster Youth	<p>a) Instructional staff will utilize Ellevation as a monitoring system for all English Learner, including Long-Term English Learners, newcomer, and Reclassified Fluent English Proficient (RFEP) students to ensure adequate academic progress and align instructional and supplemental supports as needed.</p> <p>b) Instructional staff will monitor Long-Term English Learners (LTELs) and Reclassified Fluent English Proficient (RFEP) students through the PPEP Phase Meetings in July, October, and January.</p> <p>c) School leadership will develop a semesterly English Language Development progress report card aligned to the CA EL Roadmap to include designated ELD course completion, attendance, and progress towards reclassification.</p> <p>d) Teachers will provide all English Learner families with the ELD progress report card and opportunities to meet and discuss academic goals and needs.</p> <p>e) Data and Assessment Department staff will prepare a Monthly Storybook that summarizes English Learners, Low-Income students, and Foster Youth performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism and Credit Completion to inform the decision-making progress related to instruction, curriculum, equity/inclusion, and professional learning systems.</p>	\$325,064	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 is focused on increasing student engagement and academic achievement by developing, implementing, and adjusting a Pathways Personalized Education Plan (PPEP) for each student. There are seven Actions included in Goal 1. Upon a careful review of each Action, it is evident that there are no substantive differences to report. An Action summary is provided below:

- **Action 1:** Implemented the use of MAPs by NWEA, Smarter Balanced Interim Assessments and Illuminate Assessments to inform teaching and learning systems.
- **Action 2:** Implemented the school's English Language Development (ELD) Plan to all English Learner students.
- **Action 3:** Provided a PPEP to each student. School staff utilized key platforms, including School Pathways and Naviance to monitor student progress towards meeting individual academic goals and plan for postsecondary pathways. Counselors remained actively involved in the school's MTSS to support the unique needs of students and advise students and parents on viable graduation pathways. Teachers provided live academic instruction focused on increasing student skills in Math and ELA.
- **Action 4:** Provided additional academic tutoring opportunities geared primarily for unduplicated pupils. This included instructional support staff, and an ongoing partnership with a non-profit tutoring organization. Counselors, E&I staff, Homeless and Foster Youth Liaison provided support and coordinated services and support to meet the needs of special populations.
- **Action 5:** Implemented all Special Education services to qualifying students as outlined in their IEP.
- **Action 6:** Staff conducted systematic monitoring of student engagement and achievement by utilizing key Data Integration System platforms, including Naviance, NWEA, Illuminate and Achieve3000. Local monitoring tools and instruments were successfully published and updated to allow staff to conduct timely monitoring of key performance indicators.
- **Action 7:** Ellevation was successfully utilized throughout the year for English Learner monitoring and instructional planning. Data and Assessment Department staff provided ongoing and timely Monthly Storybooks that summarize unduplicated pupils' progress and achievement on key indicators to inform staffs' decision-making related to existing programs and services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

#### **Action 1**

Budgeted Expenditures: \$24,831

Estimated Actual Expenditures: \$6,170

Material Difference: Decrease \$18,661

Explanation: Goal 1, Action 1 decreased by \$18,661 due to FTE staff allocation for Data Department staff expenditures being realigned to Goal 1, Action 6, and Goal 1, Action 7.

### **Action 3**

Budgeted Expenditures: \$1,100,028

Estimated Actual Expenditures: \$1,221,165

Material Difference: Increase \$121,137

Explanation: Goal 1, Action 3 increased due to the need to hire additional FTE Teacher to accommodate the school's enrollment growth within the school year.

### **Action 5**

Budgeted Expenditures: \$742,948

Estimated Actual Expenditures: \$905,101

Material Difference: Increase \$162,153

Explanation: Goal 1, Action 5 increased by \$162,153 due to FTE staff allocation increase in the school's Special Education population to provide academic instruction and support for students with disabilities.

### **Action 6**

Budgeted Expenditures: \$23,422

Estimated Actual Expenditures: \$30,901

Material Difference: Increase \$7,479

Explanation: Increased FTE staff allocation to align with Goal 1, Action 6 due to additional need for data and assessment staff to collect, analyze, and disseminate key performance measures.

### **Action 7**

Budgeted Expenditures: \$165,517

Estimated Actual Expenditures: \$218,806

Material Difference: Increase \$53,289

Explanation: Increased FTE staff allocations due to additional hours/time spent on assessing and analyzing data for monthly storybook to summarize English Learners, Low Income, and Foster Youth performance to increase support for students.

An explanation of how effective the specific actions were in making progress toward the goal.

The school is confident that Goal 1 Actions are contributing to successful student outcomes appropriate for a school identified as DASS. The school was able to meet, or on track to meet, desired outcomes for the 2022-23 Metrics outlined below:

- Teachers Appropriately Assigned and Credentialed: 93% of teachers
- Projected Chronic Absenteeism Rate: 1.6%
- NWEA Reading Growth: 68%
- NWEA Language Growth: 74%
- NWEA Math Growth: 74%
- Student Attendance Rate: 92%
- Middle School Dropout Rate: 0%
- High School Dropout Rate: 1.8%
- Student Confidence: 93%

While the 2022-23 DASS One-Year Graduation Rate is unavailable at this time, staff are optimistic that it will continue to exceed 90%. Additionally, the 2022-23 SBA Math and ELA results are unavailable, but staff are satisfied with the 2021-22 results and are optimistic that the school will be able to demonstrate annual continuous improvement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2022 School Dashboard, the CDE published the Combined Four- and Five-Year Graduation Rate as the High School Engagement Indicator, rather than the DASS One-Year Graduation Rate. Therefore, the Combined Four- and Five-Year Graduation Rate has been added as a Goal 1 metric.

Based upon educational partner feedback, the school has adjusted the Metric focused on Teachers Appropriately Assigned and Credentialed to have an annual target of 90%.

As a school identified as DASS, educational partners wanted to add comparison outcomes to the following Metrics: Graduation Rate, Chronic Absenteeism, SBA Math, and SBA ELA. Each of these Metrics will include County DASS school averages and State DASS school averages.

Based upon reflections and educational partner input, the following actions have been changed or added for SY 2023-24:

- **Action 2f and Action 2g:** These Actions were realigned from Goal 3 (Professional Learning) to Goal 1 (Teaching and Learning).

- **Action 3a:** The school's Human Resources staff will recruit additional part-time instructional staff, including Resource Center Associates (RCAs) and Learning Associates (LAs) to support the educational program.
- **Action 4a:** RCAs and LAs are included in this action to provide additional and targeted academic tutoring to unduplicated pupils.
- **Action 4c:** The school will provide a fully implemented and robust AVID program to increase student engagement and achievement for historically underserved student groups.
- **Action 5d:** Special Education staff will implement Ascend SMARTER Intervention to support the academic needs of students with disabilities to improve literacy.
- **Action 7c:** School leadership will develop a semester ELD progress report that teachers can share with families of English Learner students to summarize language progress.
- **Action 7d:** Teachers will prepare a semester ELD progress report for each EL student and share with families.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

## Goal

Goal #	Description
Goal 2	Provide a broad and rigorous course of study focused on 21st century learning skills that align to California Content Standards and is accessible to All Students.

An explanation of why the LEA has developed this goal.

SSS is committed to providing students with equitable access to rigorous and standards aligned courses that improve achievement and prepare them for post-secondary pathways, including community college, university, military and career.

# Measuring and Reporting Results

## Actions

Action #	Title	Description	Total Funds	Contributing
Action 1	Standards Aligned Course of Study and Curriculum for All Students	a) Altus Pathways Advisory Council (APAC) will review, update, and monitor course of study alignment with Common Core State Standards (CCSS), English Language Development (ELD) Standards, and Next Generation Science Standards (NGSS).  b) Curriculum and Professional Development Department staff will review, update, and monitor course of study alignment with UC a-g and NCAA requirements.  c) APAC will customize Edgenuity, online learning curriculum, to ensure academic rigor and alignment to the Smarter Balanced ELA and Mathematics Assessments Blueprint.  d) Instructional staff will inform and educate students, parents, and family members on the benefits of taking advanced coursework, including Accelerated, Honors and Advanced Placement (AP).  e) APAC will develop and refine curriculum and instructional materials that are multicultural and diverse.	\$269,075	No

Action 2	Standards Aligned Course of Study and Curriculum for English Learners and Low-Income Students	<ul style="list-style-type: none"> <li>a) Provide Chromebooks and internet services to families in need of home technology to increase access and equity to the instructional program – close the digital divide.</li> <li>b) APAC will develop curriculum that is customized and blended for English Learners, with the Universal Design Learning (UDL) Guidelines to ensure all students can access and participate in meaningful, relevant, and challenging learning opportunities.</li> <li>c) Instructional staff will utilize Achieve3000, a comprehensive literacy program, to provide differentiated instruction per individual student reading levels, so English Learners are able to build literacy, content area knowledge, and accelerate learning gains within the school year.</li> <li>d) Instructional staff will utilize BrainPop and BrainPop ELL, a web-based comprehensive English language learning program, to provide ELL-specific supports, explicit instruction of grammar concepts, academic vocabulary, and access to content area knowledge.</li> <li>e) Teachers will assign supplemental curriculum for English Learners through Edgenuity MyPath Individual Learning Plans (ILPs) to accelerate academic skill development and close the achievement gap in in ELA and Math.</li> <li>f) Instructional staff will conduct outreach and recruitment to English Learner students with the focus on providing equitable access to the same educational program and services as all students, including access to Accelerated, Honors and Advanced Placement (AP).</li> <li>g) Ongoing Equity and Inclusion focused Professional Learning Communities, to ensure accessibility, equity, and achievement for high-risk student groups and historically underserved students to improve opportunities and readiness for college/career.</li> </ul>	\$229,310	Yes
----------	---	--	-----------	-----

Action #	Title	Description	Total Funds	Contributing
		h) Counselors and instructional staff collaborating to assign Edgenuity Prescriptive Testing courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation.		

Action 3	College/Career Pathways for All Students	<ul style="list-style-type: none"> <li>a) Curriculum and Professional Development staff to ensure that the course offerings list meets the demands and requirements of college, university, career, and military pathways.</li> <li>b) School staff will continue to offer CTE courses and Certification programs which are aligned to CTE Model Curriculum Standards.</li> <li>c) School staff will facilitate an annual Career Industry and College Week for students which includes informational presentations and workshops facilitated by field experts and representatives to educate students on post-secondary pathways.</li> <li>d) Expand Early College Credit opportunities to all students, including Dual Enrollment and Articulation by partnering with colleges.</li> <li>e) Counseling staff will inform all high school students, parents, and family members regarding benefits of early college credit opportunities and important registration deadlines.</li> <li>f) Counseling staff will provide students, parents and family members with information and training related to Dual Enrollment at Open House Events, Senior Night Events, Family Learning Series, and workshops hosted by community colleges.</li> <li>g) Counseling staff will inform and educate students on work-based learning opportunities, including Work Experience Education Program and Service Learning.</li> <li>h) School staff will administer Advanced Placement (AP) exams to students who want to earn college credit and placement.</li> <li>i) Instructional staff will support grade 12 students completing a Pathways Portfolio, a graduation course requirement that promotes digital literacy and preparation for post-high school pathways, including college, university, military, and workforce.</li> </ul>	\$224,467	No
----------	--	--	-----------	----

Action #	Title	Description	Total Funds	Contributing
		<p>j) Counseling staff will utilize School Pathways SIS College/Career measures tags and CCI Report page to monitor individual high school student progress towards meeting Approaching and Prepared criteria.</p> <p>k) Instructional staff will utilize grade 12 SharePoint technology to update student progress towards meeting California School Dashboard CCI prepared criteria at January, March, and May 2024 Instructional Meetings to calculate College/Career readiness rate projections.</p> <p>l) Assist students and parents with applying for financial aid for college and career programs – the school’s Financial Aid Resource Webpage.</p>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 is focused on providing a broad, rigorous, and accessible course of study to all students that prepares them for college and career pathways. There are three Actions included in Goal 2. After reviewing each Action, the school has concluded that there are no substantive differences to report for Goal 2. An Action summary is provided below:

- **Action 1:** The school’s curriculum department, known as APAC, successfully aligned courses to State Standards, UC a-g, and NCAA requirements. APAC was able to update and align the school’s online curriculum (Edgenuity) to the Smarter Balanced ELA and Mathematics Assessments Blueprint. APAC also adjusted online, and textbook curriculum based upon user feedback, including teachers and students. There was a commitment to refine curriculum and materials to be multicultural and diverse. The school continued to recruit and challenge students to take advance curriculum offerings and offered AP Exams at school sites.
- **Action 2:** The school was able to successfully provide all students in need of home technology with a school issued Chromebook, along with internet connectivity. In addition, the school’s ELD program is fully implemented and sustained. Historically underserved student

groups continue to have access to a rigorous course of study, including Honors and AP, and specialized instructional materials and coursework to rapidly build foundational skills, literacy and quickly recover failing credits needed for grade level advancement and graduation. School counselors and E&I staff provided ongoing academic advising, support services, and training to the school community.

- **Action 3:** School staff received ongoing and sustained professional learning opportunities focused on planning and preparing students for post-secondary pathways. Counselors provided multiple opportunities for the school community to receive information and training related to key college/career aspects: Meeting the College Career Indicator (CCI) Prepared Criteria, Applying for Financial Aid, Early College Credit, CTE, Early Assessment Program (EAP), AP Exams registration, and Work Experience Education. The school provided a College and Career Week that included guest speakers from a variety of career fields and colleges to increase awareness of requirements, timelines, and processes. There were eight fully developed Career CTE Pathways available to all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**

Budgeted Expenditures: \$287,477

Estimated Actual Expenditures: \$367,560

Material Difference: Increase \$80,083

Explanation: Increased FTE staff allocation to assist the curriculum and professional development department to support Goal 2, Action 1.

Additionally, textbook expenditures were higher than originally budgeted due to enrollment growth.

**Action 2**

Budgeted Expenditures: \$211,100

Estimated Actual Expenditures: \$247,089

Material Difference: Increase \$35,989

Explanation: Goal 2, Action 2 increased by \$35,989 due to the school's need to purchase additional Chromebooks for students.

**Action 3**

Budgeted Expenditures: \$193,852

Estimated Actual Expenditures: \$170,893

Material Difference: Decrease \$22,959

Explanation: Preliminary Budget included budgeted FTE positions for additional staff to assist with curriculum and professional development

to support Goal 2, Action 3. Due to shortage in the workforce not all budgeted positions were filled.

An explanation of how effective the specific actions were in making progress toward the goal.

The school's Goal 2 Actions provided all students with a rigorous and well-rounded course of study that ultimately prepares them for future college and career pathways. The school was able to meet desired outcomes for the 2022-23 Metrics below:

- Availability of standards aligned instructional materials to all students: 100%
- Provide all students with access to a broad course of study: 100%
- Design and implement programs and services to pupils with exceptional needs that promote succession transitions: 100%
- CTE Career Pathways: Eight
- Core courses aligned to CCSS: 100%
- Science courses aligned to NGSS: 100%
- ELA and Social Science courses aligned to ELD Standards: 100%
- Core courses are UC a-g approved: 100%
- CTE courses aligned to CTE Model Curriculum Standards: 100%
- Compliant and accessible Work Experience Education Program: Met

The data for many of the 2022-23 College/Career Readiness Metrics are not available at this time; the school projects that these outcomes will be available in Fall 2023.

As mentioned in other LCAP sections, educational partners want to focus on increasing the percentage of graduates who meet the College/Career Indicator Prepared Criteria. Therefore, the school has added additional Goal 2 Actions designed to increase student participation in CTE, planning for college, and accessing Early College Credit opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The description of Goal 2 and Metrics will remain the same for SY 2023-24. Based upon educational partner reflections, the school has planned the following Action adjustments for the 2023-24 SY:

- **Action 3b:** The school will develop three additional CTE Career Pathway to meet the interest/needs of students and teachers, Animal Science, Retail Sales and Marketing, and Teacher Education.
- **Action 3d:** The school will expand Early College Credit opportunities to all students by partnering with colleges for Dual Enrollment and Articulation Agreements. School staff want all students to experience the benefits of Early College Credit, which include creating equitable access to higher education, preparing for postsecondary pathways, improving GPA, and graduation rates.
- **Action 3i:** To provide students and families with additional support related to applying financial aid for college and career programs, the school has developed a resource page. The school's resource page includes information related to FAFSA and the California Dream Act and how to request additional support.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 3	Implement a targeted and data informed professional learning system to increase teacher effectiveness and promote high-quality instruction schoolwide.

An explanation of why the LEA has developed this goal.

Instructional staff need ongoing and sustained professional development to improve student achievement and meet the diverse educational needs of the school community.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome: 2021-22 Results	Year 2 Outcome: 2022-23 Results	Year 3 Outcome: 2023-24 Results	Desired Outcome for 2023–24

## Actions

Action #	Title	Description	Total Funds	Contributing
----------	-------	-------------	-------------	--------------

Action 1	Professional Development Focused on Improving Academic Performance for All Students	<ul style="list-style-type: none"> <li>a) Curriculum and Professional Development Department staff will design and develop a Professional Learning Calendar and Catalog based upon Strategic Initiatives, staff needs, and feedback collected from educational partners.</li> <li>b) Altus University (AU) professional development trainings to increase teacher effectiveness in implementing Common Core State Standards (CCSS), Next Generation Science Standards (NGSS) and English Language Development (ELD) Standards.</li> <li>c) School Coordinator will utilize a Teaching Observation rubric to conduct informal and formal observations throughout the school year with teachers to ensure that key learnings from professional development are being implemented.</li> <li>d) AU professional development training for staff focused on increasing skill and knowledge related to Career Technical Education (CTE).</li> <li>e) AU professional development training to increase teacher online instructional delivery, including Leading Edge Certification (LEC), a national certification for educational technology.</li> <li>f) Specialized training opportunities for Special Education staff related to IEP compliance, assessments and differentiated instruction – facilitated by the Special Education Coordinator, School Psychologists or SELPA.</li> <li>g) AU professional development trainings focused on differentiation of curriculum and instruction for all students, including GATE certification.</li> <li>h) AU professional development trainings and mentorships focused on staff leadership development, including Executive Studies and Fellows Projects which focus on innovating and improving programs or services related to Strategic Initiatives.</li> </ul>	\$46,090	No
----------	---	---	----------	----

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li data-bbox="665 228 1692 370">i) AU professional development trainings focused on supporting new teachers, including topics related to engaging unique pupils, data-informed decision making, MTSS implementation, technology systems, independent study compliance and vision/mission/values.</li> <li data-bbox="665 412 1692 480">j) AU professional development trainings focused on supporting teachers who do not meet annual scorecard performance targets.</li> <li data-bbox="665 522 1692 664">k) AU professional development trainings focused on supporting the whole child: Physical, mental, and social-emotional needs of students, including Youth Mental Health First Aid Training (YMHFA) and Suicide Prevention and Intervention.</li> <li data-bbox="665 706 1692 808">l) Provide ALICE Training and collaboration opportunities to all school employees, focused on how to prevent, mitigate, respond to, and recover from a violent critical incident.</li> <li data-bbox="665 850 1692 953">m) Provide instructional staff with training and support related to effective use of Zoom for virtual interaction and instruction, including Scribe to facilitate hybrid teaching environments.</li> </ul>		

Action 2	Professional Development Focused on Improving Academic Performance for English Learners, Low-Income students, and Foster Youth	<ul style="list-style-type: none"> <li>a) Instructional staff will receive training on the CA EL Roadmap to build understanding and expertise about the needs of ELs and research-based programs and practices.</li> <li>b) English Learner Achievement Department (ELAD) will provide training, support, coaching to instructional staff on the following topics related to the English Learner Plan: Designated ELD, initial and summative ELPAC administration, data analysis, evidence based instructional strategies, curriculum customization and EL monitoring and reclassification on Ellevation.</li> <li>c) Instructional staff will receive specialized training on how to meet the unique needs of newcomer, immigrant, and refugee students who may be new to the country/school system.</li> <li>d) Math specialist will provide teachers, education specialists, and CTRs professional development focused on supporting English Learners with effective use of the curriculum and instructional strategies. This will help English Learners access grade level content and enhance academic vocabulary.</li> <li>e) Achieve3000 training, coaching and support for instructional staff which is focused on program integration, best practices, and data analysis which will improve student literacy skills.</li> <li>f) Specialized professional learning for instructional staff including Writing Redesigned for Innovative Teaching Equity (WRITE) offered by San Diego County Office of Education (SDCOE) which is focused on improving underserved student groups' literacy skills and academic achievement.</li> <li>g) AU professional development training for staff focused on Equity &amp; Inclusion and how to cultivate reflective and positive discussion with students.</li> </ul>	\$27,919	Yes
----------	--	--	----------	-----

Action #	Title	Description	Total Funds	Contributing
		<p>h) Embed social-emotional learning activities in all AU professional development offerings to increase teacher knowledge and skills related to this area.</p> <p>i) Specialized college/career readiness training for staff, including Advancement Via Individual Determination (AVID), designed to increase the percentage of low-income students to complete UC a-g requirements.</p> <p>j) Trainings for school counselors focused on preparing Low-Income, Foster Youth, or first-generation students to enter college.</p> <p>k) AU professional development training for staff focused on research-based strategies and tools to support Homeless and Foster Youth engagement in school with a focus on Trauma Informed Practices for Schools.</p> <p>l) Partner with local non-profit organizations to increase staff awareness of contemporary youth topics, including Fentanyl awareness and Expansive School trainings.</p>		

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 is focused on providing instructional staff will ongoing support and professional learning to meet the unique needs of students and family members. There are two Actions included in Goal 3. The school conducted a thorough review of each Action and determined that all but one strategy was implemented. For Action 2f, the school was unable to provide staff with training related to Writing Redesigned for Innovative Teaching Equity (WRITE). WRITE is a specialized literacy training provided by San Diego County Office of Education (SDCOE). WRITE training has been rescheduled to the 2023-24 school year. A Goal 3 Action summary is provided below:

- **Action 1:** The school created a Professional Learning catalog and made it available to educational partners prior to the start of the school year. The school provided training related to effective implementation of the State Standards to instructional staff throughout the school year. There was special emphasis on Mathematics and ELA since both content domains are critical areas of need. In addition, school staff participated in a wide variety of trainings, including CTE, LEC, Special Education, GATE, Executive Studies, Fellows Projects, MTSS, New Teacher Training, Professional Growth Training, YMHFA, and ALICE.
- **Action 2:** The school's English Learner Achievement Department (ELAD) provided specialized training to instructional staff focused on implementation of English Language Development (ELD). The Math Specialist provided instructional staff with support and training focused on meeting the unique needs of EL students, including effective use of curriculum, instructional materials, and strategies. Other specialized professional development and trainings offered to staff included, Achieve3000 implementation for EL students, equity and inclusion in a school setting, facilitating social-emotional learning, AVID, and supporting children and youth in transition (CYT).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

**Action 1**

Budgeted Expenditures: \$113,032

Estimated Actual Expenditures: \$176,085

Material Difference: Increase \$63,053

Explanation: increased FTE staff allocation for Curriculum and Professional Development Department to improve academic performance for all students.

**Action 2**

Budgeted Expenditures: \$13,636

Estimated Actual Expenditures: \$18,990

Material Difference: Increase \$5,354

Explanation: Increased Instructional Support FTE allocation to support Goal 3, Action 2 (i.e. professional development technology training for instructional staff focused on improving literacy skills and academic achievements for underserved students).

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3 Actions have significantly increased high quality teaching and learning at the school for all students, and unduplicated pupils. **All Goal 3 Metrics were met** for the 2022-23 school year, as summarized below:

- 100% of teachers participated in at least 60 hours of annual professional learning.
- 100% of teachers participated in at least 10 hours of annual Math professional learning.
- The school provided 11 English Learner Achievement Department trainings focused on Assessment, Curriculum, E&I, and Instruction.
- 100% of teachers have completed Leading Edge Certification within three years of their initial employment.
- 99% of staff report high levels of training relevance at Altus University sessions.
- 98% of students report high levels of satisfaction with their educational experience.
- 100% of parents and family members report high levels of satisfaction with their child's overall educational experience.

It is evident that the school's Professional Learning System is meeting the unique needs and requirements of educational partners. While school administration is satisfied with Goal 3 Metric results, there is consensus that instructional staff need ongoing and sustained training and coaching related to math and ELA achievement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 3 description and Metrics will remain the same for 2023-24. Based upon reflections, the school will initiate some additional Actions to ensure staff can support the needs of the Whole Child, including EL students, and increase student, parent, and family member engagement. A summary of these new Actions is provided below:

- **Action 1c:** Instructional leaders will utilize a Teaching Observation rubric to conduct informal and formal observations with instructional staff throughout the school year. The 5D+ Rubric Instructional Growth and Teacher Evaluation will be utilized during these teaching observations.
- **Action 1m:** In prior years, the school's primary virtual platform was Microsoft Teams. For 2023-24, school employees have professional Zoom accounts to increase student and parent engagement opportunities. School staff will receive training on how to use Zoom effectively and efficiently.
- **Action 2a:** Better align ELD training to the California EL Roadmap.

- **Action 2c:** Provide specialized training to employees focused on supporting the unique needs of students and parents who are new to the country.
- **Action 2i:** Partner with local organizations, including SAY San Diego to provide specialized training on contemporary issues/challenges facing youth.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 4	Provide a safe environment and supportive school culture for all educational partners to teach and learn.

An explanation of why the LEA has developed this goal.

Students, parents, family members and staff require a learning environment that is safe, distraction-free and professional.

## Measuring and Reporting Results

		j) Provide annual professional learning to all staff, including Blood Borne Pathogens, Child Abuse Reporting, Sexual Harassment Prevention, AED, CPR and First Aid.		
Action 2	Social, Emotional and Behavioral Support Systems for All Students	<p>a) Healthy Youth Therapist to provide counseling services, facilitate student referrals and case management to meet the social-emotional, mental health and physical needs of each student.</p> <p>b) Healthy Youth Department will provide a Wellness Week focused on themes such as student Connection and Self-Care.</p> <p>c) Character and Leadership Development Program to promote health, wellness, and academic achievement.</p> <p>d) Instructional staff will provide small group learning environments in the resource center and/or in distance learning that promotes positive communication, behavior, and accountability.</p> <p>e) School staff will update the school website to provide families with information related to available food resources, health, and wellness services.</p> <p>f) Meal and Nutrition Program to promote student health and well-being.</p>	\$52,999	No

Action #	Title	Description	Total Funds	Contributing
Action 3	Social, Emotional and Behavioral Support Systems for Low-Income students and Foster Youth	<p>a) Incoming Foster Youth students are tagged by school enrollment staff in SIS to enable the Homeless and Foster Youth Liaison to ensure that their academic, physical, mental health, and social-emotional needs are met.</p> <p>b) The Homeless and Foster Youth Liaison will provide ongoing case management services and collaborate with instructional staff as needed.</p> <p>c) Healthy Youth Therapist to provide additional and targeted counseling services and case management to low-income students and foster youth.</p> <p>d) Healthy Youth Department will provide Resilience in Student Education (RISE), a series of live interactive broadcasts focused on the Social and Emotional Core Competencies.</p> <p>e) Implementation of AVID's social and emotional learning (SEL) to support students' needs, goal pursuit, and leverage of their college and career readiness.</p> <p>f) Creation and integration of homeless and foster youth resources into the school's mental health and wellness hub.</p> <p>g) Equity and Inclusion staff will develop a mental health referral process that will provide students and families with mental health and wellness resources, as well as connect them to school-based and community-based mental health supports.</p>	\$111,656	Yes

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 is focused on providing a safe environment and supportive school culture to all educational partners. All three Actions were fully implemented and sustained for the 2022-23 school year. A Goal 4 Action summary is provided below:

- **Action 1:** The Executive School Safety Committee met regularly to discuss potential safety issues and ensure successful implementation of the School Safety Plan. The school provided multiple opportunities for educational partners to provide input regarding safety procedures and training needs. School Safety Ambassadors attended training and facilitated discussions related to safety topics, including ALICE (Violent Critical Incidents) in ongoing Resource Center Meetings with colleagues. School nurses supported the physical health of the school community. Lastly, Operations and Facilities staff ensured the school sites' systems and structures were adequately prepared for emergency scenarios.
- **Action 2:** The school's Healthy Youth Therapist and Department were able to provide counseling services, referrals, and case management to meet the needs of all students. The school actively recruited students to participate in the Character and Leadership Development Program with Cadet Corps. Additionally, staff hosted a Wellness Week for all students, updated the school website to include information related to health/wellness, and provided a Meal Program available to all students at resource centers.
- **Action 3:** These actions were targeted to meet the unique needs of Low-Income and Foster Youth. The school's Homeless and Foster Youth Liaison facilitated identification, case management services, collaborated with community partners, and training to staff. Specialized school staff provided live social-emotional learning opportunities (RISE) for students as part of the school's MTSS.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

#### **Action 1**

Budgeted Expenditures: \$41,339

Estimated Actual Expenditures: \$51,029

Material Difference: Increase \$9,690

Explanation: Goal 4, Action 1 increased by \$9,690 due to nursing services being realigned in the budget.

#### **Action 2**

Budgeted Expenditures: \$58,477

Estimated Actual Expenditures: \$68,074

Material Difference: Increase \$9,597

Explanation: Goal 4, Action 2 increased by \$9,597 due to FTE staff allocation to promote the social, emotional and behavior support for all students.

### Action 3

Budgeted Expenditures: \$73,239

Estimated Actual Expenditures: \$140,215

Material Difference: Increase \$66,976

Explanation: Increased FTE allocation for school clerks to support Goal 4, Action 3 for homeless & foster youth students to ensure their academic, physical, mental health and social emotional needs are met. Additionally, the school increased its budget for nutrition plan to promote student's health and well-being.

An explanation of how effective the specific actions were in making progress toward the goal.

Educational partners are satisfied with Goal 4 Actions and their contributions to providing a safe environment and supportive school culture conducive for teaching and learning. As a result of Goal 4 Actions, the school was able to **meet all 2022-23 Metrics**:

- As of May 2023, the school has a 0% student Suspension and Expulsion Rate.
- 98% of students who completed surveys report high levels of school safety satisfaction.
- 99% of parents and/or family members who completed surveys report high levels of school safety satisfaction.
- The school's Safety Plan continues to meet the needs of the school community and remains compliant.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 4 description and Metrics will remain the same for 2023-24. Based upon feedback and reflections, the school will initiate some additional Goal 4 Actions:

- **Action 1d**: Utilize ZenDesk platform to support facility ticketing/monitoring.

- **Action 1e:** Install and provide maintenance services to Bravo card access controls at all resource centers and offices as a school safety precaution.
- **Action 1f:** Administer the CHKS to determine the current state of student health and wellness. Information gleaned from the survey will inform decision making related to school programs and services.
- **Action 1h:** Create a Mental Health & Wellness Hub available to all educational partners focused on meeting their diverse physical, social-emotional, and mental health needs.
- **Action 1j:** Provide specialized professional learning to staff focused on first aid, child abuse prevention, and maintaining a safe/professional work environment.
- **Action 3e:** Full implementation of AVID focused on building student academic skills, planning for college, and supporting social-emotional learning.
- **Action 3f:** Integrate key homeless and foster youth resources and services into the school's mental health and wellness hub.
- **Action 3g:** E&I staff available to the school community to assist in community referrals, training, case management, and assisting school leaders with responding to student health emergencies.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal

Goal #	Description
Goal 5	Provide innovative, engaging and community-based resource centers to service and support students, parents and family members.

An explanation of why the LEA has developed this goal.

Meaningful educational partner engagement and community connectedness are essential elements to transforming lives.

## Measuring and Reporting Results

## Goal Analysis for 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 5 is designed to provide community-based resource centers that are innovative in design and capable of engaging students, parents, and family members. While SSS's instructional model is non-classroom based, school leadership wants to provide a physical school environment that students can attend throughout the school week to interact with peers, participate in live instruction, access school equipment, and meet with school staff. There are two Actions included in Goal 5. Upon reviewing each Action, school staff have determined that there are no substantive differences to report. Key Actions are summarized below:

- **Action 1:** The school provided multiple opportunities for students, parents, and family members to interact with staff and learn about important programs and services. These school events included Open House, Senior Night Events, and Family Learning Series. At school events, staff teach students and parents how to use communication and academic tools, including School Pathways Student-Parent Portal, Edgenuity, Achieve3000, ParentSquare, School Website and Naviance.
- **Action 2:** These are targeted Actions for English Learners, Low-Income, and Foster Youth. Key actions included providing bus passes to Foster Youth, facilitating engaging English Learner Advisory Committee (ELAC) meetings to increase involvement of parents of English Learners, bilingual staff who can provide translation services, and translated materials/resources for families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There are no material differences between Budgeted Expenditures and Estimated Actual Expenditures to report.

An explanation of how effective the specific actions were in making progress toward the goal.

The school community is satisfied with how Goal 5 Actions were able to increase engagement and innovation at SSS. **All Goal 5 Metrics were met** for the 2022-23 school year:

- 100% of school facilities are determined to be in Good Repair status, clean, safe, and functional for teaching and learning.
- The school expanded opportunities for parental and family member participation for low-income, English learners, and foster youth students in trainings, advisory meetings, and school events.
- Staff increased opportunities for parental and family member participation for students with exceptional needs.

- The school maintained formal partnerships with community-based organizations to support the needs of the ‘Whole Child’.
- There were ten Family Learning Series offered to parents and family members.
- 100% of parents and family members who completed a LCAP Survey reported that the Resource Center provided their child with innovative learning opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Goal 5 Description and Metrics will remain the same for 2023-24. However, based upon data analysis and reflection the school have designed additional Actions:

- **Action 1j:** DocuSign, Zoom, and Adobe programs to improve work efficiency for staff and enhance communication with the school community.
- **Action 1k:** Research focused on utilization of Virtual Reality platform and technologies for teaching and learning.
- **Action 1i:** Refine systems to administer the CHKS to students.
- **Action 1m:** Increase community awareness of the school’s unique ability to help struggling students reengage in school, academically succeed, and prepare for post-secondary pathways.
- **Action 2a:** Conduct outreach and recruitment to involve more families in the annual Family Resource Night.
- **Action 2e:** Provide all parents and families of English learner students with an annual ELD progress report to foster engagement and goal development.
- **Action 2h:** Disseminate a multilingual LCAP infographic to the school community focused on highlighting targeted programs and services for unique learners.
- **Action 2i:** Integrate a feedback form into the school’s Health and Wellness Hub to solicit input and needs from educational partners.
- **Action 2j:** Utilize language interpretation features provided in Zoom at school events to increase school connectiveness and access for non-English speaking families.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2023-24

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$951,858	\$60,844

### Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
20.84%	0%	\$0	20.84%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Based upon educational partner feedback and data analysis, the school plans to initiate Increased or Improved Services designed to benefit foster youth, English learners (EL), and low-income students **to a greater extent** than students who are not low-income, EL and/or foster youth. These **LEA-wide Contributing Actions** are outlined below and upgrades the entire educational program for all students:

- **Goal 1, Action 4a:** As provided in the Engaging Education Partners section, teacher feedback indicated that they need additional instructional **support staff** to provide direct tutoring services to students who are struggling to make adequate academic progress in core courses. To address these needs, the Human Resources Department will conduct targeted recruitment of RCAs and CTRs to fill vacancies. Educational research indicates that instructional aides and assistants can help implement differentiated instruction techniques, tailoring instruction to meet the diverse needs of students. We expect these actions to lead to an increase in the percentage of foster youth, English learners and low-income students meeting grade level standards on Smarter Balanced Assessments.
- **Goal 1, 4b:** Based upon data analysis, school staff indicated a need to provide high-dosage academic tutoring opportunities for students struggling in ELA and Mathematics. Specifically, foster youth, English learners and low-income students are struggling the most in these

academic areas. To address this need, the school will partner with a **non-profit organization to provide high dosage tutoring** throughout the school week, focused on skill development, direct instruction, guided practice, and independent practice opportunities. Educational research indicates that high dosage tutoring programs can help students overcome learning challenges and make significant progress in their studies. The school expects this supplemental tutoring program to improve the percentage of unduplicated pupils meeting their individualized NWEA Spring Growth targets in Math, Reading, and Language.

- **Goal 1, Action 4c:** Based upon educational partner feedback and college/career readiness outcomes, the school wants to improve programs and services that prepare students for post-secondary pathways. To address these needs, the school will offer an **AVID Program** which is focused on building healthy and sustainable study habits and college/career readiness. Educational research indicates that AVID is effective in improving student outcomes related to college/career readiness. We expect the AVID Program to lead to improvements in the percentage of unduplicated pupils graduating on-time, finishing UC a-g requirements, and scoring proficient on SBAs.
- **Goal 1, Action 4d:** Educational partners indicated that students need additional guidance as it relates to college/career readiness, social emotional support, and equity/access. To address these needs, the school will provide **counselors** who provide academic guidance to students, help students explore career options, navigate the college application process, understand financial aid opportunities, help address student personal and social issues, and identify and address barriers that marginalized students may face, such as lack of resources. Educational research indicates that counselors are essential for supporting students' holistic development, academic achievement, and future success. We expect counseling services to increase the number of unduplicated students graduating on-time, prepared for college/career pathways, and reporting high-levels of satisfaction with the educational program.
- **Goal 1, Action 4e:** School administrators want to continue to integrate Equity and Inclusion (E&I) services into the school's Multi-Tiered System of Support (MTSS). There is consensus that **E&I services** will elevate academic achievement, social-emotional well-being, school climate, and college/career readiness. Research indicates that E&I services address potential disparities and provide targeted support to marginalized students and can help narrow achievement gaps. The school expects these E&I services to improve academic outcomes, including increased engagement and higher graduation rates, particularly for unduplicated pupils.
- **Goal 1, Action 4f:** Educational partners provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. Specific feedback included, 'these basic needs must be met to keep them engaged in school and achieving.' To address these needs, a **homeless and foster youth liaison** will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations. The school expects these services to improve engagement metrics (chronic absenteeism, attendance, drop out rate, and graduation rate) for foster youth.

- **Goal 2, Action 2a:** There is consensus amongst the entire school community that providing all students with access to home technology and internet service can have several positive impacts on their learning and academic outcomes. To address these needs, the school will provide a Chromebook and internet service to all families in need to help bridge the digital divide and promote equity in education. Research shows that students from socio-economically disadvantaged backgrounds are more likely to lack access to technology and internet at home, creating a ‘homework gap’ that can hinder their ability to fully participate in the educational program. Providing all students with technology and internet access helps ensure equal opportunities for learning and reduces disparities in educational outcomes. The school expects the **Altus Connect Program** to improve digital access and equity, expanded learning opportunities, engender personalized and differentiated instruction, promote digital literacy, and enhance parental engagement and communication.
- **Goal 2, Action 2b:** Instructional staff want to create and develop a curriculum that can meet the diverse needs and learning styles of all students, particularly Students with Disabilities and English Learners. To meet these needs, The school’s curriculum departments (APAC), integrates **Universal Design for Learning (UDL)** guidelines into the core curriculum. Educational research indicates that UDL can increase student engagement and academic achievement because it provides multiple means of representation and expression to accommodate different learning preferences and abilities. The school expects these services to narrow achievement gaps, increase educational access, and create a more inclusive learning environment for all students.
- **Goal 2, Action 2c:** Based upon English learner performance on the Summative English Language Proficiency Assessment for California, the school wants to increase the percentage of ELs making progress towards English language proficiency. To meet these needs, the school will utilize **Achieve3000** which is an online literacy platform that aims to improve reading comprehension and vocabulary skills for students, including English learners. It provides differentiated content based on individualized reading levels and offers various tools and activities to support language acquisition. Educational partners suggest that this literacy program will ultimately help English learners improve performance on ELPAC because it is designed to match text based upon student reading abilities, provides differentiation/personalization features, and adjusts the difficulty level over time. While this program will certainly benefit English learners, staff suggests that it will help other students who may be considered struggling readers.
- **Action 2, Action 2d:** As previously mentioned school staff want to support the English development of ELs while increasing their engagement in school related activities and course completion. To meet these needs, the school will utilize **BrainPOP and BrainPOP ELL** as an educational tool that will be integrated into the school’s English Language Development (ELD) Program. School staff indicates that this program can help ELs in several ways, including providing engaging animated videos, comprehension activities, vocabulary development, grammar instruction, writing and speaking practice, and cultural awareness. The school expects these services to improve the school’s ELPI and other engagement metrics (e.g., attendance, chronic absenteeism, drop out). Because of the engaging animated videos, other students can benefit from this program to learn course content, develop language skills, and make learning more fun.
- **Goal 2, Action 2e:** Based upon educational partner feedback and data analysis, many new students enroll several grade levels behind in reading and mathematics. Therefore, it is essential to accelerate academic skill development and close achievement gaps. To meet these needs, the school will provide **Edgenuity MyPath Individual Learning Plans (ILPs)** that provide targeted instruction and support tailored

to the specific needs of each learner. Educational research suggests that when this type of program is implemented with fidelity and supported by well-trained educators, they can accelerate learning, improve academic skills, and close achievement gaps for students from low-income backgrounds or historically marginalized groups. The school expects these services to increase the percentage of students meeting their individualized NWEA Spring Growth target.

- **Goal 2, Action 2f:** Based upon College and Career Readiness data, the school wants to increase the percentage of graduates who are meeting the CCI Prepared criteria. In addition, the school wants to close opportunity gaps that exists for English Learners. To meet these needs, the school will conduct **targeted recruitment of English Learners to participate in Honors and Advanced Placement (AP)** coursework. By recruiting ELs to participate in AP and Honors programs, the school is taking actionable steps to close potential opportunity gaps and promoting educational equity. The school expects these services to lead to an increase in the number of ELs taking advanced coursework and meeting the CCI Prepared criteria on the school dashboard. As the school creates flyers and disseminates information to the school community, these efforts will likely lead to other students seeing the benefits of advanced programs and greater participation schoolwide.
- **Goal 2, Action 2g:** School staff is committed to closing opportunity gaps that may exist for student groups in education. To meet these needs, the school's **Equity and Inclusion (E&I)** personnel will **coordinate a multi-faceted and comprehensive approach with the school community that prioritizes equity, inclusivity, and the success of all students**. These E&I strategies will include data analysis, monitoring, program development, professional development, training, collaboration, partner with community-based organizations, targeted support for underserved student groups, parent and family engagement, and a focus on continuous evaluation and improvement. The school expects these services to increase the percentage of graduates who are meeting the CCI Prepared criteria, particularly for unduplicated pupils.
- **Goal 2, Action 2h:** Teachers and counselors continue to report that many new students enroll because they are credit deficient and are not on-track to graduate with their high school cohort. To meet these needs, the school will provide **Edgenuity Prescriptive Testing** courses to qualifying students to promote recovery of instructional time and increase pacing towards high school graduation. Research indicates that credit recovery classes can support students' transitions to postsecondary education or the workforce. By enabling students to recover credits and graduate on time, these programs increase students' options and opportunities for further education or career pathways. The school expects these programs to increase graduation rates and reduce dropout rates, particularly for students from low-income backgrounds.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

SSS has an enrollment of unduplicated pupils which exceeds 63.88% of total enrollment. The school's percentage to increase or improve services for unduplicated students is 20.84% and the estimated increased apportionment is \$951,858. Overall, services for English Learners,

Low Income and Foster Youth are being increased or improved through a range of targeted actions determined by educational partners that provides services for all groups, or principally directed to a single group. Targeted actions are determined by engaging educational partners, identifying potential needs, and designing services/programs that will increase engagement, elevate academic achievement, and prepare for college/career pathways.

Of the Targeted Actions to Increase and Improve Services described within this plan, several are services that are provided only to **unduplicated students and their families**, which are considered a Limited Scope. These **Limited Scope** Actions are outlined below:

**Goal 1, Action 2: Evaluate and Support English Language Proficiency for English Learners:** This Targeted Action is based on educational partners expressing a need to improve academic outcomes for English learner students due to English Language Acquisition needs. To address this need, the school's English Learner Achievement Department (ELAD) staff will develop evidence-based best practices to utilize language achievement data, including individual ELPAC scores, formative and summative core content assessment results to make informed decisions related to English learner plan implementation and respond to individual student needs. Best practices developed by ELAD will be systematically shared with instructional staff to ensure successful implementation to all English learner student schoolwide. School instructional leaders will conduct both informal and formal teaching observations throughout the school year to evaluate, provide coaching and support to teachers focused on implementation of established ELD best practices. The school expects this action to improve the percentage of English language students who are making progress towards English language proficiency (ELPI) and the annual reclassification rate.

**Goal 1, Action 7: Systematic Monitoring of Academic Performance for English Learners, Low Income and Foster Youth:** This Targeted Action is based on data analysis of opportunity gaps and feedback from the school community. Educational partners specifically want English Learners, Low Income and Foster Youth students to improve their average Distance from Standard on ELA and Smarter Balanced Assessments. To address this need, the school will utilize Ellevation to monitor ELs, Long-Term ELs, newcomer and RFEP students to ensure adequate progress is being made throughout the school year and align instructional and supplemental supports as needed. In addition, the school coordinator will support and coach teachers on monitoring English learner, Low Income and Foster Youth student progress and achievement in real time using Participation and Credit Monitoring instruments and deploy increased and intensified intervention as prescribed by the school's MTSS Framework. And lastly, school Data and Assessment Data Department staff will prepare a Monthly Storybook that summarizes student group performance on specific achievement indicators, including Participation/Attendance, Chronic Absenteeism, and Credit Completion to inform the decision-making progress related to instruction, curriculum, E&I, and professional learning systems. The school expects that these targeted actions will close academic performance gaps that may exist for students of underserved groups. Effectiveness of this action will be measured by progress on Goal 1 Metrics: Smarter Balanced Assessments, Measures of Academic Progress, ELPI and English Learner Reclassification Rate.

**Goal 3, Action 2: Professional Development Focused on Improving Academic Performance for English Learners, Low-Income and Foster Youth.** This Targeted Action is based on data analysis conducted by educational partners and feedback related to professional learning needs. There is consensus that instructional staff need specialized training opportunities to improve student outcomes related to

academic achievement, specifically Smarter Balanced Assessments. To address these needs, during the development of the school's comprehensive professional learning system, Altus University, the school considers the needs of underserved student groups, including English Learners, Low Income and Foster Youth. For 2023-24, professional learning will include training for instructional staff focused on ELD data analysis through Illuminate, evidence based instructional strategies and curricular customization. These specialized trainings will be facilitated by the English Learner Achievement Department (ELAD). In addition, the school's math specialist will provide one-on-one coaching and support for teachers related to effective use of math instructional and curriculum tools to help English learner students access grade level content and enhance academic vocabulary. Achieve3000 and WRITE training will be provided to instructional staff focused on improving underserved student groups' literacy skills. Writing Redesigned for Innovative Teaching Equity (WRITE) is focused on enhancing teacher knowledge and skills in evidence-based instructional practices that promote effective literacy development. Research suggests that literacy training programs can help teachers develop a deep understanding of equity and culturally sustaining pedagogy, enabling them to create inclusive and equitable literacy instruction for historically underserved students. The school expects these services to positively impact students' language skills, comprehension, and overall literacy achievement (English Language Progress Indicator, EL Reclassification Rates, SBA ELA). And lastly, training opportunities focused on supporting the whole child, particularly social-emotional learning strategies to increase teacher knowledge and skills. We expect these actions will increase the capacity of staff to address the specific educational needs of unduplicated count students. The school will partner with community-based organizations to provide training to enhance teachers' understanding of student experiences, enabling them to create more relevant and meaningful learning opportunities. Educational research indicates that training programs focused on contemporary issues often emphasize social-emotional learning, the importance of inclusivity, diversity, and cultural competence. All training opportunities will prioritize data analysis, informed decision making, evidence-based instructional strategies, engender collaboration, and personalized approaches/methods to support student learning. The effectiveness of these actions will be determined by analyzing teacher participation in professional development opportunities, relevancy as indicated on training evaluations, and student/parent satisfaction with their educational experience.

**Goal 4, Action 3: Social, Emotional and Behavioral Support Systems for Low Income and Foster Youth:** As identified by educational partners, English Learners, Low Income and Foster Youth demonstrate a need for social-emotional and behavioral supports to improve academic outcomes. To address these needs, the school's Homeless and Foster Youth Liaison will support the designation of incoming Foster Youth students, provide ongoing case management to ensure that their academic, physical, mental health and social emotional needs are met. The Healthy Youth Therapist will provide additional and targeted counseling services and case management to low-income students and foster youth. By providing this case management to unduplicated pupils in need of social-emotional support, the school expects improved overall engagement in school and academic achievement. Students will also benefit from the newly created Mental Health and Wellness Hub that will integrate homeless and foster youth resources. In addition, the school's Healthy Youth staff will provide ongoing and sustained Resilience in Student Education (Rise), a series of live interactive opportunities for students to develop Social and Emotional Core Competencies. We expect these targeted actions to improve the number of students feeling safe, connected to school, and supported. Effectiveness of these actions will be determined by analyzing Metrics related to school climate, including Suspension Rate, Expulsion Rate and student safety perceptions gathered through surveys.

**Goal 5, Action 2: Engagement Opportunities for English Learners, Low Income and Foster Youth:** As identified by educational partner input and surveys, we need to increase parental involvement in school decision making, recruit additional parents and family members to participate in learning opportunities and expand communication with the entire school community. To address this need, ELAD will provide workshops, community resources, meetings, and opportunities, specifically for parents of English learner students to provide input into the development and implementation of the English Learner Plan, including the annual Needs Assessment. At all these engagement opportunities, the school will recruit parents of English Learner students by using Zoom translation features, translated materials and interpreters to facilitate dialogue. In addition, the school will provide bilingual staff at resource centers with high enrollment of non-English speaking families to establish a strong school to home partnership. The school expects these actions to increase parental involvement of English Learners, Low Income and Foster Youth and empower them to be more engaged with their child's education and planning for post-high school pathways. The school's Equity and Inclusion (E&I) staff will be focused on improving and expanding communication methods for parents, and monitoring trends. And lastly, to improve Foster Youth access to resource centers for educational support and services, the school's Foster Youth and Homeless Liaison will coordinate transportation services to qualifying students. Effectiveness of these actions will be measured by the number and frequency of parental participation opportunities provided to families throughout the school year, including the Family Learning Series which is designed to educate and train parents and family members. The school will also measure effectiveness by analyzing student engagement outcomes for unduplicated pupils, including student participation/attendance, Chronic Absenteeism Rate and Graduation Rate.

In conclusion, the school plans to continually monitor the effectiveness of these Targeted Actions provided to English Learners, Foster Youth, and Low-Income student groups by using multiple methods of data collection, including needs assessment and satisfaction surveys, engaging students and parents who participate in Formal School Events, Parent Advisory Committees, English Learners Advisory Committee and School Site Council. The school will also carefully monitor student groups' engagement and academic achievement in the Monthly Storybook, NWEA Assessments, Smarter Balanced Assessments, ELPAC and college/career readiness indicators. Instructional leaders will create the time and space needed for school staff to analyze student group achievement, discuss trends, and collaborate on effective practices and resources to support student groups.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

SSS is a charter school and does not have such comparison schools by which to calculate staff increases. The school, like many other LEAs, using the additional Concentration Grant funding to increase staffing has been a challenge this year. Schools overwhelmingly report difficulty in hiring staff to fill open positions. However, the school has made every effort to recruit and hire qualified instructional staff to provide direct educational services to students, particularly the Certificated Teacher Resource (CTR), Resource Center Associate (RCA), and Learning Associate (LA) positions. As outlined in Goal 1, Action 4, these additional support staff positions will provide additional and targeted tutoring to increase student progress and course completion rates for unduplicated pupils. These support staff positions can facilitate one-on-one and

small group instruction focused on improving student proficiency in Mathematics and English Language Arts. Educational partners believe that these additional support staff will help the school improve performance in Metrics related to student engagement, achievement, and college/career readiness.

The school's Human Resources (HR) Department is committed to enhancing recruitment strategies to find and retain high quality instructional support staff. HR has expanded their recruitment channels to tap into talent pools and connect with highly skilled individuals. HR utilizes EDJOIN, LinkedIn, and Handshake as recruitment platforms. In addition, HR participates in both virtual and in-person job fairs to find qualified applicants, posts flyers throughout the community, and partners with surrounding colleges and universities as recruitment efforts.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	110:1
Staff-to-student ratio of certificated staff providing direct services to students	N/A	23:1

## 2023-24 Total Planned Expenditures Table

Totals	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds	Total Personnel	Total Non-personnel

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## Plan Summary

### Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

### Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

### Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated students
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

### ***Focus Goal(s)***

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### ***Broad Goal***

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### ***Maintenance of Progress Goal***

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

### ***Required Goals***

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fq/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

### **Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs

may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

**Projected LCFF Supplemental and/or Concentration Grants:** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## For School Districts Only:

### Actions Provided on an LEA-Wide Basis:

***Unduplicated Percentage > 55 percent:*** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

***Unduplicated Percentage < 55 percent:*** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000.

Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### ***Contributing Actions Table***

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

### ***LCFF Carryover Table***

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

# Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## **Performance Standards**

The performance standards for the local performance indicators are:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

### **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access

to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

## **Local Control Funding Formula (LCFF) Priority 1 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 1 are provided below.

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions: **7%**
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home: **0**
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies): **0**

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

## Local Control Funding Formula (LCFF) Priority 2 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 2 are provided below.

### Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the *optional* reflection tool (Option 2).

#### **OPTION 1: Narrative Summary (Limited to 3,000 characters)**

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts

- World Language

## OPTION 2: Reflection Tool

**Recently Adopted Academic Standards and/or Curriculum Frameworks**

**Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					<b>X</b>
ELD (Aligned to ELA Standards)					<b>X</b>
Mathematics – Common Core State Standards for Mathematics					<b>X</b>
Next Generation Science Standards					<b>X</b>
History-Social Science					<b>X</b>

**Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Career Technical Education					<b>X</b>
Health Education Content Standards					<b>X</b>
Physical Education Model Content Standards					<b>X</b>
Visual and Performing Arts					<b>X</b>
World Language					<b>X</b>

### Support for Teachers and Administrators

Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability*

<b>Activities</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Identifying the professional learning needs of groups of teachers or staff as a whole					<b>X</b>
Identifying the professional learning needs of individual teachers					<b>X</b>
Providing support for teachers on the standards they have not yet mastered					<b>X</b>

#### Optional Narrative (Limited to 1,500 characters)

Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board. **N/A**

## **Local Control Funding Formula (LCFF) Priority 3 Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 3 are provided below.

### **Parental Involvement and Family Engagement (LCFF Priority 3)**

#### **Introduction**

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:<sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

## Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.

5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

## Sections of the Self-Reflection Tool

### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	<b>5 – Full Implementation and Sustainability</b>
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	<b>5 – Full Implementation and Sustainability</b>
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	<b>5 – Full Implementation and Sustainability</b>
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	<b>5 – Full Implementation and Sustainability</b>

### Building Relationships Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.**

The school engages educational partners in meaningful participation of the school's programs and systems of continuous improvement. The school partners with families to create a Pathways Personalized Education Plan (PPEP) for each student that reflects their strengths, learning style, interests, and post-secondary goals. In partnership with parents, school staff monitor student progress towards PPEP goals and systematically adjust throughout the school year. This process is built on an established trusting relationship between school and family whereas parents are provided with opportunities to provide input into their student's education plan and into the school's overarching goals, actions, and services. Results from the school's annual survey indicate that 99.2% of parents report being able to provide input and feedback to the school through multiple ways. Based on stakeholder Needs Assessment, the school has identified that a primary requirement of students and parents is a safe and supportive learning environment. Survey results indicate that 98.5% of parents and 98.8% of students report that their school is safe and supportive. Additionally, the school values the partnership between school staff and families as the foundation of parent and family engagement. Over 97.7% of parents report that they have a high satisfaction rate with their student's teacher. To further engage parents and families in the instructional program, the school has prioritized providing learning environments that are innovative and engaging. 98.5% of parents report that the school provides innovative and engaging learning environments.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.**

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. SSS regularly consults with educational partners throughout the school year to understand the academic, social-emotional and physical needs of students and families. The school utilizes multiple methods to conduct meaningful engagement, including school events, trainings, meetings, committees and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.**

To improve the engagement of underrepresented families the schools will address needs on several fronts. School materials will be translated and of interpreters made available for calls and meetings. The school will issue continue to Chromebooks and internet data plans to households in need of home technology. Increased Family Learning Series offerings to families focused on how to best support their child in academics, college/career interests, instructional support and health and safety for

parents and families will be available. Utilization of Parent Square further provides communication and engagement of educational partners with the school.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	<b>5 – Full Implementation and Sustainability</b>
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	<b>5 – Full Implementation and Sustainability</b>
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	<b>5 – Full Implementation and Sustainability</b>
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	<b>5 – Full Implementation and Sustainability</b>

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The school provides professional learning and support to teachers, support staff, and leadership to improve the school's capacity to partner with educational partners and provide a high-quality education for every student. Currently, 100% of teachers have exceeded the school's goal to participate in at least 60 hours of professional learning. The school establishes formal partnerships with community-based organizations and non-profit organizations to provide services and support for students and families in the areas of family, food, housing, health, mental health, and college and career. The school has several formal partnerships providing services and support to families throughout the school year.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

Based upon information collected from students, the school will maintain or expand the existing list of CTE Pathways and Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways. In addition, the school is focused on providing students with additional counseling services to support and plan for post-high school pathways. The school will issue Chromebooks and internet data plans to households in need of home technology through the school's connect program, managed by the school's Equity and Inclusion Department which is focused on increasing opportunities for all students to succeed. In addition, a partnership with a local non-profit tutoring organization will provide additional academic tutoring opportunities for their students – particularly focused in Mathematics and ELA. To better facilitate school to home two-way communication and input with English Learner households, school materials will be translated as translators provided when needed.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.**

SSS is fully committed to continuously improving the engagement of underrepresented families with our partnerships supporting student outcomes. This includes working to increase community-based partnerships that support the needs of our educational partners. These include resources for academic, physical, and social emotional needs of students to eliminate barriers to each student successfully achieving their Personalized Pathway Educational Plan goals.

### **Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation

4 – Full Implementation

5 – Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	<b>5 – Full Implementation and Sustainability</b>
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	<b>5 – Full Implementation and Sustainability</b>
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	<b>5 – Full Implementation and Sustainability</b>
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	<b>5 – Full Implementation and Sustainability</b>

### Seeking Input for Decision-Making Dashboard Narrative Boxes

**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**

The school engages educational partners in its processes for continuous improvement and prioritizes building capacity of staff and families to engage in advisory groups and decision making. The school provides training for School Site Council members annually and holds regular meetings to develop, refine, and update the LCAP Federal Addendum. The school provides training for English Learner Advisory Committee members annually and holds regular meetings to develop refine and update the English Learner Plan. The families of students in Special Education are engaged through the Community Advisory Committee that provides trainings, resources, supports, and feedback opportunities throughout the school year. The school holds a variety of Resource Center events that focus on family engagement and provide opportunities for input into the school's programs. Additionally, the school seeks input into the Local Control Accountability Plan (LCAP) through an annual survey. In 2022-2023 the school received input from nearly 300 students and parents and used the results in the development of the 2023-2024 LCAP.

**2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.**

Educational partner input into decision making is actively sought through multiple venues. SSS will continue to seek to improve input into decision making from our educational partners through the implementation of parent square as a communication tool, soliciting input and educational partner feedback through annual engagement surveys, opportunities to participate in Parent nights, Senior nights, Family Learning opportunities, representation on the School Council, the English Language Advisory Committee, and involvement in College/Career week.

**3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.**

School staff will provide opportunities for students, parents, and family members to receive school information and resources at Open House and Senior Night Events. The school has also enhanced the Family Learning Series, which is ongoing and sustained training for parents and family members focused on their individual needs. The Family Learning Series is also committed to empowering parents and family members to be part of the school planning process – which includes reviewing schoolwide student engagement, achievement, and college/career readiness data. Instructional staff utilize ParentSquare to engage and communicate with students, parents and family members regarding the educational program and opportunities for input and engagement. Interactive English Learners Advisory Committee (ELAC) meetings will seek to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment. The school will provide translated materials and resources for parents and family members of English Learners.

## Local Control Funding Formula (LCFF) Priority 6 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 6 are provided below.

### School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey, which is to be conducted at least every other year, that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6– 8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

**1. DATA: Reflect on the key learnings from the survey results and share what the LEA learned.**

SSS administers an Annual LCAP Stakeholder Engagement Survey to students and parents to measure perceptions on conditions of learning, student outcomes, and engagement. Over the last five years, survey results indicate that the number one key requirement of students and parents is a safe and supportive learning environment. This requirement has directly impacted on the development of SSS's LCAP. In order to monitor the success of SSS's LCAP Goal 4: *Provide a Safe Environment and Supportive School Culture*, the school has established a metric of maintain or achieve a 90% or higher safety satisfaction rating. In 2022-2023, SSS exceeded this metric. Over 98.1% of students reported that they felt safe at SSS and 99.2% of parents reported that they feel their child is safe at SSS. Additionally, the school establishes metrics for suspension and expulsion rates to reflect the effectiveness of the school's Multi-Tiered Systems of Supports (MTSS) that incorporates academic, social/emotional, and behavioral supports and interventions. In 2022-2023 SSS's suspension rate was 0.0% and expulsion rate was 0.0%.

**2. MEANING: What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?**

These metrics indicate that students' needs are being met in a positive and supportive learning environment that protects and encourages their participation and engagement in school. Confidence surveys show an increase after 90 days of enrollment in students' confidence in their ability and skills to learn and succeed in school and in their receiving of the support from their teacher to succeed in school compared to prior to enrolling.

**3. USE: What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?**

In addition to an Annual LCAP Stakeholder Engagement Survey the LEA will also administer the California Healthy Kids Survey (CHKS) to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness. Educational partners have provided feedback that children and youth in transition need additional academic, physical, emotional, and mental health needs. To address these needs, a homeless and foster youth liaison will provide case management services to children and youth in transition and other vulnerable student groups. Research indicates that a dedicated homeless and foster youth liaison in schools can contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations.

## Local Control Funding Formula (LCFF) Priority 7 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 7 are provided below.

### Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. **Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.**

As of CBEDS 2022-2023 Sweetwater Secondary served 368 students in grades 7-12. The student demographics include:

- Percentage of Students with Disabilities: 19.0%
- Percentage of English Learners: 19.0%
- Percentage of Socioeconomically Disadvantaged: 70.8%
- Percentage of Homeless and Foster Youth (FY): 4.4%

SSS qualifies as a Dashboard Alternative School Status (DASS) program. This status holds schools accountable for the same state indicators, some with modified methods. The school is approved as a DASS school through the eligibility criteria of serving “high risk” student groups; the school has an unduplicated count of over 70% of students in that qualify as “high risk”, including credit deficient students and high transient students.

SSS uses the Pathways Personalized Education Plan (PPEP) process to plan, deliver and ensure all students across all student groups have access to a broad and rigorous course of study.

2. **Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study.**

The school's leadership team analyzes the results of the measures listed above annually. The results demonstrate that 100% of the students, including unduplicated groups and students with exceptional needs, have access to a broad and rigorous course of study. At our school, students take one to two courses at a time and students take the required grade level core courses within an academic school year. Course planning is individualized within the Pathways Personalized Education Planning (PPEP) Process. This process allows the instructional team to design a course plan based on the student's skill levels, interests, and post-high school goals. All courses leading to a high school diploma are UC-ag approved and NCAA approved. Students have access to Advanced Placement (AP) courses, honors courses, dual-enrollment and articulated courses, CTE courses and courses based on their PPEP. There are no differences in accessibility to courses across student groups at our school.

**3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.**

There are no barriers preventing SSS from providing access to a broad course of study for all students. Currently, 100% of the students have access to a broad and rigorous course of study. The school will continue to monitor its available course of study to ensure continued equitable access for all students.

**4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students?**

Due to the success the school has demonstrated in providing all students with access to a broad and rigorous course of study, no changes are currently planned. However, this data continues to be reviewed as part of our cycles of continuous improvement.

## Assumptions for Preliminary Operational Budget FY 2023-24

Sweetwater Secondary School is an independent study program. SSS takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

**Apportionment credit for independent study programs, like SSS, are based on the student's "product" or academic work**, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. SSS is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- \* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for SSS is 75.33%.
- \* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

## BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2023-24 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFE Calculator, the rates below were used to build SSS’s Preliminary Operational Budget.

**Table 1:**

Description	FY 2023-24
Adjusted Grades 7-8 Base Grant	\$10,367
Adjusted Grades 9-12 Base Grant	\$12,015
Statutory Cost of Living Allowance (COLA)	8.22%
SSS’s Unduplicated Pupil Percentage (Rolling Average)	75.33%
District’s Unduplicated Pupil Percentage (SUHSD)	63.88%

Revenues were calculated based on the following enrollment and ADA projections:

**Table 2:**

Description	FY 2023-24 (Projected P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)
P-2 Enrollment	415	429	392
CBEDS Enrollment	359	369	330
Students Served	574	575	552
ADA:			
Grade 7-8	44.59	45.81	34.61
Grade 9-12	333.06	342.18	319.74
<b>Total ADA</b>	<b>377.65</b>	<b>387.99</b>	<b>354.35</b>

**REVENUE PROJECTIONS****Table 3:**

Description	FY 2023-24
LCFF Sources	\$5,519,754
Federal Revenues	\$686,063
State Revenues Other than LCFF	\$803,123
Local Revenues	\$45,123
<b>Total Projected Revenues</b>	<b>\$7,054,063</b>

- **In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$67 for Prop 20 (Lottery: Instructional Materials) and \$170 for Non-Prop 20 for (Lottery: Unrestricted).

- **Federal Funds**

**Titles I, II, III, and IV** are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2022-23.

**ESSA: School Improvement (CSI) Funding for LEAs:**

SSS was granted 2022-23 ESSA CSI funds in the amount of \$178,351. The project period for this grant began on March 13, 2023 and ends on September 30, 2024.

SSS has included \$165,090 of its 2022-23 CSI funds in this budget. The remaining amount of \$13,261 will be spent in FY 2024-25.

### **Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:**

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. SSS's ESSER III revised allocation is \$498,245 and of that amount it spent \$95,992 in FY 21-22 and \$72,737 in FY 22-23. SSS included the remaining \$329,516 in its FY 23-24 budget.

**American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II)** is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. SSS's allocation amount is \$3,741. Of that amount, \$935 was apportioned in FY 2022-23 and SSS has included another apportionment of \$935 in its FY 2023-24 budget.

- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. SSS's allocation total is \$60,419 and of that amount it has spent the first 80% apportionment of \$48,335 in its FY 21-22 budget and the remaining 20% amounting to \$12,084 is included in its FY 23-24 budget.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$130 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. SSS chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.85 for Grades K-8 and \$55.17 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. CTE funding was increased at the state level from \$150M to \$300M in 2021-22. SSS included \$320,738 in CTE grant funding for this fiscal year.

**NUMBER OF FULL-TIME EQUIVALENT (FTE) FACULTY****Table 4:**

POSITIONS	OBJECT CODE	FY 23-24
Teachers (Gen. Ed, Special Ed*)	1100	13.94
Certificated Pupil Support (Counselor/Nurse/Psychologist/Tech Lead)	1200	1.36
Certificated Supervisor & Administrator	1300	1.65
Other Certificated Teacher Resource (CTR)	1900	6.00
Instructional Aide's Salaries	2100	4.00
Classified Support (Admin Support)	2200	0.27
Classified Supervisor & Administrator	2300	0.77
Clerical, Technical & Office Staff	2400	4.75
Other Classified Salaries	2900	0.11
<b>TOTAL FTE POSITIONS BUDGETED</b>		<b>32.85</b>

\* To ensure compliance with Special Ed regulations, FTE position for Special Ed is at one Special Ed Resource Specialist for every 28 caseload. We calculated the caseload by multiplying the total enrollment by the percentage of Special Ed population compared to total student population. For FY 2023-24, we estimated the Special Ed population at 25.4%.

**EMPLOYEE BENEFITS**

Employee benefits were calculated using the following rates:

**Table 5:**

	Object	Certificated	Classified
STRS (Teachers Retirement)	3111-12	19.10%	
PERS (Classified Retirement)	3211-12		26.68%
OASDI (Social Security)	3311-12		6.20%
MEDICARE	3321-22	1.45%	1.45%
Health & Welfare - Self-Insured Plan <u>Monthly Rates</u>			
- Medical \$ 4,500			
- Dental \$ 120			
- Vision \$ 27			
- Life Ins. .00114	3401-02		
State Unemployment Insurance	3501-01	0.05%	0.05%
Worker Compensation Insurance	3601-02	1.16%	1.16%

## **NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700**

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. SSS has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

## **PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800**

The total budget amount for Object Code 5800 is \$914,712 representing 12.97% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

### **MARKETING**

Pursuant to Education Code Section 47605 (b)(5)(G), SSS will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of SSS reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. SSS has deployed an integrated marketing plan to support organizational growth. To reach SSS's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, SSS has allocated \$105,811 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

### **DISTRICT OVERSIGHT FEES**

SSS will pay its authorizer (State Board of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

SSS has budgeted \$55,198 for FY 2023-24 for oversight fees.

**RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES  
4300 AND 5200**

SSS has allocated \$26,796 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

**RESERVES**

SSS has allocated reserves of \$352,704 for FY 2023-24 representing 5% of total revenues of \$7,054,062.

**FACILITIES**

SSS carries contractual lease agreements with an annual cost of \$341,839 for FY 2023-24. The total cost of the current lease contracts from July 2023 thru the end of the lease term (Year 2031) is \$2,128,401.

**RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT**

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30<sup>th</sup> of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education

Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Sweetwater Secondary School**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Sweetwater Secondary School** has determined to spend the monies received from the Education Protection Act as attached.

DATED: June 22, 2023

\_\_\_\_\_  
Secretary
